We are working towards **promoting Indian home grown alcohol brands**. Do let us know if you've heard of someone trying something new and if we should stock em. Your feedback on the brands helps us constantly update our selections.

**Make your Own Cocktail.** Choose a cocktail you'd like to have from the menu and between 2pm to 6pm you can jump over inside and bartend your own drink. Our Bartenders would be thrilled to guide you through it.

We are working towards all natural cocktails where we make our syrups. **We avoid using things with preservatives** & you might have a slight change in profile now and then. **It's natural.**

## bar bites

*All of us here at Circle come from far flung places around the country. Some of these recipes are from our own homes made by our mums. For most people, the original flavour for anything is what they've grown up eating. This may not be the original one you've eaten but we're hoping we haven't strayed too far.*

*These flavours are seasonal and we will be changing them from time to time. The ingredients used in some of these are sourced from the region itself.*

*Small portions are enough for one or two to share in case you want to order different things and not be full with one. We've been through that a lot, when you're just two people or alone and want to try the other things but it's hard to get small portions. So do try multiple things. We're open to suggestions and ideas all the time. So if you think we can or should do something to lift up the flavour a little or fine tune something to bring out the aroma - we're all ears.*

TRAVEL CHANGES YOU. AS YOU MOVE  
THROUGH THIS LIFE AND THIS WORLD, YOU  
CHANGE THINGS SLIGHTLY, YOU LEAVE MARKS  
BEHIND, HOWEVER SMALL. AND IN RETURN,  
LIFE AND TRAVEL LEAVE MARKS ON YOU.

ANTHONY BOURDAIN

**Ghee Roast:** The dish was first created by Mr. Tejappa Shetty for his Shetty Lunch Home in the year 1956. It originated in the Kundapur town in Karnataka. From there it has gone on to be a staple in many homes as if it always existed.

**Chettinad / Malwani Dry Rub:** One is lucky to eat like a Chettiar, they say in South India. Chettiar say it themselves. They say it because a Chettiar table is a groaning board but also because the cuisine is uncommonly subtle and aromatic, a heritage of Chettiar participation in the centuries-old spice trade, the global import and export of pungent seeds and fruits and barks from places like Cochin and Penang, the Banda Islands or Arab ports in the Straits of Hormuz.

YOU, AS THE COOK MUST BRING  
SOUL TO THE RECIPE.”**
