We hope to have a good relationship between our nations for friendship, peace, and good will.

Our nation comes in a good way as a Neutral nation, whereby our nation being a neutral nation poses no kind of threat to life, liberty, economic, and social.

Timeline as a Government:

- A Known Evolution of People Since Time Immemorial as is yourselves.
- An Ancient Spiritual Society and Mound Builders
- An Ancient Sovereign Nation and Organized Government
- A Recognized Regent Since 1730 by England
- A Recognized Sovereign Treaty Nation for Over 400 Years with having treaties with Spain, France, England, U.S.A., however, did not join their union, rather chose to stay an independent sovereign

and chose to not become a member of the bureau of Indian affairs.

- A Signer and Member of the NNIA Treaty - International Convention Since 2015 NNIA is a IGO with 3000+ tribal nation (governments) and theocracy governments representing over 400+ million people globally. <https://statescnrfpgov.ag/nnia-convention-page>
- In 1809 President Thomas Jefferson acknowledged in writing of our nation being defined as a separate nation from other nations, as did President George Washington to include international treaties.
- In 1832 a supreme court decision declared our being a separate and sovereign nation
- As an Independent Sovereign with having permanent citizens, defined boundaries, and with the ability to sign international agreements we sought recognition as a state from states that already are recognized as a state.
- We have been a Recognized International Independent Sovereign State Since 2015 by a number of United Nations Countries Globally on every continent.
- State of SCNRFP Foreign Diplomatic Offices Since 2016, known as Extraterritorial (Diplomatic) Trade Mission Offices (ETMO), formed with the signing of the 8a document.
- State of SCNRFP Foreign Off-Shore Territories Since 2020, these are administrative territories and foreign jurisdictions, formed with the signing of the 8b document, and or Commercial diplomacy, and or Economic diplomacy, diplomatic offices. While any of our state-owned companies enjoy Headquarter Agreements. Of course, these are all standard practice afforded between governments.
- Our Enclave in America is Under Our Treaty Boundary and is known as our domestic capital with the functions of tribal affairs, while our state capital carries out the functions of international state government affairs within our foreign territories. Therefore, we have two capitals who perform different functions of government as a recognized nation and state. Having more than one capital is of course, not new as there are a number of nations within the UN that have more than one capital and more than two capitals with different functions.
- Our Foreign Diplomatic Offices Offshore and our foreign territories around the world are distinct from those of our treaties and our enclave in North America. The State of SCNRFP is a Theocracy that follows the visions and prophecies of the Creator.

GOVERNMENT

The STATE OF SCNRFP

The State of SCNRFP, International Independent Recognized Sovereign Neutral Nation and State (Country), a Theocracy Government and a Non-Aligned Country located within the State of SCNRFP Recognized Sovereign Foreign Jurisdictions and Boundaries, Global Foreign Diplomatic Offices and Foreign Territories Under International Diplomacy Agreements, International Accords, and a Foreign Capital.

The State of SCNRFP is "The State of Peace" and as a Neutral Peaceful State We Have Global Partnering Countries, However, We Are and Remain a "Non-Aligned State". We Follow the "White Path of Righteousness" Our DNA is of Sky and Earth.

We are the State of SCNRFP, We are Tsigamogi, Chicomogie, Chickamauga, and Lower Aniywiyawi (DhBQW, also spelled Anigiduwagi), translating as "Principal People". Tsalagi (CWY) and with having citizens and dual general citizens globally. We are not what is considered a westerner that is rather associated with European Countries and the Americans of the United Colonies who changed their name and adopted their name as the United States by the Second Continental Congress on September 9, 1776. We have chosen to remain a sovereign independent of the "United Colonies", however, we were recognized via treaties and otherwise by

these colonial empires that came to Turtle Island. Today we still choose to remain a sovereign independent, we did not sign a Charter with the U.S. as not to become part of any of their branches and agencies and have not received any money from their country so as to not become a domestic dependent. We would only accept foreign aid as a sovereign like any other country globally.

