## TABLE OF CONTENTS

Carteret High School  
Washington Avenue  
Carteret, NJ 07008

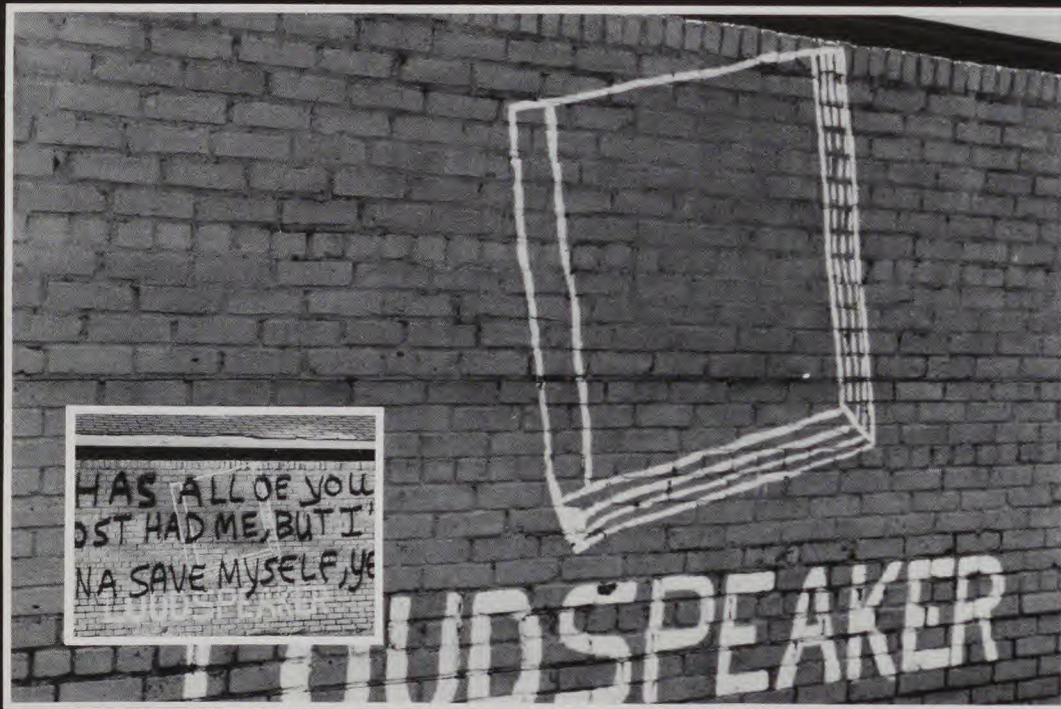

By definition, the theme is the basic thought or idea carried throughout the yearbook. What better idea than "Take it to the Limit!" Students here at C.H.S. strive for the best performance that can be achieved. This desire is common to all. It is found in scholars, athletes, musicians, and workers. Every student, no matter to which group he belongs, has some type of goal. This goal can be a team goal like winning a soccer match or a personal goal like scoring over 1000 on the SAT'S. Either way, people strive to be the best they can be.

After all what is the 80's, but an attitude? Not only can attitude shirts be found, but people with attitudes. Thoughts, opinions, and ideas a person holds are all an attitude. The most popular view is to be the best you can be. We, the students at C.H.S., have taken our years in school to the limit.

Junior Brian McComb-#12 and Senior Tom Lenahan-#63 demonstrate the positive attitude of C.H.S.

## NOT SO BOGUS

About four years ago a senior, Mike Saccone, graduated from C.H.S. leaving behind several paintings and murals. Many of these murals could be found in "The Pit" of Overholt Stadium, until mid-October this year when these paintings were defaced with graffiti. The message overprinted on the wall was clear; it was a sick message about "saving yourself before it was too late." The only thing too late to save was the wall, which one individual had worked so hard to create. These pictures represented different activities of the school like the Loudspeaker and band. All was ruined in one night by an unknown who obviously thought nothing of another person's feelings or hard work. He had finished the message with, "J.T. you're bogus." It is not J.T. who is bogus, but the individual who inconsiderately destroyed something others respected and appreciated.

## THE STORY OF THE ARROW

The arrow found throughout this book is a part of the theme also. It is found in each section to unify the entire book more effectively. Why an arrow? We find arrows all around; in traffic signs, in computer programs, and in notes to friends. But what is so special about the arrow found in this year's Loudspeaker? This sign represents striving farther and for more, taking our abilities and ideas to the highest level. The arrow points upward, then levels off, representing our reaching farther and then appreciating what we have accomplished. This pause is only momentary, for we soon will strive for more. This arrow represents the Class of 87's continuous drive for excellence during our four years at C.H.S.

# Freshmen: Now

Glancing around the hallway one notices a small shadow hovering next to the wall, running in hope of avoiding class make-up. These earthly creatures are otherwise known as freshmen. This year, freshmen have their own opinion on certain subjects. During a survey taken in October 1986, freshmen were asked what they think about CHS, the upperclassmen, and what they are looking forward to accomplishing. Many students feel that the school is "okay" and they look forward to getting out. Others hope to pass the proficiency test needed to graduate and have hopes of winning a varsity letter. Special classes, like home-ec and art are of interest to students. A great number of freshmen are thinking about getting their rings, driver's license, going to the prom, and finally graduating.

A few students have specific remarks about the upperclassmen. Freshman Michael Witkowski remarks, "The upperclassmen are very helpful and make good friends, except when you are a victim of a practical joke." Freshman Gregory Schaulvo writes, "Sometimes they (the upperclassmen) try to get money from you to use the elevator, but you need a key." Finally freshman Norbeto Diaz concludes, "The upperclassmen are sometimes rude to you and sometimes nice to you." Thus, these young people do have ideas and opinions. Let us try to remember these students are going to be upperclassmen soon.

# Reflecting: As Freshmen

As we reflect on our past years at Carteret High, we recall being freshmen. To some, the first year is one big blur, but others remember it as yesterday. Senior Scott Ammataro recalls, "I remember when twelve seniors beat me up and put me in the garbage!" This fear of upperclassmen was just one obstacle to overcome. Other conflicts like learning locker combinations for the first time, finding classrooms in three minutes, and meeting new people were all successfully overcome by us as freshmen.

When we entered high school, we each joined different activities, sports, and clubs. Senior Ray Grabowski comments, "It was the beginning of the new Rambler Band and a new start for me in a new school." Through these clubs, some of our best friendships were made that will last long beyond high school.

Others experienced freshman year in another school. Senior Caroline Castaldo remembers "traveling on a bus for an hour and going to a very large and overcrowded school and being worried." For Caroline and other new comers, adjusting to a different school occurred more than once. This great adjustment made by all freshmen is one of the most important steps toward growing up.

# CARTERET: SMALL TOWN U.S.A.

One unique aspect of any small town is when family members throughout several generations attend the same high school. This occurs here at C.H.S. Family members of other generations, such as mothers and fathers, not only went to C.H.S. but had some of the same teachers as students in the school currently. Principal Gilrain once was an English teacher at the school when some of the students' parents attended.

Both the parents and students have commonly attended a small, annual affair in town, called the Carteret Day Fair in September. The fair consists of a few rides for children and many stands from various groups like Pop Warner Cheerleading. This past year was the 80th anniversary of the Borough. Every year the fair is preceded by a short parade led by the Rambler Band. This year's fair was to be the last annual fair. Only special anniversaries will be celebrated from now on. Carteret is a small town where many people know the same people through several generations.

## KEEPING BUSY

Students at C.H.S. put much time and effort into their schoolwork. They average nine hours a day between working in school and doing homework. However, many students have found a way to spend the other part of their days-working a part-time job.

Though students generally wait until junior or senior year before they get a job, there are some who try to tackle it in earlier years. The reason for going to work vary from needing money for something in particular to doing it out of boredom. Whatever the reasons, everyone who attempts to devote time to both school and a job deserves a lot of credit.

Those who want a job either during the school year or over summer vacation do not have to look very far. It seems that new businesses have been establishing themselves all over town, thus creating many opportunities for students to become employed. Some of the most recent openings include Cozy Corner Ice Cream Junction, Toffuti Park, and the Wonder Store. Students can be found in older businesses as well as in these new establishments. From one end of town to the other, C.H.S. students can be found working, each for his own reason.

# Sophomores: Now

As newcomers to the school, freshmen have so much to look forward to, so much excitement and adjustment. Junior year is brightened up by the prom and the receiving of class rings and license. Of course, Senior year is something special in itself, filled with last minute adventures before the chances are gone and graduation arrives. But where does this leave sophomores?

It seems that all the exciting activities happen during the other three years of high school, leaving nothing spectacular for the sophomores. When this year's tenth grade class was surveyed in October on what it is like to be a sophomore, the responses varied from being okay to "Awesome!" as Roger Stolba put it. Most of the class felt that it is better than being a freshman because they feel more secure, get more involved, and have more friends during their second year in high school. Others have found comfort in knowing that they are "a step closer to being a Senior," as Kris Dueker felt. Some felt this year to be no different than last. Lisa Consiglio commented, "It's the same as being a frosh, but I know the way around the building."

Another emotion common to many was that of being lost among the crowd, or like a big rest period between exciting years. "It's strange being right in the middle of school, not really important and not really there," Dan Dohlstrom remarked. The basic feeling of sophomore year is summed up in the words of Stephanie Hack, "Sophomores are the time before you're something."

This year's sophomores have their own feelings as to what exactly their status is in school, and these feelings vary within the class. However, one fact remains true for these tenth graders: Junior year is practically here!

## Reflecting: As Sophomores

As seniors, we try to recall the precious moments of our years here at C.H.S. We can remember junior year, as if were yesterday, and freshman year left such an impression on us that it could never be forgotten. But sophomore year was kind of a nothing year for many seniors.

When asked what they remembered most from sophomore year, many seniors had no answer. "Sophomore year was sort of a blur for me," remarks Antoinette Smith. Isabelle Santos "hated it because we had nothing to look forward to." Others remember having easy classes and meeting more new people. The lack of major activities such as the prom caused many to create their own excitement. Vicki Toth recalls "getting into trouble," and Kathy Tharrington remembers getting "caught cutting class." Thus it was a year to test the limits and see how much we could get away with.

Some seniors had fun in the activities that were available at the time. Pep rallies, dances, and ordering class rings were among those mentioned.

The seniors remember as much as possible about sophomore year, but it was the typical time with nothing special going on, just as it is for the sophomores now. It did, however, make us become creative to keep ourselves entertained all year. It was a year for getting into activities, clubs, and trouble. Though they may be harder to recall, the memories of sophomore year will always remain with us.

As sophomores we began to discover who we really are. Pictured above: Mario Matamoros. Below (L to R): Patty Halek, Kim Colfer, Bernie Gautier, Bob Nerod, Mike DiMartino, Laura Grigni, Mike Wazeka, George Shornack.

# JUNIORS: NOW

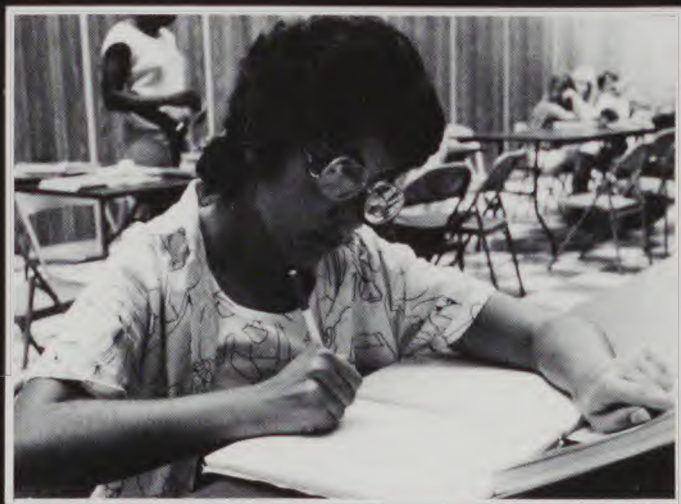

The anxiety of being "almost on top" and one step away from full seniority is overwhelming. The junior class was asked how they feel about being juniors, and the overall response was that there is more responsibility and the work is harder. Some expressed happiness that there are fewer people ranked above them than below them. Others looked forward to the traditional events during this year; the prom, the receiving of rings, and learning to drive.

Eric Ziegler saw the serious side that many students try to ignore. He commented, "You have more responsibilities and have to start taking charge of your life." Also on the serious side are the never-ending thoughts of college, which go hand-in-hand with the well-known S.A.T. tests taken during junior year. But it is not a year for just grades and plans of the future.

A large number of people responded the same way as Brian McComb: "You can stand tall because you know you are a bigshot in the school." Obviously the juniors feel superior to the freshmen and sophomores. But how do they feel about the mighty, mighty seniors?

When asked how they viewed senior year, most were anxious for its arrival. Gary Fedorco remarked, "The end is nearly in sight." With graduation right around the corner, the juniors view senior year as a time to enter the real world. On the other hand, some are in no rush for that to occur. "I really don't want to be a senior," commented Amy Antonello, "because then high school is almost over."

Although the opinions vary, each junior has to look forward to something. Though some events are nearer in the future than others, they are all equally important.

# REFLECTING: AS JUNIORS

Above: As Juniors, a favorite pastime was hanging out in front of the school. Some things never change! Below: (L to R) The Class of '87 exhibits school spirit at a pep rally. Could Juan Class actually be doing work?? Vanessa Nigro freshens up in front of one of the new, long-awaited mirrors.

There is a saying that the high school years are the best years in life. This may be due to the fact that each day of these years is spent among many friends. Probably the most eventful year is junior year. There are so many things going on that allow friends to get together.

When the seniors were asked what they remember most about their junior year, the prom was the most frequently recalled event. Other things high on the list were receiving class rings and taking drivers education. Of course, the thought of getting behind the wheel of a car for the first time is not easily forgotten. On the academic side, the SAT exams left quite an impression on many students. But more important than these events were the feelings that ran through everyone. Stephanie Szabo remembers "waiting for senior year" and Michele Stewart was able to "finally feel good because we were upperclassmen." With such positive attitudes, the class was ready for anything that year.

Some recalled more specific events such as a special game in their favorite sport or a night they went out "cruising with friends." Whether it be a big event or a short moment in class, each minute of junior year was something special to remember.

Pictured above: A Sweet 16 cake-face for Michele Stewart, compliments of Jackie Espinosa.

It was a cool April evening as many limousines pulled up in front of the homes of juniors. The rustle of the gowns could be heard as the women watched the men fuss with their cummerbunds and bow ties. For this evening, the students were indeed women and men as they celebrated the Class of 1987's Junior Prom.

Off to the East Brunswick Chateau! raced the limousines. There the young couples danced the night away to the music of Love Company. Some, however, were brave enough to show off their own musical talents. The performances of "Money for Nothing" by Mike Starsiak and "My Ding-a-ling" by Judee Bosze, Juan Class, Rita May DeGiglio, and Whitney Bonavita highlighted the evening.

The theme song, "Lost in Love," was accented by pink and grey decorations throughout the dimly lit dining room. The ladies and gentlemen enjoyed a night of fantasy into the early hours of the morning. As the limousines returned the young adults to their homes, the fantastic night drew to a close and the women and men were once again merely juniors.

# THE UNFORGETTABLE

## A retrospective glance at our high school experience :

Getting hit in the face with a field hockey ball.

Going to school in pajamas, and getting away with it.

Waking up three hours late on the day of the chemistry final.

Faking a fight with your best friend in order to get out of school for three days suspension together.

Forgetting your "cheat sheet" in class and having your teacher find it on your desk.

Cutting out of study hall to toilet paper your friend's car and house.

Coming to school late because you thought it was an "activities" day.

Staying home from school because of a bad perm.

Writing your term paper the period before the class it is due.

# Teachers Take It To The Limit

Thank you C.H.S. Faculty and Administration for taking your ability to the limit. You have given the students something more valuable than most would care to give. You have given unselfishly your time and years of experience. You have tried to create the best possible educational atmosphere in which we, as students, could grow and develop.

