# SENIOR COUNSELOR

## *TO THE CLASS OF 90:*

I have truly enjoyed working with all of you. For me, it has been an exciting and challenging four years. Seniors, without realizing it, you have passed through the best four years of your life. I am glad I have been a part of them. We have shared so much, the successes and failures, the laughter and the tears, the anger and the frustrations -- the personal ups and downs. When the class of 1990 graduates, I will be left with many fine memories and a wealth of many fine friends.

I wish you all the very best and hope all your dreams are fulfilled. I will miss you!

Marie T. Chiravalle

# SENIOR ADVISORS

Senior Advisors play an important role in the life of the high school student. First of all, they have been with your class since you were a Freshman, trying to get you involved in all kinds of activities, school spirit, and becoming a part of the school. Sophomore year the advisors help you buy your rings, and have lots of fundraisers to have money in the treasury for the Junior Prom. Junior year, they help the class officers get the class ready for the Ring Dance, as well as the Prom.

Finally, Senior year arrives and the advisors get to work on the trip, the biggest occasion next to Graduation. Hopefully, they have done their job well, but by that ever-approaching day in June, the class is not just a bunch of students grouped together, but a family, a close-knit one at that, that have grown, lived and learned together.

## To the Graduating Class of 1990:

We would like to take this opportunity to congratulate the seniors for successfully completing the past four years at C.H.S. As your advisors, it has been our pleasure to assist and guide you through these four "memorable" years. We hope that the years have been as enjoyable for you as they have been for us.

As you begin a new phase of your life, may the friendships, values and skills you acquired at C.H.S. serve as a solid foundation for your future success.

We will certainly miss all of you. Stay happy and have fun!

With love,  
Mrs. G. Cunha  
Mr. A. Chamra  
Advisors

## WHAT IS AN OFFICER?

Senior Class Officers are perhaps the most important people in the life of a Senior. Through their hard work and extra effort in planning activities, fundraisers, and the Dinner Dance with the help of the advisors, they make Senior Year as memorable as possible.

Once in a while, there comes along a group of people who have held officer positions since their Freshman year. This shows dedication, determination and school, as well as class, spirit. We, the Seniors, are just so fortunate to have students such as these for our class officers. Most have been involved with the class in one way or another from the very beginning, and have been the backbone of all the dances, fundraisers, etc., that we have had since then. We, the Senior Class of 1990, would like to give special thanks to these, our officers, for their ideas, time, and planning that have gone into everything we have done as a class. You have helped to give us such special memories, and we cannot thank you enough for them.

Describe your life 10 years from now?

It is very hard to say what my life will be like 10 years from now. I hope to be successful in advertising or some type of commercial art. A good career is very important to me. I will probably still be living in New Jersey, (maybe even in Carteret), and marry the man of my dreams (Dave of course). After I get all settled down, I would like to have a little boy and little girl. That's enough for me.

*What was your best and worst moment of high school?*

John & Jimmy both said that their best time at CHS was when the school rock band, "Parental Guidance" played the opening act for the "Tower of Power."

John: Like all the great moments, there are only a few bad moments. One would have to be the first week of high school when asking students or even Mrs. Simon for directions, and they all made sure I was sent in the opposite direction.  
 Jimmy: The worst moment was when my right arm went through a bandroom window (accidentally) and I had to get 13 stitches in my wrist. My doctor tried to tell me that my drumming career was over, but for those who know me, it's NOT!

# HOMECOMING 89

## Melissa Ruiz Crowned 1989 Homecoming Queen

### THE SELECTION PROCESS

It all starts by having each club, organization and athletic team choose a representative who has outstanding qualities of school spirit, participates in extra curricular activities, and who maintains a "C" average. After all of the votes were tallied, the Student Council announced the nominees. They were M. Pencotty, T. Hines, T. Seymore, M. Mrak, K. Beaver, R. Polanin, D. Mancini, A. Kazio, J. DeSena, D. Nigro, A. Daunarummo, M. Ruiz, F. Fabricatore, D. Stone, J. Garcia, P. Martinez, G. Plewa, C. Lamanno, P. Sierra, H. Sim, S. Villano. Then the Senior Class voted for the five finalists.

The finalists were announced at the Homecoming Pep Rally on October 19. They were Melissa Ruiz, Anmarie Daunarummo, Jane DeSena, Danielle Nigro, and Arlene Kazio. The following day in homeroom, all of the students voted for the girl of their choice.

The Homecoming Game originally scheduled for Friday was postponed until Sunday due to the torrential rains. On a frigid October 22, the Homecoming finalists were escorted onto the field during half-time. The silence began as everyone waited to hear who would become Homecoming Queen.

Finally, the silence was broken with the announcement of Melissa Ruiz as Homecoming Queen, 1989. The crown was placed on her head by last year's queen, Marisol Ruiz.

# FACULTY

INTO THE

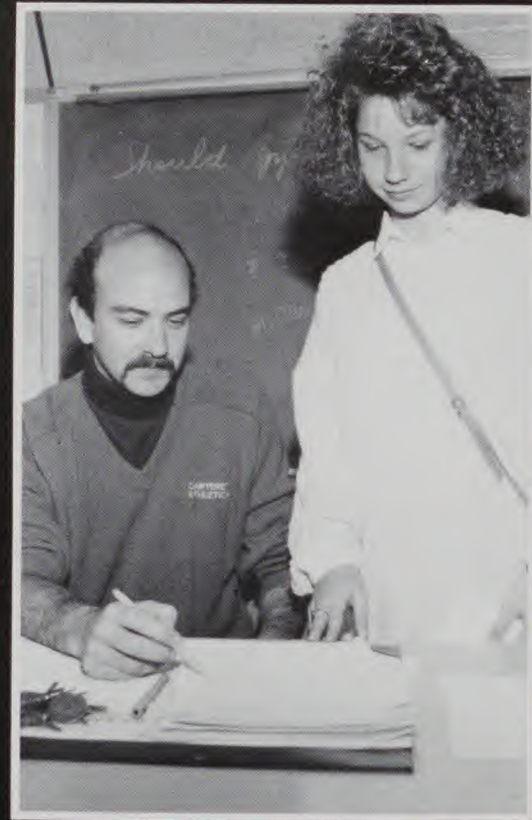

Miss Reilly, CHS's Librarian, keeps the library in tip-top shape.

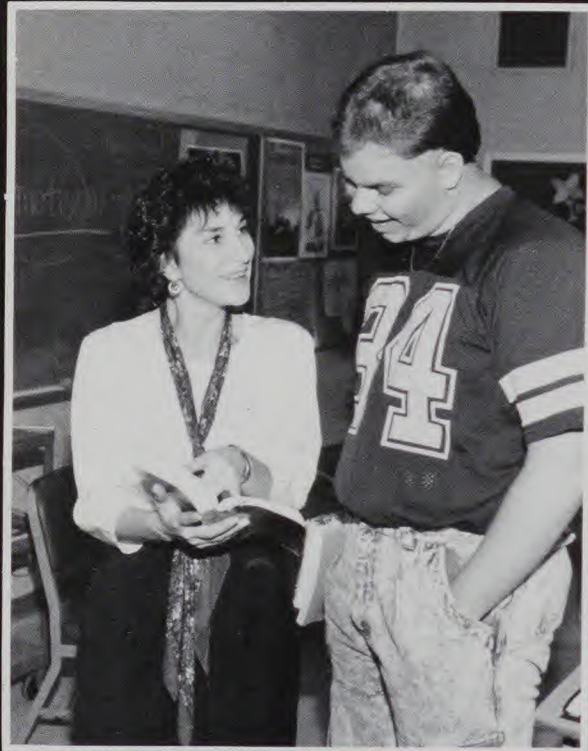

Mrs. Silverman, takes a break from her research.

Mr. Duncan translates his comments for Kristine.

Mr. Spaldo, role playing with Farrah in Drama II.

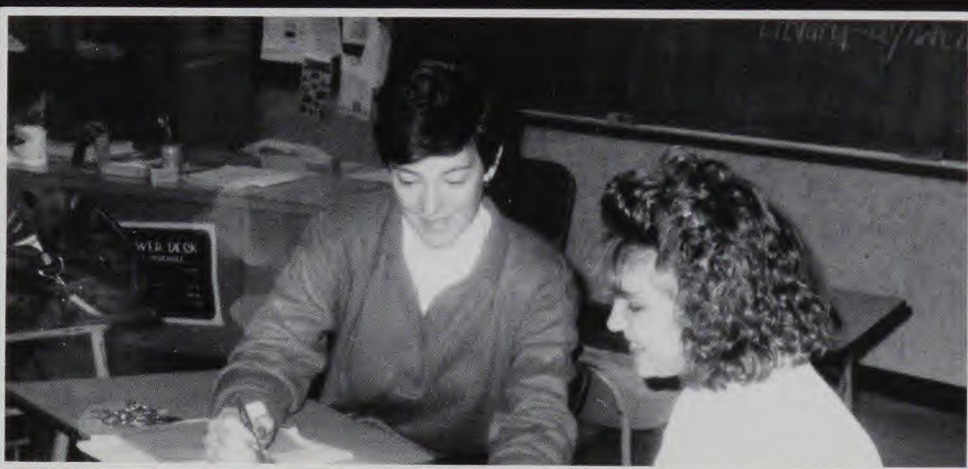

Miss Johnson explains the beauty of poetry to Bob.

Mrs. Grabowski recording grades.

Mrs. Grace helps Jennifer with her article for Journalism class.

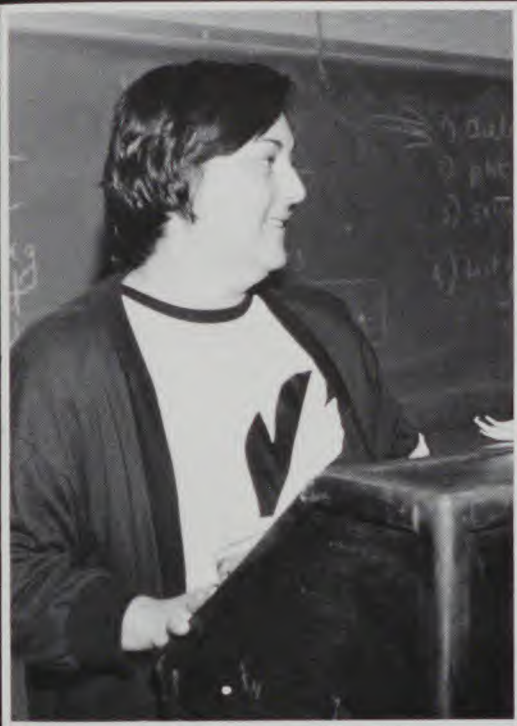

# ENGLISH

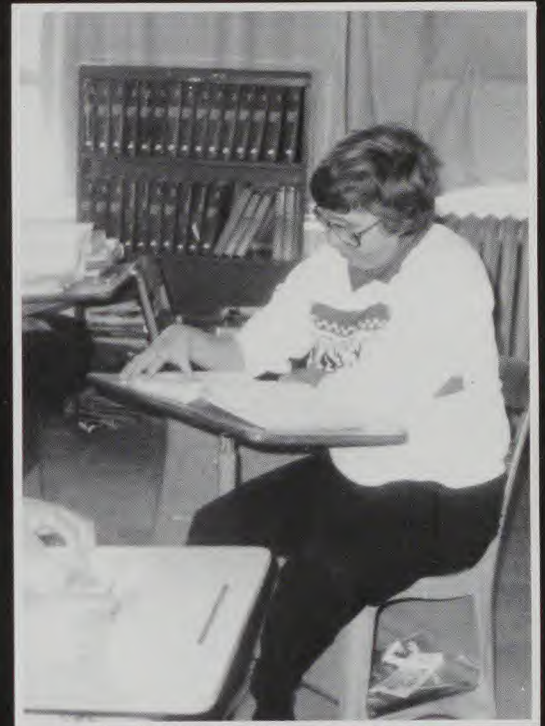

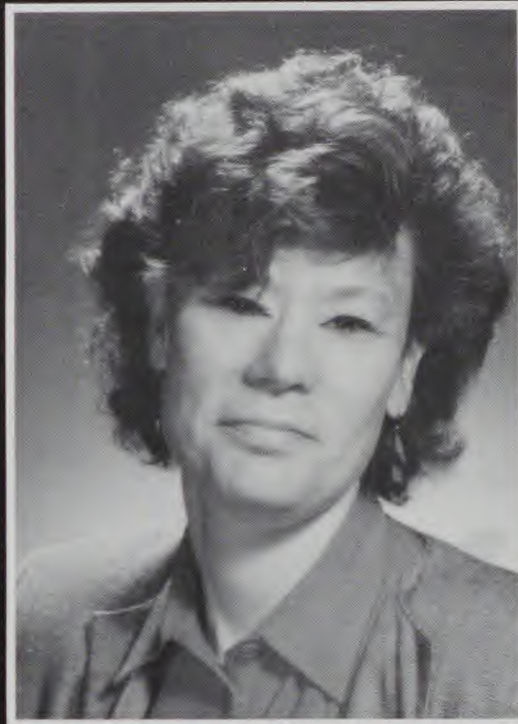

From kindergarten on up, we've been studying how to use the English language the correct way. Each year the lessons become more advanced. Here at Carteret High, the English Department offers Drama, where one can act; Poetry, where one can see the world through the author's eyes; Public Speaking, where one can overcome the fear of choking in front of an audience; and the new course of Journalism, where budding reporters can learn the do's and don'ts of newspaper writing.

These are just a few of the innovative courses offered, in addition to the core courses, that add a wide variety of experience to enhance a Carteret High School student's life.

