

Aliens on Planet Earth

Chapter 1 - The Adventure

There was a crash and everyone ran out of the spaceship in fear. Mr. Bob screamed “Calm down” and we all calmed down. There was silence for a second. Miss Plum was so cross with Mr. Bob because he was the pilot and the reason for the crash.

Chapter 2 - The relief

There was a rumble and a bump under their feet. Miss Plum told everyone “We will fix the spaceship quickly so don’t worry”. There was this huge brown mountain that had red glowing gooey stuff coming out of the ginormous hole on its top. Miss Plum had a relief because she nearly fell into the gooey stuff but Mr. Bob helped her just in time.

Chapter 3 - Back Home

Suddenly the spaceship trembled and shook vigorously. It whooshed up the sky and made a message - I am fixed, let us go home. Two eyes popped out of it and a smile. Everyone went inside the rocket ship with a pop and a flash. They went back home to their own planet.
