LIBERTY LOAN GOES OVER THE TOP HERE

Borough Continues Previous Records By Subscribing 100 percent Over Its Quota.

The latest reports from the Liberty Loan Committee indicate that the people of this Borough have once more proved that they are behind the President and Congress in the efforts that the war will be successfully pushed to a victorious conclusion for the Allied Armies.

In every instance where fundswere being raised for the various war purposes such as Liberty Loan issues, The Red Cross society, the Knights of Columbus, the Y. M. C. A. and Thrift Stamps the people have come forward and answered the call for more funds in a manner which is characteristic of the people of the Borough, they have in each and every case come forward and pledged all possible within their means in support of the war drives no matter which it may be. In all previous Liberty Loan issues the borough has in all instances 200 per cent to its credit and others have run even higher than that figure.

A well organized campaign was carried on through the many factories and shops in the town, each place has a member of the Liberty Loan Committee on hand who received the application of the subscriber.

The Borough's quota in this loan was \$195,000 which was practically subscribed before the second week of the campaign was passed. The latest returns show that the total amount of subscriptions in the Borough amount to approximately \$400,000, which will more than double the town's quota.

The local people are living up to the fine record now being made by our boys in the military service. A number of our boys have already paid the supreme sacrifice and the result as shown by the latest local Liberty Loan report is that we at home are likewise making sacrifices in order that our boys will receive the necessary supplies needed to successfully prosecute the war.

The next drive to take place will start on Nov. 11, 1918. It will be a united drive by the K. of C., Y. M. C. A., the Jewish Welfare Board and the Salvation Army. The War Department decided that it would be best to have a united drive for funds. The various societies will each receive an allotted per cent of the \$170,000,000 to be raised.

Morgan Explosion Booms Insurance.

Many residents and numerous factories in the borough are taking out explosion insurance. While the damage done in town was chiefly broken windows, there was a number of instances where ceilings and walls became loosened and fell from their positions. While it is possible that the local residents are in no danger from an explosion of this kind many are taking advantage of this form of insurance to safeguard their property from future occurrences of this kind.

Two Local Councilmen, Ill.

Councilmen Harry Morecraft and Edward Coughlin are on the road to recovery after an attack of influenza. Mr. Coughlin is recovering from his second attack. He suffered the first about three weeks ago and after being up and around for a few days was compelled to return to his bed. The many friends of Councilmen Morecraft and Coughlin are glad to hear of their recovery.

One More Chance to Register.

Next Tuesday voters will have their final opportunity to register for purpose of voting on Election Day Nov. 5th. Registering will be done at the usual polling places in the borough. The registration to date has been along minimum lines due to the many men in the military service of the nation. A recent ruling of the War and Navy departments prohibits the soldiers and sailors from voting at this time.

Lieut. Marks in Borough.

Lieutenant Joseph S. Marks of the Medical Corps, U. S. A., recently arrived in town and is now assisting the Board of Health in fighting the epidemic of influenza. The able assistance of Dr. Marks is greatly needed during the present situation now confronting local physicians.

Lieutenant Marks was formerly a doctor with offices on Woodbridge ave. He enlisted in the army about six weeks ago and has been at Camp Oglethorpe, Georgia, since.

Joseph Scally of Elizabeth, was a visitor here Sunday.

GARBAGE PLANT FUMES CONTINUE

New York Health Commissioner Ordered the Plant Closed Two Weeks ago, But Operation Continues.

Two weeks ago Royal S. Copeland Health Commissioner of the City of New York, after being presented with conclusive testimony from various residents of Staten Island, ordered that the operation of the Garbage plant be discontinued. The smoke has been coming from the plant ever since the place was ordered closed, but last Saturday night an east wind was blowing and the people on Rahway avenue received full benefit from this nuisance once more. There are two conclusions as to the circumstances under which the plant is at present operating. The owners had five days to appeal the decision of the New York Health Commissioner or it is because the remaining garbage on hand when the closing order was issued has not been reduced at this time and the plant is now doing this work.

When the evidence against the operators was compiled some weeks ago it was shown that the plant was behind fully one month in operation in some of its branches and products it was turning out. This means that garbage had accumulated for a full month before it was disposed of. The latter reason seems to be the most likely one. So probably as soon as the remaining garbage is disposed of the plant will close.

MANY PROMINENT PEOPLE PASS AWAY

Albert Jensen.
Albert Jensen, of Washington avenue, died Monday, October 21st, 1918, of pneumonia, resulting from influenza. About three months ago he was operated on for appendicitis, and shortly after had a severe attack of rheumatism. Being very weak from these afflictions his heart was unable to withstand the shock of his recent illness.