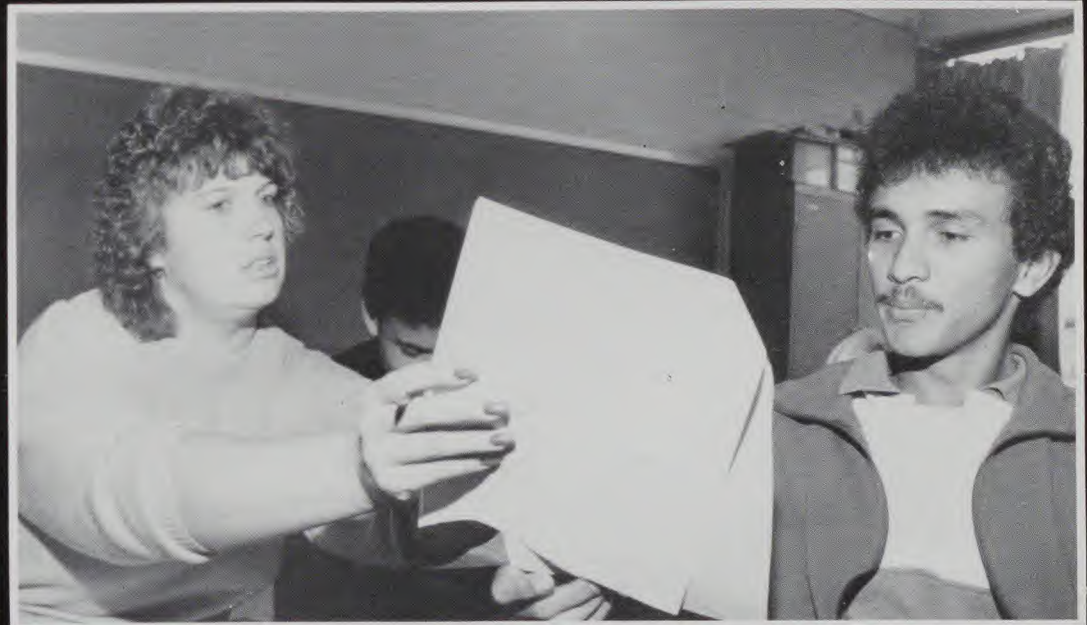

Mrs. Simon cheerfully tells a student he's late.

Miss Lilienfeld, English Department Chairperson.

Mrs. Jacobs starts class.

Miss Hanley

Mrs. Kushner helps an ESL student.

# MATHEMATICS

Positive attitudes go a long way and the teachers in the math department have obviously realized that.

There is always a friendly face to explain the fundamentals of algebra or a definition or postulate in geometry. And besides all this, the math teachers also take a creative approach to learning. Mrs. Cender combines art and math in some of her classes, Mrs. Olear runs lunchtime help sessions for any of her classes and the SAT's, and Miss Frantz has day-glo posters all over her room to make the freshmen aware of the upcoming HSPT's.

These are just a few of the teachers who teach the math courses at CHS and take active interest in the all-around well-being of the student.

Mr. Farrell, Math Department Chairperson, rapidly searches through the pages for an assignment.

Mrs. Patton sent into a state of shock by a student.

Mrs. Olear shows Chris where he went wrong with his algebra.

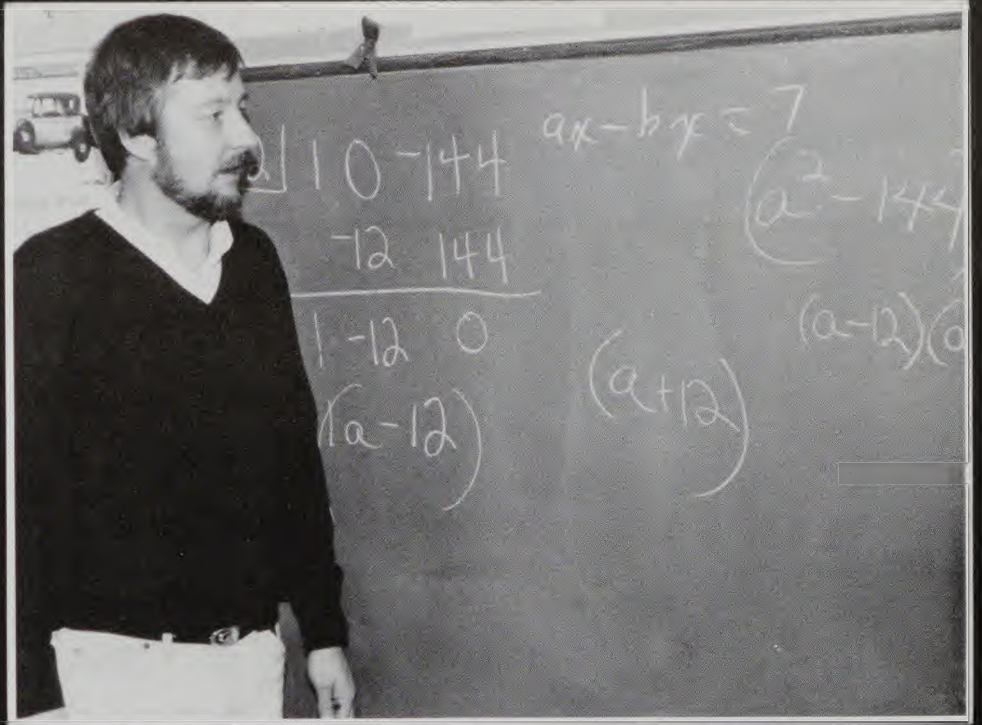

*"A real teacher talks so I can understand what he means to say."-Carl Rogers*  
*"And gladly would he learn and gladly would he teach."-Chaucer*

Mrs. Machos and Jenny talking about current happenings during Mrs. Machos' duty period.

Mr. DiSarro proves with evidence that his answer is correct.

Mr. Chamra translates trigonometry into English.

Mrs. Cender reviews for the upcoming 30 page test on the overhead projector.

Miss Frantz jokes with a student.

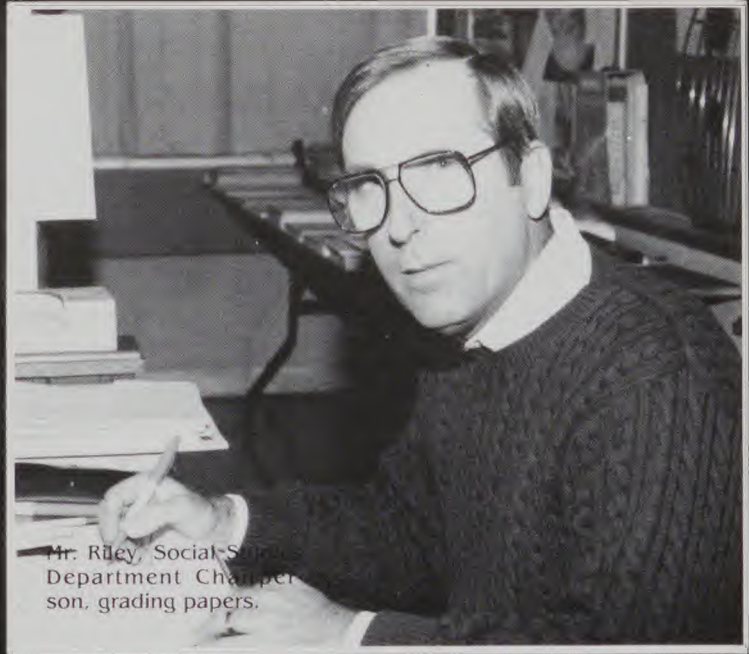

Miss Seaman, math teacher, helps students with their Spanish.

# SOCIAL STUDIES

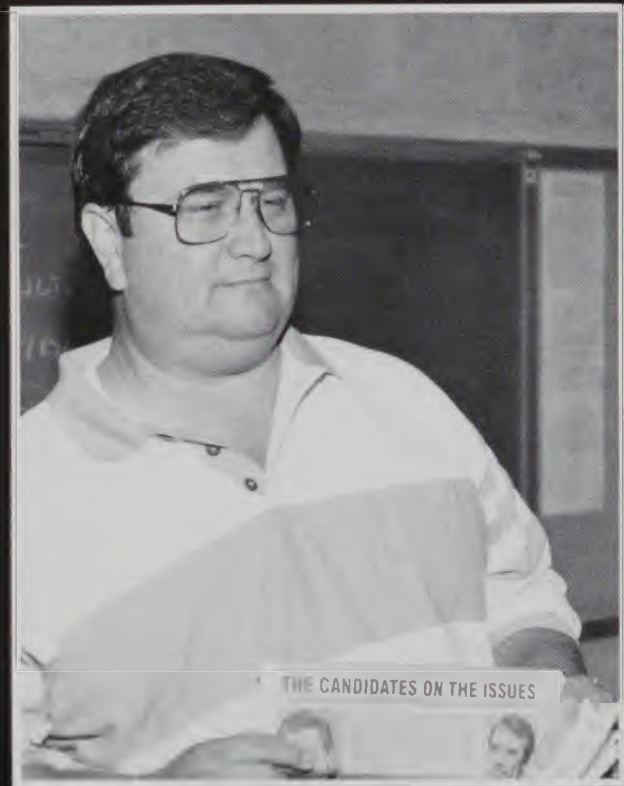

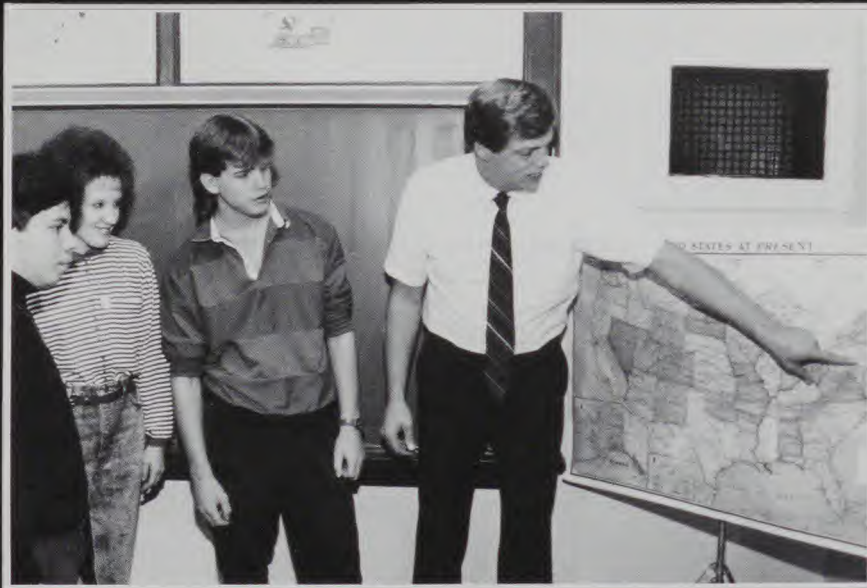

Did you know that Ramses II was the Egyptian Pharaoh at the time Moses parted the Red Sea? Chances are you learned this in your World History Class as a Freshman or Sophomore.

Do you realize that everything you do today will be history tomorrow? I bet you didn't, but I'm sure your history teacher does. These individuals are dedicated to teaching the students the straight forward facts about events that occurred in the past, so that the same students they teach will lead our future with the knowledge of past human failures; and without repetition of those failures.

Mr. Riley, Social Studies Department Chairman, grading papers.

Mr. Dotegowski points out where the Battle of Trenton took place.

Mr. Cowan, the suave and debonair Scotsman of Carteret H.S.

Mr. Simon pauses a moment to reflect on the gubernatorial elections.

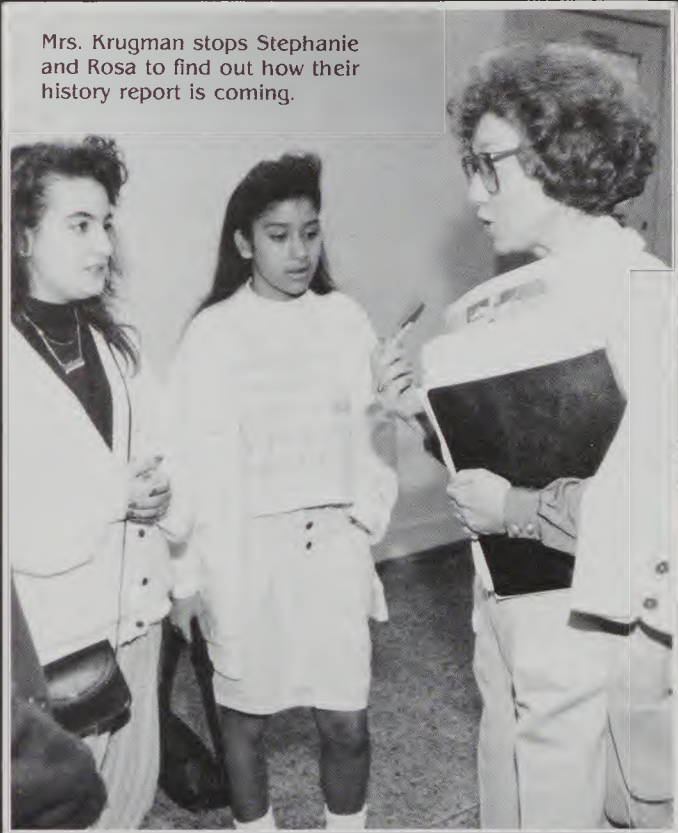

*"To teach is to learn."  
-Japanese Proverb*

Mrs. Hays and Lillian Rodriguez stop talking and pose in a serious manner for the camera.

Mr. Krakower tries to calm Wendy Jaffe down by explaining the test step by step.

Mrs. Krugman stops Stephanie and Rosa to find out how their history report is coming.

Mrs. Sansone, Latin/German teacher, explains to Jasmine that if she reads the paper, she'll find many words derived from Latin.

## LANGUAGES

"Sprechen Sie Deutsch?" "Comment allez-vous?" "Salve!" and "Hola" are some of the words that you'll hear floating down the language wing at any given day.

These four languages, German, French, Latin, and Spanish, are all taught in our school. Any student who is interested can take the language or languages of his choice for up to four years.

Besides the verbal aspect of the classes, students also receive background on the country, people, and culture of that language. And the teachers all schedule either a trip to a cultural restaurant so that the students may sample a foreign treat or two; or, in the case of the Latin class, a saturnalia is held with all the trappings of a Roman banquet.

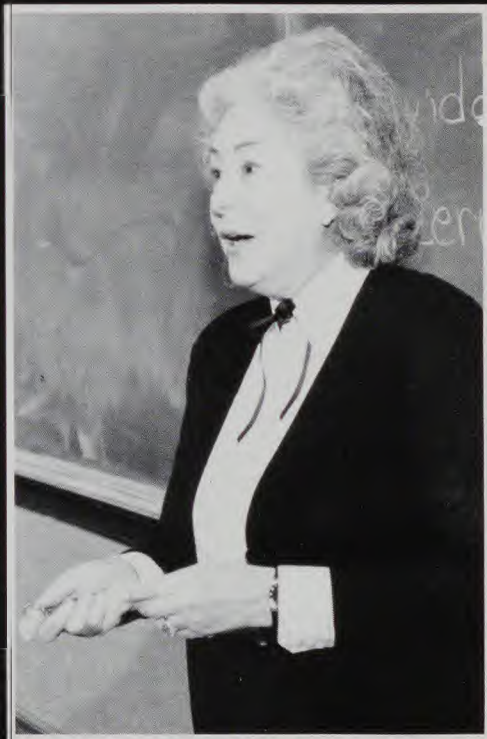

Dr. Foti, Language Department Chairman, enthusiastically discusses the trip to Spain last year.

