Qabalah & Tarot

Why are the new Readings including information on the Major Arcana?

The Major Arcana are the building blocks of spiritual reality and as you can see from the diagram above, are found in a lot of areas. Kabbalists and Tarot Readers already use the Major Arcana, and now I teach how they also overprint our soul, higher self, Ley Line energies and even the stars! More than anything else they help us to understand our spiritual identity, our influences, our gifts and our destiny. They are highlighted in Tarot and so there is some information available about them and the imagery is so enjoyable to work with. However, my Arcana Readings are not Tarot Readings as the Major Arcana energies are much more than a tool for divination. You do not need to know anything about Tarot in order to order these readings. If you explore and work with these Major Arcana you will understand spirituality more, connect the dots and learn a shared language of spirituality that others are learning too.
