Dear Sir or Madame:

This letter is to recommend Kyle Zak to your organization. Having had Kyle student teach in my classroom for six weeks I can say with certainty, he would be a great asset to any school. He demonstrated mastery of the course content, and his communication skills were very effective. The lessons Kyle created were inventive and differentiated for student needs. He was capable of administering grades and attendance with efficiency and consistency. Kyle's enthusiasm during lessons was not lost on the students who enjoyed his teaching style and pedagogy. Kyle's classroom management was very effective, and he motivated students to success. He will be the benchmark for future student teachers in the Social Studies department. I look forward to seeing Kyle's continued success in his academic endeavors.

Jonathan M. Wawrowski
Social Studies Department
