*It's all about the memories.. High school is full of memories - the good times, the bad times, and everything in between. A yearbook is a place where all those memories are stored, a place you can go back to any time you want to.*

*The theme of this year's yearbook is Step into the New Millennium. So what's it mean? As our lives in high school come to an end, we must be ready to face the challenges of the new millennium and start a new chapter in our lives - as we Step into the new Millennium..*

**Above:** Members of the CHS Marching Band gather for a picture before the Halloween Parade down Carteret Ave.

**Left:** "Where's that book?" Seniors Aalok Patel and Rob Chalfant try to find the right book for their project.

Jaime Hill conducts the Rambler Band as they play a "Tribute to Motown."

Nicholas Lloyd, Louis Spadaro, Niraj Bhatt, Richard Tarrant, and Chirag Shah can't help goofing off while trying to work on their Science Olympiad project.

Kimberly Aleksandrich and Liz Welch hang out on the steps of the main staircase before homeroom.

T.J. Kaminsky can't hold it in after getting his Calculus test back.

Paulina Urena, Michelle Antwi, and Rana Loutfy take a break from the stresses of the yearbook deadlines!

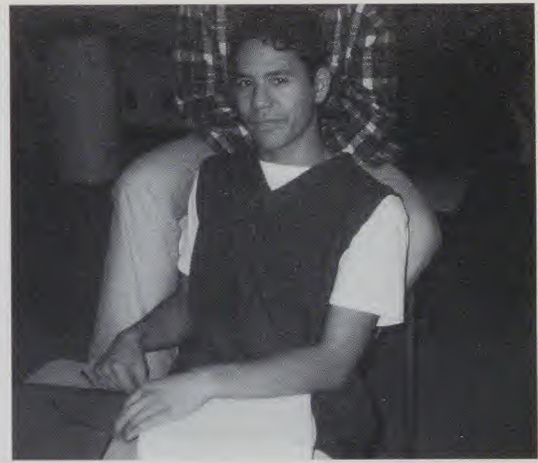

Jen Deli, Rich Pogorzelski, Peter Spoganetz, and Jamie Krum await Mr. Karatz for their first health class.

Brian Puccio, Matt Kacsur, Jen Rodriguez, T.J. Raguseo and John Santoro help Rich Pogorzelski keep his balance after losing a bet.

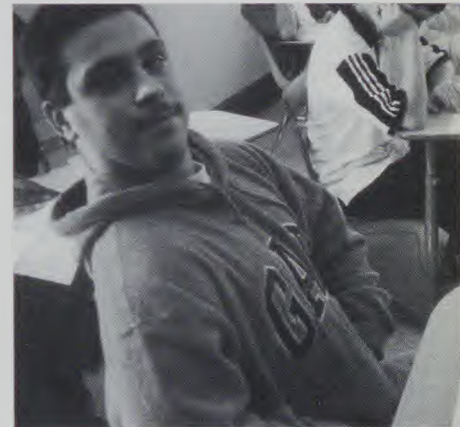

Fran Natividad tries to pay attention to Mr. Krakower's lecture on politics.

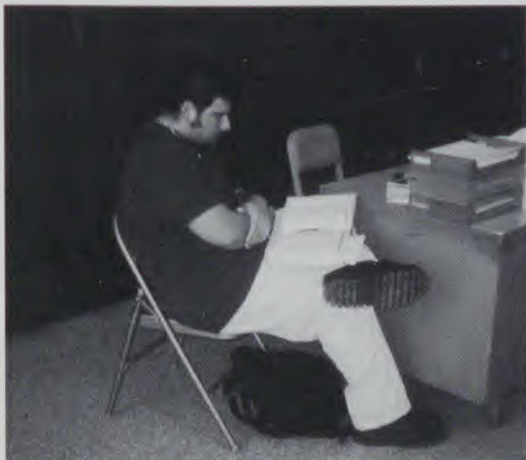

Finally we're Seniors, ending just one of the many chapters in our lives. As we entered high school, we entered a whole new atmosphere, with new people, new places, and new attitudes. As the years went on we developed into mature young adults awaiting one of the most important days of our lives - High School Graduation. This year we experienced things for the last time as CHS students. For some of us it was our last football game, our last dance, our last favorite class. The following pages are filled with these memories that will last in our hearts as we step into the new millenium!

Jim Conti solos to the song, "How Sweet It Is to Be Loved by You."

Tim Fiore sits back and takes it easy in Mrs. Grace's English class.

Louis Spadaro takes his time to read Homer's *Illiad* for the big English test.

Rob Bates rushes through the Eagles' defense to score another touchdown during the Carteret-Edison game.

It also captures important aspects of a student's life such as friendship and spending their time outside of school. The way people express themselves, such as what they wear and the way they look, set certain trends presented in our school. Whether it is in school or just hanging around, students set the standards for student life. The experiences we have both inside and outside school, is what we will remember the most about our class as we step into the new millineum.

# Ring & Homecoming Dance

October 22, 1998 marked CHS's Ring and Homecoming Dance. This annually celebrated event provided a "welcome back" atmosphere for the whole student body. An evening of Rambler spirit provided the perfect backdrop for the Junior Class of 2000 to receive their long awaited class rings. Their anticipation was relieved that night as they followed the tradition of having friends turn their new ring toward the pinky. After all the turning was finished, many of the Juniors chose an important person in their life to lock their cherished rings.

The celebration of student activity also began that night with the announcement of all 40 Class of 1999 Homecoming Nominees.

Matt Gomm and Gabby Navarro are enthusiastic about signing Tim Bassin's ring autograph sheet.

Ian Wentworth shows us that "He has the power." with his new class ring.

Juniors Kim Wolf and Melissa Gormley rejoice in receiving their long awaited class rings.

Kira Barker, dressed in her soccer uniform, gets her ring turned by Abena Okyere. Her dedication to the soccer team forced her to miss the dance.

CHS couple Lou Spadaro and Jessica Bobel embrace each other after Lou made the traditional turn of Jessica's ring.

**Above:** Senior Rich Pogorzelski walks over to stand with rest of the finalists after receiving his certificate and flowers.

**1998 Homcoming Queen Nominees:** **Row 1** - Carissa Costa, Paola Caeiro, Jackie Garcia, Jasmine Batts, Jamie Krum, Jaime Hill, Liz Welch, Kim Aleksandrich, Claire Distefano, Rana Loutfy, Bobbie Jo Edgar, Paulina Urena, Myra Rodriguez, Melanie DeBella, and Sandy Holt. **Row 2** - Nneka Keshi, and Jenn Rodriguez. **Row 3** - Dorothy Oge, Michelle Antwi, Felicita Ramos, Dana Momperousse, and Nikki Gregory.

Sophomore Marcus Rosario seems to have found a good place to sign yet another ring autograph sheet, the back of Sean Bucsak.

**1998 Homcoming King Nominees:** **Row 1** - Dale Johnson, Fernando Novio, Jim Conti, Josh Forsythe, TJ Raguseo, and Joga Singh. **Row 2** - Lou Ciacciarelli, Peter Spoganetz, Lou Spadaro, and Jorge Agosto. **Row 3** - Nicholas Lloyd, Ross Delconte, and John Witkowski. **Row 4** - Nelson Sanchez, Matt Kacsur, Rich Pogorzelski, and Horacio Corrales.

For the Class of 1999, the Homecoming Dance meant a little more than just a rallying of school spirit. This event would ignite a string of events that the Senior class would call their last: School events such as SADD Week and the HRC Luncheon as well as events a little further from home like the senior trip to Williamsburg, Virginia and the Dinner Dance at The Shadowbrook.

# Cultural Diversity

Students at CHS are lucky in that they are exposed to many different races and cultures. Throughout their four years at CHS, the Class of 1999 has learned to accept as well as appreciate these varied backgrounds. The following is a compilation of seniors and descriptions of their home lands and/or their beliefs.

