Kate Field's Prophecy.
When, a good many years ago, Kate
Field wrote those clever verses begin-
ning: "They talk about a woman's
sphere as though it had a limit," little
she guessed how tremendously that
sphere was destined to be enlarged
by the coming of the year of our Lord
one thousand nine hundred and seven-
teen. As a matter of course, observes
an exchange, the great world war is
responsible for the very rapid advance
the women are making in every sphere
of the world's work. We are no longer
surprised to find that women are doing
anything and everything that men can
do, from driving warplanes to shining
shoes. A shoe-polishing "parlor" in
which only women are employed is
now doing business in Boston, yet even
this innovation scarcely challenges at-
tention in these times of shifting con-
ditions.

NOTICE OF PROPOSED
IMPROVEMENT

By the direction of the Borough
Council of the Borough of Roosevelt,
notice is hereby given that the said
Borough Council of the Borough of
Roosevelt will meet at the Borough
Hall on Monday evening, Sept. 16,
1918, at 8:15 o'clock to receive and
consider objections to the proposed
improvement of Atlantic Street in
the said Borough by the laying and
construction of sidewalks on both
sides of said street, from the South-
erly line of Blazing Star Road, southerly
to the Northerly line of
Terminal Ave., and that cost of same
shall be assessed upon the land front-
ing on said described street, so im-
proved to the extent of benefit re-
ceived. Such sidewalks shall be con-
structed and laid of the width of (4)
feet and shall be laid at the grade
shown on map and profile made by
F.F. Simons, Borough Engineer, and
now on file with the Borough Clerk,
and the outer edge of said sidewalks
shall be a distance of three (3) feet
from the curb line as shown on said
map.

Application in writing signed by at
least ten (10) freeholders of the
Borough residing therein, for such
improvement has been received by
said Council, and an ordinance for
the making of such improvements
introduced, and if at the time and
place specified the owners of one-
half of property fronting within the
limits mentioned in said application
do not object thereto in writing, said
Borough Council may proceed to pass
said ordinance directing such im-
provements to be made.
Aug. 19, 1918.

WALTER V. QUIN,
Borough Clerk.

PROCLAMATION BY THE

Seed Counter Serviceable.

When testing seeds, it is necessary
count them and then space them
on moist sheets of blotting pa-
per. A device has been developed
which does the work accurately and
quickly. It is used in conjunction with
a vacuum pump operated by exerting
pressure on a foot pedal, and consists
of a metal contrivance having a square,
flat surface with 100 small perfora-
tions. When this is brought in con-
tact with a quantity of grain and a
partial vacuum created, the suction
draws a kernel over each of the or-
fices. By then placing the instrument
on a blotter and releasing the pres-
sure, the seeds are deposited in regu-
lar order on the sheet.

Light Best Suited to Eyes.

Recent investigations into the kind
of light best suited to the eyes have
important practical significance. The
studies were made from the point of
view of "contrast" to determine the
ideal contrast between the object
looked at and the surrounding back-
ground. It was found that the usual
contrast in brightness between objects
out of doors rarely exceeds the ratio
of 1 to 20. The eye can detect con-
trasts as delicate as 98 to 100. In-
doors, contrast in light and shadow
often runs as high as 1 to 200, and a
dark window frame against a bright
sky presents a contrast of 1 to 10,000.
The scale of contrasts best suited to
the eye lies between 1 to 20 and 1 to
100.

Back the Government
to the Limit

The Government has asked American busi-
ness to pursue a certain course for the dura-
tion of the war.

Keep quality up and prices reasonable,
—a strictly non-profiteering policy.
It is the only patriotic policy.

It is the policy this company has always
adopted and the one we will continue to
pursue.

We stand ready to undergo any sacrifice
in order to cooperate with the Government.

We believe it is best for ourselves.

We know it is best for our country.

We appeal to all concerns—big and small—
to adopt the same policy.

American business must rally as a unit to
the support of the Government.

It is the surest and quickest way to win the
war.

