

Residential & Commercial Meters

Meter Size	Benefit Unit Charge	System Development Charge	Tapping Charge	Road Crossing Charge	Monthly Service Charge	Relocation Charge
5/8" x 3/4"	\$4,000.00	No Charge	Included	Per bid	\$30.00	\$1,250.00
1"	\$4,000.00	\$906.00	Included	Per bid	\$30.00	\$1,600.00
1 1/2"	\$5,000.00	\$906.00	\$250.00	Per bid	\$40.00	Per bid
2"	\$6,000.00	\$1,450.00	\$400.00	Per bid	\$40.00	Per bid
3"	\$8,000.00	\$2,719.00	\$400.00	Per bid	\$92.00	Per bid
4"	\$10,000.00	\$4,532.00	\$1,200.00	Per bid	\$150.00	Per bid
6"	Per bid	\$9,063.00	\$1,400.00	Per bid	\$295.00	Per bid

•Benefit Unit Charge is for 1 (one) meter only. Multiple meters will each incur the full range of applicable charges.

•The System Development Charge (SDC) compensates Butler Water 5 for investments required in water supply, treatment, transmission and distribution facilities. The SDC is paid in addition to the Benefit Unit Charge.

•Road Crossing Charge is dependent on many factors including - but not limited to - length, type, terrain, and material.

•The Monthly Service Charge is due each month regardless of whether water is used or not.

•Relocations larger than 1" will require a new tapping charge and a new road crossing charge, if applicable.

•Any meter enlargement will be subject to an SDC equal to the difference in the current SDCs for the respective meter sizes and types.

•Meter manufacturer and meter type (turbine, compound, displacement, etc.) will be chosen by the District on a case by case basis.

•Water main extensions including - but not limited to - materials, labor, engineering, surveying, and legal are paid for by customer.

Fire Line Meters

Meter Size	Benefit Unit Charge	System Development Charge	Tapping Charge	Road Crossing Charge	Readiness to Serve	Relocation Charge
4"	Per bid	\$4,532.00	\$1,200.00	Per bid	\$150.00	Per bid
6"	Per bid	\$9,063.00	\$1,400.00	Per bid	\$295.00	Per bid

•Benefit Unit Charge is for 1 (one) meter only. Multiple meters will each incur the full range of applicable charges.

•The System Development Charge (SDC) compensates Butler Water 5 for investments required in water supply, treatment, transmission and distribution facilities. The SDC is paid in addition to the Benefit Unit Charge.

•Road Crossing Charge is dependent on many factors including - but not limited to - length, type, terrain, and material.

•The Readiness to Serve Charge is due each month regardless of whether water is used or not.

•Relocations will require a new tapping charge and, if applicable, a new road crossing charge.

•Fire line water usage is billed at the current rate per 1000 gallons.

•Any meter enlargement will be subject to an SDC equal to the difference in the current SDCs for the respective meter sizes and types.

•Meter manufacturer and meter type (turbine, compound, displacement, etc.) will be chosen by the District on a case by case basis.
