

What if you could practice dentistry
the way you've always imagined?

WHERE THE RELATIONSHIP
IS THE PRACTICE

Intelligent | 1880 John F Kennedy Blvd, Philadelphia, PA 19103 | 646.369.9146

Experience a New Model of Dental Care

What if you could treat your patients in a high-end dental practice environment while focusing exclusively on dentistry? Over the past hundred years, running a dental practice has become increasingly difficult and unnecessarily complex. Today, a dentist often wears many hats and has to contend with multiple regulators as well as adhere to overwhelming compliance issues. You shouldn't need an MBA or JD and be a billing specialist just to practice dentistry. It can be overwhelming. We thought there has to be a better way.

Intellident is the solution.

Intellident rethinks how dentists' practice. We've created a new, ultra-efficient model of dental care that allows dentists to focus solely on patients. All barriers to managing a practice have been removed. No upfront capital investment. No lease to sign. No staff to hire. No equipment to order. No billing and insurance headaches.

Intellident was created to give dentists complete autonomy in how they practice. In a high-end, state-of-the-art dental center, individual practitioners lease dental chairs on a daily, monthly or yearly basis, and are given all the tools required to manage a day-to-day practice. It's dentistry in a whole new way, and where the patient relationship is everything.

Why Intellident?

Is Intellident right for you?

Are you tired of the business side of dentistry?

Intellident provides all the tools, equipment and support staff you need, freeing you up to simply focus on your practice and your patients.

Are you a recent dental graduate?

Typically, before you ever see your first patient, you'll likely need to find a practice space, negotiate with landlords, pay a deposit, design and contract for renovations and acquire chairs, instruments and equipment. Not at Intellident.

Is your lease about to expire?

Intellident allows you to transfer and maintain your practice without having to renegotiate an expensive lease or invest new capital. Bring your patients and clinical staff and start seeing patients right away.

