Floral Watercolor Collage

Flowers are some of the most beautiful and intimate of creations. They have fascinated artists for centuries. In this class we will look at some of the most famous floral pieces in art history, and we will learn the unique structure of flowers and take that skill to create a beautiful arrangement using a mix of media and collage.

Georgia O'Keeffe Nature Abstractions

Artist Georgia O'Keeffe created some of the most beautiful abstract art pieces of all time. Come join me in studying her sense of wonder and create a unique abstraction based on an object from nature. We will be working with the art elements: LINE and VALUE and designing by the art principle of RHYTHM

Mixed Media Bird

Historical artists such as John James Audubon, Rene Magritte, and MC Escher as well as some of today's most prominent artists have all been inspired by birds and their way of life. Please join me in an exploration of bird anatomy and the use of fine detail to create a unique bird portrait. Skills in watercolors, drawing and arrangement will all be built and refined.

Cubist Musical Instruments

Please join me in learning about one of the most fascinating art movements in art history, Cubism. Cubism is an early 20th century art movement that, in its time, redefined how art was created and viewed. Come learn about this revolutionary art movement and create a beautiful art piece inspired by a musical instrument. In this class we will create a beautiful unique artwork that will boost your confidence and skill to express yourself in a new and fun way.
