Outcomes of these activities will result in improved evaluation and coordination of partners leading to greater efficiency and effectiveness of the CoC system wide and individually in both CoC and ESG Programs. Engagement of consultants and input of persons with lived experience will result in the CoC being able to implement best practices and improve client service while achieving greater compliance with CoC requirements found in 24 CFR 578.7. Expected frequency of reporting will improve transparency and provide the knowledge required for strategic planning.