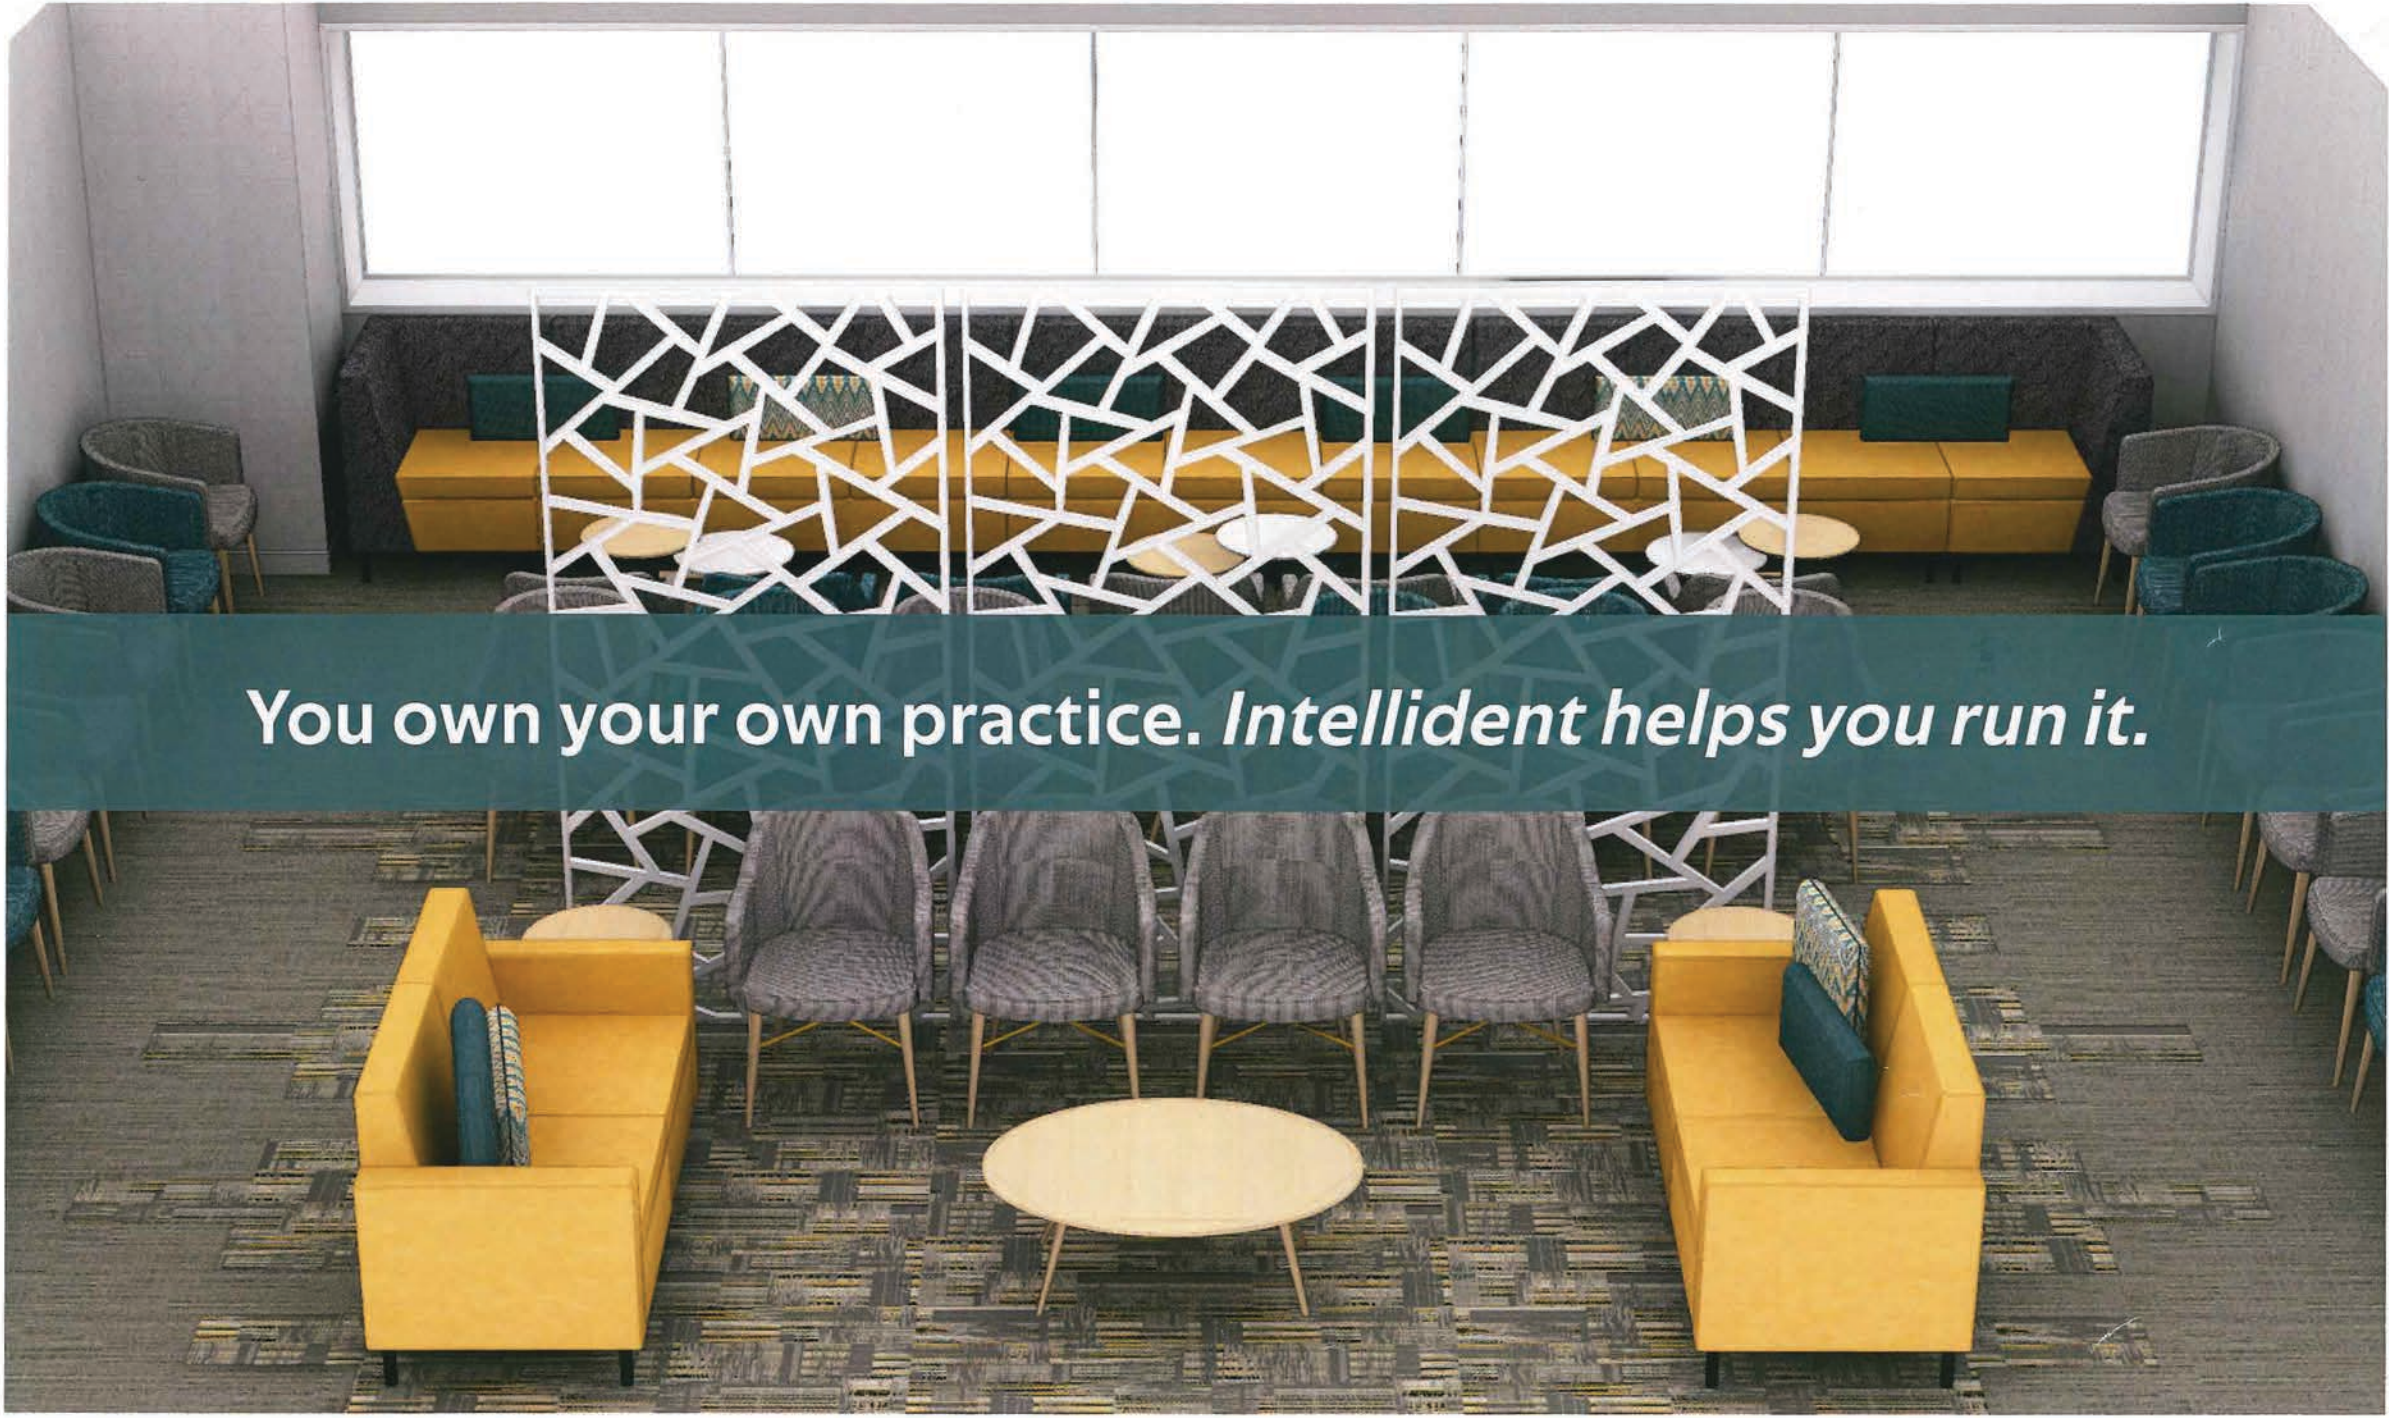

Are you looking for a satellite location?

Intellident is located in the heart of Philadelphia and features a large potential patient pool to draw upon. Grow your business with ease. Work just one or multiple days a week. Expand your practice overnight.

INTELLIDENT IS

- A new and simplified way to focus purely on dentistry while growing your practice.
- A shared, co-location environment for dental practitioners.
- A community of general dentists, endodontists, periodontists and oral surgeons practicing in the same space.
- A model that allows you to see patients from day one, without hassles.

You own your own practice. *Intellident helps you run it.*

We are not a Dental Support Organization (DSO).

We don't own your practice or any other dental practice. Dentists who partner with us are not our employees. There are no production quotas. You choose your own hours, fee schedules, supplies and labs, with the availability of an in-house dental lab if you choose.

We are simply a shared location workspace for you to practice dentistry. Everything you need is included and completely turnkey — labs, equipment, IT, call center, billing support and more.

How it works.