The deceased was employed at the United States Metals Refining Co; was a member of the election board and also of the State Militia Reserve. Mr. Jensen had a host of friends in the borough, who bemoan his death, and their heartfelt sympathy is extended to his mother, who survives him.

Interment was in Perth Amboy on Wednesday afternoon.

Frank Wilhelm.

Frank Wilhelm died October 18th, 1918, of influenza, after an illness of about one week. He was a member of the local police force for the past three years. His widow survives him, and one child, born since his death.

Mrs. Joseph Groener.

Mrs. Joseph Groener died October 19, 1918, of influenza, after a short illness. The deceased's husband came here from Baltimore about five years ago as superintendent of the Consumers Oil Co.

The body was sent to Baltimore on Monday for burial. Her husband and one child survive.

Mrs. Helen Dowling.

Mrs. Helen Dowling, after suffering a relapse from a recent illness of influenza, died on Friday, October 18, 1918. She is survived by her husband, J. J. Dowling, a member of the local police force, and five children.

Miss Jennie Alban.

Miss Jennie Alban, after an illness of influenza of only two days, died on October 18, 1918. Burial took place on Sunday. She survived by her parents, Mr. and Mrs. John Alban, one brother and two sisters.

Lawrence H. Morris.

Lawrence H. Morris, a resident of the Boulevard and superintendent of construction of the eastern district of the American Agricultural Chemical Company, died Friday, October 18, 1918, of pneumonia. He has been a resident of the borough for the past five years. Two years ago he married Miss H. Rudolph, who survives him.

Mrs. Charles Ohlott.

Mrs. Charles Ohlott died Sunday, October 20, 1918, of influenza. Burial took place Wednesday morning. She is survived by a husband and five children.

Mrs. J. J. Reason was a Newark visitor Monday.

T. Brandon has accepted a position with the Standard Aircraft plant at Bayway.

Mrs. H. Gerke was a Newark visitor Wednesday.

LOCAL OFFICIALS TO BE SALARIED

Councilmen Will Receive \$300.00 per annum, Mayor \$1,200.00—Assessor and Collector Receive More.

At the regular meeting of the Council on Monday night, ordinances providing for a salary for the mayor and councilmen and increasing the compensation of the Assessor and Collector passed their third and final reading and will become effective on January 1, 1919.

When the Borough of Roosevelt came into existence in 1908, an ordinance fixing the mayor's salary at \$600.00 per annum was passed but the mayor has never accepted any compensation whatever for his services. The ordinance relative to the mayor's salary therefore carries an increase of \$600.00.

The councilmen will receive \$300.00 per annum. This same amount is paid to the councilmen of the City of Elizabeth, N. J.

The other ordinance provided that the salaries of the Assessor would be \$1,200, and the Collector \$1,800.00.

The Assessor who has double work to do now therefore receives just double the salary.

SERVICE THAT WINS THE SOLDIER HEART

Fred Lockley, Y. M. C. A., Tells of the Gratitude of the Boys at the Front.

"One of the discoveries men are making over here," Fred Lockley, of the Y. M. C. A. and of Portland, Oregon, writes from London, "is that more pleasure can be had out of giving than getting. Many a man who has spent money freely in the old days to buy pleasure is finding that he gets more pleasure over here by the spending of one's self in the service of others."

"A few months ago I went out with a fellow Y. M. C. A. secretary to hunt up out-of-the-way detachments of troops. A stable guard here, a machine gun company there, a platoon somewhere else. We carried our goods in an automobile. We had plenty of writing paper and envelopes for free distribution, and chocolate, cookies, chewing tobacco and smoking tobacco, cigarettes, razor blades, tooth paste and things of that kind for sale. American war service workers were busy everywhere. We found Salvation Army lassies making doughnuts for the boys and K. of C. secretaries giving help. Books furnished by the American Library Association were to be seen on all sides.

"Hearing firing at a distance, we drove down the road and found a score or so of men at machine gun practice. The officer gave the men half an hour recess to buy goods.

"At another place we came in sight of a lieutenant drilling a platoon. I said to the lieutenant: 'How soon before you dismiss the company?' We have Y. M. C. A. goods for sale."

"He said: 'Right now. Sergeant, dismiss the company!'"

"And ten seconds later the company was in line waiting to buy goods from our traveling 'Y.' Grateful is no name for it. The men can't do enough to show their gratitude."

Joseph O'Donnell of the U. S. S. Dorsey spent the week end in town, visiting friends and relatives.

Robert Gullen of Virginia spent the week end in town visiting friends and relatives.

Harvey Rudolph of the Navy, was in town Monday and Tuesday when he attended the funeral of his brother-in-law L. R. Morris.

