Read About Our Legislation

Today my heart sinks after hearing a 14-year-old boy was killed, and another teenager injured in a midday shooting in our Roxbury neighborhood.

Our residents, especially our teenagers and young people, have a right to feel safe in their streets, neighborhoods, schools, playgrounds, parks, and anywhere in public.

It is unacceptable and the ultimate failure when our young people continue to lose their lives to senseless and outrageous violence. We must work together and breakdown any barriers between city departments and elected officials to ensure safety for everyone in our City. Our children deserve it!

I am here to listen. To learn. And to do what I can to help in anyway possible.

If you feel impacted by community violence, please reach out to Boston's Neighborhood Trauma Team for support at (617) 431-0125