Intellident consists of (28) general dental and (3) oral surgery treatment rooms all in the same 12,000 sq. ft. space. Starting your practice with Intellident is easy!

1. Reserve your own treatment room to see your patients.
2. Lease one or more treatment rooms with the frequency that fits the needs of your practice.
3. Run and market your own practice. We can also provide you with marketing professionals if necessary.
4. Control what insurance plans to accept and what fees to charge.
5. Bring your own hygienists and/or clinical support staff. If needed, we can connect you with a licensed hygienist and offer certified dental assistants as well.
6. Start seeing patients right away!

PRACTICE WITH EASE

The building is open and accessible 24/7 and is protected by security professionals.

A tranquil 1,000 sq. ft. staff lounge provides dentists, specialists and clinical support staff with a central meeting space, where they can talk, rest or just eat lunch. It features comfortable chairs, high-speed Internet, coffee and dining tables.

Intellident also features a private shared office where dental practitioners can consult with their patients, make private phone calls, catch up on emails and more.

At Intellident, everything's included.

Simply lease one or more chairs on a daily, monthly or yearly basis for the hours and number of days you require. Add or subtract chairs as needed. We provide everything else. **Your treatment room is equipped with everything you need!**

INSTRUMENTS

Your practice will have access to premium HU-FRIEDY instrumentation so you can perform at your very best.

STERILIZATION

Professional sterilization services are handled by Intellident. Everything is cleaned, and sterilized to the highest standards.

PHOTOGRAPHY

Intellident features a dedicated photography studio on-site where you can capture full-face images of your patients. Everything you need to cover intraoral and extraoral photography is in-house.

EQUIPMENT

No detail is overlooked. We deliver a first-class experience featuring state-of-the-art A-dec equipment, including:

- + Ergonomic Chairs
- + Comfortable operator and assistant stools
- + LED Lights
- + Intuitive cabinetry
- + Electric handpieces and motors

ADVANCED INFECTION CONTROL

Intellident is housed in a negative pressure facility equipped with the most elite infection control, including a HEPA filtration system. Each treatment room features a separate high-level circulation system; cycling in fresh air to maintain a safe and comfortable workspace. In addition, Intellident will provide all staff members with CDC-recommended Personal Protection Equipment, including N95 masks.