Mrs. Holleuffer shyly smiles at a remark made by one of her French Students.

Mr. Toro explains to Melissa Graham what's inferred in the Spanish cartoon.

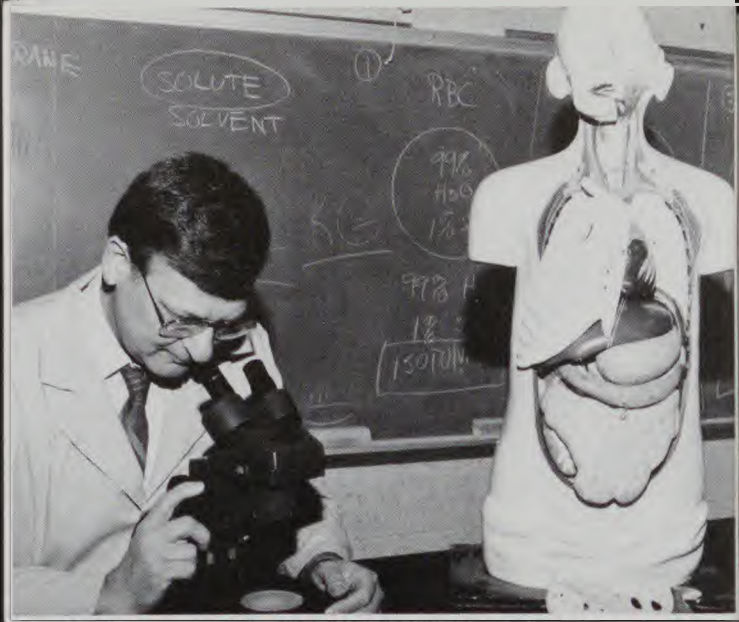

# SCIENCE

Besides just teaching classes, the members of the science department at CHS are fairly busy.

These teachers are the advisors of all the science-related clubs and are known for all the time and effort that they spend working with the students.

Mrs. Masterson heads the Environmental Research Club, the Chemistry Club, and the Chem Olympics herself. Both she and Mrs. Polisenio are the advisors of the Science League. Mr. Grobe is the advisor of the Meteorology Club which gives members some background in forecasting the weather.

Dr. Hricko devotes his time to the Aerospace and Astronomy Club where students can learn about space and flight. They also take various trips to planetariums and observatories to observe the sky both in the day and evening.

Dr. Hricko, Science Department Chairman, closely examines organisms found in our water.

Mrs. Polisenio stresses the importance of listening.

*"A human being is not, in any proper sense, a human being till he is educated."*

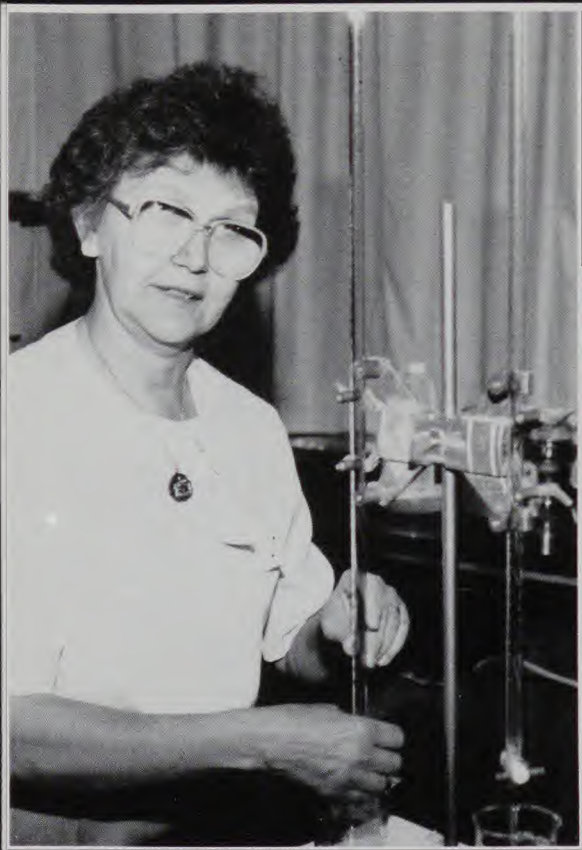

- Horace Mann.

Mr. Diluccia's penetrating look always elicits an answer!

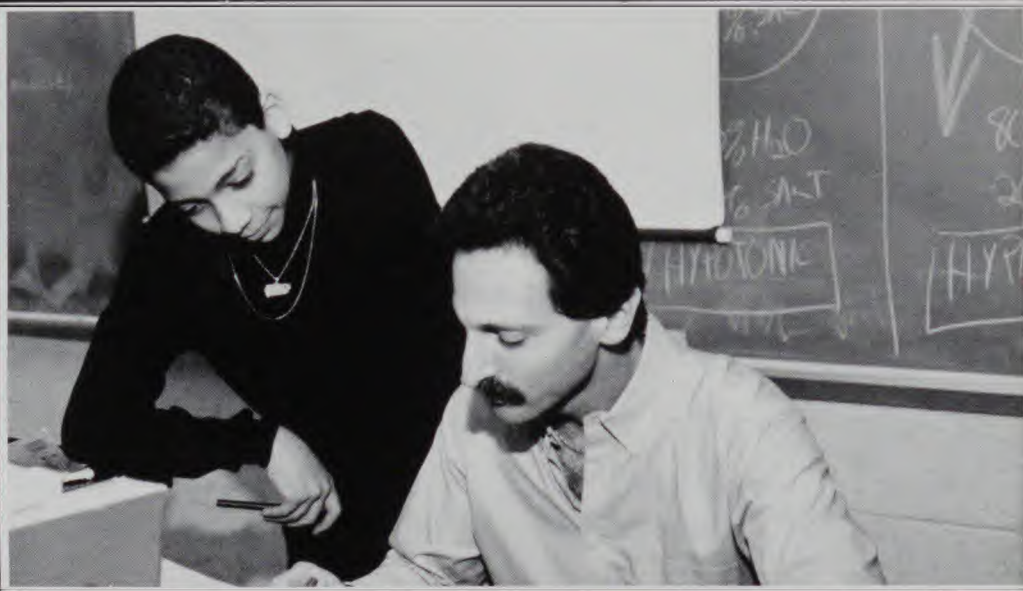

*"What we want to see is the child in pursuit of Knowledge, and not Knowledge in pursuit of the child."*

- George Bernard Shaw.

Mrs. Masterson prepares to perform a lab experiment.

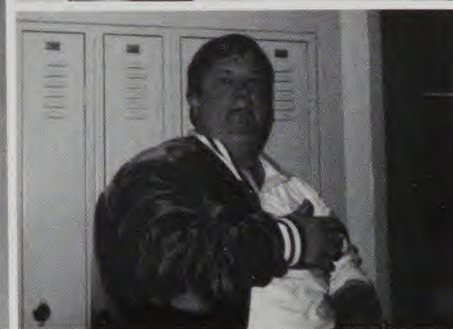

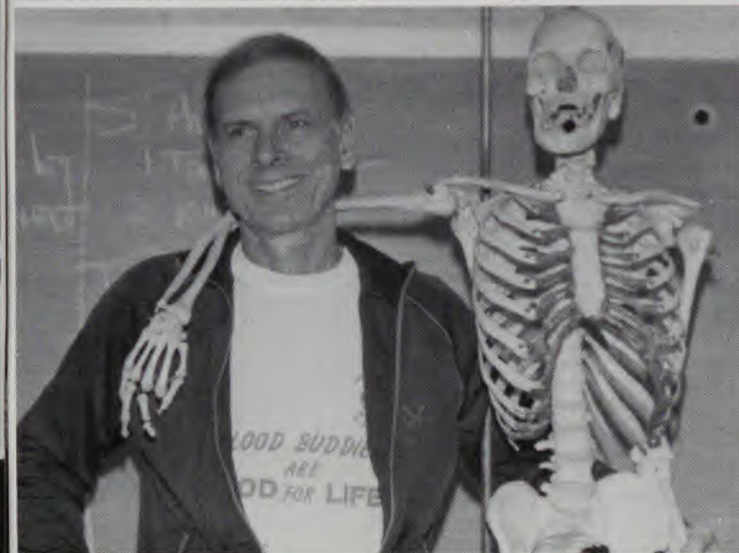

Mr. Grobe gives Rich his first quarter grade for science.

During our high school years, many of us tend to neglect the ones who help mold our future and enhance our present—the faculty. Each teacher, administrator, and secretary at Carteret High School works hard to help us become well-rounded individuals from the first day we enter the school as freshmen until the last day when we exit as young men and women. They inform us of things we know little or nothing about in academics and the outside world. They prepare us for almost anything that we may encounter once our four unforgettable years are up. One could say a member of the faculty is the equivalent of a parent. So at graduation time, whether you are a spectator or a graduate, applaud not only the graduates who are around you and their parents, but also applaud the faculty.

# BUSINESS

The Business Department at CHS prepares a student for a future world, be it as an entrepreneur, a secretary, or a legal assistant. These are only a few of the many positions one can hold upon graduation.

In addition to what students learn in class, there are also various programs and organizations that one can join that prepares a person for his or her future careers.

Mr. Scally, Business Department Chairperson, is the advisor of DECA I and II, the Distributive Education Club of America. Mrs. Chuna advises the Future Business Leaders of America and Mrs. Kopko heads the Cooperative Office Education program which enables students to receive credits for going to work.

Mr. Scally, Business Department Head, is very involved in DECA.

Mrs. Derillo tries to get a head start on her work.

Mrs. Doherty concentrates on the assignment she's correcting.

Mrs. Cunha stops to give a quick smile.

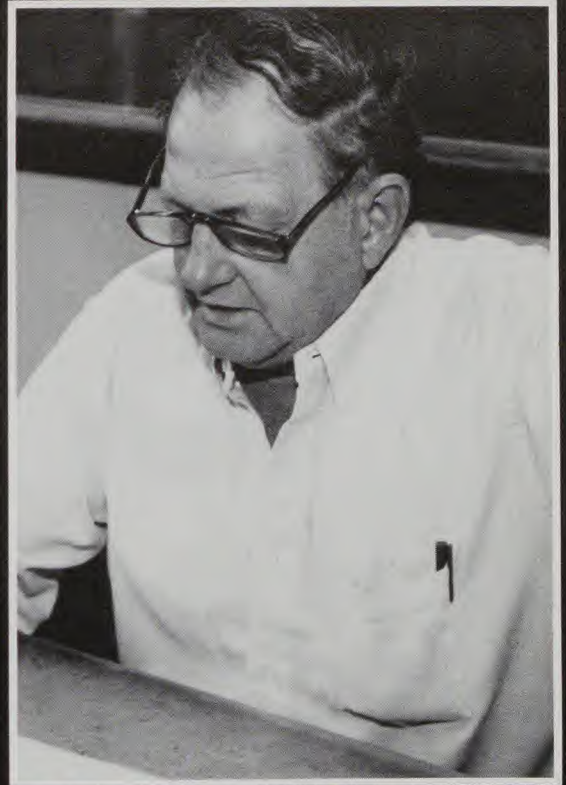

Mr. Costello shows Annette that the book does have information that can be used in class.

Mrs. Kopko distributing one of the many passes of the day.

Mr. Nelson shows that not even the shutter of a camera can disturb him.

*"A real teacher lets me be me and tries to understand what it's like to be me."* - Carl Rogers

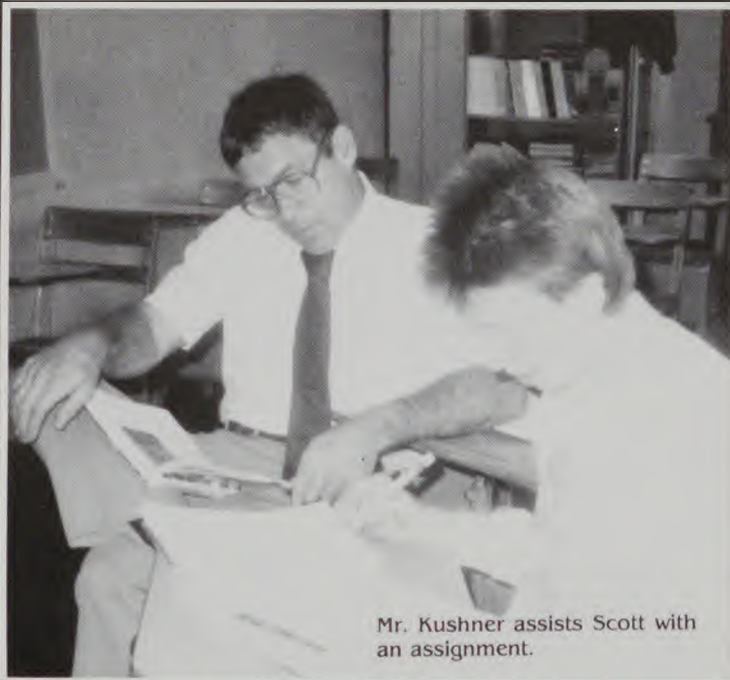

Mr. Nepote tries to decipher some student's hand written assignment.

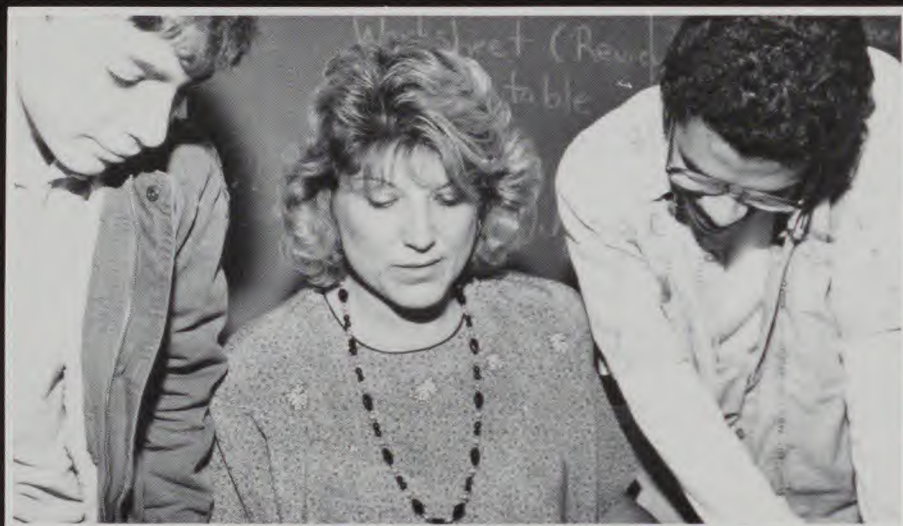

# SPECIAL EDUCATION

Carteret High School offers a wide variety of courses to fit the needs of every incoming student and the Special Education Department assists in this endeavor. The courses offered by this department presently consist of Fundamentals of Mathematics and Fundamentals of Language Arts. All classes in these two courses focus on the individual needs of the students involved. Plans are presently being developed to expand course offerings into the Social Studies and Science areas as well.