At

CHS

*Cevoy Lewin*

-- Jamaica is a beautiful island of tropical fruits and exotic flowers. The climate is always bright and sunny. The children run around and play in the grasses while their mother does the laundry out outside. I personally believe that the best time of the year in Jamaica is Christmas. The night before Christmas is called "Grand Market Night" when everyone goes to the shopping area to dance and shop. At the age of ten, I moved out of Jamaica, along with my dad and sister. It was very hard leaving my mom behind, but I thought about how my life would improve in America.

*Leticia Fraser*

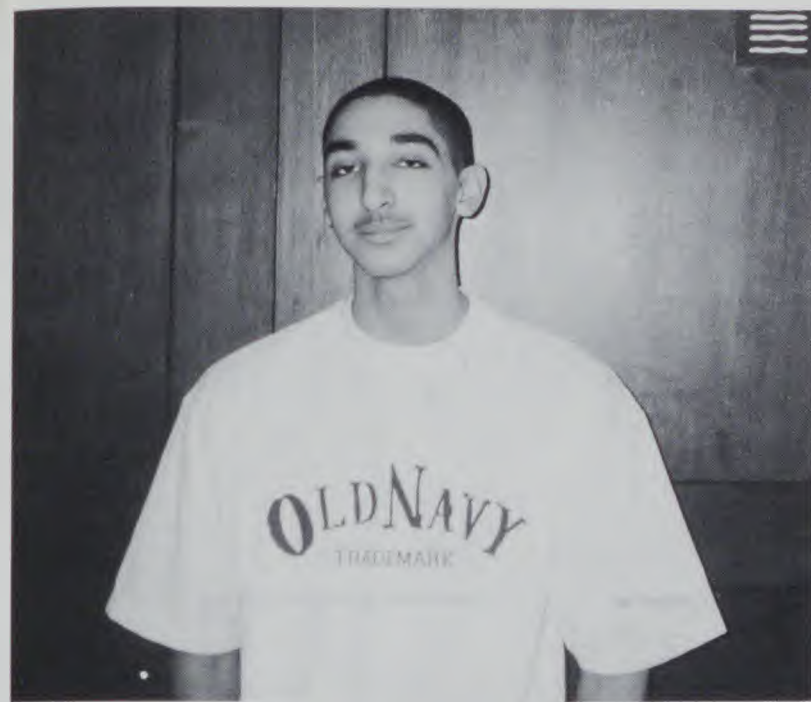

-- Guyana is a wonderful country. Once you're there, it is like paradise. The climate is hot. It is a place where you would go and relax. In Guyana, the children run around naked while their parents are busy baking.

In Guyana, the grass is always green; it is never a dull day. We party every night. It is a country that never sleeps. There is always something new everyday that excites us all.

I left Guyana at the age of nine. The reason for that is I wanted something better in life. Therefore I fled my home town in search of a new life. Leaving my grandparents behind was hard, but I still hold them in my heart.

The best time in Guyana is Pagua Day. The country itself goes crazy. The people dance, drink, and even get naked. It is like letting yourself roam freely. There are no rules or chores.

*Mohamad Negm*

Being Egyptian is truly a blessing. Not many people know about Egypt, so when I tell them about it, they are awestruck. Cultural diversity in school is an extremely beneficial learning factor. We can all learn something from each other. The human race is like a Crayola box -- many different colors but they're all special.

*Chirag Shah*

The only "challenge" my religion has placed on me is not being able to eat meat. The basic principle of Hinduism is nonviolence, even towards animals, so it stresses a vegetarian diet.

Growing up in America being a vegetarian was a matter of choice for me, so you could say it hasn't really been a "challenge" *per se*.

*Rana Loutfy*

-- I am a proud Muslim and one of the principles of the religion is to work for excellence - in all its aspects.

In all I do, I give my best effort and use my utmost capabilities. I hope I am making my parents, friends, and the people of my religion proud.

## HRC Luncheon

The annual HRC luncheon is an opportunity to sample the cultural foods of the students in the high school. Every member of the club has the chance to prepare an authentic dish from his or her native country. The many dishes, including appetizers, main courses, and desserts, are set up in the cafeteria for the HRC members to enjoy.

# Senior Take~Over Day

## Student's Perspective

*Paulina Urena*

*"I enjoyed it very much because the teacher was so cooperative and the class behaved exceptionally well. Teaching the class was easy, but i realized all the preperation, patience & diligence it take to run a class.*

*Niraj Bhatt*

*"I was a little nervous about how the kids would react, but they were very attentive and seemed to learn something. I just hope the students had as much fun learning as I did teaching."*

## Teacher's Perspective

*Mrs. Angelucci*

*"It was wonderful how easily students made the change from being a senior to becoming a staff member. It was great to have the day off and sit in the back of the room."*

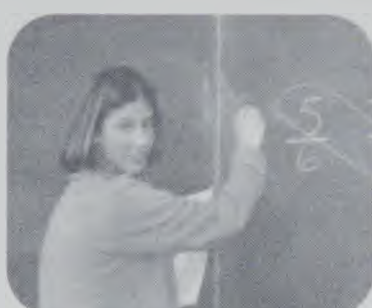

*Mr. Skiba*

*"It was a great experince. I always thought that the best way to learn (and teach) is to put the student into the teachers shoes, and it went great. It was fun also, because as a student, I ended up with 120 minutes by 1st period alone!"*

# Sibling Rivalry

"It's good to see him in the halls sometimes"  
-Niraj Bhatt

"My sister and I are very close, and I love her very much. I'm really glad that for two years we went to school together. I'm going to miss her."  
-Rana Loufty

"Even though we disagree sometimes, I still care for her." -Nick Lloyd

Brother and sister Mike and Felicitia Ramos find a way to "clown around" even in school.

Jessica Green, Myra and Joanna Rodriguez. stick together no matter what.

Brothers Danny and Mike Ward chill with one another in the hall.

## THROUGH THE YEARS...

*Through the years, many friends come and go but there is one friend who will always remain, a brother or sister. When you need a friend to talk to or have a problem, they can be found easily or are just down the hall. To have a brother or sister in high school is a great experience, because no matter what, there is someone who can understand you.*

Twins Anthony and Edwin Torres meet at their lockers before class.

Dorothy and Stephanie Oge show that "sisterly love."

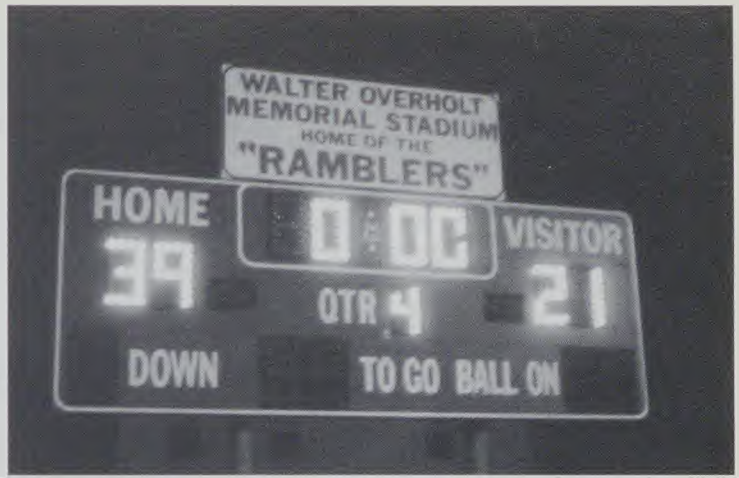

Niraj and Biren Bhatt always make time for fun.

**Left top to bottom:** Give me a **C!** Gve me an **H!** Give me an **S!** What's it spell? **CHS.** Rambler Cheerleaders like to show their support for the football team by spelling out CHS during the Band's rendition of *Rock and Roll Part II*. **Right:** Does this look familiar? Everybody will remember the Rambler score board, perhaps a reminder of all those Rambler victories.