The atmosphere you have created encouraged us to seek our own individualistic ideas and personalities, while teaching us the value of friendship and teamwork.

You have instilled in us the values that we will take with us into our future as we attempt to take our lives to the limit.

# BOARD OF EDUCATION

Top Row: Eugene Brown, Vincent Cuozzo, Austin J. Fiore, Kenneth Brzozowski, Louis Mangieri. Bottom Row: Frances Nartowicz, Vice President Ronald Pusillo, President Reverend Taras Chubenko, Richard Greenberg.

The Board of Education of Carteret is a well-rounded group of individuals with their involvement on the board ranging from 25 years to the newest members of one year. This combination brings experience and fresh ideas to the group. Under the leadership of Fr. Chubenko, the president, the board strives to bring new concepts, different programs and innovative ideas into the system. The body's main goal is to continually improve Carteret's educational system while instilling a sense of pride in the people of Carteret.

Mr. Robert T. O'Donnell, Superintendent of Schools

Mr. Gerald M. Brown, Elementary Supervisor

### Office Of The Superintendent

The office of the Superintendent is responsible for the general overall supervision of the Carteret Schools. Mr. Robert T. O'Donnell, Superintendent of Schools, is responsible for the general administration of the entire district. Mr. Robert I. Turco replaces Mr. Gabriel Comba as School Business Administrator and Board Secretary. He strives to maintain a balanced budget and to implement the policies made by the school board. Mr. Gerald M. Brown, General Elementary Supervisor, co-ordinates the elementary program and supervises the elementary principals. Mr. Eugene A. Barrett, Director of Ancillary Services, co-ordinates and supervises all special programs throughout the district. Together these individuals keep the district up-to-date and ensure that there is continuity of instruction.

Mr. Robert I. Turco, Board Secretary and Business Administrator

Mr. Eugene A. Barrett, Director of Ancillary Services

## In Remembrance Of Mr. Joseph Zimmerman

### PRAYER OF ST. FRANCIS OF ASSISI

Lord, make me an instrument of Your peace.  
Where there is hatred, let me sow love;  
Where there is injury, pardon;  
Where there is doubt, faith;  
Where there is darkness, light ;  
And where there is sadness, joy.

O Divine Master, grant that I may not so much seek to be consoled as to console; to be understood as to understand; to be loved as to love. For it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life.

Amen.

"Ask not for whom the bell tolls; it tolls for thee." On November 23, 1986, Lawrence Joseph Zimmerman passed away. "Joe Z's" passing creates a void in the lives of those of us who were fortunate enough to really know him.

No one I know cared more for Carteret High School than "Joe Z." No one I know gave more of himself for so long a period of time. No one I know touched the lives of so many people, both the staff and students.

Yes, the bell tolled for all of us on November 23. A little piece of all of us died that day. However, the part of us that lives on is richer for having known "Joe Z", just as Carteret High School will forever be a better place because he was here.

TO THE CLASS OF 87:

Good luck and God Bless as you begin your journey through life. The following poem carries a message that will serve all of us in good stead.

CAN'T is the worst word that's written or spoken;  
Doing more harm here than slander and lies;  
On it is many a strong spirit broken,  
And with it many a good purpose dies.  
It springs from the lips of the thoughtless each morning  
And robs us of courage we need through the day.  
It rings in our ears like a timely-sent warning  
And laughs when we falter and fall by the way.

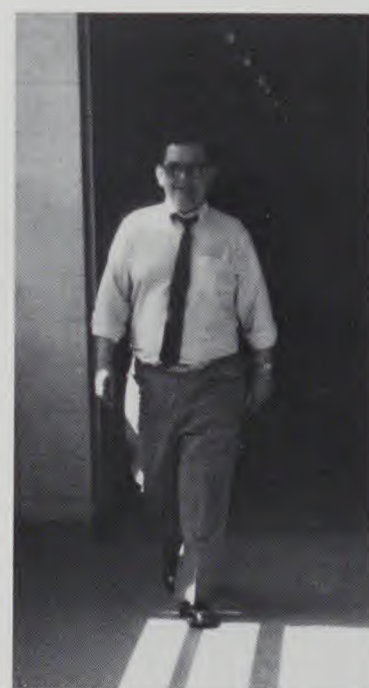

CAN'T is the father of feeble endeavor,  
The parent of terror and half-hearted work;  
It weakens the efforts of artisans clever,  
And makes of the toiler an indolent shirk.  
It poisons the soul of the man with a vision;  
It stifles in infancy many a plan;  
It greets honest toiling with open derision,  
And mocks at the hopes and the dreams of a man.

CAN'T is a word none should speak without blushing;  
To utter it should be a symbol of shame;  
Ambition and courage it daily is crushing;  
It blights a man's purpose and shortens his aim.  
Despise it with all of your hatred of error;  
Refuse it the lodgement it seeks in your brain;  
Arm against it as a creature of terror,  
And all that you dream of you someday shall gain.

CAN'T is the word that is foe to ambition,  
An enemy ambushed to shatter your will;  
It's prey is forever the man with a mission  
And bows but to courage and patience and skill.  
Hate it with hatred that's deep and undying,  
For once it is welcomed 'twill break any man;  
Whatever the goal you are seeking, keep trying  
And answer this demon by saying, "I CAN."

# Mr. James Gilrain Principal

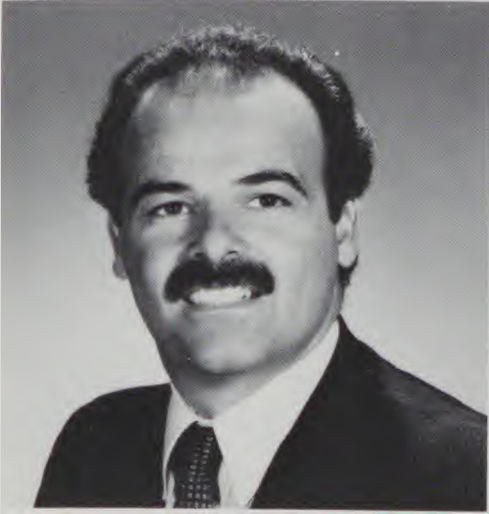

In 1965, Mr. Joseph Torre graduated from C.H.S. As a student here, he was very active. An athlete for all seasons, he played football, wrestled, and played baseball. He also served on both student council and class government. Sports editor of the *Loudspeaker* was yet another important role he fulfilled.

Upon graduation, Mr. Torre attended Lebanon Valley College, earning a degree in math education. He returned to his alma mater to teach math. His next role on the C.H.S. faculty was as guidance counselor which he held for seven years when he became one of two vice principals.

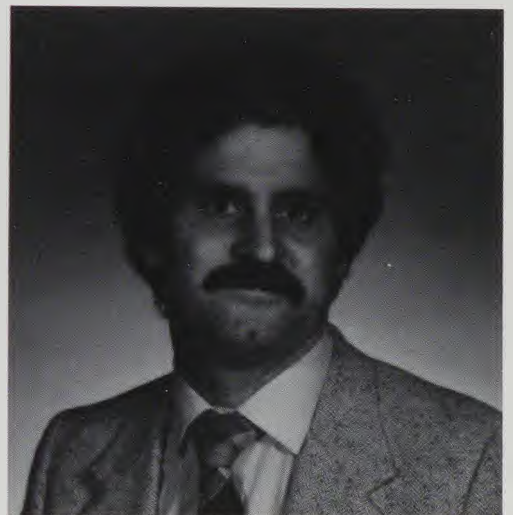

## Mr. Joseph Torre Freshman And Senior Vice-Principal

## Mr. Dennis Siddons Sophomore And Junior Vice-Principal

Mr. Dennis Siddons felt it would be a great opportunity to expand his abilities by becoming our new vice principal. A former member of the C.H.S. history department, he became Vice Principal at Lincoln and then at Minue grammar schools where he divided his time for three years. He then became Vice Principal at both Columbus and Cleveland schools for four years.

Mr. Siddons felt that by taking this position, he could accomplish a great deal because he's familiar with the family backgrounds of many students here at the high school. He is very enthusiastic about making the most of his new job and hopes to help the students and their families work together.

## Mrs. Mary Ann Checki Senior Counselor

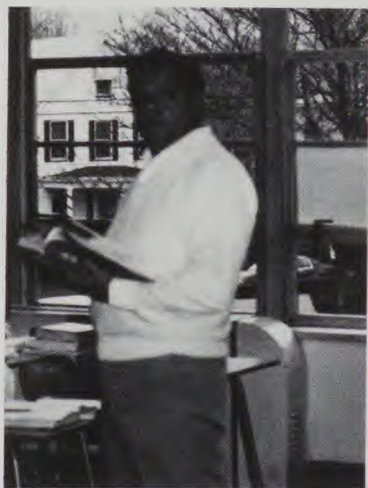

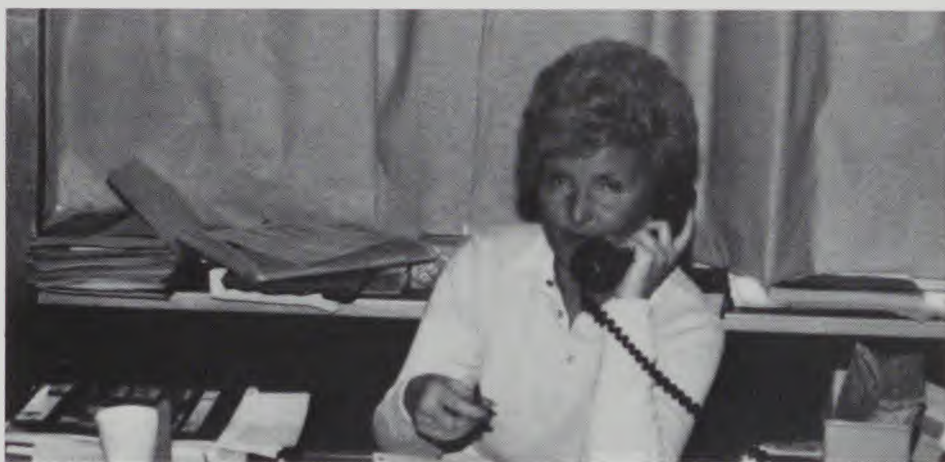

In every heart there is a love...

By now I hope you've learned the spirit of our alma mater - love, loyalty, courage and respect. We have, through our curricula and the mandates of the state, afforded you course work and options which should enable you to begin carving your own niches in the world. Hopefully, we have also imparted guidelines for the way in which you do so - with love, loyalty, courage and respect.

For each of you, success in academics, participation in activities, or the building of life-long friendships will be a lasting sign of the growth you have achieved in the past four years. Please don't erase the memory of the spirit which nourished that growth - the spirit of your alma mater.

To each of you I'd like to say - congratulations (for a job well done) and thanks (for being you). May you always enjoy the blessings of life - love, loyalty, courage and respect.

Love, your counselor,  
Mary Ann Checki

## SENIOR CLASS ADVISORS

To the Class of 1987:

We, as your advisors, are proud: Proud of the young adults who were children when our paths crossed in September of 1983.

As you leave Carteret High School, we ask that you take with you the memories of the past four years. Take with you the wealth of knowledge you have acquired, the many friendships you have developed, and the confidence you have gained in yourself to be the best that you can be.

Above all take the time to be happy with yourself, for if you are happy with yourself, you are truly prosperous.

TAKING IT PERSONALLY

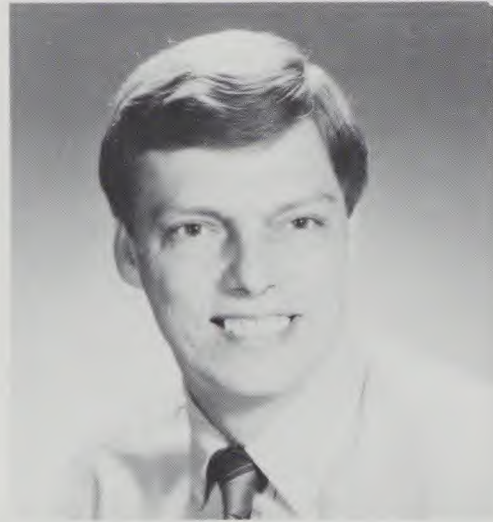

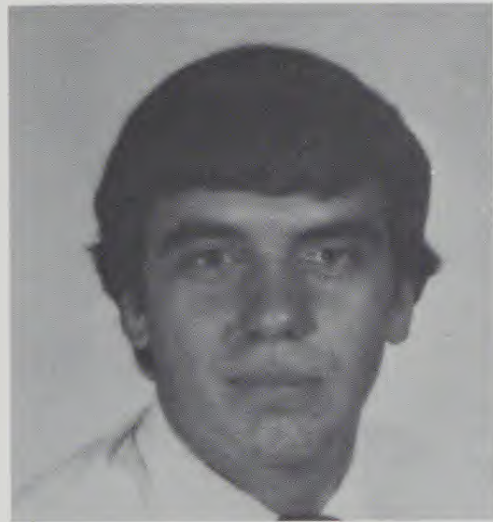

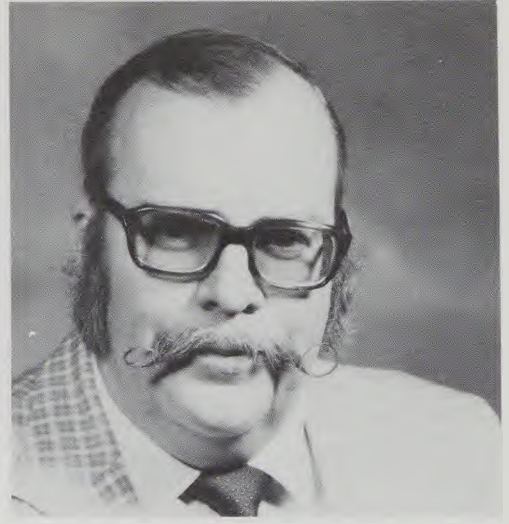

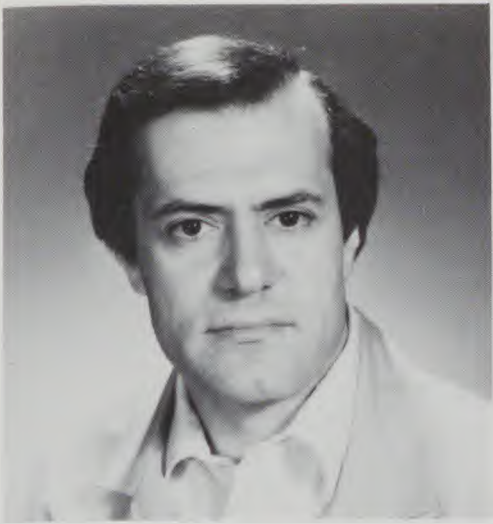

Mrs. Krugman has been teaching at C.H.S. for twenty years. Mrs. Krugman knew she always wanted to be a teacher, but she didn't always know which subject she wanted to teach. It was a toss-up between music and history. She decided her major would be history and her minor would be music.

Mrs. Krugman is the advisor of the Tournament of Excellence and the International Travel Club. The Tourna-

ment of Excellence has been in existence for five years. Students are recommended by faculty members because they are academically talented. They compete in several competitions every year. Each year the team gets better and better. The ITC was formed in 1984 to plan trips abroad if possible. This club offers students the opportunity to see the world and learn things that cannot be learned in a classroom. Ideally, Mrs. Krugman would like to put all her World History students on a boat and as they learned about different cultures and civilizations, they could see the sights first hand. This dream of Mrs. Krugman's represents her deep commitment to teach to all students. Through her classes and clubs, she attains a part of her goal.

**Mrs. Masterson** has been teaching at C.H.S. for twenty-three years. She enjoys the students and the environment in which she works. She feels that everyday is a challenge and a reward.

Mrs. Masterson worked as a chemist prior to teaching. Although there was a salary decrease from industry to education, she feels teaching the students at C.H.S. is a lot more satisfying than the mon-

etary rewards.

