

ATROCITIES IN CHINA REPORTED

Missionary Says Effort Is Being Made to Arouse Ignorant.

Peiping.—A deliberate effort to arouse the feelings of ignorant Chinese against foreign residents, similar to efforts of the same sort made just prior to the Boxer uprising in 1900, is reported by an American missionary in Honan province.

The missionary writes that a number of well to do persons in a north Honan county have been murdered recently, and some of their vital organs removed, an offense particularly objectionable to Chinese, who believe it interferes with the contentment of the dead person in the spirit world.

The story has been spread in each case that foreigners have paid gangsters to murder these people and get their organs, which the Chinese believe foreigners use for medicine. The story has appeared in several districts at the same time, and seems to be a co-ordinated attempt by some group to stir up agitation against foreigners.

Atrocities Reported.

Many instances of the same sort of atrocity have been reported from Honan and Kiangsi provinces, where Communist armies are active, and it is believed likely that a Communist "missionary" has penetrated Honan, and is at work among the bandits there. While Honan has suffered immeasurably during the last few months from bandit raids in which thousands were killed or carried off for ransom, this is the first hint that the Communists of south China may have come northward.

The bandits of Honan, unlike those of Hunan and Kiangsi, do not profess Communist leanings. They are straightforward robbers, who claim no other purpose than to obtain as much loot as possible. There are two claimants to imperial rank in Honan at present who have a considerable following and have established independent governments of their own in isolated districts, but these men seem to believe seriously that they may be able to establish a new Chinese dynasty, and are not robbers in the ordinary sense of the word.

Woman Bandit Chief.

The most picturesque robber chieftain in Honan at present is a woman, the "Widow Chang," who has been active for more than a year and during the last few weeks has invaded the district near the ancient city of Loyang and set up a government of

her own in the town of Langmen.

The "Widow Chang" is said to have been driven mad by the murder of her husband and children by bandits about a year ago. She sought admission to an established robber band and in a short time had risen to leadership. While she is mentally unbalanced, she retains enough intelligence to direct her band with an iron hand, and has gained many followers in recent weeks.

The widow's gang fought a pitched battle with a people's army near Langmen, the latter consisting of farmers organized to defend their farms from bandits, and the widow was entirely victorious. The battle lasted for two days and several hundred were killed.

The Widow Chang is a sort of female Robin Hood, who rapidly enlists the support of poor people in districts where her band remains. She robs the rich to pay the poor, and is generally more gentle in her methods than other chieftains. Recently, however, she has allied with another bandit chieftain and seems to be on a par with the others at present in cruelty.

Sense of Humor Kept Couple Happy 90 Years

Denver.—John Dalziel, ninety-two, and his wife, Jane, ninety-one, who celebrated their sixty-ninth wedding anniversary here recently, attribute their long marital bliss to a sense of humor.

"We started out in Scotland, thinking we knew a lot," said Dalziel, who has gained nation-wide fame as an engraver. "Then life took hold of us, turned us this way and that way, laid responsibilities and burdens upon us, gave us enough joy to make and keep us grateful and enough sorrow to insure opportunities and kept our sense of humor alive."

For a man standing on the threshold of his ninety-third year, Dalziel made a surprising though frank admission.

"I have discovered I don't know anything and am preparing to take on a charge of new and thrilling knowledge," he said.

Many of his engravings of birds, beasts and reptiles appear in the Century Dictionary. His father, Sir Robert Dalziel of Newcastle-on-Tyne, was a portrait painter of note.

Commercial Tin Plate

The bureau of standards says that tin plate, as the term is used commercially, refers to sheet steel or iron which has been coated with a thin layer of tin.

"Melodies" and "Harmonies"

Melodies are produced by notes in succession, harmonies by notes in combination.

STOCK EXCHANGE USED BY CROOKS IN NEW SWINDLE

Exploitation of Public Through Manipulation of Listed Securities Revealed.

New York.—In the last year the public has been exploited to the extent of millions of dollars by under-cover "rackets" using listed securities to lure investors into traps, says Louis Guenther, publisher of the Financial World in New York city. This looting was accomplished, he writes in the current issue of the Financial World, by manipulation, stock-boasting paid tipster sheets, "come-on" telegrams and false information. The evil has grown to such an extent that even bribery of customers' men is employed. Among these racketeers are individuals who in the past have been involved in notorious financial frauds. This evil practice has grown so pronounced that the necessity to check it has become an urgent one. Otherwise its continuance will succeed in undermining public confidence.

The stock "racketeers" have avoided detection, "not so much by their methods, which are simple enough, but by the smoke screens they have raised about them. Behind it they cover up their identity. This done they then proceed merrily with their work of looting. They select a stock issue on which they can secure an option of a large block of shares and then they start to manufacture a fictitious market for it by the use of predatory tipster sheets, bribery, inspired misinformation, and come-on telegrams. Under the cover of interest aroused among their following the unsuspecting investor is lured into their traps. It was by the foregoing methods that the public was drawn into the web spun by these racketeers around Dunhill International, Advance Rumely, Mallinson Silk, Manhattan Electric and, more recently, Brockway Motor. On a minor scale several other inactive securities were employed for similar purposes.

"Manhattan Electric was boosted from \$27 a share to \$55; Dunhill International from \$10 to \$43; Mallinson Silk from \$6 to \$12, and Advance Rumely from a low level to as high as \$110 for the preferred and \$104 for its common stock. After the racketeers had unloaded, these stocks fell like a plummet. The most recent quotations for these securities are: Advance Rumely, \$18 for the preferred and \$4 for the common; \$4 for Mallinson; \$10 for Dunhill International, and \$4 for Manhattan Electric.

It is pointed out, however, that the companies whose securities were used as the vehicles to carry on these financial rackets were not involved in these

operations. They were defenseless because their securities, being listed, are more or less public property so far as dealings are concerned.

The resourcefulness of the financial plotters has now penetrated the sacred precincts of the New York Stock exchange. "These schemes could not be successfully conducted," says this investment weekly, "if some firm and rigid rule were devised whereby members are compelled to vouch for the character of their clients, since no trading can be done in any security without this business being transacted through members of the exchange. In England there is a traditional rule that before opening an account for a customer a member of the London Stock exchange insists upon at least three references. Another desirable check which the exchange could employ to keep these racketeering parasites away from its securities would be for it to suspend all trading activity in any stock where the evidence is indisputable that it is being used to exploit the public."

71,000 Indian Children Being Educated by U. S.

Washington.—With the opening of school this year 71,000 Indian children throughout the United States enrolled for classes.

Of this number, 38,000 are in public schools, the remainder being educated at government schools located on the various reservations, and at missions and private institutions in the country.

Approximately 5,000 children are living at their homes and attending government day schools on the reservations. These schools are largely for smaller children and constitute the first step in the education of the Indian child. Boarding school is the next step, where, at the expense of the federal government, a more advanced training is given.

The 71,000 Indian children now being educated in United States schools represent those who are physically and mentally able to receive learning. An effort is being made to enroll the remainder, about 9,000, who are either married, ill, or defective.

Remarkable "Cures"

Among the curious "cures" found in an investigation in England of treatments for asthma were swallowing a large lump of honey on retiring to bed, a spoonful of olive oil every night after dinner and a spoonful of black treacle after the midday meal, and two rhubarb pills every night.

Far Above Sea Level

The famous Chilkoot pass through the coast range in southern Alaska between Dyea and the headquarters of the Yukon, is 3,502 feet above sea level.

Just a boy, crying

*JUST a boy, crying
But Margaret Hanlon
noted the arm hanging
limp, and knew what to do.
For splints she used a mag-
azine, rolled around the
arm, and her handkerchief
served for binding . . . A
simple, instead of a com-
pound, fracture because of
her aid, the doctor said.*

MISS HANLON is one of 3300 New Jersey Telephone women who have given their own time to learning in Telephone Health Classes, how to care for their own health and be of help to others. The contribution these Telephone women make to capable citizenship in New Jersey, through their Health knowledge, is in keeping with their record in providing efficient telephone communication for the people of the State.

ALUMNI LOSES TO MCCARTHY TEAM

Both Elevens Play a Fine Brand of Football, But Winners Excel in the Aerial Game.

The Alumni has yet to triumph over the High School. Last year's team which made such a wonderful record combined with some members of this year's McCarthy squad co-ordinated to hand the Alumni a 14-0 drubbing Saturday afternoon at the high school athletic field before a pleasing crowd. This is the third time the Alumni has lost on the gridiron to the High School and they have yet to see victory. The proceeds of the contest went to the American Legion Relief Fund.

Saturday's game was the best ever seen in the annual clash. Both teams possessed rugged lines and there wasn't 10 first downs made all day. This may be greatly due to the cold wind which swept over the field and made the hands and bodies of the athletes pretty well frozen.

There was no scoring in the opening half and in fact neither team's goal line was threatened real earnestly. At the middle of the first quarter both teams started resorting to forwards to obtain a touchdown. It could be seen here that the High School would receive the better of the Alumni through the air.

Leo Hart, star end of last season's county championship squad, was responsible for the first touchdown near the completion of the third period.

The High School had the ball in mid-field when Medwick whipped a lobbing pass of 30 yards to Hart. Hart jumped about three feet in the air, pulled the ball out of the ozone and ran the remaining distance to the goal line.

The point after touchdown was completed when Comba received a pass from Medwick.

The High School's second touchdown came in the last period and was also made on a forward pass. Comba again did the dirty work. The Alumni held on their 20 yard line for three downs, but on the last down Medwick whipped a pass to Comba behind the zero line. Medwick accounted for the fourteenth point by a successful drop-kick.

The Alumni's only threat for a touchdown occurred in the third period when they made two successive first downs and brought the ball to the High School's 20-yard line. They lost possession of the pig-skin when Beigert fumbled and a High player recovered.

