

Got out of the car and
"Immediately balled a fist"
Snr Cons. Jordan

A/Sgt Dickinson uses his left hand to grasp my left arm. This is a strategic move because the dominate right hand is left available to perform a power strike if necessary. It is not intended to facilitate escorting to ambulance or stretcher because to do so would have me walking backwards.

A/Sgt Dickinson has just grabbed my arm when I couldn't finish "don't touch me please. I'll coop."

The only moments I had a clenched fist.

Release the clenched fist

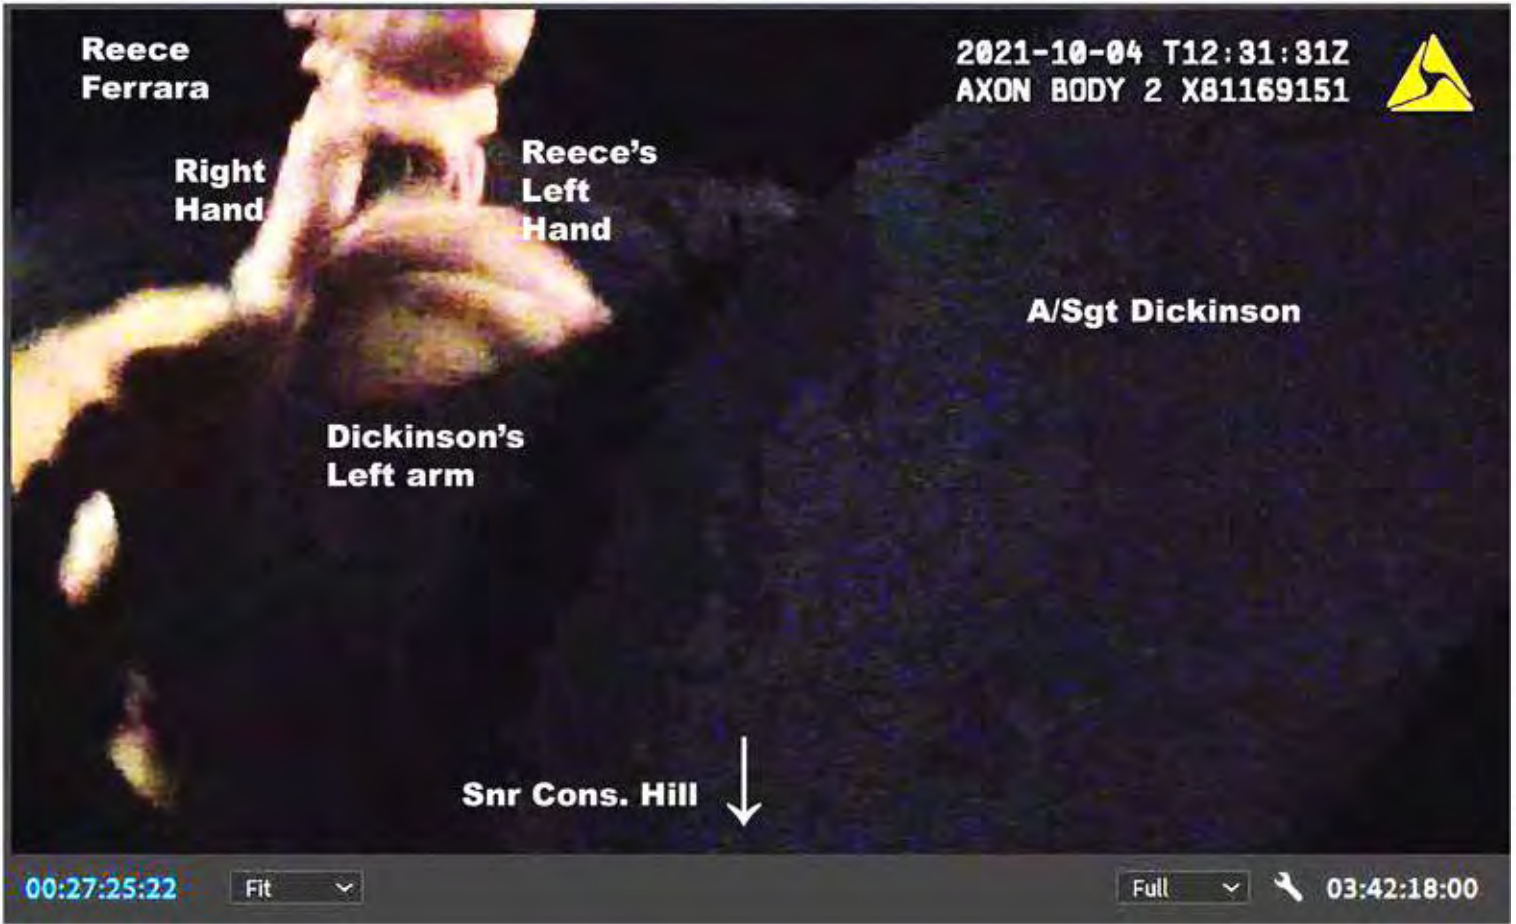

Break A/Sgt Dickinson's grip

Just do me, just do me a favour and just don't touch me. Please. I'll I'll co-op-
[I wasn't able to finish saying I'll co-operate]
@ 09:53:10, I was out of the car standing and facing the rear of the vehicle.