Mr. Kushner assists Scott with an assignment.

Mrs. Naples corrects homework during her prep period.

Students look over Miss Cerami's shoulder to get a glimpse of the lesson plans.

Mr. Kalas patiently waits as Alane works through the problem.

Mr. Kindzierski helps Steve with his in-school suspension assignment.

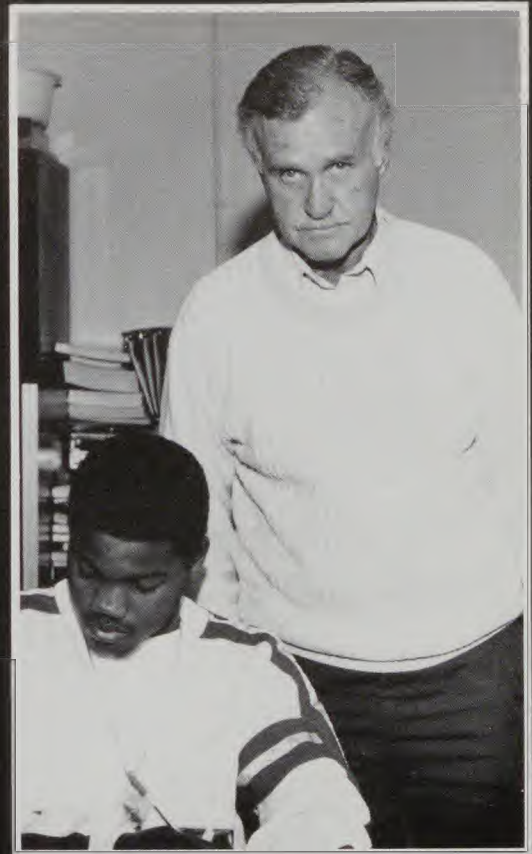

Mrs. Pruitt, resource room instructor.

Mr. Skiba assists one of his students.

Mr. Walsh, CEA President and Special Ed. teacher.

*"A teacher affects eternity; he can never tell where his influence stops." Greer & Rubinstein*

Mr. Fossa jammin' with the Carteret High School Band during practice.

## THE ARTS

Carteret High School offers a variety of courses for the budding artist. There are Home Economics, where one will learn how to perform the culinary art; wood shop, where one can make anything his heart desires with wood; Pre-Engineering, where one can learn how to be a draftsman; and of course, Art class, where you can paint the path you want to follow in a picture.

Whether one wants to study auto-mechanics, cooking, sewing, trombone, mechanical drawing or just regular drawing, all one has to do is request to be an artist.

*"...education must concentrate more in the unknown and the speculative, using the known and established as a basis for extrapolative." Jerome S. Bruner*

Mrs. Lyons and her parenting class taking a "family" picture.

Mr. Comba, shop teacher, gives Jason some pointers on how to win the dragster contest.

Mr. Arnold, mechanical drawing teacher, carefully explains the fine art of drafting to a young and naive student.

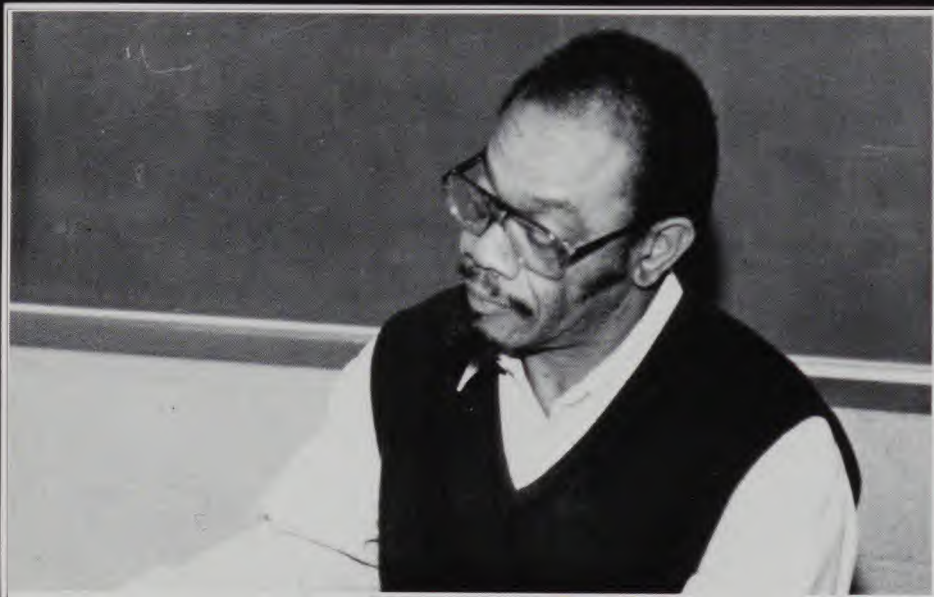

Mrs. Singura, home economics teacher, explains how to work the microwave to Allison.

Mr. Peters, art teacher, shows Janine Brucato an example of what her assignment should look like.

Mrs. Lombardi, art teacher, admires Tammy's creativity.

Mr. Tucker, wood shop teacher, hard at work.

Dr. McLennand, Industrial Arts Department Chairperson, explains the new equipment to Diane and Lorraine.

# PHYSICAL EDUCATION

Mr. Gonczlik, former Physical Education Department Chairperson, smiles his pleasant and understanding smile.

Gym teachers often have a thankless job. Day after day, they must put up with whiny, complaining teenagers who refuse to follow the rules of the gym and insist upon wearing their jewelry.

Why do they do it? Well, one can only suppose that it is because they really enjoy their work.

At any rate, these gym teachers devote a lot of energy towards "mens sana in corpore sano" and, like Mr. Shadell, also coach an after school sport, or Miss Vitale, advises SADD.

Mrs. Spiga registers shock over the astounding grades Jen and Dina received.

Miss Vitale tries to get some free advertising for her favorite organization.

Mr. Karatz, ready to spike once the volleyball comes his way.

Mr. Shadell reasons that it is very unsafe to drive 50 mph in a 25 mph zone.

Mr. Molarz provides some strategy for the next half.

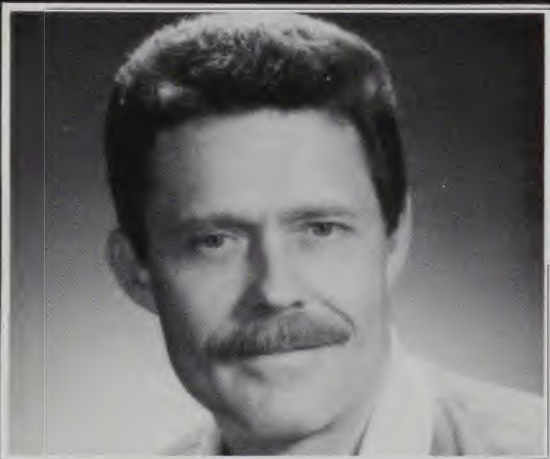

Mrs. Bodnar, nurse, helps students who are injured or ill or need verification of medical excuses.

Mr. Gasior, former Athletic Director, busily prepares notes on the job for his successor.

Mr. Bradach

Mr. Niemiec, new Athletic Director and Physical Education Department Chairperson, checks his mail.

**ON THE WAY TO A NEW LIFE...**

The year 1989 was the last in the professional careers of Mr. Sandor Gonczlik, Physical Education Department Chairperson; Mr. Walter 'Moe' Gasior, Director of Athletics; and Mrs. Annette Katz, Main Office Secretary.

After December 22, these three individuals retired and began a new life without the trauma (only joking) of working at CHS every day.

Mr. Gonczlik, who taught for 29 1/2 years, began his career at Freehold Regional High School in the 1960's. He was very positive about retiring, but said that he would miss the teachers with their dedication and humor. "However," he commented, "there will be plenty of time for fishing and golf."

Mr. Gasior attended Carteret High and after college and the U.S. Marine Corps, returned to Carteret and began teaching. He taught a variety of subjects including General Science, Health, Phys. Ed., and Driver's Ed. Mr. Gasior said that the thing he will remember most are the students with whom he has come into contact, and the many coaches with whom he has dealt over the years.

Mrs. Katz also attended CHS and upon graduation worked for Fishkin Brothers in Perth Amboy where she bought and sold records. After Fishkin Brothers, she became the secretary at CHS for the next 26 years. Mrs. Katz feels that among the various changes at Carteret High, the greatest change is in the students. "There were so many when I first came here and now there are less students -- and more paperwork!" Mrs. Katz plans to travel, spend time with her grandchildren, read, and play cards. She thanks everyone for "so many enjoyable years. I will miss you all."

## SECRETARIES/CLERKS

Sometimes called "behind-the-scenes" people, the clerks and secretaries at CHS are vital to the microcosm that is our school.

Without these people, there would be no one to answer the phone when your mother called you out sick, no one to type your working papers or mail out your transcripts, etc., and even more importantly, no one to keep the general chaos under control.

Mrs. Sosnowski, Attendance Secretary, after typing a two-page absentee list on the computer.

Mrs. Skitka, Library Clerk, is responsible for helping to catalogue the many library books.

Mrs. Bonaventure, Library and Nurse's Office Clerk, busily types up working papers.

Mrs. Katz, former Main Office Secretary, takes some time out to smile for the camera.

Mrs. Vernachio, Main Office Secretary, keeps things up-to-date for Mr. Gilrain and the rest of the school.

Mrs. Nagy, Guidance Office Secretary, works hard to keep up with all the department's forms and mail.

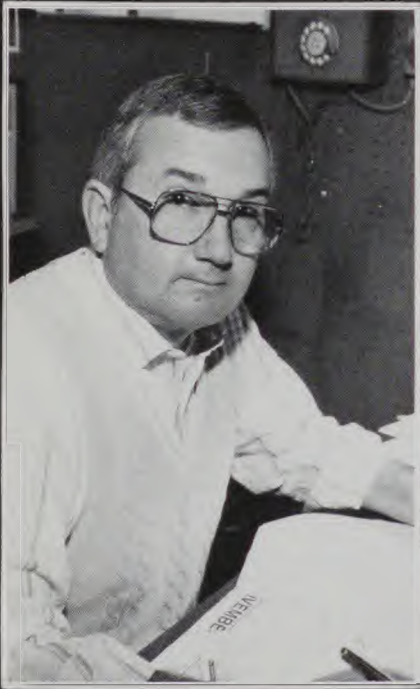

# GUIDANCE

"Without which there would be none," is probably a good quote to describe the Carteret High School Guidance Department. They are instrumental in our daily lives, although we may not realize it.

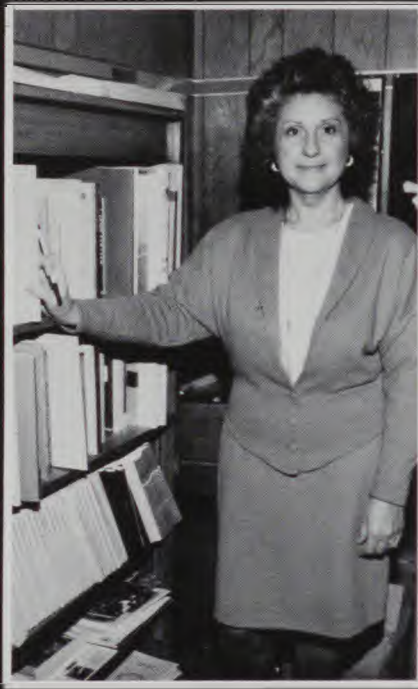

These are the people on whom students rely to administer tests such as the HSPT and the SAT, plan schedules for the next year and change them completely when September comes around, and, when they are seniors, to inform them of scholarships and send colleges high school transcripts. Yet, these are just a few responsibilities of a high school guidance counselor. There are hundreds. However, that is their job and they seem to enjoy it. As Miss Mincieli said of her 1989 graduating class "...but also with happiness that I have shared a small part of the lives of such wonderful and unique people."

Mrs. O Grady, Guidance Department Chairperson, wonders what she's going to do with the millions of schedule conflicts the computer has kicked out.

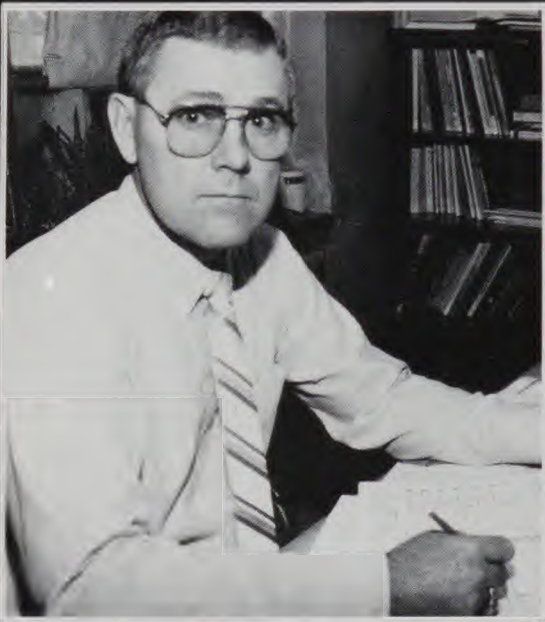

Mr. Olear completes the paper work for a school trip.

Mrs. Chiravalle researches a college for one of her seniors.

Mrs. Checki laughs at one of her junior's excuses.

Mr. Hudak, wide-eyed and ready to help his sophomores.

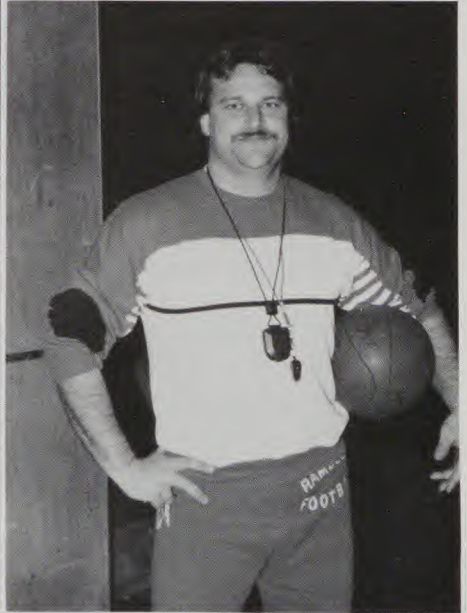

Miss Mincieli looks forward to meeting her freshmen.