*Cheering for the football team is something that lets us girls feel like part of the game.*  
*-Melissa Gormley*

1998 Stat Girls Amanda Rynkiewicz, Jessica Weisenhorn, Michelle McFadden, and Kelly Keating, step into the spirit at the home game against South River (Broadcasted on Comcast Television).

Another amazing football play by Rob Bates. The most exhilarating part of the high school experience for many people is attending a football game.

*Rambler Spirit*

**Win or Lose:  
 Carteret Forever!!!**

From our football games to the band competitions, Carteret plays with **Heart**. Whether we win or lose, we always show the best of CHS school spirit. Through it all, the Rambler Football team is always supported by the Rambler Marching Band and Rambler Cheerleaders. Their supreme dedication at every school event is always appreciated by the student body and will be remembered for years to come.

The Rambler Marching Band's Colorguard troop the stands before the game.

# THE 1999 TALENT SHOW

On March 12, 1999, the Student Council sponsored our first Talent Show since 1977. With the help of advisors Mr. Farrell and Mrs. Lopez, the Talent Show was a great success.

The 12 acts included singing, dancing, and comedy and each of the contestants did an outstanding job. This show case allowed many students to display their unique talents to their fellow students.

This sell out production will hopefully be repeated in the future! This is a night the student body will never forget!

**Voices of Glory** - Kristen O'Neill, Kathleen Bredy, and Jillian Velasquez

**Dance Hall Queens** - Latesha Lewin, Tiffany Creece, and Cevoy Lewin

Michelle Antwi MC's for a portion of the night.

**Latino Forbidden Dancers** - Jesus Rodriguez and Yeraldi Villalongo

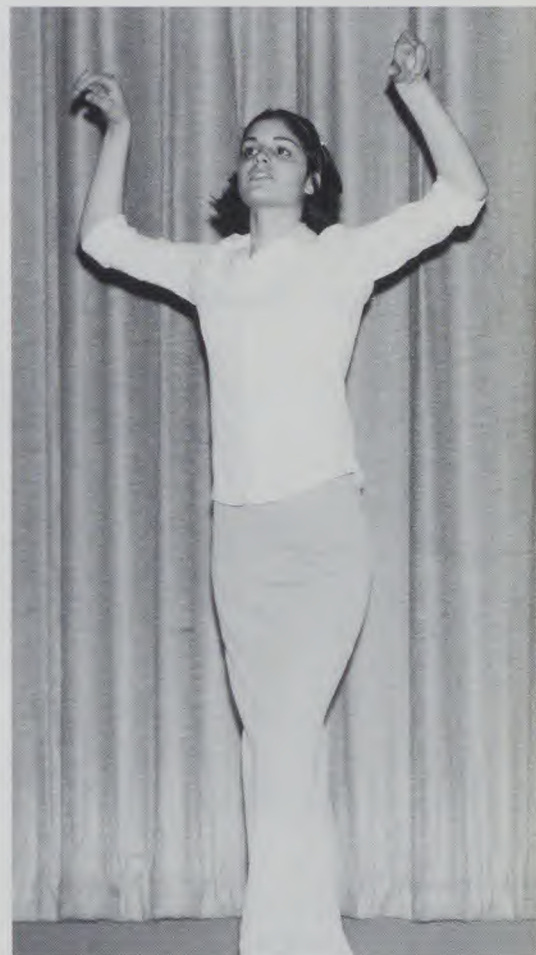

**Sisterly Connection** - Toni Ann Phillips, Dana Momperousse, Sujeily Pacheco, Nneka Keshi, LaToya Repollet, and Jasmine Batts

*Lawan Moore*

**First Place: "T.O.B."** Iris Colon, Tabby Bowers, Lawan Moore, Jaywanah Baker, Danielle Dickson, and Latifah Washington.

*It was a great feeling to win and it was a big surprise because there were other acts that shocked me. The talent that CHS has is amazing. All in all, I had fun and it's an experience that I will not forget.*

*Tabby Bowers*

**Second Place: Brotherly Connection** - Nashba Punter & Anthony Crosson

**Third Place: Trippen** - Candice St. Juste, Chanele Joines, Shanese Caldwell, & Latoya Tappen

# Lights! Camera! Action!

Chanele Joines shows the crowd a taste of her medicine.

LaToya Repollet and Jasmine Batts are moving to the beat!

Cevoy and Latesha Lewin wave their country's flag as they perform.

Kathleen Bredy & Kristen O'Neill sing their hearts out.

# Work It!

Besides academics, activities, sports, and music, the students of CHS **WORK!** Some leave school early in a special Co-op program, while others handle part time jobs along with their full day of classes. Why would young teenagers do this? There is only one universal answer. **MONEY!**

**Right:** Bobbie Jo Edgar and Pete Spoganetz are experts in the field of kid's clothes. After all, they do work at Kid's R' Us.

**Right:** John Santoro loves to spend his Friday nights at Walgreens, especially when he gets to sweep.

## Job Spotlight with TJ Kaminsky

I believe that getting a part time job when you turn 16 is a great idea. I also think that getting a job close to home is important too. Working at Shop Rite gets knocked by many people.

I think that it is a great place to get a job: the hours are flexible, it's only a few blocks from the high school, and the people are easy to work with. It may not be as high paying as the jobs at the mall, but at least you belong to a union, and receive benefits, which is good if you don't plan on going to college after high school.

Starting a job as soon as you can is a great idea, and shows a great deal of responsibility as well. After all, when you turn 16, the Junior Prom comes and people want to get their own automobiles, so it's nice to get some cash in your free time.

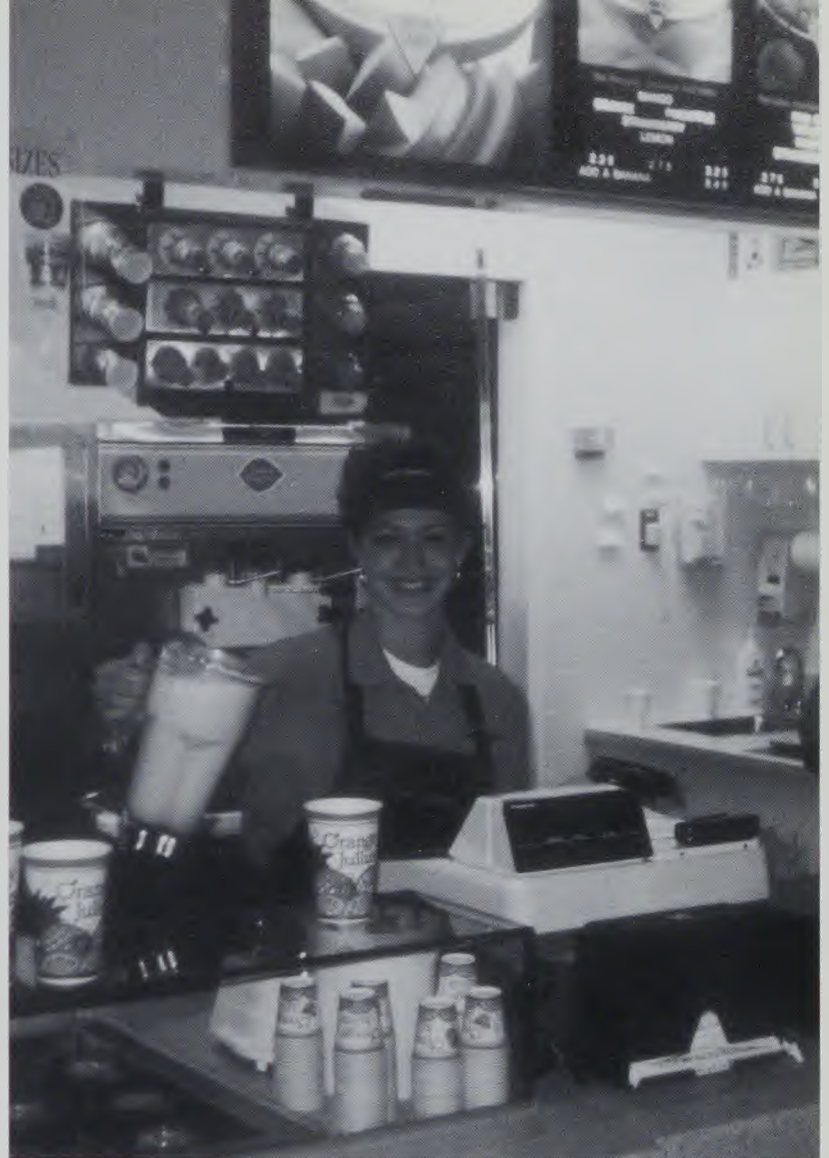

**Below:** "Lets go for a walk outside, the sun is calling our name." Aalok Patel loves to whistle this while he sells TV's in the electronics section at Sears.

