

Beginning on the very first day of school, all OLH students will wear face masks....on the bus....in the halls...in the classrooms (unless seated at a social distance)...to and from lunch, lavatories, etc

Masks will be medical masks..preferably cotton/cloth
Each student will be given a washable OLH logos mask (child and/or adult size). The child may wear this mask OR one of his/her own choice.

Masks may be solid color or bearing a print...but **MAY NOT** bear any political slogan or image. The child's initials must be put inside the mask for identification.

The school will also have a supply of disposable masks for use in case of forgotten supply.

We urge families to practice proper wearing of face masks with their children.....how to put on to cover nose and mouth....how to remove when eating.....and proper disposal if necessary.

Students will NOT wear bandanas, gaiters or N95 masks.

Face shields will NOT be worn by students in school