The line-ups:
Alumni High School '29-'30
Harris Comba

Left end	Chodosh
Casaleggi	Chodosh
Left tackle	Szymanowski
Ignatz	Szymanowski
Left guard	Daniels
Goyette	Daniels
Center	Czajkowski
Armour	Czajkowski
Right guard	Green
Horvath	Green
Right tackle	Hart
Ellis	Hart
Right end	Medwick
Lehrer	Medwick
Quarterback	Szelag
Currie	Szelag
Left half back	Huber
Santora	Huber
Right half back	Kleban
Beigert	Kleban
Fullback	

The score by periods:
High School 0 0 7 7—14
Alumni 0 0 0 0—0
Touchdowns—Hart, Comba. Points after touchdown—Comba, Medwick. Referee Benckert—Umpire Werlock; Head linesman, Seitzer.

Pay of Early Statesmen
Members of the senate and house of representatives in Washington's time were given \$6 a day during the time congress was actually in session. In 1814 they were granted a salary of \$1,800 a year.

St. Jos. to Start Their Basketball Season

The St. Joseph's will start their season against leading Parochial High School teams when they meet the St. Mary's team of South Amboy away, tonight and play the St. Peter's contingent of Jersey City at home Saturday evening.

The local squad consists of the following men: Lanky Woodhull, Joe Medwick and Bill Coughlin, forwards; Kenny Harris and Richy Donovan, centers; and Leo Hart and Jerry Harrigan, guards.

St. Stehen's Club Wins From Harmony Cagers

One point was the difference between the Harmony Club basketball team and the St. Stephen's Big Five of Perth Amboy, Tuesday evening, at the high school gymnasium. The Saints' were one point better than the locals. A huge crowd enjoyed the tight struggle from start to finish. The score was 26-25.

George Benzing, right guard of the Harmony Club, led the local scorers with 10 points. Koslowski scored the same amount of points for the St. Stephen's bunch.

The score:
St. Stephens

	G.	F.	T.
Lakowski, f.	1	3	5

Old Battery Fools All Wise Baseball Critics

In many respects the most remarkable managerial stunts of the year have been turned in by the old battery of Walter Johnson and Gabby Street.

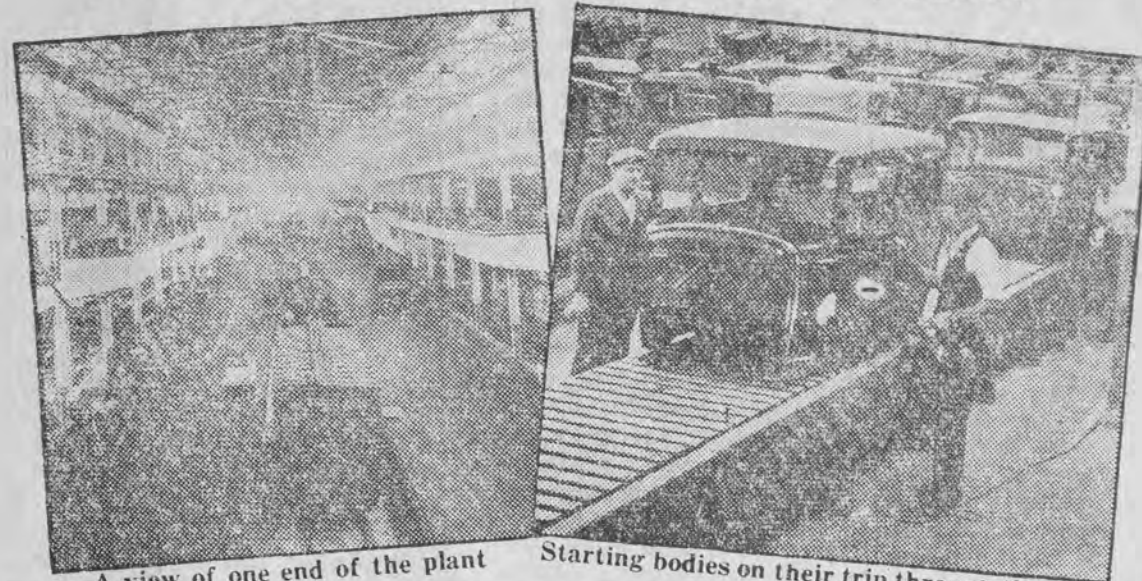

Tactical wisdom is taken as a matter of course from such seasoned leaders as Connie Mack, Wilbert Robinson and Joe McCarthy, but Johnson's direction of the Washington team and Street's sensational work with the St. Louis Cardinals have furnished the twin sensations of the 1930 major league campaigns.

Last spring the consensus was that Washington and Cards each would be lucky if able to break into the first division.

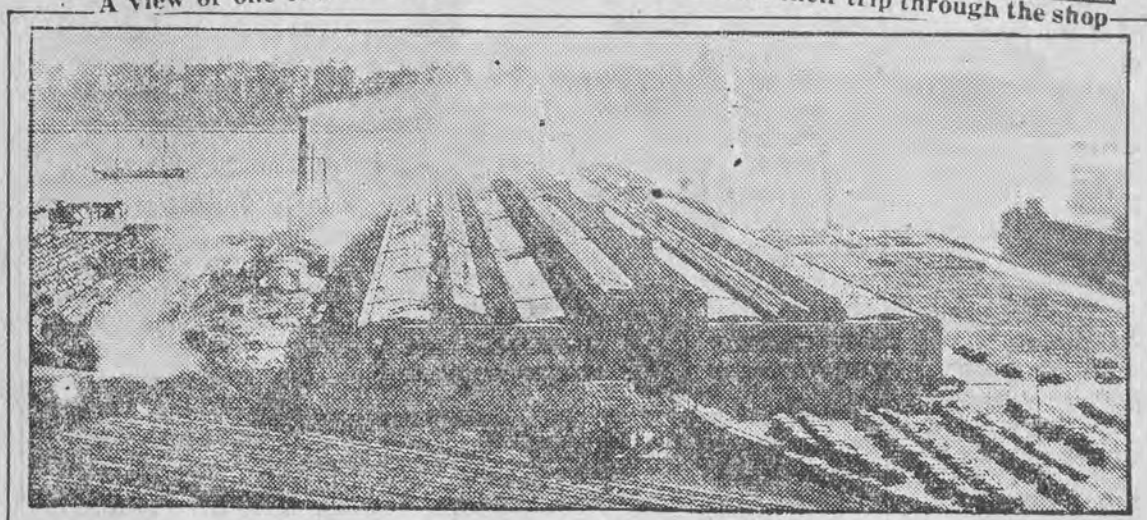

History of Visiting Cards

It is believed that something similar to the modern calling (or visiting) card was used by the Chinese or some other Oriental people in very early times. It was first used in the western world by the Germans in the Sixteenth century, and was soon adopted in France and elsewhere. The French, under Louis XIV, used very elaborate and ornate cards. When England took up the use of the cards in the Eighteenth century simplicity was made the standard.

NEW FORD PLANT WELCOMES PUBLIC

A view of one end of the plant Starting bodies on their trip through the shop

The Edgewater, N. J., Ford assembly plant, newest and most modern of all Ford plants

Few indeed are the people who have not at one time or another wished they could see a Ford factory in actual operation. This opportunity will be given the general public on Monday, December 8th, when the Edgewater, New Jersey, assembly plant, the newest and most modern of all the Ford assembly plants, throws open its doors and cordially invites the general public to inspect the plant in actual operation from 2 P. M. to 10 P. M. Ample parking space has been arranged to take care of visitors. All Jersey bus lines going through Edgewater on this day will make a special stop at the Ford plant.

The Edgewater plant is built on a 33-acre site diagonally across the Hudson from Grant's Tomb. Operating at capacity, this plant will employ 6,000 men.

In addition to viewing the assembly of Ford cars, The Lake Goran, one of the large fleet of Ford ocean-going ships, will be at anchor at the Edgewater dock where visitors may board and inspect it.

of Revolt Sent to Asylum
 Angeles — The woman once rode at the head of a pack of Mexican Amazons in a revolution which overthrew the government of Mexico. She is Mrs. ...

H. M. Osborne.

Then when the time came for the high jump I was confronted by "Dick" Landry, Olympic winner of 1920; Johnny Murphy, national champion and my own teammate, who had just lately won the Big Ten indoor conference, establishing a new record, and Chamberlain, from the University of Virginia.

Sporting Squibs

Since 1905 there have been 101 home runs hit in world series games. Whatever became of the old-time useful custom of identifying any fast-ball pitcher as "Smoky"? Major Sasse, West Point coach, commanded a battalion of American tanks in 1918. Musashiyama, professional wrestler of Japan, who weighs 274 pounds, is said to possess impressive boxing ability. Tommy Armour, professional golfing champion, is a veteran of the game and the World War. He lost an eye and has a limp. Bert Bell, who invented the hidden ball trick at Penn, is now credited with having invented a new deceptive play for night football. Irving Jeffries, young White Sox infielder, has been signed by the Chicago Cubs of the National Basketball league, as a forward. The Philadelphia National league

MAN, Sport
ORNE
Olympic Pentathlon Winner

One by one the contestants dropped out, until at last the bar was at six feet and only four remained—the three stars named and myself. The bar was raised to six feet one and all got over. At six feet two and five-eighths all were over, but with more or less difficulty. Then at six feet four all failed. I had tied with the best of them and it was then that I think my greatest thrill came.

Imagine a green country boy being pitted against the champions of the day and unexpectedly coming forward with a tie in one of the chief track events of a national meet! I was so happy that I could hardly restrain the blushes of pleasure which sent chills up and down my spine and brought more color to my face.

But my day was not done. More honors were to come to me, and when darkness finally settled over Franklin field I was the proudest kid in that part of the world. For I secured first prize in drawing to decide the disposition of the four medals between the ties.