Mr. Robinson questions Jessica about her hall pass.

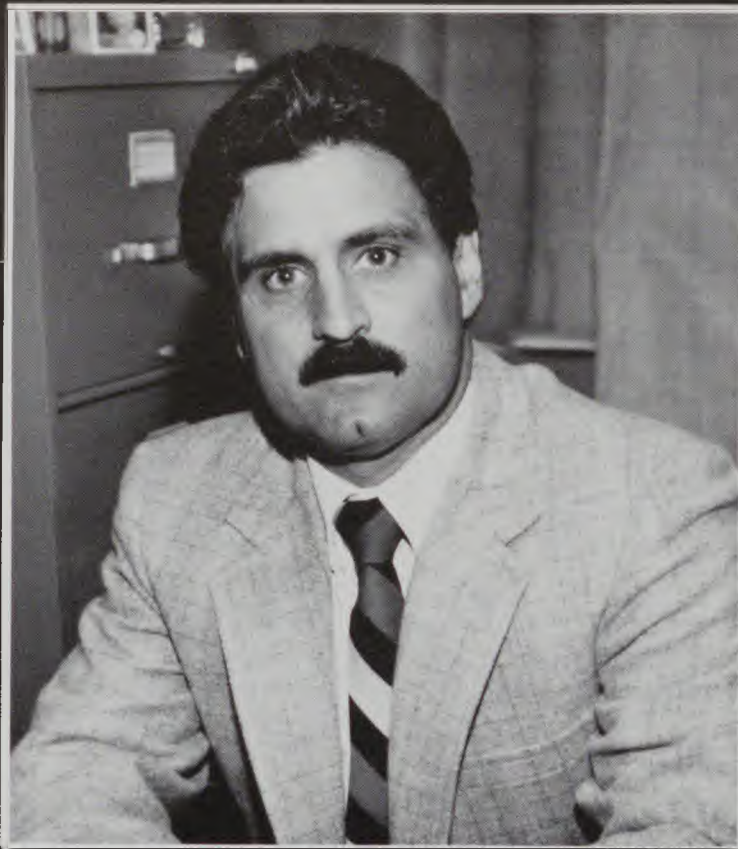

# ADMINISTRATION

There are the clerks, who are the behind-the-scenes people; the faculty, who instruct us; and the administration, who decides what needs to be done, when it needs to be done, and who needs to do it.

Sometimes, all students do not think of the principals in a kindly way because of their involvement with class make-up, suspensions and appeals, but they have a job to do, so if your behavior violates a school code, so be it.

However, the principals are also involved with many pleasant activities such as athletic events, dances, the prom and dinner dance, and the senior trip. Without Mr. Gilrain, Mr. Torre and Mr. Siddons, Carteret High would not be nearly as efficient and orderly as it is.

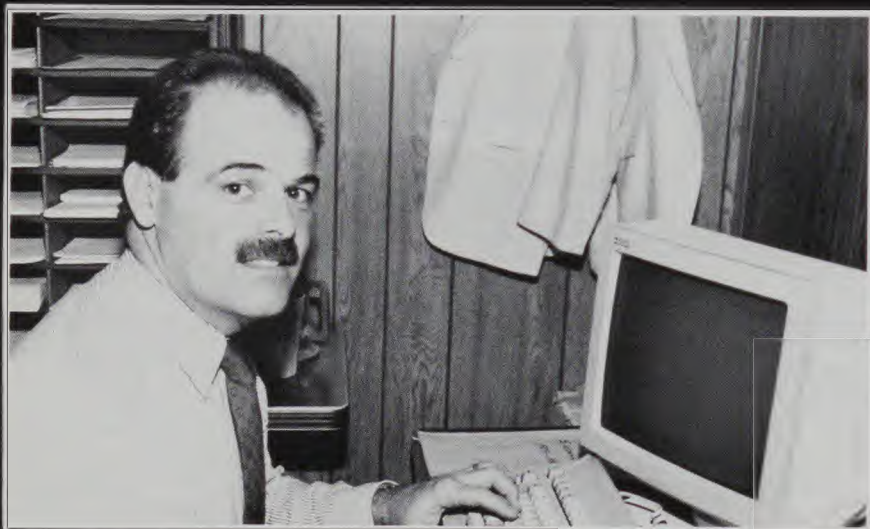

Mr. Siddons, CHS Vice Principal, on his best behavior.

Mr. Gilrain, CHS Principal, hard at work at his desk.

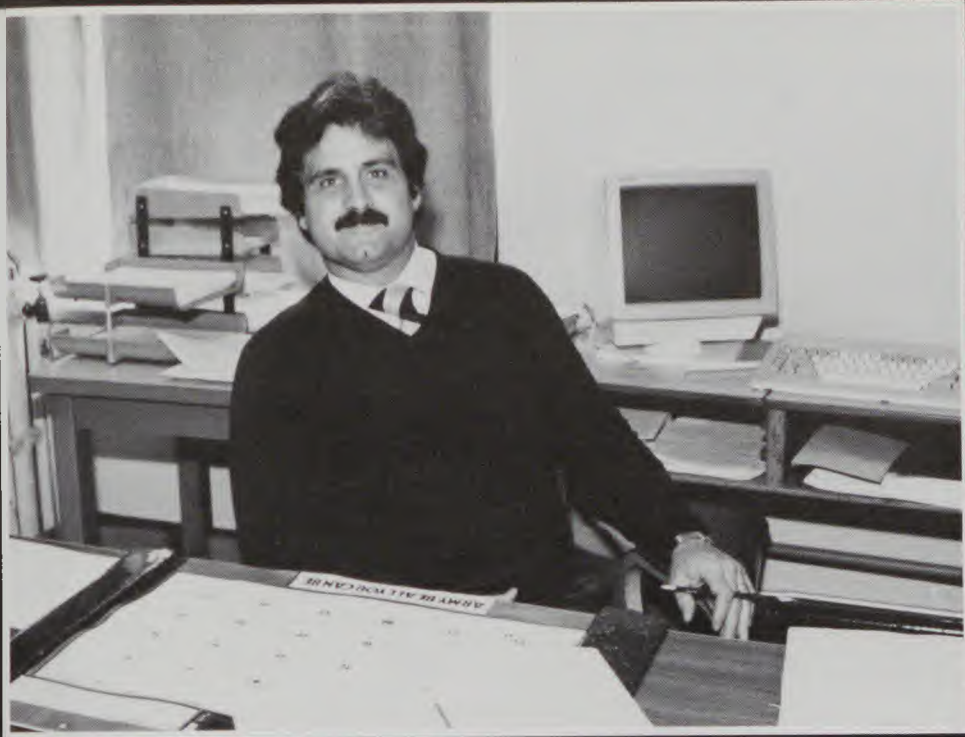

The King and his court.

Mr. Torre, Vice Principal, checks student attendance on his computer.

Mr. Siddons has the difficult job of trying to persuade the seniors that they should stay in school.

Mr. Gilrain gives us his Irish smile.

Mr. Torre observes Dr. McLennand in the auto shop.

Mr. Robinson and Mr. Gilrain, fast friends for many years, spend a few moments chatting in the hallway.

**Graduates, Class of 1990:**

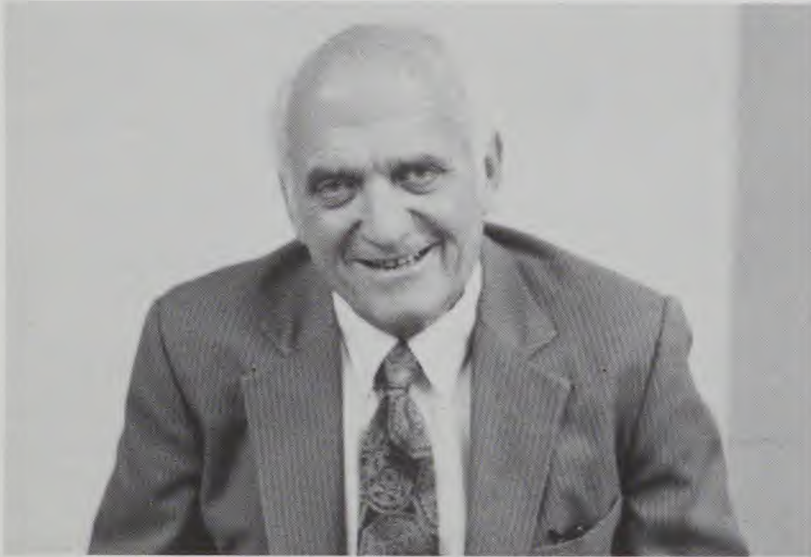

Mr. Torre and I would like to send our sincerest congratulations to the survivors of the Class of 1990. From a class that entered in whirlwind style four years ago, you have developed a maturity and sense of responsibility that have made the faculty and staff at Carteret High School extremely proud. Evidence of this growth can be found in the number of scholarships you have received, your successful athletic endeavors, and the recruitment by industry of our senior graduates. This development is the combination of hard work by you, concern by your family and friends, and dedication by your teachers in the Carteret School system.

Our message is to simply continue to apply your abilities, discipline your mind and body, and seek and accept help and guidance from those who have gone before you. Pursue your goals with enthusiasm and do not allow obstacles to deter your drive to succeed. You have proven once what dedication, determination, and perseverance can accomplish. Use this experience as the first rung on the ladder to success.

Good luck,  
James M. Gilrain  
Dennis W. Siddons

# THE ANNE SCOTT NEWS

Volume XXXXII, Number 7

The Student Publication Of Carteret High School

February 14, 1990

Carteret High School's personal newspaper, *The Anne Scott News*, is filled with the latest news and events in which the students take part. You can also find fascinating articles about teachers, school policies, and important events occurring outside the school that may affect our lives.

The *Anne Scott News* staff includes many dedicated and hardworking students who express an interest in the field of journalism. Under the direction of Mrs. Grace, these students write many different types of articles on a variety of topics.

The latest addition to this year's publication is the journalism lab which enables the staff to use desk top publishing to produce a "camera ready" paper.

Mr. Simon, A. DeCastro, D. Kozak, M. Mrak, A. Kazio, K. Dean, A. Comba, R. Ruiz, S. Boscalno, K. Panza, E. Ramos, B. Hodroski.

Homecoming, dances, and charity work are only a few of the many responsibilities of Carteret's Student Council. The organization also sponsors a hall decorating contest, provides other clubs and organizations with assistance if they are in need, and arranges various other activities inside the school.

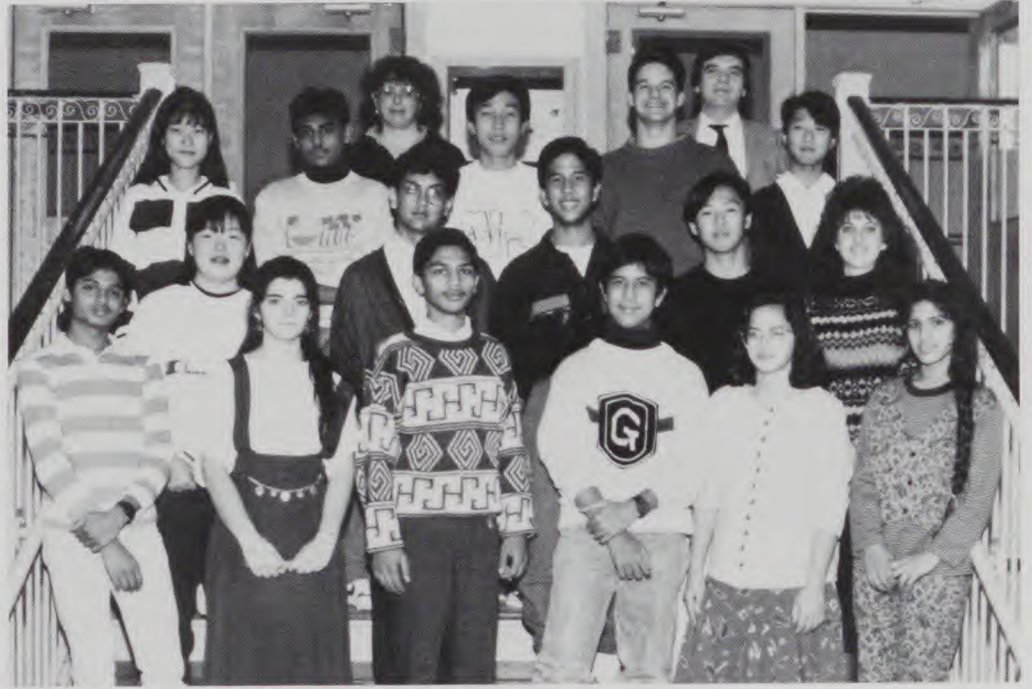

The organization, advised by Mr. Simon, consists of officers elected by the student body and homeroom representatives. Together, the members of the Student Council strive to make CHS a great place to be.

The Student Council officers for 1989-1990 are President Marlo Mrak, Vice-President Arlene Kazio, Secretary Kathy Dean, and Treasurer Allison Comba.

## MATH LEAGUE

Math League is made up of Advisors Mrs. Cenders and Mr. DiSarro and their top math students. On the first Wednesday of every month, the students are given the opportunity to compete against other students in the area who also excel in mathematics. The students take a ten problem exam which they have one hour to complete. Afterwards, the students are provided with refreshments as they eagerly await the results of their exams.

## CPR CRASH UNIT

The CPR Crash Unit is a team of staff and students who have been trained and certified in cardio-pulmonary resuscitation (CPR). The CPR Crash Unit is ready to assist any member of the student body or the faculty in the event of cardiac arrest.

The team is of major importance to CHS because it means there are always qualified medical personnel in addition to the nurse who can help in the case of an emergency.

Students who passed the CPR Certification test are also members of this group.

Row 1: S. Villano, M. Kamienski, J. LaCagnina, D. Stone, C. Smith. Row 2: T. Price, P. Mills, W. Jaffe.

DECA, the Distributive Education Club of America, helps students develop marketable skills for business, civic consciousness, social intelligence and effective leadership.

As juniors, DECA I receives the majority of the in-class instruction and school work. The DECA I students are responsible for running the school store. This gives the members a feel for the business world and gives the hands-on experience necessary for progression to DECA II.