[A/Sgt Dickinson Grabs the mid bicep of my left arm with unnecessary Force] A/Sgt
Dickinson "...so he pretty much just wants to blue"

10 **523.** 2021 10 04 X81177993 Reece Ferrara @ approx. 09:54:00

Son of a bitch

524. A/Sgt Dickinson uses his right arm to grab my lower-bicep, *gripping it with unnecessary Force* and looking at me with intent directly in the eyes from his height and size advantage. He continued to forcefully hold my bicep, resisting my attempt to pull it away.

525. 2021 10 04 X81177993 Reece Ferrara @ 09:56:10,

I broke the grip of Sergeant Dickinson and was immediately rushed by the other two officers and forced back into my car.

20 **526.** All my muscles immediately tensed, and the amygdala, recognising the threat of imminent harm, then pushed me into an adrenalin-mediated fight/flight/freeze state.

527. AXON Body 2 2021 10 04 X81177993 A/Sgt Dickinson @ 09:57:04

Grabbed my throat with his left hand. I **instinctively defend the threat to breathing** by using both hands to hold his left arm.

[Importantly at this stage **I have not retaliated against them**. Instead **only defend** at this point. Also of note is that **I have not been advised I am being detained under an Emergency Examination Assessment** power within the Public Health Act]

Just Hey Stop fighting. Stop, man. You're. You're going to come off second best, mate.
Yeah.

530. I said, "Hey that's not necessary" [original complaint]

531. Reece Ferrara 10 04 2318 X81177993 @ 10:01:01 – 10:02:16

This is not necessary.

532. Reece Ferrara 10 04 2318 X81177993 @ 09:59:09

I Force A/Sgt Dickinson's hand off my throat.

10 **533.** The other Snr. cons. With a height and size advantage and a junior Cons. more akin to my size closed in and breached my personal space. The amygdala now sensing a threat to life, resulted in fear, and I instinctively tried to defend myself and escape. (Flight)

534. AXON Body 2 2021 10 04 X81177993 A/Sgt Dickinson @ 09:59:13

A/Sgt Dickinson **places both hands on my throat, slightly cutting off venous drainage for the head** and no stridor [airway obstruction] is heard.

535.

[Still with open right hand] 'This is not necessary.'

Yeah, well, your behaviour.

540. Reece Ferrara 10 04 2318 X81177993 @ 10:09:40

I will fuck you up. I will fuck you up. Just let me go. I don't want to do this. I didn't want it. I didn't want it to be this way.

Trying to push them off me

542.

543. Being pushed, my whole body assumed the form of it, and my back was slightly hyper-extended. I was in this position off balance and unable to generate the Force necessary or capable of pushing them back.

544. I made an effort with everything I had to gain my balance forward but was unsuccessful. My arms were held so I couldn't defend myself.

545. AXON Body 2 2021 10 04 X81177993 Unknown Speaker

Stop kicking out. You will be stopped.

The A/Sgt's left hand goes back on my throat.

547.

548. This moment is **the only instance in which I touched the person of one of the arresting officers** throughout the whole event. The **purpose was defence** by pushing him away from me.

549.

550. Immediately after this push, Sergeant Dickinson (on my left) and Snr Cons (in the slightly off-centre to the left) began to knee me repeatedly to the hip to the navel region. At the same time, the Jnr Cons continued to pin my right arm and shoulder.

551.

552. Instinctively using 20 years of Muay Thai training, I raised my right knee to defend the knees coming from the Sen. Cons. At the same time, being still open to attack from the knees of Sergeant Dickinson. The flaw of this technique is that you lose your stable base and, as a result, compromise your balance.

10

553.

554. A/Sgt Dickinson's hand was still on my throat while kneeling me repeatedly.

555.

556. Snr Cons. Hill kneeling me.

557. [I said later in the hospital, why the knees? If the primary goal was to get me to the ground, I would take out the legs with a sweeping kick. Does not inflict unnecessary pain and would have prevented me from enduring these assaults.]

558. I was inevitably forced to the bitumen where the Snr Cons. and the Jnr Cons. had my back pinned by a knee and controlled my hips, pinning me to the road and concurrently ripping my arms behind my back.

559. In this position, **I couldn't do anything to them**, let alone save myself.

560. I cried out,

"This was not necessary... I just asked you not to touch me."

10 **561.** Another police officer was seen who was slightly overweight with glasses, watched the event take place. Silent. All of them had body cameras.

562. An unknown officer, as I couldn't see, **while helpless and clearly no possible threat to anyone, forced my head into the bitumen causing pain and significant bleeding.**

563.

564. [Original Complaint] Given the positioning of the police members and their actions stated previously, **I can only deduce that Sergeant Dickinson forced my head into the road as he was positioned originally to my left and by virtue of position, would be less likely to be involved in restraining me to the ground** as when on the ground my head was facing his side with legs towards the Jnr Cons.

20

565. A/Sgt Dickinson's positioning when my head was forced into the ground.
