What is your current academic standing, and how has your academic success influenced your future goals and aspirations?

Tell us about your community service.

Does your family financial situation allow you to afford your own computer? Why?

How do you plan to balance your academic, extracurricular, and personal responsibilities with the use of the laptop?

Knowing that we are limited in how many computers we can give away each year, tell us why you should be on top of our consideration list.

Tell us about an inspirational moment in your life that continues to motivate you and your future endeavors.