Even yet fate was not satisfied with burdening me with all the thrills this draw gave me. It made the day perfect for me—a green youngster at the time and in his first big meet—for I went on and won the hop, step and jump event, and thus added more points for my university. If there was a more pleased or happier boy in all the world that afternoon I cannot imagine what joy he must have had, for my cup seemed brimming over with good things.

club announced that Winter Haven, Fla., would again be the training base of the Phillies next spring.

Jess Haines, big Cardinal pitcher, said that he had intended to retire if the Athletics had beaten him in the fourth game of the world's series.

The average cost of outfitting a football player in new attire of the latest type is about \$40, according to manufacturers of sports paraphernalia.

In six years Purdue and Wisconsin have had two ties, a one point victory for Purdue, and two other games with only a touchdown between winner and loser.

The little world series between the flag winners in the American association and the International league will continue for at least ten more years.

Speaking of Notre Dame's "Irish," let us not overlook those social registerites in the Harvard lineup: Moushegian, Myerson and Scherschewsky.

Tony Lazzeri, Yankee infielder, is not pleased with his 1930 baseball work, so he is going to spend the winter at hard work.

Wage Terrific Argument Over "Forward" Seat

A terrific argument is going on in the press and riding circles in England over the introduction of the "forward" seat. This is used on jumps, when the horse lands, and is claimed to have more beneficial effects, as against the conventional "backward" seat, the rider leaning back as the horse is coming to the ground again. Arguments are waxing hot and heavy with the pros and cons, several periodicals devoting considerable space to it. The idea is not new by any means, being tried out with success in many other countries, but the staid English hunters are finding something very exciting in the controversy.

To Split \$100,000 Fund Among Puyallup Indians

Tacoma.—In the eyes of the Puyallup Indians, Uncle Sam will become a big melon man. A. F. Ducloux, Indian superintendent at Tulalip, will distribute \$100,000 to members of the Puyallup tribe, according to notice received by Silas Cross, member of the committee which completed the tribal roll May 12.

The certified roll contains the names of 340 men, women and children, each of whom will receive a share amounting to approximately \$295. The total fund amounts to \$188,000, but \$88,000 will be reserved for future distribution. It accumulated from rental of the Cushman Indian school property to the government as a veterans' hospital site and later as a hospital for Indian children.

Duck Snared on Wing When Angler Casts Line

Dublin, Ga.—This is not a fish story. Bob Hightower, while fishing in Turkey creek with rod and reel, was about to let go a cast when he sighted three ducks flying past him. Swift went his cast and plopped a duck into the water, caught by a leg, according to Hightower, who brought home a live duck.

Slowed Down

When complimented on overcoming her awkwardness, a woman answered happily, "I lost my awkwardness when I quit being in a hurry."—Capper's Weekly.

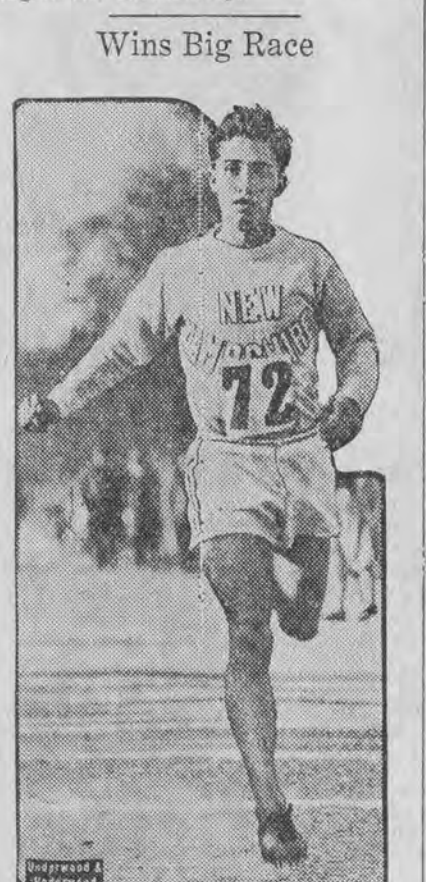

Favor Elimination of Women's Championship

There is some agitation to eliminate the women's national singles championship as a separate tournament in this country.

The 1930 tournament was a dull and drab affair.

With the two Californians, Mrs. Moody and Miss Jacobs, out of competition the tournament was robbed of its main drawing cards and what spice there might have been to the competition. The gate receipts were small and, according to certain information, hardly more than enough to pay the expenses of the affair.

One Point of View
 Do what you consider right whatever people think of it, despite its censure and praise.

Wins Big Race

Connie to Take Usual Spring Training Tonic

Connie Mack, manager of the Philadelphia American league nine, who will celebrate his sixty-eighth birthday December 23 next, plans to take his usual personal training trip before the world's champion Athletics pitch their camp at Fort Myers, Fla., next year. For the past three seasons the dean of American league managers has taken about ten days of extensive golfing at Mount Plymouth, Fla., as his conditioning work previous to taking charge of his baseball squad ever on the west Florida coast.

Young Lines for Old

TO wear the fitted gowns of 1930 you must have, first, a 1930 figure... a firm, sharply moulded bust contour—a normal waistline, a flowing, youthful line from hip to knee... A flattened youthful abdomen.

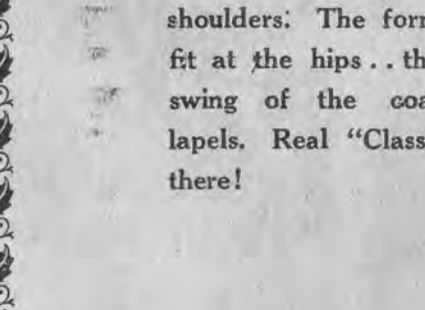

No ordinary corset can thus re-create your figure—satisfactorily and comfortably... But CHARIS—because it is adjustable according to the individual needs of the wearer—will re-proportion your figure so as to produce a foundation of firm, natural curves.

Whenever convenient, a CHARIS Representative will gladly show you at home how to acquire a 1930 figure. Just write or phone the address below.

There's Both Sense and Sentiment in the Gift of the HOOVER

IT IS good sense to select the Hoover as a Christmas gift. You give something that will last, something that is useful, something you know the housekeeper will like. And there is a message of sentiment in such a gift, a desire to save the housekeeper heavy work, to save her strength and give her more leisure.

The Hoover has an exclusive cleaning principle called 'Positive Agitation' which beats and sweeps and suction cleans, all at the same time. The Hoover gets out more dirt in less time and with less effort than any other cleaner.

You have a choice of two Hoover models, one is priced at \$79.50 and the other, a smaller size, is priced at \$63.50. If purchased on the divided payment plan \$5 will do for the first payment, then \$5 a month until the total price is paid.

PUBLIC SERVICE

COUNCIL MINUTES

An adjourned meeting of the Council of the Borough of Carteret was held in the Council Chambers, Friday, November 25th, at 8 P. M.

Present: Mayor, Thomas J. Mulvihill. Councilmen, D'Zurilla, Vonah, Young, Yuronka. Absent: Ellis, Lyman.

A letter was read coming from Sam Brown in reference to proposition of selling the Borough a tract of land, was on motion by Yuronka and Vonah ordered filed, all voting yea but D'Zurilla, who voted no.

A letter was read, coming from the Brownwood Realty Company, offering to sell plot of ground for \$30,000.00, terms to be agreed upon later. Motion by Vonah and Yuronka, that same be filed was carried.

D'Zurilla was then heard, stating that the ground was not suitable for a recreation center. The Mayor said the ground was very cheap and should belong to the Borough. He also stated that a newspaper reporter at first was in favor of a park and now was against same. He also stated that the Borough should have a park, whether procured during his administration, or in the future, and that he would do all in his power to further same at any future date.

D'Zurilla said again, it was no place for a park, that the gases kill the trees, that nothing would grow there, and that it was unsuitable in every way.

Another letter was read coming from Brownwood Realty Company, that owing to the newspaper opposition to the purchase of a park and recreation site, owing to the fact that some people had an idea that he intended to make a lot of money, out of the Borough, the offer to sell the property to the Borough was withdrawn. Signed by Sam Brown, President. On motion by Vonah and Yuronka, this letter was ordered filed.

D'Zurilla, referring to the Streets and Roads, said there was a bill introduced in the Legislature that each Municipality could spend one-eighth of the assessed valuation to furnish work for the unemployed. The Mayor corrected this by stating that the bill called for one-eighth of one per cent.

D'Zurilla spoke of ashes being purchased, and that he was not in favor of same in such large quantities, saying that we could not over-expend our appropriation until after the bill was passed. He also spoke of the number of extra men employed on the roads to relieve the labor situation, stating that there were eighteen new men put to work, and that three foremen were employed to look after the eighteen men. Vonah then stated that there were thirty or thirty-five extra men employed and that they were not all in one place, and that it required somebody to see that they did their work. D'Zurilla then replied, "I refer to your son-in-law."

Vonah informed him that his son-in-law was timekeeper, not foreman. There was considerable controversy on this matter, the Mayor informing D'Zurilla that there were thirty or thirty-five men. D'Zurilla said he knew better because he had a memorandum of the men put to work. There was considerable controversy on this.

The Mayor asked if anyone present had anything to say.

The Mayor then spoke of the signal lights on Washington Avenue between Cook and Pershing not being properly regulated, stating that traffic at one point was stopped at the next point as the lights changed too

quickly. Yuronka said he would look into this.

Motion by Vonah and Young to adjourn was carried.

HARVEY VO. PLATT,
Borough Clerk.

A regular meeting of the Council of the Borough of Carteret was held in Council Chambers, Monday, December 1st, 1930, at 8 P. M.

Present: Mayor, Thomas J. Mulvihill. Councilmen, D'Zurilla, Lyman, Vonah, Young, Yuronka. Absent: Ellis.