Miss Emma Berry and Miss Frances Zierer attended the performance at Proctor's Palace Theatre, Newark, on Wednesday evening.

OFFICIALS FIGHT FLU EPIDEMIC

Board of Health Opens Hospital With a Staff of Three Doctors and Fourteen Nurses.

When the real seriousness of the Influenza epidemic became apparent here last week and the possibility of its continuance for some time, the local Board of Health opened a hospital on the Garber Building.

There are about sixty patients at present in the Borough hospital with ample space for more if necessary. The present indications of the epidemic are that it is about under control. The new cases this week number about three hundred, only the serious ones being removed to the hospital.

There are three doctors from the State Board of Health and fourteen nurses from various sections of the country in attendance at the hospital. It is through the large staff of medical assistance that the disease is being fought and brought under control and many patients are getting better.

The local factories are in a bad way owing to the sickness. Before the epidemic started they had barely enough labor for the operation of the plants and at present some of the factories have about one-third of their employees away.

The local police force has been hit by the epidemic, two officers being laid up and the other members have been on duty night and day in the performance of their duty and are cooperating with the Board of Health in every possible way.

Many children have been left motherless and fatherless. In a house on Mary street containing two families, the mothers of both families were taken ill with influenza and later died. On Charles street the same disease took away the fathers of two different families and in all cases there remain three or four children on the surviving parents hands. Another very sad case is on John street where a man died leaving a wife with seven children the oldest being only ten years of age. The orphan problem is the next one which the authorities will have to contend with and the conditions require immediate attention.

A FIRST CLASS TOWN WITH A THIRD CLASS POST OFFICE

It is a foregone conclusion that the Borough of Roosevelt is one of the most progressive towns in the State of New Jersey. Every improvement any up-to-date town could want for can be found right here in the Borough of Roosevelt, but with a single exception and that is our antiquated and inadequate Post Offices situated in both parts of the Borough, one in Carteret and the other in Chrome.

Here we are with a population well over 10,000 and we must stop at the Post Office and see if there is any mail for us. Why is it that we cannot have the same good service as Rahway? a town of about the same population as ours. But Rahway is not an exception their are thousands of towns the same size and smaller who have their mail delivered to them.

Their is no reason why this inconvenient postal system cannot be improved. The people of the Borough pay for first class service and it is near time they received it. The Borough of Roosevelt has progressed as very few townships have and it is our duty to keep apace and make the necessary improvements when they are needed and a second class Post Office is an absolute necessity at this time.

FIFTY-FIVE DEATHS FROM INFLUENZA

Officials Reports to date Put Number at That Figure—Disease is Waning—Worst Apparently Over.

During the past four weeks the number of people who died from Influenza number fifty-five. The very latest reports show few new cases and officials believe that the disease is losing force and health conditions will return to normal just as suddenly as the epidemic made itself felt.

In next weeks issue a complete list of the victims of influenza will probably be published. The doctors have been very busy and are unable to make their regular reports. Just as soon as these reports are filed they will be published.

Fire in East Rahway Woods.

The local fire companies were called out last Sunday when some of the woods and brush in the East Rahway section of the borough caught fire. The fire companies were soon on the scene, and in a short time the fire was extinguished.

Trolley Crossing Needs Repairing.

The Public Service fast line (?) tracks at East Rahway should be banked up on both sides of the track. At present there is a deep rut and the "bumping" and shaking up is not enjoyed by the constant users of this new road. Some time ago the borough council took this matter up with the Central Railroad and the company immediately made the necessary repairs at their tracks, and the Public Service should do likewise.

Four Deaths in Steiner Family.

Within the past few weeks four members of Edward Steiner's family have died. They are in order; Private Joseph Steiner, of Camp Meade Md., Miss May Steiner, his wife Mrs. Steiner and a son-in-law Vorss. The epidemic of influenza has left many sad cases but this is the most pathetic in the Borough and possibly in the State. All members of the family were well known here and in Rahway.

CARD OF THANKS:

We wish to thank our many friends for the sympathies and kindness shown us, and for the flowers sent by the following societies: P. B. A., Foresters, Fire Co. No. 2, Borough Police Department, Carteret Club, Knights of Columbus and friends.

Our burden in our bereavement was lightened by these forms of kindness.

(Signed),
MRS. FRANK WILMELM,
EMIL WILHELM and family.

CARD OF THANKS

To our friends relatives and neighbors we are most thankful for their sympathy and floral pieces during our bereavement in the death of Helen Dowling.

