

A watercolor illustration of a landscape. The sky is filled with soft, blended washes of yellow, orange, and light brown, suggesting a sunrise or sunset. Below the sky, a range of mountains is depicted with soft, muted purple and brown washes. The foreground is a light, pale yellowish-white. The overall style is soft and atmospheric.

The Carteret High School Class of 1988 proved to be an energetic group on the evening of May 1, 1987. They were ready for a night to remember - their Junior Prom. It was held at the new and quite elegant Sheraton Place and Towers in Woodbridge, New Jersey.

The colors that set the mood were cranberry and silver. The theme song of the night was "With You All the Way" by New Edition played many times by "Choice", the band selected for the evening's entertainment. The class members and their dates dined on cornish hen and all the trimmings including a Viennese desert table.

It was a truly remarkable sight to see the young ladies in beautiful gowns and cocktail length dresses ranging in colors from red, royal blue, and black and everything in between. The gentlemen were also quite handsome in their tuxes with colors of white, black or gray with cummerbunds, ties and boutenniers in the same colors as their date's dresses.

The Class of 1988 thanks their advisors, Miss Sarzillo and Mr. Tucker, the faculty, and administration for making that special evening an unforgettable experience.

Going out the day after the prom has been a tradition at CHS for as long as we can remember. May 2, 1987 brought a variety of activities.

Although the weather was wet and chilly, that didn't stop the spirit of the Class of 88! Some of us went to the shore where we enjoyed the boardwalk and the arcades rather than the beach and the warm sunshine. Some of us went to the mountains where we bar-b-que'd and "swam" in the icy cold waters of Surprise Lake. There were also some of us who hoped for better weather and waited until Sunday for our "day after."

No matter what we chose to do, we enjoyed the special company of our dates and friends. As we look back on this day in years to come, we will always remember our Junior Prom weekend.

*STOP! Take a look around you! Can you feel it? What we're talking about is the pride, originality and most importantly, the SPIRIT OF 88.*

*Each year the Class of 88 strives harder to be on top. We have all driven vigorously to "once again out-do ourselves." Just to give you an idea of what we are saying, here's a sample of the achievements and accomplishments of our class.*

*As Freshmen, we held a class fundraiser which brought in a whopping \$5,000.*

*Sophomore year, we held many successful dances and fundraisers. However, sophomore year was one of our turning points. It was the year we won the SPIRIT STICK for the first time.*

*The CHS Cross Country Squad: Roberto Vasquez, Terry Chubenko, Jim Lescinsky, Jim Mudrak, Joe Samuelson.*

# SENIOR

Some might say, "Just luck!" However, we proved them wrong by going on to win the stick two more consecutive times. The SPIRIT STICK remained in our hands until we graduated.

As Juniors, we continued to turn some heads. We changed tradition when our Junior Prom was held at the new, prestigious Sheraton Place and Towers in Woodbridge.

For the finishing touch, we have come up with a whole new outlook for our edition of the *Loudspeaker*. With original art and creative ideas, we have again changed tradition.

As you look through these pages, enjoy the memories that our tribute to the Class of 88 will evoke.

We're proud to present the "SPIRIT OF 88."

Sue Cackowski,  
President of Class of 88

# THE LONG AWAITED NIGHT

It was a frigid night on Friday, November 6, 1987 when Carteret High's Homecoming Queen was to be crowned. There was a lot of preparation put into this special evening of excitement. The credit is due to the Student Council, advised by Mr. Charles Simon.

It all started by having all of the athletic teams, clubs, and activities choose a representative as a candidate who had certain qualifications which include maintaining a C grade point average and being involved in two or more activities.

In all, there were twenty-one candidates. Of those twenty-one, the Senior Class voted to narrow the field to the five girls who were to be in the Homecoming Court. The following week, the entire student body voted for the Homecoming Queen.

The night of November 6, during halftime at the football game between Carteret and Highland Park, the five candidates were driven around the track either in a Mercedes Benz or a Corvette. The girls were guided from the cars onto the football field by their escorts: Adrian Daunarummo escorted by Joe Bufano, Tabitha Denton escorted by Doug Kilyk, Bridgette Greer escorted by Jorge Gomez, Gerilyn Scerbo escorted by Anthony Aspres, and Colleen Sheerin escorted by Kyle Carroll.

The awaited moment finally arrived when the Lady-in-Waiting, Adrian Daunarummo, was announced. Then there was silence. After what seemed to be an eternity, the excitement increased as Gerilyn Scerbo was named Carteret High School's 1987 Homecoming Queen.

Gerilyn was crowned by Barbara Ruiz, the previous year's Queen, and presented with an armspray of flowers and a football autographed by the players on the 1987 team. The Lady-in-Waiting and the three other girls were also presented with armsprays of flowers.

All in all, it is a night they will treasure for many years to come.

## SPIRIT '88'

Many of the students at Carteret High have part-time jobs ranging from bank tellers to gas station attendants to salesmen to fast food cooks. The time that they work ranges from 20-35 hours per week and some are still only earning minimum wage.

One may ask why these teenagers work so hard, but there is not just one answer to that question. There are many depending totally on the individual's needs. Some of the well-known reasons are that they are saving money for a car, a trip (possibly for a ski trip, a trip to Europe, or the Senior Class trip), for their college education, or for the mere fact that the person needs extra spending money.

Do these students have any time for any other school activities or hobbies of their own? Some of the ambitious students do it all from school activities, working, and still finding time for social events, while others devote all their time to their work.

As you can see, the student body of Carteret High School is diversified and working takes up a major portion of their time. Working is not only a money-making adventure, but a learning experience.

# FACULTY

*The Class of 1988 would like to thank the faculty and administration for showing us their true "spirit" over the last four years. The spirit of their dedication, their knowledge, and their commitment to form a better learning environment has been evident.*

*It is this type of a spirit that is beneficial to a student. It allows him to grow within himself, find his own limits, set his own boundaries. It shows him how to relate to the world about him, how to work with others, and how to be a positive addition to the community.*

*For all of this, we thank you. You have touched our lives in such a way that it has left a lasting mark on our own spirit, that we will cherish forever.*

*The Class of '88*

# BOARD OF EDUCATION

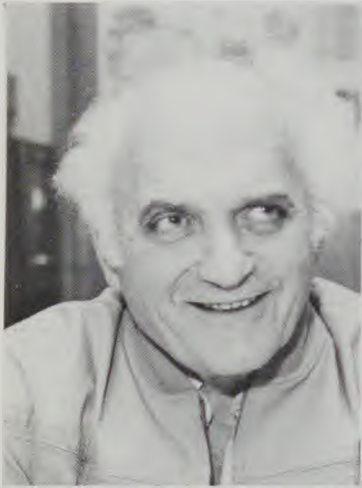

*President of the Board of Education: The Reverend Father Taras Chubenko*

*The Board of Education of Carteret makes important decisions that influence the education of the students in this school system. Meetings are held once a month to decide on important school issues concerning curriculum, budget, faculty, salaries, etc.*

*Through much time and effort, the board hopes to keep Carteret a vital, thriving and competitive school system.*

# OFFICE OF THE SUPERINTENDENT

MR. ROBERT O'DONNELL

*As Superintendent of Schools, I wish each graduate success and happiness in the future. The school system has tried through its educational programming to prepare our students for life. In a democratic society such as we have in the United States, the school must prepare its graduates to be functioning, concerned citizens in addition to developing in each of them the personal skills necessary for success. All the educational endeavors of the Carteret Public Schools are planned with these goals in mind. We sincerely hope that each graduate will utilize his unique skills to lead a fruitful life.*

MR. GERALD BROWN

*Mr. Gerald Brown is the General Elementary Supervisor. He deals mainly with the grammar schools of our system. His immediate responsibilities are with the principals of the grammar schools. He coordinates curriculum and reviews the progress of the grammar school students. Mr. Brown provides the line of communication between the grammar schools and the school board. It is through his efforts that a more carefully coordinated HSPT training has evolved.*

MR. ROBERT I. TURCO

*Mr. Robert I. Turco is the School Business Administrator and Board Secretary. His main goal is to make the school budget work. He oversees all items purchased through the school budget. For instance, if the Athletic Department would like to purchase a trophy case such as the one located next to Mr. Torre's office, it first must go through Mr. Turco's office. His main objective as Board Secretary is to see that the policies voted on by the School Board are put into effect and carried out. Mr. Turco is a very important part of The Office of the Superintendent.*

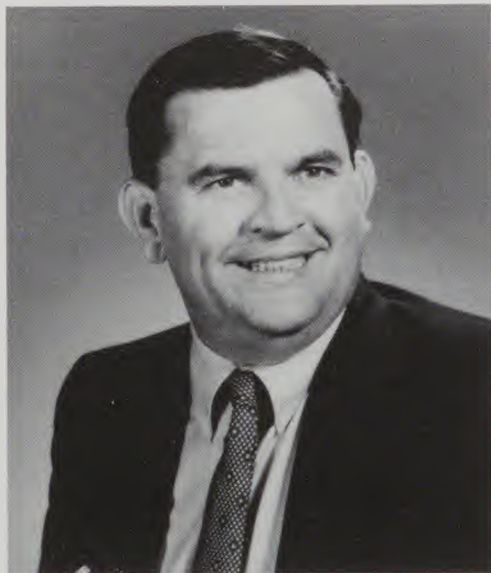

MR. EUGENE BARRETT

*Mr. Eugene Barrett is Director of Ancillary Services. His job is to organize all special programs in the district. These programs include Head Start, G & T, etc. Mr. Barrett sets up programs for the mentally retarded and for the deaf and blind as well. Mr. Barrett has added large improvements to the Carteret School System.*

# Mr. James Gilrain Principal

*James Gilrain*

A principal's day involves many activities. Whether conferring with the vice-principals about disciplinary procedures (above with Mr. Siddons), attacking the mountains of paper work that cross his desk, or serving as a panel member for a student group, Mr. Gilrain always has time to speak to a student or faculty member who needs his advice.

To the Class of 1988

I would like to take this opportunity to extend to this graduating class my sincere congratulations on a job well done. This yearbook will long serve as a reservoir of memories of cherished moments and achievements. It is, in essence, a chronological anthology of what may prove to be the most carefree years of your life. It also serves as a tangible reminder that each and every graduate has passed through one phase of his or her life and stands ready to embark on a journey into adulthood.

To help you begin this journey, I should like to invoke an old Irish blessing:

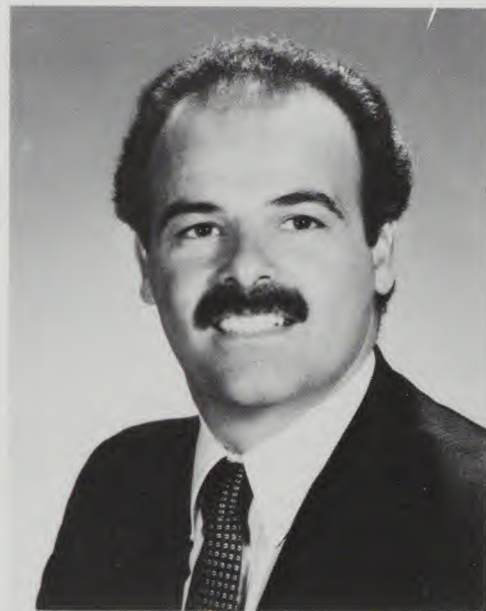

"May there always be work for your hands to do;  
May your purse always hold a coin or two;  
May the sun always shine on your window pane;  
May a rainbow be certain to follow each rain;  
May the hand of a friend always be near you;  
May God fill your heart with gladness to cheer you."

*Mr. Dennis Siddons  
Vice-Principal*

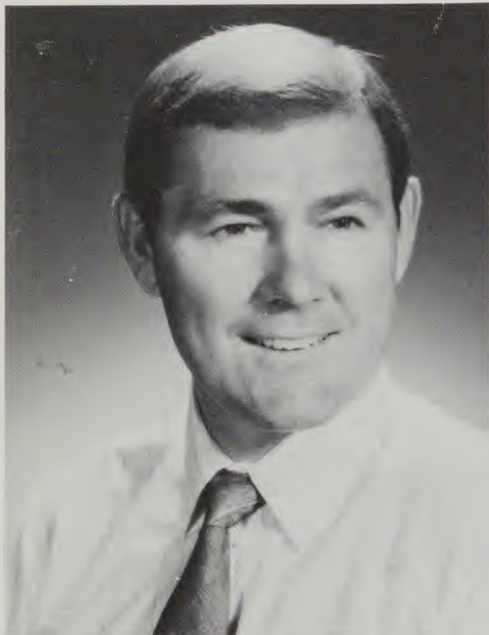

*Mr. Joseph Torre  
Vice-Principal*

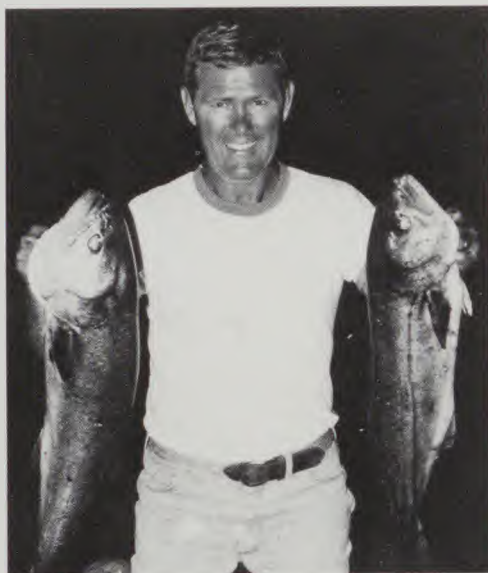

*The Vice-Principal's job is often a thankless one. Most of us associate Mr. Siddons and Mr. Torre with Saturday make-up, suspensions, or appeals. However, the vice-principals do much more than just discipline students. They are seen at all school functions, whether during or after school. Their presence is required at dances, sporting events, parent-teacher functions, and most other events that take place in the school. Without these two important people, CHS would not run as smoothly and efficiently as it does.*

# SENIOR COUNSELOR MR. JOHN HUDAK *Outstanding Dedication*

Mr. John Hudak

Mr. Hudak shows off his prize-winning fish

Mr. John Hudak, the Senior Guidance Counselor, has seen the Class of 1988 through the four most important years of their lives. He has seen awkward and immature fourteen year olds grow into responsible, mature eighteen year olds.

He has been there through the good and bad for every senior or anyone else who has ever needed his guidance.

During December of this year, he held a Financial Aid Workshop for all senior parents. This proved to be very successful in helping students realize their college goals. He organized and sponsored the first college awareness day in which all of the faculty wore name tags indicating the college from which they graduated. These are just a few of the things that he has done for the senior class.

Mr. Hudak has also served as assistant advisor of the Ski Club for the past several years. During summer vacation, Mr. Hudak works on "empirical research" on the variety and abundance of fish along the Jersey shore. The picture to the left is an example of such research.

The Senior Class would like to thank Mr. Hudak for all of his dedication and assistance throughout our high school years.

Miss Alice Sarzillo

## SENIOR CLASS ADVISORS

To the Class of 88:

We would like to take this opportunity to congratulate you for your hard work, participation, and enthusiasm during the past four years. It has been an honor being the class advisors to such a fantastic group of men and women.

As you graduate from Carteret High School, may you be successful in all your future endeavors. Always remember, successful people are never afraid to fail. Be all you can be.

With love,  
Miss Sarzillo  
Mr. Tucker

Mr. John Tucker

Miss Sarzillo and Mr. Tucker stand among their freshman class officers: Sue Cackowski, Adrian Daunarummo, Gerilyn Scerbo and Patty Osborne.

Mr. and Mrs. Simon are only one of several husband and wife teams who teach at CHS.

"The algebraic equation is  $2x + 3y = ?$ ." Mr. DiSarro offers extra help to a confused student.

Mrs. Morko, CUE instructor, provides instruction that prepares students for on-the-job training.

Mr. Shadell, Miss Mincieli, and Mr. Gasior display their college pride on December 5, College Awareness Day.

# Variety of Courses Offered

**Current Times** - It is essentially a course about current times - internationally, nationally, statewide, and locally. The curriculum is constantly changing from week to week because the text is Newsweek, the weekly news magazine.

**Public Speaking** - This course is concerned with basic speech attitudes, knowledge and skills. Students have many opportunities to deliver speeches and receive critical suggestions that will help them improve their public speaking techniques.

**Personal Typing** - This course is designed for students who wish to learn keyboarding techniques for their written communications. In the day of the computer, this is an invaluable asset.