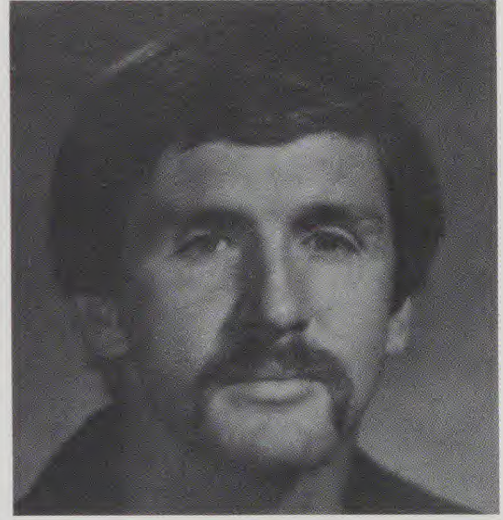

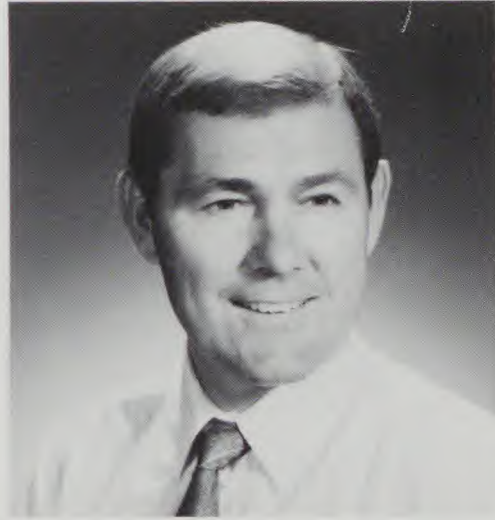

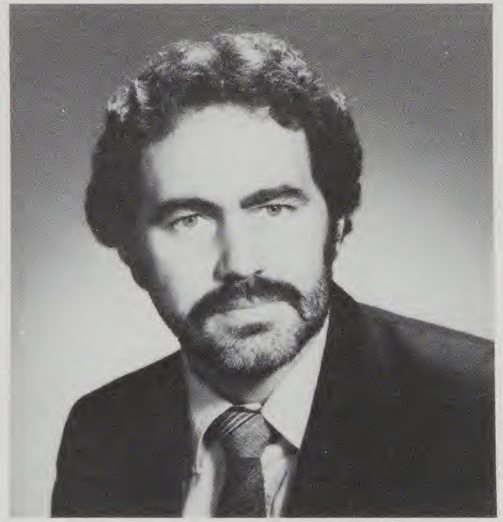

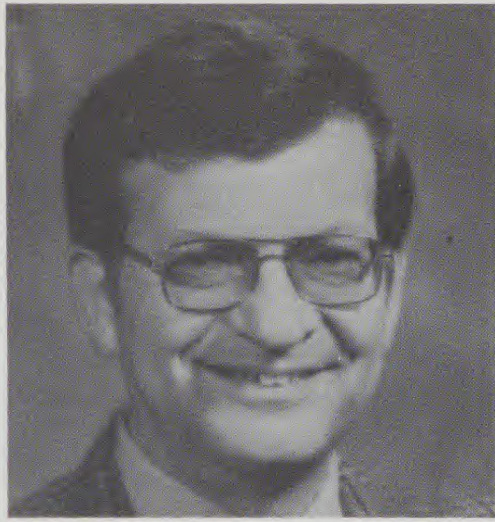

The first award Mrs. Masterson received this year was the Presidential Award for Outstanding Science teacher. She was one of three teachers chosen from the state to receive this award.

The second award was the National Award for Outstanding Science Teacher. She also received an award for being an outstanding Science teacher in NJ.

TAKING IT PERSONALLY

**Mr. Anthony Spaldo** is an English teacher here at C.H.S. He has been with the school for 17 years. One of his major contributions to the school is directing the school plays. He states, "It helps students come out of their shells. A strong bond is formed as the students pull together as one unit to perform!"

Mr. Spaldo had professional training as a member of such theater groups as Renaissance Theater Company and the New Stage Craft Company. He has also appeared on some soap operas and dramatic television shows. Mr. Spaldo uses these experiences and abilities to the fullest to produce quality plays here and to enlarge the scope of his students' awareness of theater.

TAKING IT PERSONALLY

**Mrs. Nancy Doherty**, a veteran of fifteen years at C.H.S., said that she knew at an early age that she wanted to teach. The reason she knew was due to the satisfaction she had gained from learning. She also feels a sense of satisfaction when she teaches. She knows her efforts are being rewarded by

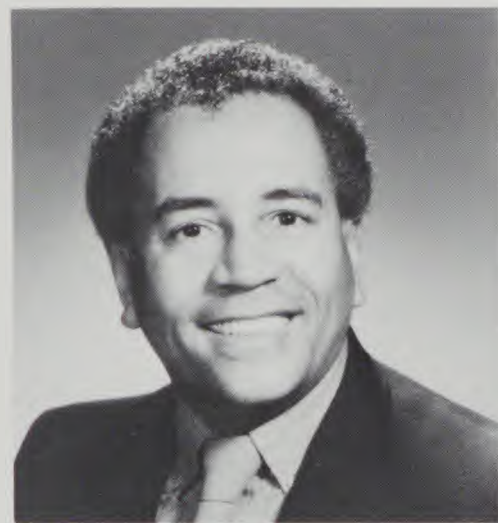

those students who excel. Mrs. Doherty gives more than 100% when a student is not fulfilling his potential, but asks that the student give at least 50% in return.

Mrs. Doherty puts extra effort into her job by trying to improve the program. She and other teachers do this by attending workshops to update their computer knowledge and learn the latest, most modern methods to improve student skills and attitudes towards computers.

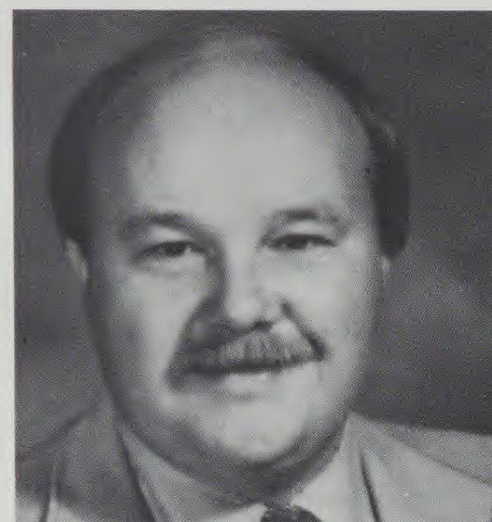

Mrs. Doherty can be said to be a teacher for a better tomorrow through business.

Mrs. Crater has been teaching French at CHS since last April when she replaced Mrs. Holleuffer who is on maternity leave. Mrs. Crater is a native of France. She attended grammar school in Geneva, Switzerland and high school in Paris, France. She then came to the United States to attend Hunter Col-

lege in New York. She has also done course work at the graduate level at Rutgers. After completing her education in the United States, she decided to remain in the States to work. Mrs. Crater's family worked for the United Nations which allowed her to live in many different places. This varied international background has enabled her to bring a special flavor to her classes.

# Underclassmen Are The MAJORITY

Underclassmen are a majority in the student population at C.H.S. Freshmen come to this school unknowing and frightened. Sophomores are only too happy not to be Freshmen anymore and Juniors are anticipating the coming of the prom.

Juniors feel superior, especially to the freshmen. They become more involved in extra-curricular activities and some, if they are old enough, hold a job. One major event in a Junior's life is getting his school ring. On October 10, 1986, the class of 1988 received their rings. Another Big Deal is the Junior Prom which was held on May 1, 1987.

Sophomores, on the other hand begin to struggle through this year. The only major significance that happens is that they order their school rings. Many of them fall into a rut because for them, school is a day-in, day-out type of thing.

Freshmen, however, are totally fascinated all year long. They discover new friends, surroundings, and classes. They find themselves in a new school where they will expand upon their education for the next four years.

Underclassmen are a key and important part of every yearbook.

"We're almost there!" That comment is one repeated by every Junior of the Class of 1988. They've overcome freshman anxieties and sophomore blues and now they suffer from Junior Anticipation. They sit on the edge of their seats, waiting for that second week of October when they will get their school rings.

Or they wait for that magic moment called "The Prom!" In March, the girls began looking for that perfect dress that they wore to dance the night away. The guys at this time were worrying about costs: limo, bids, tux and flowers. When all the excitement was over, the Juniors began only to think, "Only a couple more weeks and I'll be a Mighty, Mighty SENIOR!"

### RING DAY

October 10, 1986 was a very important date in the history of the Class of 1988. This was the day the class received their class rings. Anyone who attended the dance heard the words, "Turn my ring" uttered to them at least once. This special moment was shared, not only with the Junior Class, but with the entire school. The Juniors personalized this Ring Dance by standing in the middle of the gym with blue and white balloons and on the count of three let them rise to the ceiling. The Ring Dance was a special moment in the high school years of the Class of 1988 and will always be remembered.

### THE SPIRIT STICK

The Spirit Stick is an item that Freshmen don't know about, the Sophomores want, the Seniors expect to have and the Juniors won. On November 26, 1986, the Junior Class won the Spirit Stick at the pep rally for the Thanksgiving Day game against Perth Amboy.

The classes were judged by how loudly they responded to the cheers led by the cheerleaders. Then the teachers made the final decision and selected, of course, the Junior Class. The class had won the stick 3 times in a row; therefore, it became ours for keeps, until we graduate in '88. We are a unique class, full of spirit for our school.

"Somewhere in the middle, I guess that's all I am," Sophomores think to themselves. If you were to ask an upperclassman if he agrees, they would say, "Yes, but that's not all a sophomore can be!" Take for instance a sophomore football player. For all he knows, at the end of the season, he could be getting the recognition that a junior or senior was expected to get. But, a sophomore? Yes, a sophomore!

That may be hard to accept if you were that junior or senior, but when you get down to it, although they aren't upperclassman, they are just as much a part of C.H.S. as a senior is, and yes, they are people too!

So when you are down in the dumps and can't believe you are still a sophomore, just remember to live for the moment and never forget your past, but always dream about your future. Those first two years only come around once and for some people that's just not enough....

**Special Report: Sophomore Slump Hits Again!**

Each year, at least half of every new sophomore class comes down with a dreaded case of "Sophomore Slump." "What's sophomore slump?" "Can I get it?"

Yes, I'm afraid any sophomore can get it. However, one way of preventing it is by knowing the symptoms:

1. Lack of excitement
2. Irregular questions such as "What am I?" "What's a sophomore?"

By knowing these symptoms, you can increase your chances of being passed over by "The Slump". As of now, there is no known cure for this epidemic, but if you should notice these symptoms, keep your chin up and never forget that you are a sophomore. Be proud! Also, always remember and never forget you can conquer "The Sophomore Slump"!!!

What is a Freshman? "The new kid on the block." "The smallest pebble on the beach." "The lowest man on the totem pole." All of these cliches refer to a Freshman's status.

Entering high school is a whole new scene. Adjustments and decisions must be made. Finding his way around is a major hassle for a freshman. In addition to more classes, he comes in contact with many new teachers and students. Some upperclassmen look down on the freshman and it makes him feel as if he will never fit in. The courses are tough and he must work hard to make the grade. It seems he is forever struggling for recognition. What happened to all those fun times he was supposed to have?

By mid-terms, things are looking good. Our freshman has made new friends, joined in activities or sports. Slowly but surely, he's making a place for himself. He has had ups and downs but now he's got his act together.

He's made it and his shout is heard, "Move over Sopnomores! Here we come, the Class of 1990!"

### THE DAY!

The big day! No, not Christmas! Not a birthday! Not a major holiday! A very important day, however.

Preparations are complete. The new clothes, the shoes, the "notebook" and pens are all ready. The alarm goes off at 7:00 but you've been awake since 5:00. You can't eat breakfast. Too nervous. No matter what, you still look like a "child."

You meet your friends at the corner and you begin one of the longest walks of your life. Did you remember your schedule? Do "they" really have two heads? Do "they" devour 14 year olds in one huge gulp?

You're finally at the door. You take a huge gulp of air and walk through the door. It's here! September 3, 1986! Your first day of high school. You're really a Freshman, a member of the Class of 1990.

# Limitless Activity

What would it be like without any clubs or activities in which students could participate? The answer for most students would be a school with a monotonous schedule of required classes and nothing to look forward to in the middle of the week. The school, on a whole, would become a stagnant pool where there would be no life.

Clubs promote a school spirit in which all members strive to make Carteret High School #1. Competitive clubs often have students competing with other students from various schools. Here we can show our rivals the best which CHS has to offer. Other clubs which greatly support this school are those which cheer on the sports and never give up when we lose.

An activity which can be seen almost everyday at CHS is fund raising. Here club members cooperate fully and strive to raise a certain amount of money. Fund raisers include bake sales, marathons, candy sales at every holiday and any other sales which the advisors feel will work. The profits are often used for the club's donations to a variety of charitable organization, or for the club's enjoyment.

Other clubs are just for students to come together at least once a month and share an interest which they all have in common. This creates a social atmosphere in which students can relax from everyday curricular pressures.

All clubs at Carteret High School provide the students with school spirit, a willingness to cooperate with others to reach a certain goal, and an outlet to bring out creativeness. But most important, all the students just have fun.

Every year the yearbook staff tries to improve the quality of the yearbook. This year Mrs. Grace is emphasizing the importance of writing. They say a picture is worth a thousand words, but twenty years from now details will become fuzzy and pictures will no longer mean anything without writing to help us remember.

Articles this year are sharper, more detailed and somewhat humorous at times. The importance of stopping a minute to recollect in the future is the yearbook's main goal. It may seem at times, difficult to achieve this goal on time, but every year the staff pulls together and the yearbook is created.

This may look like the only problem, but Mr. Nelson has to contend with the financial situation. Money must be raised for production to continue in creating this historical book. This year students will say that this yearbook is the best in years!

# THE NATIONAL HONOR SOCIETY

## HERE TO SERVE OTHERS

The National Honor Society is a group of students who have been chosen because of their academic excellence and their vast participation in after school activities. It is an honor to be chosen by the faculty and administrative selection committee as one of the few. However, with honor comes responsibility. The Honor Society's motto is "service." Each national group is expected to perform a service to either help the school and its students or the community as a whole. Money is often raised for charity. The chosen charity is often decided among the members. This year's fund raisers include a turkey shoot, which has almost become a tradition at Carteret High, the selling of stationery, and at Christmas time, the raffling of a large Christmas stocking. Plans for a large scale fund raiser are in the minds of all the members. All these activities keep the members busy all year round until it is time to choose a new set of members for the year to come.

Row 1: Mrs. Chiravalle (Advisor), T. Kahora, J. Perry, J. DelVacchio, D. Perez, L. Grigni, C. Sinnott, C. Colby. Row 2: R. Butynes, E. Sheerin, A. Ruela, F. Muhammad, J. Donovan, J. Bosze, T. Lenahan, K. Colfer.

The inductees anxiously await the saying of the Pledge of Allegiance and the beginning of the installation ceremony.

Mrs. Chiravalle calls the new members forward for their induction.

# THE TOURNAMENT OF EXCELLENCE

## TAKES TRIVIA VERY SERIOUSLY

Row 1: D. Perez, J. Del Vacchio, E. Ko, H. Shah, K. Grabowski, R. Joel, J. Mudrak, M. Traina, Mrs. Cender (Advisor). Row 2: T. Kahora, C. Sheerin, C. Sinnott, P. Healy, E. Sheerin, C. Colby, A. Daunarummo. Row 3: J. Bensulock, S. Cho, M. Mudrak, A. Carter, S. Ammaturo, G. Munro. (Not pictured: Advisor Mrs. Krugman).