The DECA II members or the seniors, only have class until 11:00 a.m. at which time they are off to work.

Besides these activities, the DECA I & II students take part in competitions at the regional, state, and national levels.

# METEOROLOGY

The Meteorology Club, with the help of advisor Mr. Grobe, are responsible for the daily weather reports read on the intercom system. The members learn new methods of observing the weather to receive a more accurate reading of the temperature as well as any precipitation we may be expecting. This group of individuals is certainly looking up towards the sky.

# HUMAN RELATIONS CLUB

"Different is not wrong!" To recognize and deal with differences between ethnic and racial groups is the main purpose of the Human Relations Club. At meetings, thoughts and emotions are exchanged in an effort to help its members with their feelings toward themselves and others. As a result of these discussions, a lot of respect for one another is gained. This respect seems to generate throughout the school and community.

Every year the CHS Drama Club, under the direction of Mr. Spaldo, puts on a wonderful production. Tryouts are held and each part is very carefully cast by Mr. Spaldo. The club allows each individual to express his hidden talents both on stage or behind the scenes. Through much hard work and dedication, the students make the show a success. This year's production is Thornton Wilder's *Our Town*.

## CONCERT BAND

Concert Band is made up of a group of hardworking students who enjoy playing a variety of concert music. The Concert Band is required to perform in concerts, at graduation, and in festivals. Besides all this, Mr. Fossa has some very exciting plans for the Concert Band. This year for the first time, the Concert Band will appear in local band festivals. Also it will perform during the Spring trip at the Festivals of Music Competition in Williamsburg, Virginia.

## CHOIR

This year the Carteret High School Choir, directed by Mr. Fossa, has grown to 44 members, the largest it's been in many years. This hardworking group started out as a class and extended into an extra-curricular activity which meets once a week. The choir not only performs at our district schools but they also perform at civic and community events throughout Carteret and some parts of Woodbridge.

The Jazz Ensemble is a select group of musicians whose exceptional musical abilities allow them to play music written for a large ensemble. This year the Jazz Band is holding its 7th Annual Carteret Jazz Festival. Also, they will compete at the Festivals of Music Competition in Williamsburg, Virginia in the AA Group, which is a higher group than that in which they competed in the past.

Carteret High School's Show Band, *Parental Guidance*, is a combination of exceptional musical and vocal abilities. They can be seen performing at CHS and at various other community functions. This group performs many top 40 selections and features vocalist, Rosa Cruz. The dedication of these fine musicians is apparent when they arrive at school by 7:00 a.m. for rehearsal. Not many students are willing to exert that kind of effort.

# MARCHING RAMBLER BAND

The Marching Rambler Band is a group of great performers who are truly on the move. In addition to the long hours of practice needed to perfect their half-time show, the band performs at all our football games as well as many parades. The highlight of the 1989-1990 edition is the trip to Williamsburg, VA this spring to participate in the field show and parade competitions with bands from all over the U. S. This marching band also competed in the Tournament of Bands Chapter X finals against 21 other area bands in which they received the highest score ever achieved by the Ramblers.

## Anthony Ziobro - Up Close

As the only member of his class to letter the last two years, Junior Anthony Ziobro has come a long way. When asked what made him decide to play football, Anthony said, "My father's influence toward football persuaded me to be a part of the game." The fact that he's 6'3" tall and 210 lbs. hasn't hurt either. "My size enabled me to play defensive end, which is where I belong," he said.

In school, Anthony is called Z-man. Says Anthony, "Coach Molarz gave me the nickname during my freshman year because of my last name. It just stuck ever since."

Anthony is looking forward to next year. "My expectations for next year are that the 1990 football team will have as good a record as this year's team."

# SKY HIGH

## Best Season of Decade

Character. Pride. Honor. These were some of the words that surrounded the 1989 Carteret Rambler Football program.

Fifteen seniors played major roles in what was to become Carteret's winningest season of the decade. With a strong start, the Ramblers compiled a 6-3 record, including such big wins as a 21-12 opening day victory over New Brunswick.

After that emotional victory, the team won four straight before being derailed by a tough South River team. The Ramblers split their next two games before snow postponed the annual Thanksgiving Day game. When the game was resumed, the Ramblers lost to arch rival Perth Amboy.

Carteret came within one victory of returning to the

playoffs for the first time since 1976. Although they did not reach that goal, the season was still considered to be a success to many.

Experience was one of the main reasons that this year's team was so successful, but the loss of so many seniors to graduation will certainly hurt the Ramblers next season. Of the fifteen players who will graduate, ten of them started on both offense and defense.

Carteret has improved steadily over the last decade and with an added victory in each of the last three years, the Ramblers are looking forward to the 1990 season and another chance at the elusive playoffs.

Anthony Northington turns the end and heads in for one of his four touchdowns in the Ramblers' 29-0 victory over Metuchen.

## Alisa Maffia - Up Close

When you think of spirit, the Carteret Rambler Cheerleaders come to mind. When you think of cheerleaders, you should think of Alisa Maffia.

The senior was one of the most dedicated and spirited members of the squad. Evidence of this was when Alisa and two other senior members of the squad decided to decorate some of the football players' houses the night before the big Thanksgiving Day game. That type of dedication is hard to find.

Alisa plans to go to college, but she has some advice for younger cheerleaders. She says, "Don't be intimidated by the older cheerleaders. Just go out and have fun. If I could do it all over again, I'd cheer all four years." That's good advice considering it comes from one of the best.

## RAMBLER SPIRIT Squad Takes No Small Part

You may think that great coaching, better talent, and hard work were the main reasons for the resurgence of the Carteret Winning Tradition, and you would be right, but you would have left out one very important piece to that puzzle. That piece is the spirit of the Rambler Cheerleaders.

The enthusiasm of the cheerleaders at the rallies helped begin the football season on the right note. Their support throughout the season kept the winning feeling alive.

The cheerleaders helped make the pep rallies greatly inspirational. The spirit that surrounded the Homecoming Rally led the Ramblers to a big 29-0 victory over the Metuchen Bulldogs.

Dedication was taken to new heights by this year's squad. The night before the big Thanksgiving Day Game, some senior members of the squad decorated the senior football players' houses. With that type of support and dedication, it's no wonder the Ramblers finished their season with their best record of the decade.

The cheerleaders have worked hard and supported the team through the highs and lows. Without them, it would never have been possible for the team to be so successful.

## Bob Italiano - Up Close

Senior Bob Italiano always wanted to play soccer, but it was not until last year that he decided to go out for the team.

Says Bob, "Pete Bufano and Deon Benjamin always told me to give soccer a try, but I never did. They kept pushing me and I finally went out and enjoyed it."

Future plans include college, and as Bob puts it, "I would like to play in college. I know it won't be easy, but I would like to give it a shot."

Good luck in the future Bob and thanks for the dedication to the soccer program.

# THE SKY'S THE LIMIT

## Tough Season for Ramblers

Soccer isn't one of the most popular sports in Carteret High School, but a big turnout led to a big turnaround in the Rambler soccer program this season.

The Ramblers struggled to a 2-12-1 record, but a lot of character was shown behind the team. The six seniors that are leaving the program will hurt the team, but it is loss of 17 year Head Coach Bob Cowan that will hurt the most.

Cowan was a hardworking coach who put everything he had into the soccer program. This year 33 kids came out for the team, but unfortunately the results didn't turn out well.

The reins will be handed down to Assistant Coach Bob Duncan. He will not come with inexperience though. Juniors John Dolan, Kevin Poznanski, Manny Lazo, Luis Silva, Paul Silva, Sophomore Frank Chelbian, and Freshmen Luis Perez and Louis Santos will supply the core for the team.

The Ramblers have an experienced squad return-

ing, but an inexperienced coaching staff. In the case of the 2-12-1 record that Ramblers had this season, the hopes for the next season are high.

**SENIOR RAMBLERS:** Kneeling: P. Bufano. Standing: D. Aspres, G. Sierra, R. Grant, B. Italiano, C. Lam. Top: Senior Pete Bufano makes the save as Jr. John Dolan looks on.

## Cowan Retires From Coaching

Mr. Robert Cowan, Carteret High School's soccer coach for seventeen years, has retired from being the coach.

Mr. Cowan will continue his role as a social studies teacher at CHS. His time and dedication to the soccer program was unlimited. Cowan helped organize summer soccer programs and strength programs for the soccer player. He said, "When you start to care more about the game than the athlete, it's time to quit."

Soccer was a main priority in Cowan's life. He played soccer in Scotland before he moved to the United States. He almost made the U.S. Olympic team, but an injury kept him from playing.

According to Cowan, it is essential to build a strong program. If there is not, it is very hard to succeed in the game of soccer.

*Editor's Note: The LOUDSPEAKER would like to thank Mr. Cowan for his time and dedication to the soccer program at CHS. We wish him luck and all the best in his future endeavors.*

## Jennifer Hack- Up Close

Junior Jennifer Hack has come a long way in the past two years. Hack had seen little varsity time her sophomore year, but this year she played first and second doubles.

Hack described her season as, "Successful, but it could have been better." She said she plans to work hard and make her senior year the best.

As for the team Hack said, "We need to work over the summer, and hopefully with our varsity experience, the work will pay off next year."

Next year is the year for Hack. It's her senior and final year for her. As she says, "This year was fun, but next year is it. I want to win. I can't wait."

## Young, but not Down

### Ten Ramblers Return

Injuries and inexperience. That is how the Carteret High School girls tennis team spent most part of their season this year.

The team compiled a 4-9 record beating Highland Park and St. Mary's twice each. First singles player Rachel Ruiz, a junior, suffered a broken finger which caused Coach Seaman to mix up the lineup. The lineup then consisted of Junior Jung Lee at first singles, Sophomores Heather Platt and Lisa Gallo at second and third singles respectively. First doubles saw Sophomores Allison Comba and Irena Sapilak, who both gained Honorable Mentions for *The News Tribune's All Area Team*, played consistent throughout the whole season. Second doubles saw Juniors Jen Hack and Adrienne Corcoran splitting time with Freshman Nicole Renaldi. The rest of the team contributed with hard work and

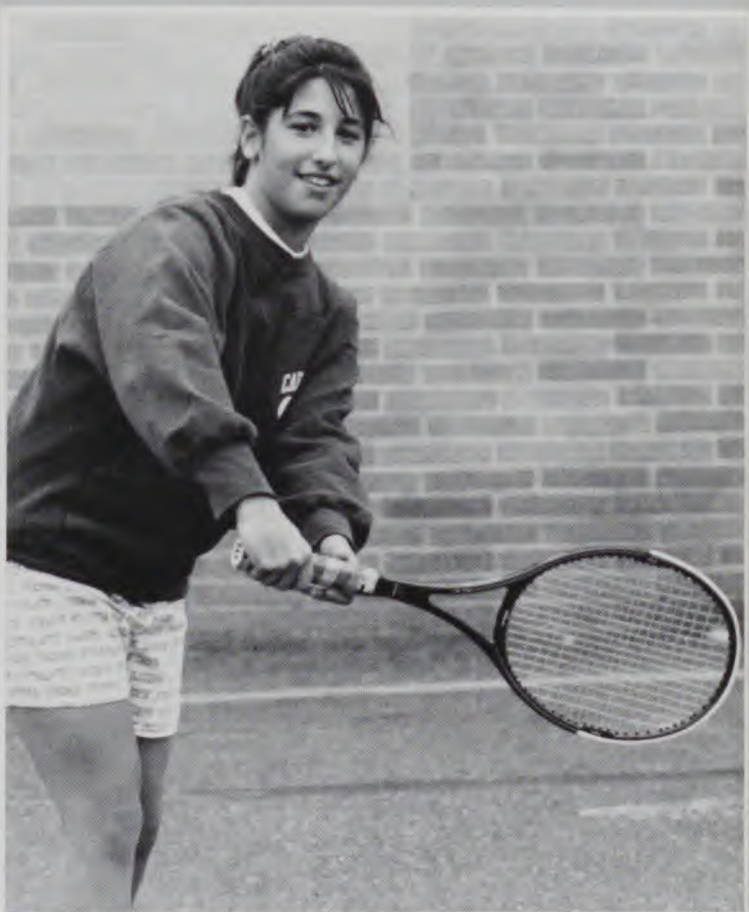

dedication to help the team out in any way possible.

The season wasn't as good as hoped, but as Sophomore Lisa Gallo put it, "Even though the record doesn't show it, the team pulled together through the rough times and did the best they could to win."

There is no reason to be negative though. The Ramblers return Hack, Lee, Ruiz, Corcoran and Juniors Montalvo, Comba, Gallo, Sapilak, Sophomore Tanya Singura, and Nicole Renaldi. As Comba put it, "We have a lot of varsity experienced players, so we have a really good chance to be in the top 10 of the County next year. If everyone plays together, works hard, and does their best, the work will pay off in the county matches."

The Ramblers future is full of optimism, and despite their 4-9 record, they gained valuable experience to help them in the future.

## Stacey Hempel - Up Close

When speaking of girls cross country runners here at CHS, one name should come to mind-Stacey Hempel.

Stacey was selected to the All-Area Team for the second straight year this season, and she's only a Junior.

Says Stacey, "Being an all-area winner 2 years in a row puts a lot of pressure on me for next year." Still Stacey feels she could improve next year. "I'm going to work harder to improve my times for next year, and hopefully, I'll win the counties," she said. That's even worse news for the rest of the county!

## In the Long Run Inexperience Marks Season

To say that the 1989 Cross-Country season was difficult is an understatement.

The teams had an extremely limited number of runners. The boys team which began the season with 12 runners ended with only five.

Not only was it a limited number of runners but the ones that did finish the season had little or no experience. Said Coach Shadell, "We had all new kids; of the eight that played last year, not one returned." It was a difficult season, but as a team we worked through it to complete it as best as we could," he added.

The girls side was no different. They finished at 2-5, but when they began they

were optimistic. Of the 12 that began the season again only 5 finished.

The highlight of the season was the performance of Junior Stacey Hempel. Stacey placed 2nd in the counties, 3rd in Central Jersey and 29th in the State Meet of Champions. Said Coach Donnelly, "We were lucky to have a team. The season went well, we were competitive in the dual meets and Stacey did an exceptionally good job."

Both teams had disappointing seasons, but as it always is with a young team, the future looks to be a successful one.

Juniors Brian Teague and Jason Smith along with Sophomore Alex Perez show their running style.

## Up-Close: Jen Harder

Sophomore Jen Harder is one of the most dedicated athletes of the winter season. Jen did many events for the Girls Winter Track Team. Being the only girl sprinter, she ran the 55m dash, the 55m hurdles, the 400m run, and she high jumped. "It was very hard, especially in practice where I had to keep up with the guys," she said.