**Spanish III** - This course is the refinement of the Spanish language. Students continue to strengthen their background and become aware of new forms of expression. Stress will be placed upon the literature and cultural aspects of the country.

**Poetry** - This course covers all types of poetry including English, European, and American. Students interpret and analyze as well as write different kinds of poetry.

## MANY THINGS CHANGE IN SEVENTEEN YEARS.

Over the past seventeen years, many changes have occurred here at Carteret High School. Some have worked toward improving the school while others have hurt it.

Since 1970 the population of students at Carteret High School has changed. According to Mr. Toro, the size of the classes has steadily decreased. This is due to the fact that a number of parents are sending their children to Catholic, private or vocational schools in search of what they hope is a more well-rounded education.

Mrs. Masterson feels that the curriculum at the high school has greatly improved. With the installation of the honors program, a new and more challenging selection of courses is now available for the students. Another program, called Share Time, lets students who are interested in a certain trade take some classes at the high school and others at a vocational school.

The attitudes of students have also changed through the years. Mrs. Krugman thinks that students have become more aggressive in the classrooms. Mrs. Masterson says that a number of students have shown a lack of responsibility with their school work. However, both teachers feel that there are still a number of students who take pride in their work and have a desire to learn.

Like most things, Carteret High School has had its share of changes.

"And what are you looking at?" asks Mr. Bihuniak.

## *Coach Seaman Named Coach of the Year.*

*One of our newest and youngest faculty members, Miss Seaman, is involved in all aspects of high school life in Carteret*

*She is not only a teacher favored by all her students; she is also the coach for our girls' tennis team, junior varsity coach for girls' basketball, and junior varsity coach for softball.*

*Miss Seaman attended college at Dickinson College in Pennsylvania. She was the women's basketball coach there also. She says she has always been interested in teaching but made her final decision during her senior year of college.*

*Carteret High School is Miss Seaman's first teaching position. She says she enjoys teaching her General Math, Algebra II, and Geometry classes. She also feels that her students are a pleasure to teach. Miss Seaman notes that her youth helps her to relate to her students' everyday problems. Her students also feel that since she is so involved with them because of extra-curricular activities and close to their age, they can talk comfortably to her.*

*Besides her classes, Miss Seaman also tutors students who need extra help during lunch periods and after school.*

*Miss Seaman is also involved in an organization called "Parents, Teachers, and Students in Partnership." She and the other advisors have put together a student support group this year. She also skis and has gone on a few of the ski club's trips.*

*Miss Seaman says the high point of this school year for her was winning "Middlesex County's Coach of the Year" award in the Blue Division for tennis. "I couldn't have done it without the girls on the team; they're great. I owe it all to teamwork!" states Miss Seaman.*

*Mr. Gasior checks out the stats on the football team using his new toy, the Apple IIe.*

*Mrs. Cunha copies the Winter Sports Schedule.*

*Mrs. Kushner chats about the Boy's Tennis Team.*

## MY MOST MEMORABLE MOMENT OF TEACHING WAS...

*Mrs. Singura "Seeing the excitement of the students as they waited to hear CHS being called to receive awards at the FHA/HERO convention."*

*Mr. Krakower "Speaking in front of the Honor Society."*

*Mrs. Jacobs "Students' reaction of joy upon finding out they passed the HSPT."*

*Mr. Shadell "Thank you!"*

*Mrs. Kopko "My first day! Boy was I nervous. I wanted so much to be successful."*

*Miss Sarzillo "Being class advisor for the Class of 1988. It has been fun!"*

*Mr. Riley "Hometeaching a senior who was the driver in a fatal auto crash that resulted in 4 fatalities (3 of whom were CHS students)."*

*Mr. Grobe "Having a student faint when we did blood typing."*

*Mrs. Checki "Marking my first set of Art, Music, and Lit. exams."*

*Mrs. Polisenio "When my first student said, "Thank you for giving me another chance and helping me understand."*

*Mrs. Doherty is always available to help with a problem in the office practice room. Her expertise with the Apple II and the Lanier computers is unsurpassed in the business department.*

# Coach Olear - Pride and Honor

A dedicated coach, William Olear, has reason to be proud of his football team this year. Coach Olear led his team to a winning season this fall.

His inspiring words at each pep rally always filled the crowds with spirit and showed how strongly he felt about the team. Pride and Honor--these were the two words on everyone's minds and lips this year when they thought of Coach Olear and our football team.

Mr. Olear feels that "every player worked hard and demanded the same from others. The positive outcomes of this season were truly a team effort."

The accomplishment of a winning season was an even greater victory this year than it would have been any other year, especially because of the feelings of the team toward Mr. Olear. They had to rally behind their coach after he was relieved of his position as head coach. Because of their pride and belief in him, they fought to have him reinstated as head coach for the 1987 season. To prove to the town that they were right, the team was able to produce a strong winning season.

## THE MOST FULFILLING PART OF TEACHING IS ...

Mrs. Krugman-"Putting A's on report cards."

Mrs. Grace-" Seeing a student suddenly understand a concept that I've been teaching."

Mr. Comba-"Seeing a student learn, mature and develop into a respectable citizen."

Mr. Niccoletti-"Watching students take the initiative towards their own learning."

Mr. Toro-"Watching students grow and learn and the interaction that develops between student and teacher."

Mrs. Kopko-"Seeing the progress students make between September and June."

Mr. Duncan-"Seeing a student succeed, whether in a class assignment or upon graduation or in his career."

Mr. Hudak-"Helping an awkward, immature fourteen year old grow into a responsible, mature eighteen year old."

Mr. Riley-"Working with young minds. Helping students to discover the wonder of the world in which we live."

Row 1: Miss Frantz-Mathematics, Mr. Gasiior-Athletic Director, Mrs. Glicksman-ESL, Mr. Gonczlik-Physical Education Department Head.

Row 3: Mrs. Hays-Social Studies, Mrs. Holleuffer-Foreign Language, Dr. Hriko-Science Department Head. Mr. Hudak-Guidance.

*Mr. Tucker leads the Senior Class in cheering for the Spirit Stick at the Thanksgiving pep rally.*

*Part of Mrs. Bodnar's daily routine is to notify parents when a student is sick or injured.*

*Dr. Foti waves to her adoring fan, Marty Gosha.*

*"All right! And just what am I supposed to do with this?" inquires Mrs. Simon.*

*Mr. and Mrs. Olear discuss plans for the first pep rally of the football season.*

## THE MAIN OFFICE

Without Mrs. Katz and Mrs. Vernachio in the main office, CHS would certainly be mass confusion. These two capable secretaries assign substitutes, answer the phones, keep Mr. Gilrain's schedule organized, keep track of students who sign in and out of school and generally keep all things running smoothly.

## MY FIRST JOB WAS . . .

Mrs. Krugman - Camp Counselor.

Mr. Shadell - Bus boy and dishwasher at a Catskill Resort.

Mr. Tucker - Delivery boy at the local drug store.

Mr. Krakower - U.S. Army.

Mrs. Cunha - At the Polar Cub while I was a Senior in high school.

Mrs. Singura - As a waitress in a lonely summer resort in Ellenville, New York in the Catskill Mountains.

Mr. Gonczlik - A tree trimmer.

Mr. Simon - Washing dishes in a restaurant.

Mr. Karatz - Paperboy for the Newark Evening News.

Mrs. Jacobs - Mother's helper while I was in high school.

Miss Hanley - Library worker.

Mrs. Grace - Kitchen help at the county home and hospital.

Mr. Toro explains the language lab procedure to his Spanish class.

## PET PEEVES

*Mr. Gonczlik - Objects that pollute.*

*Mr. Tucker - Hats being worn in the building.*

*Miss Mincieli - A ticking clock.*

*Miss Frantz - Little yellow signs in car windows.*

*Miss Vitale - Bugs!*

*Mr. Karatz - Sandor Gonczlik (only kidding!)*

*Mrs. Jacobs - Bees flying in my classroom.*

*Mr. Comba - A dish towel my wife hands me.*

*Mr. Braddach - Phoney people.*

*Mr. Shadell - "Mommie" notes*

*Mrs. Poliseo - Bad language and poor manners.*

*Miss Seaman - A squeaking desk*

*Mrs. Kushner - When a student "cracks" gum in my class.*

*Mr. Riley - PA system overused or abused needlessly interrupting classes.*

*Mrs. Grace - Walkmans*

*Mr. Simon - Truck traffic in front of the school on warm spring days.*

*Mr. Duncan - Mets fans and Dolphins fans.*

*Mr. Simon, in addition to teaching social studies, is advisor to the Student Council and co-advisor to the Junior Class.*

*Row 3: Mr. Kushner - Special Education, Mrs. Kushner - English, Mrs. Lombardi - Art, Mrs. Lynes - Home Economics.*

Mr. Dotegowski lectures about the U.S. Constitution in honor of the 200th anniversary of this important document.

## THE TOUGHEST PART OF TEACHING IS...

- Mrs. Olear - Maintaining the energy to be creative and patient.
- Mr. Krakower - Being a parent, social worker, counselor, and teacher. We have to be all of these things.
- Mr. Hudak - Getting up at 6 o'clock in the morning.
- Mrs. Poliseo - Teaching students who don't want to learn.
- Mr. Bradach - Accepting standardized values. We are not all the same.
- Mr. Shadell - Grading - Betting on a loser.
- Mr. Karatz - Students: without them it would be cake!
- Miss Vitale - The discipline problems. Being a policeman is not enjoyable. I really do dislike adding up those demerits.
- Mr. Cowan - Young people who refuse to even try. It's tough enough to watch people give up in any walk of life.
- Mrs. Holleuffer - Failing a student for the year. I feel terrible since I somehow did not reach this particular student.

Row 1: Mrs. Masterson - Science, Dr. McLennand, Industrial Arts Department Head, Miss Mincieli - Guidance, Mrs. Nagy - Guidance Secretary.

Row 2: Mrs. Naples - Special Education, Mr. Nelson - Business, Mr. Nepote - Business, Mr. Niccoletti - English Department Head.

Row 3: Mr. Niemiec - English, Mr. O'Donnell - Music, Mrs. O'Grady - Guidance Department Head, Mrs. Olear - Mathematics.

## YOU SAID IT!

Mr. Tucker - "First is accuracy; speed will come later."

Mr. Gonczlik - "Don't Smoke!"

Miss Mincieli - "You're kidding, right?"

Mr. Kalas - "Ask me no questions, and I'll tell you no lies."

Mr. Olear - "Yes, you can!"

Miss Vitale - "Take off that jewelry!"

Mr. Cowan - "We are the people!"

Mrs. Krugman - The "thumbs up" gesture.

Mrs. Cunha - "Give me a break!"

Mr. Karatz - "Get a job!"

Mrs. Jacobs - "Oh, no!"

Mr. Comba - "What's the deal?"

Mr. Bradach - "Be yourself."

Mrs. Singura - "I kid you not."

Mr. Shadell - "That's the ball game."

Miss Sarzillo - "Have a nice day."

Mr. Grobe - "Cannot print."

Mr. Peters - "Dear God . . ."

Mrs. Poliseo - "A day without notes is like a day without sunshine."

Dr. McLennand - "Intelligence and knowledge are not synonymous. Intelligence is evinced by the judicious application of knowledge and intuitiveness."

Row 1: Mrs. Silverman - English, Mrs. Simon - English, Mr. Simon - Social Studies, Mrs. Singura - Home Economics.

Row 2: Mrs. Skitka - Library, Mrs. Sosnowski - Attendance Office, Mr. Spaldo - English, Mr. Tomczuk - English.

Row 3: Mr. Toro - Foreign Language, Mr. Tucker - Industrial Arts, Mrs. Vernachio - Main Office, Miss Vitale - Physical Education.

Row 4: Mr. Walsh - Special Education, Mrs. Wondzynski - Physical Education.

# GRADES

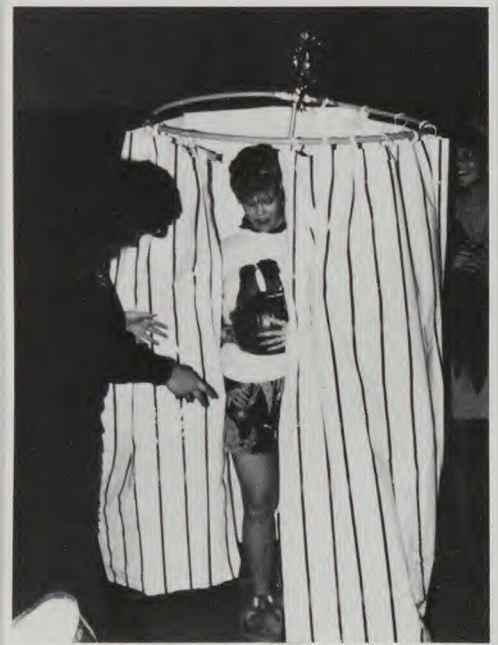

*Is there life before Senior Year? For many, that seems like a good question. But ask any underclassman and he'll be quick to admit there is.*

*For the freshmen, their lives have been totally changed. There were new teachers, new friends, and a new schedule to adhere to. This year for them was one filled with excitement and opportunity.*

*Unfortunately, the sophomores were doomed to experience the usual blues. Nothing new, nothing to look forward to. But even that didn't stop them. They concentrated more on building up their friendships and getting involved more in activities. And they waited eagerly to officially become "upperclassmen".*

*The juniors, on the other hand, had a lot of things to keep themselves busy. On October 9, 1987 the Class of '89 received their long-awaited class rings, and on April 15 they attended their Junior Prom at the Gran Marquis in Oldbridge. They also were preparing for getting their drivers licenses, which meant driving school, driver's theory, and getting a part time job to pay for everything.*

*If you think this year was busy--wait until next year!!!*

## A Great Year!!!

Class Officers: Lisa Lisco, Treasurer; Mildred Pellot, Recording Secretary; Mrs. Kushner, Advisor; Mr. Simon, Sgt. at Arms; Karen Garguilo, Corresponding Secretary. Seated: Kathy Healey, President; Beckey Gillis, Vice President.

## Juniors Have Spirit of Their Own

Junior year is filled with excitement, anxiety, and a feeling of accomplishment. Many things happen at a very rapid pace this year. Most Juniors prepare for S.A.T.'s and start the long search for "the perfect college." Along with all this comes the thrill of being an upperclassman.

When asked "How do you feel about Junior year?" Johanna Shinski replied, "Going to the Jr. Prom, getting my license and being involved in many new activities made it fun and exciting."

On the other hand, there are many students on the more academic side. Joseph Witcoski commented, "My Junior year was a pivotal year in my life that helped me decide what I would like to do in the future."

Now they all have to look forward to "The Big One"- Senior Year!!!

Juniors show that they do have spirit at the last pep rally before Thanksgiving.

*Sophomores. What's it like to be a Sophomore? Lost in a deep hole, struggling to get out and become something of importance. That's what it's like to be a sophomore.*

*In the hopes of being recognized by fellow Juniors and Seniors, the Sophomores sponsored many different activities, such as the Winter Sports Dance and various fundraisers.*

*On the other hand, there are students who disagree. Tara Seymore feels Sophomore year is better than Freshman year. "We know our way around, we have many more friends and we've settled in," replied Tara to the question, "How is Sophomore year compared to Freshman year?" "Many people feel Sophomore year is a 'Nothing Year,' but I've done much more this year than last," she added.*

# ORGANIZATIONS

LAROUSSE  
TREASURY

COUNTRY  
COOKING

*What's so special about any of the clubs or activities in C.H.S., you ask? Their spirit, of course! What do you do when you get the sudden urge to go swooshing down a steep mountain on a cold winter day? Or perhaps you are curious about learning more about a foreign language? Or maybe you have a pretty good singing voice and want to show it off? No matter what it is, there's an organization for it. And it's made up of only those students and advisors who really care. So as you turn these next few pages, take a closer look at the spirit that almost seems to overflow from our many student activities.*

*Each year hard-working students come together to make an annual yearbook. This yearbook is a melting pot of many memories. It is the key to our past. Working on the yearbook staff is an enjoyable experience. It teaches the student how to budget time and to be responsible. Students also work on their writing skills such as grammar and content.*

*This year, the Loudspeaker has taken a "few steps off the path". The staff has changed many things in hopes of presenting a more interesting yearbook.*

*The yearbook isn't all about writing articles and taking pictures. It also deals with all of the typing, proof-reading, and the DEADLINES. Under the supervision of Mr. Nelson and Mrs. Grace and the the editors, the Loudspeaker is a success each year.*

# THE NATIONAL HONOR SOCIETY

HERE

TO

SERVE

OTHERS

Row 1: L. Samuelson, P. Osborne, G. Scerbo, P. Healy. Row 2: Mrs. Chiravalle (Advisor), A. Daunarummo, B. McComb, L. Wehrhahn, C. Sheerin, D. Turco, P. Boehner, J. Bufano, S. Cackowski, E. Ko.