The Minutes of November 17th and 20th were approved as printed, on motion by Vonah and Yuronka.

A letter was received from the Polish Organizations Committee, inviting the Mayor and Council to attend the dedication exercises of naming Pulaski Avenue, on Sunday, December 14th, at 1:45 P. M., at the Holy Family School, on Emerson Street. Motion by Vonah and D'Zurilla, that all who could attend, do so, was carried.

Application of Michael Toppo to operate pool room, was referred to the Police Committee, on Motion by Vonah and Young.

Motion by Vonah and Yuronka, that the rules be suspended to take up the reading of bills was carried. All bills found correct were ordered paid, all voting yea on roll call, except D'Zurilla, who voted no on bills for ashes and bill of Attorney Stremlau.

COMMITTEES

Finance—Progress.
Streets and Roads—Vonah reported roads being repaired rapidly. D'Zurilla spoke of the number of men employed and the large quantity of ashes being bought. Vonah reported there were places where plenty of ashes were needed.

Police—No report.
Fire and Water—Progress.
Lights—Progress.
Buildings and Grounds—Progress.
Poor—Progress.
Law—Progress.

The following ordinance was, on motion by Vonah and Yuronka, taken up on third and final reading and adopted on motion by Vonah and Yuronka, all voting yea on roll call, except D'Zurilla, who voted no on all sections and adoption:

"An Ordinance Providing for the Raising of \$135,000.00 by the Issuance of Public Improvement Bonds of the Borough of Carteret."

The following ordinance was taken up on third and final reading, on motion by Yuronka and Young, all voting yea on roll call, except D'Zurilla, and Lyman, who voted no on all sections and adoption.

"An Ordinance to amend an Ordinance entitled, 'An Ordinance relating to the Board of Health of the Borough of Carteret' adopted July 2, 1906."

Motion by Vonah and D'Zurilla, that same be laid over was carried, all voting yea on roll call.

The Mayor then made the following appointment:

Charles A. Phillips, as member of the Board of Trustees of the Carteret Public Free Library, for a term of one year, commencing December 1, 1930.

All voting yea on roll call, except D'Zurilla and Lyman, who voted no.

Resolution by Vonah, authorizing Mayor and Borough Clerk to sign improvement bond for \$646.91, second and final payment due Hermann Bros. on construction of sidewalks and curbs on Hermann Avenue, was adopted, on motion by Vonah and Yuronka, all voting yea on roll call.

Resolution by Young, authorizing the Collector to issue a check in the amount of \$517.89 to Mexican Petroleum Company, \$261.49, of which was paid by them for taxes of 1927 and 286.40 for taxes of 1929 on lot 18, Block 9 on assessment map of Borough of Carteret, which said property it now appears are owned by the Communipaw Central Land Co. who also paid the same amount of taxes for said years, was adopted, on motion by Young and Vonah, all voting yea on roll call.

There was a question brought up of water collecting at the foot of Charles Street. This was referred to the Road Commissioner to look up.

D'Zurilla spoke of the headquarters for distributing food in Chrome, in need of gas connections. The Clerk was instructed to take this up with the Gas Company.

Recorder Jacoby then spoke of the ordinance increasing the members of the Board of Health, and of an ordinance establishing salaries. There was considerable controversy on this, D'Zurilla stating that same should have been done last year instead of now, in reference to the Board of Health also.

Motion by Vonah and Yuronka that when we adjourn we do so to meet on Wednesday, December 3rd, was carried.

HARVEY VO. PLATT,
Borough Clerk.

An adjourned meeting of the Borough Council was held in the Council Chambers, Wednesday, December 3, at 8 o'clock, P. M.

Present: Mayor Thomas J. Mulvihill. Councilmen, Ellis, Vonah, Yuronka. Absent: D'Zurilla, Lyman, Young.

There not being a working quorum present, motion by Vonah and Yuronka that we adjourn to meet December 4th, 1930, at eight o'clock, P. M., was carried.

Motion to adjourn was carried.

HARVEY VO. PLATT,
Borough Clerk.

An adjourned meeting of the Council of the Borough of Carteret was held in Council Chambers, Thursday, December 4th, 1930, at 8 o'clock, P. M.

Present: Mayor Thomas J. Mulvihill. Councilmen, D'Zurilla, Ellis, Vonah, Young, Yuronka. Absent: Lyman.

Resolution presented by Ellis, authorizing Borough Attorney to retain Messrs. Caldwell and Raymond, of New York City, to examine the legality of bonds in the amount of \$135,000.00, and to employ the International Trust Company of New York City to prepare and certify the bonds, and to prepare printed forms of proposal for prospective purchasers, and the Borough Treasurer be authorized to publish a notice, calling for sealed bids for said bonds to be received at a Regular Meeting of the Council, to be held on the 15th day of December 1930, which notice shall be published in the Carteret News and the Bond Buyer, a financial paper, published in the City of New York, publication in both papers to be not less than ten days prior to the said date of sale, and

BE IT FURTHER RESOLVED that said notice of sale shall request four and three-quarters per centum per annum, payable semi-annually, with a provision that if no bids for bonds bearing interest at said rate are received, bids for bonds bearing interest at five per centum per annum, payable semi-annually, will be considered.

Motion by Vonah and Yuronka, that same be adopted, was carried, all voting yea but D'Zurilla, who voted no.

The Mayor then made the following appointment:

Charles A. Phillips, as a Member of the Board of Trustees for the Carteret Public Free Library, of the Borough of Carteret, for a term of five years.

Motion by Ellis and Vonah that same be confirmed was carried, all voting yea but D'Zurilla, who voted no.

The following ordinance, presented by Yuronka was taken up on first and second reading, on motion by Vonah and Yuronka, and engrossed for third and final reading, on motion of Vonah and Yuronka, all voting yea on roll call, on each section, except D'Zurilla, who voted no:

"An Ordinance to Fix and Regulate the Salaries of Certain Officers in the Borough of Carteret, County of Middlesex and State of New Jersey."

The following resolution was presented by Ellis:

RESOLVED, that the salaries of all employees on payroll of the Borough of Carteret, receive their salaries or compensation for the month of December in one sum, instead of semi-monthly, this on December 15, 1930.

On motion by Yuronka and Ellis same was adopted, all voting yea but D'Zurilla, who voted no.

Motion by Vonah and Yuronka that we adjourn was carried.

3. The Overseer of the Poor shall be paid an annual salary of Six Hundred (\$600.00) Dollars.

4. The Street Commissioner or Superintendent of Roads shall be paid an annual salary of Two Thousand (\$2,000) Dollars.

5. The Borough Clerk shall be paid an annual salary of Two Thousand Four Hundred Fifty (\$2450.00) Dollars.

6. The Building Inspector shall be paid an annual salary of Twelve Hundred (\$1200) Dollars.

7. The Recorder shall be paid an annual salary of Twenty Five Hundred (\$2500) Dollars.

8. The said salaries shall be paid semi-monthly to said officers, respectively, in equal installments and shall be in lieu of exception of the Borough of Carteret, in addition to his said salary, receive such fees as are now provided by law.

9. This ordinance shall take effect immediately.

Introduced December 4, 1930.
Passed on first and second readings, December 4, 1930.

HARVEY VO. PLATT,
Borough Clerk.

NOTICE

The above ordinance was introduced at a meeting of the Council of the Borough of Carteret, on December 4, 1930, when it was passed on first and second readings, and the said ordinance will be considered.

Board of Education at Stormy Meeting

(Continued from page 1) An application was received from Joseph Mudrak, of Cooke avenue, for a position as janitor. It was filed. The Ukrainian Social Club requested the use of the Nathan Hale gymnasium once a week for basketball practice. It was referred to the committee for investigation. Lewis Lehner, president of the Carteret Alumni thanked the Board for granting the use of the high school field for the recent game.

Rose Schonwald, in a communication to the board, requested an increase in salary. It was referred to the teachers committee.

During the month of November the public schools had an enrollment of 2767 pupils, who had an average attendance record of 96.29 and in the continuation class 119 pupils, with a record of 88.72, according to the report of Supervising Principal Miss B. V. Hermann.

General healthfulness of pupils in the schools is very good, Miss Elizabeth C. Fezza, nurse reported. Truant Officer Kurt Grohmann reported the investigation of 216 absences.

\$135,000.00 PUBLIC IMPROVEMENT BONDS OF BOROUGH OF CARTERET NEW JERSEY Sealed bids will be received and opened by the Borough Council of the Borough of Carteret, New Jersey, at a meeting to be held at the Council Chamber, Borough Hall, Carteret, New Jersey, on the fifteenth day of December, 1930, at eight o'clock, P. M. for the purchase of \$135,000.00 (maximum amount required to be obtained) bonds of the Borough of Carteret, in the County of Middlesex, New Jersey, dated December 1, 1930, maturing serially on December 1 of each year, \$5,000, in each of the years 1932 to 1952, both inclusive, and \$6,000, in each of the years 1953 to 1957, both inclusive, interest four and three-quarters per centum (4 3/4%) per annum, payable semi-annually, June 1 and December

Symbolic Clothing The relation of clothes to national feeling has turned up many times in the world's history. During the struggle for American independence, the wearing of homespun was a mark of grace.

Birds Find Substitute The difficulty of finding horse hair in this automobile age has driven many birds to substitute string as nest-building material.

Kansas Plans Hospital for "Jakeleg" Cases Wichita, Kan.—A "jakeleg" hospital is to be built in Kansas. Such a hospital, the first of its kind in the United States, will be constructed at the Sedgewick county poor farm. Acting on the advice of Dr. Bruce Meeker, county physician, the board of commissioners has instructed a firm to draw plans for a \$10,000 frame hospital capable of housing 72 patients.

There are 52 sufferers of "jakitis" taking treatment at the poor farm. Sedgewick county has a total of 493 "jakitis" sufferers, state board of health figures show.

