A Yearbook. What is it? Why do we place so much value in it? When will it be important? Why do we treasure it? All of these questions can be answered with a simple word - MEMORIES! We all have different memories of high school and the yearbook's job is to capture these memories.

The theme of the 1998 *Lousdpeaker* is *Uniquely the Same*. This theme describes our school perfectly. We are all students in Carteret High School and have to deal with the same things. Yet we all deal with these problems differently. Teachers must teach the same information, but they do it in their own special ways.

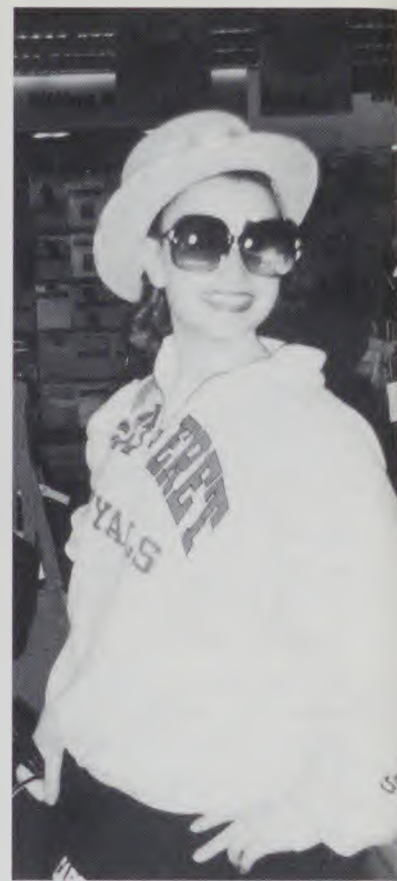

Our school is made up of all kinds of people, styles, trends and ideas. Some students enjoy listening to ska while others like rap. Some like tongue rings while others hate any type of piercings. Some spend their time after school skateboarding, while others work to pay for cars. This year's yearbook wants to show how the diversity of our school makes us *Uniquely the Same*.

This is the day every student looks forward to for their entire four years of high school.

Senior Melissa Burak.

Finally, we are Seniors! The class of 1998 started out as the "little Freshmen" and now we are the "mighty Seniors." Our first real activity as a class was receiving our class rings. Then we attended what some call the most important night in high school, our Junior Prom. This year we experienced things for the last time as CHS students. For some of us it was our last football game, band practice, play rehearsal, HRC meeting or English class. Yet we also had to deal with a variety of new events: SAT's, college applications, the Senior trip and of course graduation. The following pages are filled with the memories that will last in our hearts forever!

Seniors Gladys Gonzales, Aimee de Chavez and Barnabie Agatep are overjoyed at the Honor Society induction.

Seniors Abigail Barker and Rich Weiss are the perfect example of the ideal friendship.

"Almost Paradise"

On April 1, 1997, it was time for the class of 1998 to experience a milestone in their high school experience - the Junior Prom! Even though the night before, we had a Nor'easter with an accumulation of about 6 inches of snow, the night, entitled "Almost Paradise" was held at the Excelsior in Manapalan. It was an evening for the soon-to-be seniors to go all out and show their friends and fellow classmates what they were made of.

The night consisted of the coke-tail hour, professional pictures, appetizers, and dancing alternating with dinner and dessert. At 10 o'clock, the music stopped and advisors Mrs. Cunha and Mrs. Naples announced the prom King and Queen - Jeff Van Woeart and Danielle Kish. The night was sure to be one to remember!

All the planning that goes into an affair like the Junior Prom, Senior Dinner Dance, or Senior Class Trip, certainly pays off when you see the students having a great time and then letting the advisor know it. It is also nice to get to know the students on a little more personal basis. The highlight of the four years, though, is leading the students out onto the football field for graduation. It's very rewarding to see how they have changed into young men and women.

Mrs. Grace Cunha
Class Advisor

In previous classes which I have advised, it was evident that the class developed a "class personality" or sense of "sameness." I find the class of '98 to be different because of the many diverse and unique personalities.

The students who became involved in class activities as Class Officers or Committee members were a diverse group which represented the class well.

I will remember the Class of '98 as hard working, decisive and cooperative.

Mrs. Susan Naples
Class Advisor

I have many fond memories of this class. However, if I had to select one memory, it would be the uniqueness of the class of '98 as a whole. The potential, the talent, and the competitive spirit that has fueled your accomplishments

both individually and collectively is what has made this class so "special."

My final words of wisdom: Pursue your goals with enthusiasm. Do not allow obstacles to deter your spirit and drive to succeed. If you can dream it, you can achieve it.

Mrs. Marie Chiravalle
Senior Guidance Counselor

As class President I would like to set up a roundtable committee to work with our borough administrators. This committee would be like a liaison between the youth of Carteret and our mayor and council. Thoughts, ideas, and suggestions could be shared. I would like this graduating class to be known as the class who cared about the youth of Carteret.

Another area of concern in our town is the underprivileged, I would like this class to coordinate a food and clothing drive for the poor of Carteret. Very often we all forget how much we really have and how little

others have. This would leave a legacy for the Class of 1998 as the class who really cared about Carteret.

Lastly, I will attempt to get better student participation in supporting all our sports, clubs, and organizations. It seems that participation has dropped off recently. This means that the students are winding up with too much spare time on their hands. When students have too much spare time, they tend to get in trouble. The motto of the graduating class will be "Get involved and stay involved."

John Panikiewsky
Senior President

It seems like only yesterday we were venturing into the halls of CHS for the first time ever, as Freshmen. I had the privilege to be Freshmen and Sophomore Class President. It was a time for new friends and the reality of new responsibilities. I think many

of us found out who we truly are, and those two years will be etched in our memories for the rest of our lives as a great time to remember.

Abigail Barker
Freshman &
Sophomore President

Junior year was an exciting time for our class because we grew closer together. Getting our class rings was an important thing for us, but I think

the most memorable event of Junior year had to be our prom. It was a night we will never forget.

Class of '98 Returns to CHS for the Last Round

Above: "Did someone say 'cheese'?" Seniors Marta Hoffman, Kristie Krowl, and Miguel Mosodeen show how much they like their class by capturing the moment forever.

Left: "After working at two different jobs this summer, it made me really want to do better in school so I could achieve my educational goals. Furthermore, working made me reevaluate my goals in life and it made me want to strive for more."

- Frecia Tapia

"The thing I think I will remember the most about playing sports my four years of high school is all the skill I acquired, the great coaching, and all the great female athletes I had a chance to play with."

- Carolyn Kitz

"Being that this is my last year in Cross Country, I feel that over the past four years one of my accomplishments as an athlete is leading my team, and building a bigger and stronger team, especially this year. As a personal achievement, I feel that this season is the hardest I have run in all four years combined."

- Jason De Angelo

"As President of the International Travel Club, I feel that the club could only improve in one way. The fashion shows improve every year, and this year the other officers and I plan to make it the best fashion show in ITC history."

- Amy Panza

"As a Senior member of the *Loudspeaker*, I feel obligated to give the graduating Class of '98 a yearbook that 40 years from now they can open and instantly remember their great years of high school."

-Hugh Connors

"As a member of the National Honor Society, I feel my role is to be a good example for underclassmen; for them to try to excel in their studies. The NHS recognizes students who excel in their courses and participate in worthwhile activities, and as a member I feel I should represent what the club stands for."

- Sammy Stellato

"In the 'Student Life' section of the yearbook, many aspects of the Student Life are dealt with. There are the special events that happen throughout the year which cannot be forgotten like the Prom, Homecoming, Semi-Formal, Pep-Rally, Play, Fashion Show and HRC Luncheon. It also deals with the many trends, jobs, and hangouts that students have, but personally I think the most important is the Friends section.

As a student in high school one has to deal with a lot, but there are always those special friends that one makes along the way that makes that year memorable as well as special. Sometimes one cannot deal with problems that occur throughout the year, whether it is handling social and emotional dilemmas or simply having trouble meeting a deadline, but one can always count on those special friends to be there. That is why this section is important. It is our way of expressing how friendship plays an important role in the life of a student."

-Gladys Gonzales

"Throughout my four years of high school in CHS, I have met many acquaintances and a few friends who know me quite well. Sul Hee Kim is one of my closest and dearest friends. At first, I thought we were different but as I got to know her better, I realized that we were more alike than I had originally thought. We shared many memories which I will treasure forever and I thank her for being my 'good buddy' these past years. I hope to continue our friendship well after high school."

- Aimee de Chavez

Above: Will Gonzalez, Edgardo Pantoja, Donata Choo-Kang, Jamie Maniquis, Betsy Serrano, Iris Perez, Jen Bonillo, Yoon Han, and Vicky Rosa enjoy the pep rally as much as missing third period.

Left: "My one treasured memory from these past four years would be spending time with all my friends. The one moment that I will always remember would be going to breakfast at Denny's with Mike Comba, Anthony Sisko, and Jay De Angelo during the HSPT testing. We had to be in homeroom by 10:50, but we didn't get our check until 10:30. We had to race home in ten minutes. We basically missed every stop sign and got stuck in every red light. Fortunately, all's well that ends well because we got to the high school in time."

