### A SUMMER OF LEARNING

We had so much fun hosting four Fabulous Fridays workshops for our local students! Each workshop had 25 students, 8-10 parents, and wonderful teachers. We made homemade ice cream in a bag, learned about healthy eating, discovered all about snakes (ewww), and made glow-in-the-dark slime!

### BREAKING RECORDS

We have had five months in a row of record-breaking retail sales, visitors, social media interactions, and volunteer participation. It's been a lot of fun welcoming folks to Calico Rock and making connections and renewing friendships with our neighbors.

Our team has shifted gears from a fast-paced summer and we're focusing on preparing for Fall events and our biggest event of the year, Living Windows & the Lighted Christmas Parade! We're looking for help filling the largest number of windows ever!

### HOW CAN WE HELP?

We are here to help. We invite you to call Bambi at 870-916-2230 or, better yet, drop by for a visit at 89 Main Street.