The National Honor Society, advised by Mrs. Chiravalle, is the most prestigious organization around. Select juniors and seniors are chosen in May of each year. Membership into this "posh" society is based on academic excellence and vast participation in extracurricular activities.

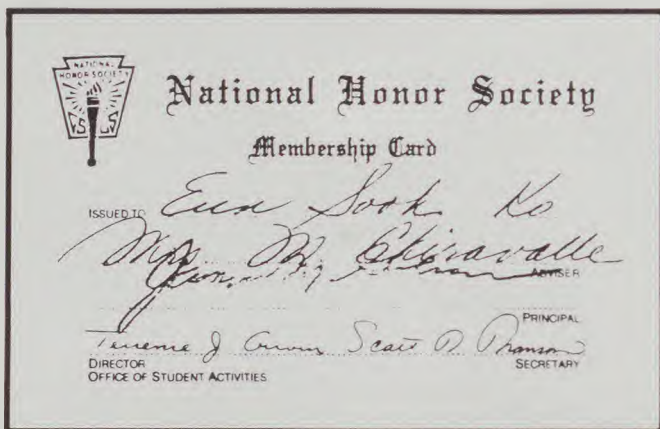

Induction night is probably one of the most unforgettable experiences for a National Honor Society member: the nervous walk down the long aisle, the recitation of the pledge, the lighting of the

candles, and last, but not the least, standing up and sitting down in union with everyone else.

After their induction in June, the new members have to adjust themselves to the formality of the National Honor Society. At the beginning of the meeting, attendance is taken by the secretary in the form of a roll call; two unexcused absences give enough reason for expulsion. As the meeting progresses, every decision must be "motioned" and then "seconded," even to end the meeting.

This formality not only gives the organization order, but allows the students to "grow-up" and take matters seriously.

The National Honor Society is not just there for fun; it has a definite purpose- that is to serve others. This year, the members raised money by sponsoring a turkey raffle and selling stationery items. The members voted to donate the funds that were raised to AIDS research.

Mr. Gilrain congratulates Joe Bufano.

The inductees are relieved and happy by the close of the induction ceremony.

# ALL IN THE NAME OF SCIENCE:

After dabbling slightly with the weather and the atmosphere during Earth Science, a group of students became interested in the field and decided they wanted to get involved with projects dealing with meteorology. Mr. Grobe was also looking for a way to get students more involved, so together they founded the Meteorology Club. In this club, the members are preparing projects for competition in the Middlesex County Fair. The projects deal with observation of weather compared to the accuracy of the Farmers' Almanac predictions. The students are learning patterns of weather, but due to the limited equipment and information available to them, the group is not as advanced as they would like to be. Nevertheless, progress is being made.

This year a new name had been added to CHS's growing list of clubs. The Aerospace Astronomy Club has come into existence--thanks to Dr. Hricko, the head of the Science department. This club has done its best to live up to its name by taking trips, including one to the Planetarium

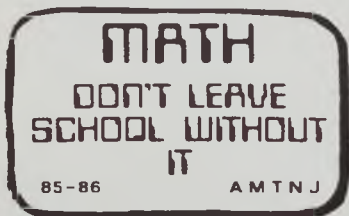

at Franklin Institute, and by meeting some nights so that they can try to find and observe the stars, planets and other parts of our solar system. They have even had a guest speaker from NASA.

This club is also doing its best to learn as much as they can, while still having fun by

discussing their ideas of what they would like to see in the future, using their imaginations, and watching films and movies about space. These club members are all-*Reaching for the Stars!*

# THE SPIRIT TO COMPETE:

## MATH

## LEAGUE

Row 1: K. Spolowitz, C. Sim, D. Haiser, R. Polanin, H. Shah, C. Won, E. Ko.  
Row 2: J. Mudrak, S. Lee, E. Chubenko, P. Shah, C. Sheerin, H. Kang, H. Sim, Mr. DiSarro (Advisor).

Wednesday...???

What did it mean to the Math League? After school, on the first Wednesday of every month, Mr. DiSarro and Mrs. Cender took the "math intellectuals" to their monthly competition.

On the day of competition, after school, the Math League would pack into a small yellow school van and take a short journey to a regional high school, such as J.F.K. H.S. Some members con-

fessed that the bumpy ride with either the pizza or mini subs, courtesy of Mr. DiSarro, was more fun than anything else. Not only did it give them a chance to satisfy their appetite after a hard day at school, but it also gave the students a chance to relax and socialize with their fellow C.H.S. students.

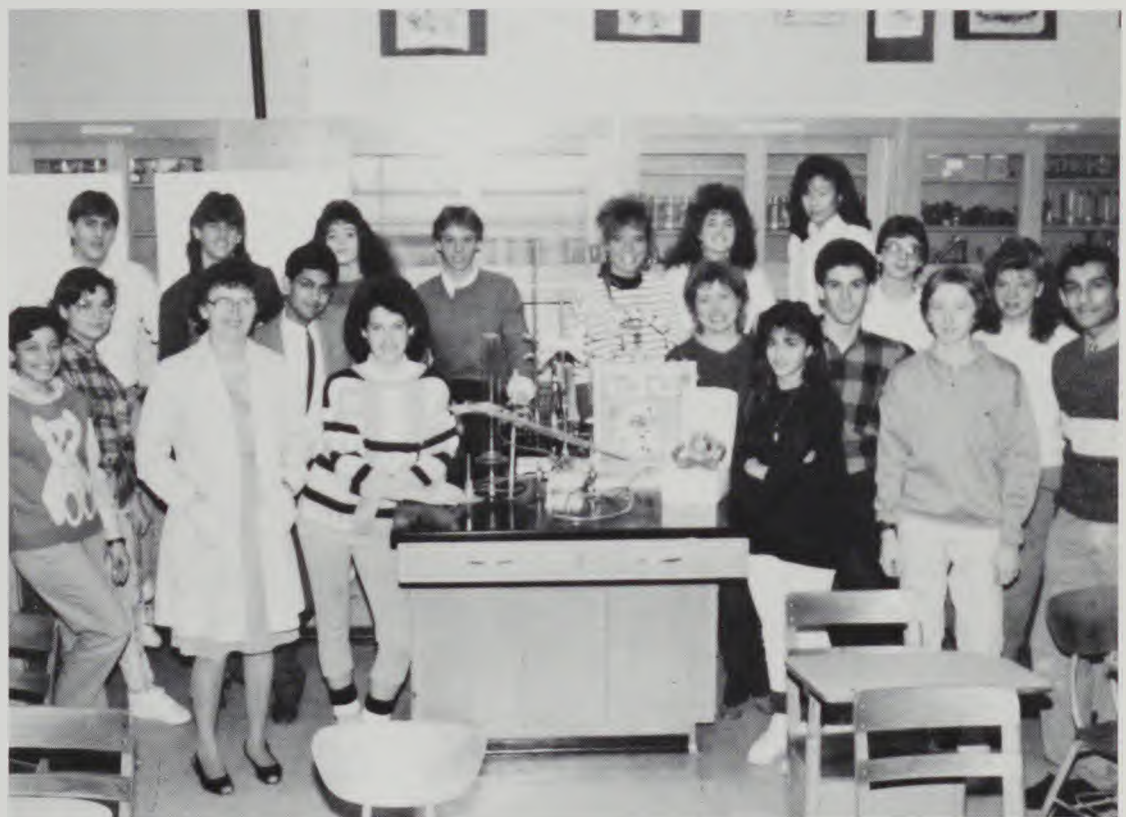

Once their destination was reached, the students had to take a challenging math exam; it

consisted of ten problems and lasted for one hour. Afterwards, the students were supplied with snacks as they waited eagerly to find out their scores.

Whether or not C.H.S. ranked high among the other 26 high schools that participated, the Math League, both its members and advisors, felt each competition was a rewarding experience.

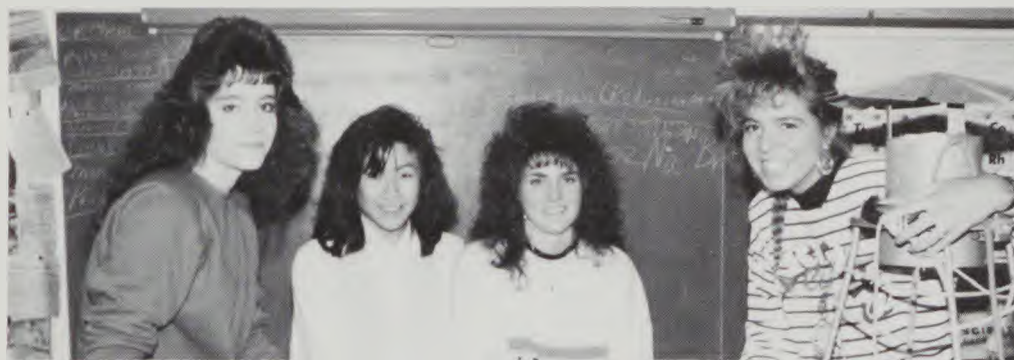

## SCIENCE LEAGUE

This year, the C.H.S. Science League was put in a different division, one that was much more challenging. The traveling distance to the competitions was farther and the number of high schools was limited to only four. With all these disadvantages taken into consideration, the Science League members took a vote whether to drop out altogether or proceed with the matter being "status quo." As it turned out, the students voted unanimously to continue with the competitions. They knew it was going to be tougher, but as they say, "When the going gets tough, the tough get going." And that is exactly what the Science League did. Congratulations for your rare winning spirit!

# THE ENVIRONMENTAL RESEARCH CLUB

*K. O'Connor, E. Ko, C. Sheerin, A. Daunarummo.*

*The four ERCies on the CHS roof.*

The Environmental Research Club (a.k.a. the ERCies), advised by Mrs. Masterson, is exactly what its name infers; a club that researches the environment. Although the club is fairly new and interested students have been welcomed in the past, Mrs. Masterson has decided to restrict its membership. Only students taking the Advanced Chemistry class are allowed to join the ERC. The restriction is necessary due to the valuable information provided by the course, which is essential in devising a methodological and analytical technique to perform an effective environmental research. Advanced Chemistry is a new course added to the school curriculum this year.

The club has decided to concentrate on studying only the atmosphere. Rain or shine, and even in snow, the ERCies climb on top of the school roof to take air samples for chemical analyses. The air samples are taken for 24 hour periods on a bimonthly basis. Due to the lack of necessary equipment, Mrs. Masterson takes her ERCies to do the chemical analyses at the laboratories of New Jersey Institute of Technology. Thus, the ERCies not only learn about their environment, but are also exposed to valuable laboratory experience.

To conclude, as Mrs. Masterson notes, the Environmental Research Club is a part of a worldwide research in determining cancer-causing particulates in the atmosphere.

## CHEMISTRY OLYMPICS

This year the annual Chemistry Olympics Competition was held in April at New Jersey Institute of Technology. High schools from all over New Jersey were welcome and over twenty high schools participated. There were five categories and the CHS team participated in all five. The members did an extraordinary job in the following: Experimental Analysis; Project and Research Paper; Environmental Research; Computer Research; and Creative Lab Experiment. Mrs. Masterson and the Chemistry Olympics team upheld the winning tradition, just as in the past years.

# THE PROJECT CLUB

A newly founded club, the Project Club, consists of a group of talented students interested in doing projects and entering them into competitions. The students (advised by Mrs. Masterson, Mr. Grobe, and Dr. Hricko) entered their projects in the Middlesex County Science Fair competition that was held on May 11, 1987. C.H.S. students did outstandingly well, placing first and second in each age group. It was definitely a landmark in the history of C.H.S. students' science awards.

With the guidance of Mrs. Masterson, Eun-Sook Ko presented a research paper and project on the cause and effects of toxic red tides. Melissa Vonah

showed how sugar crystals grow in a gelatin mold. Joseph Bufano analyzed the effects of acid rain on vegetation. Kerry Rhodes tested the effect of certain compounds on steel. Larisa Hayduk and Pamela Healy compared the PH factor and chloride content of two different brands of shampoo. Anu Mehra experimented with various brands of toothpastes. Ares Silvero produced methane gas from inorganic matter. David Turco demonstrated the best conductor of electricity in a battery. And Tommy Chapman exhibited his entomology samples.

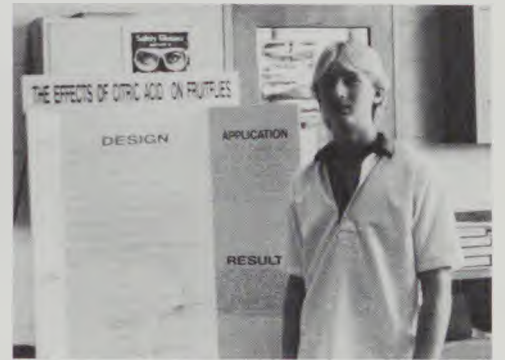

Under the aid of Mr. Grobe, Deserie Kelly showed how music affects the growth of various plants, and

Rosemary Polanin displayed her model of a DNA molecule as it appears in the cell nucleus.

Finally, supervised by Dr. Hricko, Kathy Healey modified a person's weight by an appropriate nutrition program. Kim Sullivan analyzed human emotions. Cyndi Semenza and Becky Gillis also showed the effects of music on plants. Cindy Won presented a future moon colony. Flo Hansen showed the effects of T.V. on child growth. And Geeta Sharma experimented with the effects of electricity on the regeneration of planaria.

DECA's awards and dioramas.

DECA (Distributive Education Clubs of America) is a vocational organization with local chapters in all fifty states and also in Canada, the Virgin Islands, the Mariana Islands, and Puerto Rico. Mr. Scally advises the juniors and seniors in DECA I & II on various Marketing and Distributive Education Programs. As juniors, DECA I receives the bulk of "in-class" instruction and "school work."

In addition, the juniors are responsible for running the school store, which sells everything from erasers to blow pops. The school store gives the DECA I members a feel for the business world and lets them experience it on a hands-on basis.

The seniors or DECA II members, on the other hand, only have classes until 11:00 a.m. Their classes, among other things, cover discussions on job activities and reinforcement of skills. After 11:00 a.m., the seniors are off to work. The most common business affiliations are Alexander's, Crown Publisher's, and First Jersey Banks.

Besides their daily activities, the DECA I & II members participate in various events in the annual DECA Central Region Conference. This year it was held at Middlesex County College on January 13. DECA I & II members competed in such events as: Apparel and Accessories; General Marketing; General Merchandising; Full Service Restaurant Management; Fashion Modeling; and Display Diorama. There were 52 other high schools who participated from Union, Mercer, Monmouth Ocean, and Middlesex counties. Award winners were then eligible to compete at the DECA NJ State Conference which was held at the Great Gorge Resort Hotel in McAfee, NJ in March.

# STRIVING FOR CAREER GOALS:

## VICA

The VICA club (Vocational Industrial Clubs of America) at C.H.S. was very active this past year. The money raised by the various fundraisers that they held was donated to the Carteret First Aid Squad. Mr. Tucker and Mr. Walsh, the advisors for VICA, were very proud of its members for their desire and determination to make a contribution to the community. Furthermore, the VICA club was the principal leader in the "Parade Against Drugs" held in Carteret on November 27. This involvement was not only significant in that it benefitted the community, but it also made many people aware of the VICA club.

## COE

COE (Cooperative Office Education), advised by Mrs. Kopko, is an organization which enables students to gain work experience in an office environment before they are on their own. The seniors who are a part of COE attend school for the first four periods of the day and then report to work at such places as Robert's Chevrolet, M & T Chemicals Company, and Hermans. This valuable experience not only helps the students discover their future career goals, but it also earns them fifteen credits a year. As senior Racquel Class says, "Working in Hermans Replenishment department under the COE program most definitely made me realize that I wanted to pursue a secretarial career. I would definitely recommend it to others."

