# FROZEN IN

**1989.** The end of the eighties. For some this year will be the year to soar-to have fun-to make memories-to finally be free. For others, this year will bring back memories from the past ten years.

This is how the theme, **FROZEN IN TIME**, came about. It is based on the good times, the bad times and all that has happened in between. And we have "frozen" all of these memories.

Throughout the book, time is emphasized, whether it is a stop watch at a track meet or the physical time put in each day by the faculty and students. Looking through this book, one will not only see all of the time the yearbook staff has expended, but also see the praise given to those who deserve it. This book is dedicated to those people who give 110% every day and do not even realize it. It is apparent that behind the glamour, there is a great deal of work effort, and **TIME** put into everything at **CAR-TERET HIGH**.

**Clockwise** - Nick Cicero and friend; Chris Serson baking a homemade apple pie; Kathy Healey and Roger Stolba at the Junior Prom; David Fedroff smiles for the camera; the Class of '89; Anthony Guilliano sees no evil, Nick Cicero hears no evil, and Scott Gautier speaks no evil; Cindy Semenza and Geeta Sharma; Sal Renda, Charlie Tidaback, and Danny Eng; Leslie Carina shows off her pearly whites.

# TIME

Our introduction to this year's yearbook is about seniors who are fun-loving, great friends, and always smiling. But there is also another type of senior behind that outside coating. A senior who is serious, one who is hard at work, and also one who will strive to be the best.

Both sides of this senior at CHS have been emphasized. One will leaf through this book to find the entire Class of '89 care-free and happy. But, for those seniors who give that 110%, one will see the serious side of life at CHS. One will be aware of the hard work, determination to be the best, and that Rambler spirit of excellence.

# TIME TO GET

As you hit the snooze button on your alarm clock, a million thoughts race through your mind. What is this year going to be like? Who will my teachers be? What will everyone look like? These questions go through everyone's mind as that first day of school comes.

For the freshmen arriving for their first time, it is an amazing sight to walk into the high school. The sophomores just keep reminding themselves that they are one step closer to senior year. The juniors are alive and ready to go, for this year couldn't have come any quicker. As students walk to school, here come the Seniors, fighting for a parking spot. They are thrilled to finally be SENIORS!

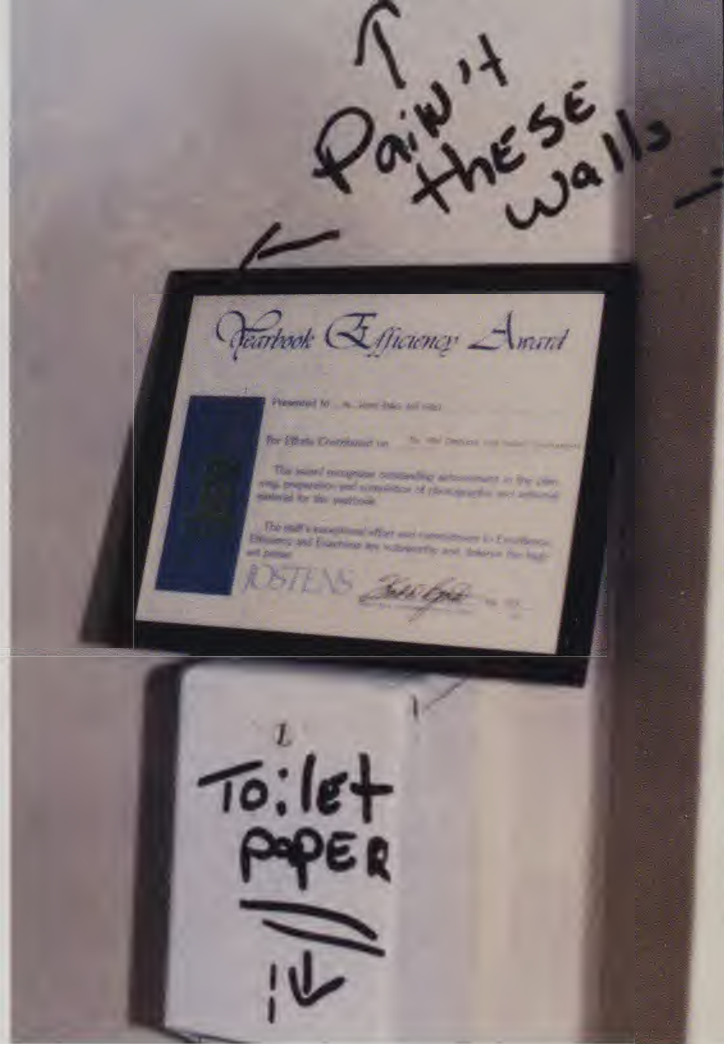

After the first few weeks of school, a pattern is set for the new year. Books are covered and the first assignments have been made. Time to get down to work.

**Clockwise** - Roseann Kutcher and Tracy Kwadecius study for that big exam, Kris Dueker in the yearbook "office"; Brendan Rhodes watches the late students running to school; Kathy Busela learns keyboarding.

## Loudspeaker & ASN Meeting in Girls Bathroom

"Listen up everyone. There will be an editors meeting for the *Anne Scott News* and yearbook staff today at lunchtime."

"Mrs. Grace, where should we meet?"

"I guess the bathroom."

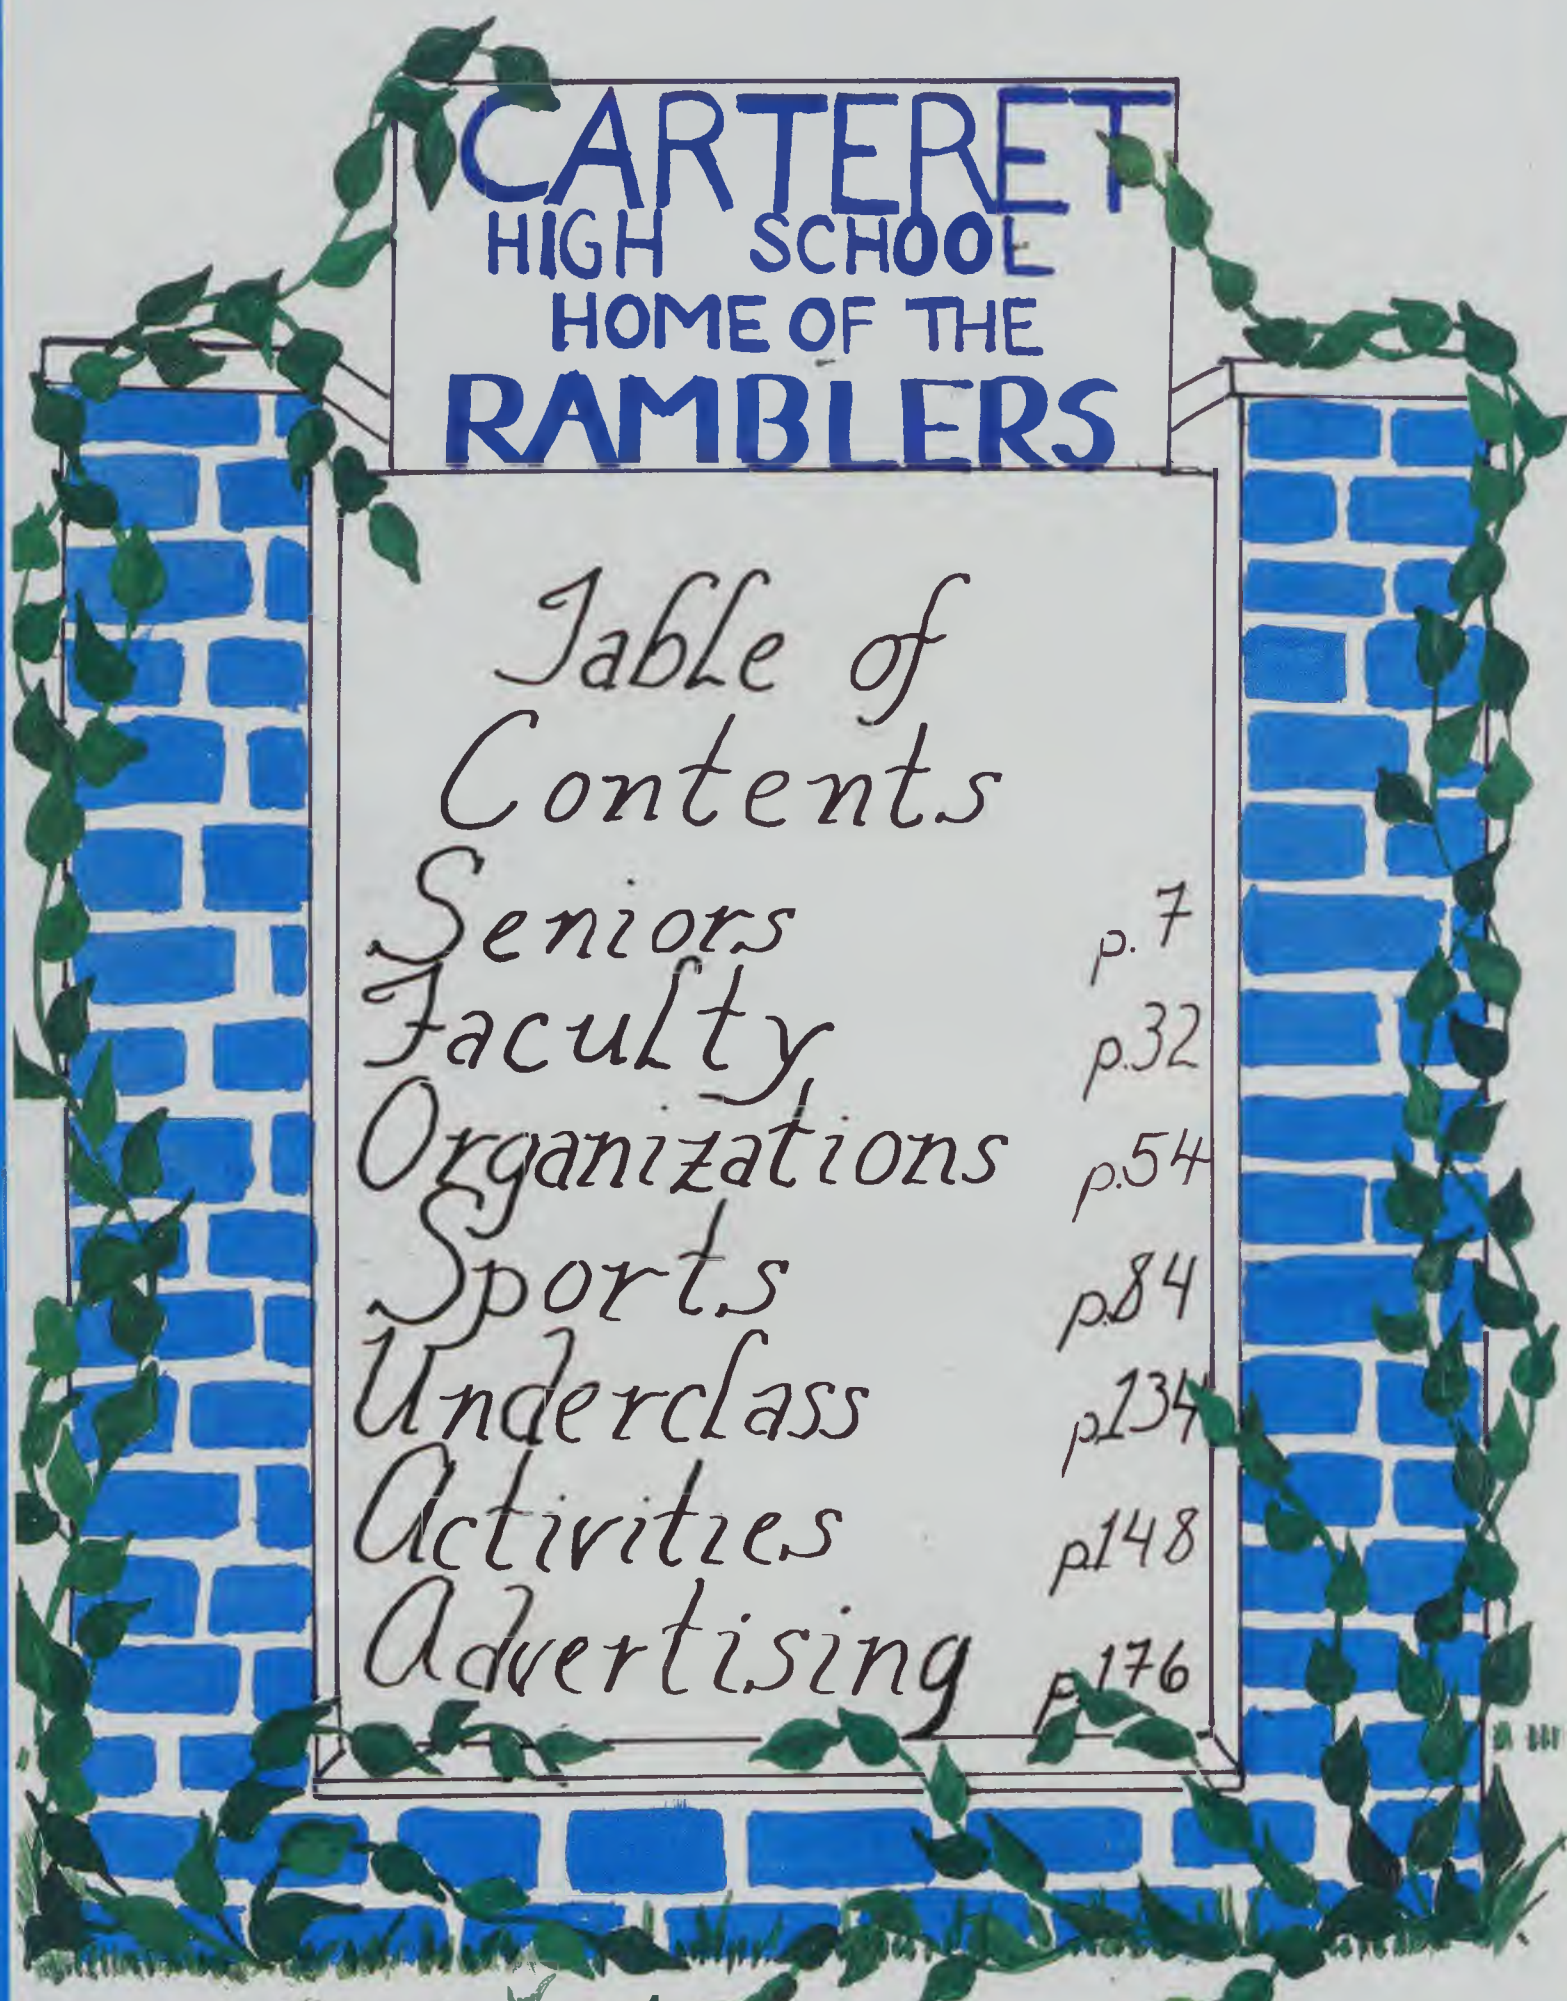

"The bathroom?"

No, Mrs. Grace is not going crazy; our office is in the bathroom. This is how the *ASN* and the *Loudspeaker* staff started off in September. All of our supplies were placed in the girl's bathroom in the language wing. This temporary "office" was set up until Room 124 became available for permanent occupancy.

The bathroom is not a place to publish a newspaper or a yearbook, but we survived. We realize that this is no one's fault, but the staffs agree that it is a tough way to get started.

