BIOGRAPHY

Russell Craig Sounds

I am an independent artist from Alabama.

I was born with a rare degenerative eye disease called Retinitis Pigmentosa.

As a child, I took to music and after several years of honing my craft I was able to start performing as a solo artist all across the southeast.

I have over a decade's worth of experience on rhythm and lead guitar and additionally I have a lifetime of vocal training.

After a couple years of playing acoustic shows I had the opportunity to put a band together. We are a 4 piece band that can play almost any genre of music you like as well as a plethora of original material.

With special guest...
