We are working towards **promoting Indian home grown alcohol brands**. Do let us know if you've heard of someone trying something new and if we should stock em. Your feedback on the brands helps us constantly update our selections.

Make your Own Cocktail. Choose a cocktail you'd like to have from the menu and between 2pm to 6pm you can jump over inside and bartend your own drink. Our Bartenders would be thrilled to guide you through it.

We are working towards all natural cocktails where we make our syrups. **We avoid using things with preservatives** & you might have a slight change in profile now and then. **It's natural.**