## GRADUATION '89

Dreams of tassels, caps and gowns and our diplomas will never be forgotten. We, the Class of '89, have anticipated with great enthusiasm the moment that we can call ourselves GRADUATES of Carteret High School. Looking back on our years spent here, we have realized that they were the best

times ever. But now, the members of our class must look into the future and strive to achieve all of our goals. Today is the end of a period in our lives, yet it is the beginning of a bright future. Good-bye Carteret High School, your memories will live on forever.

# FOREVER ROYAL

It was a cold, windy night on Saturday, October 15, 1988 when Carteret High School's Homecoming Queen was to be crowned. A lot of preparation, anxiety, and tension was put into this unforgettable night. The credit goes to the Student Council, and its advisor, Miss Helenanne Seaman.

The process began when all the athletic clubs, teams and activities nominated a senior who had certain qualities that would befit a homecoming queen, such as school spirit, good grades, and activity in school functions.

In all, there were 14 nominees. Of these 14, whoever received the most votes, were the finalists to be voted on by those in attendance at a Homecoming Dance, held on the night of October 14. The awaited moment finally arrived at halftime during the football game between Carteret and St. Peters. The six finalists were driven around the track in either a Corvette or a convertible. The girls were each met by their escorts and guided onto the football field: Becky Gillis escorted by Scott Gautier, Kathie Healey escorted by Jay Fabricatore, Marisol Ruiz escorted by Ed Sadowski, Cyndi Semenza escorted by Roger Stolba, Michelle Topolewski escorted by Nick Cicero, and Joanna Shinski escorted by Greg Torre.

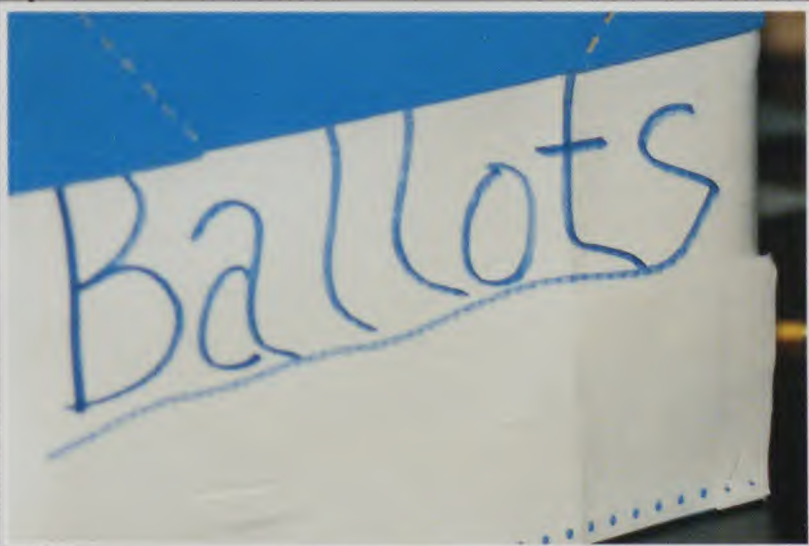

### VOTING FOR YOUR QUEEN

This year, new Student Council advisor Helenanne Seaman instituted a new method for voting for Homecoming Queen.

First, each club, organization, and athletic team was asked to nominate a senior girl who had the outstanding qualities of school spirit, participation in school activities, and who maintained a "C" average. When all the nominations were in, there were 14 nominees announced by the Student Council. They were Kathie Healey, Becky Gillis, Cyndi Semenza, Marisol Ruiz, Mija Cho, Joanna Shinski, Stephanie Hack, Holly Nartowicz, Michelle Topolewski, Cathy Busela, Ivette Varela, Yolanda Easterling, Sue Matisz, and Kris Dueker. The senior class then voted in homeroom for the five finalists.

The finalists were announced at a dance held on Oct. 14. Dave Fedroff, SC President, read the names of Kathie Healey, Becky Gillis, Marisol Ruiz, Cyndi Semenza, Joanna Shinski, and Michelle Topolewski. Following this announcement, all students at the dance were permitted to vote for their favorite. Voting continued until the dance ended.

No one knew the outcome until the next day at the Homecoming Game between Carteret and St. Peters. During halftime, the six finalists were escorted onto the field.

# AND THE WINNER IS . . . .

# MARISOL RUIZ: 1988 Homecoming Queen

As each member of the Homecoming Court approached the field, the crowd at the Carter-et-St.Peters game went crazy. Fighting to announce over the roar of the crowd, Mr. Niemiec introduced each finalist with a short description of her qualifications and future plans.

Then there was a pause - a pause that seemed to last years. The finalists all anxiously awaited the outcome. Then, Cyndi Semenza was named Lady-in-Waiting.

And then - another pause. This pause seemed to last a lifetime. Finally, **Marisol Ruiz** was named 1988 Homecoming Queen.

Marisol was crowned by the 1987 Homecoming Queen Gerilyn Scerbo. David Fedroff, Student Council President, then presented Marisol with an armspray of blue and white roses.

# “THE TIMES TO

## Dress-Up Time

Yes, it was dress up time for the Class of 1989 and on the evening of April 15, 1988, the young ladies and gentlemen danced and pranced all night to the music of “The Pros.”

The night began at 7:00 p.m. with a cocktail hour featuring a hot and cold buffet. Pictures were also taken at this time by Lorstan Studios.

Then at 8:00 p.m., the dining room was opened with the Class of 89’s theme song, “The Times To Remember” by Billy Joel. The room of the Grand Marquis was enhanced by ice blue and silver decor. The Class of 89 were indeed playing dress up as they snapped pictures of friends laughing, dancing, and enjoying one of their most festive nights. As the clock struck 12:00, the Junior Prom came to an end with the theme song. As they left, they grabbed their pilsner glasses, their silk flowers, garter belts, and their prom books.

The limousines and fancy cars which were valet parked for these joyous hours were then ready to pick up the tired couples.

For most of the young adults, the night was not over. Some drove to New York, some down the shore, many people went to a diner to grab a midnight snack, and even some found themselves at a friend’s house reminiscing of the last five hours.

# DRESS UP TIME

## THE DAY AFTER

"What did you do the day after the prom?"

One group went to Pennsylvania for the weekend. These happy campers included Kathie Healey, Roger Stolba, Kim Sullivan, and Jason DiNicola, et al. They had a nice leisurely weekend hiking, barbecuing, and just plain hanging out. They even did some canoeing. On Sunday, they stopped at a video store, rented some movies, and became couch potatoes.

Another group went to Chawney Park, for a fun-filled day of picnicking. Among these were Marisol Ruiz, Sue Sterlacci, Chandra Flintosh, and Terry Chubenko. They spiked their way through invigorating football games, and burned their way through barbecues. After that exhausting day, they rented a few movies, came home, and relaxed before the TV.

One group had the audacity to follow that old tradition-go to Great Adventure. These old fashioned people included Leslie Carino, Mija Cho, Diana Ribiero, and Eric Novella, among others. After experiencing all the wild rides such as Rolling Thunder, Lightening Loops and Roaring Rapids, a damper was put on their day when it began to rain. But they partied on by going on the water rides. Their day ended at six o'clock when the park closed. This group, too, decided to rent a few movies on the way home and just hang out.

No matter how the Juniors spent their "day after", they enjoyed themselves immensely.

## TIME TO SAY THANKS

As our four years here at CHS have come to an end, the time has come to say "thanks" to all those who deserve it. Without the help of the entire faculty, we, the Class of '89, would never have succeeded this far. However, there are three very important people who deserve an extra special thanks: Mrs. Kushner, Mr. Simon and Miss Mincieli. Thanks for pushing us to the limit, for caring enough to give the extra effort, and for always being there when we needed you. Most of all, thanks for all the good times we'll never forget!

# BOARD OF EDUCATION

Austin Fiore

Vice President Ronald Pusillo

Vincent Cuzzo

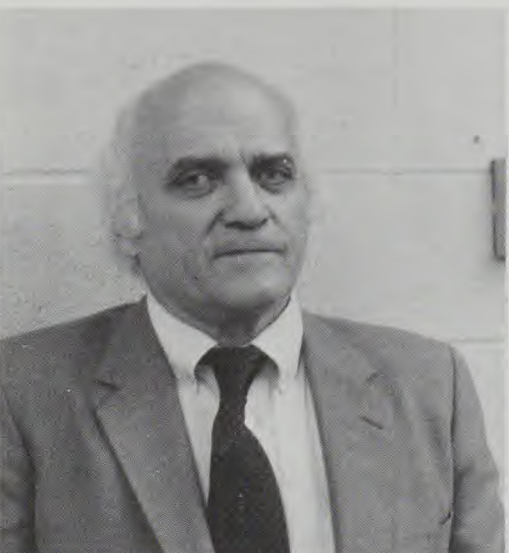

Louis Mangieri

Rev. Taras Chubenko - President

Richard Greenburg

Eugene Brown

Frances Nartowicz

Kenneth Brzozowski

Carteret's own Board of Education is a group of very intelligent and influential citizens of our town. Their jobs may seem simple, but they are not. Issues such as the purchase of educational materials, faculty salaries, and the improvement of our school system are just some of the responsibilities they share.

# Office of the Superintendent

I believe the most productive change in Carteret High School is the positive attitude that the students have exhibited. This attitude is reflected in measurable educational improvement (standardized tests - C.T.B.S., H.S.P.T., S.A.T.) and in an improved school environment. The students and staff are to be commended for this positive approach to education.

Robert T. O'Donnell  
Superintendent

Mr. Robert I. Turco serves as the Board of Education Business Manager. His many responsibilities include the formation and implementation of the school budget as it is adopted by the Board. He is responsible for all purchasing throughout the district as well as making sure that all repairs and improvements are carried out as directed.

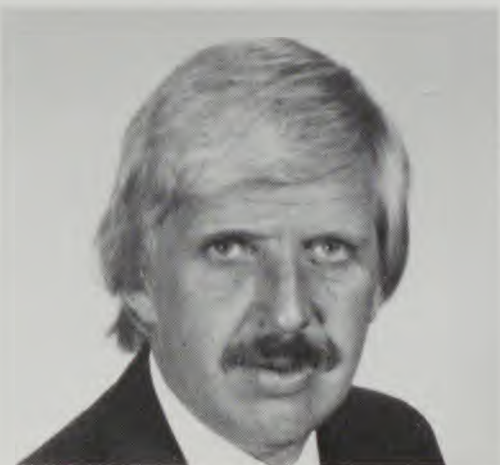

The most productive thing that has occurred this year would have to be the expansion of the Honors Program and the inclusion of the Gifted and Talented Program at C.H.S.

The experience of going beyond the normal will provide Carteret students with pride of accomplishment and introduce them to new areas of interest and study. It is hoped that these learning experiences will not only enhance the students' education, but also provide life-long interests to pursue for their vocational and leisure time activities.

These plans offer great opportunities for our students and therefore will be viewed as "most productive" for C.H.S. students now and in years to come.

Gerald M. Brown  
Elementary Supervisor

Mr. Eugene Barrett serves this district as the Director of Ancillary Services. His office is in charge of any government funded programs such as the remedial reading and remedial math programs within the district. His main area of responsibility lies with the elementary students, but he is involved with some of the basic skills programs here at the high school.

# PRINCIPAL

## Mr. James Gilrain

Congratulations to the Class of 1989. As you go forth from Carteret High School, I extend to you my sincere best wishes. I should like to share at this time one of my favorite pieces for you to take with you as a challenge to make the world a better place.

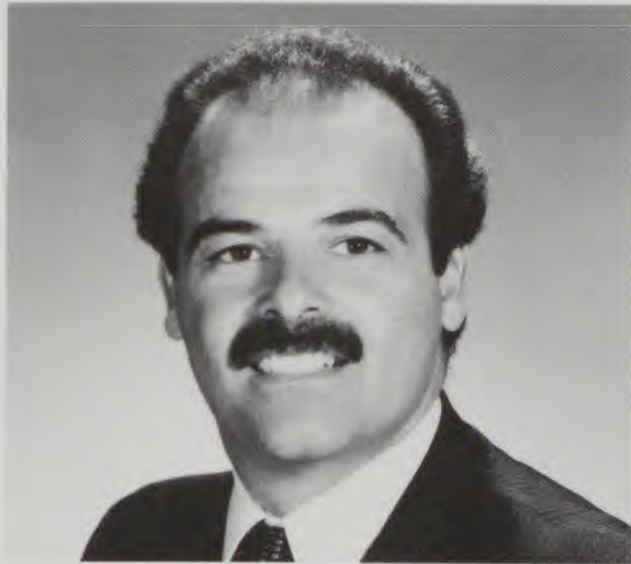

*If: There is no struggle, there is no progress. Those who profess to favor freedom, and yet deprecate agitation, are men who want crops without plowing up the ground. They want rain without thunder and lightning. They want the ocean without the awful roar of its many waters. This struggle may be a moral one; or it may be a physical one; or it may be both moral and physical; but it must be a struggle. Power concedes nothing without a demand. It never did and never will...Men may not get all they pay for in this world; but they must certainly pay for all they get.* Frederick Douglass

## Mr. Joseph Torre

## Mr. Dennis Siddons

Dear Graduates:

As you approach the conclusion of your high school years, you can hopefully look back on them with a feeling of pride, satisfaction and accomplishment. You will hopefully use the knowledge and experiences gained while in Carteret High School to enhance your future adult years. Whether these years hold additional schooling, entrance into the work force, service to your country or raising a family, allow yourself to be the best you can be. Take pride in each and every endeavor you undertake.

Utilize the skills and training developed while at Carteret High School to help make you a credit to society, your family, and above all else, yourself.

Good Luck and Congratulations

Your Vice principals,

# SENIOR CLASS GUIDANCE COUNSELOR

## Miss Phyllis Mincieli

The Class of 1989 has become a reality. I write this with mixed emotions. . . sadness that I won't hear your cries of "Hey, Miss Mince, can I have a piece of candy," or "Please, please, I'll never ask again, but I need a pass," but also with happiness that I have shared a small part of the lives of such wonderful and unique people.

My wish for each of you is that you achieve personal happiness in all that you do. Remember. . . "with all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy." I will miss you all!

# SENIOR CLASS ADVISORS

## Mr. Charles Simon

## Mrs. Eva Kushner

To the Graduating Class of 1989:

On behalf of Mr. Simon and myself, we would like to take this opportunity to offer our sincere congratulations to you on a job well done. It has been our extreme pleasure to be your class advisors for the past four years. Remember that these four years of high school have only been a stepping stone towards your dreams. These dreams are the threshold of tomorrow's discovery. Now it is up to you to take what you have learned and make your dreams into a better, brighter tomorrow.

Last of success to all of you.

Mr. Frank Tomczuk began his teaching career in 1945 when he worked with German children. In 1950, he joined the Carteret school system with his first post at Nathan Hale School. Five years later, he transferred to the high school where he has been a member of the English Department ever since.

He has served as advisor to the *Anne Scott News*, the Polish Club, and has been an active member of the American Legion, among other things. Largely due to his efforts, CHS boys have been able to participate in Boys State for many years. Mr. Tomczuk has not only been a teacher at CHS, but he has also been a friend and confidant to many of his colleagues and students. He will be retiring this year, but his new vocation will take him to Europe, Egypt, China, and many parts of the United States.

We wish him luck and thank him for his dedication to Carteret.