# FBLA

*The Future Business Leaders of America Club is an establishment formed to help the business students of C.H.S. to become better acquainted with the business world. The members of FBLA compete in competitions in math, vocabulary, and business subjects. They also have various fundraisers throughout the year. Through these and other activities, the members of FBLA, led by Mrs. Grace Cunha, become prepared and ready for the business world.*

# FTA

*The Future Teachers of America Club was created to expose students who are thinking about becoming teachers or plan to become teachers, to the teaching profession. The members of the club get chances to sit in on classes at various grade levels, and once a year teach a class at one of the local grammar schools. All of this helps the students to decide if teaching is the life style that they are looking for because they see the advantages and disadvantages of the profession. The club members also have the extreme good fortune of having Mr. DiSarro for their advisor and role model.*

# PRE-ENGINEERING CLUB

The Pre-Engineering Club is an organization set up by Mr. Arnold to give students with engineering and drafting interest a background of the various fields which they may wish to enter. The club also provides students an opportunity to come in and sharpen as well as expand their knowledge of drafting. They are also working to bring in representatives from various fields such as architecture, contracting, and others.

# FUTURE HOMEMAKERS OF AMERICA

The recipes for lasagna and chocolate chip cookies are not all that the Future Homemakers of America are learning. In fact, cooking is least thing being taught by advisor Mrs. Singura who is preparing the club for an active role in society through home economics. They are learning ways of handling family, job, and financial situations which they may some day come across. The club also participates in competitions throughout New Jersey in various areas such as finance, fashion, design, and safety.

Row 1: G. Plewa, Mrs. Lombardi (Advisor), J. Wingler, S. McMickens. Row 2: E. Smith.

## PHOTO CLUB

The Photography Club is designed to allow students interested in photography a chance to experience, experiment, and learn how to produce the perfect picture. The members—equipped with their 35mm buddies—are constantly on-call to take pictures and to meet sudden deadlines of our yearbook and newspaper.

Using the fully equipped CHS darkroom, the members of the photo club can take and produce a picture in a matter of a few hours.

Mrs. Lombardi, club advisor, started the club in 1986, and it has continued to grow ever since, giving those interested the chance to try-out their picture taking abilities.

Row 1: K. Spolowitz, J. DeSena Row 2: M. Krawczuk, R. Polanin, S. Wilson, P. Gruppuso, B. Devorak, R. Coughlin, T. Krebs, Mrs. Sansone (Advisor).

## GERMANY

Even though most of the members had German as a language course, Mrs. Sansone opened the German Club to eager students wanting to satisfy their interests in the German culture. This year, the German Club's main function was attending the Oktoberfest, a traditional German festival. It was held on October 30 at the Atlantic Highlands. The students were exposed to myriad aspects of the German culture. They enjoyed authentic German cuisine and entertainment. The guests were even welcome to dance the traditional German folk dances to the German folk music that was played. All in all, the Oktoberfest was an unforgettable experience.

# FRANCE

*French Culture...that is what Mrs. Holleuffer is trying to achieve every year with her members of the French Club. The club participates in various activities such as corresponding with French pen pals, throwing French Christmas parties, and planning a trip to the city to visit French restaurants, bakeries and more.*

# POLAND

*The Polish Club, advised by Mr. Tomczuk, is one of the more serious clubs at CHS. The members learn about Poland, its people and culture. This year, senior Sharon Mokrzycki brought much fame to the Polish Club as she was chosen "Miss Polonia" at the Annual Pulaski Day Parade held on October 4 on Fifth Avenue in New York City. This parade was in honor of General Casimir Pulaski, who was the first general to be killed in the Revolutionary War.*

Senior Sharon Mokrzycki was crowned "Miss Polonia" at the Pulaski Day Parade in New York City on October 4, 1987.

# LATIN

*This year Mrs. Sansone and the Latin Club members added an exciting twist to their major function, the Saturnalia. Although this Roman banquet is traditionally held in*

*December, the Latin Club was a little tardy and held it in January. However, with a new year, there came new things. The majority of procedures remained the same, such as wearing togas and dining on Roman food. Even the initiation itself was the same as in the past; the inductees had to walk down the aisle carrying a lit candle and pass under the "sacred laurel bough," recite the pledge and of course perform initiation rites. That is where the twist came in. This year the initiation rites were most original and exciting. Imagine the fun Mrs. Sansone and the rest of the Latin Club had when the inductees squeamed and squirmed while feeling a "human brain." Actually, it was only macaroni!*

# THE INTERNATIONAL TRAVEL CLUB

The International Travel Club (ITC) is dedicated to learning about and traveling to other countries. Thanks to an advisor with extreme dedication and commitment, the members of ITC are "culturized."

By traveling abroad, the members of ITC have the opportunity to see other parts of the world, to meet many people and to have an incredible on-location learning experience. This all adds up to outrageous fun and excitement. Last year the group traveled to Europe and stayed in three major countries-Germany, Austria, and Switzerland. The experience was breathtaking and adventurous as the group rode a train to the top of the Alps in Switzerland to have lunch, rode the subway back to their hotel after a day of shopping in Munich, Germany, and saw the house and surrounding area where "The Sound of Music" was filmed in Salzburg, Austria. The travelers did this and more including a night at a disco, the Hazy Club, in Germany where everyone including Mrs. K (Advisor) danced the night away with the locals.

Besides traveling abroad, the club has an annual visit to NYC to see a Broadway show, and also sponsors a dance to raise money for the trip. The ITC's Beach Party Dance was a huge success, featuring Carteret's beach beauties and is one of the most memorable dances of the year. Who can forget seeing Danny O. in a bathing suit?!

Well, this year ITC is going to Italy, and like they say "When in Rome, do as the Romans do."-Chau and Arrivaderci!

# FOR THE BENEFIT OF OTHERS

## CPR CRASH UNIT

The CPR Crash Unit is a team of staff and students certified and trained in CPR (Cardio-pulmonary resuscitation). They are to be called in the case of an emergency medical situation where CPR is needed and will take over the situation until outside help arrives.

The team is very important because it means that there are always qualified medical personnel around in addition to the nurse in the case of emergency.

## ALTERNATE SCHOOL

The Alternate School program is in its fifth year of operation at Carteret High School. The program provides CHS students with instruction in the basic subjects - math, English, history, and physical education and allows members to elect subjects in other areas. The program is designed to meet individual students needs through a small class size and personal development groups. Program members frequently sponsor sales and fundraisers to raise funds for special activities and trips.

## PTSP

In the past years, the PTSP club has made many attempts to help children form a shield against alcohol and drugs. This year the PTSP Club and their advisors, Mrs. Sansone, Miss Seaman, Miss Vitale, Mrs. Olear, Mrs. Wondzynski, and Mrs. Poliseno, are taking a more direct approach to the students by trying to help them cope with personal problems which may lead them to the substance abuse. Along with other teachers, they have set up a peer counseling program where students of the same age group help each other handle their problems better.

# HUMAN RELATIONS CLUB

Gifts from the "Christmas toy give-away."

Although the Human Relations Club (HRC) has been typecasted as a club that only helps its members with their feelings toward themselves and others, Mr. Robinson and Miss Mincieli have done something unique with the club this year. The HRC sponsored a great toy give-away to make Christmas merrier and more meaningful to those children in Carteret who could use an "extra spark of happiness." Anyone was welcome to donate either money or toys to help the cause and as it turned out, the new program was a huge success.

The toys, after being collected, wrapped, and tagged, were delivered to the appropriate homes of the children receiving them. The HRC members had enormous delight in making these deliveries. The children receiving these toys were selected by Miss Mincieli after she had conferred with the guidance counselors of the various elementary schools and had decided which children would benefit most from the gifts.

But where did the HRC get this terrific idea? Well, it was actually thought up by a senior girl who had been a HRC member the previous year. She had bought a small gift for a little girl, whom she knew could use the extra love, and left it on her doorstep. And waiting afar in her car, after she had seen the happiness on the little girl's face, she realized the true meaning of Christmas. So this past year, Miss Mincieli wanted to do the same and to let her HRC members be a part of it; only, this time, it was on a much larger scale!

HRC members share a meal and goodies at their Christmas party.

## REFLECTIONS

*Reflections* is the school literary magazine which was started by advisor, Mrs. Silverman, to encourage and motivate students to write and submit entries so that others may share as well as enjoy their work. The exceptional writers are awarded prizes for every category such as poetry, short stories, essays, as well as art work. One of the largest hopes of the club is that members of the community will see the students' work and acknowledge their creative abilities.

Throughout the year, with practice and many preparations, the club participates in various competitions. The most important one is the Voice of Democracy Speech. This is their main event during the year.

# THE ANNE SCOTT NEWS

Editor-in-Chief Eric Smith

The student publication of Carteret High School, *The Anne Scott News*, distributed throughout the public school system in the borough at no charge, was and is designed as a learning tool and a medium for student communication.

The 1987-88 *Anne Scott News* is made up of hardworking students interested in the journalism field, who can expand mentally and receive experience as a newspaper reporter. This year's newspaper has been given a new look and organized in a way that is visually satisfying to all who read it. It contains articles for all interests, for all people, from various subjects. The reporting is all original and complete.

This year, *The Anne Scott News* investigated two delicate subjects: Teenage Alcoholism & Drug Addiction and Aids. They put together the reality and tried to report it as best they could. It was extremely successful and well put together.

The 1987-88 *Anne Scott News*: New and Improved, and an important learning tool of and for our young future journalists and students, parents, and faculty of the borough of Carteret.

## Sheerin to Attend Constitution Convention

Colleen Sheerin, a Carteret High School senior, has been selected to represent her community at New Jersey's Model Constitutional Convention, a two day gathering of outstanding high school juniors and seniors to be held at Princeton University on December 19 and 20.

Students chosen for participation in the Model Constitutional Convention will experience a greater understanding of the political and ideological views of the Founding Fathers, the institutions they created under the Constitution, and the performance of these institutions 200 years later. Students will learn a great deal of history as they study the framers of the Constitution. In addition, they will have the opportunity to look into the future and make decisions about what amendments are needed to create a more perfect Union.

As part of the two day program students will have the opportunity to discuss the Constitution with such constitutional experts as Former United Supreme Court Justice Arthur Goldberg and Former New Jersey Governor and retired Chief Justice Richard Hughes. The program will be hosted by Congressman Robert G. Torricelli.

The Model Constitutional Convention is part of our state's bicentennial celebration of New Jersey's ratification of the United States Constitution. The entire program has been funded by the New Jersey business community.

## ASN Attends Gov. Kean's Press Conference

By Patricia Osborne

On December 15, Governor Thomas Kean held the fourth annual Press Conference for High School Newspaper Editors at the State House Museum in Trenton. Representing the ASN were Editor-in-Chief Eric Smith, Assistant Editor Pamela Healy and News Editor Patricia Osborne. It was a three hour event in two parts, whose general theme was "Going to College: Asking the Right Questions."

The first part of the conference was a panel discussion with representatives from all branches of the communications industry. Panel

members were Pat Battle, a general-assignment reporter and substitute anchorwoman for New Jersey Network's nightly news show; Robert Braun, Newark Star-Ledger education editor; Gene Dillard, a radio reporter since 1968 and now freelance reporter for WFIL Radio and WPEN Radio in Philadelphia, and WINS in New York; and Jo Glading, a statehouse reporter for the AP News Service. Carl Golden, Governor Kean's press secretary, was the moderator.

## SPECIAL SERVICES

By Liz Carley

Many citizens of Carteret do not know there is a special department in our educational system called Special Services. Special services, headed by Mr. Musco, located in Carteret High School, helps a child and his family who has a drug or alcohol problem or is mentally or physically ill.

The service offers counseling to the child. Then if it is a delicate matter, such as a child having an addiction to drugs, they will refer the family to other agencies. If the family does indeed go to the referred agency, the educational system or the town of Carteret does not pay for the family's bills.

Special Services has proven to be helpful to people with problems, and makes the others who have overcome their difficulties feel more secure.

## Winners of Essay Contest

The following Carteret High School students have been declared winners in an essay contest sponsored by the Carteret Constitutional Bicentennial Commission. Their essays dealt with New Jersey's involvement in the formation and ratification of the United States Constitution. The contest is one of the local activities involved in the celebration of New Jersey's ratification of the Constitution 200 years ago, which will be officially celebrated statewide on Friday, December 18.

Contest winners are:

- 1st Place: Susan Cackowski
- 2nd Place: Brian McComb
- 3rd Place: Joseph Bufano

Honorable Mention:  
Luana Hippolyte

The winners have been awarded scholarships, and will be honored at the gala Bicentennial celebration to be held at the Carteret Borough Council Chambers later this month.

## S.A.T. PREPARATION COURSE

A fourteen hour, seven session program will be offered at Carteret High School preparing for the March 19 Scholastic Aptitude Test (S.A.T.) at a fee of \$85.

The course is conducted by Clarion Review Course, an organization that has been preparing students for the S.A.T. since 1964.

Class size will be from 15-20 students per class. The course will meet from 7-9 p.m. on the following dates:

Wednesday: February 3, 10, 17, 24, March 2, 9, and 16.

# THE RAMBLER MARCHING BAND

## RAMBLER BAND TAKES FIRST

By Chrissy Mills

The CHS Marching Rambler Band took First Place on Sunday, October 18 in the J.P. Stevens High School Group I TOB Competition.

Drum Majors, Senior Amy Dueker and Junior Erica Platt, successfully led the band through a show full of movement, emotion and color. Performances by the colorguard and a well-executed trumpet solo by Jimmy Skitka helped to secure the win.

Other bands competing were J.F. Kennedy, Voorhees, and Middlesex.

**RAMBLER BAND, YOU MAY TAKE THE FIELD.....**  
 The Carteret High School Marching Band has a new look. New uniforms outfitted the band members as they marched through yet another successful season, led by drum majors Amy Dueker, Senior, and Erica Platt, Junior.  
 Not only keeping their reputation as tough competitors in all of their weekly competitions, the Rambler Band is also known for their never-ending spirit.  
 Although the band has had a tough time this year because of the change in band directors, all of the members pulled together and proved to be successful once again.  
 Congratulations are in order for the CHS Rambler Marching Band. Their hard work and dedication was the key to past victories and was especially effective this year at Ocean City, Maryland.

# THE ULTIMATE SCHOOL SPIRIT

## SENIORS WIN SPIRIT STICK

By Chrissy Mills

Blue and white day was held for the first time on November 1955. This activity was used to promote school spirit. Today, not only have we honored Blue and White day, but Spirit Week was declared as the 3-day long Thanksgiving week.

The Senior class of '88 has been known for their spirit, and Spirit Week only proved once again that they have got what it takes.

This year the Seniors' spirit was challenged. It was said that we thought of ourselves 'too good'. The Spirit Stick was taken back because the Seniors had supposedly "lost their spirit". Perseus, the Seniors vowed to prove their Spirit once

# ATHLETICS

**GET PSYCHED! GO GET 'EM!**

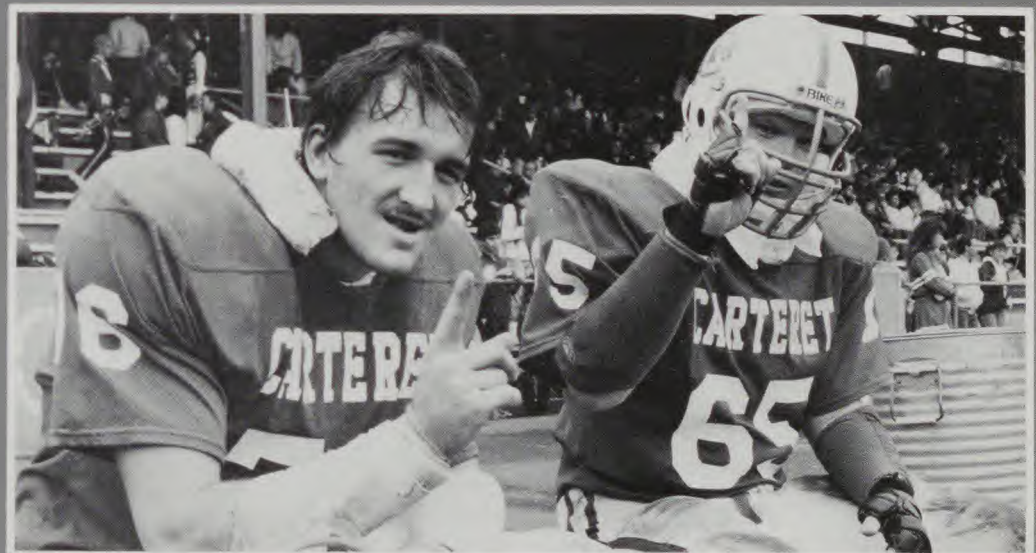

*Rambler Pride in sports. It is very unique and distinguished. All of our Rambler coaches and athletes have that special eye-opening quality.*

*This extraordinary pride isn't necessarily found just anywhere. Whether it be cheerleading, baseball, tennis, or football, Carteret athletes hold their heads up high, win or lose.*

*Carteret fans, coaches, and athletes are very loyal to their Alma Mater.*

*This pride is brought out in many ways. It is present in the Spirit of Coaching and the spirit of becoming a Rambler athlete.*

*One of Carteret's favorite sayings sums it up well, "Win or Lose, Carteret Forever."*

# OUTSTANDING ACHIEVEMENT: 35-6

"Outstanding" is the best way to describe the 1987 football season under the direction of the three-year veteran coach William Olear. Considering Carteret's past few seasons, this year's 4-4-1 record was a delightful surprise, but was by no means any accident.