- Joe Conti

"As a member of the *Anne Scott News* and a Senior student, I feel that there are so many issues in the school that need to be taken care of, it is hard to decide. I think that Seniors should have an open campus and be allowed to go out for lunch. Also, I think they should give us some heat and improve the parking situation so students aren't late for homeroom because they can't find a place to park."

- Michael Comba

"The most influential activity I have participated in throughout my high school career has to be taking part in the *Loudspeaker*. Being an editor has proved to be a lesson in responsibility. There is a lot of work to do, not only for your section but also in helping others and working together to try to capture all the memories of the past four years. It has however, been a great experience and a lot of fun."

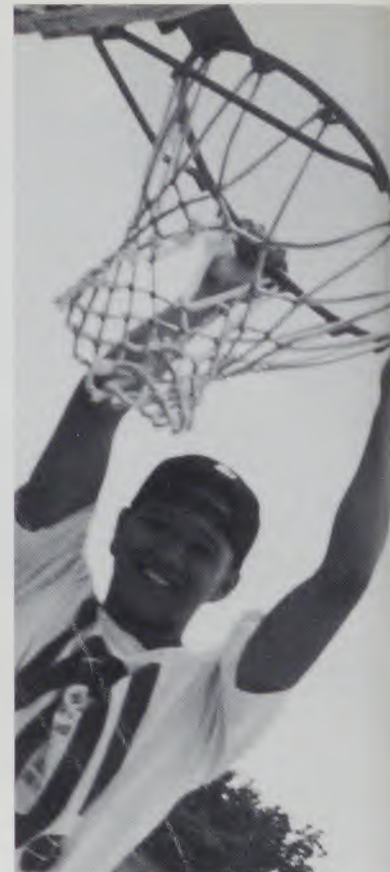

- Melissa Markowitz

Student Life

Senior Angel Collazo.

Senior Stacy Rosoluk.

Student Life consists of many different events that happen in school, such as Homecoming, the play, the pep rally, the HRC luncheon, the fashion show and the ring dance. Yet it also captures important aspects of a student's life such as friendship and spending their time outside of school. Some spend their time outside of school making money at ShopRite, shopping at Woodbrige Center, chilling at the movies in Menlo or shooting pool at the Billiards. The experiences we have outside of the classroom are what makes us unique and will be the memories we treasure the most.

Senior Kasia Toczyłowska spends her lunch times writing captions for the yearbook.

Freshman Brijes Mannattuparampil, Brian Michael & Joshua Pross practice their music after school in the band room.

That's What Friends Are For

Friends are important throughout
our high school years

There are various qualities we look for in a friend. Some may like a friend who is wild and fun, while others may simply want a friend who listens to them. In good times and in bad times a friend is always there, from talking on the phone to "chillin" out of school. All of the groups at school are unique in their own way and are commonly bound by friendship.

Clockwise: (1) Row 1- Nick Lloyd, T.J. Raguseo. Row 2- Matt Kacsur, Rich Pogorzelski, and John Santoro. (2) Stacy Rosoluk, Jen Bonillo, Vicky Rosa, and Amy Panza. (3) Allison Skrocki, Stacey Fruscella, Kristine Marban, Kathleen Lynch, and James Torres. (4) Claudia Gonzales, Agnes Figueroa, Kristin Muldoon, Jessica Bobel, and Ashanti Rojas. (5) Jackie Garcia and Paola Caeiro.

Simply Chillin' at...

A value meal comes in handy after a long day.

Jay D., Joe C., Angela B., Amauri S., Erin F., Gladys G., and Denisse A. wait for "Cedric!"

Isaac Momperousse, Al Wienckoski, Mike Wilcomb, and Bobbie Jo Edgar rack them up at the billiards.

"Everyone you know goes to McDonald's, and if you stay long enough maybe you'll see some friends. The food is also great." -Megan Williams

"Whenever we hang out we usually end up at Angela's house. We play pool, watch t.v., and listen to music, while "Cedric" waits on us!!!"

-Erin Fruscella

"We like to hang out at the pool hall because we all like playing pool and it's a good place to go and have fun."

-Mike Wilcomb

Senior Response

When the Senior Class was asked where they hang out locally, the majority of them replied "Burger Express."

Jackie Garcia and Hani El-Sherbini bring their friend Margo to Burger Express on Saturday nights.

"Burger Express is a good place to hang. Mad Carteret heads are always there. It is great atmosphere, the food is good and it is always open. In this picture we are hanging out with Margo. She goes to Bishop Ahr and she is a great friend."

-Hani El-Sherbini

Stacy Sahol, Maisha Collier, Dorothy Oge, Jen Massa and Shannon Engman not only work at Burger Express, but also hang there.

"You would think because I work at Burger Express that I wouldn't want to come here and eat but it is actually a good place to come and enjoy the food."

-Jen Massa

"We go to Burger Express to eat and hang out. After a football game, it is usually where everybody goes to chill."

-Miguel Mosodeen

Marcelo Uliarte and Miguel Mosodeen wait for the rest of their crew.

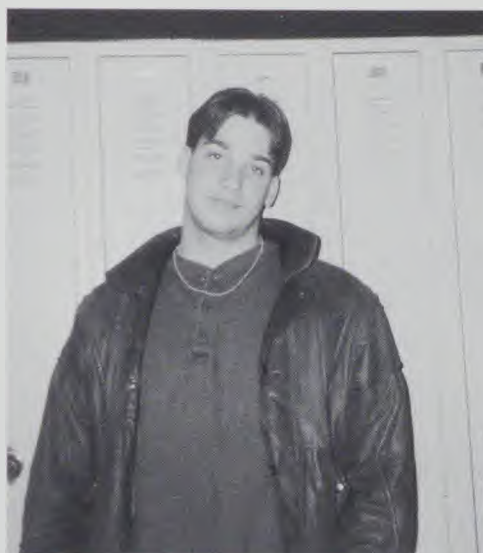

The places to be "scene!!!"

Jen Alongi, the Shop Owner, and Michelle Maskaly get inspired at the Coffee House.

"We went to the coffee house for the first time the weekend it opened and have been going ever since. They have really good coffee and we enjoy being able to hang out in a nice serene place."

-Jen Alongi

Chad gives us his insights on how he spends his free time.

"I like to hang out at Club Malibu which is in Scotch Plains. I just like to go there and chill. Ususally I go there with a couple of my friends."

-Chad Marciniak

Students sometimes feel that they need to go out and relax from the everyday stress that they find themselves in at times. To face this problem, they go out to many of the local hangouts in which they can meet with friends simply just to "chill." They are places to go and have fun without many of the hassles

"Usually I just go and hang out at Woodbridge Center Mall with my friend Natasha DeJesus"

-Jen Pabon

"I hang out in various spots but mostly it is at the bowling alley with Enrique and some other friends from out of school."

-Richie Dominguez

Danielle, Ms. Coen's daughter, Barbara, and Jacki stay after hours at the Round the Clock Diner.

"The diner is a cool place to hang out with a group of friends and we go and visit Jacki who works there."

-Barbara Muscaritolo

"Lorenzo drives down there and we like just hang out at Menlo Park because we like to play at the arcades as well as have fun."

-Mike Almonte

Left to Right: Mike Almonte, Lorenzo Murolo, Brian Visiglia, and Erick Silva spend some time at the Menlo Park Mall.

The SADD coffin in front of the main office reminds students of where they could wind up if they drink and drive.

H.R.C. Luncheon

April 2nd brought a lot of joy to the hearts of the CHS Human Relations Club members, as the annual "Ethnic" luncheon took place during 8th and activities period. Devoted HRC members brought food in from different cultures. This year the variety of the dishes was incredible, all the way from "fried platanos" to "peroghies." Every dish was different allowing for the members to taste the kitchen of more than 50 countries. The day brought students together not only to enjoy the different varieties of food but also to learn and share the traditions that stand behind each dish.

HRC Coordinator Miss Mincieli samples a "fried platano."

Allison Skrocki, Nicole Garulle, and Andrea Nuzzi dig in to their savory plates.

HRC members are satisfied with the success of the luncheon.

Mr. Simon bonds with Dale Johnson at the luncheon.

J. Martinez and W. Mohamed show how good the food was.

Just a variety of the foods that HRC had to offer.

Rambler Spirit Soars

Mrs. Sansone and Miss Hanley discuss how great the pep rally is turning out.

The senior cheerleaders prove to the school that they've got spirit.

The Seniors are all on their feet to show their school pride.

High at the Pep Rally

Students & Staff enthusiastically participate at the pep rally celebrating the Fall Sports

Left: The cheerleaders decide among themselves the next cheer they have to perform.