**Right:** Melanie DeBella was transferred to the new Dairy Queen in the Woodbridge Mall for the holidays. She is normally employed at the Dairy Queen in Rahway.

**Row 1** - Chris Braun, Jamie Basha, Claire Distefano, and Stacy Sahol. **Row 2** - Milan Mraz, Andrew Tiplady, Horacio Corrales, T.J. Kaminsky, and Ferdag Ozgun.

**Above:** Daphne Cueto fixes mounds of batteries at Walgreens. She, like John Santoro, can not think of a better way to spend a Friday night than making the bucks at Walgreens.

**Left:** The price must be "rite" at Shop Rite. Look at all the Class of 99 members who are employed at this famous Carteret grocery store.

*A memory is a very precious thing and we must hold on to our high school memories for as long as we can . . . .*

### Freshman Year 1995/1996

*"The walkout! Our first year and already we were trying to make a difference."*

*"Sixth period lunch brawl! Chairs and garbage went flying."*

*"Our first pep rally!"*

*"Freshman boys run for their lives! The boys would get out of school as soon as possible so the Senior boys didn't get them."*

*"For the first couple of months of school we all used the main steps to get to each floor so we wouldn't get lost."*

### Sophomore Year-1996/1997

*"Bomb threat! The whole school got out early."*

*"Delta Theta Omega D. T. O.! The start of the first sorority in High School. Pledge week too."*

*"Mud Bowl I! Everyone was slipping in the mud during the football championships."*

*"Our first step show in C.H.S!"*

*"Class rings were ordered!"*

*"Everyone was making plans to see Mr. Shadell during activities period to see if they could retake the written driver's test."*

*"Fire drills!"*

*"...And more fire drills!"*

*"Dissection! The entire science class smelling like formaldehyde."*

*"Our first and last Fashion Show!"*

# Everyday of high school held a special place in each one of our hearts . . . .

## Junior Year-1997/1998

"Ring 'Dance!'"

"Junior Prom! Truly 'A Dream Worth Keeping.'"

"Knowing who your date was the first day of school!"

"S.A.T's!"

"The Titanic trip! Practically all of the class went."

"Smoke bomb! Early dismissal again."

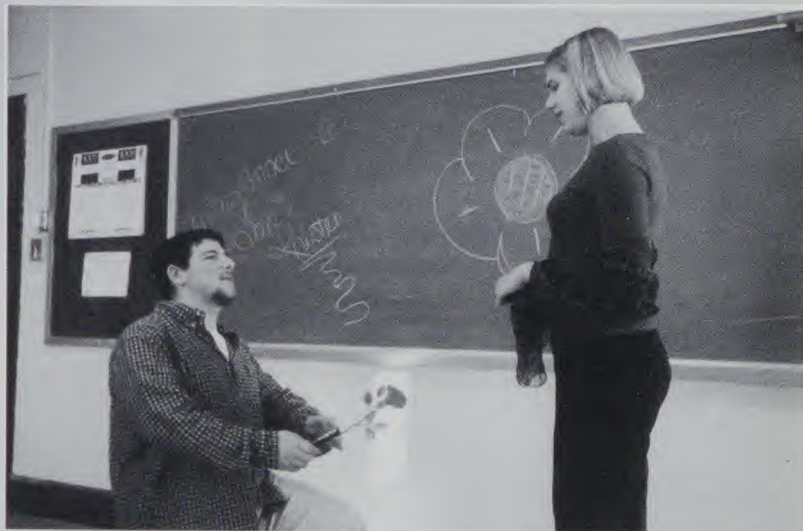

"Getting permits and licences!"

"Our last pep rally!"

"Stressing senior year...and still being Juniors."

"The Military recruiters trying to get everyone to be 'All They Can Be!'"

"Playing 'Shakespeare in Love' in Honors English!"

## Senior Year 1998/1999

"Stressing college applications and acceptances."

"The Talent Show!"

"Girls basketball winning the Blue Division for the first time ever."

"Homecoming 99"

"Fire drill in the rain even before school started."

"Boys varsity soccer actually winning more than one game."

"S. A. D. D. week...grim reapers, assembly, and the crashed car out in front of the school."

"Football Games!"

"Half time shows!"

"There was never ever any heat in the building and we got sent home a few times because of that."

"The most memorable thing during my high school experience was the time I was in the lunchroom freshman year, and the biggest fight I ever saw occurred. Twenty people were throwing chairs, fists, and food." - Peter Campece

"The most memorable thing about high school was how much I grew up through the years, all the obstacles I had to defeat, and all the friends I made." -- Jamie Krum

"Besides making new friends, my most memorable moments was the Junior Prom. It was the only time everyone looked and acted their best!" - Ruby Siddhu

**Above:** Sophomore Maria Quinones and Junior Eddy Perez take a break from dancing during the 1998 Homecoming/Ring Dance

Jackie Agosto, Lauren Bradley, and Danery Pacheco get ready to watch a video on the wonderful world of cooking with Mrs. Leona Schuyler of the Pennsylvania Culinary School..

**Above:** Sophomores Marilyn Cano and Madelyne Rodriguez finish putting up their maps of South Ameirca in Spanish I

**Above:** Juniors Wayne Johnson, Dave Bittner, and Mike DeCamp hanging out by the ticket booth.

Sophomore Joshua Pross, Juniors Jessica Bobel and Ursula Strojan get something to eat after performing the Rambler halftime show.

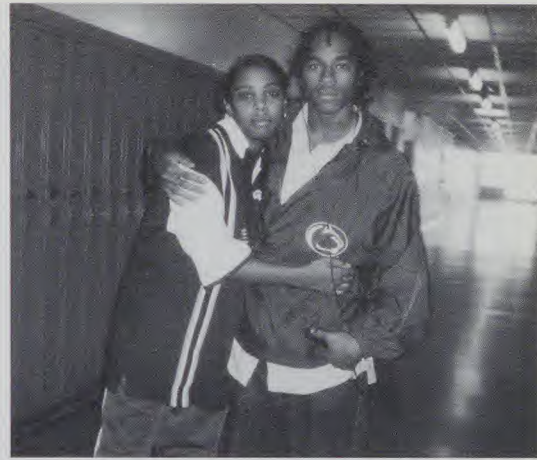

Freshmen Jaun Caeiro and Paul Primian stranded, waiting for their ride after school.

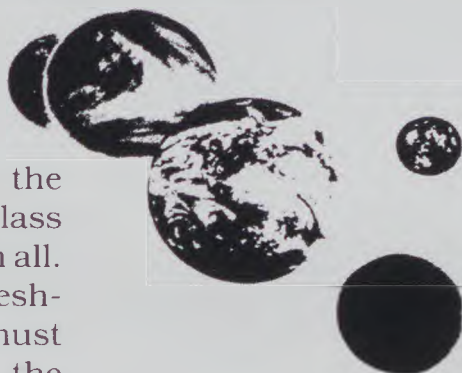

Junior Jessica Walsh waits outside during one of the countless fire drills (planned and unplanned) during the year.

Junior Danielle Dickson and a Sophomore Jarazell Bull cuddle before the big game against Manasquan.