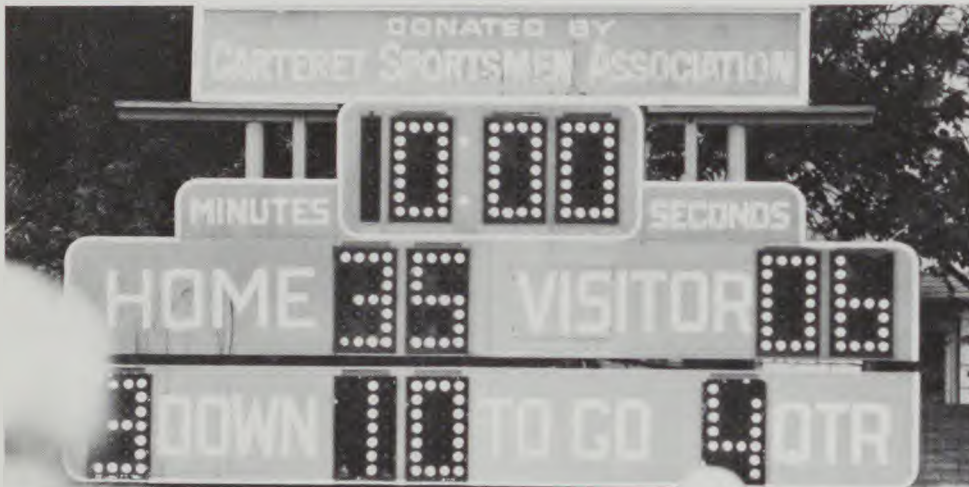

The team's hard work and dedication, displayed throughout their long demanding practices as well as their tough games, finally paid off in a big way. This was the first season that Carteret has finished with a winning record in several years.

The Ramblers started off on the wrong foot with a 28-0 loss to Monroe and then suffered a nailbiting 8-7 defeat to South River. But soon the Ramblers took control and there was no stopping them. Their first win was their third game of the season when they destroyed Metuchen with a score of 35-6. From then on, it seemed as if 35-6 would be the Ramblers' lucky number. Consequently, they went on to slaughter Spotswood and later South Brunswick with the same incredible score. After suffering a big disappointment over a tie game with St. Peters, the Ramblers' spirits were again lowered by the 32-0 loss to top-ranked Highland Park.

However, Carteret came back strong with a 34-6 win, just falling short of their magical margin of victory when they walked all over St. Pius.

Although the season ended on a down note with a Thanksgiving day loss to high-ranked Perth Amboy, the season was one of the best the Ramblers have had in years.

Also, with a good strong group of underclassmen, ending the JV season with a record of 4-2 and freshmen 3-4-1, the future seasons look very promising for the Carteret High football program.

Counterclockwise: The famous 35-6. Senior Quarterback Brian McComb calls for the snap from Center Ed Fiore. Co-Captain Kevin Portington goes head to head with Metuchen's center. Senior Guy Renda is embraced in victory.

**Quarterback Brian McComb**

*"What do you think made the winning difference in this year's season?" I think the experience and hard work of my teammates and myself for the last two years gave us the confidence in ourselves to win. The strength of our team also played a big part in winning. Our strength and conditioning kept us in shape all year round and prevented many injuries. Many underclassmen contributed to the success of the team.*

*"Do you expect continued success for the CHS football program in the years to come?" Yes, I expect continued success from the CHS football program in the years to come. The underclassmen have gained experience at the Varsity level during this past season. Also the JV's and Freshmen have had winning seasons.*

*"Do you plan to play football in college?" I plan to further my education; but as far as football, I'm undecided. Academics will be my first objective, but I hope sports will be a part of my college life.*

## BEHIND THE SCENES

Willy Kolibas

Why do they do it? Why would someone stay after school every day and/or give up their Friday nights or Saturday afternoons to help out the Carteret football team without ever getting a chance to play? The answer is simple—they have CHS Spirit and are dedicated to the winning cause.

The managers of the football team as well as the team's statistician display such qualities. As managers, Senior Willie Kolibas and Freshman Keith Jones attend every practice and have great responsibilities. They are expected to assist the coaches in making sure the Carteret team strives for perfection not only during their games, but also during each day of practice. In addition, Willie and Keith are left in charge with the upkeep of all team equipment.

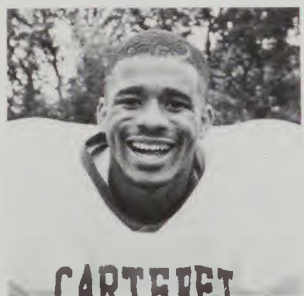

As the team's statistician, Senior Dave Turco must attend every football game. He is in charge of keeping a record of all game and player statistics. Thanks to "Turk", the coaching staff of the Ramblers know when certain plays will work and who to choose for the "player of the game."

As one can see, without team managers and a statistician, the Ramblers could not be as good as they are.

Special recognition should be given to Seniors Willie Kolibas and Dave Turco for three years of dedication to the Carteret Rambler football team.

*Win Or Lose, Carteret Forever*

Mr. Olear

*In your opinion, what key factor helped make this season such a success? Far too often, the success of a season is measured by the won and loss columns. In reality, more coaching and learning takes place when a team seems to be struggling. It is then that a group of men need to establish priorities and direction. A greater commitment is necessary since all seems to be crumbling. The players who comprise this team had the character to rise above the many adversities that tend to dishearten weaker men. They had a clear understanding of our purpose and each accepted his role. Every player worked hard and demanded the same from others. The positive outcomes of this season were truly a team effort.*

*In what ways do you feel practice influences actual game performance? As a player, spending three grueling months on the practice field is not considered fun. However, preparation is vital to the success of a football team. The preparation for an opponent includes reviewing scouting reports prepared by coaches who have been at the opponent's previous games. This information is then passed along to team members with our intended game plan. Strategies are practiced during the week by the entire team. It is during this time, that offensive and defensive concepts are developed. Tempo is very important during practice. Generally, an upbeat tempo is the result of an overall understanding by the players of what needs to be done and how to go about doing it. Therefore, it is critical that everyone understand and participate in every phase of our preparation. The truth of the matter is, we play on game day the way we have practiced during the week!*

# UNENDING SPIRIT

Unending cheers and spirit gave the players the enthusiasm and encouragement they needed to come out with the very impressive record of 4-4-1. With the winning feeling, the high-spirited cheers, yells, and songs became a little bit louder and a whole lot easier to perform week after week. Not only did the Varsity Football Cheerleaders display their talent at pep rallies and at the football games week after week, but they also showed their spirit and enthusiasm throughout the season.

As each week came, the cheerleaders had a little surprise for the fans and the football players other than the posters and signs posted all around the school. There were always streamers, balloons, and posters surrounding the stadium. At the St. Pius game, they surprised everyone with a homemade dummy wearing a St. Pius jersey that the players destroyed just as in the actual game which they won 34-6.

But the real shocker was at the Perth Amoy game where the cheerleaders covered the entire chute with paper bearing all kinds of sayings such as "Home of the Ramblers" and "We Love You Ramblers." All their hard work and dedication to lift the spirits surrounding Rambler football was surely a success this year.

With a squad of 21, the cheerleaders will be losing five seniors to graduation: Captain Pam Healy, Co-Captain Sharon Mokrzycki, Ram Linda Wehrhahn, Gerilyn Scerbo, Danielle Rubino and Michelle Keating. They will all be missed, but their pep and pride will never die.

**How do you feel the football team's improved record has influenced your squad?** The cheerleaders displayed more enthusiasm which I can attribute to the team's improved record.

**What type of people are you striving for your cheerleaders to become?** Mature and responsible young adults.

**Do you think the cheerleaders receive enough recognition for their hard work and devotion? Why or why not?** I don't feel that everyone realizes all the work that goes into being a cheerleader. However, I believe that they are a respected group in the school.

## GET PSYCHED!

Pam Healy

*For how many years have you been cheering? I've been cheering for a total of 8 years -- 3 for Pop Warner football, 4 for my grammar school, and 4 for CHS football and basketball.*

*Do you plan to continue your cheering upon graduation from high school? That decision I will make when I enter college in the fall. If I can find enough time to devote to cheering, I definitely will. If not, I will still try to support the college in other ways. Also, I would love to be a cheering coach in the future.*

*Which year do you feel was the most fulfilling for you as an individual? All the years I have cheered for CHS have been special. In my junior year, I was fortunate enough to receive 6 awards. I think senior year was the most fulfilling because I can leave CHS knowing that I did my best to support the Ramblers for all 4 years.*

# REACHING HIGH GOALS

The 1987 Boys' Varsity Soccer Team has completed their season with a record of 5-7-2. This year's soccer program did not live up to the expectations of the coaching staff although the record showed improvement over recent years.

With senior veteran and leading scorer, with 7 goals and 2 assists, Juan Santos; senior captain with 5 goals and 4 assists, Julio Gonzalo; and senior Louie Muzyka leading with 4 goals and 9 assists, the Ramblers made it to the State Tournament. However, Carteret was defeated by North Plainfield 4-0.

In the previous years, the Carteret soccer program had been on the decline, but because of the larger number of players, the Ramblers turned this around. This year's team, made up mostly of seniors, were ready to play. There had been some games they had played well and some that they had not, but the turnout had been much more successful this year than in the past.

Head Coach Robert Cowan and Assistant Coach Robert Duncan both feel that because of the lack of juniors on this year's squad, there will not be much to see in the 1988 season. However, the assured number of sophomores and freshmen bodes well for the 1989 season.

Row 1: L. Muzyka, J. Leon, G. Lewicki, L. Cuong, J. Gonzalo, J. Santos, K. Kang, A. Vellajos, T. Perez, P. Silva. Row 2: Coach Cowan, Mgr. R. Kopko, D. Kilyk, M. Kovacs, B. Galamb, S. Medwick, D. Brucato, K. Vitale, J. Bufano, A. Aspres, Mgr. S. Slizewicz, Coach Duncan.

Coach Robert Cowan

### How would you evaluate the 1987 soccer season?

The season was not as successful as we had hoped, primarily because of a lack of consistency in our play. There were times when we played very well and other times we played very poorly. It is true, however, that injuries and other factors forced us to make more changes than we had anticipated.

### What improvements has the team demonstrated from past seasons?

The most obvious improvement is our record which is much better than it has been in recent years. Also, for people who watched our games, it was also obvious that we were competitive with every team we played which is also a significant step forward. The most encouraging improvement though is the increase in the number of people coming out for soccer and more specifically, the number of freshmen.

**GO FOR IT!**

LOUIE MUZYKA

**Who most influenced you during the season?**

I must say that out of everyone, Mr. Cowan and Mr. Duncan have had the biggest influence on me this year. They, as well as my teammates, were always there to help me out, both on and off the field.

**What is your opinion of the team's overall performance this year?**

I feel that every member of this year's soccer team played his hardest every time that he walked onto the field. They pulled through during the rough times, when nothing seemed possible. For these reasons, I am very proud to have been a part of the CHS soccer program.

**What advice would you give to the upcoming soccer players?**

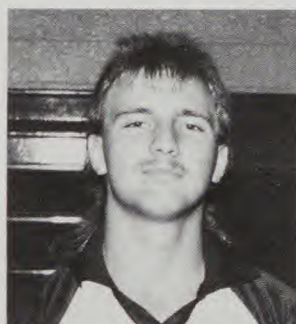

Always give 100 % during games and practices. Especially when times seem hard, it is important to always try your hardest to be the best that you can be.

# HARD WORK & DETERMINATION

Hard work and determination were the keys to the success of the CHS Girls' Tennis Team. This year's season turned out to be one of the best ever for CHS ending with a record of 9 wins and 9 losses.

There were many doubts upon entering the season with the young inexperienced Coach Helenanne Seaman, replacing former coach Mrs. Mosca. However, Coach Seaman dispelled all doubts when she led the team to their greatest success in the GMC Tournament and later, to one of their best records ever.

Besides proving her capability to Carteret, Coach Seaman was also justly recognized by Middlesex County as Blue Division Coach of the Year.

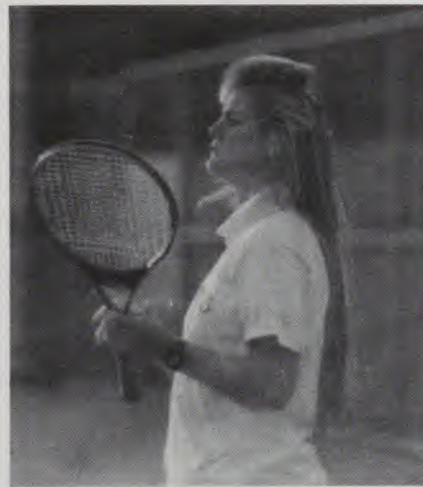

The future outlook of the girls tennis team looks bright considering that they will lose only four players to graduation: Susan Cackowski, Theresa Carley, Adrian Daunarummo, and Manju John.

Top Row: R. Ruiz, T. Carley, S. Cackowski, J. Donato, A. Daunarummo, M. Ruiz, M. Mrak, A. Krawczuk. Bottom: M. John, C. Won, C. Mojica, B. Gillis, M. Cho, S. Singura, A. Mehra.

Far Left: Adrian Daunarummo with the return.  
Near Left: Susan Cackowski studies her opposition.

Coach Helenanne Seaman

**How do you feel the results of this year's season compare with your early expectations?**

Since I am a new coach not only for CHS Tennis, but for tennis in general, I was not sure what to expect. I knew that the team had talent and I was hoping for a winning season. A .500 season was our goal and we achieved that. I was very impressed with the girls' performances during our final matches in which we nearly upset the division champions.

**Do you think that being a first year coach had any effect (positive or negative) on the tennis team's performance?**

Since the girls improved their record over past years, I would like to think my presence had a positive effect. The team was willing to try new drills and they were very enthusiastic.

**In your opinion, what does the future have in store for the CHS tennis program?**

We are losing three key seniors to graduation which will have some effect on next year's performance. The underclassmen who remain, however, have shown to me that they are ready to fill these openings. With the determination and growth I saw this season, I am sure that the only result to expect for the future is many more winning seasons.

RAMBLER POWER ALL THE WAY!!

Senior Susan Cackowski

**What has been your past experience playing tennis? Do you plan to continue playing in the future?**

Actually I never participated in organized tennis until I entered CHS. My past experience merely consisted of "playing around" with some friends. I would like to continue playing tennis in college because I love the sport, but as far as playing for a college team, I don't think that will occur.

**Who or what do you feel has had the most influence on your tennis career?**

I feel watching a lot of women's professional tennis has helped a great deal, although I was greatly influenced by my dad and by my Coach Miss Seaman.

**Have you reached any personal goals which you set out to achieve upon entering the season?**

In the beginning of the season I was certain about how good my competition was going to be. I myself was unsure about how my personal record was going to turn out. I wanted to at least finish above 500, especially because it was my senior year. I was pleased with my final record which "Thank God" was above 500.

# GIVING IT THEIR ALL.

The Boys' Cross Country team ran well this year ending their season with a record of 5-3-0. They spent many long, late afternoons running the track and the streets of Carteret hoping to prepare themselves to be in top condition for their demanding meets.

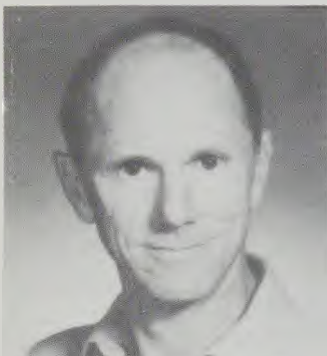

All the boys were hardworking and always worked to the full extent of their capability. Leading the team were seniors Jimmy Lescinsky and Robert Valasquez, who were all backed up by a determined group of underclassmen.

