

Walker Lumber Company Inc.

FSC Controlled Wood Company Policy

Walker Lumber Company, Inc. will make its best efforts to avoid trading and sourcing wood and wood (herein referred to as wood) fiber from the following categories:

- a) Illegally harvested wood
- b) Wood harvested in violation of traditional or civil rights
- c) Wood harvested in forests where high conservation values (HCV's) are threatened by management activities
- d) Wood harvested from natural forest areas being converted to plantation or non-forest use
- e) Wood harvested from forests in which genetically modified (GMO) trees are planted

Walker Lumber follows the FSC US National Risk Assessment (US NRA) to control uncertified forest materials from the conterminous United States so that the materials may be mixed with FSC-certified materials and used in products that carry the FSC Mix label.