From the "little" Freshman to the "know-it-all" Juniors, the Underclass section captures the spirit of them all. This year is very difficult for Freshmen, due to the fact that they must adjust to a new school. This is the year for the Sophomores to order their class rings, while the Juniors received their rings at the ring dance and attended the most anticipated night of any High School student - the Prom. Even though they still have some years left at Carteret High School, what they do now will be the memories they will bring to the new millennium.

Junior Melissa Mescallado takes a break from painting the mural in the science wing.

Freshman Erick Hetmanski gets ready for football practice with his lucky hat.

"It wasn't my fault!" Junior Winston Nelson practices with the Jazz Band during the early morning practices.

Sophomores Irina Khmel'nitskaya, Kelly Keating, Robin Ciacciarelli and Sophia Ramos can't help laughing in the middle of a lab in chemistry.

When the Class of 2002 entered CHS, we took this step as our next challenge in life. After a few months of adjusting, we are now used to the high school.

Fundraisers are being sold to help raise money. Although it took some time getting used to the whole concept of this new school, our unique class is ready to move on and take on the challenge.

The Class of 2001 has taken that step from "little Freshmen" to the upper Sophomores. We are proud of all our accomplishments, and we know that we will continue to take those mighty steps along the way.

We hope that this year will be as exciting and challenging as last year, as we continue to fill our lives with numerous memories of high school. I know that I am speaking for the whole class when I say that we are happy to be sophomores, and look forward for whatever is to come.

This year has put an end to the boring and tedious stage of school and brought forth the beginning of an exciting one.

Throughout the years, the Class of 2000 has lived up to everyone's expectations. Testing is finally done, and all our rings are on our fingers. The money just keeps coming, but we are anything but greedy. We raised over \$900 in pennies this year alone, and donated it to an ill boy in Carteret. Our prom was unforgettable, and we hope that next year will be the same.

The new millennium is expected to bring change, but the Class of 2000 will always remain the same.

These people are the ones who you see everyday walking the halls and in classrooms - the staff and administration at CHS. This group of dedicated adults makes sure we learn what we need to be successful in the "real world." This uniqueness in teaching is what makes CHS such a great school!

# Principals' Message...

Mr. Siddons poses while relaxing after a gruesome day's work.

Congratulations to the Class of 1999

As you move forward in your lives, the administration and staff of Carteret High School extend our best wishes to you for a happy, healthy, successful future. We take pride in the fact that your successful accomplishments reflect on the hard work and efforts put forth by this staff. We hope that you utilize the skills and knowledge gained here in Carteret High School and that you reach all your personal goals. We hope that the lessons learned in the classroom, on the athletic field, and in the club activities are the foundations that help develop your future.

Your four years here reflect the changes from adolescence to adulthood. You will now move forward into college, careers, marriage, and family. This will be an extraordinary challenge for each of you; a challenge you are all prepared to accept. For many of you, the next level will be as smooth a transition as was elementary school to high school. For some, the next challenge may require you to push yourself beyond limits that to date you have not attempted. Push yourself beyond those limits. Reach for goals that will provide you with the happiness and security that you deserve. When you attain that success, you will realize that many of the people who assisted you were those who touched you in this building. We appreciated your contribution to Carteret High School and look forward to your future contributions to communities in which you become active.

Good Luck!  
Dennis W. Siddons

It's been a wonderful experience to guide and assist you through these last four years. Now, as young women and men, enter the next phase of your life with enthusiasm and passion. Think, work, play, love and dream, for the future depends on you. Take time to look out for each other! Do not lose your soul, your essence, in the high-tech confusion.  
Good luck and God bless.

Love,  
Mary Sorge

Senior Vice Principal Ms. Sorge diligently sorts out problems with students.

# Faculty and Staff

Throughout our high school years, there is always at least one teacher or person who will make a great impact in the way we will choose to lead the rest of our lives. These people should be noted for their patience and understanding for their students. The result of their influence will guide and help us take a step into the new millennium.

# Stress Factors...

Memories of the mind boggling "test fest."

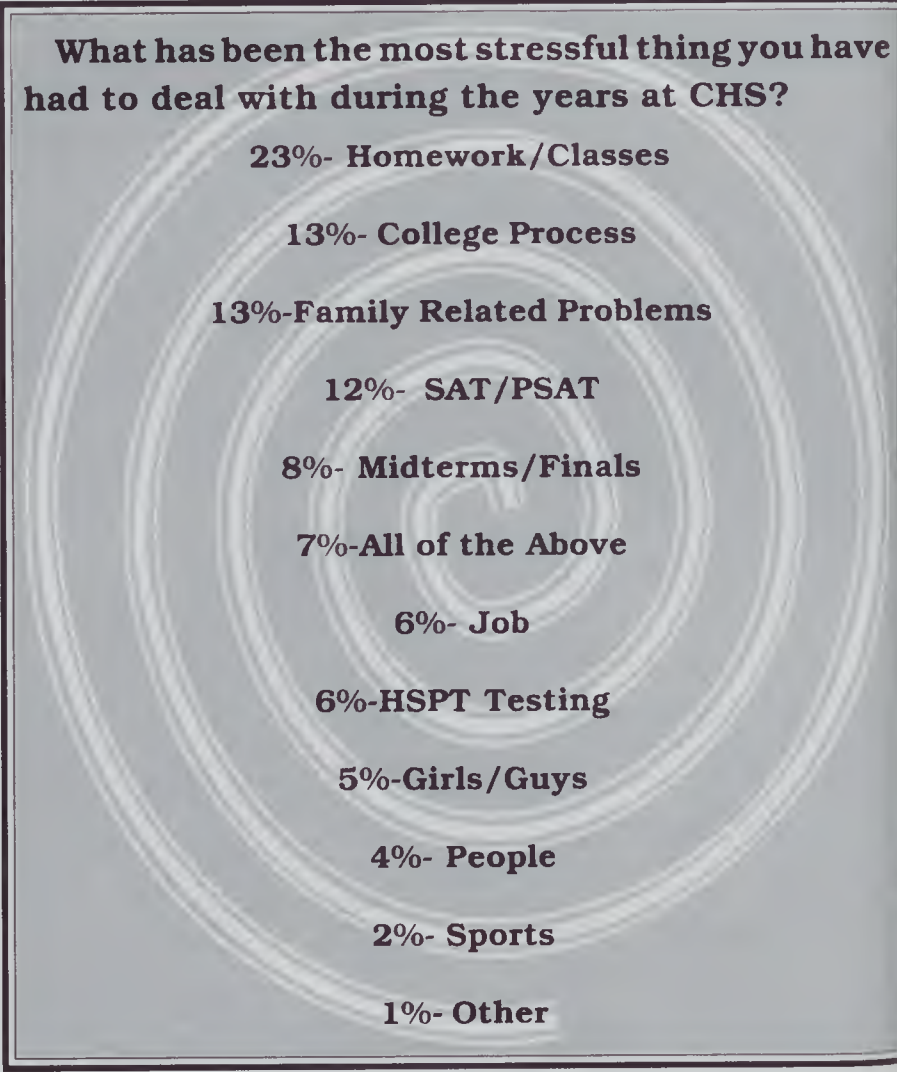

Stress is something that affects all students, but mostly seniors. Between college applications, SAT's, PSAT's, family, and pressure from everywhere, it's hard to concentrate. In some cases, they must struggle between keeping their grades up, holding down a part-time job, and living up to their parents expectations. Others have a care-free style. No matter what you relate to, stress is something that is common in all of our lives.

Remnants of college, scholarship, and testing notices.

Miss Cerami, Senior Guidance Counselor, is that little voice in your ear reminding you of all your deadlines.

