

**Serving Morning Happiness Since 1976!**

Good morning and Welcome! We're excited to have you join our breakfast-loving family, where our dedicated chefs and friendly staff are all about making your experience exceptional. In our kitchen, the breakfast magic happens. We roll up our sleeves to create sausages from scratch, whip up special sauces, hand-prepare a colorful array of veggies, and bring everything together to satisfy your taste buds. Our mission? To ensure every bite is a burst of delicious freshness.

Here's our golden rule: If we wouldn't proudly enjoy it ourselves or put it on our own table, it won't make it to yours. It's a principle that has guided us since our opening in 1976.

So get ready for a breakfast experience that's not just a meal – it's a flavorful journey through time, and it all began in the year of disco and bell bottoms.