Trivial Pursuit is a hot game and the members of the Tournament of Excellence find it not only fun but easier to play than most people. The members are selected by Mrs. Krugman and Mrs. Cender because of their vast knowledge in numerous subjects. These members are academically well rounded from subjects such as literature to sports. With this knowledge, the club competes against other schools. This year was Carteret High School's year to compete in the Rutgers Bowl. Mrs. Krugman selected an excellent team of John Bensulock, Glen Munro, Erin Sheerin and Mike Mudrak to represent Carteret. This team proved to be a threat for others because they won by over 100 points. They were completely at ease in front of the T.V. camera. At the second competition, luck was not on our side. It was also not on the side of the team who competed in the Challenge game. Back to the practice games because there is never enough trivia one can learn.

The four Tournament of Excellence participants were congratulated by their fellow members after a stunning victory.

John Bensulock, Erin Sheerin, Glen Munro and Mike Mudrak await the first toss-up question.

Mrs. Krugman appears quite satisfied with her team's performance in the Rutgers Bowl.

The score says it ALL!

# CHEMISTRY CLUB

This year's Chem Club is as active as ever. Led by their advisor, Mrs. Mary K. Masterson, the club has visited both FMC and US Metals and plans to make many more excursions to scientifically informative companies. Besides taking trips, the club plans to re-label all the chemicals in the lab as a club project, to increase the safety of the lab. The Chem Club is beneficial to the students because it exposes their minds to more knowledge and experiences.

Barlowe, R. Nagy, J. McCrae

V. Chelak, D. Gupta, J. Consiglio, Mr. Grobe (Advisor).

# SCIENCE CLUB

The Science Club is made up of only three people, but they all have a love for science. The advisor, Mr. Grobe, wishes to pass on his knowledge of the subject to students, thus creating this club. This club was created just this year. As a result it is very small in size, but as its popularity grows during the years, the size will surely increase.

# ENVIRONMENTAL STUDY GROUP

The Environmental Research Group advised by Mrs. Masterson gives the students a chance to participate in doing experiments outside a course and to learn about his or her environment. This year they have analyzed the air in Carteret. Furthermore, they have taken air samples from varying conditions, e.g. in the girls' bathroom compared to the nurse's room. The Environmental Research Club gears the students to a broader exposure to learning about our environment.

# CHEMISTRY OLYMPICS

CO<sub>2</sub>, NaCl, Ca - All these letters, but what do they stand for? It's easy to know what they are if you are a member of the Chemistry Olympics. An excellent chemistry teacher, Mrs. Masterson, selects a few of the best chemistry minds and puts them in a club. At the meetings these students perform experiments to find answers to chemical problems. When the answers have been figured, they show all their work at competitions. These competitions are held around the state against many schools. These competitions give truly interested chemistry students a chance to experiment and discover things that might be beneficial to all in the future.

# ACADEMIC LEAGUES

## MATH LEAGUE

Taking a test after school sounds crazy to some students, but to those who love math, it is an exciting challenge. Mrs. Cender, and Mr. Di Sarro are advisors for the Math League. They select members who have an interest and can excel at figuring difficult math equations. Once a month, after school, members take a test consisting of five problems. Their scores are then compared to the other schools who are competing. After competition, a snack is given out to give the students an opportunity to be social. It is a chance for schools to get to know each other. Although our school has not ranked very high, it is the experience of an academic challenge and the socialization with other students which makes this club important.

Row 1: Mr. DiSarro (Advisor), A. Daunarummo, C. Sheerin, E. Sheerin, I. Alexander, C. Colby, H. Shah, F. Muhammad, Mrs. Cender (Advisor). Row 2: A. Carter, M. Mudrak, J. Fenenic, E. Ko, A. Smith, T. Kahora. Row 3: R. Butynes, S. Cho, J. Bensulock, S. Ammaturo, G. Munro, B. Perhacs.

Row 1: Mrs. Polisenno (Advisor), J. Fenenic, M. Cho, E. Ko, H. Tadras, M. Shah, C. Sheerin, S. Matisz, P. Carley, Mr. DiLuccia (Advisor). Row 2: D. Fedroff, A. Carter, S. Cho, K. Portington, M. Traina, W. Barlowe.

## SCIENCE LEAGUE

This year's Science League has competed rather well and shows great potential for the future. The league consists of three divisions of science: Biology, advised by Mrs. Polisenno; Physics, advised by Mr. DiLuccia; and Chemistry, advised by Mrs. Masterson. Students who are either currently enrolled in one of these three courses or who have previously completed them, are eligible to compete if they are selected by the advisor. From January to May, the CHS Science League competes with other schools by taking tests. Each division must have five members to qualify as a team. However, only the top three scores are counted in the competition.

The CHS Science League has done very well in previous years, and it is expected that it will continue to excel in these competitions.

# PRE-ENGINEERING CLUB

D. Fedroff, D. Turco, G. Erdelyi, G. Liecwicki, D. Leatherman, B. McComb, Mr. Arnold (Advisor).

Mr. Arnold advises a number of students who are interested in a future career in engineering. Together they have formed the Pre-Engineering Club. This club teaches its members the basics of what is needed in an engineering career. During the meetings, drafts are made of mechanical objects and vehicles in order to prepare the student who is interested in mechanical engineering. A sophisticated Apple Computer is also used because of the growing demand for all engineers to be well educated in its use. This field is growing rapidly and the competition among other engineers is great, but the students of Carteret have the background needed for their future careers.

# HOME EC

Row 1: S. Johal, N. Johal, D. Kelly. Row 2: A. Kazio, K. Dueker, T. Hines, T. Mitchell, R. Bieniaszewski, T. Bracciale, K. Esposito. Row 3: M. Pascal, E. Platt, S. Singura, A. Ribiero, H. Hendren, L. Jones.

The Home Ec Club, advised by Mrs. Lynes and Mrs. Singura, takes pride in the foods and baked goods that they prepare. The club not only cooks for itself, but shares the foods that they prepare with the rest of the school.

As a fund raiser, the club sponsored hot dog sales on Fridays at lunch time. This gave those who stay in the lounge to eat a hot lunch. On Halloween, the club sold delicious homemade chocolates in the shape of pumpkins presented in various colors. During Christmas, the club usually creates a gingerbread house.

Later in the year, the club will have the opportunity to participate in various cooking competitions. This club is definitely for those who love to prepare good foods and learn the art of creativity in the kitchen.

# AN EMERGENCY? C.P.R. CRASH UNIT

Emergency! This is a signal for a group of concerned and dedicated students and teachers to demonstrate their expertise. These individuals have learned and are able to apply the life-saving technique of cardiopulmonary resuscitation. The advisors of this very important group are Mrs. Bodnar, the school nurse, and Mr. Gonczlik and Miss Vitale. When an emergency arises, it is best to have one of these people by your side.

## FUTURE TEACHERS OF AMERICA

In a school, it only seems obvious to have a club for those students who wish to become future teachers. The Future Teachers of America, advised by Mr. DiSarro, is organized to inform those who are interested in a career as a teacher. The students and Mr. DiSarro discuss the financial problems of being a teacher and the rewards of a child learning. It is for those who thirst for knowledge and wish to share it with other people who are uninformed. With the caliber of members in the club, the nation's schools will prosper and grow.

# THE BUSINESS WORLD

Machinski.

The FBLA (Future Business Leaders of America) is one of the clubs which prepares its members to be the best in the business world. Under the direction of Mrs. Cunha, the students are very interested in making the transition from academic life to the business world. Competition is very difficult out there, but the students get plenty of competition against other schools from New Jersey. FBLA members have participated in the state competitions for many years and have done very well in the individual categories.

The business world is tough, but with these students' experience at Carteret High, who knows who will be the next Donald Trump.

## C.O.E.

The COE (Cooperative Office Education), advised by Mrs. Kopko, is a club which integrates academic studies with the responsibility of employment. The students must first attend classes in the morning. Then after 11:00, they get ready to tackle the adjustments to the outside world. Various employment opportunities include secretarial work, sales work, accounting, and banking. This club is important for those who choose not to go to college, but seek a career in the business field with the help of their Carteret experience. Mrs. Kopko is proud to send out good students to be fine workers.

# DECA I AND II

DECA stands for Distributive Education Clubs of America. This organization is for those students who have an interest in Marketing and Distributive Education. The program provides education for those who may pursue a future career in the marketing field. The junior students are instructed in such subjects as Finance and Credit, General Merchandising, and Food Marketing. The juniors are given the responsibility of running the school store. The money raised at the store, after costs have been paid, is used to lower the costs of traveling to competitions. The competitions are a major part of the student's education. Awards are given to those students who excel in merchandising. Competitions occur both at the state and national level. Mr. Scally, the advisor, does a fine job in running the school store.

Seniors are provided with work study experience. At 11:00 each day, the students leave school to attend work in a merchandising area.

# VICA

The Vica Club, headed by Mr. Walsh and Mr. Tucker, is one instrumental club to both its members and to society. This club offers its members a vocational career which the students practice during the afternoon hours. It's an organization that helps students hold a responsible job in the real world.

# FORENSICS

Row 1: S. Hornak, L. Lourenco, L. Grigni. Row 2: A. Ruela, C. Sinnott, J. Bosze, Mrs. Simon (Advisor).

Mrs. Simon found a need to form a club that would enable the members to speak out openly. She formed and advises the Forensics Club in order to give students a chance to express their views on vital topics that plague the country. The group was formed after a paper was written in Public Speaking on what it means to live in a democratic nation. This was a controversial topic because to all students, democracy means different things.

Although the club is not called the Debating Club, it serves the same purpose. Speaking out is a right of all, but the Forensics Club takes it one step further by continually speaking out on the problems of the U.S.

## LITERARY MAGAZINE

The talent here at Carteret High is never ending and Mrs. Silverman acknowledges this. She has found an array of writing ability and as a result, she has composed a Literary Magazine Club. The members of this club have an interest and a talent in writing short stories and poetry. They can express their thoughts freely in a concise literary format. Mrs. Silverman feels it is important to showcase the student's talent in a magazine through which other students can appreciate their peer's work. This is a chance for students who wish to become future writers and poets to practice their profession.

The Editorial Board-S. Cackowski, P. Osborne, A. Reynolds, M. Pineiro, E. Smith, A. Carter, A. Dueker, T. Kahora, Mrs. Grace, P. Healy.

This year a new format is being used to create the *Anne Scott News* headed under a new advisor. The new advisor is Mrs. Grace who is in charge of a whole new system of creating and distributing this newspaper. This year the Board of Education decided to underwrite the costs of the newspaper, therefore, making the newspaper available to students free of charge. They also decided it would be better for the community of Carteret for all students at the high school and grammar schools to receive the *Anne Scott News*. This would create unity between the two levels. Another change, that is for the better, is the distribution of the paper twice per month instead of every three months. Mrs. Grace feels there is enough activity going on in the schools of which the students

should be aware. The newspaper looks similar to the *Atom Tabloid* newspaper and is printed in this shape. The format is the major events on the front page and regular articles inside. The inside pages include elementary school news, a club corner, and a section for the principal of the high school, Mr. Gilrain, to reflect his thoughts. The last page is completely dedicated to sports news. The Editor-in-Chief, Allen Carter, has much help in informing the students with his staff of nine editors and students to help the editors. The reaction to the newspaper has been great because the faculty and students like to be informed of the activities occurring. The purpose is to inform all students of Carteret and the rest of the community and that is exactly what is occurring!

VOLUME XXXX, NO. 3

CARTERET HIGH SCHOOL

DECEMBER 19, 1986

## ORIENTATION CONDUCTED

On November 18-21, CHS students involved in the National Honor Society and the Student Council acted as escorts for eighth grade students from Columbus, Lincoln, Nathan Hale, and Minue schools to help revise the high school orientation program.

Students were taken to observe high school classes in order to get a more realistic view of life at CHS. Some of the visitors received class outlines and proficiencies while others just observed the classroom procedures and the work involved.

Generally, questions were asked about homework, detention, teachers, and the difficulty involved with the classes.

This presentation seemed to be very helpful to prospective freshmen. As senior escort Carol Colby said, "It gave them a better view of what's coming up."

Mr. Gilrain presented the NEDT Certificates to a number of our student scholars on December 2, 1986. Students received the award for scoring above the 90th percentile on the national test. Presented the award were Wayne Barlow and David Dombrowski (kneeling) and Mr. Gilrain, Susan Matisz, Larisa Hayduk, Vera Carley, Josefa Aspres, and Guidance Counselor Miss Mincieli. Not present at the presentation were David Fedroff and Lori Polonscak.

## JUNIORS WIN STICK

by Pam Healy

The Junior Class of CHS won the Spirit Stick contest at the Thanksgiving Pep Rally on Wednesday, November 26.

This was not the first time that the Class of '88 has won the contest. It was their third consecutive victory. Thus, the Juniors were given the spirit stick to keep.

The Junior Class showed their school spirit through loud cheering, hand clapping, and flamboyant decorating of their section of the gym.

## MR. TUCKER RECEIVES CIE AWARD

The New Jersey Cooperative Industrial Educator's Association sent a letter of appreciation to Mr. John Tucker for his many years of work and dedication to the officers and members of the association. He has served as Vice President of the Central Region and was, for 2 years, State representative of the C.I.E.

A certificate was awarded to Mr. Tucker for supervision of the creation of the American Legion Memorial Cemetery in Carteret for Memorial Day, 1986. Mr. Tucker was given the honor on October 2 this year. The advanced woodworking classes at CHS built 80 to 90 crosses to commemorate Carteret's veterans.

Mr. Tucker feels gratified. He has given many hours to the organization and the thank you note and certificate show the group's appreciation of Mr. Tucker's fine efforts. The students at CHS are proud of Mr. Tucker.

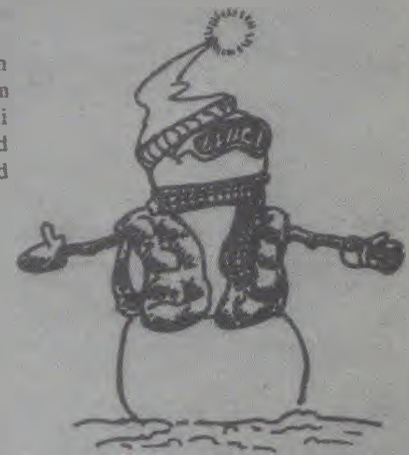

## SANTA IS COMING!

It's Christmastime again and along with Christmas comes Santa Claus! This year, Santa Claus (played by Anthony Ruela) and his elves (played by Rita DeGiglio and Judee Bosze) are going to visit the elementary schools. Santa's trip to these schools and the candy they will distribute to the students is sponsored by the Student Council.

Santa and his elves have been visiting the schools for several years. Each year he brings smiles to the faces of our young students and everyone has a good time.

## MRS. M. RECEIVES AWARD

On December 3, 1986 Mrs. Mary Masterson was awarded a certificate entitled "The Presidential Award for Excellence." She was chosen as one of three outstanding science teachers in NJ. The Commissioner of Education, Saul Cooperman, presented the award at a formal meeting of the NJ State Board of Education. A reception luncheon in honor of these three outstanding teachers followed.

## TROPHY CASE NEEDED

Since 1926, the CHS athletes have won trophies, both as individuals and as teams. But where are they? Until the 1970's, these trophies were displayed in trophy cases in the hallway of the school. The cases had to be removed during the 70's because of the tremendous increase in the school population during the baby boomer years. The cases are now stored in the Language Lab and the trophies are in Mr. Gasior's storage room or possibly in the coaches' homes.

In order to display these trophies once again, the Class of 1986 presented the school with \$400 toward the purchase of installing new trophy cases. The Carteret Athletic Association has been granted permission to have fund raisers to collect the rest of the money needed to complete this project.

Any club or class who would like to contribute to this fund or to help with the fund raising should contact Mr. Gasior or Mr. Olear.

The Class of '86 has started the ball rolling. Let's restore some of our pride in the many accomplishments of our talented athletes.

One of the most important clubs to have been created in the past few years is the Student Council. It's a democratic club which modeled itself after our own federal government. The officers are a President, Vice-President, Treasurer, and a Secretary. There are also approximately thirty Senators and Representatives who represent all the clubs in the school. The Senators and Representatives, along with the assembly, help to promote better communication and a

sense of unity among all the clubs. Decisions can then be made that concern the entire student body.