## **Time Out with Mrs. Zimmerman**

As the night recorder played her famous message, "in a clear voice" Mrs. Helen Zimmerman recalled her years as secretary to the General Elementary Supervisor, Mr. Gerald Brown. She began working for Mr. Brown in 1965. During this time, she often worked Saturday's and Sunday's making sure that all was completed.

In an interview with Mr. Brown, he indicated what a sweet, well-liked person she is. She cares about the students and all of the schools. Her retirement party was held at the Woodbridge Hilton and the bash was one of the largest retirement parties ever seen in CHS.

### HOW LONG DOES IT TAKE YOU TO GET TO CHS EACH DAY?

**Miss Hanley** - Five minutes-I drive very quickly!

**Mr. Peters** - 20 minutes.

**Mrs. Silverman** - Some days it takes 1/2 hour; some days it takes 45 minutes.

**Mrs. Kopko** - 45-60 minutes.

**Mrs. Checki** - Two minutes in good weather; 3 if I have to jump puddles and dodge raindrops.

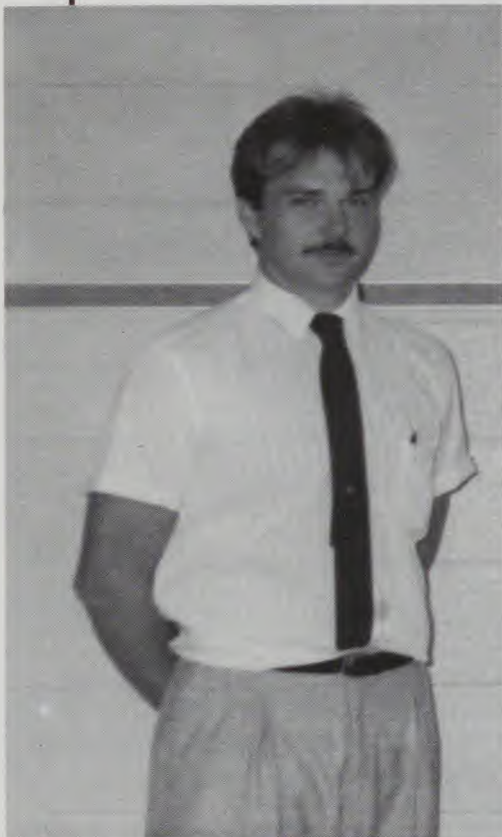

**Mr. Bradach** - 35-40 minutes; 2 hours if there is a problem like snow or an accident.

**Mrs. Doherty** - 30 minutes.

**Mrs. Naples** - Barring any heavy traffic, under 10 seconds!

**Mr. Gonczlik** - 20 minutes

**Mr. Nelson** - 5-10 minutes. I walk.

### WHEN YOU HAVE FREE TIME, WHAT DO YOU LIKE TO DO?

**Mrs. Machos** - I like to go shopping, cook, and do aerobic dancing.

**Mr. Fonti** - I coach football, basketball, weight-lift, play basketball and read business-related magazines.

**Mr. Gasior** - I like to fish, do wood-working, and read.

**Mr. Krakower** - Being with my family and doing various activities together.

**Mrs. Chiravalle** - I'm an artist. I love oil painting and I enjoy shopping.

**Mrs. Lombardi** - I occupy my spare time with baking and painting (sometimes I paint cakes!). I also like to collect antiques and photograph country scenes. It's fun to work with clay or fingerpaint with my 6 year old son.

**Mr. Comba** - I am an avid handball player. I also enjoy watching night-time soaps and spending time with my two children.

**Mr. Gonczlik** - I play golf, trout fish, and exercise.

**Mr. Tomczuk** - I hike, dance, travel, read, and see old movies.

**IF YOU COULD CHOOSE ANY YEAR IN TIME, UP TO THE PRESENT, WHAT YEAR WOULD IT BE AND WHY?**

**Mrs. Naples** - The present. I would not like to "turn back the hands of time." I enjoy becoming older and wiser.

**Mr. Hudak** - I would choose today. Why? I have a good life - a wonderful family - a job I enjoy and good friends.

**Mr. Duncan** - 1961 - Kennedy in the White House; the Yankees, behind Morris and Mantle, in the World Series; and no Mets or Dolphins, or their fans around.

**Mrs. Grabowski** - 1963 - I was still in college - footloose and fancy free. No responsibilities.

**Mrs. Holleuffer** - Though I could probably select one or two years, I will select 1988 as the most memorable year. This was the year that my husband and I were blessed with the birth of our daughter, Nicole Aimee. Life has new meaning for us since our little girl was born. She is the most precious jewel in our lives.

**Miss Mincieli** - I would love to have experienced life in the 1920's. I'm intrigued by the lifestyle and especially the fashions and dances. It seemed like a real party atmosphere.

**DO YOU FEEL THAT ALL THE TIME AND EFFORT YOU'VE PUT INTO TEACHING HAS PAID OFF?**

**Mr. Tomczuk** - In money, no; in friendships, in the appreciations expressed by my present and, indeed, former students, yes. This school has a great staff and a friendly student body.

**Mrs. Krugman** - You bet! I've been teaching and learning at the same time. I'd like to believe that I've helped hundreds and hundreds of students become better citizens as well as more knowledgeable about the world around them. And I take great pride daily in the accomplishments of my students.

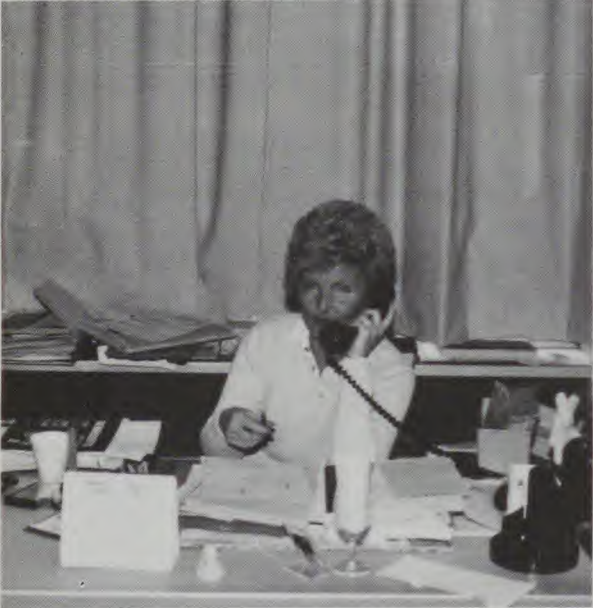

**Mr. Arnold** - Yes, it's still a rewarding career; however, as 3 of my children are involved at colleges, I have noticed that financial gain has changed to student loans.

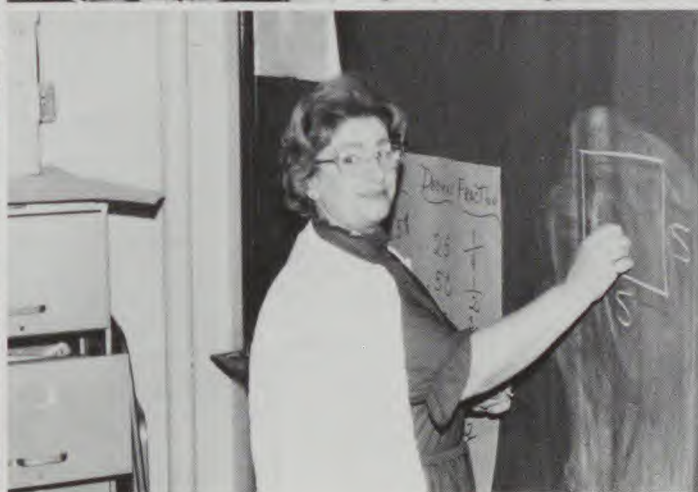

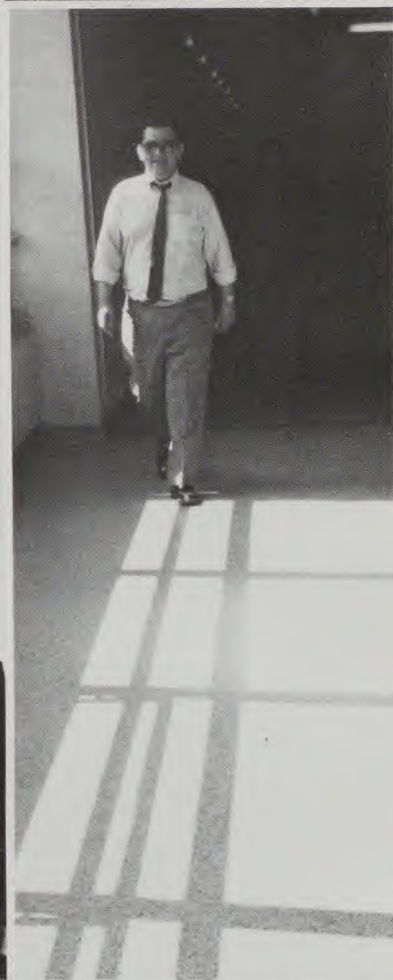

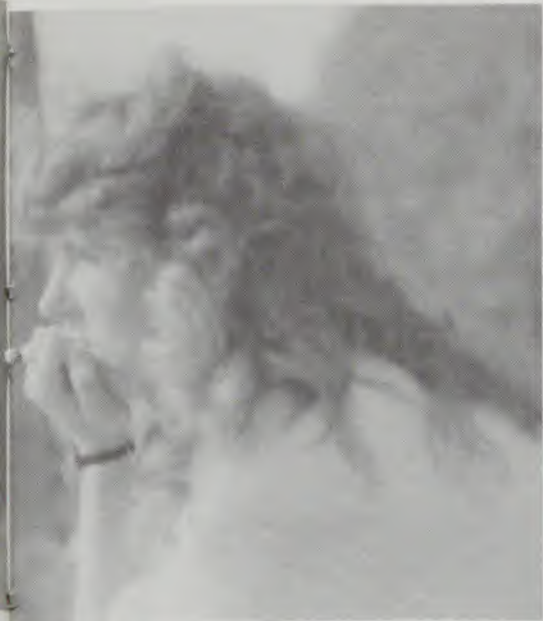

**Miss Frantz** - I can't imagine doing anything else. There are days I get discouraged - nothing seems to have gotten through . . . Then suddenly someone says, "Oh, I get it!" and it makes your day. Yes, I feel all the time and effort is worth it.

**Mrs. Lynes** - Yes, I enjoy working with the students and seeing them learn when I teach them new things.

**Mrs. Grace** - Absolutely! I really like my job and I enjoy trying new things. A person never stops learning, so working to develop new techniques and strategies is certainly worthwhile.

## *Calendar of Events*

What's so special about the organizations at C.H.S.? Could it be the advisors and students? Sure can! They're the one's who dedicate themselves for worthy causes.

Wouldn't you feel much safer knowing that there is a Crash Unit on call in case of an emergency? Or how about the Student Council that sponsors many events to keep us on our feet? How about the various foreign language clubs that allow us to learn an array of cultures? What about all the other clubs that totally dedicate themselves to the students?

Every organization sponsors a calendar of events in which the entire student body can be involved. Why not check out these organizations? There may be one for you!

Each year the **Loudspeaker** is published through the efforts of two hard working and dedicated groups. The yearbook staff is divided into the business and literary sections.

The literary section spends all year long preparing each individual page carefully. It is a very exciting and challenging experience where every deadline requires

more attention and demands the most of one's individual skill.

The business staff plays just as important a role in our yearbook's production. They must deal with the purchase of boosters and advertisements for the graduating students. They also have schedules that must be met, but their main focus is mounting a successful sales campaign

Extra! Extra! Read all about it! In the CHS's personal newspaper *The Anne Scott News*, every issue is filled with the latest news of events which our fellow students take part in. Also, you can find fascinating articles about teachers and any type of "news" outside of school that may affect our lives.

The newspaper staff is made up of dedicated students who feel it is their duty to keep all of the high school well informed and up-to-date. There are many sections in the newspaper so that all can enjoy reading as well as providing encouragement for more students to join the staff.

Here to serve others! The National Honor Society advised by Mrs. Chiravalle is a very well-known group in CHS. The National Honor Society has served the students and the town of Carteret since it was established. Some of the goals of the Society this year are to help the students at CHS by providing tutors, renewing the college center at the library, and thinking of new ideas about how to improve the school system. The National Honor Society's humanitarian actions are and will always be remembered.

The Student Council is the heartbeat of CHS. Its members work together to make our school a great place to be. The Student Council arranges various activities. Inside the school, the Student Council's goal is to increase the morale of our student body by setting up dances, pep rallies, and Homecoming. When this goal is achieved, the students who the council represents work together to help those outside our school. This year, many students participated in a Blood Drive and a volleyball marathon to raise money for the Leukemia Society.

## Science League

Advisor Mrs. Masterson has selected some of the finest science students our school has produced to become members of the Science League. It is an honor to be eligible and a privilege to join. The club competes with various other schools through tests that are given to determine those with the greatest proficiency in the sciences.

# Math League

Advisors Mrs. Cenders and Mr. DiSarro and their top math students make up the Math League. The club is set up to allow students the opportunity to compete against other fine math students from schools in our area. The exams consist of 10 problems and the students are given one hour to complete the test. The scores of all schools participating are then determined and the winner is then announced. The tension grows every month as the competition becomes harder.

The Vocational Industrial Club of America advised by Mr. Tucker and Mr. Walsh, is composed of advanced woodshop students, although it is open to any CHS industrial student. The club teaches students how to offer service in the community and to fellow students. VICA strives to promote an awareness of the business and industrial worlds. They develop management skills by being given the opportunity to run the club themselves. They are also taught the feeling of belonging and concern by becoming involved, as a group, in handicap programs such as the Special Olympics.

# GERMAN CLUB

Mrs. Sansone and the German Club make great strides each year in increasing their understanding of German and German culture. The students explore different traditions and sample German cuisine. The club learns the dance customs and other types of entertainment. The highlight of the club year is participation in the Oktoberfest.

# SPANISH CLUB

The Spanish Club is a cultural as well as a social club for students who are interested in learning more about Spanish culture. Language Department Chairperson, Dr. Foti, is the advisor. The club participates in field trips to Spanish restaurants, particularly those in New York, to learn about Spanish cuisine. This year, the club will have the opportunity to study Spanish culture first hand in their trip to Spain, planned for the Spring break.

The International Travel Club was brought about to give students of CHS a chance to experience different cultures. Whether it be standing atop the Eiffel Tower, on a gondola, through the canals of Venice, or roaming the streets of N.Y.C. experiencing all the cultures in our melting pot, the ITC gives us the opportunity to recognize our heritages and appreciate those of others.

## REFLECTIONS

*Reflections* advised by Mrs. Silverman is the student literary magazine of our school. Meetings are called frequently even though some students do work every day. *Reflections* write about poems, plays, essays, short stories, and novellettes. There are awards for special entries. This club offers encouraging, creating and displaying excellence in the field of writing.

# HUMAN RELATIONS CLUB

The main purpose of the Human Relations Club is to recognize and deal with differences between ethnic and racial groups. The best way to explain this philosophy is to say-"different isn't wrong!" During meetings, thoughts and feelings are exchanged, and a lot of respect for one another is gained. This respect seems to generate through the school and community.

The HRC sponsored a successful Christmas toy drive to help make the holiday a bit brighter for those who are disadvantaged. Martin Luther King's birthday was celebrated by the presentation of a role play based on the Rosa Parks bus boycott to the grammar schools, followed by a group discussion. The presentation was quite successful.

