# LOUDSPEAKER

CARTERET HIGH SCHOOL

*"One small step for man, one  
giant leap for mankind."*

Neil Armstrong

First man on the moon, July 20, 1969

“Mankind never loses any good thing, physical,  
intellectual, or moral, till it finds a better,  
and then the loss is a gain.

No steps backward, is the rule of human history.  
What is gained by one man is invested in all men,  
and is a permanent investment for all time.”

Theodore Parker

# Dedication

***We dedicate this Loudspeaker and our hopes for the future to astronauts Neil Armstrong, Edwin Aldrin, and Michael Collins, and to all men who seek out new frontiers.***

For the first time in history, man has reached the moon, our nearest neighbor in space, and left footprints on the lunar surface. We would like to salute these twentieth century pioneers.

At the same time, we take pride in the confidence shown by NASA. We trust that the success of the Apollo XI flight will inspire NASA to new goals and new achievements in space exploration.

It has taken thousands and thousands of years for man to advance to his present state of civilization, he has been able to break his earthly shackles and set foot on another celestial body.

We, the Seniors of Carteret High School, are a small part of "that" civilization. We are the "astronauts" bound in search of our own destinations. With the help of the faculty, we will be guided in the right direction.

The astronauts and their colleagues at NASA shared in achieving the most momentous journey in man's history.

We, too, will share in our endeavors, to "step" onward for the betterment of mankind. CLASS OF 1970

We must truly serve those whom we appear to command  
We must bear with their imperfections,  
correct them with gentleness and patience,  
and lead them in the way to Heaven.

Fenelon

Larry Lewis presents Mr. King with an award for dedicated service to Carteret High School and the community.

Each of us strives for that small step to benefit man. We are fortunate if we attain it in our entire lifetime. Our principal, Mr. Douglas King, has already achieved much in benefiting others.

Beginning as a teacher in 1951, he has also served as guidance counselor, head football coach, vice-principal, and, from 1965, principal at Carteret High.

During our past four years at C.H.S., Mr. King has made his contribution to man by advising and inspiring us now, to strive to reach our goals in the future.

M. Chimiak: "My 7-day beauty plan and how it works."

"Right here," laughs Mr. Frushon.

"Could it be I have bad breath?" asks M. Colligan.

"Some people will do anything for attention!"

"Football is basically a game of ups and downs!" shouts coach Gilrain to John Ward.

"Girl Scouts together..."

"Wanna buy a Walnetto?" asks R. Feist.

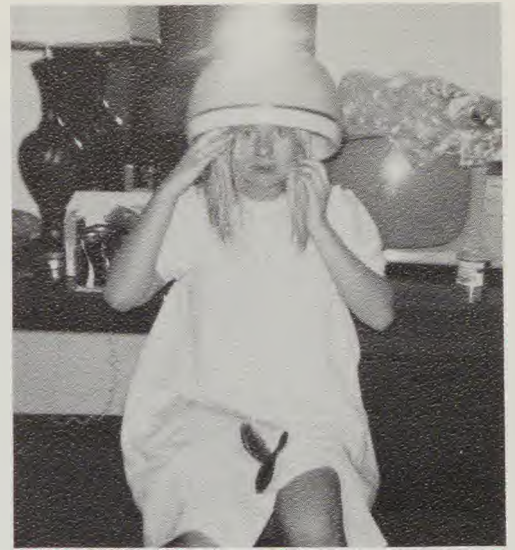

"No, Mr. Turco, we're not clowning around," smiles M. Gilles and M. Carroll.

"Peace brother!"

"Like my Easter hat?" asks D. Holoob.

"Row, row, row your boat,"  
sings P. Connolly.

A new approach to the teaching of Woodshop at Carteret High.

"No, no! I said smile!"

"Get away from me, you dirty old man,"  
cries G. Greenberg.

"Good morning, New Jersey State Prison!"  
answers A. De Vito.

"That Pepsodent smile!"