Emotions run high and wild at the annual pep rally as the cheerleaders lead the students in the "Whole School" cheer. The bewildered Freshmen and Sophomores attempt to get psyched up at the pep rally, being that it is their first time to attend one at CHS. The Juniors show the underclassmen how the real school spirit is demonstrated as the Seniors proudly "teach" them how to show the school pride. The staff participates at the gathering by supporting and attending the pep rally. As the coaches of every fall sport announced the members of each respective sport, both the students and faculty cheered and clapped. Added to the excitement was the music provided by the Rambler Marching Band with their version of "Grease."

CHS PRESENTS: HALLOWEEN SCREAMS

This year's production of "Halloween Screams", took place on Friday, April 3rd and Saturday April 4th 1998. It proved to be a creative play, under the new direction of Mrs. Coen. The set was enhanced with a fulfillment of props which created a different aura on the stage. The eerie sound effects kept the audience in suspense throughout the play. The cast had a lot of fun with it and conveyed it to the audience through the spotlight.

Wanda (Ingrid Momperousse) and Brian (Chris Braun) imitate Mrs. Finklestein after the bathroom scene.

The characters decorate the basement of Chesnut Hollow Community Center.

Mrs. Finklestein (Danielle Makovec) does not approve of the job Brian (Chris Braun) is doing.

The five friends discuss all the strange things that have been happening in the basement.

Sound technician, Denise Mermelstein, adjusts the volume of the haunting music.

Jessica Hereniuk flashes the lights to inform at intermission.

Angel Collazo and Mike Caputo shows us the definition of "Lights, Camera, Action!"

The Cast of : Halloween Screams

AMY PANZA

MEG: "The highlight of the play had to be when Ingrid & Chris got behind Danielle and they were making obscene gestures."

LOUIS CACCIARELLI

CHRIS: "The most memorable has to be the stress felt two days before the play. When I didn't have all my lines memorized yet, and I totally blanked out in one of the scenes, where everybody was trying to get me in on a group hug and I yelled "My Hair."

MELISSA MARKOWITZ

JUSTINE: "Act 2 Scene 1, has to be the most memorable where we fooled the others with the hatchet man joke. It was the most dramatic concerning both the horror and humor aspects."

CHRIS BRAUN

BRIAN: "I felt that the whole play was a success, but to point towards a favorite, I would have to say one word Ian."

INGRID MOMPEROUSSE

WANDA: "I tried to make my character be hilarious, and keep the audience laughing. To do this I had to keep the timing right on cue, and everybody seemed to love it."

IAN WENTWORTH

TIM: "I felt that the play was a hilarious action packed thrill ride for the 90's. The highlight had to be the entire Act Scene 1."

Class of 1998 Takes Disney!

The class of 1998 spent four warm, fun-filled days and three pleasurable cool nights in Orlando, Florida on March 12 - 15. Thirty members of the senior class and four chaperones arrived back tanned, exhausted, and filled with life-lasting memories. The seniors enjoyed a three day pass to all the Disney Parks and a one day pass to a water park. Junior Michael Newman.

From the "little" Freshman to the "know it all" Juniors, the Underclass section captures the uniqueness of them all. This year the Juniors attended their Prom and received their class rings, while the Sophomores have only just ordered their rings. As for the Freshmen, they are the first class to attend CHS from the Middle School and have learned how to adjust to high school life.

Juniors Marilyn Crosson, Jasmine Batts and Latoya Repollet chill in front of the guidance office before school.

Freshmen Pamela Markowitz, Tanya Standard and Cindy Luu stop to talk for a minute before Algebra class.

Juniors

CLASS OF 1999

Q. What is unique about the Class of 1999?

A. The End of the Century
The End of the Millenium
Yet, the beginning of our time.

This year has been filled with hard work and fun. Testing for the PSAT's and HSPT's was a drag for everyone and we were happy when it was finally over. As the year progressed, it became exciting, especially when we got our class rings. Then the prom rolled around. It was the event that got us most anxious. Everyone knew it would hold many memories.

Now, as our Junior year gets closer to an end, we think back to freshmen year and realize how close we have become as a class. As we prepare for Senior year, we still don't know what to expect, but we do know that the future holds many opportunities for us once we leave Carteret High School.

CLASS OF 2000

Q. What is unique about the Class of 2000?

A. The best part of the Class of 2000 is our generosity. Our annual penny collection is donated to those in need, whether that be a local family or a national organization. We have tried to select projects and fundraisers that are unique. We would like to be remembered for our kindness. We hope that during the next two years, we will continue to work together to make Carteret High School a great place to be!

As president of the Class of 2000, I feel that my Sophomore Class is ready, willing, and able. We are ready to face the challenges of tomorrow, willing to accept all that needs to be done, and able to succeed in our endeavors. A powerful and challenging class is destined to succeed in life. I wish all the luck in the world to my classmates. I hope they are fortunate enough to succeed. I also would like to wish the Graduating Class of 1998 good luck in their futures.

Freshmen

CLASS OF 2001

Q. What is unique about the Class of 2001?

A. Although we, the Class of 2001, are a class with different interests, personalities, achievements, and goals, we still manage to stay a "family." Graduating as the first class from Carteret Middle School was just the beginning of the positive influence we will have on the future of the New Millennium.

Coming to Carteret High School was a great step in our lives. Even though this year has been full of challenges, we have enjoyed this new and exciting experience. There has been many obstacles we have had to face and have successfully overcome them. To the Class of 2001, this has been a very enjoyable year and hope that our next three years are just as memorable. As we end this year, we close the first chapter of our high school lives and open up to new experiences, new memories, and new friends.

Each of us at CHS has to go to school to learn, but if it were not for a special group of people this would not be possible. These people are the staff and administration at CHS. This group of dedicated adults makes sure we learn what we need to be successful in the "real world." Each of them have a special way of interacting with the students and getting through to them. This uniqueness in teaching is what helps make CHS a great school!

September 1994 -- June 1998
40 months of growth

The future belongs to you. What you do with it depends upon your ability to adjust to the frequent and rapid changes which are facing all of us.

Change can be challenging but let us also be aware that in our past there is the solid rock of valuable heritage and learning upon which the new can be built.

May the future include the best of your past.

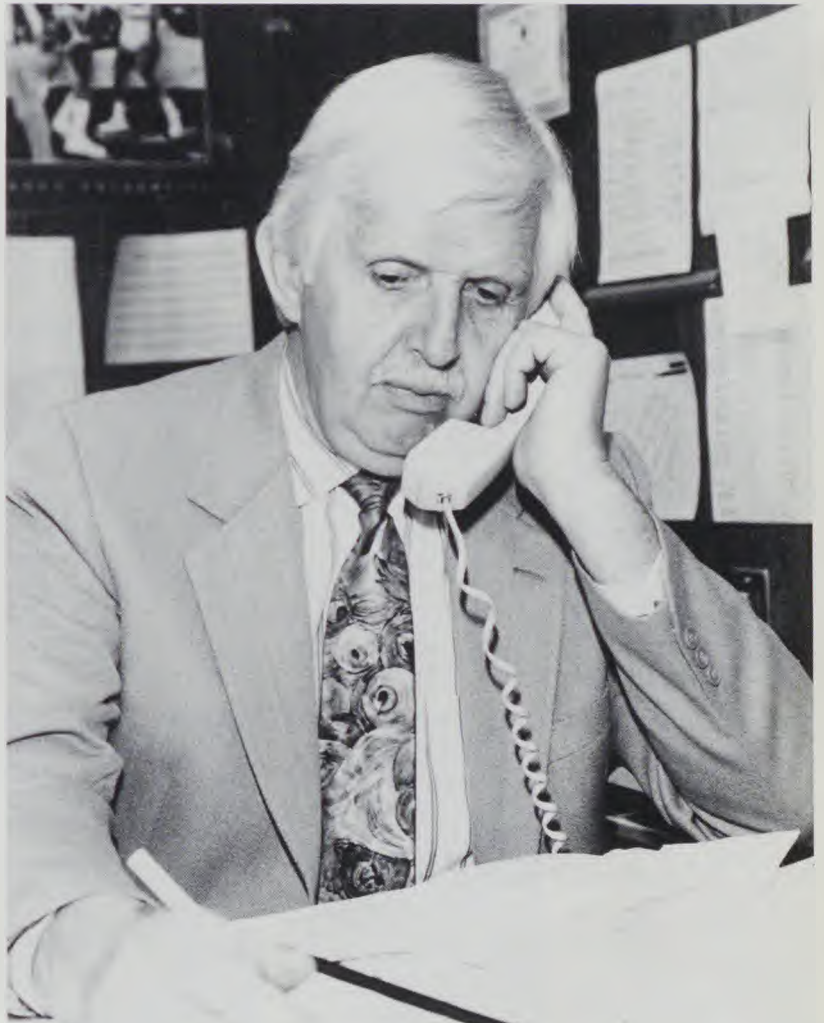

Best Wishes,

Gene Barrett
Senior Vice-Principal

I would like to send my sincerest congratulations to the survivors of the Class of 1998. Your efforts here in the past four years distinguish you from those who started with you in September of 1994, but will not march with you in June of 1998. Your conscience, decisions, both good and bad, have led you from the immaturity and irresponsibility of childhood to the threshold of adulthood.