Not only did this year's Yearbook go through changes, but so did the Student Council. Its make-up is one of a regular government broken down into committees. This year's homecoming committee put through many changes making homecoming not just a popularity contest anymore. This same committee is preparing changes for

next fall's homecoming which should bring about many new activities.

Other committees found in Student Council are the dance marathon, blood drive, varsity scholar, by-laws, and I.D. committee which planned to give student cards to all high school students. The Student Council is a fine organization which provides the school with many different opportunities to experience various activities.

# THE OFFICERS:

## LIMITLESS ENTHUSIASM

Rick Nagy, Vice President; Sal Shane, Sgt. at Arms; Barbara Ruiz, President; Mr. Simon, Advisor; Sophia Singura, Recording Secretary; Carol Colby, Treasurer; Bobby Italiano, Corresponding Secretary.

Mr. Torre draws the winning ticket from Sophia Singura to determine the recipient of the NFL Jersey. Proceeds went to the Blood Bank.

The Homecoming Court pose with their escorts. The beautiful bouquets were provided by the SC.

The nominees were escorted onto the field in order for Queen Barbara to be crowned.

# CLICK! CLICK! PHOTOGRAPHY CLUB

Click! Click! These are the sounds that are heard at the meetings of the Photography Club. Mrs. Lombardi, the advisor, has set up a club for those who are truly interested in the art of taking photos. The junior photographers not only know how to focus the camera but also learn how to develop their own film. They know all the equipment that must be used and learn how not to overdevelop or underdevelop a picture. Soon they will become experts on how to take certain speeds. The members practice what they learn by taking photographs for the Yearbook and for the *Anne Scott News*. Maybe one of these amateur photographers who loves his hobby so much may one day become a professional.

# DRAMA CLUB

If one loves to become another person and act out another life, the Drama Club is the right club. The club is headed by Mr. Spaldo who is an actor himself. He often finds comedic plays in which students would enjoy performing and other students would enjoy viewing. All who are interested in performing on stage have to try out and show their ability to get a reaction from the audience. It is those students who show the least fear on stage who get the biggest parts. For those who are afraid of the big stage, but still interested in the play, scenery must be built, lights must be worked and curtains must be opened and closed. It is the backstage crew which the audience forgets but who are vitally important in setting a mood for the play. It takes months of hard work until it finally comes together on opening night. Curtain up!

Traveling to another country across the Atlantic and discovering the culture and daily life of other people is a fascination for many people. It is especially true for the members of the ITC, advised by Mrs. Krugman. Mrs. Krugman provides high school students with the opportunity to visit foreign countries and to learn about the cultures of these countries first hand.

This year, the club decided on a trip to Germany, Switzerland, and Austria. All those who are going on the trip are very excited because of the excellent skiing facilities.

A week in Europe is very costly so the students work very hard at the various fund raisers that they sponsor. On Halloween, they spent hours making bags of treats to sell. Although not all the club's members are going to Europe, they still enjoy the club. Later in the year, Mrs. Krugman has planned a trip to New York. This day trip will prove to be much fun because it is often termed as the "mecca of culture." New York has an international flavor and will give those students a chance to sample some of the international cultures they are unable to experience first hand.

On January 16, 1987 Jr. Julio Gonzalo is escorted by Jr. John Pito and Jr. Chuck Soto as the candidates for Beach Beauty Queen paraded before the judges at the Beach Party Dance sponsored by the ITC.

Sr. "Big" Dan Aurelio smiles for the crowd as he is pronounced Beach Beauty Queen 1987.

# GERMAN CLUB

Many people who now live in Carteret have ancestors who came from Germany. The students at Carteret High, therefore, find it intriguing to explore into the German culture and discover all the wonderful things it has to offer. The advisor, Mrs. Sansone, has some German blood in her and likes to share her knowledge of the country with all of the German Club's members.

During the year, the club has various fund raisers. The money that is raised is often used at the end of the year by students who wish to go to an authentic German restaurant. Mrs. Sansone goes to the restaurant every year because the students show an interest in tasting various German foods. It's a way of bringing Germany to the students.

# POLISH CLUB

The Polish Club is not only a club for those who are Polish but it is for any student of any ethnic background. It is a social club advised by Mr. Tomczuk. Its members have meetings to communicate with others and to be socially active with other students. Mr. Tomczuk takes much pride in his club because he is Polish and it was his idea to set up such a club. The members describe it as just a "fun" club.

Spanish has become a very widely used language in this country today. The members of the Spanish Club and its advisor, Dr. Foti, feel it is important to communicate with others and to learn their culture. All of the members not only find an interest in the culture of Spain but of all the countries whose people speak Spanish. Every year Dr. Foti gives the club a taste of Spanish culture by holding a trip to a Spanish restaurant where authentic Spanish dishes are served. The club also goes to museums to see paintings of very famous Spanish artists. To pay for all these activities, the club sponsors many bake sales throughout the year.

# FRENCH CLUB

Mrs. Crater is the advisor of the French Club. All members participate in the club because all have an interest in the French culture and language. The club's main goal is to build up its treasury by fund raising. The biggest fund raiser was the sale of T-shirts which read "I Love French". The sale displayed the support the student body has for the language clubs.

# A DEAD LANGUAGE?

Latin is a dead language! Members of the Latin Club believe it to be very wrong. To its members and to the advisor, Mrs. Sansone, this could not be farther from the truth. Latin is the basis for our English language and the Roman culture. It is this ancient culture that arouses the curiosity of all the members. Every year the culture is not only studied but practiced in the form of a Roman banquet called a Saturnalia. At the Saturnalia, foods typical of Roman times are eaten. The manner in which they are eaten is Roman and every member wears a toga. This banquet is very festive and every member feels like a Roman for the night. To raise money for this banquet, books were sold at very low costs and both the seller and the buyer benefited. At Christmas time, coloring books were sold to many young children.

Later in the year members will compete with other schools in a statewide Latin contest. There are various contests to enter for both academically inclined and the physically fit. It can be seen these members are proud of this language and its culture.

## P.T.S.P.

The drug and alcohol situation seems to be never ending and almost a waste for some to try and exterminate the problem. But the teachers, students, and parents of the Carteret community have decided to band together and take a stand against the disturbing situation. They have formed a group called the Parents, Teachers and Students in Partnership. The group has meetings to discuss the ways in which one can inform the public of the danger of drugs. They band together to ultimately wipe out the use of drugs by the students of Carteret. The students especially play an important role because they can exert pressure on their peers to stop taking drugs or help them to never start. Their goal is very important because one life not on drugs may be one life saved.

## THE PEP CLUB

If you are looking for Rambler Spirit, then you have come to the right place. The Uncle Ram Club is an organization of girls who show their enthusiasm for the football team by attending the football games and pep rallies to cheer the players on to victory. The Pep Club is advised by Mrs. Olear with the help of the club officers.

## CONCERT BAND

Under the direction of Mr. Pat O'Donnell is the concert band which practices during 8th period every day. The band also performed for the grammar schools and at winter and spring concerts. For a special treat, when the band visited the elementary schools for Christmas, candy canes were given out to all the children in lower grades. In addition, these students were allowed into the winter concert held here at the school for free with the secret words "candy cane." These actions were done to increase the number of younger students interested in the band in the hopes that when they reach high school, they will join the band. Mr. O'Donnell shows clever originality and interest in building the music program here at the school.

# VIRGINIA: HERE WE COME!

The Rambler Band plays before a home audience before their final competition at Virginia Beach.

A trip to Virginia Beach sounds great, but from where will the money come? The solution—a lot of enthusiasm and whole lot of dedication to the unpleasant work of fund raising. Not only must a Rambler Band member give up his time for practicing, but he must also have time to raise money for the band competition in another state. Fund raisers include selling jewelry, preparing a spaghetti dinner, and having a Chinese auction. The most profitable fund raiser is the selling of delicious Gertrude Hawk chocolates. It is sold during the holiday season because it is a time when people are most likely to break the diet and indulge. Because these chocolates are such a big money maker, the same type of fund raiser occurs during the Easter holiday. The Ramblers have also set out two days called “Tag Day.” On these days, all Rambler Band members go from house to house to ask for donations. Members with a uniform can also be seen at the shopping center on this day. When the day comes that all the money has been raised for the trip, all band members are relieved. The band parents are also relieved because they no longer have to think of distinct ways in which the money can be raised. In the end it is the band parents who should be thanked for all their hard work and the effort that never ceases.

# NO LIMIT TO OUR ACHIEVEMENTS

The Carteret Rambler Band is always moving ahead in order to progress to higher levels of achievement. Some thought with the change of a newly posttrained band director, the band might stagnate at its current position. But under the direction of Mr. O'Donnell, nothing could be farther from the truth. With a tremendous victory at the competition in Toronto, Canada in the spring of '86, the members knew there was only one way to go-up into greater victories and accomplishments. Mr. O'Donnell felt it was important to strengthen the band's playing techniques for the selections of music he chose. Each song he selected was very different in its style. As an opener, he chose a riveting Western piece which sounds as if the cavalry was coming. His other selections include the theme from the Goodwill Games and a soft ballad, love theme from Superman. But the audiences favorite seems to be the Mexican Hat Dance which features the brass section of the band. In order to piece the strength of the band and the beauty of the flags, months of hard work was necessary. The last two weeks, instead of one, of August was spent practicing the steps constantly. The fronts, however, also spent one extra week in the summer choreographing the routine which would best suit the style of each selection of music. The extra hard work put into the routines paid off because on the first football game, the Carteret Rambler Band looked sharp. Then came the most nerve wracking part of being a band member-performing well at the competitions! At the first competition the band's routine was crisp and the fronts impressed the judges immensely. The Rambler Band came in first place and the fronts won best overall flag routine. But as competition grew stiffer, the marching band could no longer hold on to its 1st place title. The Ramblers ended their season with a fourth place at the TOB championship finals. The Rambler band is not worried because they had the determination and drive to come back out on top at the Virginia Beach competition in the spring. Rambler pride surely shone through in the State of Virginia!

# Limitless Pride And Honor For C.H.S Sports

Carteret High School Sports Section (Ah, the Sports Section. The section where all the Reggie Jackson's and Carl Lewis' of Carteret High School get the recognition they deserve. This is the one area in which the pride and honor of Carteret High School is probably on display most. Why not? We have our share of the county's finest athletes, be it tennis, football, cheerleading, or baseball. However, publically, our athletes don't always get the recognition they deserve, as individuals, or as teams.

We at CHS would like to thank our superstars behind the scenes our coaches. If it wasn't for an outstanding coaching staff here at CHS, our limitless abilities would not be displayed.

So flip through the pages and enjoy a look back at some of the unnoticed and extraordinary talent from Carteret High. The athletes and coaches at CHS have often shown the pride and honor which symbolizes our fine school. Our athletes and coaches surely push themselves to the limit.

## FOOTBALL TEAM GIVES 110% PERCENT

This 1986 football season was the second season with Mr. William Olear as head coach. Although this year was not a winning season, with a 1-8 record, Carteret won its first game in three years. This broke down some of the walls for the Ramblers. This year's underclassmen will return with the help of this year's freshmen who posted an 8-1 record for the '86 season. Together, they should set up a solid, adroit team for next year.

The team spent much time practicing and preparing for the games. Not only did they practice on the field but they stayed late on Fridays watching tapes and building strategies for the game on the following day.

The season seemed disappointing for both the Ramblers and their fans. They played some top-of-the-line teams such as JFK and Bishop Ahr. They gave their all and tried the best they could. Senior Captains Tom Chapman and Tom Lenahan proved to be solid leaders and led their team through a rough season. But as we look at the season, we can say "It doesn't matter who wins or who loses; it's how you play the game."

TAKING  
IT  
PERSONALLY

CAPTAIN'S CORNER

Tom Lenahan

Q: Do you plan to play football in college?

A: Yes, I have gotten offers from U. of Maine, U. of Delaware, and U. of Pittsburgh.

Q: What's your overall opinion of this year's season?

A: I think that this year's season was a good one even though we didn't have a winning season. We played well against good teams and we never quit, no matter what the score was or how good the other team was. The team was young and many juniors got playing experience that will help them be better next year.

Q: What were your personal goals?

A: My personal goals for the year were to help the team win the first game, and we reached this goal by practicing long and hard, everyday, leading up to the first win..

Tom Chapman

Q: Do you plan to play football in college?

A: I do plan at this time to go to college. I can't say whether I will be accepted as a football player. I have to show good performance, but mostly good grades.

Q: What were your personal goals?

A: After coming from an 0-9 season last year, I felt as a co-captain, to be a good leader and help the team in any way so that we could get a few wins under our belts was the most important goal. I accomplished this by having the team understand the proud traditions of Carteret football.

Q: What is your opinion of this year's season?

A: I feel that the team gave 100% on the field and in practice. As a team, we became very close. We all had a great respect for one another. This is the most important aspect of football.

# COACH'S CORNER

## TAKING IT PERSONALLY: BILL OLEAR

Q: Although the season wasn't a winning one, do you feel it was a successful year?

A: Although we were not winners in the win and loss column, our CHS Football Team were winners. These men displayed dedication, discipline, courage, and endurance which places them a step above the rest.

Q: What do you feel are the best qualities of a football player?

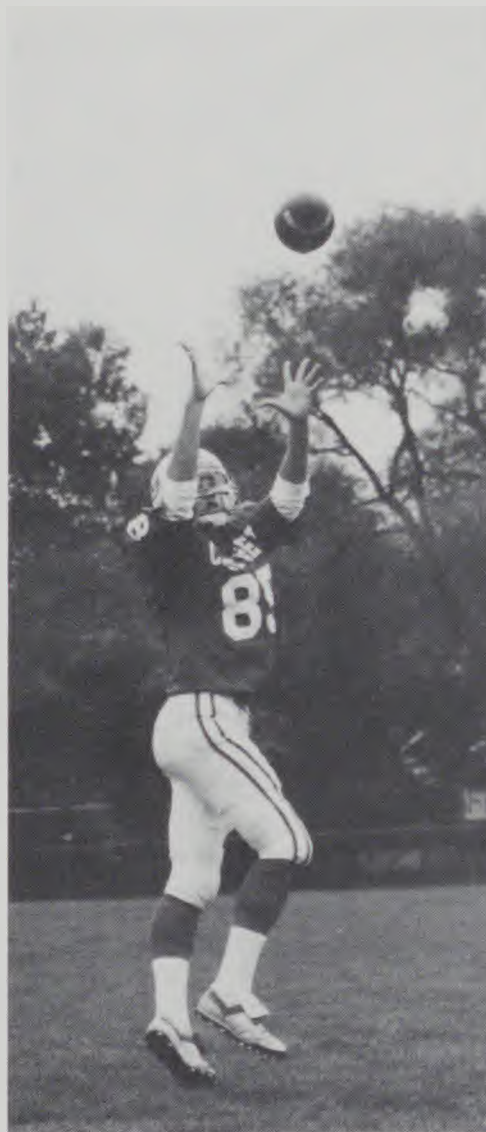

A: A CHS football player is a very special individual. He must devote many hours to our football program. Preparation begins months before the season begins and continues long after the season is over. He must meet both mental and physical demands. This individual gives freely of himself and recognizes and accepts the responsibility of representing CHS and the community. Our 1986 football team accomplished all of this.

## TAKING IT PERSONALLY

**Q:** What would you say helped the team to have such a spectacular season?

**A:** The main reason for our 8-1 season was that we had a very

talented group of players who took the game of football very seriously. The 25 freshmen who finished the season developed a winning attitude early in the year, and would not accept defeat. This was evidenced by the fact that four of our eight victories were come-from-behind wins.

Also, this was Coach Kalas' and my second season of coaching football, and I feel we gained a lot of experience from last season, which made us better coaches this season.