Nebraska Man Finds Old Pistol Near Oregon Trail Columbus, Neb.—Clyde Oman, resident of Cheyenne county, has reported the finding of an old-time "powder ball, and percussion cap" revolver, apparently lost by some traveler along the old Oregon trail. The gun was found within a few yards of the old trail, about 20 miles east of Lodge Pole.

Man's Plea Quashes Intoxication Case Poughkeepsie, N. Y.—William Martin won freedom from a sentence of three months in jail on charges of intoxication and disorderly conduct when he told the court the mere charge of "intoxication" was no crime.

1. Coupon bonds in denomination of \$1,000, with the privilege of registration either as to principal and interest or as to principal only. Principal and interest payable at the Carteret Trust Company, Carteret, New Jersey, in gold coin of the United States of America of the present standard weight and fineness; the interest on registered bonds will be remitted by mail in New York City, change at the request of the holder. If no legally acceptable bids for bonds bearing interest at four and three-quarters per centum per annum are submitted, bids for bonds bearing interest at five per centum per annum, payable semi-annually, will be considered.

Said bonds will, unless all bids are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than \$135,000, and to take therefor the least amount of bonds commencing with the first maturity and stated in a multiple of \$1,000; and if two or more bidders offer to take the same amount of bonds they will be sold to the bidder or bidders offering to pay the bidder or highest additional price. In addition to the price bid the purchaser must pay accrued interest from date of bonds to date of delivery. The right is reserved to reject all bids, and any bid not complying with the provisions hereof will be rejected.

Bids are desired on forms which will be furnished by the undersigned or the International Trust Company, of New York City, and each bidder must deposit a certified check for two per centum of the amount of bonds bid for, drawn upon an incorporated bank or trust company to the order of Charles A. Brady, Borough

Ice Skating All Year

Skaters are able to enjoy their favorite sport all the year round in a cave in the Carpathian mountains in Hungary, the walls and floor of the cavern being covered with frost crystals even in the summer time.

Inventive New Englander

The fire alarm telegraph system was invented by Moses G. Farmer, born in Roseau, N. H., and he had electric lights in his house in Salem, Mass., as early as 1858, the first house ever so lighted.

Reverse Order of Colors

The French do not refer to the colors of their flag as "red, white and blue." They reverse our expression and say "blue, white and red."

Long and Short Faces

A physiological expert says that the long face goes more frequently with superior height, while a projecting, flat, or short face is found more frequently in short persons.

Love's Sign
Love knows no winter; no, no! It is, and remains, the sign of spring.— Ludwig Tieck.

In a Nutshell
There is one queer thing about a grouch. It'll never get well if you nurse it.

YOU, YOUR CAR AND THE MOTOR LAWS

By Harold G. Hoffman
Communicator of Motor Vehicles

It is a violation of the Traffic Act of 1928 for any person to stand in a roadway to solicit a ride from the operator of any private motor vehicle. This provision of course places no responsibility upon the motorist if he chooses to grant the request, but the solicitor is liable to a fine of \$50 or imprisonment for five days or both.

Although the motorist is in no danger of punishment in this connection, he is liable under the New Jersey laws for any injuries his guest may receive while riding with him, and for this reason many an automobile owner has rued the day he stopped at the thumb-wagging signal of a roadside hitch-hiker.

Aside from the question of legal responsibility for the safety of his passengers, the motorist runs the still greater danger of personal injury or loss of property by picking up strangers.

As a bulletin recently issued by a motorist organization said, "it may seem callous to urge motorists to reject the overtures of walkers for free rides, especially in cold and inclement weather. Doubtless there are many deserving persons to whom a lift would be an act of charity, but unfortunately the motorist is in no position to judge the character of walkers who hail him, with the result that many kind-hearted drivers are attacked and robbed by pedestrians they have befriended. The practice of robbing motorists is becoming increasingly prevalent."

The club rightly feels it is its duty to warn motorists of this danger and I desire to add my own word to caution to unwary drivers whose sympathies may be won by a forlorn fellow, wistfully begging a ride. He may not be forlorn at all, and his wistfulness may conceal a sinister determination to reward his benefactor

with a slug over the head, the loss of personal valuables, or perhaps even the theft of his car.

Carrying Passengers
A recent case before the New Jersey Board of Public Utility Commissioners which received considerable attention in the newspapers concerned the practice of an automobile owner who took a party of neighbors to work daily, charging them fare. Of course, the board ordered him to cease the practice forthwith, inasmuch as he had not received permission to operate a public carrier.

It should be pointed out for the benefit of other motorists who may have been accepting compensation for transporting fellow-workers or friends or neighbors that such an act also violates the motor vehicle laws, and renders the owner of the vehicle liable to revocation of his driver's license.

The motor vehicle law makes it mandatory that the owner of every vehicle used as an omnibus for the transportation of passengers for hire pay an annual fee of \$15 for vehicles having a carrying capacity of five passengers or less; \$17.50 for vehicles carrying from six to eight passengers; \$20 for vehicles carrying from nine to twelve, and a fixed scale for larger conveyances, the fees being limited only by the size of the vehicle.

Evasion of this tax is a serious offense, and the practice of illegally transporting passengers for hire is grossly unfair competition with established transportation companies which not only have heavy investments in their lines, but, what is more important from the standpoint of this Department and of the State, conscientiously paid.

These two points may thus be summarized:

1. Ignore hitch-hikers.
2. Don't accept compensation for "lifts".

"A Lady Surrenders" Great Drama, Coming

Picturization of John Erskine's Best Seller, "Sincerity," Has Conrad Nagel, Genevieve Tobin, Basil Rathbone, Rose Hobart, Carmel Myers, Vivian Oakland and Franklin Pangborn

One of the most famous writers in America, John Erskine, is the author of "A Lady Surrenders", the Universal special production which comes to the Majestic Theatre Thursday, with a remarkable cast headed by Conrad Nagel, Genevieve Tobin, Basil Rathbone and Rose Hobart.

The picture is from Erskine's celebrated best seller, "Sincerity", his first modern novel. The distinguished college professor, novelist, poet and musician had attained great fame with his "Private Life of Helen of Troy", which went into many editions, and was followed by "Galahad", and "Adam and Eve", but "Sincerity" is different from these. Written with the same brilliance and extraordinary character delineation, it is a story of modern life, a rendering of the triangle in an utterly new form, and prime material for a talking photoplay. Universal purchased the picture rights, and the screen result carries the sophistication and clever inter-play of personalities which are inherent in everything that Erskine has done in the fiction field. Having established his right to great success in the telling of modern stories, Erskine has followed up the vogue of "Sincerity" with "Uncle Sam", and he will return to his earlier mood with the forthcoming publication of "Cinderella's daughter".

John Erskine is one of the most interesting men in the world. He has been a professor of English Literature at Columbia University for fifteen years. Himself an accomplished pianist (he has given concerts in New York to very critical, but approving, audiences), he is chairman of the administrative committee of the Juillard School of Music. During the war he was chairman of the Educational Commission of the A. E. F. and Educational Director of the famous A. E. F. University at Beaune, France. He is a Chevalier of the Legion of Honor, and he received from the United States Government the Distinguished Service Medal for his services in the war. He is the author of many books, poems, essays, treat for students and successful novel.

But what did he think of the photoplay which Universal made from his book, "Sincerity"? Writing with the felicity of phrase for which he is famous, Erskine sent this letter to Carl Laemmle, President of Universal, about "A Lady Surrenders": "Dear Mr. Laemmle: "Last Friday night I had the pleasure, through Mr. Gulick's courtesy, of seeing "The Lady Surrenders." I want to congratulate you on a very fine film. The cast seems to me remarkable, and the pictorial work quite up to your high standard. It seems to me you have got into the story suspense and interest, and I have no doubt that the public will enjoy it. My best wishes for the picture!

"The changes you made in the story in abeyance to censorship requirements I think are extremely well managed. The Carl episode I thought very fine indeed. I still am puzzled, as we often are, at the necessity which film directors feel to make such wide changes in the book material they work on. But you must be used to queries of authors, and I therefore say no more.

"With cordial regard,
 Faithfully yours,
 John Erskine."

John Erskine Commends "A Lady Surrenders"

With an all-star cast of seven well-known screen and stage players, Universal has made what is claimed to be the outstanding drama of the year, "A Lady Surrenders," which will open December 18th at the Majestic Theatre.

Adapted from the popular novel "Sincerity", by John Erskine, "A Lady Surrenders" is a blending of ultra-sophistication and astute subtlety. It was directed by John M. Stahl, one of the best-known directors and producers.

The story concerns the marital difficulties of a young and well-to-do bed manufacturer and his novelist wife who is bored by the confinement of married life.

Conrad Nagel, one of the screen's best-known and most popular stars, has the masculine lead as the young husband.

Rose Hobart, who, until her recent removal to Hollywood, where she sought a career in talking pictures, was one of Broadway's leading feminine dramatic artists, plays the smart, sophisticated, novelist-wife.

An intriguing love story, involving the husband and the wife's best friend, played by Genevieve Tobin, late star of the stage version of "Fifty Million Frenchmen", forms the basis for the action of the play.

Basil Rathbone, eminent stage star, plays the role of a French charmer, whom the wife thinks she loves.

LOUISE DRESSER IN ROGER'S FILM

Returns To Screen After An Absence Of Almost Two Years in "Lightnin'!"

Making her first screen appearance in almost two years, Louise Dresser, enacts the role of Will Rogers' wife in "Lightnin'!" Fox Movie-tone comedy drama, adapted from John Godey's successful stage play, coming to the Strand Theatre tomorrow.

Miss Dresser's previous screen performance was in "The 3 Sisters", which followed "Mother Knows Best" in which she was outstanding as the mother. Again she is a mother in "Lightnin'!" and her daughter is Helen Cohan, youthful daughter of George M. Cohan, celebrated stage comedian and successful producer.