It is my hope that while on this journey through the halls of Carteret High School, you've grown physically, emotionally, socially as well as academically. I hope that the skills that you have acquired have prepared you to take your place at the next level. Whether that level is college, the world of work, the military, or parenthood, please remember that success is achieved by those who are determined to succeed. Give yourself the opportunity to succeed by applying yourself. Pursue your goals with determination and enthusiasm and live life to the fullest.

Good-Luck,
Dennis W. Siddons

Unique Teaching Tactics

Round Tabling Your Work

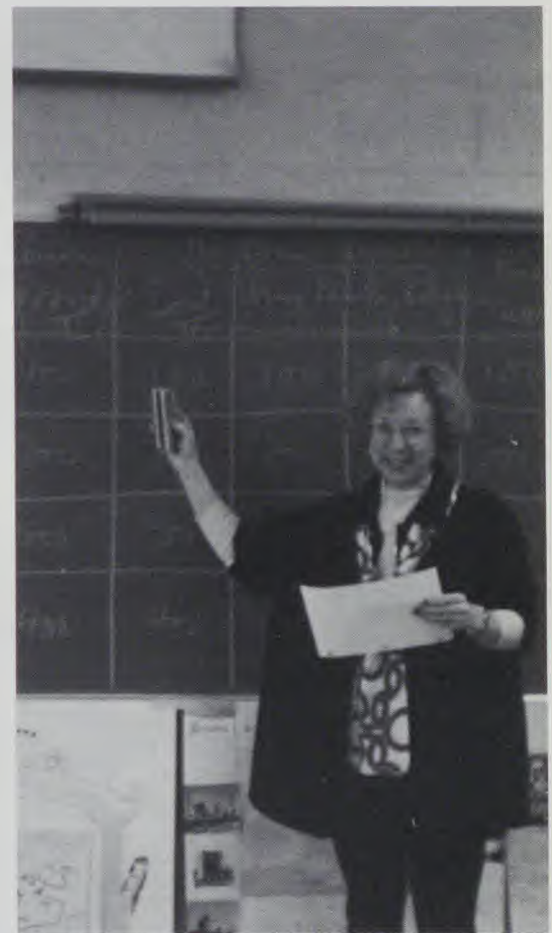

Angel Collazo, Mike Comba, Jessica Evans, Aaron Basarab, Aimee de Chavez and Lou Ciacciarelli participate in a round table evaluation in Mrs. Grace's first period class.

In Mrs. Grace's English classes and journalism class, the students receive a different approach to correcting their work. Before the students turn in their finished essay or article, they have the chance to "round table" their work. During this round tabling, students read each other's papers and offer constructive criticism. These comments are meant to provide the students with the opportunity to get a different opinion on their work and then to revise it before handing it in.

Every teacher in the high school must teach the same things, but they all have different ways of getting through to the students. From Jeopardy to acting, all types of styles can be found at CHS.

"What is....."

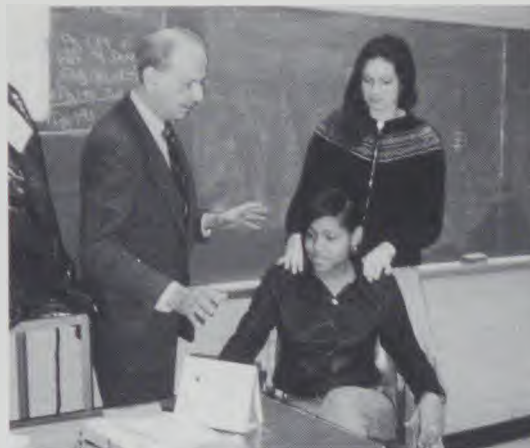

Mrs. Krugman asks her students the various Jeopardy! answers as they review for mid-terms.

"To be or not to be, that is the question."

Amy Panza as Ophelia, Mike Comba as Laertes, Lou Ciacciarelli as Hamlet and Marta Hoffman as Gertrude present this scene study of Hamlet

Mr. Spaldo directs Aliah Davis as Gertrude and Jessica Evans as Hamlet as they prepare to present one of the famous scenes from Hamlet

In Mr. Spaldo's 4th period theater class, not only do the students read plays and learn about them, but they also get the opportunity to act them out. They are assigned lines and are expected to learn them with the feelings and emotions that a normal actor would have to know. Some students get so into it that they come up with costumes to wear during class and even get props to enhance their performance.

One way that Mrs. Krugman reviews for a test is to play Jeopardy! She assigns the students categories to create answers for and then plays the game the next day in class. It combines learning with a little bit of friendly competition!

Teachers Are Not Just Teachers

A teacher's life just doesn't end when the bell rings at the end of the day. It goes way beyond that. Sometimes they chaperon dances or they go home to take care of their families. Here is a sampling of how diverse our faculty is.

Miss Mincieli

Q. What do you do during the summer when school's not in session?

A. "I'm very fortunate to be able to do anything I want or absolutely nothing during the summer. I am in the process of trying to grow roses, catch up on some reading, visit friends I haven't seen, but generally I just relax."

Q. What are some of your hobbies?

A. "I don't have anything I consider a hobby, but I do enjoy reading, crossword puzzles, decorating and redecorating my house and shopping on QVC!"

Q. What was your first job?

A. "A summer job for Union City Rec. Department. I did arts and crafts in schools."

Mrs. Grace

Q. What is the most fulfilling part of teaching?

A. "Seeing kids 'turn-on' to literature."

Q. What is your biggest pet peeve?

A. "People who are impatient, especially when nothing can be done about the problem."

Q. What is the toughest part about teaching?

A. "1. Keeping up with the paper work.
2. Keeping things fresh and projecting enthusiasm."

Q. What was your first job?

A. "Selling toys at X-mas time for the local Sears."

Mrs. Singura comforts Santa (Mike Comba) during the Christmas Parenting party.

Q. What was your first job?

A. "Waitress at a hotel in the Catskills at the age of 12!"

Mr. Riley

Q. What type of work do you do during the summer?

A. "I write for a weekly saltwater fishing magazine(84 articles published so far!). So I do a lot of 'field research' at the beach."

Mr. Simon

Q. What was your first job?

A. "I started teaching at Carteret High School the year after I graduated from Montclair State. Thirty years later..... When I was in high school - part time preparing food for a fast food restaurant. I made salads and fried fish."

Q. What do you hope your students will learn from you?

A. "I have always wanted my students to grow and mature and learn that it's easier to have a positive outlook about life than a negative one. Life is a lot more meaningful and fun that way."

Q. What type of work do you do during the summer?

A. "I am a Certified Pool Operator. I help to operate swimming pools at large condominiums."

Mr. Fossa plays Santa at the Band Dance in December.

A Very Special Tribute; To A Very Special Person

Mrs. Sansone is always coming up with new projects for the Latin Club and the German Club to participate in.

When you look back on your education, there are those few outstanding people who you remember. When you talk about your high school, these are the names which dominate your conversation. Latin and German teacher Mrs. Sansone is one of these people.

At the end of this year, CHS will lose the 32 years of exceptional teaching Mrs. Sansone has brought to the students of Carteret. She will be greatly missed because she was much more than a teacher to so many people. Mrs. Sansone was a friend to everyone she came in contact with, but to some extremely lucky people she was more than a friend; she was a mentor.

It's no mystery why Mrs. Sansone was such a great teacher; she loves teaching. She explains that teaching was her greatest pleasure. Another reason why she was so effective was because she truly cared for all of her students. She showed all kids equal amounts of attention and was open to criticism and new ideas.

Mrs. Sansone has taught both Latin and German classes. She was also the advisor of the clubs for both these languages. She went out of her way to organize things within the clubs which she thought would be both fun and educational. This was done solely for the benefit of the students.

Former student and Latin Club President, Bridget Connors, was quoted as saying, "I'm extremely grateful that I got the opportunity to be taught by Mrs. Sansone for four years. In those four years I was fortunate enough to build a special relationship with her that I will cherish for a lifetime. She's much more than a teacher to me and I'm sure I'm not the only one that feels this way. She will be greatly missed."

A Very Special Tribute To:

Superintendent, Mr. S. Louis Panigrosso, will retire after 34 years of service in the Carteret school system.

Mr. Panigrosso started teaching social studies in 1964 at Carteret High School. In 1970 he became Chairman of the Social Studies Department and part time director of Adult Education. Mr. Panigrosso stayed at this position until becoming Principal of Lincoln School in 1976, and then Assistant Superintendent in 1991. In 1994 he was appointed to his current position, Superintendent of Schools.

Senior Mike Comba has fond memories of Mr. Panigrosso as Principal of Lincoln School. "He was a good Principal. He always remembered your name and would talk to you and ask how you were doing. He always kept the school in line and left a fear in the students. There aren't too many Principals like that anymore."

While Mr. Panigrosso was heavily involved in teaching, he also found time to be an advisor from 1968-1970. Larry Lewis, who still lives in Carteret and was the last Student Council President to serve under Mr. Panigrosso, commented, "Mr. Panigrosso was a very nice man. More than an educator, he was a leader. He was very in-

spirational. Like many people in the Carteret System, he's inspired me to be what I am today."