## Alternate School

The Alternate School is a program that has been active in our school system for five years now. It is a very successful program where teachers dedicate themselves to smaller class sizes encouraging personal development through group sessions. Of course this program would not have been so successful without the individual efforts and cooperation of the students as well as strong and continued support of the administration. This is definitely a program of which the school district can be proud.

# DRAMA

Every year the Drama Club puts on an even better production than the previous year. Tryouts are held and each part is very carefully cast by Mr. Spaldo. Each year, the students display the fine talent that is quietly roaring our hallways. The club is filled with fun and excitement, but needless to say the members work hard to make their show a huge success.

## FORENSICS

Forensic...the opportunity to be outspoken! That's what advisor Mrs. Simon is giving members of her club. She is helping the students to acquire the skill of voicing their opinions clearly and intelligently. The club members compete in contests which may result in several types of scholarships for college. Since everyone always has something to say, the students enjoy this opportunity as they are working on their skills.

# SHOW BAND

Carteret High School's music department is a conglomerate of fine musical talent. These five groups add to the spirit of CHS. The concert, jazz, show, and marching bands, all under the direction of Allen Fossa, provide a variety of ways for students to showcase their musical talents. The chorus provides the same sort of creative outlet for our vocally talented students.

The chorus performs at a variety of functions; most notably, they travel to Woodbridge Center to perform during the Christmas season.

Among the many activities at CHS is the Rambler Marching Band. This year the Marching Band was directed by Mr. P. O'Donnell until he resigned. To take his place was Mr. A. Fossa, former CHS band director. The change of band directors did not affect the performance of the members in the band but did in fact inspire them to do well, not only for the new director, but for the former one as well. The dedicated students who participate are admired by the town for all their support in parades, competitions, exhibition shows and other social events. One experience they will never forget is the opportunity to embark on a magical journey up "Main Street U.S.A." Our band was invited to perform in the most wonderful place on earth, Disney World U.S.A. The CHS Marching Band helped celebrate Mickey Mouse's 60th birthday with a performance at the Magic Kingdom

## ***TIME OUT***

CHS athletes may find it hard to take "time out" during their busy seasons. With every new season comes a new sport! With every new sport comes a dedicated athlete - an athlete who is capable of a winning season. In order to achieve that winning season, the athlete trains hard, both physically and mentally.

As you turn these pages, keep in mind that these athletes are dedicated to the sports they play, whether they are varsity superstars or JV bench-sitters. They show determination and pride, but most of all, they're winners, every single one of them!

# ATHLETICS

# WALTER GASIOR

Mr. Walter "Moe" Gasior, who will be retiring in December, is Carteret High School's second athletic director. He has held this position for the past 25 years.

Before Moe started his teaching career, he attended Rutgers University, from which he graduated in 1951. In 1952, he married his wife, Isabell, after being high school "sweet hearts." He started teaching in the Carteret School system at Nathan Hale School in 1954, teaching seventh grade. In 1964 Mr. Gasior became Carteret High School's second athletic director.

Throughout the years, Mr. Gasior has dedicated himself to many different things. At one time, he was football and track coach. He has also been a referee for the basketball. Another thing that Walter Gasior is known for is his help in starting the Pop Warner Football Program.

As one can see, Mr. Gasior has been a great deal more than an athletic director. This dedication is honoring him not just because of his service as the athletic director, but also because of the great things he has done for the community.

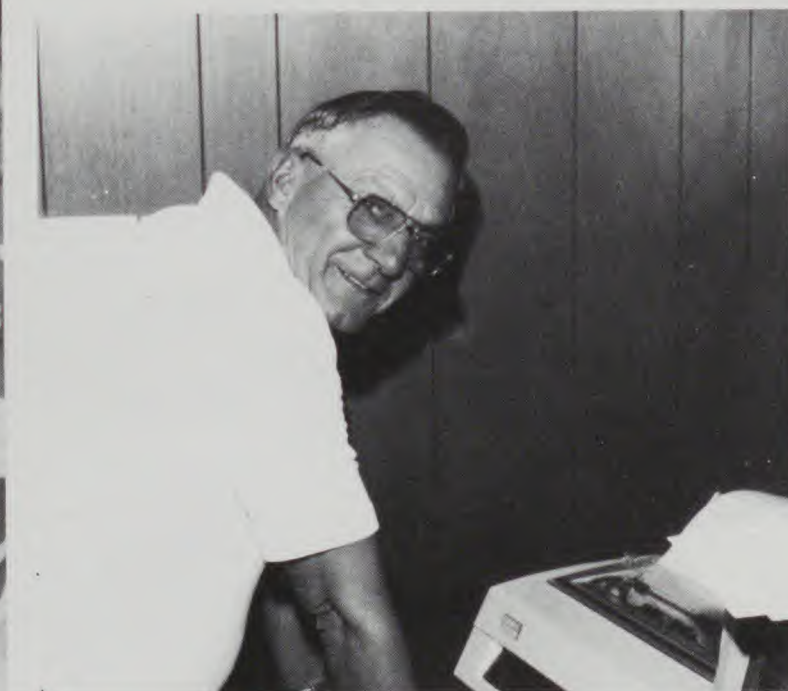

Mr. Gasior served two years in the Marines in North Carolina.

# THE TIME HAS COME

CONGRATULATIONS RAMBLERS! This season for the first time in nine years the Rambler Football team achieved a record over .500. Last year they finished the season with a 4-4-1 record, exactly .500. This season the Ramblers were one game above .500 with 5 wins and 4 losses.

Although the Ramblers started off the season on a down note with a loss to New Brunswick, they bounced back and won their next game. The only other losses in the division that Carteret suffered were from South Brunswick and Highland Park. Had the Ramblers won one more of their divisional games, they would have made the playoffs for the first time since 1976, when they won the state championship.

Next season looks promising for the Ramblers also. They will only lose eight seniors to graduation this year. Returning next season are Carteret's leading rushers Steve Webb and Anthony Northington, wide receiver Dennis Kopin, and Brett Rackett at quarterback. However, the heart of the Rambler defense was made up of seniors. Seven of the eight seniors started for the defense this year and will surely be missed next season.

Hopefully this season's youth will be able to replace the seniors that are graduating this year. Only time, though, will be able to tell us if this happens. We will have to wait for next year and see. Good luck next year Coach Olear and the Rambler football team.

## Joe Szysykwicz:

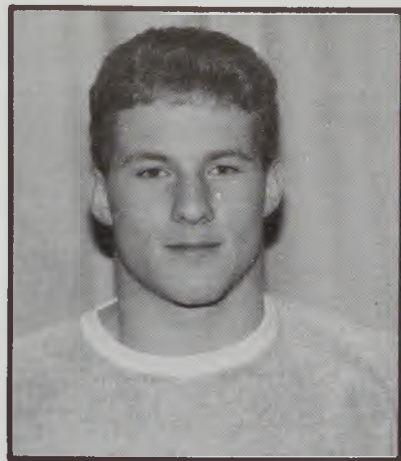

**"What are you going to miss most about Rambler Football?"** The thing that I will miss most about Rambler Football is the togetherness. I am also going to miss the "P.T." and the offensive lineman drills.

**"How did the coaches influence you and the team throughout the season?"** The coaches major influence on the team and myself this year was the intensity they provided. If it wasn't for this intensity the games we won would have never been possible.

Junior Dennis Kopin is about to kickoff to start the game against Spotswood. The Ramblers went on to win the game by a score of 17-7.

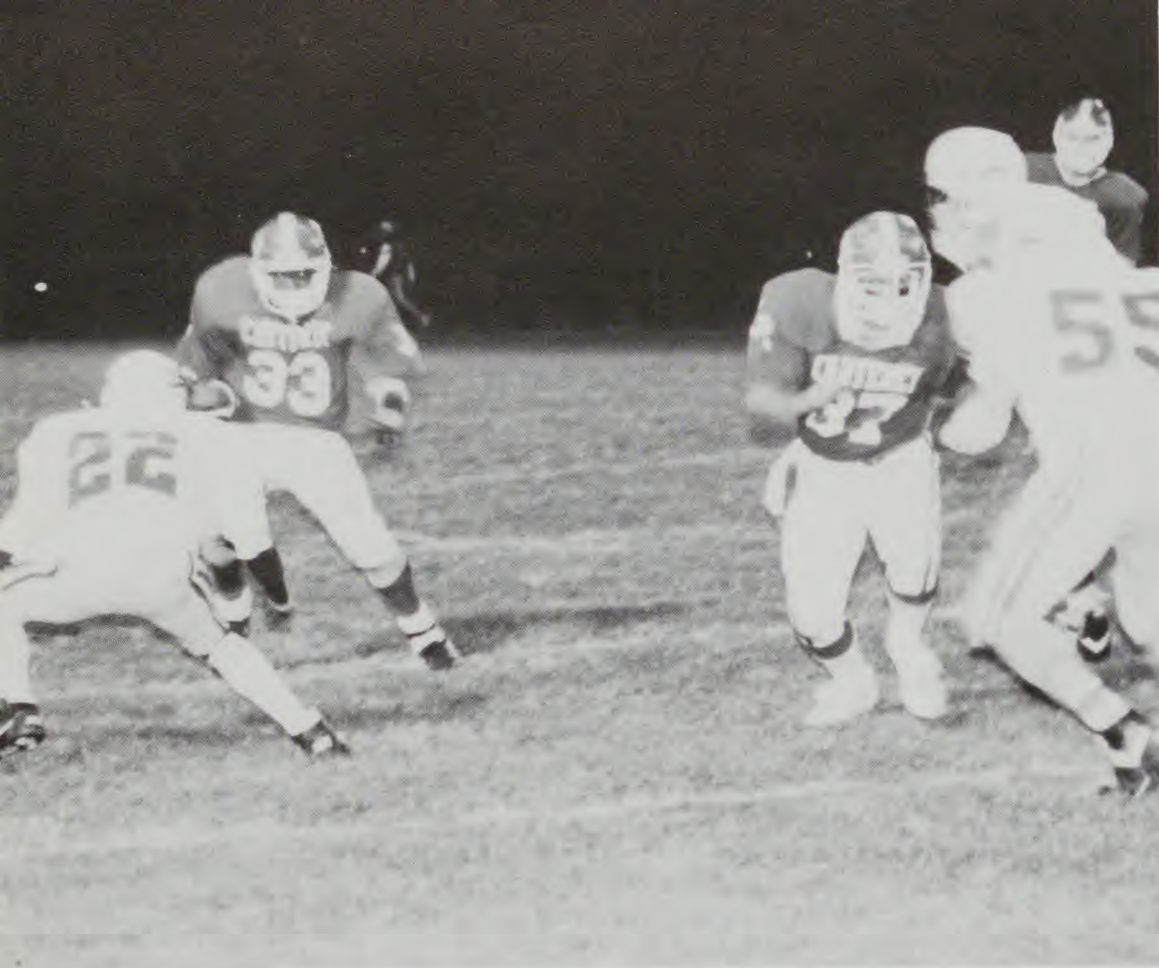

**John Paczkowski:**  
**"What was the biggest challenge that you faced this season?"** My biggest challenge was having to play most of the season with my ankle injured.  
**"What do you think helped this year's team achieve a winning record?"** What helped us to achieve the record we had this year was the strong team unity. Also this year's players had the will and determination to win.  
**"What are your goals for next season?"** My goal for next season is to help the team make it to the Central Jersey Group II playoffs.

Jerome Hampton, Junior, tries to run through the hole his blocker Dennis Kopin had opened, but he gets tripped up by the Highland Park defense.

# TIME FOR RAMBLER SPIRIT

Pointed toes, waving pom-poms, and enthusiastic chants and cheers, all contributed a great deal to the winning season of the 1988 Varsity Football team. With the addition of a J.V. squad to the varsity, it made it clearly known throughout the school and community that the Ramblers were due for a winning season.

Spirit decorated the halls and stadium each week as the girls rushed around with streamers, posters, balloons and even a dummy to enhance the enthusiasm in the air. The cheerleaders even covered the chute where the football team enters the field with a full size paper shelter with slogans like "Carteret Forever" and "We Love the Ramblers" written on it.

The squad will be losing eight seniors to graduation this year-Co-Captains Kathie Healey and Cyndi Semenza, Chandra Flintosh, Holly Nartowicz, Mildred Pellot, Joanna Shinski, Kim Sullivan, and Michelle Topolewski. They will surely be missed, but Carteret Fever will never die and the pom-poms will be waving for many years to come.

# SAME TIME NEXT YEAR

This year, the Carteret High School soccer team had something that very few athletic teams at Carteret have ever had- a whole roster made up purely of underclassmen. There were no seniors on the soccer team this year. Although this may seem to be a disadvantage, it can prove to be advantageous come next year. All of the returning players will have had that extra year's experience and familiarity playing with each other.

The soccer team finished this season with a record of 2-14 and its leading scorer was Cong Lam. He compiled 5 goals, some coming from assists made by Dave Aspres and Paul Silva, the team's leaders in assists. Since there were no seniors to provide the leadership which many team sports require, captains Pete Bufano and Steven Lee helped to keep the team playing together and their spirits up.

Next year the team is sure to have seniors, but that is not what will help them improve. What will help them is the extra year together which gives them the necessary experience to play as a team. Good Luck SAME TIME NEXT YEAR.

## John Muzyka:

**"What types of adjustments, athletically, did you have to make when you transferred to CHS?"** I worked hard at Piscataway to be on top, but, coming here to Carteret, I've met more athletes and it's been fun to play with great teammates and excellent coaches.

**"How do you feel Coach Cowan and Coach Duncan have helped to guide this season's young soccer team?"** Coaches Cowan and Duncan have worked hard to make it work with tough practices and their team meetings. Next year I hope we make it work for them.

Clockwise from Center: Paul Silva eludes the defense's attempt to steal the ball. Coach Cowan contemplates today's strategy.

**Dave Aspres:**

**“What was the strongest aspect of the 1988 team?”** The strongest aspect of this young skilled team is our unmatched enthusiasm and our desire to always improve our game.

**“What does this year’s inexperienced team need to improve for next season?”** Although the team is young, I don’t feel that we are inexperienced. The potential of our team is always present; the only thing that might be missing from our playing is the familiarity of one another’s playing technique, which can only come from playing together for a long time.

# A TIME FOR REBUILDING

The CHS Girl's Tennis Team underwent a period of rebuilding this year. With the loss of four starters and a slew of new freshman, the line up was constantly juggled, searching for the right combination. This, accompanied by injury and illness, led the team to a final record of 6-9.

Senior captains Marisol Ruiz and Mija Cho joined by Becky Gillis, Ann Krawczuk, Sophia Singura and Cindy Won were always looked to for their leadership throughout the season. Although they will be greatly missed, a vast amount of talent is expected from the large number of freshman. Starters Rachel Ruiz, Heather Platt and Allison Comba, will form the core of next year's CHS tennis team. So a time to learn is soon to be a time to win.

Carteret tennis promises a bright future.

Freshman Allison Comba finishes her opponent off with a forehand.

## Sophia Singura:

**"Over the past four years, for you, what has been the most fulfilling aspect of playing tennis?"** The most fulfilling aspect of playing tennis for me, the past four years has been the team effort. Whenever support was needed to win a match, you were guaranteed it 110% from your teammates.

**"What have you learned from playing tennis that you would not otherwise have learned?"** Playing tennis has taught me a lot about myself. I learned that with hard work and determination, I had the ability to win a match.