"No, Ma, I won't do it!" shouts B. Comba.

"Are you sure I'll pass the dress  
code?" asks S. Naples.

"Sock it to me!" shouts M. Chimiak.

"And the guy that hit me was this big," says D. Kucsak.

"They shoot horses, don't they?"

## ***I Remember It Well***

It began on a day in the month of September,  
I'm sure you must certainly all remember.  
We were young and excited, and just beginning  
To face the unknown, inning by inning.

Weeding through a course of math,  
Clearing the way, making our path.  
Cooking and sewing became an art;  
Auto shop was great from the start.

We met new friends, trying our best  
To secure a sound and lasting nest.  
In the gym we danced till we could stand no more,  
Oh how that music seemed to roar!

As Sophs we were big and bad you know,  
My how the summer did make us grow.  
Biology class was liked by all  
While steno taught us to be on the ball.

Junior year was wild and spinning,  
Football games, our team was winning.  
Perth Amboy was the height,  
The Rams fought with all their might.

The Junior Prom was a huge success,  
A night of splendor and nothing less.  
We danced as the Tymes did sing,  
Each queen escorted by her king.

Summer days were short and sweet,  
Washington Ave. was the street.  
Your friends you'd find at Island Beach,  
Fun and laughs within your reach.

The big shots seen are Seniors of course.  
Romances brewing through every source,  
The Prom, the Play, love that school,  
Carteret High taught us the rule.

Well, my friends, the time is near,  
For you and me to step to the rear.  
Alma Mater we shall sing.  
Tears of love our eyes will bring.

We'll plan to meet, we know not where  
If God is willing, we'll be there.  
A prayer we'll say for every mate,  
For a happy, prosperous, and healthy fate.

We all will wander down life's stream  
Reaching for a star and catching our dream.

Advisors, Mrs. Adrienne Thayer and Mr. Robert Turco.

## CLASS HISTORY

"One small step for man, one giant leap for mankind."

Our small step in the adult world began in September, 1966. We were then only aware of the exciting present, the future seeming so far away. We chose peers to represent us. They were Michael Stima, president; Janice Truesdell, vice-president; Mike Harris, treasurer; and Helene McFadden, secretary. Our advisors were Mrs. Adrienne Thayer and Mr. Richard Spewak. Our main endeavor came late in our first year. It was our Freshman dance, "Mirage," which was held in June.

Sophomore year found us more involved. Larry Lewis, Jay Zimmer, Michael Kolibas, and Kathy Ward were our chosen officers and Mr. Robert Turco joined Mrs. Thayer as our class prospered. We held a cake sale, and in March, our dance, "Up, Up, and Away," assured us that we were well on our way. In June, we realized that our four-year journey was half over.

Gary Greenberg, Janis Lanzano, Jay Zimmer, and Terry Zahorchak, along with Mr. Turco and Miss Mary Kenny led us through our third year. We danced around a ten foot snowman in December when we held our dance, "Fantasy in Frost." We received our Junior rings in January and held our heads a little higher walking down the halls. Our "Magic Moment" happened April 16 at the Far Hills Inn in Somerville. It was our Junior Prom, and truly a night to be long remembered. Under the direction of Mr. John Sotak and Mrs. Joan Snyder, we proudly presented our play, "Thurber Carnival" in May, for two performances. With eagerness, we looked toward our last year at Carteret High, but it was not until September that we realized that decisions for the future, our future, had to be made.

We had much confidence in our past officers and in our Senior year, Gary, Janis, and Terry remained. Mike Kolibas took the job of treasurer and Mrs. Thayer returned with Mr. Turco as our advisors. Our first endeavor was our candy sale. Our individual profits were used to help finance our Senior trip to Washington, D.C. which was held on March 4, 5, and 6. Our football team had a winning season and their total efforts resulted in a victorious Thanksgiving Day game against Perth Amboy. We initiated this game with our dance, "Remember When" held in November. We reflected, through pictures, our past four years.