"He has always been kind and caring to everyone as well as possessing a great sense of humor," reminisces Ms. Holowatch, Mr. Panigrosso's secretary. She has known him since 1972 when, "...he was a social studies teacher and I was a Senior at CHS. Although I didn't have him as a teacher, at that time, upperclassmen, on occasion, would run errands for teachers. My daily errand was to get coffee for members of the social studies department prior coming to school."

She explained with a smile, "Mr. Panigrosso has always been dedicated to the staff and students of our school system. It was a pleasure to work for him and I wish him health and happiness in his retirement."

Mr. Panigrosso loved all the positions he has held but

feels that, "...teaching, that's where it's at..." When asked about his various positions, he replies, "When your career takes a different path, you accept the challenges of the position and do the best job possible."

Vice Principal of Minue School and close personal friend, Mr. Salvatoriello explains that Mr. Panagrosso is very much the family man, as well as a professional.

"He enjoys spending time with his family and grandchildren. His life is pretty much centered around them. He also spends a great deal of time doing community things. He was a of Grand Knight of the Knights of Columbus and also an active member of his

local parish."

Mr. Sal has known Mr. Panigrosso for 33 years, starting when Mr. Panigrosso was a student teacher and, "right off the bat we became friends. He is very down to earth and has a good sense of humor. We always had alot of

contact on the job and maintained family friendships off the job, weddings, family functions... even today we speak on the phone. At the end of the day we call each other and commiserate. He liked to play tennis and beat me all the time... and he loves Chinese food; whenever we go out to lunch we are always winding up at a Chinese restaurant."

"He is a very approachable person... many students felt he was approachable, very comfortable and had an informal personality, yet they learned alot and he was very knowledgeable," commented Salvatoriello.

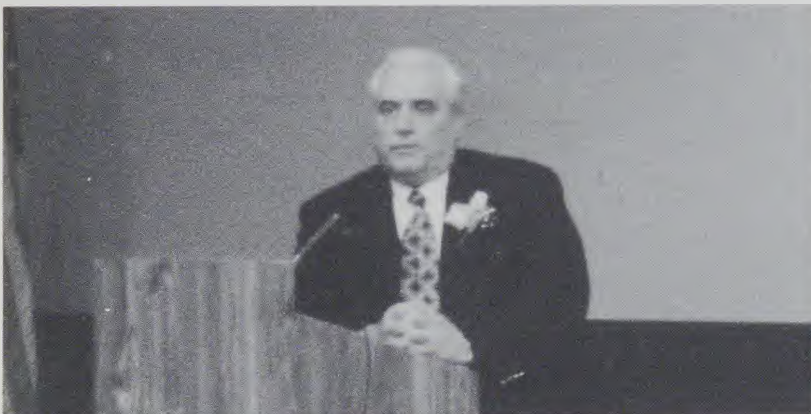

Mr. Panigrosso has, "mixed emotions about leaving, but I leave with a sense of gratitude to have been able to serve in so many capacities. Every decision I've made was with the best interest of the students and staff. If anyone remembers me, remember me as a person who put students and staff first; especially the students who are the real jewels of the Carteret community and of its future."

No immediate plans are in Panigrosso's future, but he feels that he, "will still stay involved in education but certainly not on a full time basis." For right now he just wants to "pursue some interests and enjoy life a little."

Two Very Special People!

Mr. Anthony Spaldo

English and Drama Teacher Mr. Anthony Spaldo is retiring at the end of the semester after 28 1/2 years of service to CHS. His official announcement of retirement came in late November and was a shock and disappointment to most of his students. Senior English student and Drama Club member Aaron Basarab commented, "I was very disappointed at first, but I was glad I had the chance to know him and learn from him. He's a great man and I'm sure he will succeed with whatever he chooses to do with the rest of his life."

Mr. Spaldo began teaching at CHS in 1969 and began as a General English teacher. In 1970 he was asked to take over directing the school's plays and teach Drama classes. Spaldo has directed every play since then. His plays included: "Up the Down Staircase," "Damn Yankees," "Return of the Pink Panther," "David and Lisa," "Our Town," and most recently "Fame."

"I've been in the Drama Club for all four years and although I'm sure this year's play will turn out well, I can't believe I'll be doing my last drama production at CHS without him as director," is what Senior Amy Panza replies when asked about Mr. Spaldo's

retirement.

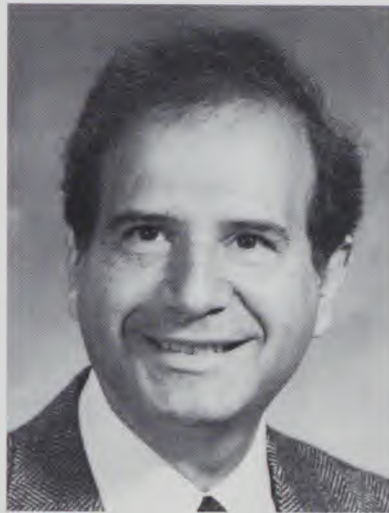

Mr. Spaldo has taught a variety of classes throughout his years at CHS, presently including Honors English IV, Theater I, and C.P. English I. Junior Theater student Lou Ciacciarelli comments, "I thoroughly enjoyed Mr. Spaldo's theater class; it was a very lively and fun class, yet constructive at the same time. I really felt I learned something."

In 1979 Mr. Spaldo began teaching Honors English III along with Mrs. Grace. This "team teaching" method worked out well according to Mrs. Grace. "We complemented each other between our strengths and weaknesses. His knowledge of drama supplemented my forte for writing."

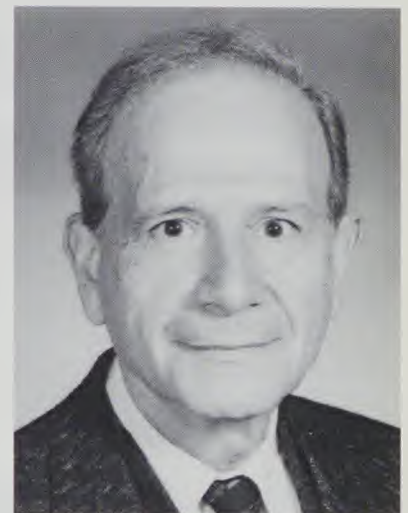

The future sees Mr. Spaldo teaching Theater courses at Fairleigh Dickinson University next semester. He will also be starring in a play with his wife at Drew University in March.

Spaldo's final comment to the students and faculty that he has interacted with over the years is that "With my retirement from Carteret High School, I feel I am entering the next stage of life. My interest has always been theater and acting and my hope is to continue that in this next life."

Mr. Spaldo will be greatly missed by both students and teacher alike when he leaves.

Mr. Spaldo has always enjoyed working with students especially when it come to producing the play.

You Will Be Missed

Please do not go,
how can we say goodbye,
to such a great director
and a terrific guy.

You were always there,
a helping hand you'd lend
not only as a teacher
but also as a friend.

In class you'd make us
laugh,
show us learning can be fun,
never let us give up
never quit till we were done.

But on stage you were
a different man, we saw
acting in a whole nother
way,
you made it enjoyable
every year in return im-
proved every play.

When you leave this year
please know we believe in
you,
and this year when we
do the play
we dedicate it
to You.

Many of us participate in clubs here at CHS and are always doing something for them. Most of us have become very active holding positions such as President, Editor or Treasurer. Our dedication to these clubs plays an important part in our lives. We either are asking a teacher to sign a permission slip for a trip or asking a teacher to be excused from class to work on something. Either way these clubs have taught us what dedication really is and how to work together in order to achieve something.

Fundraisers

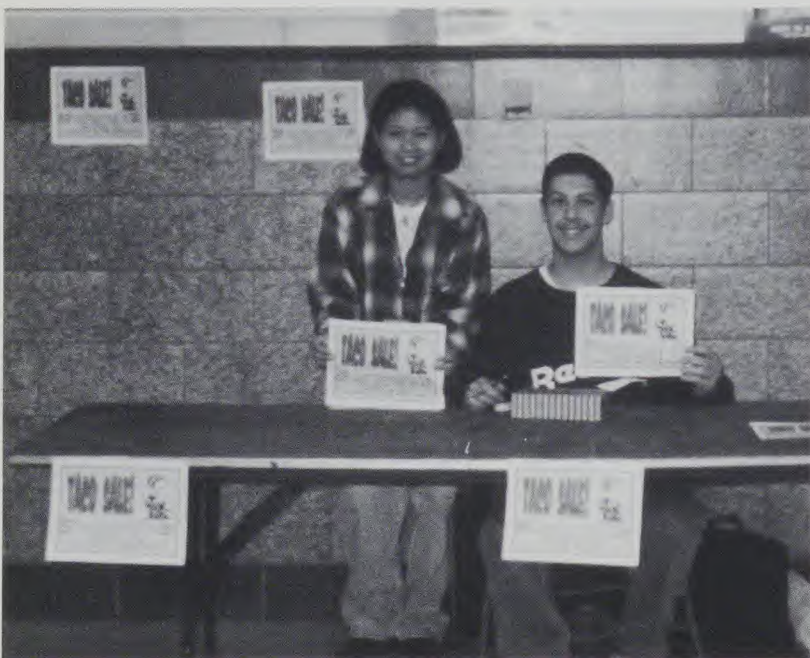

What's the one thing that never seems to end here at CHS besides the school year? FUNDRAISERS!!!!

