International Women's Day

In honor of **International Womens Day**

I am offering advice to myself, and all the strong, smart, beautiful women in my life.

Make peace with your mistakes

Say how you feel

Stand your ground

Be kind to yourself

Exercise

Travel

Dare to fail

Don't ever settle

Stop apologizing

Learn how to say no

Learn how to say yes

Do more of what makes you happy

Call your mom (and your dad)

Don't blame others

Be grateful

Write in a journal

Read a book

Do something that scares you
And always remember...
Don't ever give up because
YOU ARE WORTH IT!

Had our Council Hearing to discuss the planned temporary closing of several Boston Public Schools and BCYF Community Centers this summer to start much needed HVAC work. It is important we get the work done, but want to ensure the least amount of impacts to our families and staff at these facilities. We will continue to communicate with the proper departments to make sure the work goes smoothly.

CELEBRATING WOMEN'S HISTORY & YOUTH SPORTS

Did you know that BPS offers 16 different sports for girls and boys across three seasons? From basketball to cheerleading to rowing, students in middle through high school have myriad opportunities to compete and have fun playing the games they love. As a student at Boston Latin Academy (Go Dragons!), my daughter participated in the Row Boston partnership between BPS and the City of Boston's own world class non-profit rowing program **Community Rowing, Inc. - CRI** on the Charles River in Brighton.

During Women's History Month let's appreciate the young women trailblazing rowers from Yale University who demanded the right to compete in the 1970's and planted the seed for the Title IX program that has allowed countless girls to flourish in competitive sports in high school, college, and beyond.

As your At-large City Councilor, I will continue to prioritize properly funding school athletics, and expanding programs and opportunities for all of Boston's kids. As a teacher,

hockey mom, and marathoner, I know how important physical activity and health are to everyone's overall fitness, mental health and readiness for success in life.

My favorite things about being in office is bumping into former students when I am around the City and reminding them they can do anything in this world! In honor of Women's History Month I am highlighting a few of my smart, strong girls!