On March 19, 20, and 21, we presented our musical-comedy, "A Funny Thing Happened On The Way To The Forum." Mrs. Snyder and Mr. Sotak again offered their services to help make our endeavor a huge success. The play was presented two additional nights in April for benefit performances. Here we had a great feeling of contribution. Our one small step in 1966 was a much larger one by 1970. On June 1, we held our Dinner Dance at the Shackamaxxon in Scotch Plains. It was our last dance together. Our Baccalaureate exercises were on a Sunday in June, bringing all too close the realization that graduation was near. And it came. On June 11, we graduated. Not just from Carteret High School, but from the position we hold as high school students.

Our futures lie ahead of us. We can only hope that the combination of our small step for man and our giant leaps in the future for mankind will influence those students who will pass through Carteret High School as we did, four long years ago.

"To me it seems as if when God conceived the world, that was Poetry; He formed it, And that was Sculpture; He colored it, and that was Painting; He peopled it with living beings, and that was the grand, divine, eternal Drama."

Charlotte Cushman

"Many men have been capable of doing a wise thing,  
more a cunning thing, but very few a generous thing."

Pope

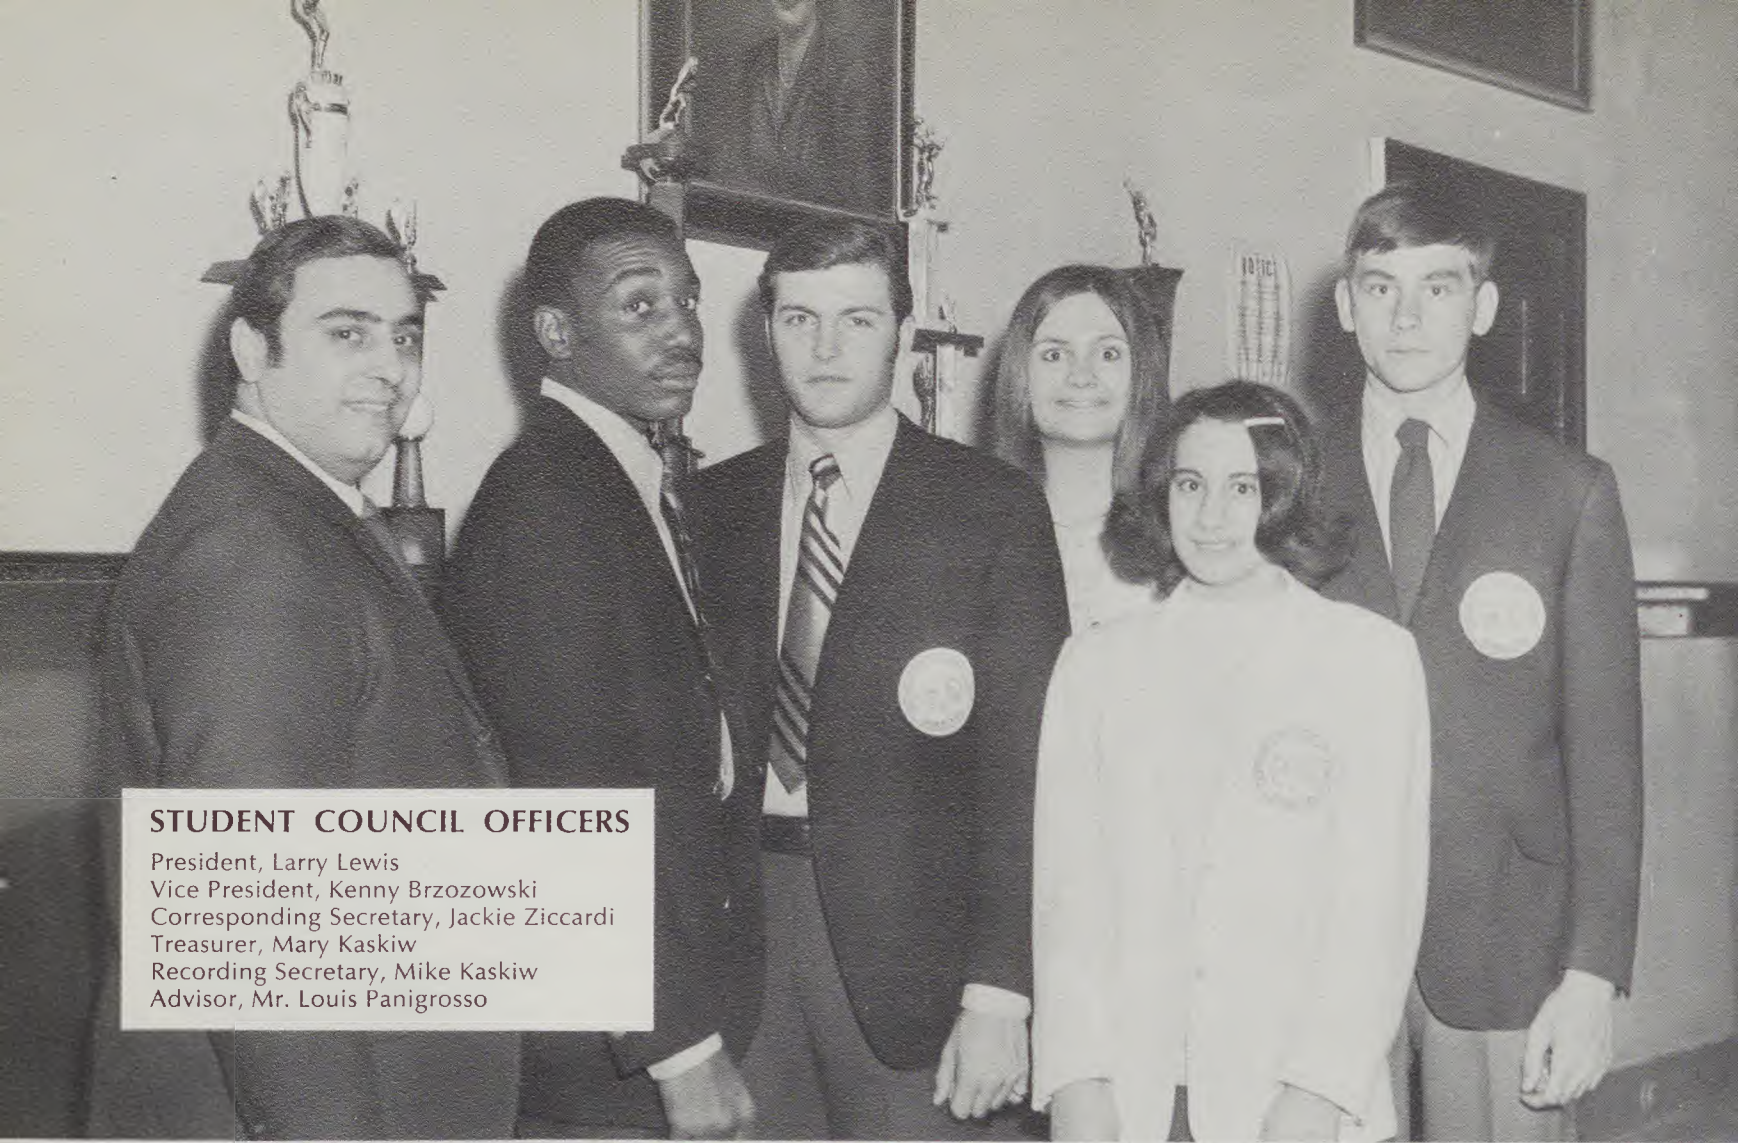

... We certainly will. Not only has Mr. John Sotak been drama and speech teacher at C.H.S., but he has also directed all play productions here for the past few years. His first endeavor with our senior class was "Thurber Carnival" in 1969. This year we all enjoyed success in the production of "A Funny Thing Happened On The Way To The Forum." The class of 1970 wants to thank Mr. Sotak for all he has done and hopes his future is a bright and promising one.