It seems as though someone is always selling something different or in some cases, the same. Fundraisers are a necessity where the area of clubs and activities are concerned. How would all those trips get funded? None the less, whether the organization is selling lollipops or advent calenders, whether the cause is raising money for the needy or just getting a little extra money for that end-of-the year party, they all have one thing in common: they're raising money. And that's what makes the fundraising aspect uniquely the same.

Jackie Garcia and Paola Caeiro help support the Spanish Club by participating in their annual Blow Pop sale.

"This year, the Spanish Club held its first Taco Sale. The tacos were presold the week before and distributed during activities period to those who had purchased them. This sale was a huge success because the profits exceeded \$100 which was over our set goal. Due to the success of this sale, the club members will not have to pay for their trip to New York later in the year."

-Sammy Stellato, Vice President, Spanish Club

"When we started the toy drive 12 years ago, we were able to service 35 children. This year, we serviced 324 children. This can only be attributed to the generosity of the community and our school. With the help of the HRC members to buy, co-ordinate, and distribute the toys, my job is made easier. It is a great feeling to know we have helped so many children."

Whitman Attends Ribbon-cutting Ceremony

By: Michelle Maskaly

Governor Christine Todd Whitman visited Carteret on September 10, 1997, to tour LM Foods' plant.

LM Foods is a food manufacturing company brought to Carteret through the Urban Enterprise Zone. The intent of an Urban Enterprise Zone is to entice companies to come to the town because the sales tax is reduced. A company only has to charge 3% sales tax and the other 3% goes back to the town.

During her tour of the plant with Mayor Peter J. Sica, the head of LM Foods, Mr. Park, and members of the Republican party, she saw what the company produces and how they operate.

As the Governor made her way out of the plant tour, she was greeted by Carteret citizens and employees of the company. Whitman spoke about Carteret and businesses, such as Mr. Park's, where the Urban Enterprise

Zone can benefit both the town and the company. She added that, "Everything we do is about people."

A co-sponsor of the bill which made Carteret an Urban Enterprise Zone, former Assemblyman and current State Senate candidate, Stephen Mikulak, was also at LM Foods that day. In a press release, Mr. Mikulak stated that, "While a member of the Assembly I worked, along with local officials like Pete Sica, to attract businesses such as LM Foods to the town..."

In response to Governor Whitman's visit, Mr. Park explained, "We at LM Foods deeply appreciate your visit today. It is a great honor and encouragement to all of us."

Governor Whitman's visit was sparked by a letter the mayor wrote to her. In the letter Mayor Sica wrote, "I am requesting your attention and attendance in a ribbon-cutting ceremony..."

Mr. Park, Governor Christine Whitman, and Mayor Peter J. Sica toured LM Foods before speaking with employees and the citizens of Carteret.

Martinez & Rodriguez Crowned

By: Lou Ciacciarelli

Edgardo Martinez and Cynthia Rodriguez were announced 1997 Homecoming King and Queen at Carteret's football game against Edison on Friday October 24, 1997.

It was a typical Autumn evening and the stadium was buzzing with excitement. Carteret was up by two, and everyone's attention was focused especially the 10 homecoming finalists, as they rode in on four limousines donated by Mrs. Karolowski, Mrs. Green, Melissa Markowitz and Mike S... Among the finalists were: Juan Amador, Matt Hoffman, David Howard and Allison Karalowski, who was runner up, and in the position of... The guys were Mark Nichols, Marcella White, Andrew... and Kevin... who were crowned prince.

Edgardo and Cynthia both admit they were a little nervous, for all their friends were attending the game. Even though Cynthia was nervous, she still managed to have fun. "Marella and I were singing through walkie-talkies we were driving around the track," she said laughing. Both were shocked when they heard their names, especially Edgardo who was very happy to win, but reluctant to wear his crown. He claimed "it looked like a bucket."

Homecoming chairman, Michelle Maskaly claims that Homecoming is great when everything begins to come together, but "I have to admit that the whole committee was going crazy that day, hurrying to get everything done before the start of the game." Michelle would also like to thank everyone on the committee, who helped with the banner and balloons, and for making this Homecoming "One of the best ever."

Rambler Football to Repeat?

Team cheers for opening victory at pep rally on Oct. 19

By: Mike Comba

The 1997 Carteret Ramblers football campaign has gotten off to a good start with the Ramblers holding a 2-0 record and being ranked #2 in the county according to The Star Ledger. The Ramblers, the defending Central Jersey Group II Champions and G.M.C. Blue Division Champions, have seven returning starters on offense including third year running back Aldes Vasquez. The defense will feature eight returning starters led by second year senior linebackers Kevin Freeman and John Panikiewsky. Head Coach Jeff Weiner is back at the helm of the Ramblers for a seventh season holding a 18-10-2 record at Carteret.

The Ramblers had a busy pre-season which included a week of camp and two weeks of scrimmages. The pre-season featured scrimmages with such teams as South Brunswick, Bayonne, Passaic Valley, and South River. The scrimmages proved to be successful for the Ramblers as they showed gradual improvement throughout the pre-season.

The Ramblers opened up their regular season on the road on September 20 against the Dunellen Destroyers. The Ramblers offensive and defensive combination dominated with a 54-0 victory. Carteret's scoring included scores by Seniors Mike Morton, Aldes Vasquez, Jeff VanWort, Junior Joshem Reed, and Sophomore Brian Joseph.

The Ramblers home opener was against New Brunswick where the Ramblers defeated the Zebias 17-0. Sports are definitely an important aspect of CHS life. Everyone supports our teams no matter what. Whether our football team is scoring touchdowns in the snow or our softball team is hitting homeruns in the rain; students, parents, administrators, board members & the community come out to support our players. Our players are also dedicated athletes that balance both everyday high school life & the joy of playing their sport.

Rambler Football

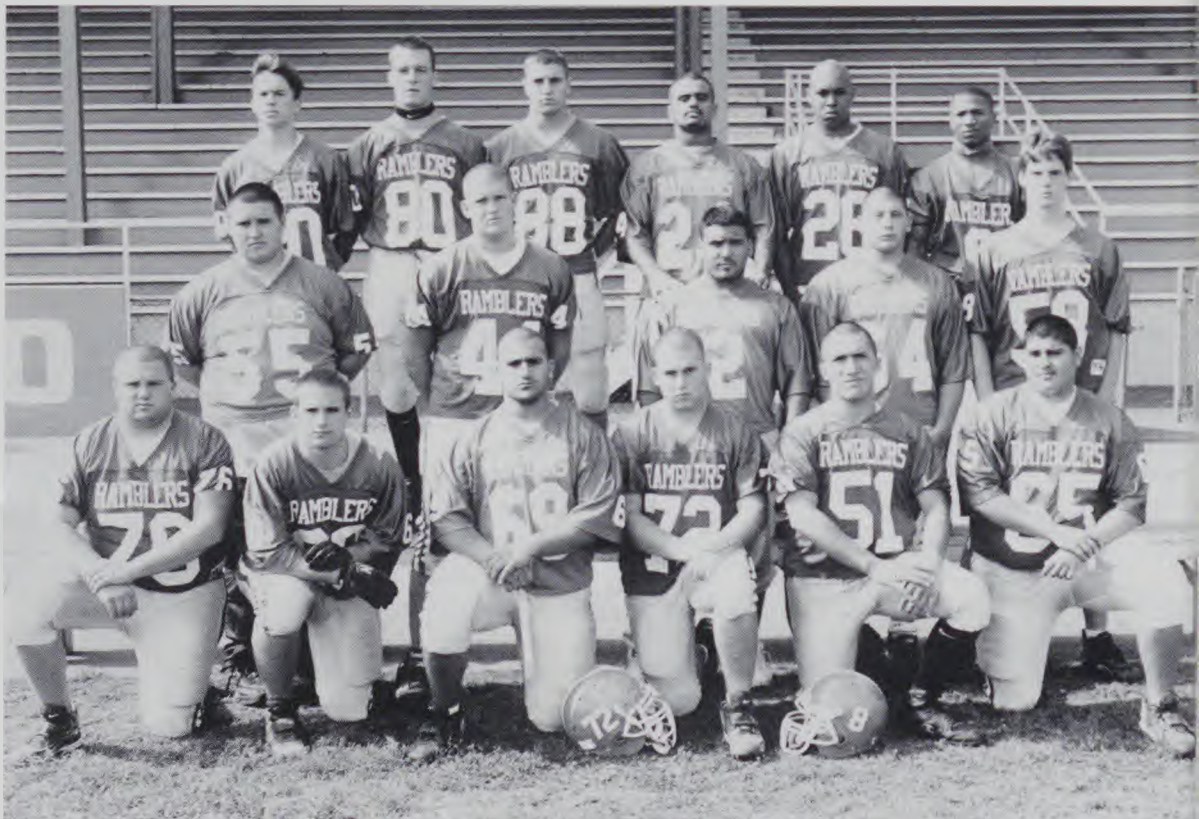

The 1997 Rambler Football team had another successful season. The Ramblers had the task of defending both their Greater Middlesex Conference Blue Division Championship and the Central Jersey Group II Championship. Behind the guidance of Head Coach Jeff Wiener and his staff, the Ramblers had a season with a record of 9-1. They repeated as Greater Middlesex Conference Blue Division Champs and won every game on their regular season schedule. They earned the number three seed in the Central Jersey Group II semifinals, but suffered a disappointing loss to Manasquan.