Of all her events Jen enjoyed the 55m dash the most. Jen said, "My favorite event is the 55m dash because you use all your speed in such a short distance." She still hopes to improve in the hurdles and the high jump. "I'm going to work on them in the Spring."

She has some advice for people interested in running track, though. "We have a lot of fun and it's nice to meet kids in other towns."

# AFTER GOOD SEASON Next Year Looks Better

The Carteret Track Team lost one meet during the course of the season and are still looking for next year to be even better.

The total number of seniors on both the boys and girls teams equaled three, all on the boys team. With a few additions next year, the team has a definite chance of winning their division, something the Ramblers haven't done since they won the State Championship in 1987.

This year the team came within one victory of a divisional title, a loss early in the year to the eventual division winners, Metuchen. The team had only one divisional winner, County Champion Stacey Hempel.

The boys finished at 6-1. Senior Ralph Shane finished off his career with a decent season. "I've achieved all my goals," he said. Ralph lost just twice in the 400m run, once to State runner-up Rich Richenbach.

The team's other seniors included rookie Neil Dell'Aquila and Jimmy Lopez. Neil made great strides in the shot put, staying around the 40 foot mark all year while Jimmy helped strengthen an explosive 4 X 400 team.

Next year, the boys will be led by 3 year runners John Nartowicz and David Richter. "We'll be tough to beat," said Nartowicz. Also returning will be Sophomore Jin Ho Ra and Freshmen Eddie Bittner, Doug Walsh, and John DeFelice.

The girls finished at 5-2 and are extremely excited about next year. Not one senior is on the girls team. That, coupled with the fact the Junior Star Stacey Hempel will return has Coach Donnelly smiling.

Stacey had an outstanding season, winning the county championship in the 3200 and placing 2nd in the 1600 in the States as

well as the counties.

Returning along with her will be Sophomores Jen Harder and Linda Carire. Jen also should return along with Junior shotputter Laura Marci.

Sophomore Jen Harder clears a hurdle against South River. Jen made great strides in both the hurdles and the dash this season.

Freshman Eddie Bittner is about to hand off to Junior John Nartowicz in the mile relay against South River. Carteret won the race.

Junior David Richter runs the turn in the mile relay. David lost only twice in both the hurdles and the dash this season.

## Up Close - Donnie Smith

One of the biggest surprises of a rather dismal basketball season was the play of Sophomore Donnie Smith.

Donnie moved from junior varsity in mid year and performed better than expected. "I didn't think I would be playing varsity by the end of the year since this is my first year playing on an organized team," he said.

Making such a leap in competition is tough. "I didn't feel comfortable," he said. "I didn't want to shoot too much. I like the sport a lot and I just did the best I could." Donnie did just that and it earned him a starting position during the last few games.

Donnie's looking forward to the future. "I plan to practice more and work on weight training and endurance," he said.

# UP & COMING

## Experience to Lead Team

The Boys Basketball Team did not enjoy a successful season, but as the other teams are, they are looking to next year to change that.

After their State Championship in 1987, the boys have won no more than seven games in one year. Next year's team is hoping to change that.

The Ramblers were led by their three seniors, Captain Pete Bufano, Anthony Northington, and transfer Richard Cella. Northington was among the area's scoring leaders with an average near 15 points per game.

On the court, Pete Bufano led the team, dealing out nearly 8 assists per game while scoring 10 points per game. Rich Cella did a great job coming off the bench as Carteret's sixth man.

Leading next year's team will be returning starters John Dolan and Anthony Ziobro. As freshmen, these juniors compiled a record of 14-1 and are hoping to do the same next year.

To help them accomplish their goal will be returning starter Sophomore Donnie Smith. Also seeing a quality amount of varsity time were Junior Brian Teague and Freshman Dennis Burney.

With a freshman record of 9-7 and a junior varsity record of 5-13, the Ramblers certainly have a strong chance to bring the state title back to Carteret. And if you ask anyone on the team or Coach Molarz, they'll tell you that's exactly where it belongs.

Senior Ramblers: Richard Cella, Anthony Northington and Pete Bufano. Anthony led the team in scoring while Pete led the team in assists.

## Up-Close: Anmarie Daunarummo

Senior Anmarie Daunarummo played a major role in many games this year. The most memorable was her scoring the tying and winning baskets in a game against Spotswood. "It gave me the greatest feeling ever," said Anmarie. "I felt so proud to be a member of the team. It was the first time we've beaten Spotswood in five years."

Her heroics didn't stop there. She scored the game high 14 points in a win against Piscataway Vo-Tech and played outstanding defense all season long. Said Anmarie, "I liked defense the best. We concentrated more on defense this year."

"Basketball teaches you to be a better sport," said Anmarie. "You have to try to improve and keep working until you know you're giving 100% of yourself." That's something Anmarie does on and off the court.

## After Tough Season Future Looks Bright

More than any other team, the Carteret Girls Basketball team can safely say that they are excited about next year's team.

Their final record of 6-14 doesn't show how hard the team worked and improved over the season.

Coach Robert Sisko had his team playing much better each game. Most of his six wins can be attributed to Junior Rachel Ruiz. Rachel scored about 50 % of the team's points this year, hitting 20 several times and peaking at 31 points. She will return to the team next year.

Five players will graduate this year. They include Kelly Beaver, who missed most of the season and was sorely missed; Captains Farrah Fabricatore, who hit seven three pointers, and Tara Seymore. Anmarie Daunarummo hit several key shots this year to go with her sparkling defense and Kysha Ryan and Melissa Ruiz added support off the bench.

Juniors Ruiz and Jennifer Hack will lead the team next season with several underclassmen competing for starting positions. This year's junior varsity finished with a record of 10-4

while the freshmen were 7-9.

There is potential waiting to be tapped. Next year will be promising.

## Up-Close Theresa Auld

One of the most determined cheerleaders has to be Junior Theresa Auld.

Theresa had been cheering for 5 years and she says, "The thing I like most about cheering is the games. I enjoy cheering alot." She also thinks there is a downside to cheering. "I really don't like practice," she said. "It's the hardest thing about the sport."

Theresa was influenced into cheering by her friends. "They enjoyed it alot and they felt I would too," she said. "It's fun but it takes an extensive amount of aerobic ability."

Theresa plans to go to college and "if I can fit it into my schedule, I would like to cheer." Right now, though, she can't wait for next year.

## Despite Problems Cheerleaders Cheer On

Dedication is what held this year's basketball cheering squad together. The three seniors who kept the team together despite the sicknesses and absences were Captains Jane DeSena and Arlene Kazio along with Michele Pencotty.

of the Carteret Rambler Cheerleaders.

The team consisting of 9 girls looks strong in the future as this year's JV squad showed what spirit really was.

"It was a tough season, but we stuck together," said Junior Dina Rivera. The teams did not enjoy highly successful seasons but each home game was still rooted on by the girls. Juniors who will be returning for this last season include Dina Rivera, Bonnie Hodroski, Theresa Auld, Lillian Rodriguez, Lauren Kilyk, and newcomer Jill Fogarty. The other remaining girl is Sophomore Jessica Rivera.

"We should, hopefully, have a lot more girls next year so that we can do more," said Rivera. "It's winter season and a lot of sicknesses go around."

Indeed the team was hit hard by illness. Some games the team was down to six girls, but they stuck it out the whole season.

## Up-Close Danny Stolba

Danny Stolba was one of Carteret's top bowlers with an average of 165. "My season went pretty well," he said, "I had some good games and some bad games, but I maintained my average."

The season proved to be a helpful experience for the younger players. As Danny said, "We did better than expected. The new comers on the team managed to keep raising their averages."

Danny enjoys bowling because he feels it's relaxing. "All you need is a good arm," he said.

Danny is unsure of his future plans. "I'll always be bowling, whether professionally or in a local league," he said. Right now, though he's concentrating on next season. He said, "I hope to bring a winning season to Carteret." With Danny's help that seems all the more likely.

## Ups & Downs Bowling Success Varies

It appears that the Carteret Rambler Bowling team has a bright future ahead of them. Only one senior boy and five senior girls will be graduating so next year should be as strong as ever.

Although the boys did not finish with a successful record, many of the younger players such as Sophomore Paul Wojcich should receive the opportunity to bowl on the varsity level. Wojcich showed a marked improvement so that he finished among the top 20 in the conference. Danny Stolba and Senior Matt Makwinski remained steady with 165 averages.

Next year, the team will be led by Junior Stolba and Sophomore Wojcich. All of this year's inexperienced bowlers will return as seasoned veterans.

The girls team finished with a mark slightly above .500. Senior Co-Captains Debbie Stenger-Sciancalepore and Patty O'Halloran have done an outstanding job of pulling the team together. The girls have beaten or played tough many of the conference's top teams. Because of their accomplishments, they should qualify for the Conference Tournament.

Leading next year's squad will be Kim Grabowski, Tanya Singura, and

Gina Dorak. They will try to bring back the title Carteret hasn't held since 1979.

## Brett Rackett-Up Close

There are many legends in CHS baseball's history, but it's hard to top the accomplishment of Senior Brett Rackett.

In his Sophomore and Junior years, Brett made the All State, All GMCT, All Blue Division, and Daily News All Star teams. Brett always thinks of the team first. "I try to help the team first, then myself," Brett said. "I want to lead this year's team to a state championship in my senior year."

There are also many responsibilities being a 3-year starter and captain. "I have to be a leader on and off the field. There is pressure on me, but I feel I can handle it," Brett said.

Brett plans on playing college baseball. With his accomplishments and leadership, Brett can go a long way.

## Old But Young Team Experience Limited

The Carteret High School baseball team has 8 seniors on the team, but they are very young on experience.

The Seniors are Bob Italiano, Carl Lauricella, Jimmy Lopez, Brian Sheerin, Pete Bufano, Roman Hluszczyk, and Captains Brett Rackett and Dennis Kopin. Newcomers on the varsity include Junior John Dolan, Rich Grabowski, Vin Hart, Dave Richter, and Sophomore Frank Chelbian.

Rackett, Kopin, Bufano, and Lauricella all started varsity last year. Kopin said, "We're young experience-wise, but, if we work as a team, we could go a long way."

So far the Ramblers are 2-0, outscoring their opponents 27-5. The starting lineup consists of Chelbian at first, Bufano at second, Dolan at short, Lopez at third, Rackett catching, Hluszczyk in left, Kopin and Hart in center, and Richter in right. Kopin, Hart, and Grabowski also handle the pitching chores. Lauricella handles the DH position.

The goals for the Ramblers are to make the tournaments and to win their division. As Rackett says, "I think we can do it. If we put our minds to it, we can do

anything we want. Our defense is there, the middle infield is strong and our errors are down."

These are lofty goals for the Ramblers, but if the Rambler baseball tradition keeps up, the team will go far.

## Arlene Kazio - Up Close

One of the most productive hitters and sure-handed fielders in the area is the Rambler's Arlene Kazio.

The senior enjoys the challenge of playing third base. Says Arlene, "It's a position that deals with having a quick mind and quick hands. You always have to be ready to move and know what you're going to do with the ball when it's hit to you."

Arlene's future plans include college, possibly at Montclair State where she hopes to continue her softball career.

Arlene advises younger players, "Always work hard and give it your all at practice. If you try your hardest sooner or later, it will pay off. If you don't give 100%, then don't expect to succeed."

## Up and Rising Season Looks Bright

If not for rival Colonia, who moved from the White Division to the Blue Division in 1989, the Carteret Rambler Softball Team would have the most talented team in the division.

Carteret has many talented players, but most will graduate at the end of the season. Of the nine starters, seven are seniors, including catcher Melissa Ruiz, first baseman Kelly Beaver, second baseman Sherry Folkvard, shortstop Captain Deanna Stone, third baseman Arlene Kazio, left fielder Marlo Mrak, and center fielder Farrah Fabricatore. Also lost to graduation will be outfielder Anmarie Daunarummo.

A bright spot for the future is Rachel Ruiz. The junior ace pitcher is one of the team's best hitters and pitchers. Helping Rachel next year will be sophomore Jackie Rubino, who started in right field this year, junior infielder Jill Fogarty, sophomore pitcher Kim Barker, and freshman infielder Jennifer Kopin.

The Seniors will be missed, but with the help of Rachel, Jackie, and other key players, the team should be successful in the future.

## Ed Bittner-Up Close

Youth and talent are the two qualities every athlete would like to have. Fortunately for Eddie Bittner, he has both.

The freshman long distance runner has made great strides since the beginning of the year, especially in the mile run.

Eddie's best time this year has been a 5:01, a great time for most freshmen, still Eddie isn't satisfied. "I want to get my time below 5:00. As long as I practice hard, I'm sure I'll achieve my goal," he said.

In a recent freshman meet, Eddie placed second, 0.1 sec. off the leader. "He'll be winning those types of races with a little more experience," said teammate Anthony Ziobro. Experience is just what he's getting, running spring, winter and fall as well.

## Youth Leads Squads Only 1 Senior on Teams

Youth is the key for both of this year's track teams. Both the boys and the girls are loaded with talented freshmen, sophomore, and junior runners. The girls' team is especially strong for the future.

The boys' team will lose only shotputter Ben Ruela to graduation. Returning lettermen next season will be junior javelin thrower Anthony Ziobro, who has placed highly in both the state and county championships; junior John Nartowicz; sophomore shotputter Jin Ho Ra, who has reached the 40 ft. plateau consistently; and freshman long distance runner Eddie Bittner, who has placed highly in state freshmen meets.

Said Coach Bruce Kalas, "The team is young with a lot of potential. We're looking at a freshman-sophomore girls' team and a sophomore-junior boys team. We should be strong in the future."

As Coach Kalas stated, the girls team is loaded with young talent with one major exception. Next year will be the last for junior stand-out Stacey Hempel. Also returning with Stacey will be sophomore Jen Harder, who has had some strong performances against tough competition; sophomores Linda Carire,

Carmen Pinero, and Tanya Seymore, who has had exceptional success in the long jump; and junior shotputter Laura Marci.

Said Junior Lilian Rodriguez, "We were lucky to have a good freshmen turnout and we have a lot of talented runners. We expect a lot of success in the future."

## Kevin Poznanski - Up Close

When you think of tennis players, you think of playing with a coach since the age of 3. Not so for Junior Kevin Poznanski.

Kevin started playing tennis this past summer. He started because, "I was bored and needed something to do." Kevin is now playing third singles for the Ramblers this year.

