

TESTIMONY PAGE

I am deeply thankful for the prayers and for the open door that has been provided, including covering the hotel fees for the conference. - Karlene Ivory

Witnessing so many women who have endured similar traumas is both humbling and inspiring. Apostle Cooper's prayer was a divine word from God, touching hearts and transforming lives and literally laying people out. I am eager to attend the conference to hear the powerful testimonies of women who have overcome trauma and emerged stronger and more successful. - Lisa Andrews

After prayer, an overwhelming sense of peace washed over me, lifting a weight I hadn't even realized I was carrying. In that quiet moment, it felt as though my worries were not only acknowledged and understood but also placed in hands far more capable than my own. The experience brought a profound clarity and a deep reassurance that I was never alone, no matter how uncertain or challenging life might seem. It wasn't just about expressing my heart—it was about feeling truly heard and embraced by something greater than myself. That time of prayer became a sanctuary, a space where hope was rekindled, and my spirit was renewed. —

Jacqueline Terry

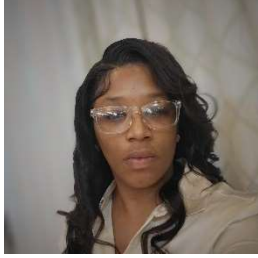

I originally registered for The Restored Women Conference to support my dear friend and co-laborer Gwen Womack however during the taping and afterward during the prayer and prophecies given by Apostle Cooper I knew there was a much greater reason for me to attend. I am still processing everything, but I have an increased passion and feel an intense need to impact and empower others to be better equipped to step out and fully arise as a contender for the faith, not only in the promise but more so in the Promise Giver. Apostle Cooper called out and confirmed the Sarah anointing in me. I understand and fully embrace the assignment. I am called to help others break through natural and spiritual barrenness to conceive and bring forth God's plans and purposes, just as Sarah did. After the prayer with much personal prayer, revelation and reflection I know it is time for me to step outside of every box of shame, insecurity, intimidation, and inferiority to make a global impact for God's kingdom, to be a stabilizing force, to infuse the next generation with hope so that legendary faith to believe God for the impossible may rise in their hearts. God is fulfilling promises and filling my mouth with laughter, giving me a voice, redeeming time and restoring years lost and I am just in awe with His Faithfulness toward me. - Brenda Sephus

During the prayer, watching others being delivered and set free from their burdens blessed my spirit in ways I couldn't imagine. Seeing God's people receive breakthroughs filled me with joy. When it was my turn to be prayed over, it was pure confirmation of everything I already knew and what others had spoken over me through the years. But this time, it felt like I was given full permission to step boldly into what God has called me to do.

Afterward, I left with a fire, a renewed desire to fulfill His purpose, and a supernatural energy that hasn't faded. I felt restored, at peace, and ready to fully embrace my walk with God. I'm so grateful to have been part of this prayer and the blessing of His presence. - Monica Fields

Dear Apostle Cooper,

Thank you for the opportunity to share my testimony about the impact of the prayers following the recent taping.

The prayers that went forth, especially yours, had a profound impact on me. I had been praying specifically for joy, as I realized that while I have experienced incredible transformation, restoration, and healing, the constant battles I've faced over time had left me fatigued and drained of joy. Your prophetic prayer was directly aligned with what I had been seeking from God. It reminded me of His attentiveness and His ability to use His servants to minister with precision and encouragement.

That moment affirmed God's continued work in restoring my joy and gave me the renewed strength I needed to keep moving forward. I am grateful for the way God moved through you and the power of the prayer that was spoken over us.

Thank you again for this opportunity to share, and I am honored to reflect on how this experience has touched my life.

Blessings,

Qwanisha Young

My name is Shenietria Kyle and I am excited to share my testimony about my experience with prayer after the taping of the show, I can attest that the presence of God was definitely in the atmosphere as Apostle Cooper prayed, the shift was tangible and each woman encountered a fresh touch from God, I remember when Apostle Cooper prayed over me and laid hands, I knew the impartation was divine as he quoted scriptures relating to my ministry, the prophetic release was accurate and I was so overwhelmed with the presence of God's glory, all I could do was lay on the floor and weep. I am grateful for the oil that's on Apostle Cooper's life and I am literally still in awe at this supernatural experience!

A Testimony of Healing and Confirmation

My encounter at the Calling All Girls prayer was a profound moment of confirmation on my healing journey. By God's grace, Apostle Cooper was used as a vessel to pray over me, confirm God's promises, and declare healing over my life.

I was honored to share this experience with other amazing women in Christ—women who love the Lord and are committed to seeing every sister win and experience complete restoration. The atmosphere of unity, faith, and love, coupled with the incredible blessings and accommodations provided, inspired me deeply.

Apostle Cooper's obedience to God and his passion for seeing women advance, heal, and be fully restored ignited a desire in me to continue seeking opportunities to grow among purposeful women of faith. This spirit-filled experience is what led me to attend the Restored Woman Conference, and I am truly grateful and excited for the impact it will have on my life. –