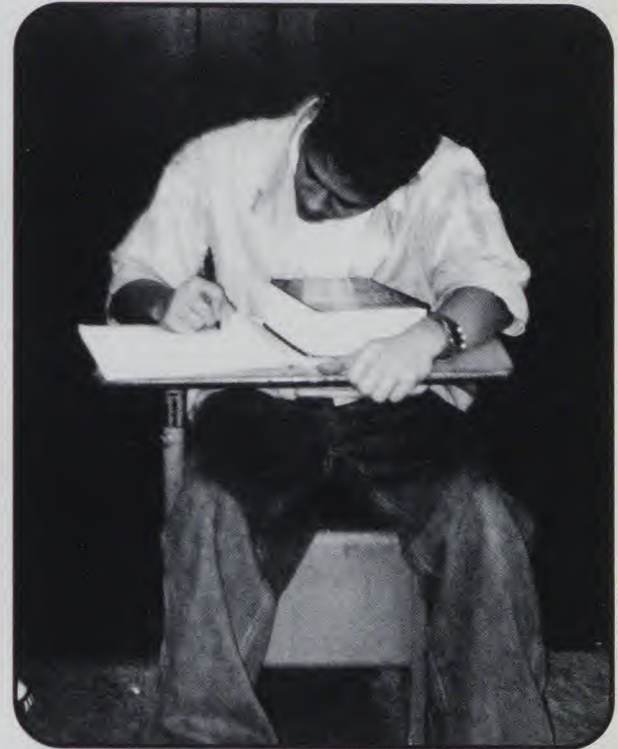

# Dealing With Stress!

**A:** Basically, I react to them by uttering "What?!? Are you saying something?"

**Senior Jamie Krum**

**Q:** What was the worst part about the Junior Year October HSPT/PSAT testings?

**A:** Preparing for them was the worst.

**Senior Moe Negm**

**Q:** How do you deal with stress while balancing school, a job, and volunteer work?

**A:** I try to manage my time wisely and sometimes I just take a breather and chill.

**Senior Daphne Cueto**

**Q:** What is the most stressful part about school?

**A:** It seems as though everything about school is stressful!

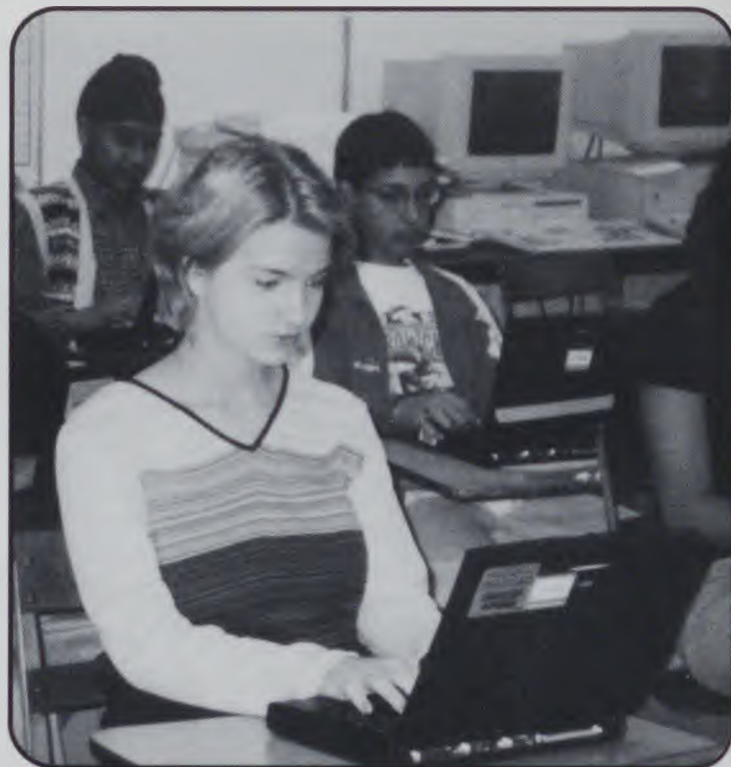

# A Step Into New Technology...

With the use of the new computer labs, many students are receiving hands-on training in today's technology involving many skills that are needed in the "outside world." They also help students receive updated material on important subjects being taught in class.

Mr. Skiba's Multimedia classes have taken technology one step further by teaching an in depth course involving computer repair and multimedia software programs.

Also, a brand new computer lab was installed in the language wing. The "Language Lab" is utilized as an aid in learning. Computer programs were installed for each language, and each class has a designated time and period to go every week.

Lastly, laptop computers were donated to the school by Bell Communications Research Corp (Bellcore). The 24 laptops provided an even more positive outlook to the computer world of technology.

Juniors Hamel Patel, Katherine Andrzejczak, and John Dynarski explore through the software programs on the newly obtained laptops.