Marisol Ruiz takes on her first singles opponent

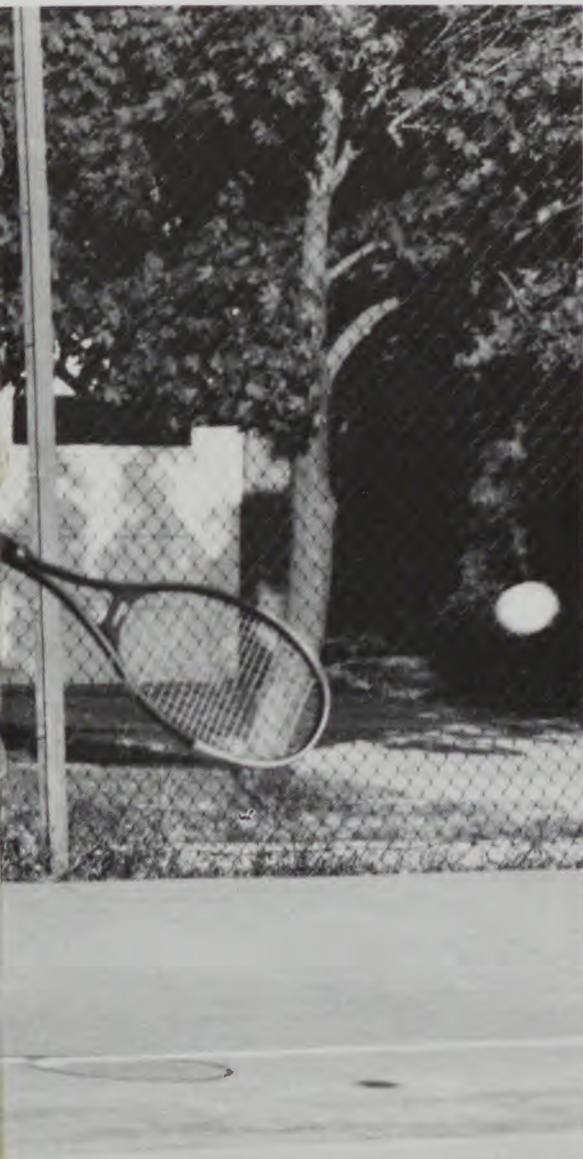

**Heather Platt:**

**"What did you like most about participating in tennis on a competitive high school level?"** It was a big challenge for me because I never competed before and everything was foreign. However, after a few matches I think I adjusted and made the most of the season.

**"Who had the biggest influence on you during the season?"** I think the seniors who played tennis had the greatest influence on me. They were used to competing against other people on their level and that gave me something to shoot for.

# TIME TO ENDURE

The Carteret High School Cross Country team had a very successful 1988 campaign. They finished the season with a 7-2 record, placing them third in the Greater Middlesex County Blue Division. The team was led by returning seniors Jim Mudrak and Joe Samuelson, as well as Sophomore Billy Vallejos. Newcomers who proved to be a vital part of the Cross Country team included Senior Chris Schuesler, Junior Jim Lopez, and Freshman Alex Colon.

After starting off the season with a win against Hoffman and a loss to Metuchen, the Cross Country team proceeded to have a fine season which included a 26-29 victory over South Plainfield, avenging the previous season's disappointing loss to them.

Sophomore Bill Vallejos led the team to an eleventh place finish in the county and a tenth place finish in the Central Jersey Group II Sectionals.

Coach Shadell said that he was very pleased with this year's performance because it was a fun season and every one was a pleasure to work with.

Chris Schuesler strides toward the finish. His season's best time was 18:51.

Freshman Alex Colon, whose best time this year was 18:27, had an excellent first season.

**Jim Mudrak:**

**"What will you miss most about cross country after you graduate from high school?"** I will miss the competition of not only my teammates, but some of the friends I made from other teams. I am also going to miss being coached by Shades.

**"With the four years of cross country experience that you have, what advice can you give to young or future runners?"** The advice I would give younger runners is to never quit, although at times it seems you're not improving. If I can go from running a 31-plus in my first race to a 18:35 as a senior, anyone can.

**Alex Colon:**

**"What made you decide to join the cross country team?"** Since I was as young as seven years old I have raced in every race they had in school. I've always liked running a lot, but at that time

I couldn't join a cross country team. However, at CHS there is a cross country team, a good one, so I decided to join it.

**"What has been the most enjoyable part of your first cross country season?"** I liked almost all of the moments, but the most enjoyable part is when you compete with one of the best teams and win. Then you don't have to worry about that hard race anymore.

**Girl's Team Makes Headlines**

This year the Girl's Cross Country team had only three runners. Unfortunately in order to be able to compete in a dual meet a team must field five runners. However, they did run in several invitational meets and faired exceptionally well.

The highlight for the Girl's Cross Country was sophomore Stacey Hempel. She placed either first or second in three different invitationals as well as finishing 5th in the State Group II Sectionals and Greater Middlesex County Championship.

As a reward for her fine outings, Stacey was named to The News Tribune All-Area Team and the Greater Middlesex All-County Team.

The other two girls, Carmen Pineiro and Linda Carire, both freshman also did well this season and look to have a promising future.

Good luck to all of the girls next season!

# NOT THIS TIME

Although the 88-89 Boys Varsity Basketball Team did not have a winning season, there were still a few bright spots during the year. Senior Marvin Simon had an excellent year for a first year starter and many of the young players gained valuable experience. The lone returning starter, Lamont Repollet, displayed his leadership by pulling the team together after a slow start. Another Senior, John Bellardino, had a solid performance after a year's absence. Besides these seniors, the team will also be losing Senior Charlie Tidaback and Deon Benjamin, who will be ineligible due to his age.

This season is behind the Ramblers now and they will come in to next year with a fresh young team and high aspirations. Included on this team will be Pete Bufano, Vinny Hart, Anthony Ziobro, and Jerome Hampton.

Good luck to next year's team and the Cartert Boys Basketball coaching staff.

## Lamont Repollet:

**"Do your plans for the future include basketball, and to what degree?"** Yes, basketball is in my future on the collegiate level, but as far as the professional level, one can not be certain. As they say, every kid has his dreams.

**"Who has had the greatest influence on you and your basketball career?"** My cousin Keith Hughes and the support of my whole family; they are the greatest influence on me and my career.

As Junior Pete Bufano is about to take the layup, he glances over to see

Deon Benjamin takes the jump shot from the side of the basket.

**Pete Bufano:**

**"Since the team will lose five important players this year, what adjustments will need to be made for next year?"** It seems the adjustments are being made this year for next year. The two young forwards, Vinny Hart and Anthony Ziobro, are getting lots of playing time.

**"What goals have you set for the season to come?"**

To get the team to play together and to have a winning season. Also to get into the GMC Tournament, the states, and continue the Carteret Varsity Basketball winning ways.

# TIME TO SWEAT IT OUT

The Lady Rambler Basketball Team was looking good in the pre-season as well as at the start of the regular season. However, due to the injuries and the illness, the team suffered the loss of four key players: Junior Kelly Beaver, and Seniors Becky Gillis, Kahtie Healey, and Marisol Ruiz. The only senior who finished the season was Cathy Busela.

Although the team had a losing season, the future looks very good for the Lady Ramblers. Many juniors and sophomores received a lot of experience throughout the tough season. The addition of the Freshmen team this year, Coached by Arlene Hansen, will also help to improve the team in the future.

Kathie Healey looks on as Cathy Busela gets fouled going up for a shot.

**Cathy Busela:**

**"After you have graduated, what are you going to miss most about basketball?"** After I have graduated I am going to miss the challenge of trying to do better for the next game and trying to improve my skills.

**"If you could go back and do something different with basketball, what would it be?"** If I could go back and do something different, I would try to devote more time to practicing and try to improve in all of my weak spots. Then maybe I could have helped the team this past season.

**"Do you have plans to play collegiate basketball?"** I am still undecided whether or not I am going to play basketball in college.

As Jenifer Hack puts up the shot,

Sophomore Rachel Ruiz puts up a shot in a crowd of defenders.

Rachel Ruiz boxes out the defender.

**Kelly Beaver**

**"What aspect of this year's team needs to be improved most to make next year successful?"** I feel that the Girl's Basketball Team needs to work as a team. You can't depend on one girl, you all have to work together. If everyone works as a team it makes the season a lot more fun and a winning one.

**"Will all the injuries that the team suffered this year help to improve next year's team?"** There were a lot of injuries this season, and it hurt us in many games. We are also losing four seniors that were good players. But we have a young team and if everybody stays healthy for next year, we should have a winning season.

# TIME OUT EXCITEMENT

"P-E-P-I-T-U-P. Pep it up, totally," was a familiar chant which echoed throughout the gymnasium during the CHS Basketball games. Our Rambler Cheerleaders demonstrated their spirit by supporting both the Boys and Girls Basketball Teams during the 88-89 season.

This year the squad consisted of 15 girls who psyched up the players and the fans through the use of short chants, time-out cheers and the ever famous halftime dance. The team will be losing five seniors due to graduation including Captain Chandra Flintosh, Sue Matisz, Holly Nartowicz, Mildred Pellot and Kim Sullivan. They will all be greatly missed, but the future Cheerleaders will continue to carry on the pride of Carteret High School.

**"What has being chosen Captain meant to you?"**

Being appointed captain of Varsity Cheering has meant a lot to me. It has given me a chance to show my leadership skills and has also made my last year as a Carteret Cheerleader special and memorable.

**"What are you going to miss most and least about cheering?"** During my years as a Rambler Cheerleader, I have experienced good times and bad. I am going to miss all the friends I made while cheering and I will never forget all of the exciting games I cheered at. However, I think I can live without all the hours of practice to hear Mrs. Cunha say, "Do the cheer over again!"

Also, when cheering on a competition team you cheer for yourself and the team, while on a varsity level you cheer for the sport.

**"Has cheering helped you with other aspects of your life?"** Yes, it has made it possible to meet new people and share new ideas.

# TIME TO STRIKE BACK

Is bowling a thing of the past in CHS, or the future? Talk to any member of the Bowling Team and one will see that it is definitely a thing of the future!

With two young teams striving to be the best, the next few seasons should be very successful.

Even though this season, for both the Boys and the Girls Bowling Team has not always been as good as they hoped, this season has been an excellent learning experience for the younger members of the team.

With the loss of five Seniors this year, four boys and one girl, the team will be off to a fresh start next year. The graduating Seniors are: Captain Kevin Gallagher, Scott McNamara, Mike Polhamus, Captain Jon Veiksans, and Captain Jackie Chaves.

Good luck next year to Coach Nelson and his returning Bowlers.

## Kevin Gallagher

**"For you, what has been the most memorable part of bowling?"** It is definitely being Central Jersey State Champions in my sophomore year.

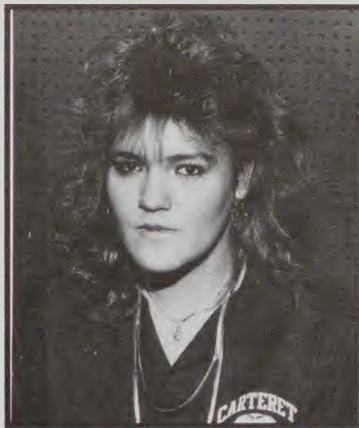

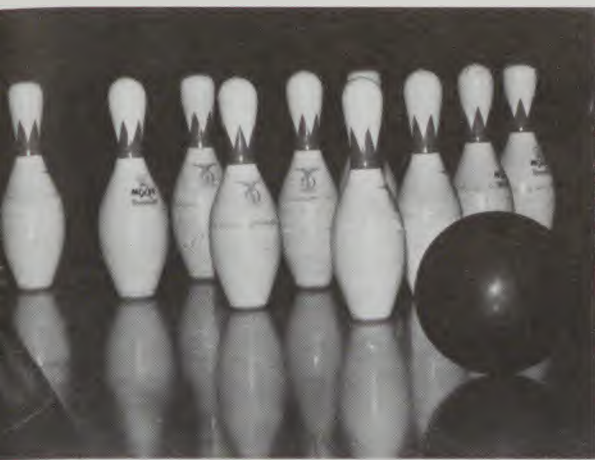

**"Though you will be graduating, what do you think the team will need to do next year to have a successful season?"** They are going to be young, but the five players returning are all good bowlers and if two more good bowlers come out, the team should be good.

Kevin Gallagher concentrates on throwing a strike to help the Ramblers to a victory.

Senior Mike Polhamus is intent on picking up the spare.

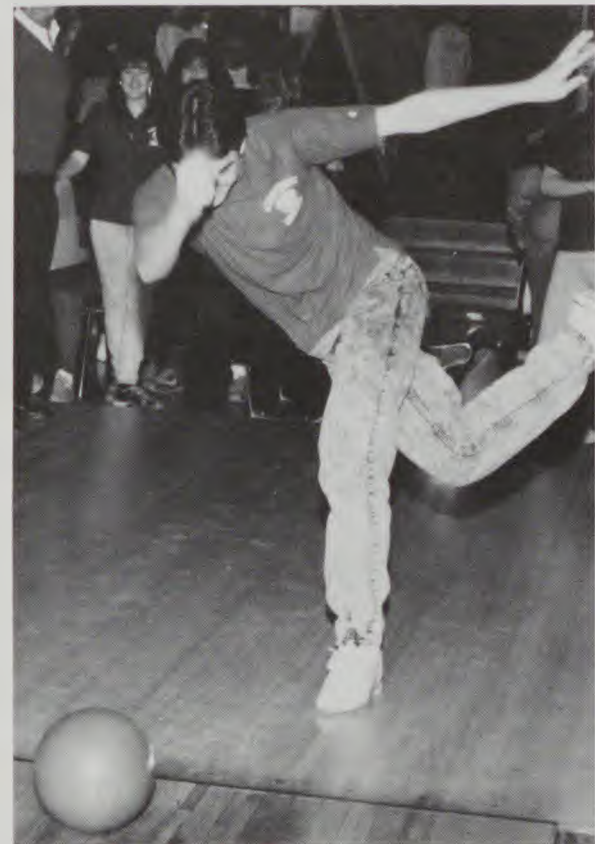

**Debbie Stenger:**

**"With a still relatively young girl's team, what are your aspirations for next year's season?"** I hope that we can be the champions next year. Carteret High's Girls have not been in 1st place since '79; in '90, I want to make a difference.

**"What do you think can be done to improve the team's average for coming seasons?"** If the girls work harder and try to concentrate more, our team could be one of the best.

The 1988-89 Boy's Winter Track Team has had a successful season considering there are only three senior members, two distance runners, Jim Mudrak and Joe Samuelson, and a high jumper, Chris Scheusler, who missed part of the season due to an injury. With three remaining meets, the team was still in the running for a first place finish in the GMC Blue Division.

It was a difficult season because out of the 13 members at the season's end, seven had missed one or more meets because of injury and illness. However, with the loss of only three seniors the team is looking like a strong contender for next year.

The Girl's Winter Track Team was led this year by Sophomore Stacey Hempel. In every dual meet she won the 800, 1600, and 3200 meter races. She also finished third in the 1600 and second in the 3200 at the county meet. The girl's team is very young, and will lose only two girls to graduation. They are Flo Hansen and Kris Dueker, who missed most of the season due to a reinjured ankle. Next year looks very good for this young team, made up predominantly of freshmen.

