

Height Guard Clearance Bar Frequently Asked Questions

Below you will find answers to commonly asked questions about the Height Guard Clearance Bar. If you need further information, just contact us at 248-855-6647.

What makes the Height Guard Clearance Bar

The High Density Polyethylene Plastic (HDPE) construction makes this clearance bar strong enough to withstand minor impacts and harsh weather. Most clearance bars are long and bulky and are expensive to ship. The Height Guard is unique because it ships in two pieces (which greatly reduces shipping costs.)

What colors do the Height Guard Clearance Bars

The Height Guard Clearance Bars are available in 15 standard colors and are also available with 3M reflective stripes for added visibility. Other custom colors are available.

What sizes are available?

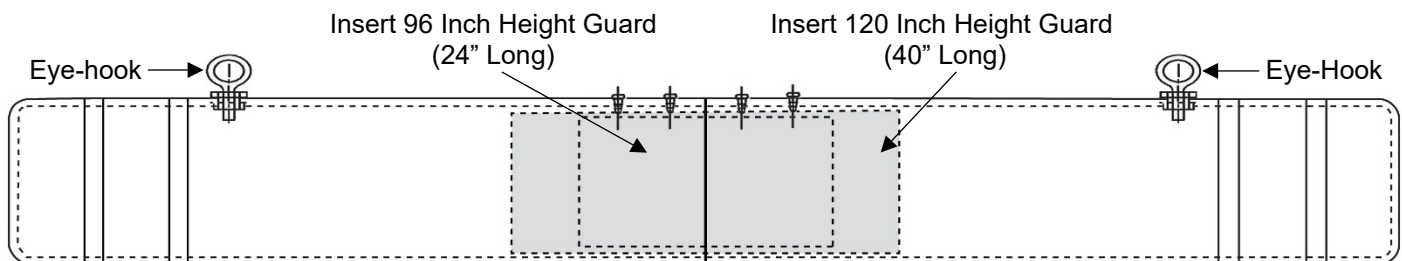

The Height Guard Clearance Bar comes in the following sizes:

5" x 80" • 5" x 96" • 5" x 110" • 5" x 120"
7" x 80" • 7" x 96" • 7" x 110" • 7" x 120" • 7" x 144"

Have a different length requirement? Custom sizes available up to 144". There is no charge for custom cutting services.

How do I install the Height Guard Clearance Bar?

When your clearance bar arrives, an insert is already attached to one side of the clearance bar. Follow the easy instructions below to attach both sides together.

1. Join both sections and line up pre-drilled holes.
2. Install enclosed zip screws into pre-drilled holes.
3. Install enclosed eye-hooks into threaded rivets for attachment to your entrance.
4. Install Custom Graphics Kit to indicate actual height – "CLEARANCE".