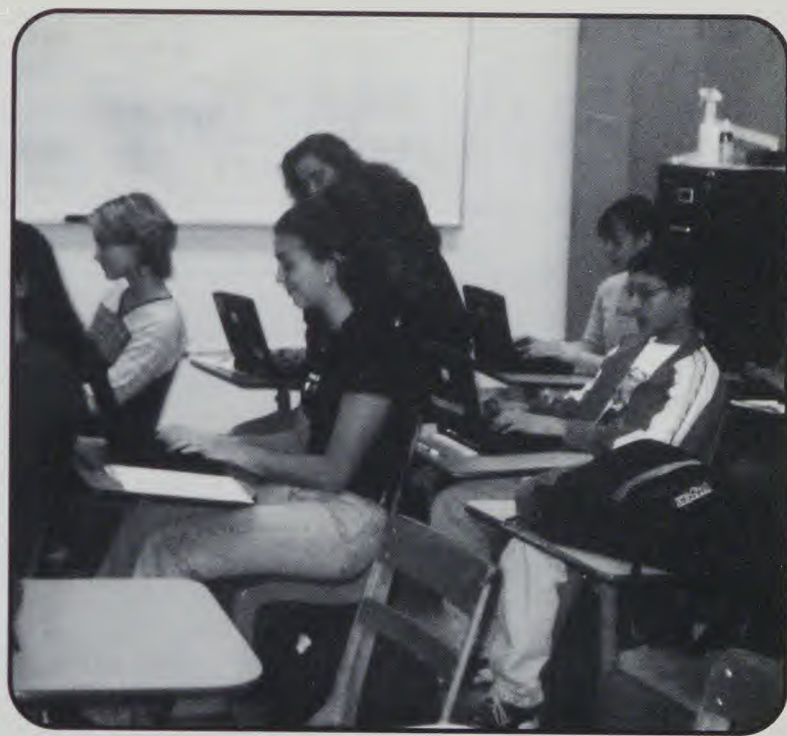

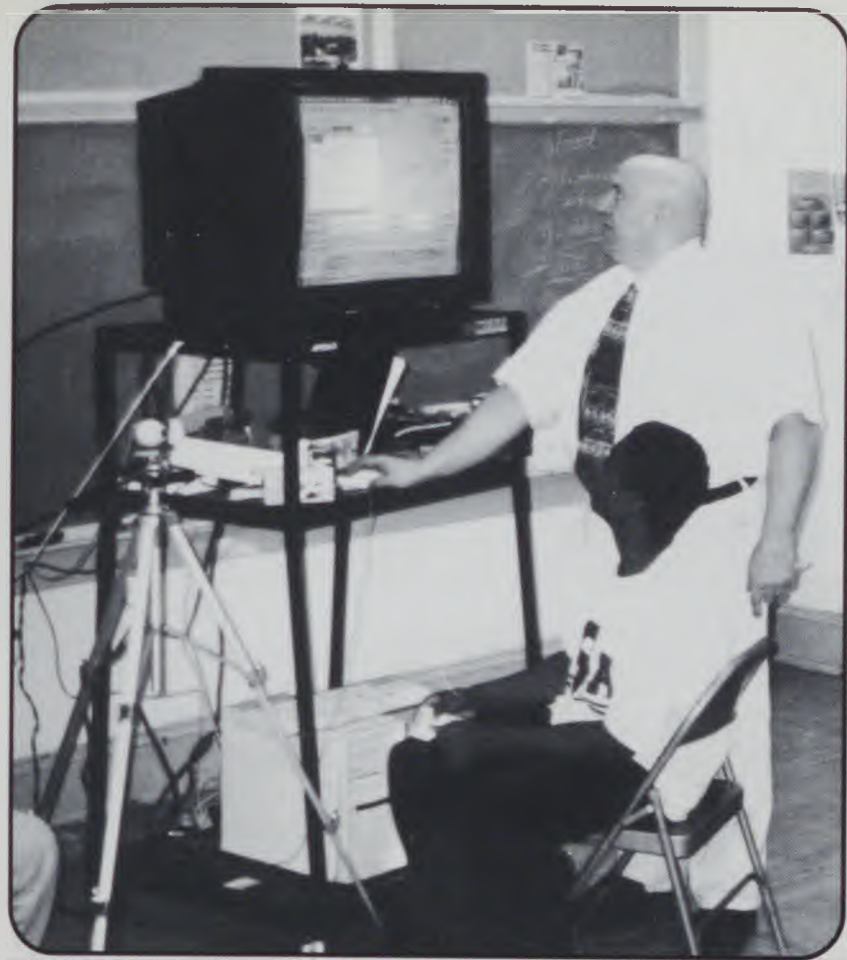

Sophomore Orlando Herrera, freshman Ranjit Banwait, Junior Josh Burnett listen attentively to Mr. Skiba's lecture on how handle computers.

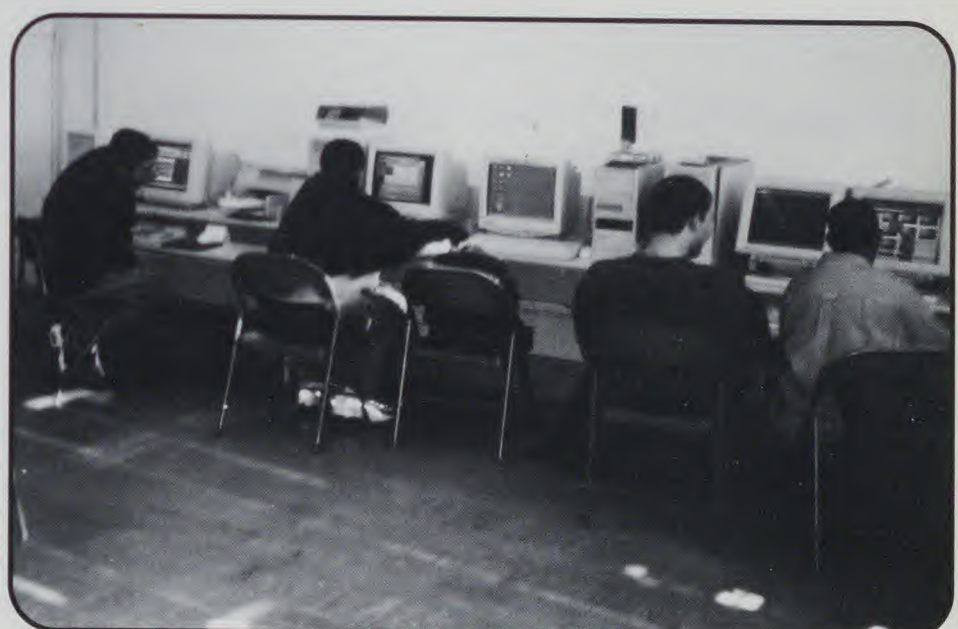

Mrs. Jacobs watches attentively while Junior Rebecca Andras surfs the net.

# *A Sad Good-bye and a Good Luck Wish*

Carteret High School said “good-bye” to two very special people this year. *Mrs. Yeagle* has been teaching in the Carteret School System for over 19 years. She spent her last year at Carteret High and has guided both male and female students in the field of home economics and taught them the skills essential to any household. *Mrs. Vernachio* was an indispensable help to both Mr. Siddons as well as all the faculty and staff. She has dedicated 25 years as a secretary to 4 different principals. Her courteous nature and pleasant demeanor were appreciated by all those who have needed her help.

Mrs. Yeagle taught at Carteret High for one year. She will be greatly missed.

## Thank You

Mrs. Vernachio dedicated 25 years to the Carteret School System. Her service will never be forgotten.

## For All Your Dedication

# *Class of 1999's Favorite Teacher*

"Mr. Simon is my favorite teacher because he is a great motivator, coach, and friend. He's not just a teacher."

"Mr. Simon makes learning history so much fun - which is hard to do."

"I've had Mr. Simon for four straight years, and I want to graduate. He has a good sense of humor."

"He's my favorite teacher because he is a friend, and has always been there for me."

"Even though he gave me my first twenty minutes make-up, he is a very good teacher."

---

## *What Bothers Teachers the Most?*

**Allen Riley** - "Students who don't take school seriously, and then later realize that they can't get into college or get a good job because they lack the necessary skills."

**Kathy Dallavalle** - "It is bothersome when students don't care about themselves. They are unwilling to try to do their best. Some students doom themselves to mediocrity because they are unwilling to put the time and effort in to their work."

**Walter Dotegowski** - "Students who go from day to day and year to year with absolutely no purpose. I cannot comprehend why this is so when there are so many opportunities to learn and to help each other."

**Kevin Farrell** - "Cultural ignorance."

**Phyllis Mincieli** - "When students give up on themselves."

**Lynne Grace** - "When I lecture and students don't take notes. In many cases, this information I'm imparting is not in their text so they need to write down what I say."

Everyone awaits the coming of Lori Michaels and Joey DiPaulo!

The SADD coffin is a familiar sight each year, as students are reminded not to drive drunk.

Everybody loves day trips, especially the bus ride.

## Juniors Donate Pennies To Ringwood

By: Paulina Urena

The \$980.15 collected in pennies by the class of 2000 are going to be donated to Brendan Ringwood, who is affected by Crohn's Disease.

Ten-year-old Brendan Ringwood was diagnosed with the disease this past summer. According to *The American Medical Association Family Medical Guide*, Crohn's disease is a chronic, or long term inflammation of part of the digestive tract. The cause of the disease is not known, but it does not seem to be either hereditary or infectious. Symptoms include abdominal pain, attacks of cramps, severe bleeding, and if not treated, it can increase susceptibility to cancer of the intestine. Treatment for the disease include analgesics, vitamin supplements, an established diet and, other treatments depending on the severity of the disease.

"It's something he's going to have all his life so we have been

educating ourselves with information hoping he won't get as sick as he has been," commented Marylu Ringwood, Brendan's mom.

Brendan has a severe case of Crohn's and has had to have eight blood transfusions. He is also under an immune suppressor, which has prevented his return to his fifth grade class. If the doctors give the "OK" he'll return to school after the holidays. "I'm happy to be back home. It's not fun being in the hospital. I really wish to be back in school because I'm bored at home," said Brendan.

Mrs. Ringwood also stated, "We really appreciated the support. It was a surprise for us that the Junior Class decided to donate the money to Brendan."

Mrs. Olear and Mrs. Dallavalle, the junior class advisors, want to "thank the staff for their generous contributions for a worthy cause and for their enthusiasm and generosity."

Marylu Ringwood is happy Brendan is home with his family.

My last four years here at CHS would not have been the same without my participation in the *Anne Scott News*.

Writing editorials, meeting deadlines, and creating layouts all gave me a better understanding of how the world of journalism works.

# Rambler Football

The 1998 Rambler Football team had another successful season under the reign of first year coach Bob Molarz. Led by seniors Rashiem Reed, Rob Bates, James Farrell, Juniors Mahdi Pettus, John Lennox, Mike Cohan, and Brian Joseph, the Ramblers rolled over the competition.

By scoring an average of 30 points per game, they gave the opponents little opportunity to win. During the year, the Ramblers were seeded as high as number 18 in the state. With a finishing record of 9-2, and capturing the Blue Division title, Coach Molarz did a great job in his first season as head coach. He had a lot of help with an excellent supporting coaching staff which included Coach Nelson, Coach Ra, Coach Farrar, Coach Kushner, and Coach Kapinos.

# Rambler Football Cheering

What would our prosperous football team be without the help and support of a dedicated cheerleading team to back them up?

