Details & Best time to contact:

Are you applying for yourself or for someone else? Please specify the best point of contact.

Tell us about yourself or organization and your computer needs.

Can you describe the population that your organization serves and how access to computers will benefit them?

How many members will have access to the computers, and what is the anticipated frequency of use?

In what ways do you plan to use the computers to enhance your educational or community programs?

How will the addition of computers help you to better achieve your mission or goals as an organization?

Can you describe any community service initiatives that your organization has undertaken in the past, and how will the addition of computers support these efforts?

How do you plan to maintain and secure the computers to ensure their long-term functionality and safety?

Have you explored alternative funding or support options for obtaining computers, and how will receiving this donation benefit your organization?

Can you describe any training or support resources that will be provided to ensure that students or members are able to effectively use the computers?

How do you plan to measure the impact of the computers on the academic or personal success of your members?

In what ways do you plan to give back to the community and support the broader goal of digital access and equity?

Once you have completed the application, please click the submit button below and we will be sure to review your application shortly.

Thank you for applying with Computers With A Cause!