**Q:** Do you feel there was a great deal of team spirit among the players? If so, why is this important in football?

**A:** At the beginning of a freshman football season, there is not a feeling of closeness or unity among all the players simply because the players are coming from different grammar schools and do not all know each other. During the course of this season, a feeling of closeness and team unity certainly developed, and the players pulled hard for each other.

## SOCCKER SETS FUTURE GOALS

Despite a poor record, the Varsity Soccer Team showed great improvement over the last few years. There is a greater interest in soccer in Carteret and the future looks bright.

This year's team was led by a highly motivated, competitive group of seniors. These men, led by Kevin Barron, kept the team inspired as they faced each opponent and played aggressively all season long.

The team has many talented underclassmen who will be returning to compete for CHS. The Ramblers look forward to a strong and experienced team next year.

## TAKING IT PERSONALLY

### JOHN DONOVAN CLOSE-UP

Q: In your opinion, was the 1986 season a success for soccer at C.H.S.?

A: In my opinion, soccer at C.H.S. was a success. Our team was much better than our 2 win record suggests.

Q: How have your coach and teammates influenced your performance?

A: They gave me encouragement when I first joined the team and had no experience. I wasn't a highly skilled player, but through their support, I strived to be the best I could.

### COACH'S CORNER COACH ROBERT COWAN

Q: How would you evaluate the 1986 soccer season?

A: Encouraging. The coaches and players are much more optimistic after this season than any season in the last four years. We played hard in both J.V. and the Varsity level and have a good number of experienced players returning.

Q: Is soccer making a comeback at C.H.S.?

A: Yes! There is no doubt. We had a good group of freshman plus some good players are now playing in the grammar school program. We, as coaches, will be disappointed if we don't have a winning season and forty candidates next year.

The 1986 Cross Country Team STRETCHES OUT before the big meet.

## CROSS COUNTRY HAS UP AND DOWN SEASON

The 1986 Boy's Cross Country team, under the guidance of Head Coach Arthur Shadell, finished the season with a record of 4 wins and 5 losses.

Cross Country is an extremely difficult sport that involves a lot of dedication and hard work. The '86 Ramblers had these qualities, but despite their efforts, fell short of a winning season. After a roller coaster season of victory and defeat, they missed their goal by a single point.

Rather than dwell on the statistics, the harriers aimed toward post season competition instead. These final meets proved to be the best as the Ramblers, led by Lescinsky's 11th place, took 15th in the County Championships. Then, one week later, they came to Holmdel Park to run for the State Sectionals. Carteret took 10th place as a team and Lescinsky finished 7th overall. This was the highest ranking by Carteret in several years and Junior Jim Lescinsky has become the 1st Rambler to qualify for the state group meet since 1973.

**STRETCH IT OUT:** Senior Mike Mudrak loosens up his muscles while preparing to race in the GMC championships.

## TAKING IT PERSONALLY

### ALLEN CARTER CLOSE-UP

Q: How did you become interested in Cross Country?

A: I started running in eighth grade and went out for spring track at my junior high. I had good results and the coach suggested I try X-Country. I ran Varsity for two years before moving to Carteret.

Q: What are your goals in life?

A: I plan to attend the Citadel and earn a degree in aerospace engineering. I then hope to become an officer in the Marine Corps and to hopefully become a pilot.

### COACH'S CORNER HEAD COACH ARTHUR SHADELL

Q: What was this season like for you as a coach and how does it compare with past seasons?

A: Up and down season. Individually strong, team wise a little weak. Mostly enjoyable with a good group of young men to work with. Kind of a middle of the road season in comparison to other years.

Q: What can be done to generate more interest in the sport of cross country?

A: Grade school programs, publicity in papers and within the schools, more visibility at meets.

Q: What kind of person would be most successful in a sport such as cross country?

A: Ideally, a person of slight build with good cardiorespiratory function would be the most beneficial.

Lady Ramblers relax as they take a leisurely walk around the course.

## INJURIES - ONLY ROADBLOCK TO GIRL'S CROSS-COUNTRY

The 1986 Girls cross country team, under the supervision of Coach Donnelly, finished the season with a 4 win, 5 loss record.

The season started out well with a full team of young, but talented underclassmen. They soon were sidelined to injury. In fact, all but Junior Kerry Rhodes were out of the action at one time or another. Kerry was the leading runner for the Ramblers. She was beaten only twice in dual meets and finished 11th in the GMC Championships. Another up and coming runner is freshman Tara Seymour. She has demonstrated great potential and will no doubt attain higher goals.

The future looks promising as all runners will be returning next year, more experienced and more competitive, to bring a winning season to Carteret.

Juniors Tabitha Denton, Eun-Sook Ko, and Kerry Rhodes flash those smiles after winning their meet against J.F.K.

Junior Tabitha Denton breezes across the line in her race with South Plainfield.

Eun-Sook Ko, a Junior, outsprints her opponent during a dual meet with Colonia.

Junior Kerry Rhodes drives for the finish in her race at the GMC Meet.

Freshman Tara Seymour pushes the pace to outdistance her competition.

## COACH'S CORNER

COACH ROBERT DONNELLY

Q: What was the season like for you as a coach?

A: Disappointing. The year started out well. There was a good turnout and the season looked promising, but as the season progressed many runners were sidelined with injuries.

Q: What is your view of Cross Country as a sport?

A: Cross Country is a good sport. It is very healthy and demands a lot of self-discipline. It is probably one of the toughest sports. In this sport, one works extremely hard but receives the least glory for one's efforts.

Q: What is the value of practice?

A: Through practice many goals are accomplished. The runners work on developing speed and improving endurance. They learn to work together as a team and to become mentally tough.

Q: What are your plans for next season?

A: I hope next season will be better. All of the runners should be returning. They will be more experienced and hopefully there will be fewer injuries.

## TENNIS TEAM SERVES NOTICE TO FUTURE OPPONENTS

The CHS Girls Tennis Team had what can be called a year for the future. Though their record of 8-10 was below .500, they were at times ranked in the TNT Top Ten.

Though Senior Meeta Shah will be missed, 1986 definitely was the year for the underclassmen. Sophomore Marisol Ruiz and Junior Sue Cackowski had superior seasons, enough to get them to the County Tournament. Although both singles players lost in the tournament, the experience gained from entering such a competition will prove invaluable.

Some of the other underclassmen made valuable contributions. Sophomore Sophia Singura had a good season and more is expected from her next year. Junior Adrian Daunarummo teamed with Meeta to have a very competitive first doubles duo and was usually followed by Colleen Sheerin and Manju John in second doubles competition.

Our tennis team did have at one time during the season a record of 8 wins and 6 losses. Then the competition became more challenging and the girls were defeated. Next year with All-County potential and a fine compliment of returning lettermen, the CHS Tennis Team will be the team to beat.

## TAKING IT PERSONALLY

### MEETA SHAH CLOSE UP

Q: What kind of season was it for you? Your Team?

A: This was my second year on the tennis team. I had a win-

ning season, just like the team had a winning record in our division.

Q: What was the key for your team to jell and defeat other teams?

A: We did not go out on the courts to win, but to have fun and do our best.

Q: What kind of an influence was your coach, Mrs. Mosca, on you? Your Team?

A: She was a good influence on our team because she is a caring coach. When we did wrong, she helped correct it. When we did right, she praised us.

### COACH'S CORNER HEAD COACH: AGNES MOSCA

Q: What kind of a season did you expect after your first practice?

A: Pretty good, because it seemed as though our newcomers were picking up the skills fast.

Q: What was the key to the team's success?

A: The key was that my team never gave up. My girls stayed competitive whether it was a close match or a blowout.

Q: How would you evaluate your season?

A: I would say the season was very effective. We showed much promise for 1987. Everyone except for Meeta will return, so it looks as if we will have a more than capable nucleus for 1987.

Mrs. Mosca would like to thank the Carteret High School Girls Tennis Team for all their cooperation and strong desire to perform well. It was a fun season and was enjoyed by all.

## LIMITLESS SUPPORT

They cheer our football team at every game. Win, lose, draw, blowout or close game, you can always count on them. Better yet, they perform in all types of weather. Who are they? They are the Carteret High School Football Cheerleaders!

The support of the CHS Cheerleaders has been limitless through the years, and this year has been no exception. This squad was led by a senior who cheered for four futile years, along with others who have been cheering for more than one year.

Senior Kim Goderstad, a four year squad member, was co-captain with Pam Healy. Alex Kushnir, a veteran of two of seasons, and newcomers, Kristy McCuistion, Russa Fabricatore, and Jackie Espinosa, comprised a highly spirited squad who cheered through a tough but fun 1986 season! Thank you cheerleaders!

Q: What did it mean to you to be appointed co-captain of the C.H.S. cheerleading team?

A: Being appointed co-captain meant alot to me. It is something that made my senior year very special. I am glad that I had the opportunity to be a leader of a great squad.

Q: What kind of a closeness was there on our cheering team?

A: Like everything else, we've had our good times along with the bad. Through it all though, I think everybody had a good time. We are all friends and that made cheering alot more fun.

COACH'S CORNER  
HEAD COACH GRACE CUNHA

Q: What kind of an effect did having a losing season have on our cheering team?

A: The cheerleaders still continued cheering and gave it their all.

Q: When choosing your cheerleaders, how important is school spirit compared to ability?

A: Their spirit shows in the way they cheer. Both are very important.

Q: Do you coach cheering because it's a challenge or for the enjoyment?

A: I enjoy coaching cheerleading. Each season brings some new girls and new challenges.

## A SEASON OF REBUILDING

It's been another long and tough season for the Ramblers. They played in Holiday Tournaments, County Tournaments, and even the State Tournament, not to mention their regular season.

Even though the top spot in the GMC was won by Metuchen, Carteret came in with a second place. However, the Ramblers were only one win away from the top spot, posting a 12-8 record. After losing three starters to graduation, including All-American Keith Hughes, Coach Karatz knew it was a time to rebuild.

The new starters for the team were Jimmy Hart, Marty Gosha, and Mike Medvetz. Bob Butynes and Corey Lowe were starters from the 85-86 season. With Junior Corey Lowe averaging 15.8 points per game and Senior Bob Butynes scoring 13.2 points per game, the Ramblers put together a solid season. Even though the boys didn't capture the county champs title once again, they were consistently ranked within the Middlesex County Top Ten Rankings.

Q: How do you feel the loss of All-American Keith Hughes affected this year's season?

A: Of course the loss of Hughes hurt us, but Bob and Marty are really good "big" men.

Q: How long have you been playing basketball and do you plan to continue in college?

A: I only started playing organized b-ball when I got into HS, but I played with my friends when I was in grade school. I do not plan to play after graduation.

### WILLIAM KARATZ

Q: Do you feel the season is pulling together the best that it could?

A: I always feel we can play better but we have begun to play with more confidence, particularly offense.

Q: Is practice a very important part of your game? What are some of your favorite drills?

A: We believe in drills for practice. We have drills that simulate practically any game situation. We especially like a number of fast break drills because they combine all elements of basketball.

Q: What is the basic strategy of the C.H.S. Ramblers?

A: We usually go into each game with a set game plan but try to be flexible enough to adjust if something isn't working.

## A SEASON OF REBUILDING: INJURIES HURT LADY RAMBLERS

New was definitely a big word during the Girls Basketball season of 86-87. The Lady Ramblers received two new head coaches. Coach Bob Sisko took over as head coach of varsity. Coach Helen Seaman took over as JV coach. Because of this, the girls had a lot of changes to make. Since there were two new coaches, that meant new strategies and new ways of practicing and preparing for games.

The Lady Ramblers also faced a few injuries. First, Nicole Pica, Junior starting center, was injured during the first weeks of practice. She injured her right ankle during practice time. The ankle bone was chipped and the ligaments were twisted and torn.

Secondly, Kathy Busela, sophomore starting forward, was injured. She injured her hip also in the first weeks of practice.

Both of these players were out for more than 3/4 of the season. These injuries were a major loss to the Ramblers. They had to get back on their feet, fill in those positions, and play with the spirit and pride of C.H.S.

### URSULA PITTS CLOSE-UP

**Q:** About how many years have you been playing basketball?

**A:** I have been playing basketball for about 7 years. I did play basketball in grammar school.

**Q:** Do you plan to play basketball after C.H.S.?

**A:** I do plan to play basketball after I graduate.

**Q:** How do you feel the Lady Ramblers can improve their season?

**A:** I feel the Lady Ramblers can improve their season in the years to come by using a lot of teamwork, trying to get along with other team members, a better coach-player relationship, and by being more enthused.

### COACH'S CORNER BASKETBALL COACH BOB SISCO

**Q:** What do you feel hurt the Lady Ramblers the most this year? How do you plan to improve for next year?

**A:** The Lady Ramblers have been hurt by injuries to Nicole Pica and Kathy Busela. Both players are strong, physical players who are able to do a lot of rebounding. Ruel McDalton, a transfer student from Alaska, was also ineligible. At 5ft 11in, Ruel would also have been an excellent addition to the team. The overall lack of height has been an extremely difficult barrier to overcome.

To improve the team for next season, we must develop a team concept both offensively and defensively that the players fully understand and are able to execute with total success. We must also keep everyone healthy and improve our depth.

## RAMBLER DEDICATION

Basketball Cheerleaders are a unique group. Most cheerleaders cheer 10 games or less. Not this group. This group cheers 20-30 games per season and enjoy it. However, that's not it. They cheer for both boys and girls basketball. Most cheerleaders object to cheering for both teams, but our girls don't mind, as long as they know the pride and honor that comes with the colors of blue and white.

Our squad is led by highly spirited veterans, co-captains Pam Healy and Sharon Mokrzycki. Senior Kristen Sadowski, out for the first time, has performed like she's been doing it for a few years.

Our squad is dominated by juniors Kerry Rhodes, Gerilyn Scerbo, Tammy Shane, Tabitha Denton, Danielle Rubino, Sondra Flintosh, Brigitte Greer and Linda Wehrhahn.

Since our Co-Captains are juniors, our cheering squad will be that much better next year since ten of the eleven girls will be returning next year.

### KRIS SADOWSKI CLOSE-UP

Q: Why did you decide to start cheering?

A: I cheered before I came to CHS, but with band, I had no time. This year I decided to do it finally.

Q: Do you feel that CHS cheerleaders should participate in cheering competitions?

A: I think that it would be nice if we went to competitions because it would give us something to shoot for beside impressing the crowd.

Q: Do you want to continue cheering after high school?

A: I would like to continue to cheer but that's impossible. I'm going to Nursing School where they don't have cheering.

### CAPTAINS' CORNER

Q: What did it mean to you to be named co-captain of the varsity cheerleaders?

A: Pam--It was an honor because I have been cheering for seven years and becoming the captain of a cheering squad was one of my goals.

Sharon--It came as quite a shock to me because I'm only a junior. I was excited to say the least. It was awesome!

## CHAMPIONS!!! AN AWESOME SEASON

Coming back off an undefeated season with everyone returning, one would think that the Winter Track team would have things wrapped up before the opening gun of their first meet. Maybe so, but Coach Bob Donnelly had just one thing in mind--WIN EVERYTHING!

At the time of this writing, the team is undefeated in dual meets. But even more impressive is the performance turned in at the Group II Relay Championships. The Rambler Winter Track team are Group II State Champs! They are the first state championship team for CHS since our football team won in 1976.

In the State Relay Championships on January 18, the medal winners were first place in the shuttle hurdles to Julio Gonzalo, Troy Chapman, Aaron Conway, and Emile Hampton. Aaron Conway and Dan Brucato took first place in the high jump and Dan Aurelio and John McCrae took a first in the shot put. The team of Sal Shane, Aaron Conway, Emile Hampton, and Troy Chapman took second in the mile relay and a third in the 4x220 yard relay. A total of 25 points were scored by Carter et. Their closest competition was Asbury Park with 16.

Of special importance is the record set by Big Dan Aurelio and Big John McCrae in the Group II State Relay Championships. Their record of 104 feet combined distance was quite a feat.

The girl's Winter Track team was almost non-existent. The only members were shot-putters Lynn Marci and Thereza Kahora and high jumper and shot putter Coleen Sheerin.

