

Level 3 Certificate

# Dog Breeding, Socialisation & Welfare

All  
paws &  
claws

Academy

## Who's the course for

This course is ideal for pet owners and dog breeders who want to give their puppies the best possible start in life. You'll gain practical skills and essential knowledge to raise litters using proven socialisation and habituation techniques, helping puppies grow into confident, well-adjusted dogs.

16+

Minimum age 16

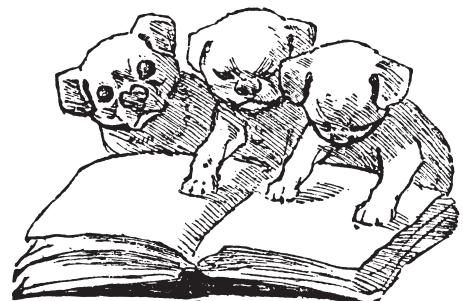

Guided Learning Hours  
50

## What does the qualification cover

You'll also learn how to assess each puppy's unique personality and needs, enabling you to match them with the right homes and support their long-term wellbeing.

As a Level 3 Ofqual-regulated qualification, this course can also assist you in achieving a dog breeding licence to the highest standard, helping you progress as a responsible and ethical breeder.