As the result of her long experience on the stage, Miss Dresser is a finished artist and her cultivated voice is of a quality that compels regard. She is one of the real soloists of the talking screen and possesses a personality the fascinates.

Rogers portrays the role of "Lightnin'!" Bill Jones, who loves liquor and hates work. He is a whimsical, good natured but harmless liar.

Supporting the star is a cast that embraces many popular favorites of the stage and screen. In addition to Miss Dresser and Helen Cohan it includes J. M. Kerrigan, Joel McCrea, Sharon Lynn, Luke Cosgrave, Frank Campeau, Joyce Compton, Jason Roberts, Ruth Warren, Phil Tead, Walter Percival, Charlotte Walker, Goodie Montgomery, Blanche La Clair and Thomas Jefferson.

A score or more of gorgeously gowned divorcees add atmospheric color to the picture and, photographed and recorded in the vicinity of Lake Tahoe, California, some of the most beautiful and picturesque scenic backgrounds to be found in America are afforded.

The picture was directed by Henry King, whose production "Tol'able David" won him the Photoplay Gold year. He also directed such successes as "Stella Dallas" and "Hell Harbor".

New Jack Oakie Sweetie Made Blues-Crooner Hit

Lillian Roth, the little girl who went to Hollywood as a blues crooner and promptly sang and played her way into screen prominence, is Jack Oakie's sweetheart in the broad-grin-and-gusto boy's latest screaming screen vehicle, "Sea Legs", booked for the Majestic theatre.

In this comedy of seas, navies and girls, Miss Roth is one of a dozen daughters of the scheming skipper, but she is also the one picked by Goh Oakie as his light-o'-love. In her successive roles for "The Love Parade", "Illusion", "The Vagabond King", "Honey" and "Animal Crackers", Miss Roth has won a reputation for being a versatile screen performer.

In "Sea Legs", Miss Roth is a member of a cast that includes Eugene Pallette and Harry Green.

B'way Play Genius Now Film Producer

"Lottery Bride" with All-Star Stage and Screen Cast Is First Hammerstein Opus.

Three of the biggest film corporations in the industry tried to tempt Arthur Hammerstein, New York stage impresario, with offers before he finally agreed to produce for Joseph M. Schenck, president and chairman of the board of directors of United Artists.

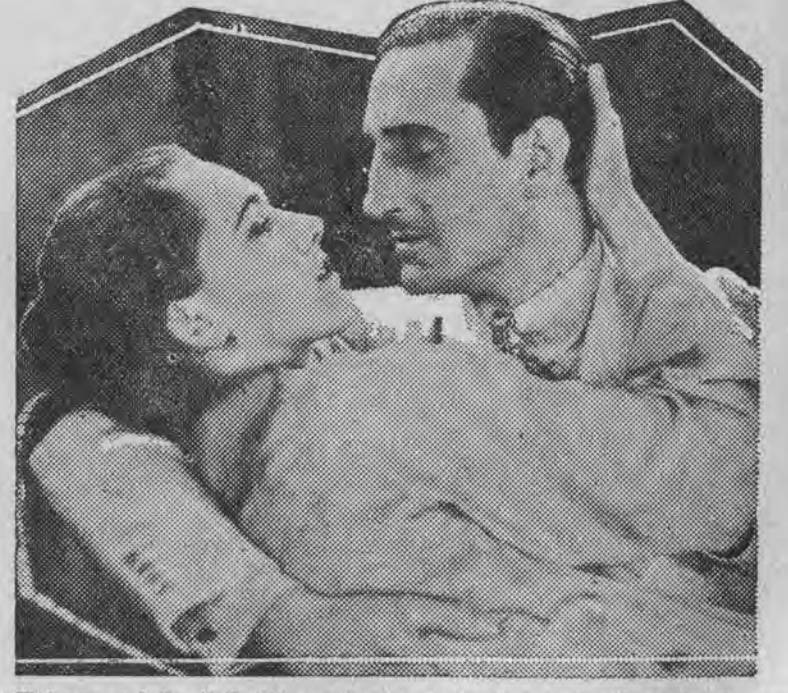

Hammerstein's first of a series of lavish screen musical features is "Lottery Bride," directed by Paul L. Stein, which comes to the Crescent theatre Thursday, December 18.

Among his stage successes are the current hit, "Rose Marie", "Firefly", "Katinka" and "High Jinks". The music for the latter four and for "Lottery Bride" was composed by Rudolf Friml, light opera genius.

In commenting on United Artists' acquisition of Hammerstein's producing ability, Schenck said:

"The new medium of sound is attracting to motion pictures more and more distinguished figures of the theatre, and I am personally happy and professionally proud to bring to the screen the demonstrated talents of Arthur Hammerstein, who will find greater scope and fresh opportunity in a field that offers boundless range in size, color, sound and dimension. Our technicians and experience have been made available to this splendid showman, whose desire to function independently has persuaded him to associate himself with our organization."

"Lottery Bride", which has a magnificent technicolor sequence, was written by Herbert Stothart, adapted by Howard Emmett Rogers and filmed against settings created by William Cameron Menzies. It has a stellar cast including Jeanette MacDonald, John Garrick, Joe E. Brown, Joseph Macaulay, Robert Chisholm, Zasu Pitts, Carroll Nye, Max Davidson and Harry Bribbon.

Rose Hobart and Basil Rathbone in "A Lady Surrenders", to be featured at the Majestic, starting Thursday.

Basil Rathbone and Rose Hobart in "A Lady Surrenders" at the Majestic starting Thursday.

CHEVROLET BUILDS RECORD QUOTA OF PASSENGER CARS
Industrial Bureau Opened By Public Service Company

DETROIT, Mich., Dec. Concrete evidence of improvement in the automobile industry was disclosed here today with the announcement that production of the Chevrolet Motor Company in November set a new high record for the month.
Unit output in November was 47,257 passenger and commercial cars compared with 46,125 in the same month last year, which was the best previous November. The December schedule is set for 60,000 cars.
The November car shortage has resulted in the December schedule being set at about 20,000 cars higher than any previous December in the company's history, according to W. S. Knudsen, president and general manager. The company's twenty domestic production plants now have 28,500 men at work to meet the insistent clamor of dealers for cars following the highly successful introduction of the new 1931 line on November 15, Mr. Knudsen stated.
Future plans call for a gradual further monthly step-up until the spring demand sees the manufacturing plants operating at capacity, Mr. Knudsen explained.
Chevrolet is one of the few volume manufacturers to achieve a very satisfactory record during the past twelve months. That the company was enabled to do this is interpreted here as a distinctly favorable omen for all industry. The motor car industry is the largest user of many basic commodities, and unusual activity on the part of the Chevrolet Motor Company, which builds approximately one-fifth of all cars produced, means a decided stimulus to many lines of trade.

Poetic Qualification
Genius is mainly an affair of energy, and poetry is mainly an affair of genius; therefore, a nation whose spirit is characterized by energy may well be eminent in poetry—and we have Shakespeare. — Matthew Arnold, in "The Literary Influence of Academies."

4-H Club Winner

Miss Florence Melchert, twenty-year-old freshman in Kansas Agricultural college, has been declared the outstanding 4-H club girl in the United States. She went from her home in Franklin county, Kansas, to the International Live Stock show at Chicago to receive the trophy given by Senator George H. Moses of New Hampshire.

Bar "Unwritten Law" as Defense in Kansas Court
Topeka, Kan.—The State Supreme court ruled that the "unwritten law" does not prevail as a defense in Kansas. The court upheld the conviction of Raymond Kelley, an Oklahoma farmer, on second degree murder in the slaying of his neighbor, J. Harry Ferril, near Corwin, Kan., October 5, 1929. Kelley is under sentence to serve a life term in the state penitentiary at Lansing, Kan.
Kelley's defense was that in a moment of temporary insanity he shot Ferril because of the latter's attentions to Mrs. Kelley.
The Supreme court upheld the trial court's instruction to the jury that such a situation does not justify murder.

Volume Raises Value

One of the remarkable contributions of volume manufacturing to the automobile purchaser has been in bringing features once exclusive to the costliest cars into the low price field. This view, the interior of a new 1931 Chevrolet Six, shows form-fitting cushions, robe rail, foot rest, ash tray, arm rest, silk assist cord, high lustre window curtains and period hardware — accessories undreamed-of as standard equipment in the low price field until within the past few years.

Digging His Own Grave

By R. T. M. SCOTT
(Continued.)

AURELIUS SMITH'S fight with Bull Danby was a desperate affair. Smith usually fought with his mind while he allowed his lanky, lazy body to assume the most comfortable posture possible but when Bull Danby looted a Los Angeles bank, Smith found himself so close to death that he had to fight with everything that was in him.

Danby made the mistake of letting himself be recognized before he escaped in his high-powered car with the bank's money. The police followed and telephoned ahead in all directions. Fifty miles from the city, on a lonely mountain road, the bandit's car broke down. The police found it and were certain that Danby and his one companion had struck into the mountains on foot. The sheriff was organizing several posses when Aurelius Smith, in the pay of the looted bank, decided to look over the ground.

Near the deserted car was an old and precarious trail which ascended the mountain along the side of a deep valley. Smith, his long legs dangling from the back of a small burro, turned into this trail and began to ascend.

He had been riding for several hours when his burro halted suddenly. On the path ahead a large rattlesnake was coiled with raised head. Evidently it was temporarily blinded by the summer heat. Smith took a spare cartridge from his pocket and tossed it at the snake which struck viciously at nothing and glided under a small bush. At the same instant a rock crashed down the mountainside and struck the trail a few feet behind the burro before bounding into the valley below.