"I wonder if they'll miss me when I'm gone," ponders Mr. John Sotak.

#### MISS ANNE GIBNEY

Miss Gibney has taught at Carteret High School for forty-three years, and was head of the Social Studies department twenty-four years. She has served as advisor to the Future Teachers of America for seven years. She has taught Latin for a few years but her major area of teaching was in the field of American History.

Miss Gibney showed deep devotion and dedication during her teaching career, and has been an inspiration to many of her students. Carteret High School will indeed miss the dedicated services of Miss Gibney.

#### MISS ETHEL SNIDER

Miss Snider has taught at Carteret High School for forty-three years and has been head of the Language Department for over 20 years. She was advisor to the German Club and also to the Girl's Patrol.

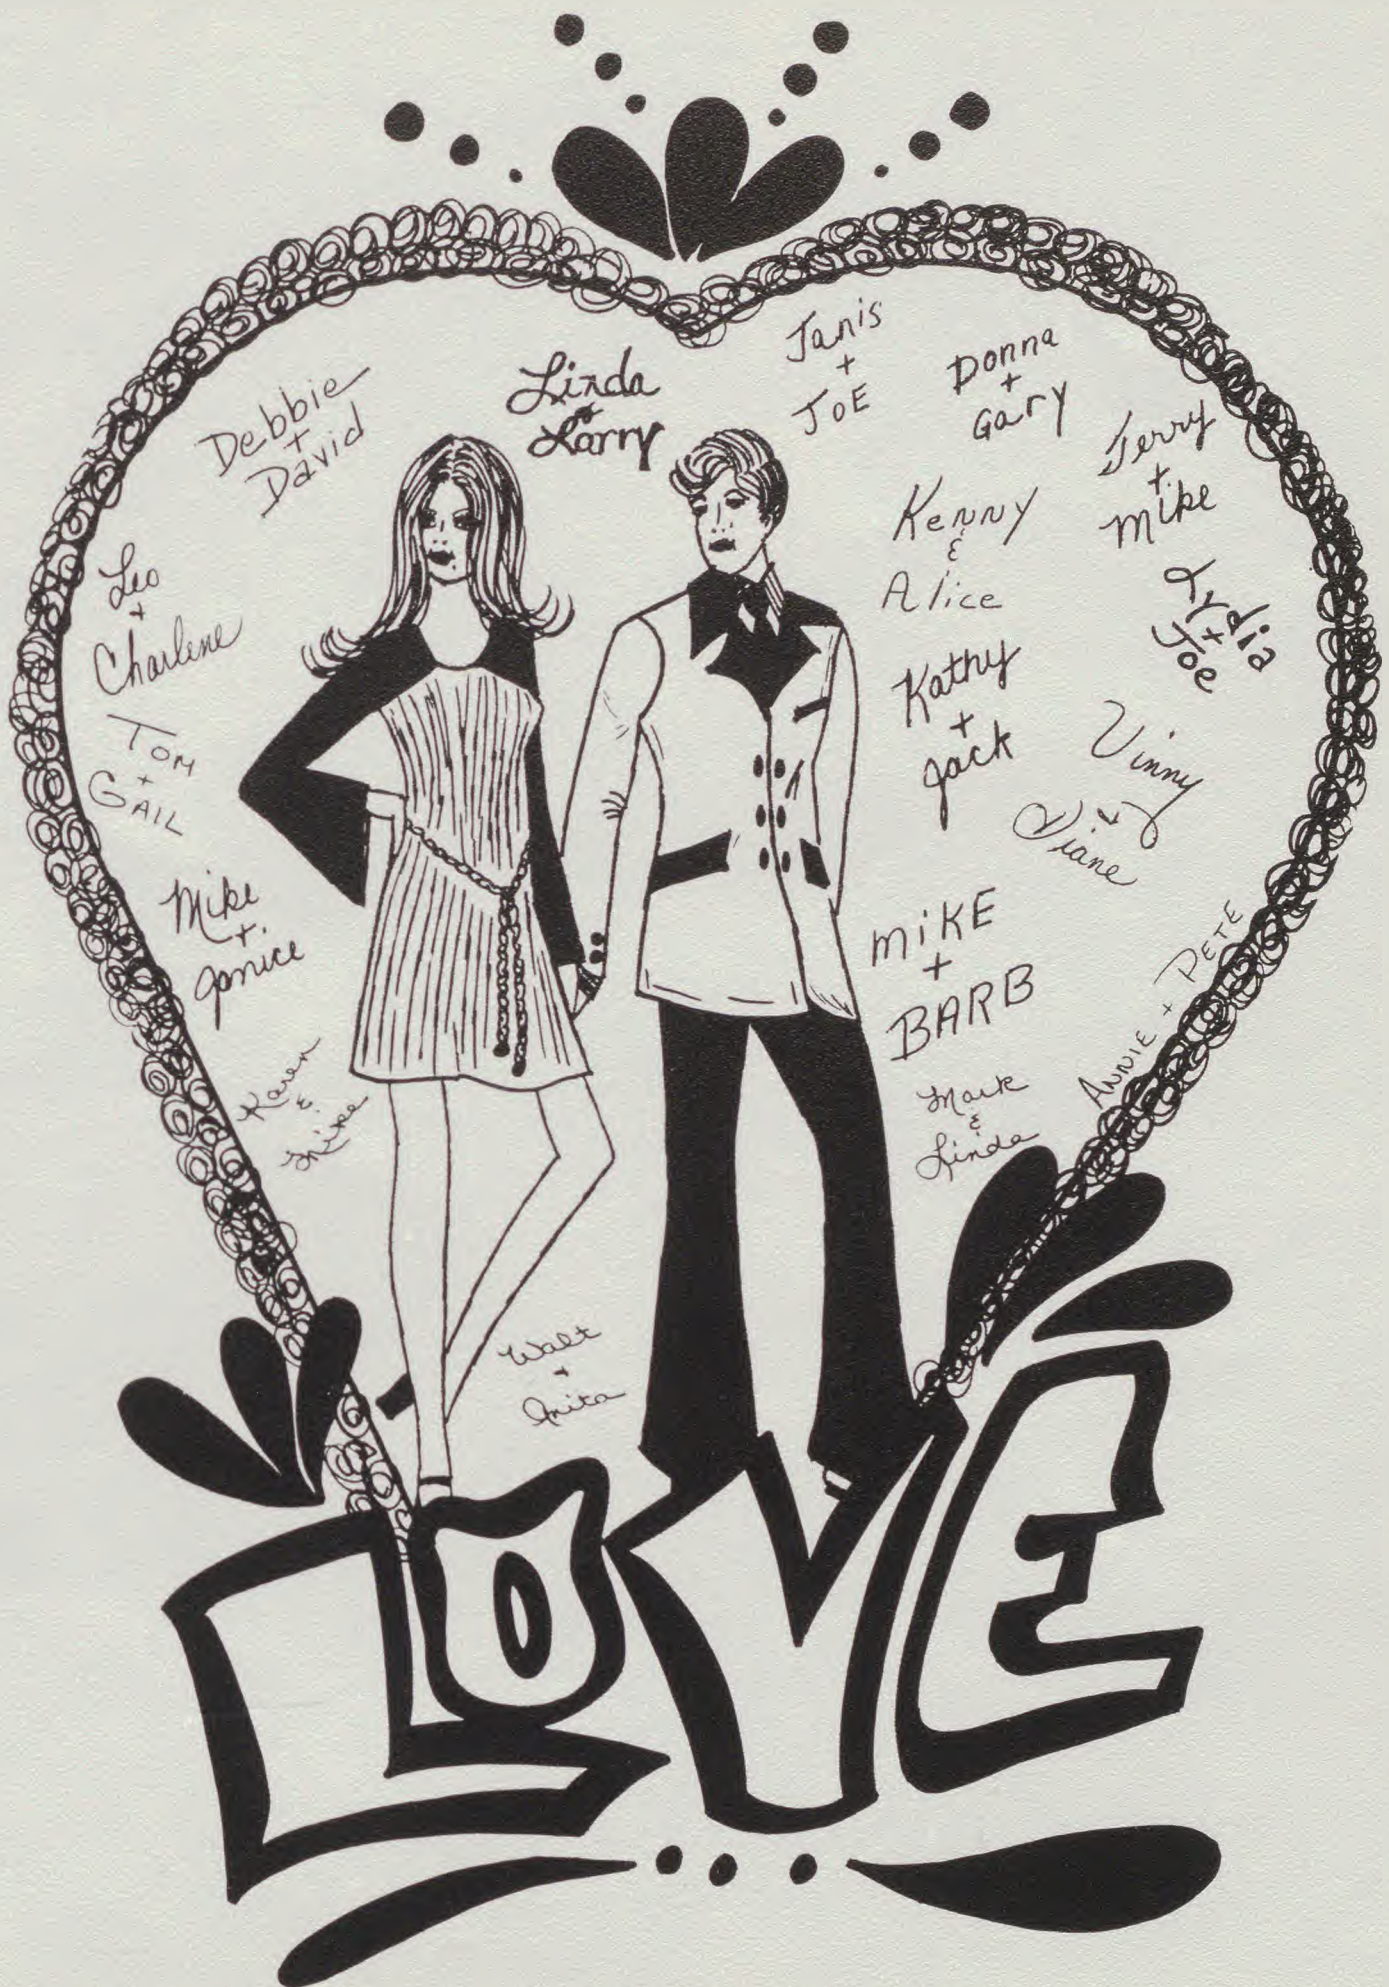

Miss Snider, who has been a dedicated asset to the faculty, will be leaving this year. Carteret High School will miss her loyal guidance and capable abilities.

