## Message from our President – Elizabeth Rogacki

### Fall 2022

With the Specialty behind us and the Fast CAT ahead of us, it's been a busy return to a more normal schedule of Fall events in the dog world.

The Specialty was a great event. The weather was beautiful as were the dogs. Karen did a great job with the trophies and trophy table. We were also able to honor long time member, board member, breeder, and mentor [Leona Mintz](#) with our first award of the **Leona Mintz Memorial Trophy** to the BoB. We owe a debt of gratitude to Leona's work with Standard Schnauzers. The trophy itself was made containing material from a tree from Leona's backyard and crafted by [Karen Hughes](#) and her brother Gary. It's a wonderful piece of work. Also, thanks are due to [Barbara Saylor](#) for a nice luncheon spread. What a way to end the day.

Thanks to the attending members of the [Potomac Valley Standard Schnauzer Club](#) for their many entries. They should be congratulated on the many awards the dogs from their club received including BoB and Select, a GCH, and a Major.

Next up the [Fast CAT](#) events on [October 22<sup>nd</sup>](#) & [23<sup>rd</sup>](#) at Colonial Park. Hopefully, the weather will be as nice that weekend as it was for the Specialty. I'm looking forward to seeing many of you there for our next event.

*Elizabeth Rogacki*

# Owner Brags of our Standard Schnauzers

## DOGGY PADDLE DAY IN GREAT NECK, NEW YORK

As occurs once annually in Great Neck, NY members of the Great Neck Park District & their guests have a one-day opportunity. Doggie Paddle Day is an opportunity to bring their dogs, family members & guests to the wonderful [Parkwood Family Aquatic Complex](#). A one-day opportunity where only canines are welcome to swim from Noon to 3 PM. That day was, ironically, September 11, 2022. The weather was drizzly most of the time, but nobody complained, not dog nor human.

It was our second consecutive once-yearly experience to bringing our two-year-old female Standard Schnauzer, **Shalimar Salome** (aka "Sally") to the facility. There we joined many other families (adults & children of all ages) & their dogs of numerous breeds. The breeds included a Standard Schnauzer (Salome was the only one of her breed), a Cardigan Corgi, black, brown & white Standard Poodles, [Golden Retrievers](#), Alaskan Malamutes, a Cocker Spaniel, a Shiba Inu & of course some designer dogs like [Cocker Doodles](#) & Morkies. There were easily over 100 dogs in attendance as well as their owners & entire families that included children of all ages & some Grandparents.

The dogs have the run of the huge main pool with water up to 5 feet deep. A few dogs tried the lap pool with certain lanes exceeding 6 feet, the lazy river & two kiddie pools. Senior Managers & some Employees were there to supervise the dogs' safety on this special day along with three generations of our family (six of us in all). Parkwood Pool became a large dog park but uniquely with no incidents of dog-on-dog aggression! The dogs were there to run through the complex, swim & enjoy their (& our) annual farewell to summer event.

Some dogs raced with each other, & we were proud that our Standard Schnauzer, Sally, outran all the other dogs despite her comparative small to medium size, as she usually does at the dog park. Most owners including us came prepared with treats for all comers. Even Janet's Mom, Grandma Shirley, was impressed by turnout despite the drizzle, & she too had a blast. Sally has proved her swimming skills both at Sands Point Preserve's beachfront overlooking Long Island Sound, at Bar Beach in North Hempstead Park & at our preferred training facility, [Martial Arfs](#), in Mineola, NY. Martial Arfs is where she also takes weekly private agility training lessons. She especially loves any opportunity to be at a beach or swimming pool.

After three hours of nonstop running & swimming Salome was, naturally, exhausted & left with us easily as we all bade farewell to this unique facility. It is one of Long Island's largest private family aquatic complexes which, for one day annually, becomes the largest dog park of all.

After her bath early that evening, Sally was out like a light for the night.

🐾 [Fred](#) & [Janet](#) Pomerantz

### TEAM MORRIGAN

Congratulations to **CASTLEWOOD'S MORRIGAN LE FAY FDC FCAT4 THDA RATM CZ8B CGCA TKE VHMA** on achieving her [Advanced Therapy Dog Title](#).

