Fun Italian Facts

Italy is easy to recognize on any world map, as the country is shaped like a high-heeled boot, as you can see on the map above. It looks like the boot is kicking a ball, which is the island of Sicily, don't you think?

In the Alps you will very likely see the marmots, which make a very high pitched calling sound. And if you are very lucky you might even spot a lynx - see the little hair tufts on the ears?

Most young people in Italy learn to speak English, French or German as well in school
