Coretta's is a love story, a family saga, and the memoir of an extraordinary black woman in twentieth-century America, a brave leader who, in the face of terrorism and violent hatred, stood committed, proud, forgiving, nonviolent, and hopeful every day of her life.

As a widow and single mother of four, she worked tirelessly to found and develop The King Center as a citadel for world peace, lobbied for fifteen years for the US national holiday in honor of her husband, championed for women's, workers' and gay rights and was a powerful international voice for nonviolence, freedom and human dignity.

Rants & Randomness is a podcast that covers all things pop culture and relevant to our lives, through the lens of our resident Side-Eye Sorceress, Luvvie Ajayi. On the podcast, she talks about her most pressing rants, raves and faves from this topsy-turvy world. Plus, she is joined by special guests that you know and love (and guests that you need to know). The best feedback she's received is that her voice is soothing, like a cup of Earl Grey tea at the end of a tough day.

Luvvie mixes her insights on a world gone mad with feel-good stories and candid chat with media leaders, tastemakers, rule breakers, and people on the rise. This podcast will make you laugh, and you'll always walk away learning something new and/or considering a new perspective.

Now, she finds herself on the run from both the vengeful criminals and the lawmen who desperately want to destroy the incriminating footage.