**John Nartowicz:**

**"What has been the highlight of this season for you?"** The highlight of this season was being able to compete in meets at the varsity level, after never running varsity before.

**"What can you do to improve yourself and help the team?"** The only thing the whole team can do to improve is to keep working hard and never be satisfied with anything we have accomplished. I feel this is the only way I or anyone else on the team can improve.

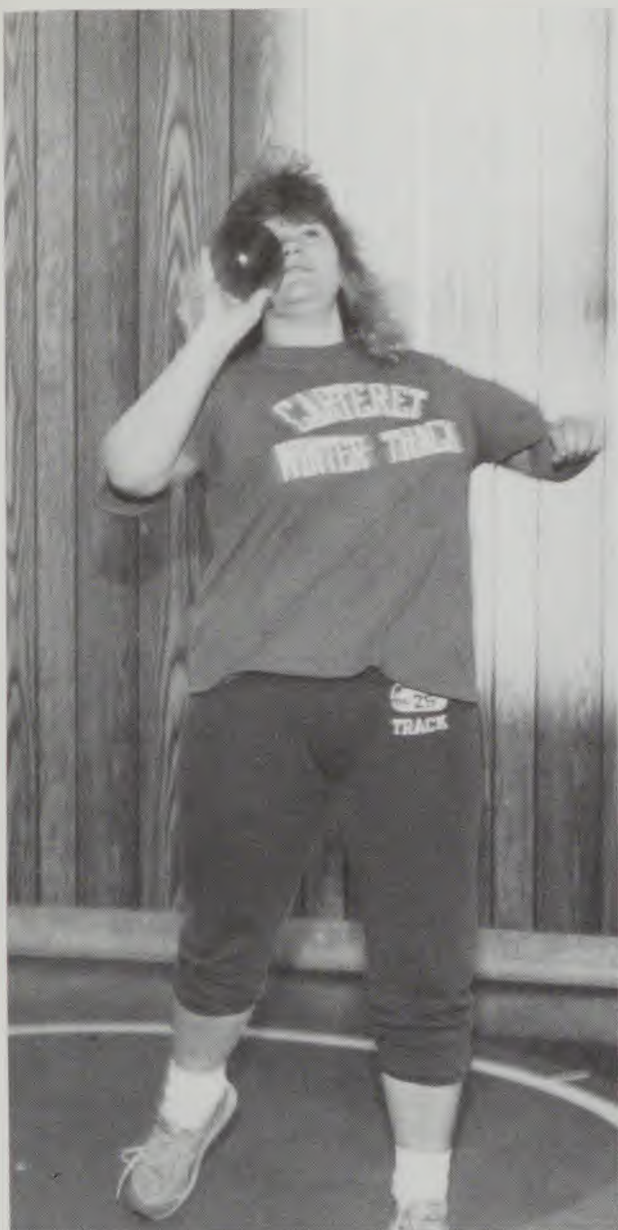

**"What does the future have in store for the team?"** SUCCESS! Our hurdle team has a good chance of being a contender after finishing sixth in the states this year.

Sophomore David Richter comes down off the last hurdle determined to take another first place finish.

Senior Flo Hansen hurls the shotput with all of her might.

**Carmen Pinero:**  
"Since the girl's team was so young this year, what does next year's team look like?" If we all stick it out to next year, whether or not we get any more girls to come out, we should have a strong, maybe winning, team.  
"How do you think you can improve yourself for next season?" If I keep practicing and get more experience, I will do better next season.

# TIME WILL TELL

After graduating most of last year's team, the Carteret High School Baseball Team has come to this season with nearly a brand new starting squad. With the exception of Captains John Bellardino and Mark Domashinski and Junior Brett Rackett, the team has all new starters. However, they also have several seniors, who should, along with the captains, help lead the team. The seniors are Dave Fedroff, Kevin Gallagher, Dave Grimes and Charlie Tidaback.

Though the team may not be very experienced, Coach Nelson and his staff will surely guide the team to another successful season.

Sophomore Vinny Hart delivers the fastball for strike three.

## Mark Domashinski:

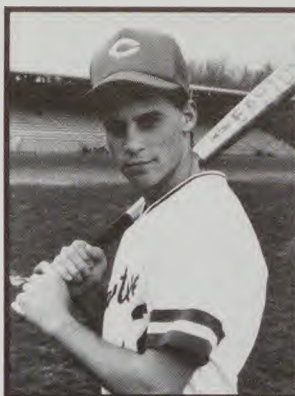

**"What is the most important skill a batter must have?"** A batter must have excellent hand-eye coordination, but most of all, he must be patient yet aggressive. Coach Nelson calls it a paradox. You have to be aggressive each time you step in the box, yet show patience in swinging at the right pitch.

**"What will you look back on and remember most about Carteret Baseball?"** No doubt, last season was the highlight. Going 23-3, winning Carteret's first state championship since 1948, the Blue Division, and GMC tournament, all in the same year is something that will never be forgotten.

Senior Dave Grimes waits for the pitch to be delivered.

**Dennis Kopin:**

**"How hard is the adjustment from Junior Varsity to Varsity Baseball?"** The adjustment from J.V. to Varsity is pretty hard. The competition on J.V. is equal because everyone is the same age and grade, but on Varsity there are 16, 17, and 18-year-olds playing and it is more difficult. On the varsity level there are also scouts from college and other teams which causes additional pressure.

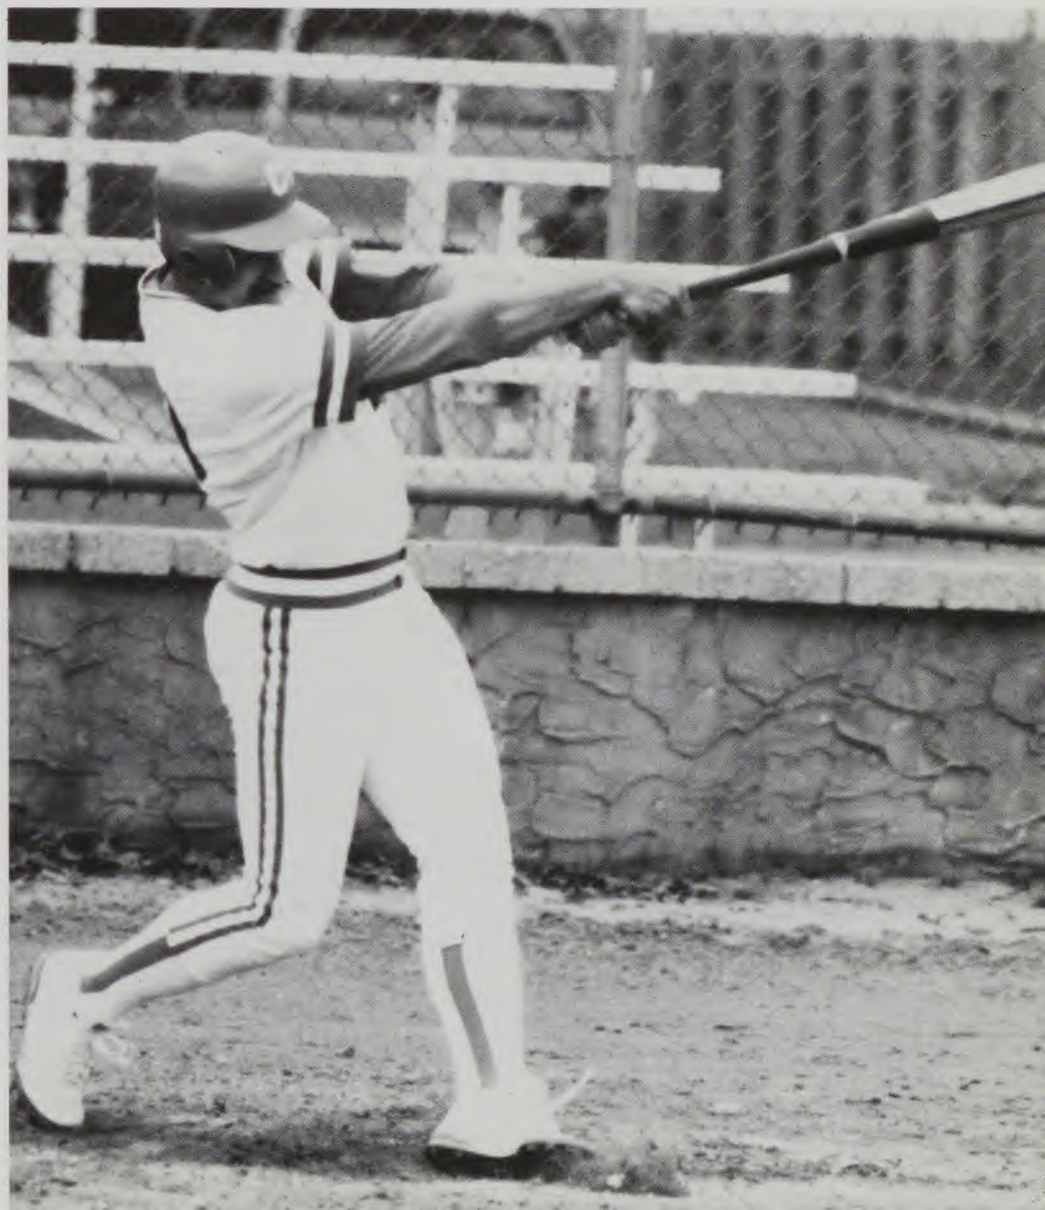

**"What are your individual and team goals for next season?"** My individual and team goals for next season are to perform my very best and to contribute to the team in any way possible.

# ONE MORE TIME

The Girl's Softball Team has great expectations for the 1989 season. The returning players will be defending their position as Blue Division Champs, while looking to advance into the state tournament.

The returning members include Senior Co-Captains Becky Gillis at catcher and Marisol Ruiz in centerfield, along with the other returning seniors Cathy Busela, Kathie Healey, Laura Kalnok, Cyndi Semenza, and Geeta Sharma. Returning juniors include Kelly Beaver and Deana Stone in the infield.

Some new additions to the team include Senior Kris Dueker; Juniors Anmarie Daunarummo, Farrah Fabricatore, Sherry Folkvard, Arlene Kazio; and Sophomore Rachel Ruiz.

**"How do you think you contribute most to the team?"** I think I contribute most to the team by always giving 100%. I never give up until I feel I've done my best. No matter what the situation is, I always try to keep the team spirit going, too. Spirit can make or break a team's effort.

**"What goes through your mind as you are at bat?"** The situation plays a big part in what goes through my mind when I'm at bat. But I always strive for a nice hit that will get me on base. In order to accomplish this, I try to concentrate on a good batting technique. A good technique can deliver a good hit, which in return gives me a feeling of accomplishment.

Cathy Busela doubles to left field.

Catcher and Captain Becky Gillis returns the ball to the pitcher.

**Marisol Ruiz:**

**"What was the highlight of your softball career?"** The highlight of my softball career was my sophomore year. I have received awards for playing rec softball, but high school was a whole new ball game. Well, I learned the game and I received a lot of recognition for my success when I was named Carteret High's MVP.

**"What will you miss most about softball after you have graduated?"** After I have graduated, I will miss many things, but the greatest loss will be participating in various athletics during the year. Being involved is what I looked forward to before entering high school; now that I have accomplished this, I wish I could do it again.

# FAST TIMES AT CHS

The Carteret High School Boys' Spring Track team looks to have a good season now and in the future. There are only four seniors on the team: Jim Mudrak, Joe Samuelson, Chris Serson, and Chris Schuesler. These seniors, along with a strong group of underclassmen, should contribute to a winning season for the team.

The Girls' Spring Track team, though even younger than the boys, will have an excellent season this year. The only seniors on the team are Flo Hansen and Arlene Velazques; however, they have very talented underclassmen. Stacey Hempel, who had excellent Cross Country and Winter Track seasons, should lead the girls team to victory.

**"What goals do you want to reach by your senior year?"**  
The goals I want to reach by my senior year are to continue to improve my running skills and win the counties.

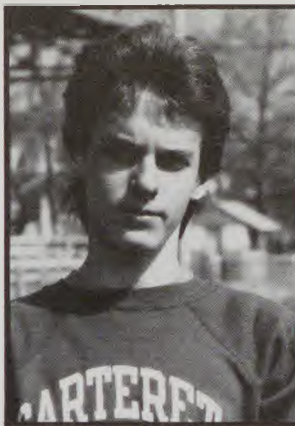

**"What has been the greatest challenge you have had to face?"** My greatest challenge so far has been to participate in the state finals.

**"With all the miles that you have run, what keeps you interested in running?"** The thing that keeps me most interested in running is that it gives me a chance to improve my previous times.

Jim Mudrak finishes the race strong and listens for his time to be called.

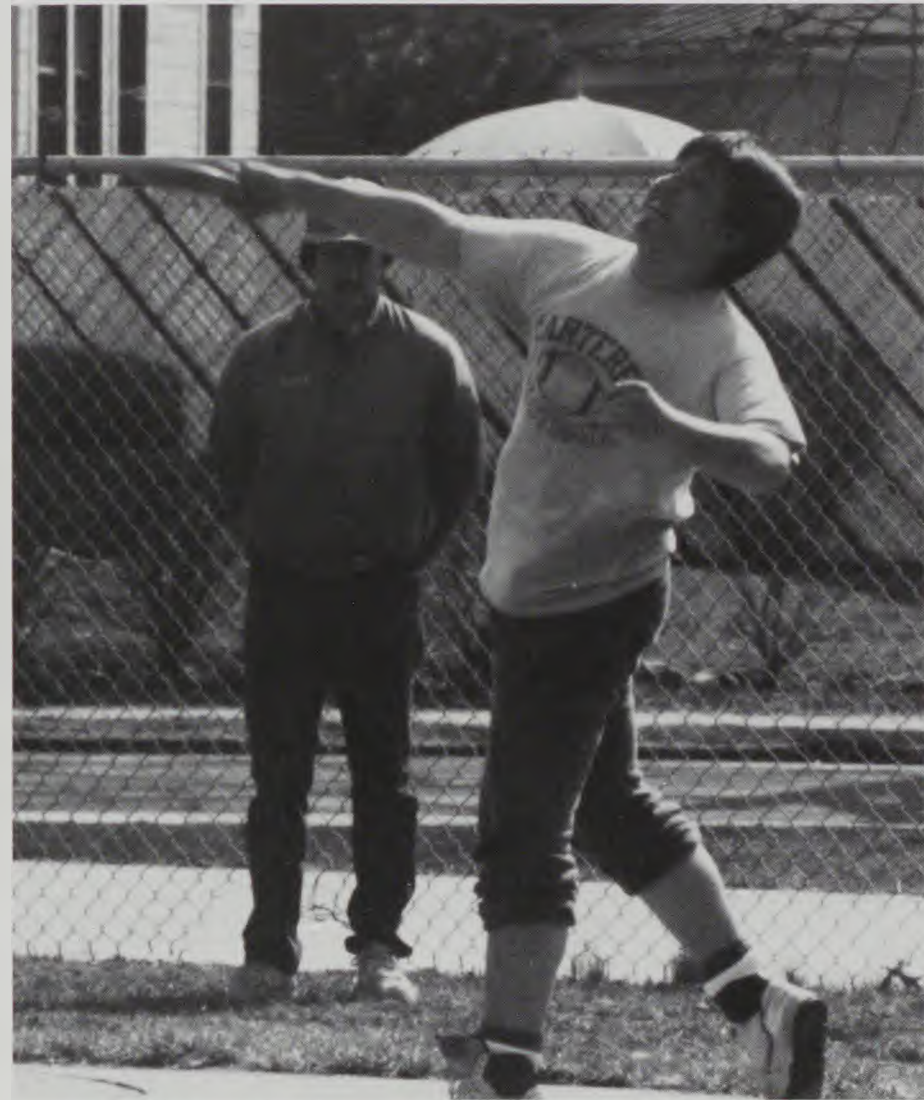

**Joe Samuelson:**

**"Did you accomplish all of the goals you set for yourself?"** I feel that I have accomplished most of the goals that I set for myself, because I have improved each year.