With Our Boys at the Front in France

Copyright by Committee on Public Information.
This picture shows American soldiers returning from a patrol—one of the most difficult tasks encountered on the battlefields of Europe. Men in small groups go out to collect information about enemy positions and their safety depends almost entirely upon their own personal courage, ability and intelligence. These men know that the folks at home will back them up by backing up the Fourth Liberty Loan.

A farmer of Missouri who invested a carload of hogs in the third issue of Liberty Bonds said to a friend: "I look on the buying of these bonds just like helping out my own family. I made this investment just as I would if my own brother was in financial straits and needed an advance, and I'm going to come through again when the Fourth Liberty Loan opens. We're all one big family here, and what hurts one hurts all, and what helps one helps all."

A LEGACY WORTH WHILE.
A young farmer approached the bond counter and made several inquiries from the saleswoman into the conditions and rates of the issue. She engaged him in conversation, for it is over the bond counter that the real spirit of a nation at war is transmitted. He said quietly that he was putting all he had into the Fourth Liberty Loan. "Well, that's pretty fine," she said.
As he counted out his money he answered, simply— "Well, I figure there ain't anything better to leave to my children than my country."

SOLVING THE PROBLEM RIGHT.

Back and forth he paced, with his hands in his pockets and his feet on the floor. As his room was neither very long or wide, he found it necessary to turn about quite often and go the other way. He could do that, or stand still and beat time with his feet, while he tramped through imaginary space over imaginary flooring. You're exactly right! He had something on his mind, something very important. From twenty minutes past one in the afternoon until quarter to five, he kept himself in the aforementioned motion. The sun was just sinking back of the vernal works when he suddenly stood still. "I'll do it!" he exclaimed, acting exceedingly glad that the meditation was over. "This season I'll buy clothes that I can afford, and stock the savings in a Liberty Bond!"

INDISPUTABLE.

In Liberty Bonds. I would kindly suggest, That some of your money you straightway invest, For there's nothing to lose, and there's plenty to gain. If Success marks the close of the Fourth Big Campaign!

WHY BUY LIBERTY BONDS?
The one important and all-sufficient reason why every American should buy Liberty Bonds to the limit of his ability to save is love of country. There are other reasons, but they are decidedly secondary.
One is that Liberty Bonds are the safest investment available to the American public—if they are not good no other American investment will be. Another is that they enjoy a wide market and can be turned into cash at any time on a moment's notice. Another is that at maturity they will presumably be paid back in dollars possessing a higher purchasing power over goods than do the dollars that are paid for them in these days of high war prices. And still a fourth is that they yield a good rate of interest.
These latter reasons, however, are essentially mercenary, and the true American needs no mercenary appeal to serve his country in its time of peril.

WHEREAS; an ordinance "Entitled" an ordinance to regulate or prohibit the manufacture, sale, storage, keeping or conveying of gun powder dynamite, nitro-glycerine and all other dangerous or explosive materials in the Borough of Roosevelt in the County of Middlesex and State of New Jersey, has been introduced.
Resolved: that this council meet in its rooms on Monday, September 16, 1918, at 8:15 o'clock to receive and consider objections to said ordinance, and that the Borough Clerk hereby authorized and directed to give public notice of such ordinance briefly describing it and stating the time when, and place where the council will meet to receive and consider objections thereto and that such notices shall be posted in the following places: Chrome P. A TIMELY APPEAL.
Women of the farms, the Government needs YOU and your help. You are the savers of the family—the "financiers" who make the egg money and the cream money do service for those extras which you have wanted. The men folks have taken in talking in large sums, and often they are ignorant of the extra money that you, as careful managers, can make.
Here is your golden opportunity to make the egg money and the butter profits do heroic service for your country. You have given your boys; you have given yourselves to the limit of your ability, perhaps. And you have asked nothing in return. Now your government asks for money and you can get something in return. Buy Liberty Bonds of the Fourth Loan to your utmost. Your money will earn interest and you will add to the wonderful total of your already splendid achievement.

How This Clothing Business Can Serve

Its only natural that every business man should want to keep his business going; its important that he should. But there's a far greater consideration than just selling.

The war has got to be won, and in this business of suits we feel that any clothes selling that stands in the way of that outcome is decidedly unpatriotic.