J. J. DOWLING and FAMILY.

CARD OF THANKS

We, the undersigned wish to express our sincere thanks to our relatives and friends for many acts of kindness and sympathy during the illness and at the time of the death of our beloved daughter Jennie Alban. We especially wish to thank Rev. Doctor Hagerty, Also the boys who acted as bearers, and all who sent the beautiful floral tributes.

(Signed),
Mr. and Mrs. JOHN ALBAN and FAMILY.

BEGIN NOW TO PREPARE GIFTS

Order Your Carton From The Red Cross Now—Christmas Parcels to Go Before November 15th.

Flowers will be greatly appreciated at the Red Cross Emergency Hospital. Also the use of a victrola might gladden the hearts of the many patients, making the dull hours of the day seem brighter.

Mrs. Wm. Calderhead requests the help of several women to make the "Kitchen" toe in socks, so that a large shipment may be made in the near future. All knitters are urged to speed up their work, as the cold weather is fast approaching, and the care and protection of our fighting boys during the coming winter must be uppermost in our minds. War is not all fought with tanks and bonds. It is fought with a spirit of service, by the ministry of women and children, all doing what they can in whatever way they can.

Arrangements are being completed between the War Department, the Post Office and the American Red Cross to provide the men of the Expeditionary Forces with Christmas gifts. Each man is to receive one parcel of standard size and weight. To carry out this plan, the Army authorities are distributing Christmas parcellous to men abroad who will mail them to their nearest of kin in this country.

These coupons must be presented to the local Chapter in order to secure the standard cartons, nine by four by three inches in size, which are to be provided by local Red Cross Chapters and Branches. The families of the soldier will provide the contents. The local chapter of the Red Cross will inspect, wrap and deliver the inspected cartons to the proper postal authorities.

No carton will be accepted by the Post Office without the coupon received from abroad, and the inspection label of the local chapter of the Red Cross.

All packages must be mailed by November 15th, but it will naturally require several weeks before the cartons can be distributed to the local chapters. In the meantime will all persons wishing to send a Christmas parcel make application at our local headquarters for the Christmas cartons? The person receiving a carton may fill it with any combination of articles which will fit in it and which are not barred by the Post Office Department. When completely packed and ready to be mailed the weight of the carton must not exceed 3 pounds.

A parcel ready for shipment will then be presented at places designated, where Red Cross representatives will examine the contents in order to: a—exclude any articles barred by the P. O. Department from Christmas parcels; b—remove any notes or messages found among the contents; c—wrap, tie and weigh the parcel; d—place on the parcel the Christmas Parcel label received from abroad bearing the address of the man for whom it is intended. The person sending the parcel shall then in the presence of a Red Cross representative, affix stamps sufficient to carry the parcel to Hoboken, N. J. The postage charges for Christmas packages shall be at the rate of fourth class or parcel post zone rate.

The Red Cross Inspection label certifying as to the complete inspection of the parcel by the Red Cross shall then be placed on the parcel—parcels ready for mailing shall remain in the custody of the Red Cross until delivered by its representatives to the P. O. authorities.

No Christmas parcels can be mailed later than November 15th, 1918. Articles barred by P. O. regulations.

The following is a list of the principal classes of articles which are unavailable.

All spirituous, vinous, malted, fermented or other intoxicating liquors. All kinds of poison and all articles and compositions containing poison. Explosives of all kinds. Inflammable materials, including friction matches.

Infernal machines and mechanical, chemical or other devices of compositions which may ignite or explode. Note—Under this classification would come cigarette lighters, etc.

Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the Postal Laws and Regulations.

All other articles which may kill, or in wise hurt, harm, or injure another, or damage or deface or otherwise injure the mails or other property.

Bear these facts in mind when packing your Christmas parcel.

Nothing should go in a Christmas Parcel which will not keep fresh from the time of packing until Xmas.

Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-

COUNCIL BOOSTS OFFICIALS SALARY

Councilmen to be Paid for Their Services as Well as Mayor—Assessor and Collector Receive Increases.

The council held their regular meeting at the council chamber at Fire House No. 2, Monday night, present were, Mayor Hermann, Engineer Simons, Borough Clerk W. V. Quin, Collector Brady, Councilmen Frank Andres, Herman Gerke, Daniel Gillespie and Wm. Lawlor.

The minutes of the last regular meeting and an adjourned meeting on Oct. 11, were read and approved by the Council. At the adjourned meeting the Council appropriated \$2,000. to the Board of Health to be expended in fighting the epidemic of influenza. Mayor Hermann dwelt up on the work accomplished by the local Health Department in the efforts to combat the disease. A hospital was decided upon and within one day the Garber property was so transformed and patients were immediately received medical attention. Aside from the local doctors the State Board of Health assigned two doctors to the Borough. The Health Department at Washington assigned one woman doctor to the State Department at Trenton from where she was reassigned to this Borough and for the past two weeks has been doing wonderful work among the influenza sufferers. The two doctors from the State Department at Trenton are first class men in their profession as are the fourteen nurses who have been assisting both night and day.