Top Row: Terry Chubenko, Roberto Velasquez, Jim Mudrak, Coach Shadell. Bottom: Jimmy Lescinsky and Joe Samuelson.

COACH ARTHUR SHADELL

**How does this season compare with past seasons?**

We finished the season about the same but we started different. We started with a poor turn out and had injuries that forced us to give up our 1st meet. After that we got rolling. We picked up a couple freshmen and we won our next 5 out of 7 meets.

**What was this season like for you as a coach?**

Pleasant. We have a good group of runners, Joe Samuelson, Terry Chubenko, and Jim Mudrak, who want to work hard and want to win. I enjoyed their company and we worked well together.

**What do you feel was the single most fulfilling accomplishment of the cross country team this season?**

Coming back from adversity (the slow start), working with good people and having an Individual Conference (county) Champion (Jim Lescinsky) made the season worthwhile.

**GO FOR THE GOLD!**

Jimmy Lescinsky

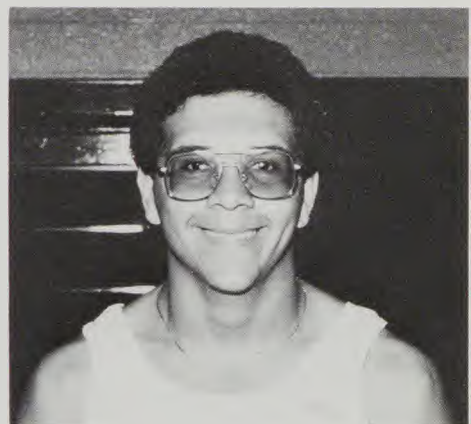

**To what do you accredit your exeptional performance this year?**  
 Hard work and determination. Running between 230-275 miles during the summer, I guess helped me a lot. I love to win, but you must take the good with the bad, and accept when you are defeated, but never ever quit.

**What were your personal goals upon entering the 1987 cross country season?**  
 My own personal goals entering the 1987 cross country season were to be undefeated in dual meets, win the GMC Title, and make it to the Meet of Champions.

**Do you have any plans of furthering your running career?**  
 Yes, I do. If I get a scholarship, I would really like to be running for a school that has a good track reputation.

# INEXPERIENCED YET DETERMINED!

Although inexperienced, the Girls' Cross Country team of 1987 was determined! With a freshman squad made up of Stacy Hempel, Hilda Movaldo, Adrienne Corcoran, Melissa Zur, and Lori Marcy, the Lady Ramblers completed their season with a final record of one win and six losses.

Even though the lack of upperclassmen affected the success of the team, Coach Donnelly found individuals who were willing to work. And work they did! They spent hours every day after school running mile after mile in order to increase their endurance and better their performance.

The future outlook of the team should be an impressive one as long as these girls retain their determination to be winners.

Coach Bob Donnelly

**What was the 1987 season like for you as a coach?**

In one aspect this has been an enjoyable one because the group of runners we had was dependable. They did their workouts as they were asked, didn't give up, and worked hard to improve.

**How do you think the lack of experienced upperclassmen affected the outcome of the season?**

The lack of experienced runners can work against you. However, it is better to start anew with runners who possess a positive attitude than to have good young runners surrounded by negative people.

**What do you think can be done in order to increase participation in Girl's Cross Country at CHS?**

There are several things that need to be done. One is to expose grade school students to the sport. We also need to have athletes at the high school compete in more than one season or more than one sport. We are too small a school now to have specialists. The most important one and the most difficult to get across to our athletes is that true success does not come easily--you must work to earn something of real value. God has given us talents to develop to the fullest-not to just get by on and be satisfied with easy success.

**What do you feel are the best qualities of a cross country runner?**

The number one quality of any athlete is integrity. This is defined as, "soundness of moral principle and character; uprightness; honesty." Without this quality you hurt yourself and your team. This must be combined with mental toughness as you must be willing to push yourself beyond what you see as being your limitations. A person who lacks integrity cannot do this as he deceives himself about how hard he can work.

**DETERMINATION PAYS OFF!!**

Coach Donnelly optimistically cleans the track.

# CHAMPS ONCE AGAIN!

Whoever expected the 1987-88 CHS Boys' Basketball team to go all the way to win the Greater Middlesex County Central Jersey Group II Championship for the first time since 1960? And who expected their rookie head coach Bob Molarz to earn a claim to the title of News Tribune's All Area Coach of the Year? Anyone who went to watch the Ramblers play any game during their long, successful season would have been able to state such predictions for the CHS team.

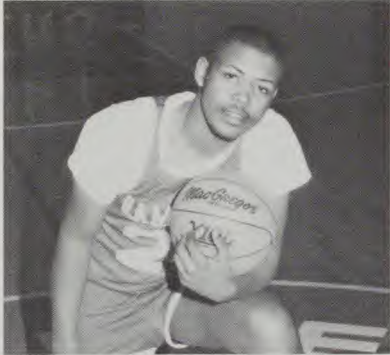

The experience of the very talented five starters, Corey Lowe, Mike Medvetz, Brian McComb, Dave Turco, and Lamont Repollet, and the steady development of the younger talent made for quite an intimidating and exciting team.

The scoring of Corey, Mike and Lamont started the Ramblers off with their wide-margin leads. Then pressure on the ball by Dave Turco, with his hands all over in the opponent's face, and Brian McComb, with his driving steals, made for CHS's airtight defense.

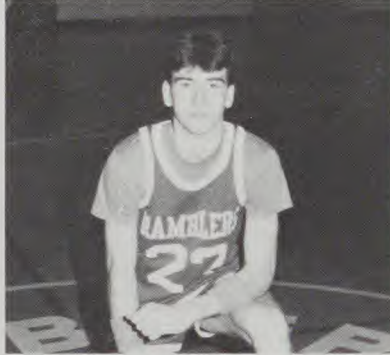

In an interview held prior to the start of the CHS Boys' Basketball season, new Head Coach Bob Molarz said that he felt confident about the success of the team. He also stated that he felt such success would depend on how well the young inexperienced players developed.

Obviously, by examining the outcome of the season, one can safely assume that the younger players, as well as the veterans, have lived up to their potential.

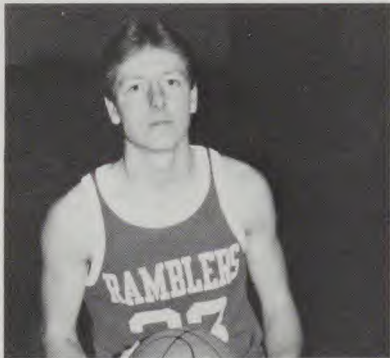

Moreover, another highlight of the season was accomplished by the four-year varsity player, senior Corey Lowe. A little more than midway through the season, Corey scored his 1,000th point in his high school career. This was quite an accomplishment considering that not many high school players ever get to experience such a feat. **One thousand points and GMC Champs — quite a season!**

MIKE MEDVETZ

**Do you feel the addition of the 3 point line has had any effect on your game this year?**

The addition of the 3-pointer this season has helped my game tremendously. I am an outside shooter and by shooting the 3-pointer, it has helped strengthen my game a little bit more.

**Who do you feel has influenced your performance this season?**

I would say my family has influenced my performance this year along with my coaches and teammates. All have guided me and tried to help me through the season, and also to be a better player. They have been there rooting me on all the time, and it has helped me alot.

**How long have you been playing basketball and do you plan to continue in college?**

I started playing basketball when I was about 7 at the clinics held in the grammar shools. As I grew older, I started to become more invlved in team playing and began to set my goals for the future.

As for playing basketball in college, I would love to, but I also play baseball and I would like to play this sport in college too. I'll have to choose one of them, but if I can, I'll play both. If not, I'll just have to pick the one where I receive the best offer.

Coach Bob Molarz

**Did the 1987-88 Boy's Basketball season live up to your expectations?**

Because of youth and inexperience, I expected the team to get off to a somewhat slow start and improve with each game. That expectation became reality with a 3-5 beginning, followed by a nine game winning streak. We are now playing with confidence and enthusiasm and expect to do well in both the county and state tournaments.

**As the new head coach, how do you feel the coaching change has affected the team?** I feel the transition has been a smooth one in terms of both success and personal-ity. Like all changes, the players had to get used to a new system and perhaps a new coaching style and I believe all levels of the program handled the change very well. We've done well to create an enthusiastic and family like atmosphere which should carry over to the future.

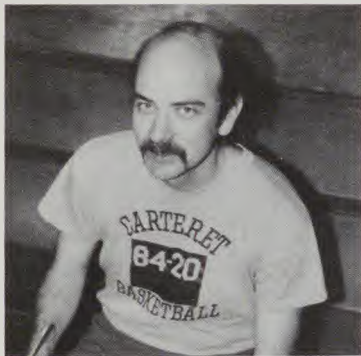

**What do you see in the future for the CHS Boy's Basketball program?**

As in any program, the success can be measured by the effectiveness of the assistant coaches in that program. At Carteret we have assembled a basketball coaching staff that I feel is second to none. Junior Varsity Coach Bob Duncan, Freshman Coach Nick Scheno, and All-Star Coach Rich Fonti are the most knowledgeable, enthusiastic, and hard working group of assistant coaches a head coach could have. This program's success (JV 11-4) (Frosh 12-1) is a credit to their coaching ability.

The longer the players remain dedicated to the program, the more success we will have in the near future. The CHS boy's basketball athlete has shown a willingness to learn, work, and seize the opportunity to improve at every level.

All of these positive aspects have made my first year as head basketball coach at Carteret an enjoyable and unforgettable experience.

# TALENTED UNDERCLASSMEN

Coach Bob "Duncs" Duncan

Bob "Duncs" Duncan, head coach of the Boy's Basketball Junior Varsity squad (11-6) and Nick Scheno, head coach of the Freshmen (13-1) both expressed a positive attitude when asked about the ability of this year's younger players.

"We have a nice balance on the team. We have good inside and outside players with the ability to play under control," is the answer Coach Duncan gave when questioned about the team. Coach Scheno agreed with "Duncs" and added, "We have a talented bunch of kids to work with. They work well together as a unit and should contribute greatly to next year's squad."

As you can see by the opinions of the junior varsity and freshmen coaches, next year should be as successful as this year with the addition of many talented underclassmen.

# SPORTS SPOTLIGHT: COREY LOWE

Becoming a four year varsity player was an accomplishment itself. Then, becoming the first player in many years to score 1,000 points in his high school basketball career? Sounds exciting, doesn't it? Well, Senior Corey Lowe has made such accomplishments during his years at Carteret High School.

In a recent interview, when asked if scoring 1,000 points was a goal he had set for himself as a freshman, Corey responded, "Not really. It just... happened. It was a really exciting moment." Corey's confident attitude was evident when he responded to the question "Did you think you could do it?"

"Of course," he said jokingly. "But seriously, I knew if I tried my best and worked hard, it would all pay off." Well, Corey, it did pay off and in a big way. Congratulations!

## REACHING HIGH GOALS !!!

# SHOOT FOR THE TOP

The CHS Lady Ramblers have been struggling for several seasons now, but they never quit. They still give their all during every game and every practice. This season, second year Head Coach Bob Sisko and Assistant Coach Helenanne Seaman hoped for the players to exercise pride, discipline, and dedication to make a success of the 1987-88 season. Although these important elements were utilized, the results of the season, in terms of wins and losses, was not a tremendous success. However, the team did play with much more spirit and determination this year. There were some pleasant surprises; for instance, when they beat high ranking Highland Park. Overall, future success looks to be in store for the CHS Girl's Basketball team. With the aid of the upcoming talented junior varsity players, Marisol Ruiz and Cathy Busela, the team will have a promising future. However, we will miss the seniors we are losing to graduation: Susan Cackowski, Adrian Daunarummo, Cindy Fonti, and Nicole Pica.

Coach Bob Sisko

**What is your main philosophy as head coach?**

As a head coach, I firmly believe that a successful team is built on "team work." Each member of the team has to contribute using her personal skills to the best of her ability and blending them in with the play of her teammates. Team-shooting, team-rebounding, and team-defense are three important ingredients in being competitive and in winning.

**What do you feel influenced the improvement of this season compared to last year's?**

As coaches, both Miss Seaman and I have worked out new offensive patterns, new practice drills in conditioning and on defensive techniques that have concentrated on hand positions and foot stances. We feel that proper execution in all of these areas is another factor in our improvement over last year.

**Do you have any specific plans to make next year's season even better than this year's?**

We will work on the development of a weight-training program both off-season and in-season for all members of the girls team. We hope that this additional strength training will help us become a more physical team next season.

We'd like to bring our physical level up to a par with our skill level. Presently, we do have some problems against teams that are strong around the boards.

CINDY FONTI

**What do you feel is the key to the success of a team sport?**

I feel the key to the success of a team sport is most definitely TEAMWORK. In order to be successful, the team must get along with each other and play together as one. Otherwise, you are not only playing against your opponent, but also against each other.

**Did you set any goals for yourself at the beginning of the season?**

Yes, I did try to set a couple of goals for myself at the beginning of the season. My main goals for this season were to push myself to my greatest ability and be continuously persistent, especially in the areas with which I have trouble. These two goals were my most important because I wanted to try to become the best player I could possibly be.

**How do you feel the Lady Ramblers can improve their season?**

I feel the Lady Ramblers can improve their season by playing as a team, not as individuals. This season the Lady Ramblers had good talent, but in many games, we did not exercise teamwork, which is the main element in a team sport. Hopefully, we will start playing together and come out with a winning season.

# STRIKING PERFORMANCES!

*Bowling - - - It's on its way up. Through the years, Carteret's Rambler Boy Bowlers have had their ups and downs. As we all know, last season was their best ever. This year's Ramblers may not be State Champions, but they do have a great deal of talent. Senior Captain Paul Harney and veteran Junior Kevin Gallagher right behind him, keep the team alive and well.*

*Other team members who contributed to this season are Senior Charles J. Howard, Juniors Jon Veiksans, Mike Polhamus, and Scott McNamara, and Sophomores Matt Makwinski, Dave Lenahan, and Freshman Daniel Stolba.*

*Coach Steve Nelson seems to be hopeful and anxious about the seasons that lie ahead of them. With a young team, there is a great deal of hope for the future.*

*The Lady Rambler Bowlers are just a little different from the boys. Though they are also Coached by Mr. Nelson, experience as a team of bowlers was lacking. Most of the squad this year consisted of underclassmen, which leaves room for a great deal of improvement.*

*The Lady Ramblers captain, Veteran Senior Debbie Haiser gave the team all the support and encouragement they needed throughout the season. Other members of the lady bowlers are Senior Lori Samuelson, Sophomores Patty O'Halloran, Mercedes Lazo, Karen Esposito, and Debbie Stenger.*

*Coach Nelson definitely sees a great deal of potential in his young squad. They may be inexperienced now, but wait a few years, and they will be champions.*

COACH STEVE NELSON

### **How does this 1987-88 season compare with past seasons?**

*Each season is unique unto itself. The make-up of each year's team is influenced by many factors. The experience of the current members, or lack of it, is one factor. This year's varsity team has two veterans: Senior Captain Paul Harney and returning letterman Junior Kevin Gallagher. Senior Charles "Jason" Howard, Juniors Mike Polhamus, Kevin Gallagher, Jon Veiksans, and Sophomore Matt Makwinski are first year varsity bowlers.*

*Another factor is the strength of the opposing teams. This year's competition is most talented, but this is tempered by the fact that this is the first season ever in which our conference has two divisions. Thus, we are in a division of our peers and have a better chance of success.*

*Furthermore, another factor, of course, is the individual skills, courage, intelligence, and competitiveness of each member of the team.*

DEBBIE HAISER

**How would you evaluate yourself as a bowler?**  
 I feel I am doing pretty well. When I first started bowling, I bowled in the 80's. Now my high score is a 189 with a 127 average.

**Which do you consider bowling: a competitive sport or a leisurely sport?**  
 Bowling is definitely a competitive sport to me. When the team is out there, we are there to win, but also to enjoy ourselves.