The Theocracy Government has a separation of powers between The State of SCNRFP Central Government (Country) and the Traditional Tribal Government SCNRFP tribal nation.

The State of SCNRFP Central Government conducts all of the State Affairs offshore within the foreign jurisdictions, ETMOs and Foreign Territories under International Diplomacy Agreements between the Hosting Countries and Governments, and The State of SCNRFP Central Government. While the SCNRFP traditional tribal government conducts internal tribal affairs ONLY from Turtle Island treaty boundaries known today as North America by the non-native warring occupiers.

The separation of powers and the existence of more than one capital is not uncommon, in fact there is a long presence as such with a number of UN countries globally who have done the same for generations. Therefore, after being recognized as an international independent sovereign neutral State (country) the State of SCNRFP enacted a separation of powers. All State affairs of the State of SCNRFP Central Government are conducted within the Foreign Jurisdictions, to include the Foreign Diplomatic Offices and Foreign Territories under International Diplomacy Agreements between the two countries and governments, while all tribal affairs of SCNRFP traditional tribal government are conducted under internal tribal affairs within its treaty boundaries located in Turtle Island, so as to have no conflict of government missions and purpose, and said rights of the government to perform their respective duties.

The separation of powers was chosen on the basis of State and Tribal recognitions, while keeping the integrity of both the recognized State and the tribal nation.

Thus, both have a respective capital whereby the State capital is responsible for the State Affairs and the traditional tribal government is responsible for the internal tribal affairs ONLY, with both having an independent leader of government, thus a State of SCNRFP Central Government leader is the (Prime Minister) and a Cabinet and the Traditional Tribal Government leader of the tribal government is the (Traditional Tribal Chief). Again, the Traditional Tribal Government ONLY handles Internal Tribal Affairs, not any State Central Government Affairs, such as any services provided by the State Central Government are provided via the International Diplomacy Agreements from the ETMO and International Foreign Territories.

The Central Government of the State of SCNRFP and the Traditional Tribal Government are both under the leadership and authority of the Theocracy Government as a Theocracy Government as a whole by the Chief High Priest, by which is common practice by known Theocracies globally, including a number of U.N. member States who have remained a Theocracy beyond the "Age of Enlightenment".

We are a Theocracy Government, and as such we do so in keeping with all the Prophecies and Visions of the Creator.

As a Neutral Peaceful State, We Have Global Partners, However, We Are and Remain a Neutral Peaceful Non-Aligned State.

We seek first to develop a relationship of Peace and Goodwill, followed by looking to strengthening of both states and our peoples through making available to your great state with economic development, technologies and funding that support social needs, humanitarian, and other opportunities in a good way, and we also seek your direction on such matters of your great state.

Making available many kind and generous worthwhile valuable offers and opportunities that provides important methods of financial support and profits centers with having the best interest of your great state. These profits centers can be 365 days a year long term foreign aid through relationship and cooperation.

This current pandemic, climate change, and other important events has caused depressions globally by which created to add to the already present needs with many more new needs by countries globally. Therefore, even more a reason to form and build a relationship together so that we can begin in ways to curve these needs, and it is always good to form friendly relationship together whereby we desire the best for your nation. There could be no better time for our great states to form a friendly relationship and coming together in a good way for first peace and good will, whereby we desire the best for your people, your nation, our people and nation, and the world. The goal of this relationship together, the State of SCNRFP believes that such a relationship will be long lasting and mutually beneficial to both our great states.

Respectfully, we express our desire to establish our relationship of Peace and Good Will, of Friendship and Trade via an Extraterritorial (Diplomatic) Trade Mission Offices (ETMO), formed with the signing of the 8a document. We welcome being allowed to form a Commercial and Economic diplomacy to the benefits of your State. Further, we offer the 8b international agreement which has additional benefits for your State.

Prayers and Blessings and Protection to You and Your Family, Your Peoples, and Your Nation.

Thank you in advance

**In a Good Way
Respectfully,**