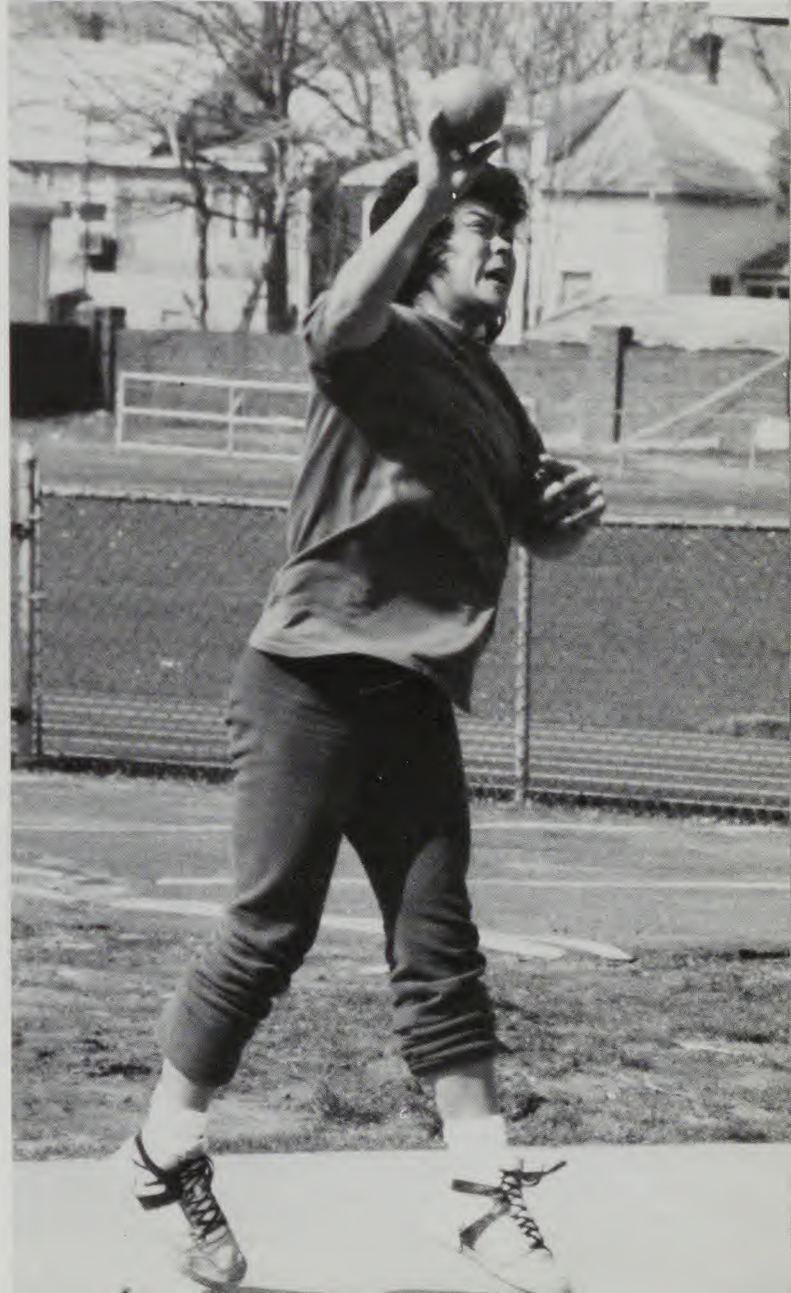

**"What will you miss most and least about track?"** The things that I will miss the most about track are the coaches, my teammates, the competition, and especially meeting other athletes at the county and state meets. The thing I will miss least about track is the hard training and of course the day I was disqualified for wearing gold.

# NO TIME TO WASTE

This year the Carteret High School Tennis Team has a very young but experienced team. Six of the nine players are starters from last season. Returning from last year's starting squad are Seniors Mike Polhamus and Pallav Shah; Senior eligibility Jae Ho Sim; Juniors Steven Lee and Hemang Shah, and Coung Lam. So as you can see, though they have only three senior players, they have a great deal of experience.

Hopefully all of the experience the team has will pay off with a winning season for Coach Kushner and the tennis team.

### Steven Lee:

**"What are you striving for in the future seasons?"** I improved myself over last summer, and I hope this will help me to have a good season, which is what I have to strive for.

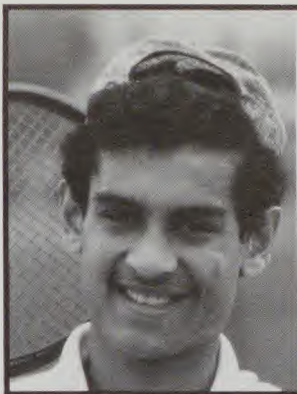

**"With only two seniors on the team this year, how experienced is the team?"** We may not have many seniors, but I think that we have enough good players to have a good season.

**"How do you plan to improve yourself between this season and next?"** Between this season and next season, as I practiced last year, I plan to practice this entire summer and improve my tennis skills.

Senior Pallav Shah smashes the ball over the net and past his opposition.

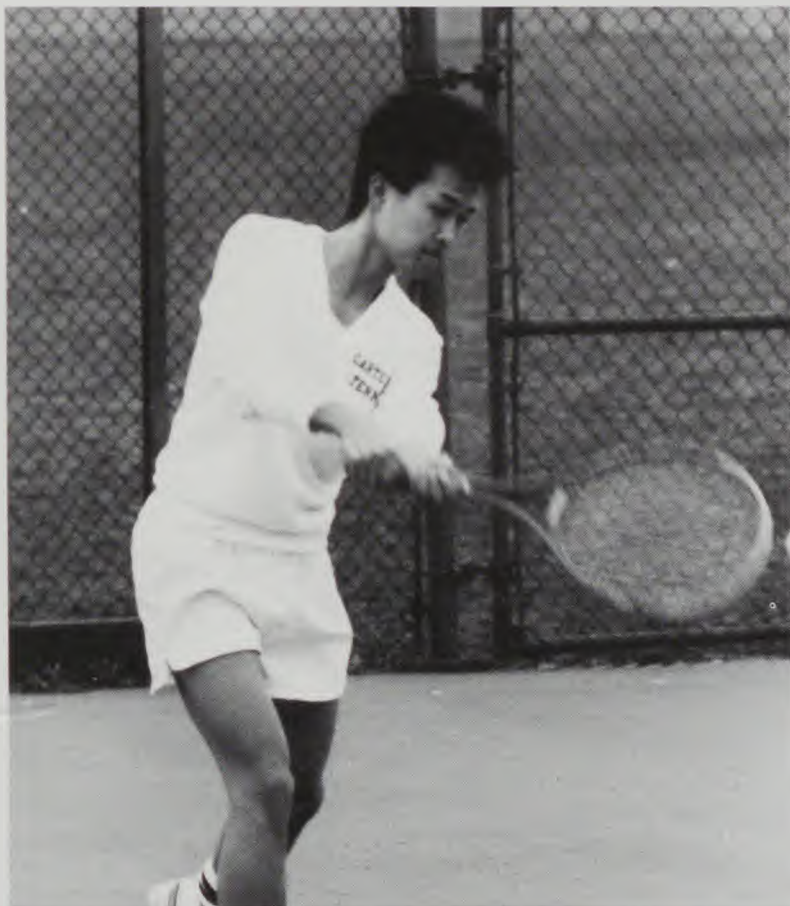

**Pallav Shah:**

**"Who has been the greatest influence on you and your tennis career?"** Bankim Chauham has been a great influence on my tennis career because he introduced me to the game. He helped me improve and introduced me to Bill Johnson (Hoboken High School's Coach). Bill really helped me improve my game and my attitude toward the game.

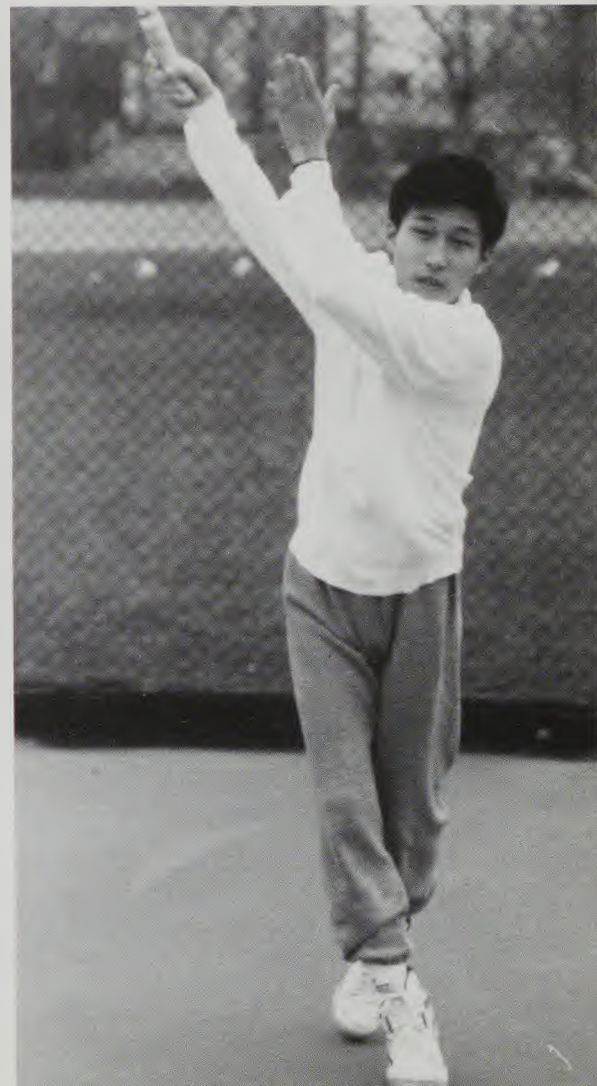

**"How competitively will you continue to play tennis?"** I really don't know if I will play in college, but if I get the chance, I most definitely will. Tennis helped me through high school and I hope it will always be a part of my life.

Hemang Shah, Junior, gets ready to receive and return the serve of his opponent.

# MATTER OF TIMING

With the tremendous turnout of golfers this year, the Rambler Golf Team looks to be improving. Since the team is made predominantly of freshmen and sophomores, there is plenty of time for them to improve. Many of the younger players will receive a great deal of experience in starting positions.

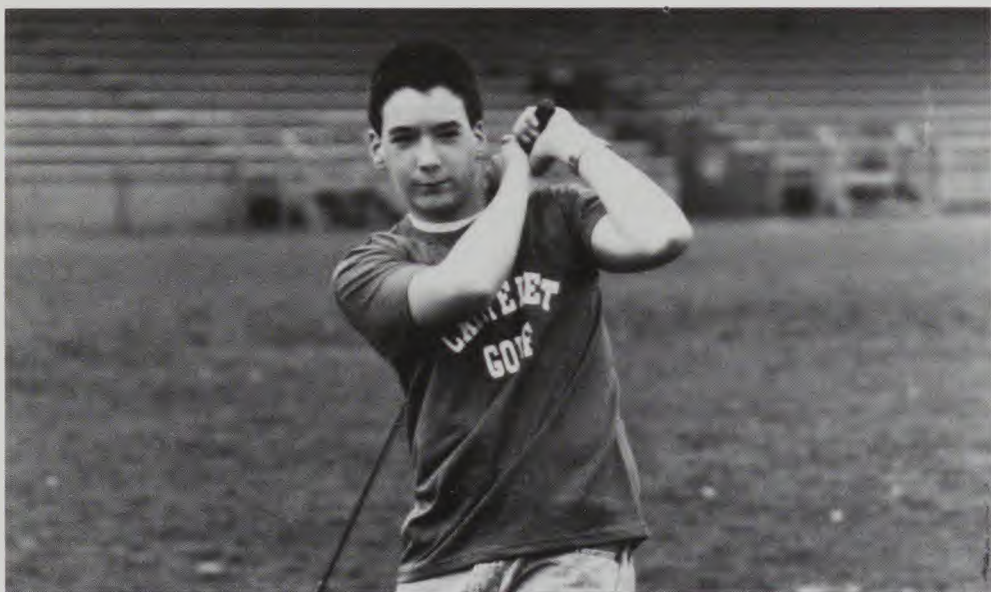

The only returning golfers are Senior Nick Cicero and Junior Eric Chubenko. These two players, along with the coaching of Mr. Olear, will be leading the team to success.

Mark Checki drives the ball 250 yards on this swing.

Mike DelVacchio continues his follow through and watches his ball fly on to the green.

Bill Nagy chips the ball on the green and into the cup.

## Eric Chubenko:

### "How do you plan to improve yourself for next season?"

Through playing matches and getting more and more experience in practice. The gains eventually come and my game is improving with more experience.

**"Losing only one senior this year, how does next year's team look?"** This year the team is composed of six freshmen and three upperclassmen. Due to the large number of freshmen, they have received more experience and made more starts, thus getting experience early. From this aspect, I believe next year's season will be a good one.

Eric Chubenko hits his ball out of the sandtrap.

**Nick Cicero:**

**"What responsibility has come with being the only senior on the team?"** Being the only senior doesn't mean I have all of the responsibility; it is mostly divided between Eric and myself.

**"Has missing a year of golf hurt your game?"** Yes, missing a year because of my knee injury hurt my game very much. I was hoping to play #1 this year, but missing a year, I couldn't.