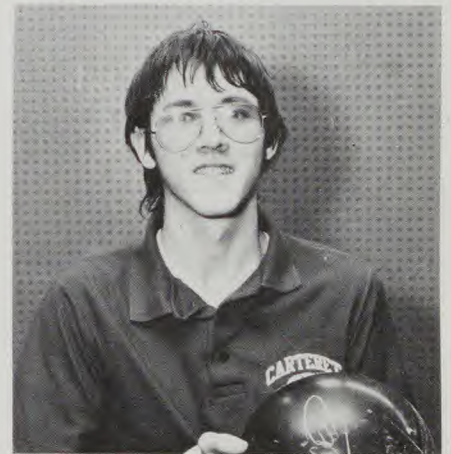

**Is bowling a new experience for you or have you bowled in the past?**  
 Prior to joining the high school bowling team, I have had no other bowling experience. However, I felt that competing on the CHS team would be fun as well as a learning experience.

# BACK ON TRACK

Since they lost an important part of the "Rambler" group, one would think that the 1987-88 Boy's Winter Track Team would not be quite as good or as strong as last year's "Championship" team. However, Coach Robert Donnelly had different thoughts.

At the time of this writing, the Boy's Team is undefeated in their dual meets. They made a remarkable performance in the County Relays, held in East Stroudsburg University in Pennsylvania. They finished second in the County Relays and took first overall for their division. The team together brought home many medals. The Sprint Medley Team, consisting of Guy Renda, John Maresca, Ralph Shane, and James Lescinsky; the 4 X 400 Team consisting of Guy Renda, James Lescinsky, Julio Gonzalo, and Troy Chapman; and the 4 X 200 Team consisting of Troy Chapman, James Lescinsky, Julio Gonzalo, and Guy Renda all took home gold medals for first place. The Shot-Put team of John McCrae and Kevin Portington took second place overall in the County Relays.

The boy's team have also made an impressive showing at the State Group II Relays. Overall again, they came in second. Medal winners were First place in the 4 X 200, Second place in the shot put, and third place in the 4 X 200, and fourth in the 4 X 400.

The Girl's Winter Track Team had only a few members this past winter season. Shot Putters Senior Colleen Sheerin and Freshman Laura Marci won the County Relay Championship. The other girls on the team are Junior shot putter Flo Hansen, and Freshmen distance runners Stacy Hempel and Adriann Corcoran.

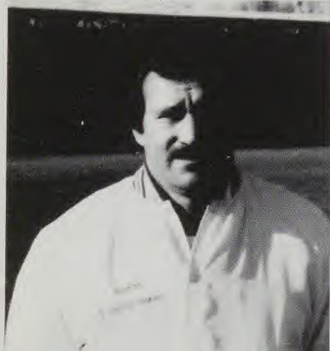

It's tough keeping the lead, isn't it, John?

COACH BRIAN ZIMMERMAN

### **What does it take to become a good shot putter?**

One must dedicate himself or herself to the event by consistent hard work and must have the discipline to overcome the ups and downs of this event. Our present group of senior throwers led by Colleen Sheerin, John McCrae, and Kevin Portington have achieved a high degree of success because of these attributes that they possess.

### **What does a normal day of practice consist of?**

As a throwing coach for the past seven years, I believe that no one in the county works harder than our throwers do and their success speaks for itself. A usual day of practice consists of the following routine in a 2-2 1/2 hour period: Stretching, 2 lap warm-up, 3-5 thirty yard sprints, backward hops and line drills, throwing the implement, weight training.

COLLEEN SHEERIN

**Where there any specific goals you set for yourself upon entering the season?**

My main goals for the winter season are to work on my form and strength. By starting in the winter, I am able to get a head start on the spring track season. I would like to throw over 37 feet now, so I can be highly competitive when spring rolls around.

**What are your opinions about the team?**

Being the only senior member, it is a very young and talented team, but also very small. So far, the team is 3-0 in dual meets, but we need more girls to help us to continue. The team works well together and everybody contributes 100%.

**What do you like most about winter track?**

The best thing about winter track is all the meets are with the guys and it gives you a good idea of how you are going to throw during the spring.

Ramblers give it their all.

# ON THE MOVE!

That is a good way to describe the 1987-88 Varsity Basketball Cheerleaders. They have been showing their talent and enthusiasm at both the girls' and boys' basketball games throughout the season. The Rambler Cheerleaders have screamed and yelled during the "edge of your seat" one-point games to bring the teams on top. They have been a part of the game and the team with their neverending cheers and chants. The cheerleaders bring entertainment on the court with time-out cheers, quarter cheers, and the half-time dance.

Not only are they showing their talent on the court, but, certain members of the squad have been competing in cheerleading competitions. Among those who are on the move are Pam Haely and Jane Desena, J.V. Doubles - First Place; Kathi Dean and Dina Rivera, J.V. Doubles - Second Place; Bonnie Hodroski, J.V. Singles - First Place; Kerry Rhodes, Varsity Singles, Second Place. These six girls will be competing as a team throughout the season as well.

With a squad of twelve, Mrs. Cunha will be losing 6 seniors to graduation: Captain Pamela Healy, Sharon Mokryczki, Danielle Rubino, Gerilyn Scerbo, Kerry Rhodes, and Laura Mihalek. CHS thanks you for your support and enthusiasm and your spirit will live on forever.

COACH GRACE CUNHA

**There's been talk about the squad entering competitions. Can you elaborate on that?**

On January 30, six CHS Cheerleaders competed in the Garden State Classic Tri-County Competition. They were Kathy Dean, Jane De Sena, Bonnie Hodroski, Pam Haely, Kerry Rhodes and Dina Rivera. All qualified for the finals to be held on March 20. There will also be another competition on February 27 in which we will also have a team competing.

**As head coach of both teams, what do you feel is the difference between basketball cheering and football cheering?**

Basketball cheering has to be more precise since the cheerleaders perform during time-outs and the spectators see more of them. Football cheerleaders can do more "jumping around" on the track and it looks okay to the spectators.

DANIELLE RUBINO

**Why did you become a cheerleader?**

*I became a cheerleader because I like to get involved with sports and show spirit for our team.*

**When did you become a cheerleader?**

*I became a cheerleader when I was a freshman. Ever since I rejoined throughout my four years in high school. It brought excitement to me when basketball season came.*

**How do you and the other cheerleaders feel when it comes to practicing every day?**

*It takes a lot out of you when you are just starting, but we get it together and then we can't wait for our first game to come.*

# GREAT EXPECTATIONS

Ending up with a 19-7 record for the 1987 season and bringing back everyone but two starters, one would assume that the Carteret Rambler Baseball team will be invincible.

The Ramblers are a very strong, well-developed team led by senior co-captains Guy Renda, Glen Hronich, and Brian McComb. In addition, the superb coaching staff consisting of Head Coach Steve Nelson, pitching coach Walter Niemiec, and Coach Robert Duncan will only add to the success of the team.

As far as defense is concerned, the team's infield will stop anything that comes in its path. Short-stop Brian McComb and 2nd baseman Dave Turco can turn those double plays at record-breaking numbers. All are veterans with the exception of one newcomer, sophomore catcher Brett Rackett. The outfield is also made up of a tough group of men including All-County veteran Guy Renda who is in centerfield.

Also returning is right-hander pitching ace Mike Medvetz who was an All-County selection last year.

Furthermore, when it comes to hitting the ball, the Ramblers have many powerful batters. They should be virtually unbeatable in both the field and up at the plate.

With a good attitude, earning the Group II State title is a definite possibility for the CHS Boys' Baseball Team.

Coach Walter Niemiec

**Does a pitcher require different (training) coaching than the other players?** Since it is the responsibility of the pitcher to throw the ball so often during a baseball game, extra attention must be paid to the conditioning and care of the pitcher's throwing arm.

**What do you feel is the strength of the Carteret pitchers?**

Since I began working with pitchers in 1975, I found that the strength of our program has been the dedication of the athletes and their desire to learn and work at becoming better pitchers.

Coach Steve Nelson

**What is your main philosophy as Head Coach?**

*When Carteret is successful in baseball, the primary reason is due to the teaching of young men the fundamentals of the game. The continuous drilling of these fundamentals is the strategy.*

*When a veteran team is present, those fundamentals become more sophisticated. However, they are not forgotten, just more elaborated. These basics include catching grounders and flyballs.*

*Try to remember, they don't have to be great athletes. When students have a little more talent is when we win 20 or more games.*

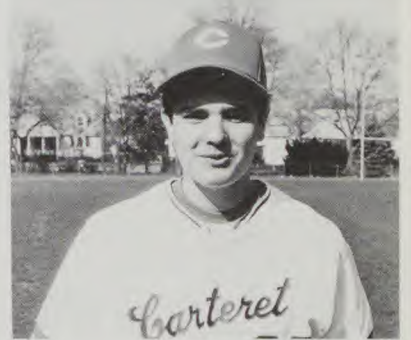

*We like to win, but the very first thing we must accomplish is playing good sound baseball.*

*What do you feel is the most important quality of a great baseball player? If I had to pick just one quality of a great baseball player, it would be confidence. Without it, you're not going to be too successful. But with it, you feel a hit in you every time you step up to the plate, and while you're at your position, you want the ball hit there everytime.*

*As a player, what do you think goes into the making of a winning baseball team? I think the first ingredient to a winning baseball team is good pitching. Since pitching is more than 80% of the game, games are won and lost on the mound. Last, if there is talent on the team, you need a good coaching staff to teach fundamentals and mold the players into one group, a team.*

*What do you feel is the most important quality of a great baseball player? The most important quality of a great baseball player is his ability to work hard. He should be willing to give 100% on every play in every game no matter how good the team is or the situation.*

*As a player, what do you think goes into the making of winning baseball team? As a player, I think that team work is the most important element that goes into making a winning baseball team. When nine players can play as one unit, there is nothing that they are not capable of doing.*

# A CAUSE FOR INTIMIDATION

The 1988 Girls' Softball Team should have quite an outstanding season this year. With returning seniors co-captains Susan Cackowski at short, Adrian Daunarummo in left, and Diane Sullivan at 2nd, the team has strong leadership. Both Susan and Diane are former All-State selections. Also junior Marisol Ruiz is returning to fill the centerfield position.

Then, there are the newcoming talented juniors: pitchers Cathy Busella and Cindy Semenza; catchers Becky Gillis and Kathie Healey; right fielders Laura Kalnok and Geeta Sharma. This young group of athletes will be sure to fill anyone's shoes (spikes!) from the team lost to graduation last year. They will also ensure future success for the Lady Ramblers.

With its air-tight defense and the hard-throwing arm of pitcher Cathy Busella, this team is sure to be successful in stopping their opponents from scoring. As far as offense goes, the Lady Ramblers are just as intimidating at the plate as they are in the field. In pre-season scrimmage, Diane Sullivan even hit one out of the park. These girls can hit, and the only ones who will be disappointed to see them do it will be their opponents.

With their combination of experience and youth, as well as offense and defense, Head Coach Cunha and Coach Scheno expect the team to be strong contenders for the state title.

Coach Grace Cunha

**What do you feel is the most important in preparing the softball team for its season?**

It is very important to get the players prepared both physically and mentally for the season. Physically the team must be in shape to compete and their mental attitude to win must be there.

**What part of coaching gives you the most pleasure?**

Seeing the players mature throughout the season and winning is always a pleasure.

Adrian Daunarummo

**What do you feel is the key ingredient in creating a winning softball team?** I feel that there are many things necessary for a successful team, such as natural talent, determination, hard work, and the willingness of every team member to improve. However, if I had to pick the most important ingredient, it would have to be teamwork. Without it, a team does not have a chance. But with it-you're unbeatable!

**What is the most exciting part of being a softball player?** Being a softball player for a number of years, I find the whole sport itself exciting. But the most thrilling times are during "pressure" situations when the team is depending on you for that key-hit or catch. When you pull through, that excitement & feeling of accomplishment makes up for all that nail-biting nervousness.

Diane's teammates congratulate her after she hit one out of the park.

# ENDURING SPIRIT

The Boys' Spring Track Team of 1988 will once again be a major threat to their opponents. The team, mostly of seniors, is led by Co-Captains Julio Gonzalo, Kevin Portington, and John McCrae. The other senior members are Danny Brucato, Kyle Carrol, Mike Kovacs, Jom Lescinsky, Ricky Nagy, and Mike Relford. The team is expected to do very well this season. With the comeback of All-State high-jumper Danny Brucato, the high-jump competition whould be dominated by Carteret. Also overcoming an injury is former All-State selection Jim Lescinsky who will be a great contribution to Carteret's running squad.

The rest of the team is made up of a tremendously talented and hard-working group of juniors, sophomores, and freshmen. With their yhouth and determination, the Ramblers should have an outstanding season.

**What made you decide to help coach the spring track team?** I started running for exercise about seven years ago and that lead to an interest in all track & field events. I enjoy working with people who are performing voluntarily, that is, because they want to be there and they want to do well. If you put those both together, I'm right where I should be.

**What do you think is the most important lesson for a track runner or jumper to learn?** Definitely that natural ability will only take you so far and hard work makes the difference between knowing you did your best or looking back at the season wondering "What if I had..."

Kevin Portington

**What kind of season did you expect to have this spring?** We expect to win our division & finish in the top three places in both the County and State meets, if not win them both.

**What do you feel is the most important part of practice?** You must always work hard and give 100% and with our great coaching staff, you can't help but improve.

**Would you like to continue participating on a track team after graduating?** I have enjoyed playing track the last three years but I plan to concentrate on football in college and go as far as I can with it.

# KEEPING WITH TRADITION

Although a rather small team, the CHS Girls' Spring Track Team of 1988 is expected to give their opponents a tough fight for the county championship as usual. After winning the counties for three years straight, this undefeated team suffered a big loss this year when most of their runners decided to hang up their sneakers. However, the dedication of the remaining runners and throwers will be sure to overcome this loss.

The team is led by senior Captain and All-Conference shot-putter Colleen Sheerin. Besides being the Winter County Champ in the shot-put, she is also a very capable hurdler. Another bright addition to the team is junior Flo Hansen who hopes to follow when it comes to the shot-put.

Then, there is junior Kris Dueker who is overcoming a painful ankle injury, but still gives it her all. She should also be a major threat. Right along with Kris and the rest of them are sophomore runner Allyson Antonello, freshman thrower Lori Marcy, and freshman runner Stacy Hempel.

This young group of girls may come up a little short in the experience category, but they will sure rank up there in the winning category.

**What do you find to be the most exciting part of coaching?** The most exciting part of coaching is working with the athletes to develop mentally as well as physically. The athletes learn about their capabilities and how to participate with others as a team and as individuals.

**What does it take to be a great hurdler?** Some of the most important qualities of a great hurdler are speed, flexibility, form, rhythm, and the willingness to put extra effort and time into this technique event.

Flo Hansen

*Did you set any personal goals prior to the spring track season? Yes, I am hoping that we (Colleen, Laura, and I) win the GMC's in the shot put relay after last year's first place win and also I am hoping to place in the top 5 in the counties with the shot put and success with the discuss.*

**What are your expectations for the 1988 Girls' Spring Track Team?**

*I feel the girls' spring track team will continue to do very well in the field events but due to the lack of girl runners, it will be tough to win our division for the third year in a row. The shot put and discuss teams (Colleen, Laura, and I) are off to a fantastic start and hopefully will lead the rest of our small team (8 girls) to another division championship.*

# HUNGRY FOR VICTORY

*Duece. Advantage - Carteret. The next serve could mean the win. The serve is up - fault. Mrs. Kushner's palms are getting sweeter. The team needs this game to win the match. The second serve is up - the opponent returns it - Carteret returns it - the opponent cannot get to it quickly enough. Carteret wins the game and the match!*

*This is the scenario that the Carteret Ramblers Boys' Tennis Team and Head Coach Eva Kushner like to hear and will be hearing an awful lot throughout their season.*

*The team has a very positive attitude and is hungry for victory. Their hard work and dedication will help them to wipe their opponents off the court. The seven man team is led by seniors Robert Maffia and Eric Ziegler who have proved their excellent playing ability. Also, underclassmen Pallov Shah, Mike Polhamus, Steve Lee, Hemang Shah and Jo Ho Sim have the potential to pull away with quite a few wins.*

*The season should be a fun and successful one and the team members should become very close. The seniors will be missed, but the upcoming tennis players will uphold the winning tradition.*

**How do you view tennis at CHS?** Tennis is a sport which can be enjoyed by everyone. Tennis should not just be limited to high school sports. It should be thought of as a sport program that can be enjoyed for the rest of your life.

**What are your expectations for the 1988 tennis season?**

Each day marks a new beginning; likewise, in tennis, each day brings about more abilities & capabilities. The 1988 team is a young, inexperienced group of men who will try their best every day and learn the meaning of sportsmanship which will last them a lifetime.

