

Pictured: CURBIE™ in 6' length

CURBIE™ is North America's most innovative parking curb. Made from 100% recycled rubber, CURBIE™ has raised edges to help slow down premature peeling on the reflective tape.

Raised edges are included on all CURBIE™ models to stop premature peeling on the reflective tape.

Countersunk holes are included on all CURBIE™ models to accommodate necessary hardware.

Added ribs form the base of CURBIE™ making it tougher than the competition.

Tape available in yellow or white

Hardware available upon request
