*Let us celebrate **OLH**  
during **Catholic Schools**  
Weeks!*

Our Lady of the Hamptons is a Catholic elementary school serving more than three hundred students of southeastern Long Island since its regionalization in 1982. The curriculum is geared toward pre-school children through eighth grade.

Chartered by the New York State Board of Regents and accredited by the Middle States Association of Colleges and Schools, **OLH** has also been designated as a Blue Ribbon School Excellence by the U.S. Department of Education.

Grounded in Catholic values, **OLH** seeks to create a loving, faith-filled environment in which to develop its students academically, spiritually, morally, physically and aesthetically!

As celebrate this new year, we unite our goals and double our commitment to make a difference in this world through the education of our children.

*Let us pray for each other as  
we continue the mission!

Greeting OLH students this academic year was the sweeping new playground/outdoor campus.....as well as the renewed playground at the Pre-school.

# WE LIVE OUR FAITH

As a Catholic school, **OLH** emphasizes the practice of the sacramental life of Christ. Monthly liturgies, parish involvement, the reception of Reconciliation and special service as lectors, greeters, choir, music ministers and altar service.

Students, as early as kindergartners participate fully in class and school liturgies. All students help to plan the readings, bear offertory gifts and serve as lectors.

The priests from local parishes are faithful to the school especially at times of Reconciliation and Eucharistic.

Sacramentals are also part of the religious life of the school as we participate in the administration of ashes, blessing of throats, the Rosary, the Stations of the Cross and Blessing of Animals.

The traditional outreach projects of food and clothing drives, Senior citizen luncheon, reverse trick or treating at Bishop Ryan Village and monthly visits to the local nutrition center will be supplemented by an increased involvement with Maureen's Haven, sending cards to residents of the retirement communities and local corrections

center, visits to and service to shut-ins and seniors.

The Corporal Works of Mercy will be taught, implanted in curriculum and celebrated as student service throughout the year.

# ***WE SHARE OUR MUSICAL GIFTS***

The Fine arts FLUORSH at OLH with strong in school and extra-curricular programs in

**GRAPHIC ART    GUITAR  
BALLET    TAP JAZZ  
DRAMA    JOYFUL NOISE  
HAMPTONES    HAMPTONIX  
DANCE TROUPES    BAND  
DANCE COMPANY

BELL CHOIR**

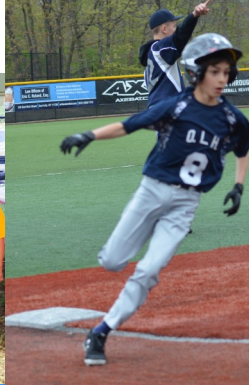

The students study, perform and share with local senior citizens, school assemblies, plays, liturgies and community events.

More than seventy-five percent of all OLH students are active participants in extended Fine Arts in addition to curriculum classes in Art, Music and Dance.

# WE CELEBRATE OUR HEALTH

The opening of the new Wellness Center in 2014 underscored the priority of OLH to commit to developing a "Learning Laboratory for Healthy Children". Curriculum classes in Health Education are supplemented by "Open Gym" during recess periods, certification of faculty and Prep students in CPR and First Aid, and a full line-up of extra-curricular basketball, volleyball, softball, baseball, cross-country, track, soccer and cheer- leading during the school year.

## ...AND THE NEWEST PROJECT.....2019

Outdoor Activity was given priority during the past three years, with the purchase of adjacent property and the reconfiguration of the rear parking area to create an enclosed playground. The turf field contains several pieces of apparatus that appeal to all grade levels as well as adequate seating and table space,

The property has been fully enclosed by an electronic gate system, exterior lighting, security cameras and landscaping.....and an outdoor water fountain.

This was all made possible through the generosity of benefactors.

Near the end of the summer, major renovations were made at the St.

Rosalie's Parish Center which houses the pre-school for OLH. New apparatus, a thorough cleaning of the area and reconstruction of the supply shed helped to make the return to school very special.