Rocks sometimes crash down a mountainside without the aid of a human hand, but Smith was suspicious. He held the reins with his left hand and placed his right hand upon the pistol in his holster.

Glancing upward he saw nothing but jutting rocks and steeply rising slopes. He bent forward slightly, ready to kick his heels into the burro's flanks. As he did so there was a flash and a sharp report from above. The burro started violently and Smith fell, a limp and inert shape upon the narrow trail, face upward and mouth open.

There was silence and then a man rose from behind a boulder on the mountainside and looked down. As he did so an arm from the figure on the trail shot upward and there was a roar from a forty-five. The man dropped behind the boulder and the next second the lanky Smith was clawing his way up the steep slope with astonishing agility.

Behind the rock, which had concealed his assailant, he found his man lying, face downward, beside some canvas bags and a shovel which had been used to dig a hole in a tiny patch of level ground. Pistol in hand he stooped to feel the heart of the prostrate man.

"Put 'em up!"

Bull Danby rose from behind a rock twenty feet higher up the slope — gun in hand. Smith dropped his pistol and raised his hands while the man on the ground rolled over and stood up. Certainly Smith was caught.

Danby dropped to the ground behind the lower rock and insolently confronted his captive. Desperate as he was Smith did not forget the value of keeping his temper. He smiled.

That smile infuriated Bull Danby. He kicked the shovel toward Smith and told him to dig the hole bigger and at least six feet long.

"We'll bury you with the money from the bank," Danby snarled "and you can guard it until we come back." He felt Smith's breast and pockets to see if he had any more weapons. "Now get to work!"

"He may have money," suggested Bull's companion as Smith began to dig. "We only got high denominations from the bank and we need some small stuff. Keep him covered while I go through his pockets."

Smith thrust the shovel and stood meekly with his hands clasped as the man came toward him. He often found it wise to appear meek just before he went into action and the time had almost arrived when he had to act or die. He still had a trick left and, with a little luck, he might win. His attitude was so innocent that it was quite disarming and yet it was the most advantageous attitude he could assume. Bull Danby noticed nothing suspicious and stood ten feet away with his pistol dangling in his right hand.

As the would-be despoiler came between him and Danby, Smith slipped the fingers of his right hand into his left cuff. When the thief's fingers entered the first pocket, Smith drove his knee with great force into the pit of the man's stomach and, extracting a tiny revolver from inside his left sleeve, fired as Danby raised his arm to shoot.

Bull Danby dropped his pistol and clutched his right shoulder while the other bandit sprawled senseless upon the ground. Smith collected the various weapons, lighted a cigarette and made himself comfortable to wait until some of the sheriff's men might ride up the trail. With a quick stroke he had won in the middle of digging his own grave.

AMY OF CHINATOWN TELLS OF PITFALLS MET IN EARLY DAYS

Back in the days when womanhood was the cheapest thing on the Bowery there used to dash about one Amy, better known as "Amy of Chinatown". She was in her hey-day. What with many admirers always ready to help her, she soon found herself on the brink of devastation morally.

Amy took to drugs for that fading kick. She fell to the gutter in utter exhaustion from trying to fight maddening sensation when the drug wore off, and there was no more. A passer-by saw her, pitied her and took her to the Rescue Society of Tom Noonan at 5 and 7 Doyer street, where she was fed and clothed and given treatment. That was 10 years ago. Under the influence of the women at the Rescue Society she grew strong mentally as well as physically and today is herself a welfare worker.

Amy will tell in straightforward language the pitfalls that await the young girl. Her story applies to any city. She will be heard at 3:30 p. m. from the "Cathedral of the Underworld", Sunday, December 14, over WMCA.

Canada's Northwest
The Canadian northwest is generally meant to include Saskatchewan, Alberta, British Columbia and Yukon. Vancouver is the western port for the Canadian northwest.

MORNING MATINEE FOR SCHOOL CHILDREN

In order that school children under 12 years of age will have an opportunity of viewing "Amos 'n' Andy" in "Check and Double Check" the management of the R.K.O. Railway theatre has arranged to hold over the picture for a special morning showing starting promptly at 11:30, Saturday, December 13. The doors will open at 11 o'clock and the first 500 boys and girls in line under 12 years of age will be admitted for 10 cents, and those attending the morning showing will be permitted to remain for the regular matinee if they so desire. The matinee feature is "Heads Up", with Helen Kane and Buddy Rogers.

"Rope" on Bananas Is Big Black Python

St. Louis.—A rope appeared to be twined about a stalk of bananas which reached the banana exchange here, but when the "rope" wiggled, employees scattered.

By means of a stick, two employees snared the "rope" and found they had a rock python. 2½ feet long. It was presented to the zoo.

New York Prisons

Sing Sing was first called the Mount Pleasant prison and is historically the third in order of New York state prisons. The first is Newgate prison, built in 1761, in New York city, and the second is Auburn prison, built in 1816. The Sing Sing cell block was built entirely by prisoners with stones taken from the prison quarry. It was started in May, 1825, and was completed in 1828.

YOU, YOUR CAR and the MOTOR LAWS

Harold G. Hoffman,
Commissioner of Motor Vehicles

XXV. CAR INSPECTION
Many inquiries received at the Department's offices in Trenton regarding my attitude on "Save-A-Life" campaigns and periodical inspection of automobile safety equipment lead me to question to warrant, first, an explanation of why there was no campaign this year and, second, the Department's plans for the future.

A careful examination of the results of the first attempt at periodical examination in New Jersey, the campaigns conducted in 1928 and 1929, led me to believe material changes were necessary before the plan could be completely effective and productive of real results. The system then used of having examinations conducted by authorized stations without compensation was not satisfactory, in that examinations were conducted half-heartedly or needless adjustments were advised. It is idle to expect that garages and service stations will make honest, thorough and disinterested examinations without adequate compensation.

In the second place, no provision of the motor vehicle law gives the Commissioner authority to compel

motorists to have their cars tested, or to punish them if they refuse. Article 8 has frequently been cited as evidence of this authority.

The article reads: "The Commissioner of Motor Vehicles may refuse registration in the case of any automobile, commercial motor vehicle, trailer, semi-trailer or omnibus that shall not comply with the requirements of this act or that shall seem to him unsuitable for use on the roads and highway of this State."

Apparently this gives the Commissioner a very broad and loosely defined power, but I am convinced that in the case of an inspection campaign, the courts would place the burden of proof on the Commissioner and would not allow him to take the position of summoning a motorist to prove his car was not "unsuitable for use."

In any event, this article certainly does not make it possible to charge a fee for an examination. The motor vehicle law and other statutes clearly set forth what levies may be made against an automobile owner. They are: Registration tax, license fee, gasoline tax and penalties for violations.

The budget for the Motor Vehicle Department under which it was operating when I assumed office made no appropriation for a "Save-A-Life" campaign and, feeling as I loved, was inadequate, I did not believe it advisable to ask for an appropriation to cover such a campaign in 1930.

However, I believe the idea is basically sound. More, it is an absolute necessity, which every State must eventually meet. For that reason I plan to ask the next Legislature to establish the principle of compulsory periodic examination in our motor vehicle laws, the new legislation to provide for a nominal fee to be paid the examining agency and for adequate punishment for motorists who fail to obey. I do not believe the fee should exceed annually fifty cents or a dollar. This should be sufficient to provide adequate compensation for the inspection work and relieve the State of any expense.

The need for examinations annually, or even more frequently, may be shown by the results of a recent inspection campaign in Pennsylvania, where only 37 per cent of the vehicles examined passed the inspectors without adjustment and repairs, and 8,000 cars and trucks were summarily refused approval either because they were in such a condition that they were fit only for the junk pile, or because their owner refused to make necessary repairs.

Commenting on these results, Motor Vehicle Commissioner Benjamin G. Eynon of Pennsylvania said: "This is in no sense a reflection on the efforts of motor car manufacturers to make their products fool proof, and they are to be commended on the fact that the modern car is considerably more than twice as safe as its predecessor of fifteen years ago. However, the motor car company's

39 Years Of Research Lead To A New Milk

Biologic Values Increased As Result Of New Walker-Gordon Methods.

Considerable interest has been stirred among Woodbridge folk by the Borden Research Foundation announcement of the development of a new system of milk production at its Walker-Gordon laboratories at Plainsboro, N. J., details of which have just reached here.

A new and more nutritious milk of increased biologic value is achieved by this new system, which has been developed under the direction of Henry W. Jeffers, president of the Walker-Gordon laboratories, and which comprises new farming methods, newer and more complete medical, veterinary, laboratory and nutritional controls, and a complete new method of handling and milking cows.

Thomas A. Edison, Secretary of Agriculture Arthur M. Hyde, Governor Morgan F. Larson of New Jersey, Dr. S. L. Crumrine of the American Child Health Association, and Dr. Theobald Smith of the Rockefeller Foundation for Medical Research

responsibility ends with the delivery of the car to the owner, and he is perhaps lulled into a sense of security by the fact that since nothing has happened to him previously, nothing will happen in the future. It is unfortunate that for some people actual participation in a serious or tragic accident is the only way in which the seriousness of the accident problem can be impressed on their minds."

were among the five thousand leaders of American agriculture, science and industry who took part in the ceremonies at Plainsboro which formally marked the inauguration of the new system.

An important and spectacular feature of the new system is the Rotolactor, the invention of Mr. Jeffers. This device is located in its own two-story brick and tile structure, and comprises a revolving circular table 60 feet in diameter on which 50 cows are washed, dried and milked as they make one complete revolution. The cows step upon the rotating platform, receive their baths, are dried by waves of warm air, and milked by automatic milking machines, each cow's milk being collected in sealed glass jars and conveyed through sanitary pipes to an adjoining room. At the completion of the 12½ minute revolution, each cow steps off the platform and returns unguided to her place in the barn an eighth of a mile away. Sixteen hundred and eighty cows are thus milked, almost automatically, three times a day.