The report of Collector was received stating that there was \$2,800 on hand, and was referred to the finance committee. Bills approximating \$2,000 having been audited by the proper committees were ordered paid.

Councilman Lawlor, chairman of the Police Committee, reported the death of Officer Frank Wilhelm on last Friday night. Officer Wilhelm was a model policeman. The Council expressed their sympathy and a resolution of sympathy was agreeably proposed and carried out.

The ordinance providing for the laying of sidewalks on both sides of Atlantic st. was ordered discontinued until next spring at which time the Bill will be re-entered and the laying of the sidewalks done.

An ordinance providing that the salary of the Assessor will be \$1,200 per annum and the salary of the Collector will be \$1,800, was passed at its third and final reading. This ordinance becomes effective January first 1919.

Ordinances providing for and fixing a salary for the Mayor at \$1,200 and the Councilmen at \$300.00 per annum were passed on their third and final reading. These ordinances become effective Jan. 1st, 1919.

The Council appropriated \$3,000 to the Board of Health to be used in supporting the local hospital and to enable the board to continue its fight on the epidemic of influenza.

The question of the compensation to be paid to Assessor John Nevil for the extra assessment to be made by him in compliance with a recent legislature act was not decided upon.

The Council authorized the Mayor and Borough Clerk to sign a note on the First National Bank for \$2,000, for a period of two months to be discounted at 5 per cent. The Council then adjourned.

Emil Stremelau Enlists.

Attorney Emil Stremelau solicitor of the Roosevelt Building and Loan Association, recently enlisted in the U. S. Army. He was ordered to report for duty yesterday at Camp Zachary Taylor Kentucky, where he was admitted to the Officer's training school for the field artillery branch of the army. Mr. Stremelau has offices here and in Perth Amboy.

John Booze was an out of town visitor Sunday.

John Fee was in New York, Sunday.

