**A Fire District permit will be E mailed to the E mail address on file approving or denying of the application.**

1. Permission to burn in no way relieves the permit fee of their obligation to comply with any other local, county, state, or federal regulation.
2. Once application has been received a review of the application will take place and a F.D. representative may inspect the site location to confirm all material being burned is legal. A Burning permit will then be E mailed back to the E mail address on file either approving or denial of the permit application.
3. A competent individual shall be present during all time that burning is taking place to ensure compliance with this permit and to make certain the fire is out by 30 minutes before sunset.
4. Only tree trunks, tree limbs and brush **originating on the site** may be burned.
5. Distance from the burn location to the nearest occupied structure except applicants own must be at least 200 yards.
6. Should a problem arise from the opening burning such as a public health hazard, nuisance, or a hazard to vehicle or air traffic the permit holder may be required to correct the problem immediately.
7. **This permit is effective until 12-31 of the current year from the date of issue. Business related burns are good for 60 days only.**
8. This permit may be revoked immediately for failure to fully comply with any of the conditions and restrictions.
9. The holder of this Permit shall notify the Fire District at 816-779-5766 at extension 7 every day before the burn will begin. Burn bans are issued on a daily basis depending on wind and weather conditions.
10. **Applicants authorize the Fire District to enter the site location at any time during the term of this permit for inspections/permit compliance determination.** If this permit is revoked for any reason a new full application must be resubmitted.
11. **Commercial/Business applications burns are only good for period of 60 days from the date of issuance.**