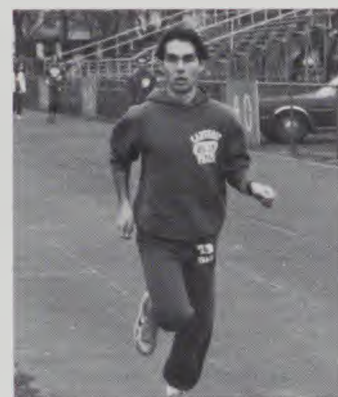

Our boys are also Individual Group II State Champs. Medal winners in this meet were Aaron Conway, First in high jump; Dan Brucato, Second in High jump; Emile Hampton, Third in high jump, Third in hurdles, and Fifth in 400 M. run; Troy Chapman, Third in 400 M. run; Dan Aurelio, Fourth in shot put.

The season has certainly been a productive one for the Ramblers.

### DAN AURELIO CLOSE UP

Q: Is winter track a fun season for you?

A: Yes, I use it as a warm up for spring track. It gives me an idea of where I am in throwing for the spring season.

Q: What goes through your mind before a big meet?

A: I usually think about my chances of winning. Before every meet I am very nervous but do my best to concentrate on what I have to do.

Q: What is it like to go into a dual meet and be expected to finish first?

A: Being expected to win has not really bothered me. I guess because in dual meets I have pretty much won for the past two years.

First Place for the second year in a row

### COACH'S CORNER SHOTPUT COACH BRIAN ZIMMERMAN

Q: Do you train an athlete the same way whether he's throwing well over 40 feet or well under 40 feet?

A: The novice will be doing more repetitious drills to enhance his performance. The established thrower will do drills which are less repetitious yet more intense to enhance his performance.

Q: How important is strength as compared to form when throwing the shot put?

A: Strength and size are both relative to the characteristics of a good shot putter, yet one must still learn how to throw the shot put the proper way in order to keep developing.

## STRIKING PERFORMANCE WITH TALENT TO SPARE

Q: What is your general opinion of bowling?

A: Bowling is, to the sports fan, one of the most underrated spectator sports. Once a fan can get emotionally involved in viewing the sport, he will realize the great skill needed by the participants and through this will find that it is one of the most exciting spectator sports.

Q: Was the 1986-87 season a success?

A: Success is relative. General, positive accomplishments occurred during this season. Many of the veteran bowlers increased their skills as evidenced by the increase in their averages, but the most important accomplishment was their aid in the development of our novice bowlers. In perceiving the season from this aspect, having the opportunity to develop relationships with these fine young men and women. I consider our 86-87 season a success.

Q: How does this season compare with past years'?

A: As in the past, Carteret was well represented on the lanes by its young men and women. Much effort and courage was expended in defending and upholding the athletic honor of CHS. Led by Captains Kevin Martorelli, Glen Munro, and Barbara Manson with an assist from Seniors Kris Rosa, Kim Searfoss, Judee Bosze, Tom Lenahan, and Mike Iannone and enjoying only moderate success as to won and lost periods, CHS can be proud of their bowling team.

Seniors: Rita DeGiglio, Kim Searfoss, Barbara Manson. Not Pictured: Judee Bosze and Kris Rosa.

## CAPTAIN'S CORNER BARBARA MANSON

Q: How long have you been interested in bowling?

A: I've been bowling for as long as I can remember. Growing up with a family of bowlers, I started at a very young age.

Q: What are the responsibilities of being a team leader?

A: You must be totally dedicated and willing to put your responsibilities before anything. Specific responsibilities include making sure all members are present so there is not a chance of forfeiting and that all members are aware of upcoming events. At the end of every match, you must check that all scores are accurate. But one of my favorite jobs is leading my team to VICTORY!!!

Q: How do you use your practices to become a better bowler?

A: I use my practices to become a better bowler by practicing new techniques that I believe will help me improve and perfecting old ones.

Q: What are your future plans and do they include bowling?

A: I am not sure what I will be doing after graduation but I am sure that it will include some time for bowling.

## CAPTAIN'S CORNER

KEVIN MARTORELLI  
GLEN MUNRO

Q: When did you first become interested in bowling?

K.C.--My father first introduced bowling to me when I was seven years old. I owe everything that I've accomplished so far to him.

Glen--I first became interested in bowling when one of my friends asked me to join a Saturday League. I've been bowling for about four years and I really enjoy the challenge.

Q: How would you rate yourself as a bowler?

K.C.--Well, I'm not good at rating myself. I've always thought that if you rate yourself good, you're being conceited. Let's just say I'm better than average and I keep working to improve.

Glen--Compared to some others I have seen, I would say I'm a mediocre bowler. My average is about 163, but I think I could do better. I know that I work hard to improve.

## HIGH HOPES FOR SPRING TRACK

Coming off a dual meet record of 7-1 last year, Coach "Shades" had hopes much like Coach Donnelly had in the winter. However, unexpected obstacles have detoured those high hopes.

First there was the neverending Winter Track season. Many would-be athletes from the winter team who would be coming out for the spring season, ended up taking a few weeks off. By the time they came back, there wasn't much time for them to prepare for the opener against Spotswood. Then there was the absence of two important runners due to the Florida trip. They came back with one week left before Spotswood. Last but not least, you can not forget the injury factor. Dan Aurelio, Troy Chapman, and Aaron Conway have all been sidelined at one point and the season hadn't even started.

However, once the Spring Track team can get its act together, Carteret will once again be a team to reckon with.

With all of the obstacles to be overcome, the Rambler Spring Track team, at the time of this writing, is still the overwhelming favorite to repeat their Winter Track performance. One thing for sure is that Carteret will give it a darn good fight!

## SAL SHANE CLOSE UP

Q: What kind of season did you want to have this spring?  
A: I would like to be consistent in all of my events.  
Q: Did you set goals for yourself at the beginning of the season?

A: The ultimate goal of course is to win a team state championship. My personal goal is to do a 10.8 in the 100 md and 22.5 in the 200 md. I would also like to run a 50.0 quarter.  
Q: What would you say are the highest thrills in your track career at CHS?  
A: My biggest thrills have to be being named all-conference on the mile relay team as a freshman, running in the Penn Relays and in the U.S. Vitalis Olympic Invitational Meet at the Meadowlands.

## COACH'S CORNER JAVELIN-WEIGHT COACH RICK PUORRO

Q: How important is size and strength as opposed to form when throwing the javelin?  
A: Size and strength only become factors in the javelin when proper technique is used. Strength can actually work against a thrower with poor form. A relatively small person with perfect mechanics will out-throw a much stronger thrower with improper technique. Of course a strong thrower with good mechanics is the ultimate.  
Q: Do you coach boys and girls differently?  
A: Actually girls are easier to coach in the javelin than boys. Boys tend to power their throws in the beginning, whereas girls are more aware of technique. However, they are all individuals and ten different throwers might require ten different approaches and coaching strategies regardless of sex.

## CHAMPS ON THE MOVE

The 1987 Girls' Spring Track Team is a very young team. Led by running freshman Tara Seymore and junior Kerry Rhodes, one would think that this team has a lot to prove. That may be so.

With the graduation of key seniors, it's now time for new key team members to arise. Colleen Sheerin has been a consistent jumper and thrower in the past and this year is no exception. She has been one of the area's top ten in throwing and jumping events. Seniors Lynn Marci and Thereza Kahora have shown ample support and are also progressing very rapidly. Both are also all-county material.

However, in order for Carteret to top their division winning season of a year ago, much more help is needed. With the emergence of Tammy Shane and Dawn Burch in the running events, and Flo Hansen in the throwing events, this young team is not far away from County supremacy. Look out, cause we're coming on strong and fast!

The four years we have spent participating on the Carteret High School track team have been very rewarding to us.

We learned how to set goals for ourselves and how to strive to reach them by working hard and not giving up. It has prepared us for life after high school because now we know we can accomplish almost anything we want if we give it our best effort.

The coaches, Mr. Donnelly, Mr. Zimmerman, Mr. Shadell, Mr. Puorro, and Mr. Kalas have all played an important roll because of the confidence they had in us and their persistence to do well, and we would like to say thank you so much for four great years.

## A SEASON OF NEWCOMERS

The C.H.S. Boys Baseball Team is on the move and striving for excellence. With Head Coach Nelson and assistants Niemiec and Duncan, the rather young team will undoubtedly do much better than anticipated.

In 1985, the team was Conference Champions. In 1986, they fell short of first place but finished up with a winning season. At the start of the 1987 season, they are currently ranked in the top ten seedings.

Having lost nine outstanding players to graduation, rebuilding is the name of the game. However, that won't stop Coach Nelson and the ballclub. Fortunately, most of the nine positions will be filled by juniors with some experience. This will certainly make the job of the coaching staff much easier.

The Nelson philosophy is always to concentrate on the fundamental skills of the players. If their skills improve and they finish the season as better ball players than they were at the beginning, then the season will have been a successful one. Because of this philosophy, it is also expected that the team will finish with a winning season and possibly a shot at the conference championship once again.

HEAD COACH STEVE NELSON

Q: What is your main philosophy as Head Coach?  
A: When Carteret is successful in baseball, the primary reason is due to teaching of young men the fundamentals of the game. The continuous drilling of these fundamentals is the strategy.

When a veteran team is present, these fundamentals become more sophisticated. However, they are not forgotten just more elaborated. These basics include catching grounders and flyballs.

Try to remember, they don't have to be great athletes. When students have a little more talent is when we win 20 or more games.

We like to win, but the very first thing we must accomplish is playing good sound baseball.

**Q:** What does being captain of the baseball team mean to you?

**A:** Being captain of the baseball team is such an honor. As

Mr. Nelson would phrase it, "it's an award for their participation in the program." It's just a great honor.

**Q:** Do you feel that the most important part of a team is playing together as a team?

**A:** Yes, the most important part of a squad is to play like a team. If you play like a team and everyone helps out a little, you win like a team. One man can't do it all.

**CAPTAIN TOM

**Q:** What does being Captain of the baseball team mean to you?

**A:** Being Captain means that I have been with the program

for my high school years and that I have earned the respect of my coaches by my play over the years. It also means that I have to set an example to the younger players to show them how to act when some situations come up. Being Captain is the highest honor a coach can give to a ballplayer.

**Q:** Do you feel that the most important part of a team is playing together as a team?

**A:** Yes. One player doesn't make a team good, only all nine players playing together will make a team good. If one person plays his own game and goes away from the game plan then he will cost the team possibly runs or outs. When a team plays together everything clicks the right way and good things happen but when you don't play as a team everything goes wrong.

## A TIME TO REBUILD

Each year the Lady Ramblers get better, smarter, and stronger. In their first years as a team they didn't produce what you would call "a winning season". They ended up with records such as 4-13 and 7-10.

However, their game has been turned around. In the last five years, they have come out with winning records. In 1985, they were 14-9 and in 1986, they were 16-10. They have continually proceeded to get better with each passing season.

Just last year the Ramblers were proudly honored when three players were selected to represent them on the all-state team. Marlene Feerick, senior, was selected for position of centerfield; Diane Sullivan, junior, for second base, and Sue Cackowski, junior, for shortstop.

With the help of these three individuals and the rest of this outstanding ball club, the Lady Ramblers foresee victorious future seasons.

Q: Are you planning to play softball after you graduate?

A: Yes, I have enrolled at Jersey City State College and I will be playing softball there next season. I hope to advance my softball skills and transfer to another college

such as Montclair, Trenton State, or even a school in Florida.

Q: What would you say was the most fulfilling year for you as an individual and for the team?

A: I believe last year was. Of all the years I have been playing softball, I had never received so many awards and broke as many school records as I did last year. As a team, we played hard and came very close to winning the conference. I believe that the team will do even better this year.

Q: What do you feel is the most important part of preparing softball team for its lengthy season?

A: Preparing the team to be both mentally and physically ready is extremely important.

Mentally and physically the girls have to be ready to give 100% plus of themselves and be ready to play as a team. The girls have to realize that the season isn't dependent upon one person but rather a cooperative team effort.

Q: How do you feel about replacing Coach Scheno as head coach?

A: Under Coach Scheno's guidance and direction over the past three seasons I feel prepared to assume his position as head coach with confidence and great expectations for a winning season.

The '87 Rambler Golf Team, to be led by junior Joe Roche, will be seeking a victorious season.

Most of the players are new to the squad with only three golfers returning from last year's team, but the potential is there. Everyone has a good attitude toward the game and are willing to work hard to improve.

This year's team has the most members in recent years which shows a growing interest in the sport. For this year and many years to come, the Ramblers will bring pride to Carteret.

Q: How did you become involved with golf?

A: My father is a golfer and when I was quite young, he cut down a club for me and I've

been playing ever since. At first, it was only hitting a ball around the backyard, but my first experience on the course was when I was 14.

Q: What is your opinion of golf at CHS?

A: Golf at CHS has proved to be very enjoyable and slightly competitive. We all like a good round of golf and Mr. Olear is a great coach and lets us play our own game. Overall, I would say golf is a great sport and I look forward to many years as a golfer.

Q: How does it feel to be the team leader and what responsibilities come with this position?

A: As the team leader I am usually the first to tee off. Upon completion of the match, I am responsible for the records for each individual score and team score and reporting the results to the papers.

COACH'S CORNER

HEAD COACH WILLIAM OLEAR

Q: What skills and abilities are necessary for one to become a proficient golfer?

A: Patience, persistence, and athletic skill. Golf is a game that cannot be learned well in only four years, but if the correct attitude is instilled in the player, he will develop himself throughout his life.

Q: What are your expectations for this team? What do you hope to achieve this year?

A: I hope to instill a good attitude about the game and get the players to develop their natural talent. If they acquire this now, they can achieve further success because golf can be a lifelong sport.

Q: What does golf have to offer the average person looking for activity?

A: Golf offers a person the chance to challenge himself. It takes a long time to become a good golfer and reach one's goals but it can give a great satisfaction. Golf can be played at any age level and except for the drawback of equipment expenses, anyone can play.

### RICH NEWMARK CLOSE-UP

**Q:** Having been on the tennis team for a few years, what is your outlook for the 1987 season?

**A:** For the 1987 season, I see a possible chance for our team to win the division, and play very well in the county tournament. If we play better than that, then we could be in the state tournament.

**Q:** How did you become involved in tennis?

**A:** After watching tennis on television since I was little kid, I finally decided to pick up a tennis racquet during the sixth grade and started playing. Since then, my playing has become better and better.

**Q:** How do you view tennis at CHS?

**A:** I view tennis at CHS as a sport for a few people because not many people consider it a competitive sport, and many students would rather play baseball or football or run track. In general, I think tennis may lack a little bit of participation and support from the students.

### COACH'S CORNER

#### HEAD COACH EVA KUSHNER

**Q:** Last year, the team was young and inexperienced but now some return as seasoned players. How will this influence the squad's goals and performance?

**A:** Returning are 4 players from last year. The remainder of the team is new. The 4 returning players will be a bit more at ease on the court.

**Q:** What skills are necessary to become a good tennis player and how can one improve performance through practice?

**A:** Players need to develop fundamental skills such as backhands, forehands, serves, and volleys and practice them constantly. Practice yields a better player.

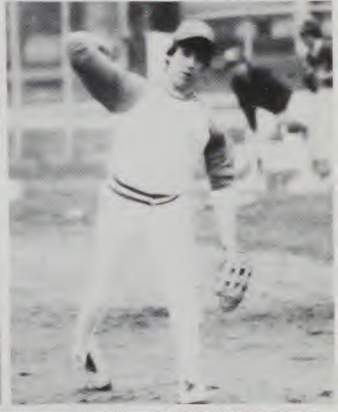

**Q:** What is your opinion of tennis at CHS?

**A:** There is much support for the team. The Recreation Department sponsors a summer clinic for all ages. Many of the players who are now playing began at the clinic. Another factor is parent involvement. Many players often practice with their parents and their parents also come and support them.