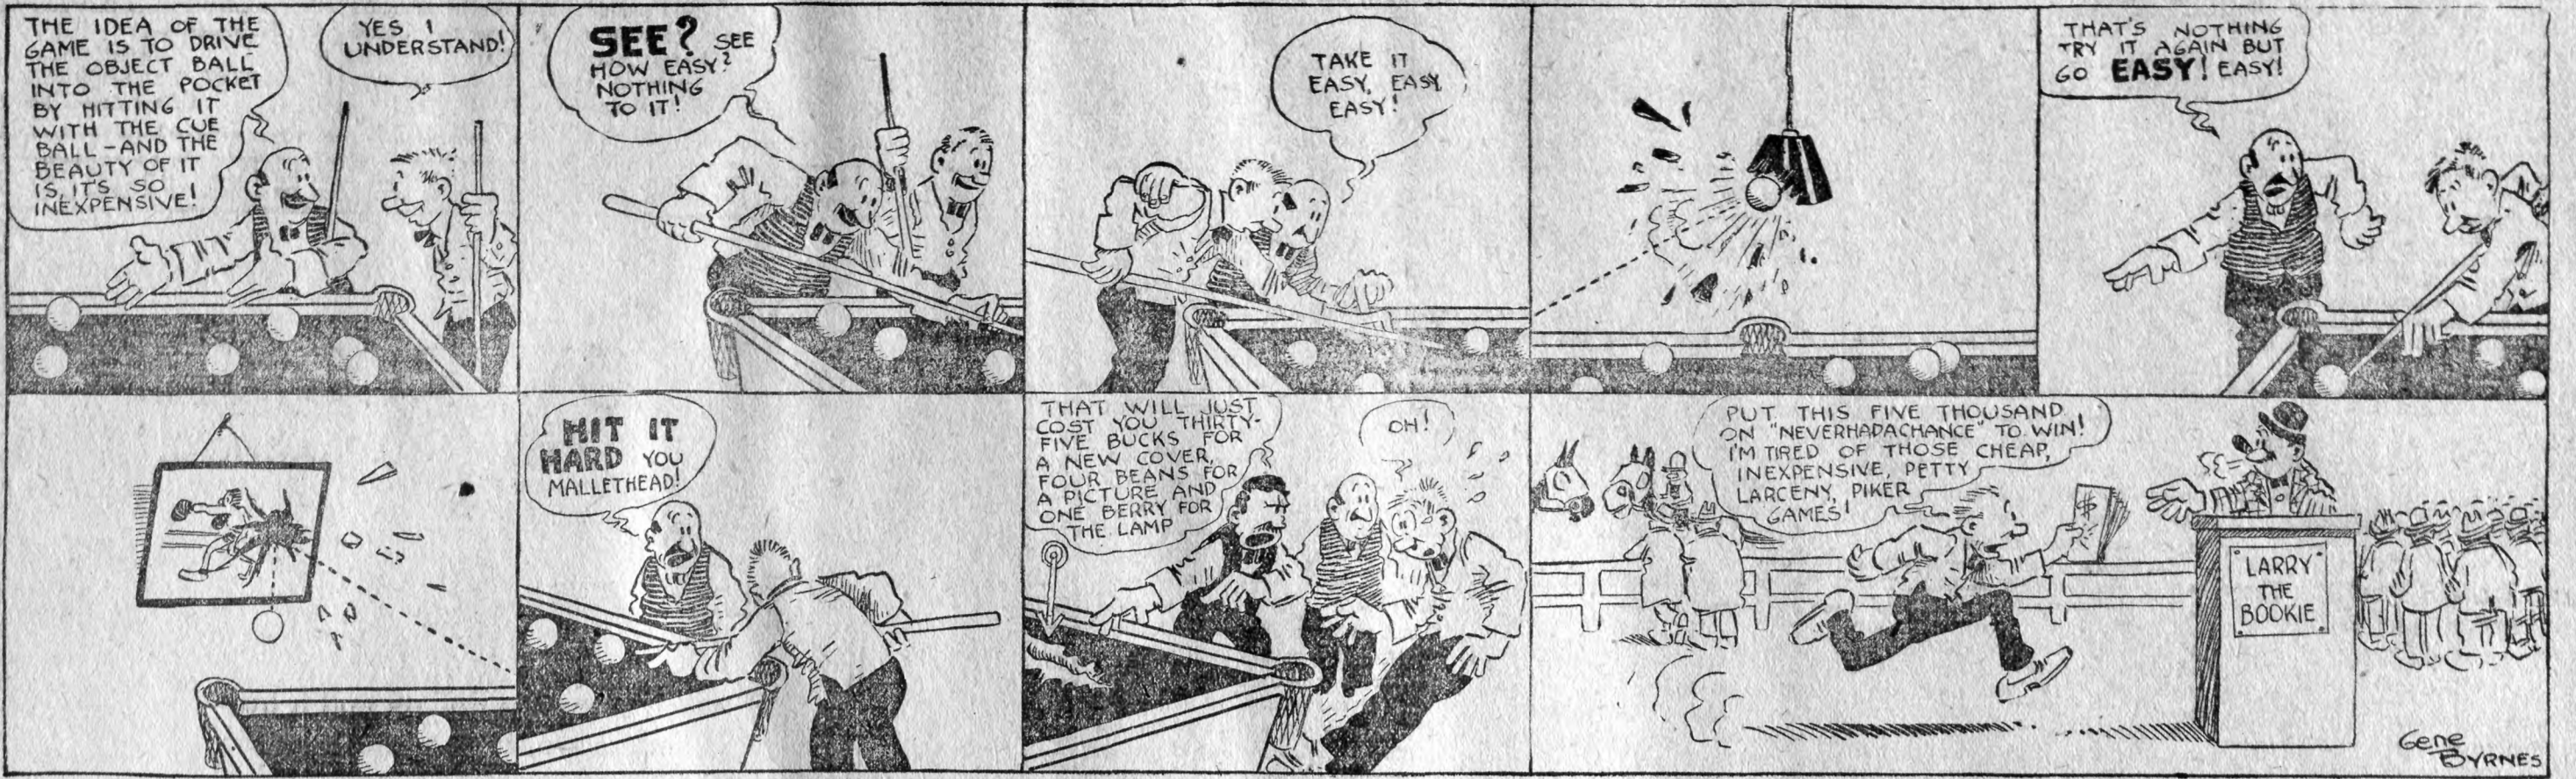

Frank Lone of the U. S. Navy was in the Borough Sunday.

Hard candy, including chocolate, would probably be safe in tin foil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby. Several dainties packed in oblong tin boxes holding each a quarter of a pound will provide a better variety for a packet than a larger quantity of a single confection.