The team's outstanding offense was led by Senior Quarterback Mike Morton, Senior Tailback Alcides Vasquez, and Junior Tailback Rasheim Reed. The "Wolfpack" defense, led by Senior Inside Linebacker Kevin Freeman, kept their opponents to a bare minimum.

Since this was Coach Wiener's last season, a huge void will have to be filled next season as an era of the Carteret Football tradition comes to an end.

As returning state champs, how do you think this year's team performed?

William Flores

"At times we performed up to our ability. Our coaching staff had us up and ready for every game. We had to overcome a lot of adversity this year, but we stuck together. As a team, we were one year stronger, smarter, and more experienced. The offense played up to everyone's expectations while the defense performed beyond these standards."

Kevin Freeman

"I feel that we performed well, but many positions have to be filled by the underclassmen. If the positions can be filled by play-off time, we will do well. If not, we will have some difficulties."

John Panikiewsky

"Overall, I feel we did a good job, but, as a senior, I feel we could have done better. The team played well together, but there is always room for improvement. Our loss in the playoffs was a very disappointing game for me. I feel we could have performed better."

Rambler Football Cheering

What would the Rambler Football season be without the 1997 Rambler Football Cheerleaders?

Under the direction of Coach Grace Cunha, this year's team is a bit larger than previous ones. With many new faces, the team has made some adjustments in order to prepare for this season. With the help of Senior Captains Allison Karakowski and Amy Panza, and Junior Captain Melanie DeBella, the girls started practices during the summer. Formal practices began once school started. With little time before the first game, the cheerleaders had to learn many cheers and routines this year during their after-school time.

As the season progressed, the girls possessed a spirit that was evident on the field as well as off. They bonded together as a group with a lot of pride. After all of their hard work, they cheered their team to victory in a successful season.

As captain, what will be your most memorable experience this season?

Allison Karakowski

"My most memorable experience would have to be all of us girls working together regardless of the situation. All of the girls cheered and gave their all every single game. As captain, I was very proud of them."

Amy Panza

"My most memorable experience has to be the Voorhees game. All of the cheerleaders agreed to cheer out in the rain, sleet, and cold. We couldn't even feel our feet, but we kept on cheering."

Freshman Kristin Lloyd is "up in arms" while her fellow cheerleaders help her out.

Rambler Cross Country

The 1997 Rambler Boys' Cross Country team finished with an exceptional record of 8-1. The team was lead by the strong Senior class which included Jason DeAngelo, team M.V.P. who set a new course record at home; Anthony Panza, who consistently finished in top positions; Isaac Momperousse, who received the coaches' award; and the three other seniors -- Mike Burke, Bryan Madajewski, and Dwayne Ellis. All seniors had a strong, competitive season. With the loss of these seniors, the team will have a difficult time filling the void for next season.

The 1997 Rambler Girls' Cross Country team did not have as great a record, but this was by no means a reflection of how they handled each meet. This year's team was very inexperienced. The girls worked very hard together as a team while some of the veteran runners tried to beat their best personal times. The team basically consisted of freshmen and newcomers. Senior Iris Perez and Junior Jasmine Batts were the leaders of the team. Next year's team looks promising with the return of the younger members.

What personal goals did you set for yourself this season?

Isaac Momperousse

"One of the personal goals I achieved was that I was able to beat a lot of runners that I didn't last year. Another one of my goals was to try to make the most out of every practice."

Iris Perez

"The personal goals that I set for myself were trying to get back to my best time, or beating the best time of the year, and being a role-model for the younger members of the team. My goal is to never quit."

Rambler Boys' Soccer

With the loss of many starting seniors, the 1997 Rambler Boys' Soccer Team experienced a year of rebuilding. Although they finished the season with a disappointing record of 0-11, the team has gained valuable experience and has obtained a unity among the players.

Under the direction of Coaches Duncan, Scheno, Sisko, and Masse and with the help of the senior captains, the team pulled through the season. With many returning underclassmen, the CHS Boys' soccer team is looking forward to a productive season next year.

Even though this was a disappointing season, what contributed to the team's sense of togetherness?

Pappu Patel

"We had a young group of players with a great love for the game. Along with this, the captains provided leadership through the season to keep the team motivated. Winning or losing wasn't the most important thing. Working hard, playing a good game, and having fun was what kept us going."

Anthony Sisko

"Since the majority of the team was juniors, there was a strong bond among the players. The seniors were there for guidance. Next year the team will be senior oriented. They should have a good season."

Rambler Girls' Soccer

The 1997 Girls' Soccer Team made history this year by becoming the first girls' Varsity soccer program at Carteret High School. With this accomplishment came a full schedule and a tournament in Bordentown.

The soccer team, led by Coach Kathy Dillon, ended the season with a record of 3-8-1 with wins against St. Peters (2-0) and New Brunswick (5-0). The team's last home game was a win in overtime against Dunellen (3-2).

With the help of the team's five senior captains, the girls had an excellent season, regardless of wins or losses. Next year, with many skilled returning underclassmen, the team looks like they will have another promising season as girls' soccer takes its place among the fall sports at CHS.

How do you think the team performed this season as a first-year Varsity squad?

Jessica Forrest

"I feel that the girls' soccer team's performance was outstanding. There is a lot of talent on the team. Our only drawback was our lack of experience. We had both wins and losses but always stuck together. With talent and more experience, next year's team will be more competitive. As a captain, I was proud."

Jen Massa

"I feel we did exceptionally well. We lost a lot of valuable players but gained ones with good speed and skill. The team worked well together both on and off the field. Even though our record was 3-8-1, I feel we performed better than expected."

Rambler Girls' Tennis

The 1997 Girls' Tennis team underwent a bit of readjustment this season with the loss of four key senior starters to graduation. Leaving voids at first singles, third singles, and first doubles meant this year's seniors would have to step up to fill the shoes of aces- Bridgette Quimpo, Heather Binda, Karen Giameo, and Katie Holden. They did just that.

Senior Kasia Toczyłowska took the job at first singles while Kristina Warianka adjusted to second singles after playing her last three seasons at doubles. Third singles was handled by Senior Jill O'Donnell.

First doubles was played by Yoona Han while Junior Emila Wawszczyk and Sophomore Jessica Green shared time as her partner. Second doubles was played by Freshmen duo Agatha Delgado and Lisa Delgado. Also seeing some action was Freshman Leigh Greenberg.

What will you remember the most about this year's season?

Yoona Han

The team is under the guidance of Mr. Turco for his second year as head coach. The starting duties were handled by seniors Mike Orlando, Marc Nichols, Herman White, and Mike Morton. The fifth starting position was won by Junior Dale Johnson. Coming off the bench and doing a fine job were Will Gonzalez, Edwin Torres, and Danny Bruno.

Lady Rambler Basketball

The 1997-1998 Lady Rambler Basketball season is well on its way, and under the guidance of Coach Dotegowski and leadership of the returning players, it proves to be a successful one. However with the new season came the loss of five players to graduation, but with the return of three experienced starters and many talented players, the Lady Ramblers are counting on another winning season.

The team is led by senior co-captains Barnabie Agatep, Carolyn Kitz, and Jill O'Donnell. Starters for this season include Kitz, O'Donnell, Junior Jasmine Batts, and Freshmen aces Daphne Bell and Kelly Keating. They are joined by Agatep, Junior Jaime Hill, and Sophomore Kim Wolf. Although the team seems young with two freshmen guards, the potential on the roster speaks for itself.

As a senior, how do you think this year's team will do?

We're enthusiastic about starting this season, and we work well together. As long as we all keep the same goal, to go as far or farther than last year's team, than I think we'll surprise everyone, especially the competition."

Kristie Krowl

"Many people this year, see our team as the underdog, but I feel this year's team is going to surprise many of those people. Just as long as we continue to work hard as a team and remain focused, we should come out on top."

Kristen Tulli

"I feel the team will do fine if everyone plays at their best position, works together, and communicates with each other."

Senior Barnabie Agatep: cool, calm, and collective.

Rambler Spring Track

The 1998 Spring Track teams are off and running into another great season. They are starting with a revamped coaching staff.