## **ACKNOWLEDGMENT**

The Loudspeaker Literary Staff of the Carteret High School Yearbook, greatly acknowledges the sincere generosity of the National Aeronautics and Space Administration. Their assistance in rendering all materials, which immensely aided in the completion of our Yearbook, is deeply appreciated. NASA's enthusiasm in forwarding data plus photographs, enabled us to utilize their prints for our picturesque purposes. The Loudspeaker Literary Staff also wishes to express honored congratulations to NASA for distinguished success in the Apollo XI moon landing. In recognition of NASA's esteemed endeavors for mankind and in helping us, we have dedicated our Loudspeaker Yearbook to the three courageous astronauts—Neil Armstrong, Edwin Aldrin, and Michael Collins—who changed fantasy into reality. We have in a small way contributed in showing our gratitude towards mankind. In retrospect, we are proud to be a part of it. Therefore, we will cherish man's accomplishments and we will bear with his defeats.

## REMEMBER WHEN . . .

Our freshman dance was a huge success????????????????

We were afraid to go into Audrey's??

The balloons fell at our Sophomore Dance?

Our rings came?

We had no money for the Junior Prom entertainment?

Mr. Sotak broke a chair during play rehearsal?

We almost had a Powder Puff Game??

The rain washed out the girls marathon game?

We always got chased from the steps?

Helene tried to wear her granny dress in school?

Mr. Frushon hung from the balcony at the assembly?

When we got 3 days detention instead of 3 days suspension?

We got raided at the haunted house?

We built a 10 foot snowman . . . inside!???

Frank Toth rode around in his riot wagon with the guys?

The girls went to Sewaren with water guns . . . Wendy ended up in the Woodbridge police station?

We could tell the difference between a student and a teacher?

Our senior play was held for 3 nights . . . then called back for 2 more?

We looked up to the seniors?

We were freshmen?