Morrigan continues her caring Certified Therapy Dog visits. The week of September 24<sup>th</sup> was a busy one for Morrigan. She made her rounds of joy, comfort & support to Senior housing facilities in Summit, NJ & Westfield, NJ, as well as youth in need. She even provided respite to a Home Depot staff during 'Rodeo Day'.

## Important Information for Schnauzer Owners

In honor of National Pet First Aid Awareness Month, set aside time to [create a pet first aid kit](#). A pet first kit that is well-stocked with supplies can help you treat your four-legged companion for everything from minor cuts & splinters to upset stomachs.

Here are the essentials to include in your pet first aid kit:

- ✿ Antibiotic ointment
- ✿ Antihistamine medication  
(\*treat allergic reactions)
- ✿ Bandage tape & gauze pads
- ✿ Cotton balls
- ✿ Current medications
- ✿ Digital thermometer
- ✿ Disposable gloves
- ✿ Hydrogen peroxide  
(\*consult [Veterinarian](#) or Poison Control Center before administering)
- ✿ Food & treats
- ✿ Full medical history ([Vaccination records](#), list allergies, & contact information of Veterinarian)
- ✿ Leash, collar & muzzle
- ✿ Oral syringe
- ✿ Pet first aid handbook
- ✿ Poop bags
- ✿ Scissors
- ✿ Small flashlight
- ✿ Styptic powder
- ✿ Sterile saline solution
- ✿ Towels or blankets
- ✿ Tweezers
- ✿ [VetWrap](#) (self-adhering bandage wrap)
- ✿ Wet wipes (designed for dogs)
- ✿ Water & a collapsible bowl
- ✿ Waterproof bag for storage

It's a good idea to have multiple kits - a larger kit stocked with more supplies that can be stored at home or in the car, as well as a smaller adventure kit stocked with the bare minimum supplies like gauze, self-adhering bandage wrap, alcohol swabs, antiseptic wipes, antibiotic ointment & tweezers.

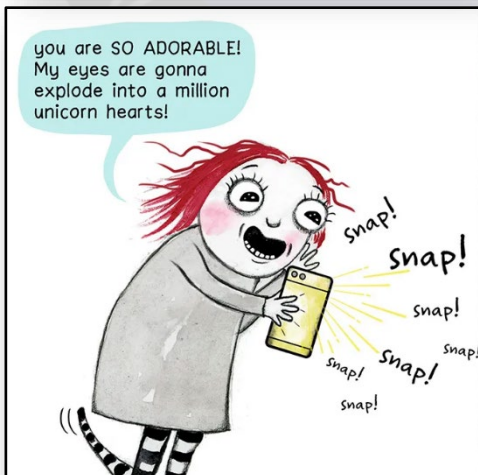

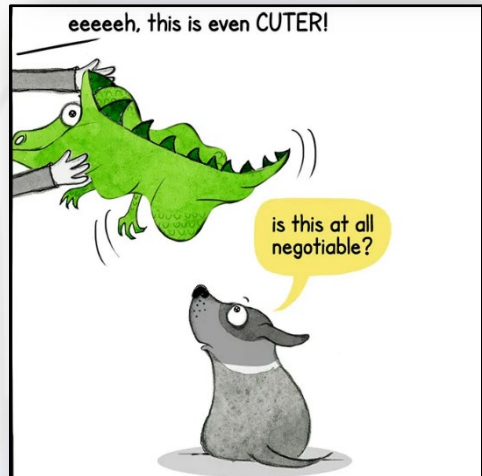

Check your pet first aid kit twice a year to ensure that supplies are well-stocked & items like hydrogen peroxide & antihistamines haven't expired.

Along with stocking essential first aid items, consider signing up for a pet first aid class to learn hands-on skills that could be lifesaving if you need to provide immediate treatment.

A pet first aid kit provides peace of mind that you're prepared if your four-legged friend is sick or injured & can allow you to help your pet feel more comfortable until you can see a veterinarian for professional care.
