Registered Practical Nurse Job Description

Registered Practical nurse (RPN) applies knowledge and leadership skills to give direction, assistance and supervision to PSWs/HCAs and support other team members. The Registered Practical Nurse will accomplish this role through the balance of clinical and management skills that focus on health promotion and disease prevention to enhance resident wellness. As a primary health care professional, RPN works in collaboration with physicians to provide residents with care, education, and support, develop and implement resident care plans, help in rehabilitation, and provide emotional support to their families.

Registered Practical Nurse Job Duties

- Record and analyze patient medical histories, symptoms, and conditions
- Administer medications and treatments
- Document and communicate actions to maintain continuity among the nursing team
- Perform diagnostic tests on patients to assess their condition
- Discuss treatment with physicians and pharmacists, participate in case conferences
- Ensure the operation of equipment by completing preventive maintenance requirements
- Maintains a safe and clean working environment by complying with procedures, rules, and regulations; comply with IFH policies

Qualifications

- A valid certificate of registration from the College of Nurses of Ontario
- Current First Aid and CPR certification
- Effective communication skills
- Knowledge of RAI-MDS