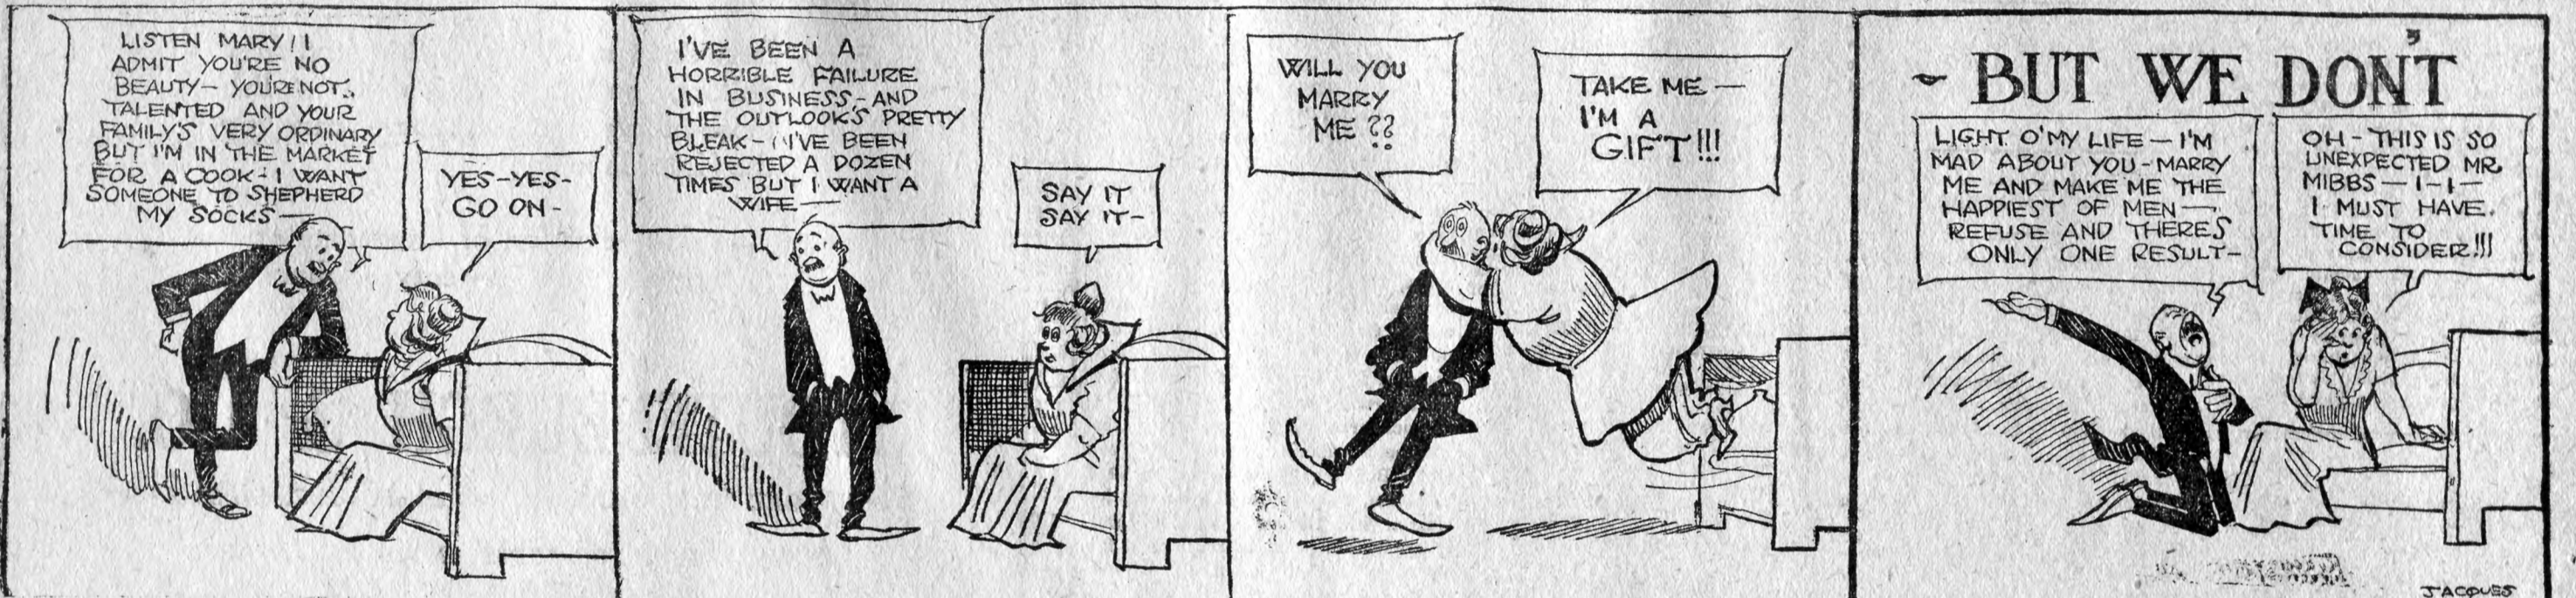

No liquids nor articles packed in glass should be placed in the package.