Since milk of the highest nutritional value can only be made by feeding the cows the most nutritious feeds, the new Walker-Gordon system begins with the soil. Artificial drying of alfalfa and other forage crops cut at the height of their nutritive value is practiced not alone because the increased vitamin A and protein content is thus reflected in the milk, but also because crops so handled provide the equivalent of June pastures for the cows throughout the year. Feeding the cows on a ration rich in the anti-scurvy vitamin C increases the content of this valuable vitamin in the milk. Experiments now nearing completion indicate that vitamin D which wards off rickets can also be increased in the milk by feeding the cows with concentrated sources of this vitamin.

Deadly Fighting Weapon
A bowie knife is one with a strong blade from 10 to 15 inches long, a single edge, with its back straight throughout most of its length and then curved concavely to the point, to which the edge curves convexly.

of Revolt Sent to Asylum
 Angeles. — The woman sports once rode at the head of a team of Mexican Amazons, divisions of which were in the Park of New York City. New Jersey, is now beginning. General winter sports, skating, skiing, tobogganing and snowshoeing, await only the arrival of settled cold weather and good snow, which may be expected in De-

ember. Skating in the big rink, at Bear Mountain Inn, 300 by 100 feet, frozen by artificial methods, is now open, and this roomy sheltered ice surface will be available to the public daily, until March. Hockey games between the Bear Mountain Cubs, a team made up of park employees and other teams, and games between the teams of the New York Military Academy at Cornwall; the Storm King School at Cornwall; the Peekskill Military Academy, the St. Nicholas Club of Newburgh, and others, will be held two or three days each week, enlivening the program in the rink. There will be the usual winter use of the group camps in the Harriman Park, by about one third of the total of such organizations enjoying them in the summer season, including the permanent all the year around groups installed in the Park, such as the New York sections of the Green Mountain Club, and Adirondack Mountain Club; the New York Life Insurance Company, the Camp Fire Girls, Summit Club, and others. Hiking excursions continue throughout the winter, by the walking clubs of the New York-New Jersey metropolitan district, and when snow and ice come, their members take to skates, snowshoes and skis, with glee. Hope is strong among outdoor folks that, since the past few winters have been rather open, we are due to get some good snow conditions this season. Bear Mountain Inn, on the eastern border of the Park, on the west bank

of the Hudson, 43 miles from New York City, is the headquarters of winter sports enjoyment. There are the big rink, outdoor skating on Hessian Pond, tobogganing on four chutes on the eastern foot of Bear Mountain, running out upon the big playground and upon Hessian Lake; and ski jumping for skilled or amateur performers. The big ski jump, 900 feet long from top to bottom, on the southern shoulder of Bear Mountain, west of the Inn, will be the scene of championship tournaments in which expert jumpers from all over the East will take part, in January and February. This chute is being improved, in the angle of the drop below the take off, to permit much longer jumps than hitherto, up to 150 feet or more, and it is expected that previous records, of about 130 feet, will be smashed this season. A shorter jump, for beginners, and for the average outdoor person, with a drop of fifteen or twenty feet, is being built at the foot of the big chute and will afford a lot of harmless fun. Skating events, in the rink, and on Hessian Lake, are being scheduled for January and February. The rink and the outdoor courses will be used for tryouts for entrants in the Winter Olympics to be held in February, 1932, at Lake Placid. The motor approaches to the Bear Mountain and Harriman sections of the park, are in good shape, and these roads, within and without the preserve, are promptly cleared after every fresh snowfall. The Seven Lakes Drive, the main motor highway across the Park from Bear Mountain to Tuxedo, connecting at Bear Mountain with New York State Highway 9 W, the main route on the west side of the Hudson from New Jersey points, and New York by ferry and tunnel; and at Southfields with New York Route 17, a convenient route from northeastern New Jersey counties and urban districts, has been widened four feet to improve traffic conditions. A new park entrance from No. 17, at Sloatsburg, via Lake Sebago to the Seven Lakes Drive at Kanawake Lakes, is now completely surfaced and smooth. Limited accommodations for overnight visitors, totalling about 250, are available for the public, at Bear Mountain Inn and in outside dormitories. The Inn is restricted to women visitors, the other quarters to men. Owing to these limited quarters, inadequate for the numbers of persons who would like to use them, the Park Commission is compelled to require advance reservations, which may be made with Mrs. G. N. Brobst, superintendent, department of information, Palisades Interstate Park, 25 Broadway, New York, telephone Digby 6150, changing, after December 10, to the new State Office building in Center street, telephone CO 7-9800. Various groups in New York and New Jersey reserve quarters at the Inn, from Christmas and New Year's to Washington's Birthday. The overflow may be accommodated in excellent hotels in Fort Montgomery, Tomkins Cove and West Point, information of which will be given by the Park.

County And State Officials Put "O.K." On Plague Fight

Woodbridge Campaign Lag-
ging Says Chairman Of
Xmas Seal Sale

Mrs. J. J. Dunne, serving as Christmas Seal Sale Chairman for the Middlesex County Tuberculosis League, announces that she has so far received only about three hundred dollars from local buyers of the seals. She points out that this is only a small fraction of the quota of \$1,000 set for Woodbridge, and urges that prospective buyers of the good health stickers to remit promptly to avoid the last minute rush.

The funds raised by the Seal Sale support the prevention and health program of the Tuberculosis League, supplying about three-fourths of the annual budget. Of the total amount expended in 1929, 28.7 percent was spent on nursing and social service work—18.4 percent on clinic activities, and 14.5 percent on the circulation of health education.

Mrs. Dunne calls attention to the **SACRIFICES ARM; GIRL NOT SORRY**

Limb Offended Her So She
Cut It Off.

Salinas, Wash.—No regret—not a particle. Only surprise that anyone should question her act.

Those were the admitted feelings of Alta Fieckle, twenty, who deliberately sacrificed her right arm to satisfy her conscience.

Confined to the county hospital here with her right arm amputated above the elbow, she had not emerged from the apparent religious ecstasy that impelled her to place her arm beneath the wheels of a train. To queries concerning sorrow she might feel she quietly answered:

"Sorrow? Sorrow for what?" Efforts to delve further into the motive were fruitless. Miss Fieckle merely repeated what she told assembled questioners.

"My arm was offensive to me and I cut it off."

Then she told again of the "murderous impulses" which centered in her right arm, and justified her act by quoting Scriptures—"If thy right hand offend thee."

Members of the girl's family—her father, Alfred, Visalia rancher, and her sister, Mrs. Edna Ricks of Tulare—attributed the act to results of a nervous breakdown, suffered by Miss Fieckle three years ago.

Bit of Old Germany
Few cities with the trend of modern progress driving them so hard can have preserved so completely the ancient streets and buildings of their old beginnings as has Frankfurt in Germany. Frankfurt has kept almost intact the fourteenth century houses, guild-houses, chapels and cloisters much as they were built.

international character to the drive against the White Plague. She says, "Every European country, most of the Asiatic nations, Africa, Australia and the South Sea Islands as well as the South American countries are organized to fight tuberculosis under the symbol of the double-barred cross.

"The idea of the Christmas Seal, which was formulated in Denmark in 1904, has penetrated even to Japan, which has no Christian Christmas.

Nursing Report
According to the November Nursing Report of the Middlesex County Tuberculosis League, that organization now has 3,083 cases on file, as compared to 2,858 in 1929. All these cases are followed up by the nursing staff, by at least one home visit during each year.

The expense of the nursing staff is the greatest single expenditure in the whole year's budget of the League, costing 28.7 percent of all funds spent. The clinics cost an additional sum of 18.4 percent, and

the educational campaign is estimated at 14.5 percent.

Three-quarters of this campaign is supported by the sale of Christmas Seals, now in progress all over the county. This year the aim of the League is to raise \$20,000 through this channel, as compared to a little over \$16,000 last year. This additional money is necessary, according to Dr. Charles I. Silk, of Perth Amboy, president of the organization, to meet the additional demands that have been made on the League's services since September.

Letters commending the Tuberculosis League have been received from several prominent officials.

Freeholder Henry C. Berg writes as follows: "I wish that all of the people in Middlesex County might know the vast amount of good done by the Middlesex County Tuberculosis League for those afflicted with that disease. Personally, I feel that no county organization accomplishes more from a humanitarian standpoint.

"I sincerely trust that the League will experience no difficulty in raising the amount of money it seeks from the Seal Sale this year.

("Signed) Henry C. Berg."
Harold Hoffman, Commissioner of Motor Vehicles, writes:

As well as my privilege to observe "As a public official, it is my duty the welfare of the public, first hand. This I have done with interest, as long as I have held public office and

I can honestly say that the work of the Tuberculosis League, among the diseased and the almost diseased of the community has seemed to me invaluable.

"If they did nothing else but prevent the spread of contagion, which is actually only one of the items on their program, they would deserve a great support of every patriotic citizen."

LOST HIS JOB

ONE HORSE LEFT

GOING TO EXTREME

WRONG SCALES

Miss Perch—Oh, dear, I'm three quarters of a pound overweight. Miss Trout—Perhaps your scales are wrong, my dear.

Friend Al. The Mrs. and Rube Simpkins and I have all been invited to a party tonight where they ain't never heard of prohibition although it's no cinch the stuff they give you to drink is liquor, but it certainly carries a kick. Why they even make their lemonade out of wild lemons which have the same result as laughing gas. Well, you know me Al and the way I feel about liquor when I'm in training but there's no use being in training when you're working with this fellow Dempsey since you're going to be killed anyway so I figure to tilt over a few, myself. I wish you could be along because when I drink this wild lemonade I like to have somebody to talk to who I know understands what I'm talking about which ain't the Mrs. She won't even listen to me, and Rube Simpkins wants to talk all the time himself. Yours as always. Jack Keefe.
