- Kaesun Sports is the oldest fitness equipment manufacturing company from South Korea since 1980.
- We proudly present our brand to global market beyond Korean health & fitness industry.
- We have only one path in our history and experience for more than 40 years - QUALITY.
- Our priority is Designing, Manufacturing Quality Products, with right Sales Support and post sale customer service to every customer with personalized approach.

The word 'Kaesun' means 'Improvement' in Korean. We believe that it is always necessary to build strength to win yourself, and know that you can earn this strength by repeatedly winning the fight of 'self-improvement' everyday.

BALANCED

Kaesun Sports manufactures various fitness machines from entry-level products to high-level works of ingenuity. Under many creations of Kaesun Sports they are the unique devotion to fitness equipment manufacturing, which is unique balance of coordination for fitness production.

REFINED

Kaesun Sports focuses on the actual workout effect reflecting the customers' postures and reactions. For this, it is important to listen to the customers and draw 'refined' decisions while designing our products.

DEDICATED

From 1980 to the present, Kaesun Sports have learned its industry, focusing on the product itself, business model, and the international market, rather than the flamboyant and grand title for our brand. Kaesun is the brand, We endeavored for success.