For wrapping the gifts, use a khaki colored handkerchief, twenty-seven inches square.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys' and Victory Girls' "Earn and Give" Division of the United War Work Campaign to raise \$170,500,000 "for the boys over there" during the week of November 11-18.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

NOTICE.

As previously announced by the Attorney General, Regulation Four of the President's Proclamation of April 6th, 1917, forbidding German alien males to approach or be found

within certain restricted areas stated in the regulations, has been extended to German alien women, to take effect after midnight of October 9th, 1918.

When the section of the Revised Statutes of the United States (4067) defining alien enemies was amended and re-enacted in April of this year so as to include within its scope females, the President, by Proclamation dated April 19th, 1918, extended to the German women coming within the terms of the statute, that is to say, female natives, citizens, subjects or denizens of Germany of the age of 14 years and upwards, now in the United States and not naturalized as American citizens, the regulations that had theretofore been issued governing the conduct and movements of unnaturalized German males; provided, however, in the Proclamation that Regulation Four mentioned should take effect on a date to be fixed by the Attorney General. The Attorney accordingly has fixed the date when the regulation becomes effective as to such German women, which date is as stated, after midnight on October 9th, 1918.

The regulation reads as follows:

"An alien enemy shall not approach or be found within one-half of a mile of any Federal or State fort, yard, factory or workshop for the manufacture of munitions of war or any products for the use of the Army or Navy."

The United States Marshals, however, in the respective Judicial Districts are authorized to grant permits to unnaturalized German women to live or come within the restricted areas above described, in cases where the insurance of such a permit would be proper, to the women who are law-abiding, and every reasonable effort will be made to avoid unnecessary inconvenience to women who are known to be law-abiding and well-intentioned.

Unnaturalized German women accordingly who for a proper reason may now be or in the future are likely to come within such restricted areas, should within the two weeks commencing October 10th, 1918, and ending October 24th, 1918, make application to the United States Marshals in their respective districts for such permits.

Upon presenting themselves to the Marshal's offices (located in Post Office Building), Newark, Jersey City, Hoboken, Paterson and Trenton, the women will receive a printed form of application with instructions to fill the same out and return with it on a given day mentioned, when they will be received and filed. Within a reasonable time after the applications are filled out and filed the permits that are issued will be mailed by the Marshal's offices to the applicants.

Each German woman applying for a permit to be within the restricted areas mentioned must secure male American citizens as sponsors or surety for her, who will vouch that she is a proper person to receive the permit. In the cases of women who are employed by male American citizens the employer or a proper officer of the corporation, if the employer be a corporation, will be accepted as sponsor. In the cases of women who

are not employed by male American citizens or who are housewives or who have no employment, two male American citizens must act as sponsors.

The unnaturalized German women who may desire such permits are again reminded that they should make application therefor to the United States Marshal's offices at places mentioned above within the two weeks commencing October 10, 1918,

and ending October 24th, 1918. Any permit that may be granted to unnaturalized German women to be within the restricted areas defined in this regulation will not constitute a permit to enter into the waterfront barred zone areas or in any other restricted areas that may hereafter be prescribed.

Respectfully,
ALBERT BOLLSHWEILER
United States Marshal.

Prepare for Peace

GERMANY is whipped. The peace that we have sacrificed blood and treasure for is even now in sight. The next Congress must prepare the country for the return of normal industrial activity.

Adjustments that mean the happiness and prosperity of the nation must be made. American labor and American industries must be protected.

Remember 1913. That was before the war storm burst over Europe. Conditions had been normal. Peace and plenty had reigned all over the land before a Democratic administration had assumed control. What happened?

Democratic policies paralyzed industry. Millions of men were out of work. Soup houses and relief stations dotted the country from coast to coast. Misery, suffering and starvation prevailed everywhere. Remember, this was under normal conditions.

If the Democratic policies failed so miserably under normal conditions in 1913, can you imagine what a catastrophe it would be to have a Democratic administration under the abnormal conditions that will prevail when the war ends?

Remember 1913, when you vote on November 5th. Remember peace is close at hand. Remember, 4,000,000 of our fighting men are coming back to their jobs and they have won the right to the best jobs this country can give them. Remember the history of Democratic administration built on Democratic industrial policies.

Remember the nation-wide industrial activities—good wages and prosperity that always resulted from an administration of Republican policies.

Your responsibility as an American citizen was never so great as it will be when you cast your vote on November 5th. Be guided by the facts as they are disclosed in history and you will have done your full duty.

You know what you have enjoyed as the result of Republican policies. You know what you have suffered as the result of Democratic policies. VOTE ACCORDINGLY!