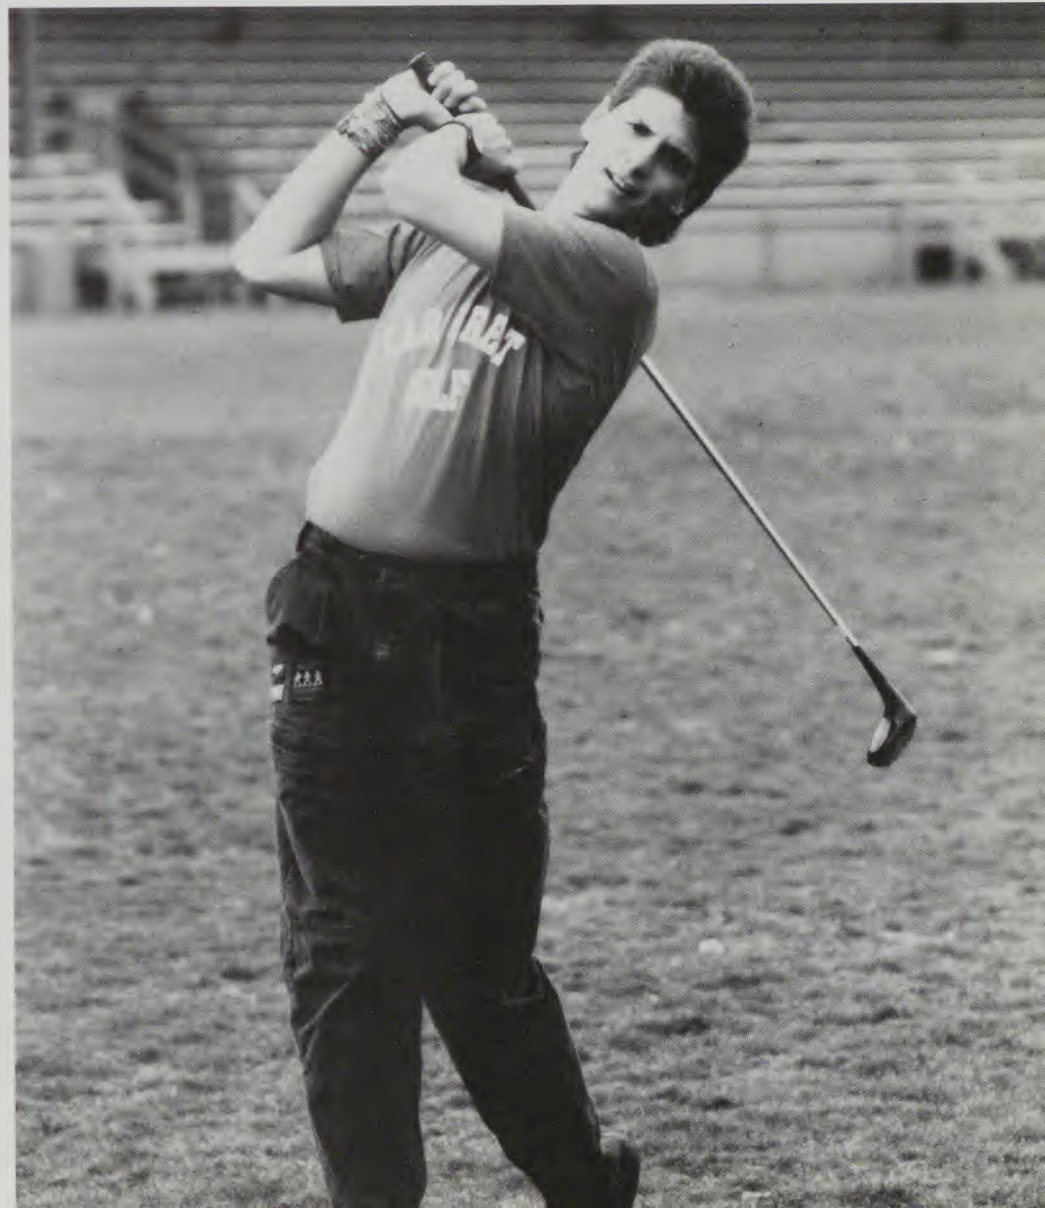

Hitting the ball out of the lake and getting a little wet is George Kolbeck.

# TIME AND TIME AGAIN

## RAMBLERS FOR ALL SEASONS

Each year there are many athletes at Carteret High School. A large percentage of these athletes play more than one sport; some participate in all three seasons. **The Ramblers For All Seasons** are the senior athletes who played in three varsity sports. These special athletes literally practice for hundreds of hours, and usually go unnoticed. The *Loudspeaker* recognizes these people for their hard work and dedication.

# TIME CONSUMING

## SCHOLAR ATHLETES

The *Loudspeaker* **Scholar Athletes** are those seniors who played in a varsity sport and were ranked in the top ten percent of the graduating class. Something that Carteret High School can take pride in is the fact that out of the seventeen people who make up the top ten percent, seven of them played in a varsity sport.

Participating in a varsity sport or trying to maintain high grades are difficult tasks in themselves. These students though, have managed to do both, which surely all would agree, was very time consuming and deserving of special recognition.

## ***THE CLOCK KEEPS TICKING!***

Yep, that's right! The clock never stops. Ever wonder where the time really goes? Another year gone! It seems that everyone faces the same problem. High school may be one of the greatest times of our lives, so why does it go by so fast? Every year seems to bring back memories. Think back to your Freshman year. Wasn't it scary to step foot in a school that seemed to be a never ending maze, full of new faces, strange classes, and lots of excitement?

So Sophomore year seemed to be a calmer one. Everyone is finally settled in, friendships have grown, and there's always Junior year to look forward to!

Junior year is filled with total excitement. What could be more exciting than finally getting your class ring? Perhaps it's the thrill of finally getting behind the wheel of a car and driving? Or maybe it's taking the SAT's? Or best yet, the Junior Prom?

There you have it--a time capsule of memories. Let's stop the clock and freeze some of these moments in time!

# CLASS

# LEADERS

For each class there is an elite group of young adults who are chosen at the end of the year to lead their fellow students onward towards perfection. They are known as the Freshman, Sophomore and Junior Class Officers.

These students, along with their advisors, strive to make the four years that one spends at Carteret High school the most memorable ever. They organize fundraisers such as candy sales and dances to raise money for their respective classes. The officers select the company from whom we will receive our class rings and determine when we will receive them. A major part of the officer's job is to locate the place, set the date, and continually plan for the long awaited Junior Prom.

So now we will take our hats off to all those young adults and their advisors who did all that they could to make these the best years of our lives.

# UP CLOSE WITH . . .

## Junior Michele Pencotty

**Q: How much are you anticipating senior year?**

A: I'm really looking forward to my last year. Although I'm a little scared, I look at it more like a challenge. I want to push myself to succeed.

**Q: What's been the highlight of your education at Carteret High School?**

A: I feel that this school year has really made me realize that I can do anything I set my mind to do.

The yearbook is dedicated to preserving the memories of each school year. 1989 is no exception. However, it is not just a book for Senior memories; it is a collection of underclass memories too.

The *Loudspeaker* searched for some underclassmen to represent their class in an upclose and personal interview. Our choice was not easy, but we finally discovered a representative of each class who was willing to submit to the agony of being photographed and interviewed by our staff.

# Sophomore Ana Corrales

**Q: How do you feel about your sophomore year?**

A: I'm really glad I'm a sophomore. I guess you can say that I'm proud.

**Q: The sophomore year is always labeled as boring. What do you think is the problem with 10th grade?**

A: I have no problems, thank God.

# Freshman Lisa Gallo

**Q: How do you like high school so far?**

A: High school so far is very different and there is a lot more freedom than in grammar school.

**Q: Is high school anything like you expected?**

A: Yes and no. I expected more of the teachers, but realized that they treat everyone equally and are more intense on conduct.

## ***MOMENTS IN TIME***

The Student Life Section captures those special moments in time. Seniors may find this section extra-special since it sums up their final year here at CHS.

As you look through this section, you will find pages full of exciting events that made this year such a great one. You'll get to look back on some of the fads and fashions of the year, the hall of fame, the actors and actresses who played this year's dramatic production, and the senior trip to Florida. Also included here is the Senior Directory to let you know more about each senior.

## SENIORS VACATION IN FLORIDA

The **Class of '89** vacationed in Florida this spring, between March 14 - 18. Besides getting tanned, swimming, and checking out the people there, the Seniors went to **Epcot Center, Disneyland, Wet and Wild, Busch Gardens**, and even attended a Medieval joust. Each night at dinner, whether it was a buffet or sit-down, all they could talk about was the great weather and the day's activities - and who had the worst sunburn!

Besides taking home more than a dozen rolls of film to be developed and a great tan, the Class of '89 will have those memories of Florida to cherish forever. Hopefully, all those pictures will go into an album and somewhere down the road, the Class of '89 can look back and remember those good times with good friends from CHS!

# SPIRIT OF '89

The week prior to the big Perth Amboy game on Thanksgiving Day at CHS was full of excitement. Everyone was just bursting with spirit and confidence in the football team. They had been having a great season, one full of unbelievable come-backs. In honor of the team and to get a chance to have the whole school show their feelings for them, the **Pep Club** in accordance with the school administration, sponsored a different activity each day in a week they called **Spirit Week**.

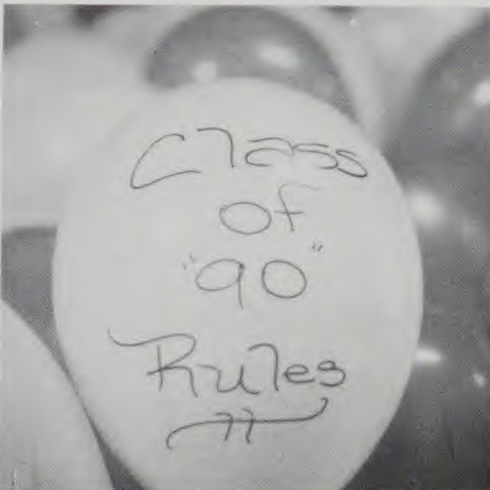

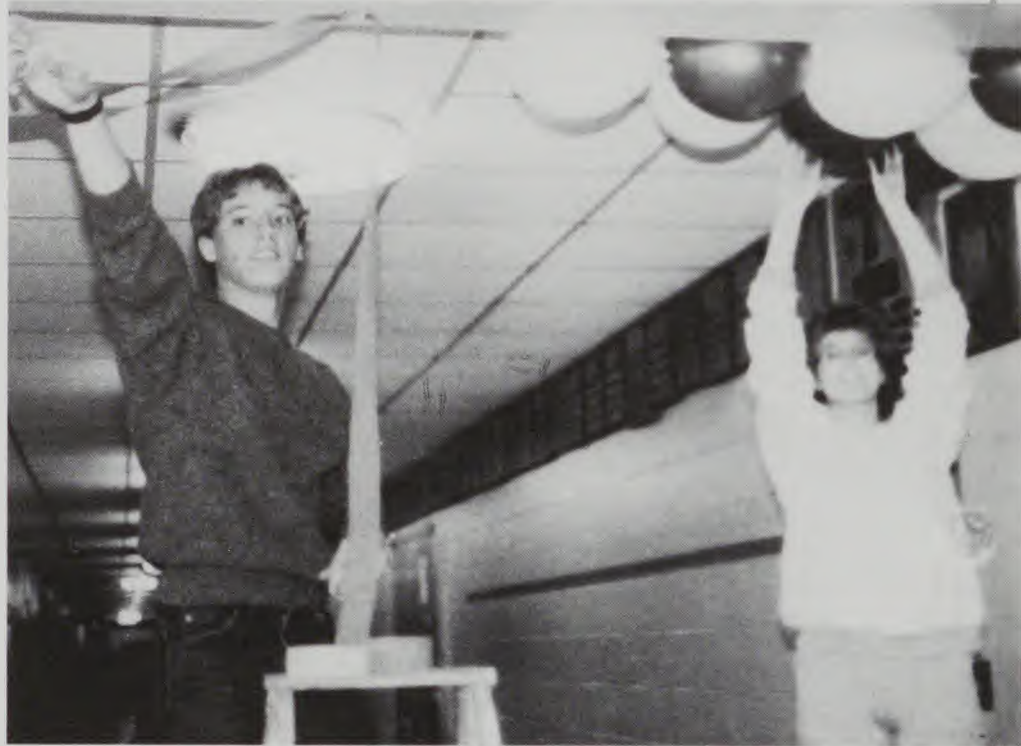

On the first day, each student was encouraged to wear red and white, the colors of the Panthers, the opposing team. This was to get everyone psyched up against them, especially our prized players.

The next day, was the exact opposite. Every person in the school was just exuding confidence when they all wore blue and white. It was really inspiring to see so many students backing their team with such enthusiasm.

That same day after school, with the permission of the administration, each class at CHS was given a hallway to decorate in whatever way they saw fit to express their spirit in the football team. The prize for the winning class was \$100 donated by the **Student Council**, to be put into their treasury.

When everyone came into school the next day, from every window of the school just shouted "**GO RAMBLERS - BEAT PERTH AMBOY**" wherever you turned. Blue and white crepe paper everywhere, posters with all types of slogans and decorations of every kind in honor of our Ramblers. Right before lunch, there was a major pep rally, during which the winner of the contest was announced. Miss Seaman, advisor to the Student Council, revealed that the winner was the **SENIOR CLASS!** Their section of the auditorium screamed with delight and the band went wild! After that the rally proceeded as planned, everyone screaming their lungs out for CHS and the Spirit Stick! Whenever it was carried past one of the classes, they would scream and hollar as loudly as possible. By the end of the rally, the winner of the Stick was - the **JUNIOR CLASS!** Again more screams of joy, but this time it was more like screams of victory!

All this pep carried over into the Thanksgiving Day Game for the Ramblers. Even though they lost, we all still have faith in them and all the confidence in the world because the Ramblers will never die! As long as there is a Carteret High School, there will always be a Rambler Football Team and another chance to beat The Panthers!

TOP: Seniors Dave Fedroff and Kris Dueker decorate the Senior Hallway, which won the Decorating Contest during Spirit Week. MIDDLE: Freshmen Walter Craig, Tayna Seymore, and Daniel Serio, show their enthusiasm by hanging posters and streamers in their designated hallway. LEFT: Balloons express the feeling of the Juniors about winning the Spirit Stick at the Pep Rally before the "BIG GAME".

# OF THE 80'S

Have you ever wondered what new fads are in and which ones are out? When you get up in the morning and try to decide what to wear, do you look at your clothes and say, "Does that look like what everyone else is wearing?" Well, here are a few examples of the new fads and fashions in Carteret High School in 1989, so you'll know exactly what to wear and what to do.

First of all, let's look at hairstyles. This year they're all out crazy. Teased, slicked, curled, pinned-up, spiked, shaved, or sprayed to perfection - whatever you do to your hair could be a new style. Along with hair, we could talk about makeup. Everybody (or girls that is) does their makeup the same way, except some people like to be a little more drastic. A little more eyeliner here, a little more blush there, and you've got your own technique which just might spread like wildfire.

Next, take sweaters. Everywhere you turn, you see sweaters of all kinds. Whether they have big prints or not, as long as they have shoulder pads and are over-sized, they're in. They are usually worn with tight knee-pants and flats.

The next craze at CHS is sneakers. Whether laced or unlaced, if you wear Nike, Adidas, Reebok, or British Knights, you'll look cool, especially if you wear them with sweats. Sweats are back in style for girls, as well as guys. Whether you wear the whole suit, or the pants with a wild, crazy tee-shirt, you're sure to be "with it".

Another trend at CHS which seems to be growing more popular everyday is dressing up. And it's dressing up just to dress up. You don't have to have a reason, like going on a trip, or something like that. If you feel like it, do it. Nobody says anything because, hey, they might just be wanting to do it, too.

Some might say - "What happened to the mini-skirt, demin everything, and leather?" - well, they're still around, and still very popular, especially here at CHS.

## TIME AFTER TIME

Advertising plays a major role in our lives. Let's face it. Everywhere we go, there's some type of advertising. CHS is a good example. Look around the hallways. You're sure to find some ads for everything from a lunch sale to a school dance, and if you didn't see the advertisements for the yearbook, you wouldn't be reading this.

In this section, you will find messages from home, a variety of ads, and boosters. Time after time, the advertising section has played a very important part in this yearbook. A special thanks is sent to all of those who generously contributed to make the '89 *Loudspeaker* the best ever!

When I started banking,  
I opened an account at  
Podunk National.

A little later they merged  
and became First Podunk...

Then they got bought out  
and became American  
Podunk BanCorp...

Which preceded their  
thrust into international  
banking as Podunk Financial  
Group Worldwide.

Now they tell me I'm a  
customer of PFGWW  
International!

... when they talk to  
me at all...

Come to the bank  
that treats you like a number.