Coach Shadell has returned after a four year leave. Joining him are Coach Karatz and newcomer Coach Ra, a former all-state thrower.

The team is looking for leadership and is hoping the underclassmen will progress and help at the end of the year. In sprints, Senior Celay Vasquez is hoping to lead the way while Seniors Jay DeAngelo, Anthony Panza, Isaac Momperousse, and Bryan Madajewski take over the distance positions. Throwers include Seniors Mike Almonte, Mike Comba, Mike Wilcomb, and Al Wienckowski.

For the girls, Coaches Lozak and Hansen are looking for upperclassmen to guide the way. Seniors Iris Perez and Frecia Tapia are the long distance runners this year while Junior Jasmine Batts is the team's sprinter. In throwing, Coach Hansen is counting on Junior Jaime Hill to add experience to the team.

Jay DeAngelo

"To get well soon and being able to watch the team and myself compete in the GMC's and State's."

Frecia Tapia

"As a senior this year, I would like to be able to make it to all the practices and meets. Also I hope to be able to help some new-comers gain confidence on the track."

Rambler Boys' Tennis

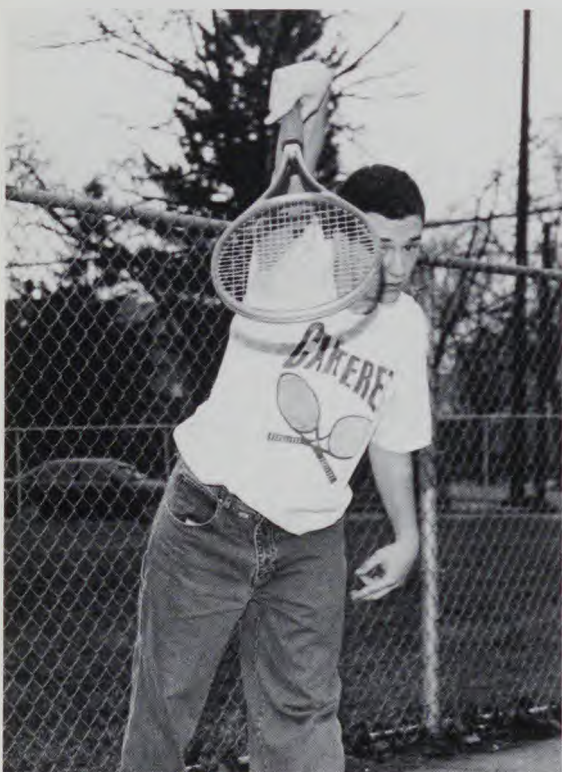

The 1998 Rambler Boys' Tennis team is ready for yet another season. This year the team returns with more experience than last year, considering most of them are returning players.

The team consists of about ten players under the leadership of Senior captain Anthony Sisko. Other returning players include Juniors T.J. Raguseo, Rich Pogorzelski, Robert Chalfant, Ricky Tarrant, Chirag Shah, John Santoro, and Sandro Ippplito.

With the whole season ahead of them, the team is looking to improve from last year's record.

Varsity- Row 1: R. Pogorzelski, J. Guarino, G. Opiola, R. Tarrant, P. Morquillas.

Junior Sandro Ippolito demonstrates his backhand.

Junior Robert Chalfant concentrates on his swing.

Sports Spotlight

What do you think will be the team's greatest strength this season?

Rich Pogorzelski

"Our greatest strength this season will be that we work well together as a team, especially with our double partners."

T. J. Raguseo

"I feel the team's greatest strength will be our experience. Being that there are many upperclassmen on the team, they can pass their knowledge of the game to the new players."

Senior Anthony Sisko follows through with his shot.

Junior T. J. perfects his form for the upcoming game.

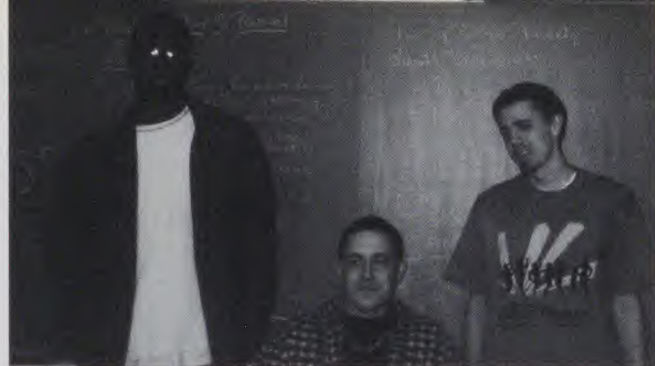

Junior Jonathan Santoro prefers a one-handed shot.

Junior Ricky Tarrant uses his amazing forehand to win another match.

Like father, like son: Senior captain Anthony Sisko and Coach Sisko take a time-out from practice.

The students and faculty of CHS couldn't ask for a better community than Carteret. No matter what the situation or problem, the citizens of Carteret are always there looking out for our well-being. This includes people of all ages and all backgrounds, which is what makes it so special. When there's a football game being played or money that needs to be raised, the Carteret community is there to cheer us on and help us out. Everything that happens at CHS would be unachievable if we didn't have the support of fellow citizens of Carteret.

Juniors Dana Momperousse and Dorothy Oge, Sophomore Jessica Bobel and Freshman James Torres can't wait to return to CHS after Christmas vacation.

The Class of 1998 is very unique, which is illustrated throughout this yearbook. Uniqueness doesn't just deal with the way people dress or the way a club fundraises. There are other similarities such as people having the same name or the same birthday. Some people have the same name, but spell it differently! These all contributed to the Class of 1998 being unique!

Anthony Panza & Amy Panza

Michael Irizarry & Pablo Irizarry

Happy Birthday...

Michael Irizarry, Dwane Ellis & Pablo Irizarry are all born on February 26.

Erin Fruscella & Michelle Maskaly are born on September 22.

Marta Hoffman & Mike Wilcomb are both born on March 20.

Dear CHS Students:

While looking through the 1998 *Loudspeaker*, I hope memories from your Senior year have flashed through your mind. In order to produce this yearbook, a lot of dedicated people stayed late, worked during their lunch and came in early to meet their deadlines. This year's staff tried to change things around and move away from traditional yearbooks. Thus, we chose a theme of uniqueness, to show how diverse CHS really is. Everyone did a great job of portraying this in their respective sections and throughout the book. I would also like to thank the entire staff for working together and always being there to help each other with their layouts or whatever they needed. All of this would not be possible if it weren't for one very special person, Mrs. Grace. We would like to thank her for her guidance and especially her patience with us.

On behalf of the entire yearbook staff, I would like to congratulate the Class of 1998 and wish them good luck.

Editor-In-Chief,
Michelle Maskaly '98

Congratulations! You've accomplished one of your goals in life by graduating high school. Through the years, it was a little rough, but you hung in there. Now you must move on to a new challenge.

Go and do your very best and remember that the Lord is always with you and you must keep him in your heart. We're proud of you and know you will do well in whatever field you choose to go in.

Love,

Allison

18 years ago, God gave us a special gift - a baby girl - "Our princess." Now our baby girl is a beautiful woman (but still a princess!) As you face your future filled with endless possibilities, our prayer for you is that your life be filled with happiness, contentment, and love. Remember to keep God in your life -- He will always guide you to do what is right. You have been blessed with many wonderful gifts -- use them wisely and never underestimate the power these gifts hold. Even through our ups and downs, you've always given us reason to be proud of you. We, too, have been blessed to have you for a daughter & you'll always be our "little girl."

Love, Mom & Dad

Carolyn

From your first gymnastics meet to your last basketball game, you have always made us very proud. Your spirit and determination when competing are reflected in all that you do. You give everything your best. You are truly a remarkable person, and you deserve all the great things the world has to offer. Good luck in college and remember that we will always love and support you.

Love,
Mom, Dad & Mark

Little Buddy

Words can not describe how proud we are that you have grown to be such a beautiful, caring person. We want you to know that WE LOVE YOU and we will always be here to support you. We pray that your future will be as bright as your smile. May God Bless You and Keep You In His Care.

Love always,

May all your dreams and wishes come true. . . . There will be challenges in your life, but with your strong will and determination, we know you will succeed in all you strive for. We LOVE you more than you know and are so proud of what you accomplished in your 17 years.

We know you loved your Grandmas, cheering, animals, cruises, chocolate, being in charge, and your family and friends.

We also remember your strong dislike for clowns, parade bands, boots, your beautiful curls, sleep, buzzers, and taking orders. These are the things that make you the strong, caring and loving person you have become. . . . "OUR STACY."

Go out and conquer the world. It's waiting for you.....

WE LOVE YOUNOW & FOREVER.....

Mom, Dad, Joseph, and Susan

Congratulations Anthony

Believe in yourself, trust, hope, dreams, kindness, truth, appreciation, neatness, hugs, love, marriage.

Never be negative, angry, critical, a gambler, a bad loser, a drug addict, an atheist, late, speeding in a car.

Try to keep these in life and it will be good to you.
With love and prayers,
Mom, Dad, Colleen & Mickey
