Bio

I am a character designer and character animator. I am a hardworking individual, who has a lot of experience working on a team and thoroughly enjoy working with others.

Experience

Layout Artist, Up Spring

March 2021, California

I worked as a freelance artist with the Up Spring medical group to pitch a new product for post-surgery. I work in a timely fashion and keep to my deadlines.

General Assistant, Innovative Boiler Systems

2015- current, Naperville, IL

I do any general work that is asked of me, from answering telephones to organizing files, physical and digital. With this job I have a lot of experience with improving my communication skills and problem solving.

2019 Disney Imagineering Contest

I and two other students worked together on a project for the Disney Imagineering contest and got to the semifinals. It was a valuable experience and learned a lot on how to create and pitch a project.

Education

Otis College of Art and Design – BFA in Digital Media emphasis in 2D animation
