Message from the President :

Well Dear members, our President Ross is having a short, well earned rest in FNQ. He sends best wishes for the meeting and will be back before the Moss Vale Show, our next big event on 21- 23 March.

Here is Ross's email to all, in case you have not seen it:

Hello Everyone

Just a few logistical arrangements for Tuesday night

Roger Bayley is currently taking inabilities, as per previous emails from Roger & myself, that is if you don't let Roger know you won't be at a particular Dinner Meeting, it is assumed you will be there and will be duly charged for that dinner

I won't be at the Dinner Meeting this week, so I have asked Barbara Smith to take any outstanding Dinner Fees (cash or credit card) if you haven't paid by EFT (Electronic Funds Transfer). Just a reminder, our Board Members are encouraging the NON USE of the credit card machine to cut down on Fees charged for its use

Also, Malcolm Webber will be running the meeting (in my absence), we have a very special guest speaker (Tony Hatton - see recent email from Barbara) & Margie Stuart will be providing the outcome of the Market Day approval email (I sent out on Friday)

I am available via email or mobile phone should you need to contact me

Thanks

After Tony Hatto's much anticipated talk on Tuesday night, we will have a catch up about the Show, and on progress on the market enterprise issue..

You may know how very busy everything has been for your Board members, as we manage the process of trying to sustain our fund-raising opportunities, and juggle all the aspects thereof.

So a very brief Screed this week , just to remind you please to let Roger know if you are NOT coming on Tuesday night, and if you can pay by EFT beforehand, that's a help, otherwise cash or machine on the night (cash is cheaper for us than swiping).