**What are the team's strengths and weaknesses?** Each player comes with many abilities yet also with minor flaws. By practicing steadily and gaining a growing determination within themselves, each individual will strive to make himself more competitive.

Robert Maffia

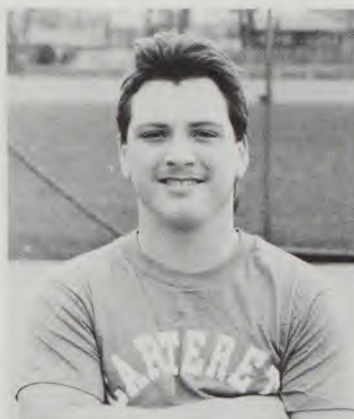

*What made you decide to try out for the tennis team? I figured I would try out for the tennis team because I really liked the sport and I wanted to see the different types of players in high school.*

*What do you feel are your weaker & stronger points as a tennis player? I think my weaker points are my serve and my backhand. I have practiced on these points a lot but still haven't succeeded. My stronger points are my baseline play and my play at the net. I have strong strokes so I think I could set my opponent up so I can come to the net more often.*

*Do you have any personal expectations for the 1988 season? My personal expectations for this season are to have a winning record and try my best. Since this is my first year in tennis, I don't know what to expect.*

# SWINGING TO THE TOP

"Fore!" Yes, it's that time of the year again. Time for the CHS Varsity Golf Team to tee off once more. Leading the crew are seniors Joe Roche, William Kolibas, Doug Kilyk, and Frank Shipman. Upcoming underclassmen Matt Sica and Eric Chubenko will also give the team spirit an extra boost. These Ramblers and Head Coach William Olear make for a very competitive team. If they use their ability and dedication, they will go very far. Thus, their hard, long practices will not be spent in vain.

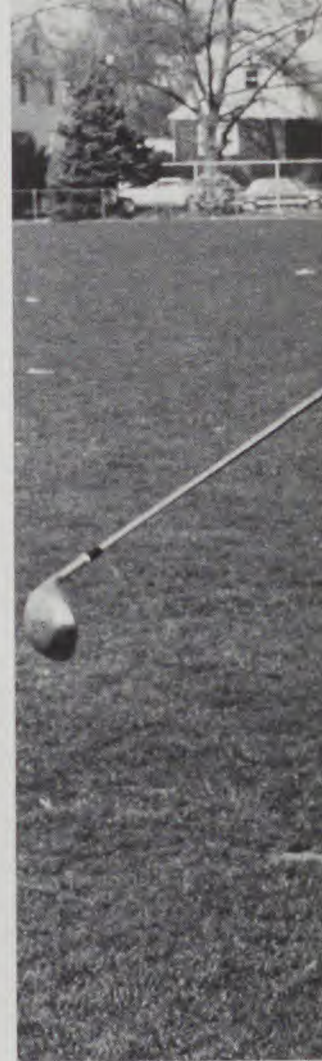

So now, warm up those clubs, buy those new club covers and give it your all. To the seniors, you will all be missed, but your golfing days will be long remembered.

Sophomore Eric Chubenko watches the ball while hoping for the green.

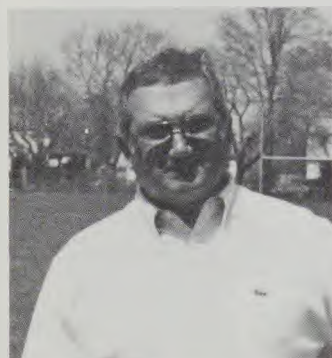

Senior Willie Kolibas concentrates on his stroke.

Coach Bill Olear

**What skills and abilities are necessary for one to become a proficient golfer?**

Good hand and eye coordination, patience, time, willingness to practice and a desire to achieve.

**What are your expectations for this year's team?**

Improvement - not only in the won/loss columns but a reduced scoring average for each player and the team as a whole. Also, increased interest from our underclassmen.

**What are the major differences in coaching techniques between football and golf?**

Although a desire to win is important in both sports, football is an intense game played under very different conditions than golf. It is also a game that will end for most participants when they finish high school. Golf, on the other hand, is a game of concentration played in a very relaxed atmosphere. It is an activity that may be just starting for many of our athletes and hopefully will be played for the rest of their lives.

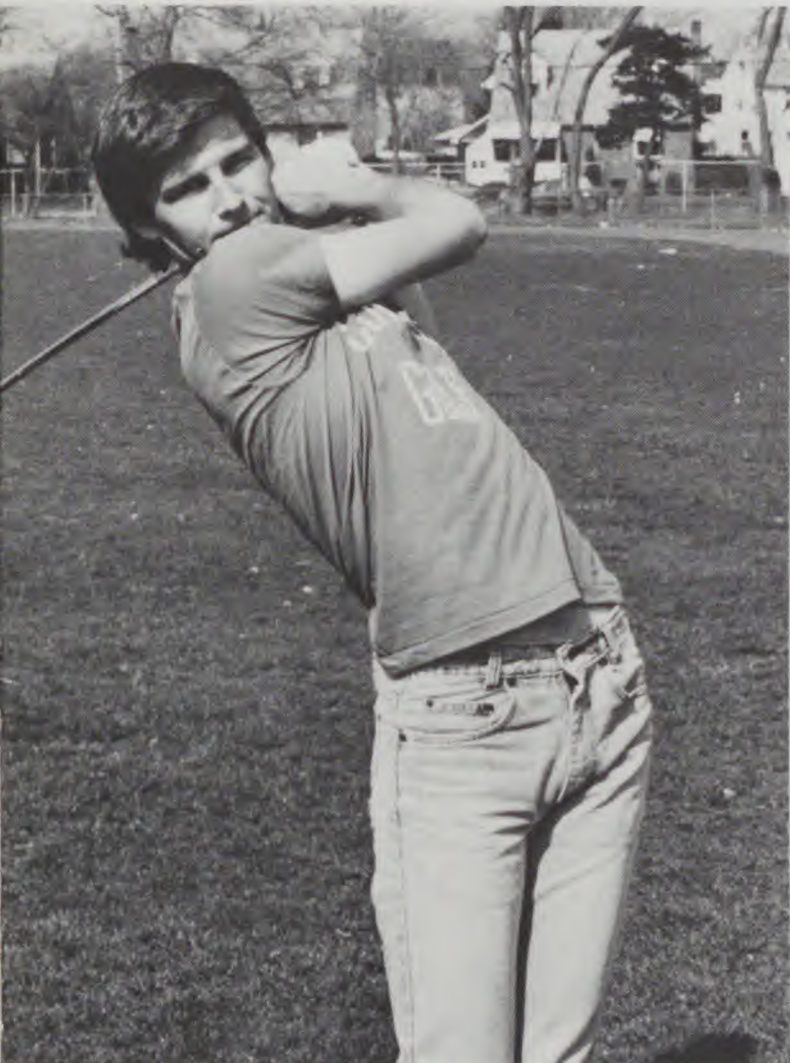

Willie Kolibas

**Why did you decide to try out for the golf team?**

*Golf is an individual game which takes a great deal of skill. I enjoy the challenge of trying to improve myself to be the best golfer I possibly can.*

**How would you characterize yourself as a golfer?**

*I work hard at my game. I think I am becoming a better golfer. With hard work and determination, I feel I can become an above average golfer.*

# RAMBLERS FOR ALL SEASONS

*This group of extraordinary athletes consists of those individuals who have participated in a variety sport for all three seasons during their senior year. Included in this unique group are Susan Cackowski, Adrian Daunarummo, Kyle Carrol, Jimmy Lescinsky, Kevin Portington, Guy Renda, Brian McComb, Julio Gonzalo, and John Maresca. These seniors have demonstrated their love for athletics as well as having added to the success of the CHS sports teams. Among these athletes are some All-Conference, All-County, and All-State selections. So, not only do they love sports, but people love to watch them because they have a lot of talent to exhibit.*

*Also, there are a few special team members who have participated in a CHS sport every season since they have entered high school. That means that for three seasons, for four years straight, they have given up at least fifteen hours a week in hope of bringing success to CHS Athletics. These amazing athletes are Susan Cackowski, Adrian Daunarummo, Brian McComb, and Julio Gonzalo.*

# SCHOLAR ATHLETES

There is a special group of individuals in Carteret High School which the LOUDSPEAKER staff recognizes as Scholar Athletes. They are the young men and women who, throughout their senior year, have earned at least one varsity letter while still maintaining a grade point average of 3.6 or above.

These unique student athletes have demonstrated their dedication and good character not only in the classroom, but also on the court, field, or track. Considering the difficulty of the time-consuming task of earning and yet maintaining a grade point average of at least 3.6, it is hard to imagine how these individuals could possibly have the time to participate in a varsity sport.

Furthermore, most of these people also hold leadership positions in their area of specialty. Glen Hronich is a co-captain of the boys' baseball team, Pamela Healy is captain of the football and basketball cheering squads; Susan Cackowski is captain of the girls' basketball team and co-captain of the softball team; Adrian

Daunarummo is co-captain of the softball team, and Colleen Sheerin is captain of both the girls winter and spring track teams. Joe Bufano and Ki Won Kang are both very active on the soccer team and Joe also holds a position on the boys baseball team.

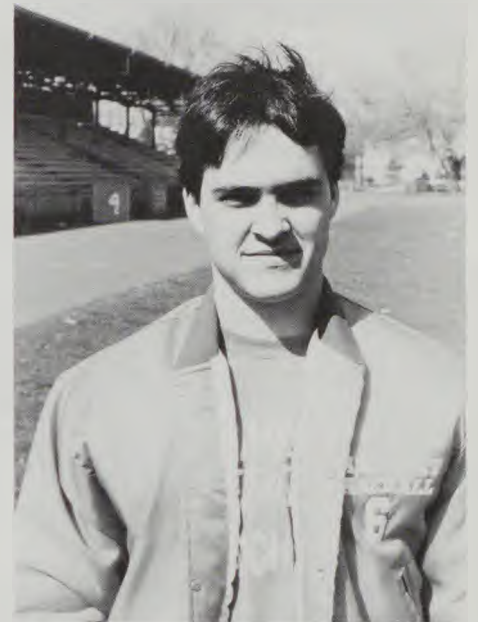

As one can see, earning the title of CHS Scholar Athlete is quite a special honor. Without the influence of individuals like these on other students, athletes, and faculty as well, CHS would not be what it is today.

*One can definitely feel the "SPIRIT" that emanates from the Student Life section.*

*It is far from being quiet; it can be classified as very vibrant.*

*This Spirit is not only found in Seniors, but is also present in the underclassmen.*

*It just seems to be a feeling that engulfs the whole school. Each class is unique and they are also independent. Yet we all work together here at Carteret High.*

*As you look through these pages, you will see this feeling of pride and spirit.*

The Drama Club presented its production of "My Sister Eileen", based on the story by Ruth McKenney, on March 11 and 12, 1988. The cast underwent a month and a half of rehearsal, experiencing conflicts and confusion. The stage crew, often shorthanded, built sets on Friday afternoons and helped gather props and prepare sound and lights. During the week of the productions, rehearsals were held at night and it seemed as though things were never going to go right. Sets were accidentally knocked over, cues weren't heard, and people were missing their entrances-but somehow, after a performance for the eighth graders and senior citizens, and a pep talk by Mr. Spaldo, the production finally came together.

The cast was led by Senior Veterans, including Pam Healy, Ruth Rocky, Kevin Portington, Charles Machinski, Patty Osborne, and Chrissy Mills. The teachers joined in once again as tourists; a valley girl; Spanish-speaking, Conga-dancing Naval officers, and workmen. The auditorium was filled on both nights with students, friends, parents, relatives, and even strangers-with almost 200 reserved seats sold in advance.

All in all the production was exciting and enjoyable to all those who experienced it, whether as a member of the cast or crew, or as an onlooker in the audience. It was one which will not be quickly forgotten.

*Matt Pozarycki caught up in the excitement.*

It was a cold winter morning, March 15, 1988 at 5:00 a.m., when 90 seniors reported to the C.H.S. gym to have luggage inspected and to board the buses that were to transport our large group to Newark Airport.

When we finally arrived, we departed for Sea World almost immediately. One of the first shows a lot of us went to see was the famous whales Shamu, Candu, and Baby Shamu. Next were the other highlights of Sea World: the trick waterskiers, shark exhibits, penguins, dolphins, and much, much more. The end to a perfect first day brought us to the "Fort Liberty Dinner Show," a western show featuring cowboys, Indians, and stuntmen. The dinner consisted of delicious food "from the south" that pleased everyone.

On Wednesday March 16, we were off to the Magic Kingdom. One highlight of Disney World was the ever-famous "Space Mountain." This roller coaster has you traveling through an adventure in space. Flashing lights in the pitch dark was the breath-taking panorama of space. Space Mountain was, definitely, a favorite of all Seniors.

EPCOT Center was a fun area in Disney World. Visiting the various countries of EPCOT gave us a taste of the unique cultures of the world. The futuristic vicinity was also quite enjoyable. Aside from this was the World of Imagination which would make all children at heart.

After our adventures at EPCOT Center, our Senior Class departed for a fun, spirited evening at the "Medieval Times Dinner Show." Here, we were served dinner while watching a jousting match with Knights. We also had waiters and waitresses waiting on us hand and foot.

Wet and Wild was the final place for us to visit. Although the weather was rather cloudy and even a little brisk, that didn't stop the Class of '88. We enjoyed all of the rides, but one of the most memorable was the "Kamikaze." After Wet & Wild the Seniors created a party of their own. This included loud music and wild dancing, all in the rain.

## WHAT'S IN...

### "THE DATING SCENE"

It may just be a leisurely stroll down the hallway, a friendly peck on the cheek, or even a big bear hug, but no matter what, it's there, and you can't escape it--it's the "High School Dating Scene". It can start on a date and develop into a meaningful relationship.

Dating was once known as "going steady" but now it is referred to as "going out", or the more popular "going with".

Guys, at one time, gave their varsity-Letterman sweaters or their fraternity pin to their favorite girl. But nowadays they are more likely to give their girl their class ring or gold chain.

Either way it's still the same. But what do people do on a date? Do the Freshman and Sophomores have "mom's taxi" drive them to the movies and do the Juniors ask the Seniors to take them places. But what's their destination? The movies, pizza, bowling, or the ever popular Woodbridge Center. The Seniors, however, hang out at Burger Express or the Reo Diner, the advantage being they are able to drive themselves to whatever destination they please.

But no matter how they get there or where they go they will still enjoy their fulfilled night.

While taking an independent survey, 35 students were asked the following questions:

**When you go out on a date, where do you like to go?**

- 10 people said the movies
- 8 said out to eat/restaurant
- 8 said to go to New York City
- 4 said bowling
- 1 said to go to a party

**When you go out with your friends, where do you like to go?**

- 6 people said dancing
- 6 said to a party
- 5 said to go down to the shore
- 5 said to the movies
- 5 said shopping
- 4 said to go to New York City
- 4 said to go sleighriding
- 3 said to go bowling
- 1 said to go to Razzmatazz

*For many years, a tradition at Carteret High School has been decorating the locker of a birthday boy/girl. On your special day, friends will quite frequently come in to school early to do the decorating. Just to see the joyous, surprised look on the birthday boy's/girl's face would make anyone smile.*

*The finished product will consist of one beautifully decorated locker with bright, colorful, shiny wrapping paper, a large bow (that you couldn't miss seeing), a locker full of balloons, and naturally a card with the decorators names on it wishing you a "Happy Birthday!"*

*All the students at CHS hope this tradition stays around for many years to come. Now wouldn't you want to receive a surprise like this from your friends?*

When I started banking,  
I opened an account at  
Podunk National.

A little later they merged  
and became First Podunk...

Then they got bought out  
and became American  
Podunk BanCorp...

Which preceded their  
thrust into international  
banking as Podunk Financial  
Group Worldwide.

Now they tell me I'm a  
customer of PFGWW  
International!

... when they talk to  
me at all...

Come to the bank  
that treats you like a number.  
Number One.

Make your dreams come true  
Love the one you're with  
Go for it all  
You big man, pig man, Ha, Ha Charade  
you are!  
Ticking away the moments that  
make up dull day, you fritter  
and waste the hours in an off hand way

If you think I want the life you  
choose to live, I don't think I  
want the love you got to give  
if you think my goals should be  
so trivial and small, I don't  
think you know me at all