That's just what the 1998 Rambler Football Cheerleaders did--stood by the team no matter what. Coached by Mrs. Cunha, the team was very well constructed. With the help of Seniors Liz Welch, Latanya Alston, and Captain Melanie DeBella leading the team, the cheerleaders were off to a great start. Beginning their season with summer practices, they began putting together their "Hello Cheer" and a new halftime dance routine. Formal practices began when school started. With little time before the first game, the cheerleaders worked hours after school to learn many cheers and dance routines.

Showing their loyalty both physically and mentally, the cheerleaders made banners, cheered their hearts out, and always showed spirit on and off the field. Their dedication and commitment paid off. They stood by the team through thick and thin and cheered them to another successful season.

**Varsity: Row 1:** A. Medvigy, K. Lloyd, L. Welch, M. DeBella, L. Alston, Z. Khaitova, M. Gormley. **Row 2:** S. Struhala, K. Tarrant, L. Bradley, K. O' Gara, J. McNelis, C. Berrios. **Row 3:** P. Markowitz, J. Bialowarczuk, R. Burke, T. Esparra, E. Werner, A. Santoro, L. Bradley.

# Cross Country

With a record of 3-7, the Cross Country team made aggressive strides toward their future. With only one senior boy and one senior girl, this is a very young team.

Led by seniors Rich Pogorzelski and Jasmine Batts, plus juniors Nelson Medina and Evans Momperousse, the year was a learning experience. Coaches Shadell and Nartowicz did a good job in molding this team's future. With the limited number of players, they kept Carteret in contention.

This young team, even though strong, has to look at the future.

**Boys Varsity Row 1:** V. Agapescu, J. Allen, M. Sivananthan, N. Medina, E. Momperousse. **Row 2:** Coach Shadell, Manager N. Negm, J. Pross, R. Pogorzelski, B. Michaels, Mgr. M. Campbell.

# Rambler Boys' Soccer

The Carteret Rambler Boys' Soccer Team finished an exceptional year with a record of 8-5. Just one year ago, the team failed to win even one game all year going 0-11.

Two major accomplishments took place this year. The biggest came when they qualified for the state tournament and had a winning season for the first time in 5 years. Everyone played well on both sides of the ball with Paul Walczak leading the defense and Fernando Novio and Luis Del Castillo leading the offense. They played together as a team.

They lost to North Plainfield in the State Quarter-Finals and Metuchen in the county tournament.

**Varsity Row 1:** P. Rivas, L. Del Castillo, F. Natividad, I. Ruelas, G. Gulrajani. **Row 2:** R. Siddhu (mgr.), J. Conti, D. Singh, P. Morquillas, J. Sandoval, B. Hughes, G. # Girls' Soccer

Five years ago, this part of the yearbook was non-existent. But now, the 1998 Girls Soccer Team is thriving.

In the past four years, girls soccer has gone from a club team, to a JV team, to an independent varsity, and now to a Blue Division Varsity Team. Led by Captains Marilyn Cano, Felicita Ramos, and Kim Wolf, the team gave the Blue Division a new look.

They made aggressive strides into the future of the program. Even though their record was 1-11, Coaches Dillon and Salvatore did an excellent job. The future of this program is bright, and with a little effort, the Carteret Girls Soccer Team can pave the way to victory.

**Varsity: Row 1:** A. Maharaj, K. Marban, M. Kaur, K. Aleksandrich, F. Ramos, M. Cano, S. Pereira, D. Bell, A. Collazo, Mgr. G. Navarro. **Row 2:** Coach Salvatore, K. Lynch, R. Kaur, A. Skrocki, S. Fruscella, K. Wolf, K. Barker, J. Kim, A. Okyere, J. Hreniuk, Coach Dillon.

## Sports Spotlight

*How has the girls soccer team evolved into a varsity team?*

**Senior Felicita Ramos**

"It is amazing how so many girls adapted to the sport, especially those that haven't ever played soccer before. In the past four years, the girls soccer team has gone from an "idea" to a potential challenge for many other teams in the future."

**Junior Kim Wolf**

"Our team has undergone some dramatic changes. Each girl has made her own individual improvement. Although our record didn't show it, we had a very successful season. We hope that our success continues next season so we can have a winning season."

J. Kim looks to take the free kick up the field.

K. Barker takes a shot at the goalkeeper.

K. Wolf looks to pass to an open teammate.

M. Cano looks to make something happen.

# Rambler Girls' Tennis

The 1998 Girls' Tennis Team finished a rebuilding season with a 1-13 record after losing seniors in the singles spots and part of their doubles team. Much of the team is young and will do very well next year.

This year's team had two seniors, Rachna Thakker and Cevoy Lewin. The rest of the team was inexperienced, but as the season went on, they grew stronger individually and as a team.

This young and now experienced team is looking forward to a very prominent season next year.

**Varsity- Row 1:** R. Thakker, C. Lewin. **Row 2:** J. Rodriguez, S. Martin, A. Delgado, C. Serrano, N. Han, L. Lewin. **Row 3:** S. Kaur, N. Payongayong, L. Greenberg, M. Casal, L. Tulli, J. Green, J. Scerbo, L. Delgado, Coach Arlene Hansen.

# Sports Spotlight

*What was your greatest experience during the season?*

**Cevoy Lewin**

"The most memorable experience was when I finally got the chance to play second doubles. That was our team's first win and everyone was very excited."

**Rachna Thakker**

"The whole season was a lot of fun. Coach Hansen gave everyone a chance to show their skills at various games, so everyone was involved. I regret that it is my last year playing at C.H.S, but it was nice while it lasted."

Freshman Lauren Tulli follows through on the lob shot.

Sophomore Lisa Delgado hurries to beat her opponent cross court with her amazing forehand.

Sophomore Agatha Delgado sees an opening down the line on her opponent.

# Rambler Boys Basketball

After losing 7 seniors to graduation last year, the 1998-1999 Rambler Boys Basketball Team is having another successful season. Everyone thought that the basketball team would suffer horribly after all the player losses, but the team is proving many people wrong.

The starting duties were handled by the three key seniors: Dale Johnson, Edwin Torres, and Eddie Zorrilla. The rest of the slack was picked up by Juniors John Lennox and Mahdi Pettus. The team was also deep on the bench with John Caldwell, Tommy Jimenez, and Freddy Hill.

The team is hoping to have a successful year and hope to achieve their goal -- the county and state tournaments.

**Varsity- Row 1:** D. Sabosik, A. Hill, J. Medina, T. Jimenez. **Row 2:** E. Zorrilla, J. Rodriguez, M. Pettus, F. Hill, A. Gagluicci. **Row 3:** **Coach** Zirpolo, **Coach** Nelson, **Coach** Dolan, C. Alston, D. Johnson, J. Caldwell, J. Lennox, E. Torres. **Head Coach** Turco.

## Sports Spotlight

*How do you think the team has evolved over your four years losing many different players in different positions?*

**Eddy Zorrilla**

"The team has learned how to deal with the losses and how to evolve from them. In the past years, like my freshman and sophomore year, we struggled a little bit but we learned how to overcome our obstacles. This year we focused more on strengthening our minds and bodies for a better season."

Junior Mahdi Pettus controls the court.

Freshman Andrew Hill supports his team.

Freshman Kyle Kacsur looks for help while rushing up the floor.

# Rambler Basketball Cheering

Just like the football team, the Rambler basketball teams needed someone to stand by them through thick and thin.

That's just what the 1998-99 Rambler Basketball Cheerleaders did. Coached by Mrs. Cunha, the team was well organized. With the help of Captains Amanda Rynkiewicz, and Kristle Tarrant, the cheerleaders led both the boys and girls teams to victory. Having to cheer for two different teams did not pose a threat. The cheerleaders worked hours after school to learn many cheers and dance routines.

This year's cheerleading squad added another dimension into basketball. They kept the crowd up and kept the spirits up for both teams even when they were down.