His personal expectations are just to do the best he can and help the team in any way possible. He said, "I just want to be competitive since I've never been in a real tennis competition before."

Kevin knows there's room for improvement. "My game is okay, but there's always room for improvement. I just started playing tennis and by next year, I hope to be as good as I can be." Those are nice goals to have.

## New And Improved New Additions Help Team

The CHS Tennis Team has many people returning this year. You would think that would be enough for a good year. But new additions to the team have helped the Ramblers become *New and Improved*.

Returning starters for the Ramblers are Seniors Steve Lee, Hemang Shah, and Cuong Lam. Also returning are sophomores Vin Chiravalle and Dan Beyfuss. The new additions for the team are Juniors Kevin Poznanski, Sebastian Ippolito, and Lou Silva, and Sophomores Cassiano Almeida and James Sim.

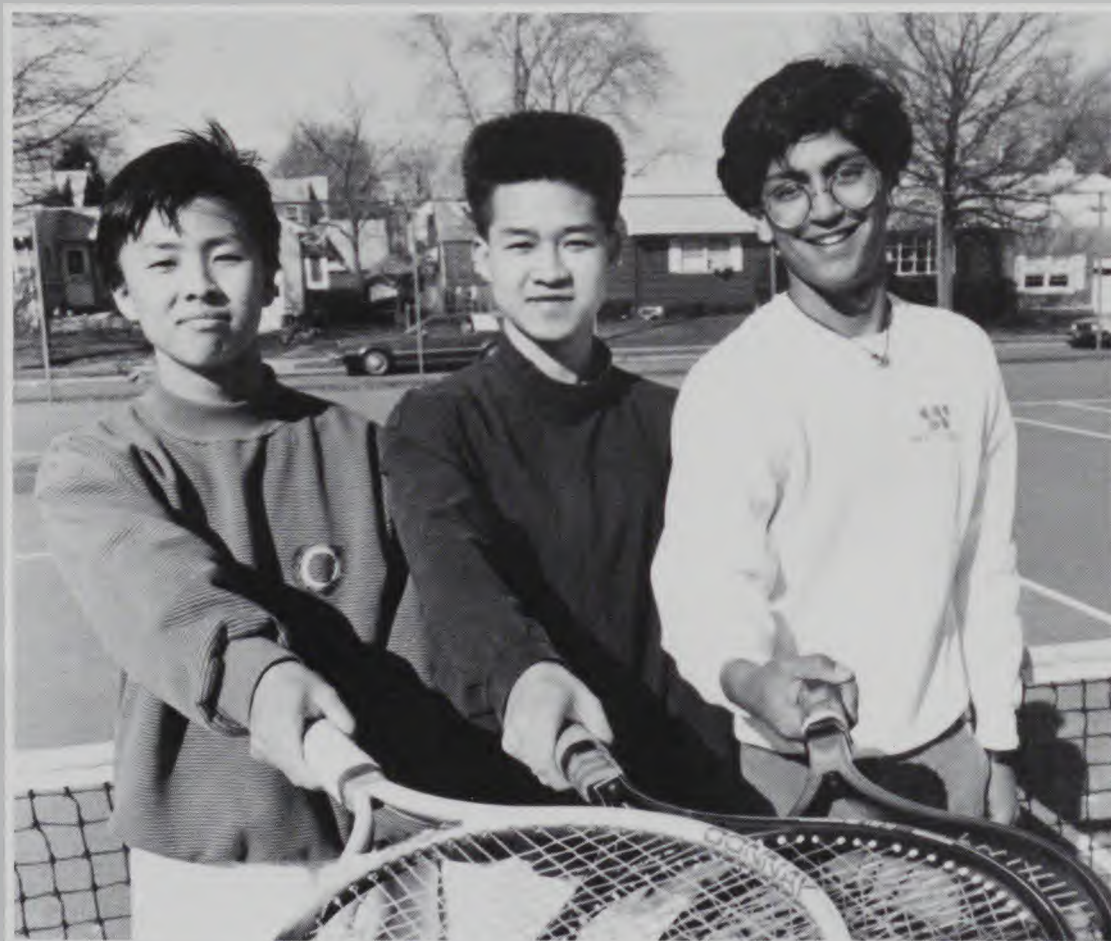

The line-up has Steve Lee at first singles, James Sim at second singles, and Kevin Poznanski at third singles. The first and second doubles has Lou Silva, Vin Chiravalle, Cassiano Almeida, and Sebastian Ippolito all playing.

On the season, Silva said, "We have a lot more talent than we usually do. If we stick together, we could do well this year. We also have a lot of juniors and sophomores to help us in the future."

Ippolito added, "We should hold our own. We have good talent to be a good team this year."

The expectations for the team are higher than in the

past and the talent is there. They should fair well and go far this season.

## Eric Chubenko Up-Close

Most people play golf for fun and for sun. But for CHS Senior Eric Chubenko, he plays it for the challenge.

"In football, you challenge as a team, but in golf, it is a challenge against myself," Eric said. He has played golf throughout his high school years and enjoys it.

He is one of the three seniors on the team and takes responsibility for the team. "Some of the younger golfers look up to me, so I have to show leadership," he said.

Although he is playing football at Colgate next year, his golf career won't end. Eric said he plans to play for leisure and to keep his game up to par.

Eric said, "I don't want to lose my game. I like golf and I'll always play it."

## Time Will Tell Team Looks to Improve

Of all of the goals the Carteret High School golf team has set, the one brought out most often would be to improve their record.

Coming off a season with one victory, the team wants to improve behind seniors Eric Chubenko, Sean Lowery, and Bill Nagy. Also returning is sophomore Mike DelVacchio, who fared well last year.

For the team, Chubenko said, "We know what we're capable of, but we just want to get our record around .500, and be a respectable team in the county."

The most consistent golfer for the Ramblers has been Chubenko. He is consistently in the high 40's - low 50's for the team.

They're not looking for a state championship, but they are looking for a little respect. As Junior Mark Checki said, "Time will tell what will happen. But all we are looking for is to improve and gain some respect."

# ACTIVITIES

# SENIOR TRIP "90"

"Thank you for flying Tower Air and enjoy your stay in Orlando." These were the first words we heard, Tuesday, March 20, when the Senior Class of 1990 officially began our five days of spring break in Orlando.

Our first stop was King Henry's Feast, a castle-like restaurant supplied with moat. We saw a medieval show and gorged ourselves on a delicious 7-course meal.

In the morning, we headed for Disney. About 9:30 we took the traditional group picture before they set us free to cover every inch of the park. We explored every ride and attraction, visited a lot of the vendors, and tasted the food. We started out strong, but when 10:00 P.M. came around, we all dragged ourselves to the bus.

Thursday morning brought the most anticipated day - Wet 'N' Wild and Epcot. We were the first people at Wet 'N' Wild and wasted no time in hitting all the rides before the crowds came. The day was warm and very sunny. Some swam, played volleyball, or just relaxed by the pool and caught some rays.

After a day of "fun in the sun," we hit Epcot Center. We were educated, entertained and amazed by all the different themes of the park and attractions. The experience we gained tasting the flavors of the different countries will always stay with us. The night was concluded by an amazing Laser Show.

Our last full day in Florida started with another big breakfast at the famous Piccadilly Cafe. After the huge meal, most headed off to M.G.M. Studios Theme Park. At the park, we witnessed the history of movies and enjoyed learning how movies are made. We saw how stunts and sound effects are created. We also observed the way special effects are done, how cartoons are made, backdrops and all other aspects of motion pictures that we never realized.

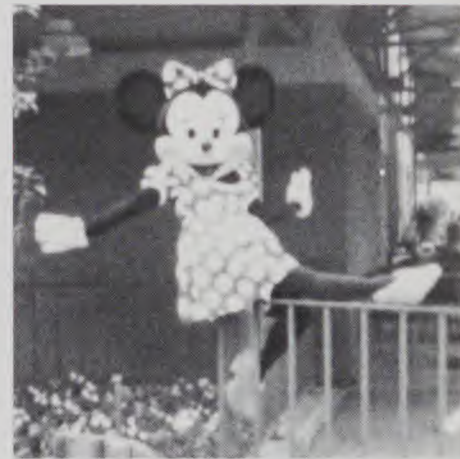

After M.G.M., we had the choice of going back to Disney or Epcot to catch the awesome Laser Show again. This whole day put a big exclamation point to the whole week.

When we finally pulled up in front of the school, we were sad to leave Orlando, but happy to be home. We all learned things that week, made different friends, and visited different places. We all enjoyed ourselves and felt that it was worth the four-year wait. The Senior Trip is something we will never forget.

How do you become one of the few to make it into the Hall of Fame? The candidates are nominated by the whole senior class. The top vote getters are then voted upon and the ones with the most votes receive the various titles. The categories are selected by the yearbook staff member in charge of the Hall of Fame.

Do you think the nomination of the Hall of Fame members is done fairly? This question was asked of Senior Liz Carley. Her response was, "Yes, I think it's a good idea to let the seniors vote for the Hall of Fame. We go to school with these people for four years; we should know what they are like."

# OUR TOWN

## STAGE MANAGER-Ben Ruela

"This play is called *Our Town*. It was written by Thornton Wilder. The name of our town is Grover's Corners, New Hampshire, just over the line from Massachusetts; latitude 42 degrees, 40 minutes; longitude 70 degrees, 30 minutes.

Nice town, y'know what I mean? Nobody very remarkable ever came out of it, s'far as we know."

Robert Italiano and Rosemary Polanin as George Gibbs and Emily Webb.

*George: Emily, I'm going to do my best. I love you Emily. I need you.*

*Emily: Well, if you love me, help me-- all I want is someone to love me.*

*George: I will Emily. Emily, I'll try.*

*Emily: And I mean forever. Do you hear? Forever and ever.*

Junior Kathy Dean (Rebecca) arguing with her brother, Robert Italiano (George).

Walter Craig as Professor Willard.

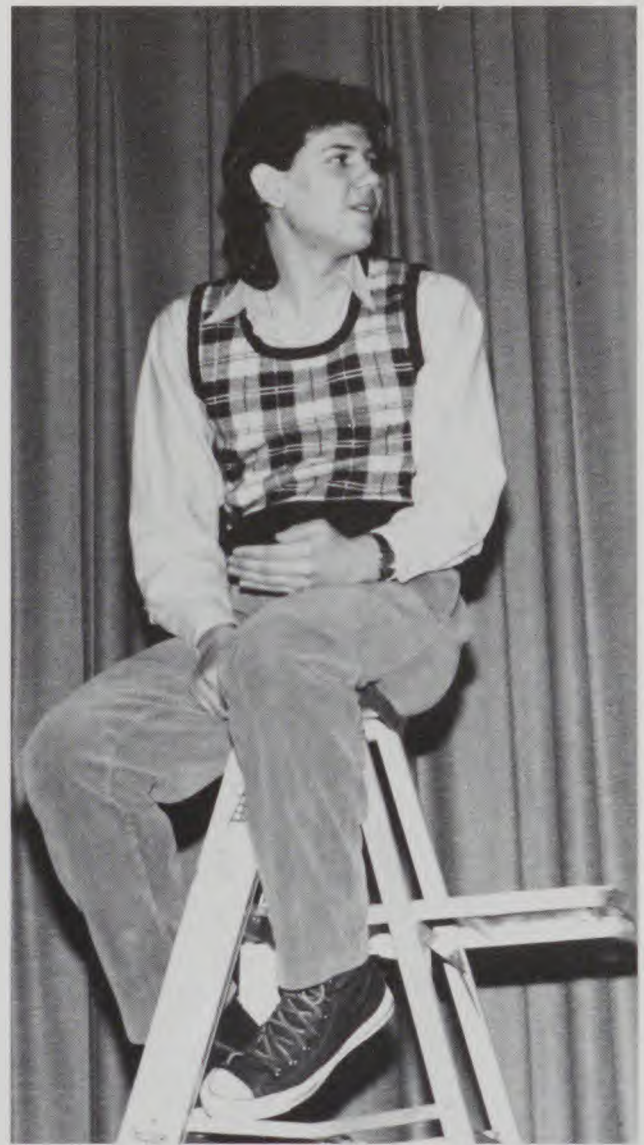

Senior Jane DeSena (Mrs. Webb) discussing marriage with her Son-in-law.

*"Grover's Corners, mmmm--let me see-- Grover's Corners lies on the old pleiscene granite of the Appalachian range. I may say it's some of the Appalachian range. I may say it's some of the oldest land in the world....."*

Dennis Kopin, Robert Italiano, David Lenahan and Kathy Dean going to Emily's funeral.

Drunken Choir Master Carl Lauricella (Simon Stimpson) directing his choir members: Dena Eng, Farrah Fabricatore, Jennifer Kopin, Jane DeSena and Patty O'Halloran.

Dennis Kopin as Editor Webb.

*"Very ordinary town, if you ask me. Little better behaved than most. Probably a lot duller."*

Time Out with Anthony Spaldo.

Emily talking out of her window to George.

Mr. Anthony Spaldo, a member of the English department, began directing plays at CHS in his second year of teaching. This production of *Our Town* marks his 21st high school production.

Mr. Spaldo was a professional actor before he began his teaching career and has had opportunities to act with professional groups as well as appearances on some television shows and films.

# SUMMER

Summertime is back once again, and there are an abundance of activities possible for this glorious season. There's always the beach, swimming, and amusement parks like Great Adventure, but what about the favorite fun-thing-to-do among teens? You guessed it - it's attending the Rock Concert. This summer is expected to be filled with rock and roll and heavy metal fans filling stadiums around the globe to hear live and in concert such popular manes a Skid Row, Europe, Poison, and Bad English, just to name a few.

Summertime is a time for fun, friends, parties, great tans, jobs for Seniors attending college in the fall, and romance. All of these rolled into an eight week period doesn't seem possible, but it can happen! In the memorable words of Mick Jagger: "Summer's here and the time is right for dancin' in the street!"

The VFW is seeking eligible Veterans to join the Carteret Star Landing VFW Post 2314. Any veteran holding a Campaign Ribbon for combat duty during World War II, the Korean Conflict, the Viet Nam Conflict, Beirut or Lebanon who are interested should contact any of the above officers at 201-541-2592.

When I started banking,  
I opened an account at  
Podunk National.

A little later they merged  
and became First Podunk...

Then they got bought out  
and became American  
Podunk BanCorp...

Which preceded their  
thrust into international  
banking as Podunk Financial  
Group Worldwide.

Now they tell me I'm a  
customer of PFGWW  
International!

... when they talk to  
me at all...

Come to the bank  
that treats you like a number.  
Number One.