That's why we say to you men of Roosevelt—"take care of the clothes you have, make them wear longer."

That's why we say to you "when you do need clothes, get only those that last long; those that save resources for the country because you buy less often."

In Hart Scaffner & Marx and the Adler-Rochester clothes we feel that we're offering the greatest clothes saving because they give the most wear for every dollar invested. This store will be closed all day Monday.

TRANSPORTATION OF OUR TROOPS

"A transport miracle," Sir John Maclay, the British controller of shipping, calls the success with which the United States has moved 1,500,000 American soldiers from their scattered camps on this side the Atlantic to the fighting areas across the seas. Although the seas have been beset by the enemy, the loss of life in taking the men across has been almost infinitesimally small. This bit of American efficiency has not only surprised our enemies; we have surprised our friends and even ourselves.

And it isn't all due to the Navy and the railroads either. It is the Liberty Bond purchasers who made it possible, and back of the purchasers the Liberty Bond. If the people respond to the Fighting Fourth as they did to the First, Second and Third, and there is every indication that they will, there is no telling what other miracles may be accomplished.

STATE OF NEW JERSEY DEPARTMENT OF STATE

CERTIFICATE OF DISSOLUTION

To all whom these presents may come, Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that Tuscarora Fertilizer Company, a corporation of this State, whose principal office is situated at the City of Chrome County of Middlesex, State of New Jersey (R. E. Wiley, being the agent therein and in charge thereof, upon whom process may be served,) has complied with the requirements of "An act concerning corporations (Revision of 1896,) preliminary to the issuing of this Certificate of Dissolution.

Now Therefore, I, THOMAS F. MARTIN, Secretary of State of the State of New Jersey, Do Hereby Certify that the said corporation did, on the twenty-first day of August, 1918, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal, at Trenton, this twenty-first day of August, A. D. one thousand and nine hundred and eighteen.
THOS. F. MARTIN,

FAMOUS PLAYERS TO HELP FOURTH LOAN

Stars of Opera, Moving Picture and Theatrical World Pledge Full Co-operation.

Stars of the opera, the theatrical world and the movies themselves are hard at work on patriotic plays to be used in motion picture houses of the country in connection with the Fighting Fourth Liberty Loan campaign. Under the chairmanship of Adolph Zukor of the National Association of the Motion Picture Industry the theatrical forces are being gathered together for the solid support of the United States and the boys "over there."

Mme. Alla Nazimova, Enrico Caruso, Mr. and Mrs. Sidney Drew, Elsie Ferguson, Marguerite Clark, John Barrymore, Billie Burke, Clara Kimball Young, George M. Cohan, and a host of others have taken advantage of the privilege extended them of giving their services in the making of pictures which shall carry a definite message for this country in her time of need.

Peter J. Schaeffer, president of the Motion Picture Exhibitors' League of America; Sydney S. Cohen, president of the New York State Motion Picture Exhibitors' League, the Famous Players-Lasky Corporation, Thomas H. Ince, and other organizations and persons connected with the production or distribution of motion pictures have pledged their full cooperation for the new loan.

Douglas Fairbanks, William S. Hart, William Farnum, Dustin Farnum and many others already have completed their pictures.

Save TELEPHONE SERVICE

BY saving telephone service, you help the Nation in its war program in several ways:

1. You help save CAPITAL that would be required for additions to the plant. The Government has directed all business concerns, including PUBLIC UTILITIES, to reduce capital expenditures to those absolutely necessary during the period of the war.
2. You help save EQUIPMENT that would be required for additions to the plant. Because of the difficulties due to the war, of securing supplies and transportation, the federal authorities have directed that all extensions and betterments be confined to imperative and unavoidable work.
3. You help save LABOR that would be necessary in installing, maintaining, and operating the service. In view of the present shortage of skilled labor in all lines of industry, it is desirable that labor be used as far as possible only for essential work.

Will YOU save telephone service in every possible way, by the elimination of unnecessary calling and unnecessarily long talks and by avoiding requests for equipment and forms of service that are not absolutely necessary?