# Making Their Way Up The Social Ladder

Everyone knows that the main purpose of a high school education is to prepare the student for life in the real world. However, as academics are important in the process of "Growing Up," the student's social life is equally important.

Social activities help to make the student a more well-rounded individual. These activities may range from hanging in the park or taking a ride to Burger Express to going to the movies or to a concert, but they are a major part of a teenager's most exciting years. In addition to these activities, the student may also participate in sports, clubs and attend class functions such as the Junior Prom and the Senior Trip.

These extracurricular activities are considered a large part of a student's education and are looked upon by many colleges as an extra requirement. Social activities help a teenager learn about organization and responsibility. The two of these are definite prerequisites needed to be successful in life.

# HOMECOMING 1986

## THE FIRST 14

Being nominated to run for Homecoming Queen is a great honor. This year fourteen young ladies were chosen to share that honor. The fortunate girls were Judee Bosze, Carol Colby, Rita DeGiglio, Janeen DelVacchio, Jackie Espinosa, Laura Grigni, Farida Muhammad, Denise Perez, Jacqueline Perry, Ursula Pitts, Marisol Rodriguez, Barbara Ruiz, Meeta Shah and Kristy McCuiston.

Carol Colby and Amy Dueker dance it up with others as the night went on.

Barbara Ruiz, Denise Perez, and Jacqueline Perry hold their silk flowers after being announced finalists at the homecoming dance.

The nominees wait apprehensively for the announcement of the five finalists.

Remember seeing old 50's movies when the homecoming queen nominees were announced at the big homecoming dance? Every girl would worry what kind of dress she was going to wear and hope she'd get asked to the dance by the quarterback of the Varsity team. Guys would be nervous asking girls because they were afraid of rejection. And we can not forget the lettermen sweaters or football jerseys guys would give to their special girls.

This year's homecoming dance was, let's say, just a smidgeon different. True, girls do wear lettermen sweaters and football jerseys, but they are purchased from a store or borrowed from a friend. Not many people attend the dance with dates anymore unless these two people are "going out." That's another saying that differs from the 50's. Guys and girls used to go "steady" now they "go out" or "go together."

Although a homecoming dance today may certainly differ from one in the 50's, the basic idea still remains. It is at this dance that the fourteen nominees were introduced and the five finalists announced. The dance was held on Friday, November 7, 1986 and the nominees were each given an invitation to attend the festivity. Each lady was sent home with a bouquet of silk flowers to remember the night. It was certainly a special night for all the girls and everyone who attended.

## THE DANCE

November 15, 1986 during half-time at the game against Cedar Ridge was the date of Homecoming 1986. But this was the only affirmation. How would the girls get on to the field? Walk? By old-fashioned car? Limos? Will there be underclass princesses this year? What will be the criteria for nominating a girl? Who will nominate? Will there be a dance? Will there be a King and Princes? Will we invite a class from ten years ago back for the football game? What exactly is homecoming?

These questions along with several others were brought to discussion by the homecoming committee of the Student Council under the advisorship of Mr. Simon. This year's committee was chaired by Jr. Charlie Machinski and Sr. Janeen Del Vacchio who, along with other members of the Student Council, contended with questions like those stated above. The committee was also responsible for making sure the actual ceremony ran smoothly.

This year several changes were proposed, but only a few were approved by the rest of the Council. Changes that did occur were the criteria by which the candidates were chosen. Senior girls with at least a C average and involvement in school related activities were eligible as candidates. These girls were nominated by a school organization, then voted down to five finalists by the Senior Class and finally the queen was elected by the entire student body. The committee has been discussing various changes that they would like to see happen for the 1987 homecoming game.

## LADY-IN-WAITING 1986

If being nominated for Homecoming is an honor, imagine the feeling one gets from being voted a finalist. This year five finalists were selected from the list of fourteen nominees. The five girls who were in competition for the crown were Judee Bosze, Rita DeGiglio, Denise Perez, Jacqueline Perry and Barbara Ruiz.

The five finalists were elected by the Senior Class and then from these five, the entire student body selected the Queen. This year's lucky young lady was Barbara Ruiz and her lady-in-waiting was Denise Perez.

Even though Homecoming is designed so one girl is victorious, each lady nominated should be proud because she has been recognized by her peers as a winner.

# SENIOR TRIP

## March 17th-21st

Upon arrival at Orlando airport on March 17, C.H.S. seniors and advisors picked up their luggage and went directly to Disney World.

The next day was spent at Wet n' Wild. Although the sun wasn't shining, everyone made the best out of the day, shopping for souvenirs, lounging around, and listening to music. That evening, C.H.S. seniors participated in a Polynesian Luau. During the show, we saw a fashion show of how Hawaiians dress, hula dances, and finally a man swallowing fire, which many felt was the best part of the show.

The third day, C.H.S. seniors departed for Disney World again. Since this was our last day to spend at Disney World, we stayed there the entire day.

The class spent the day in Busch Gardens in Tampa. At this amusement park, one could walk around and look at different animals or go on rides. Directly from Busch Gardens, the group went to a Medieval Times Dinner Show. Dinner was served without any silverware in authentic medieval style. During dinner, we watched a joust. Each school was given a different color crown to wear that represented their knight. Fortunately C.H.S.'s knight won the joust. Jill Kruppa was chosen to be queen.

Q. While at Disney World for two days, what did you do there?

A. It was my first time there, so I rode all the rides and visited all the different places. We, Greg, Tony, John, and I, went on Space Mountain and rode a speed boat. We also had great dinners. To make a long story short, it was two days I'll never forget as long as I live.

Q. Was the trip long enough for you? A. I thought it was long enough for me. Within five days, we had a great time and enjoyed a week's vacation.

Q. If you could go anywhere for your Senior Trip, where would it be?

A. To me it doesn't matter where I go as long as my friends and I are there. Even though it might be a boring place, we'd find some exciting things and have a great time.

"Fifteen Years", this among many others was a song the C.H.S. Class of 1987 heard while walking through Disney World. It has been fifteen years since Walt Disney World has begun to light up the faces of children of all ages including SENIORS! In Epcot there are statues in the shape of birthday cakes celebrating the fifteen years, which began in October 1971. It has been said Walt Disney World was started so there could be an amusement park entirely on its own where people would have to drive to reach. The parking lot alone is bigger than the island of Manhattan. The outrageous amusement park is certain to continue its huge success through the next fifteen years because of its wonderful amusements and the continuation to make the park even better from year to year!

# I REMEMBER MAMA

## 1987

Despite many setbacks, the C.H.S. production of "I Remember Mama" was delightfully successful due to the hard work of a very strong cast.

Some problems that occurred were conflicts with the weather, spring sports, and limited cast members. Numerous school cancellations and abbreviations due to snow caused cancellations of practices. Because the play debuted Thursday, April 2, spring sports had already begun. Originally the play was set to perform March 5 for eighth graders and senior citizens, which would not have interfered with these sports. Limited cast members also produced a problem. Much of rehearsal time was spent recruiting students to fill in roles. Practices were spent in bits-n-pieces rehearsing many different scenes of the play. Eventually, however, the last week of rehearsals for the play was practiced at night when most of the cast attended, which allowed progress to take place. Thus produced was a successful play which ran for the public April 3 and 4.

## TAKING IT PERSONALLY:

Sue Hornak

Q. Please give some background information about your acting career both in high school and grammar school.

A. In 6th grade, I played in two Title Seven after school work shop productions, "Yankee Doodle Dandy" and "Charlie Brown". Freshman year, "The Pink Panther". Sophomore, "The Man Who Came To Dinner". Senior year, "I Remember Mama". I'm really grateful for these chances to perform.

Q. How do you feel about the production and cast of "I Remember Mama"?

A. The cast fits together like the pieces of a puzzle. All are dedicated even though sometimes it can be hard because most everybody is involved with many other activities.

The Cast: Mr. Spaldo (Director), Ruth Rocky (Dagmar), Pam Healy (Mama), Anthony Ruela (Papa), Kevin Portington (Uncle Chris), Janeen DelVacchio (Aunt Trina), Colleen Sheerin (Ms. Hyde), Chrissy Mills (Madeline), Kim Sullivan (Christine), Scott Ammaturo (Soda Clerk), Charlie Machinski (Nels), Patty Osborne (Aunt Sigrid).

Stage Crew: Jim Skitka, Tom Smith, Gerilyn Scerbo, Marlo Mrak, Jon Paczkowski, Benny Ruela, Mike Mason, Debbie Haiser, Stacey Slicowski, Sean Medwick

# C.H.S. DRAMA CLUB PRODUCTION

## TAKING IT PERSONALLY:

Michele Stewart

Q. How long have you been part of the Drama Club stage crew?

A. I began last year with "George Washington Slept Here" and helped as much as I could this year with "I Remember Mama".

Q. What are some of the responsibilities you hold working on stage crew?

A. Generally, I just help Mr. Spaldo. I don't actually move scenery; the guys usually handle that.

Q. How do you feel about the play and other crew and cast members?

A. I think the play is very productive and gives both crew and cast members a chance to work with a fine group of people who together make for a very productive weekend.

Michele Stewart.

Patty, Sue, Pam, and Anthony discuss "Trina's" getting married.

Q: What do you think about hunger right here in the United States?

A: I feel that if all the super stars would stop worrying about other countries so much and worry a little bit more about the problem in the U.S., there wouldn't be so much hunger. Also, if they are such super stars and are so rich, why don't they donate some of their money instead of begging from all the people who don't have so much.

**Scott Ammaturo**

Q: What would you do if you found a wallet containing a million dollars?

A: What would I do if I found a million dollars? If I found a million dollars, I would try to find out who the owner is. If I couldn't find the owner, I would just keep it.

**Brooke Barnes**

Q: If you could go out with any movie star, who would it be and why?

A: If I could go out with any movie star, it would have to be Ginger Lynn. I would say Ginger because she is one of the finest actresses in her class. Ginger has the ability to act great even when she is in the most difficult scenes. If I could go out with her, I would probably ask her if she wanted to rent one of her movies and go back to my place to watch it. I would probably rent my favorite movie.

**Joe Consiglio**

After we watched the movie, I would probably offer her some soda and chips and call it a night. I would walk her to the door, thank her for a wonderful night, and shake her hand to say good-by. That night I would lay back in bed and think about the great time I had with my favorite movie star.

Q: Where would you go if you could go anywhere?

A: If I could go anywhere, I'd go for success. I'd want everything to be possible. So many people are afraid to see what life has to offer and fall out. Life in general is a miracle itself and brighter days are bound to come.

I love to travel and experience things I've never seen. I have many dreams I'd love to fulfill. One of them would be to become an airline stewardess. I'd also become a major in art. I really love being around young children and that gives me a chance to be a psychologist.

**Judi Herrera**

TAKING IT

# PERSONALLY

Q: If you could be stranded on an island with anyone in the world, who would it be?-

A: Janet Jackson. She's pretty, smart, and strong. I would not want to be rescued if I would have everything that I needed to take care of myself and Janet.

**Aaron Conway**

Q: What do you think about nuclear war?

A: It's useless. If we bomb Russia, they'll just bomb us. Then there will be no one left. The thought of it ever happening in my generation scares me! I don't want to die, and also I'm afraid for my family and friends. I don't want them to hurt and feel pain--I love them and I don't like seeing the people I love get hurt. The leaders of the world should think before they do anything stupid that would jeopardize the whole human race.

I don't know how anyone else might feel, but I am only 17. There are many places I want to see, many things I have not yet experienced, and many people I have not yet met. (Bruce Springsteen) I have my whole life ahead of me, and when God's ready for me, he'll take me. I don't want a nuclear bomb to take His place.

**Pattiann Hudacko**

Q: What do you think about drugs in sports?

A: I think drugs in sports are very stupid. You have the pro football and baseball players that are some of your idols and when you hear of them taking drugs, it totally crushes your image of that pro. The drug tests that managers are giving are great because it is a way of helping the players with this problem. If the players don't stop, they deserve to be fired or suspended without pay. If you want to be cool, play sports but play without using drugs!

**Anthony Musto**

Q: How do you feel about violence in today's society?

A: I feel that there is so much violence in today's society that we are becoming immune to it. We see so much of it on the news and in our television programs that we almost accept it as a part of life. I don't think that anything can be done about this unless our attitudes change.

Society makes it too easy for just anyone to go and buy a gun. A step in the right direction would be to make it harder for just anyone to buy weapons by enforcing our laws and making new ones.

**Chris Sinnott**

What is it this year that seems to catch everyone's attention? Maybe it's time for a new fad to come about. A fad can be a new fashion that's temporarily in, a hot item that everyone wants, or something that everyone seems to be doing. Fads come and go quickly. But during the period of time that a fad is in, it's inevitable that almost every individual will want a certain item, or do a certain thing.

# FADS

Marvin Simon and Nelson Rodriguez, caught chillin' out in the lounge, model their favorite styles.

Kim Gallimore and Nadia Muhammad model the latest fashions.

What is fashion? Fashion is an artistic individual expression of self into many selves. Individuals dress differently. An individual wears what he feels suits him.

Today there is no specific code of dress. As one may say "This is the 80's." People wear what they want to wear. Some may have the sophisticated look, or some may have the illuminated look, styles originating from all over the world. Finally some may have the sporty look.

An individual may feel that clothes are becoming more elegant. Long clothing is back in such garments as jackets, dresses, skirts, and sweaters. To go along with clothing, individuals wear accessories such as belts, big earrings, stockings with rhinestones on them, bracelets, and antique pins.

Fashion is primarily affected by attitudes. Whatever one may chose to wear, as long as he is happy with it, is what counts.

# FASHION

Demont Stevens strikes a cool pose as he shows off his fresh duds.

# More Than Just An Ad

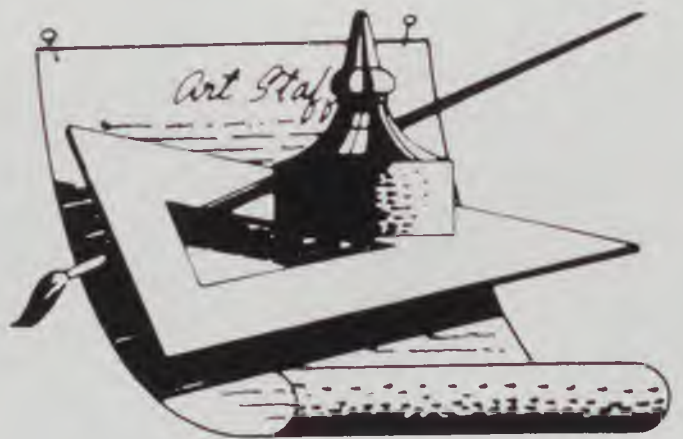

In every yearbook, there can be found a separate section dedicated to advertising. When we think of the advertising section, we usually associate it with the part of the yearbook where all the logos of the various businesses and organizations who have contributed to the yearbook appear. Over the course of time, however, the advertising section has become more of a personal section for reflection on our lives in Carteret High School. If you take a closer look, you may find a little more than you bargained for.

The booster section is a primary example of personal memories found in the yearbook. Just glancing through, you may be able to spot private jokes, "remember when" personal thoughts, nicknames of friends, and literally hundreds of other various forms of graffiti. Words to songs of favorite groups always inspire sentimental memories. The recollection of a former relationship or special moment shared among friends can be uncovered by the sight of a simple word or phrase. Boosters hold so many memories, it's impossible to mention them all.

The wishes from home of good fortune and prosperity are another important area of sentiment found in the advertising section. A warm and friendly "Congratulations" or "We're proud of you" can be found from a close loved one. These feelings and memories should be recognized and the advertising section is just the spot for it.

In conclusion, the yearbook staff would like to thank all who have worked on making the publication of this yearbook the best ever. We hope that enjoyable memories may be found in its content by everyone since it has been everyone who has worked to make our years at Carteret High School enjoyable. We would also like to thank the many different businesses and organizations which have contributed to make publication possible and a special thanks to our yearbook advisors, Mrs. Grace and Mr. Nelson.