SCANNING & IMAGING

We provide the latest scanning and radiographic technologies, covering all aspects of your practice. We own and maintain the equipment for you, and it is available for use from day one.

This includes but is not limited to:

- + Dentrrix Ascend Practice Management Software
- + Digital Panoramic X-rays
- + Digital intraoral dental sensors
- + CBCT X-ray
- + 3 Shape Trios scanners
- + Dental Desktop Design Software

State-of-the-Art Technology

PRACTICE MANAGEMENT SYSTEM

We provide each Intellident dentist with access to their own version of **Dentrrix Ascend**, which provides all the secure technology you need to run your practice with efficiency. No need for IT support or expensive annual maintenance plans. Everything is simple, seamless and ready to go when you are.

All you have to do is tap-in with a unique ID card.

- + A tap card securely opens your practice dashboard and provides instant access to your patient information while maintaining HIPAA compliance.
- + Instantly view your schedule, chart notes, scans, photographs and more.
- + All patient information is secure, and access is restricted to your practice only. No one else will have access to your private patient information.

ON-SITE LABORATORY

Intellident offers high-quality laboratory services on-site. This creates efficiency for crown and bridgework, veneers, dentures and other dental products or prosthetic devices.

Our lab is located on the third floor of the building and lab technicians are easily accessible should you require an in-person consult on a more difficult case. This service reduces remakes and valuable chair time.

- + Reduce dental lab turnaround time.
- + Get the collaborative support you need.
- + Delight patients by offering a state-of-the art experience not seen elsewhere.

TREATMENT ROOM SET-UP AND DESIGN

Intellident features 31 dental treatment rooms in an ergonomic configuration. Individual dentists, endodontists, periodontists and oral surgeons lease chairs and run their individual practices alongside one another in a co-working environment.

- + Treatment rooms are 100% private with floor-to-ceiling separations designed to reduce noise and minimize distraction.
- + Each chair is a top of the line A-dec chair featuring the right blend of comfort, durability and design.
- + Individual treatment rooms are located in close proximity making it easier for providers to collaborate amongst one another.

REFERRALS MADE EASY

Intellident's shared location environment makes referrals and consultations easier between general dentists and specialists. A simplified referral process facilitates communication, improves patient care, increases efficiency and leads to better patient outcomes.

- + In many cases, surgeons and other dental specialists are readily available for quick consultations.
- + There is less disruption to a patient's busy life and schedule.
- + Enjoy more efficient and productive patient appointments.

Total support for your practice.

Intellident offers a complete setup, including the amenities you need to run your practice efficiently and effectively.

Each contract includes:

- ✦ A dental assistant who will set up before and clean up after each patient and sit chairside with you to assist during the procedure (if desired).
- ✦ Call center support staff who will answer the phone on behalf of your practice and handle any and all appointment details or cancellations. Your practice is given a unique phone number. Or, if you already have your own phone number you can keep it and transfer your number to your Intellident practice.

TAILORED PLANS

Customize your contract to fit the needs of your practice. It's all up to you.

Some dentists may choose to lease a chair and practice Monday through Friday, from 9 a.m. - 5 p.m. Others may lease a chair after hours and see patients, from 5 p.m. - 9 p.m. Want to just work three days a week? Want to offer weekend hours and see patients on Saturdays or Sundays? At Intellident, the choices are all yours.

**GET PAID
INSTANTLY!**

Intellident provides access to billing support staff who will file insurance claims and collect money on your behalf. No need to hire a billing company or send out your own claims. Leave those details to us. You are paid up front and we do the rest.

Intellident

Intellident exists to simplify the practice of dentistry while providing dental practitioners the autonomy they require. We help dentists achieve more fulfilling careers by removing all the complexities of running and managing a practice and eliminating barriers to entry or success. Dental professionals are freed up to do what they love and were trained to do — practice dentistry and make a meaningful impact in their patients' lives.

WHAT WE BELIEVE

- We believe that the relationship with your patient is what matters most.
 - We believe in transforming the dental practice business model.
 - We believe in a better, simpler, more intuitive way to practice dentistry.
- We are Intellident.**
