

BOSTON CITY COUNCILOR AT-LARGE

ERIN MURPHY

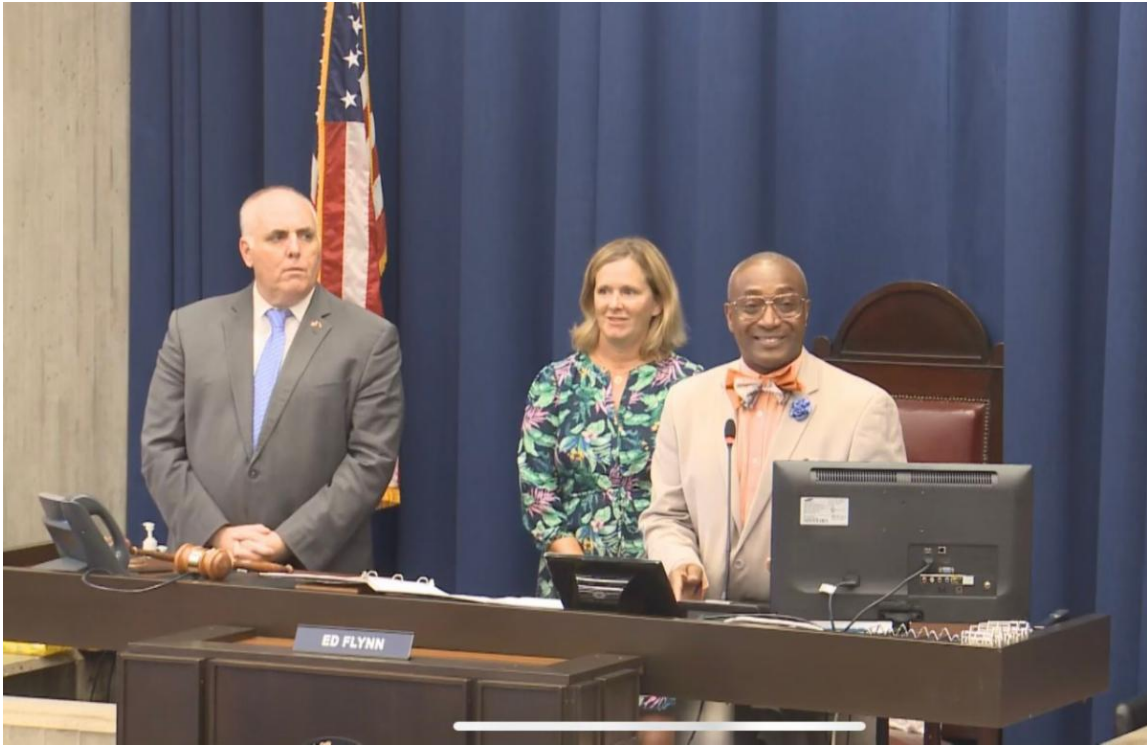

From the Iannella Chamber

At our last Council Meeting I filed Hearing Orders to address the humanitarian crisis at Mass and Cass and the attention needed at Clifford Park. As the Chair of Public Health, I am working hard to support the neighbors, businesses and those suffering in the area so everyone can thrive in a clean and safe environment.

Forever in our thoughts. We will never forget. Thank you for the bravery and sacrifices of the first responders on that day 21 years ago. ☐☐♥

Happy 1st Day of School ☐

It was fun to welcome back students and teachers on the first day of school. If your

child is heading back to school I want to wish you the best of luck for this upcoming school year! The past few years have been extremely hard for students, parents, educators, school staff, and administrators. As an educator in the Boston Public Schools for 24 years, I know how exciting, but also stressful, heading back to school can be. Please know that I am in your corner, supporting you as you get back into a routine, make new friends and study hard.

If you need anything at all, please do not hesitate to reach out to my office at (617) 635-3115 or email me at erin.murphy@boston.gov!

KEEP SCROLLING

From the Iannella Chamber

I filed Hearing Orders to address the conditions of our BCYF pools, sponsored a hearing on the safety of our students and staff at BPS schools, and chaired a hearing on ways to support parental involvement and engagement through the development of a digital platform. I participated in hearings regarding a comprehensive, district-wide planning process for Boston's waterfront, various grants to be issued to BPD and Mayors Office of Housing (MOH), demographic data and census reporting impact with regard to grant funding and policy making, access to low-cost veterinary care and adoption of City Council redistricting principles.

I filed Hearing Orders to address the facility conditions of all the BCYF's pools and the current lifeguard shortage affecting our pools.

OFFERED BY COUNCILOR ERIN MURPHY, ARROYO, BAKER, BOK, COLETTA, FERNANDES ANDERSON, FLAHERTY, LARA, LOUZEUNE, MEJIA, WORRELL, AND BREADON

CITY OF BOSTON IN THE YEAR TWO THOUSAND TWENTY-TWO ORDER A HEARING TO ADDRESS THE FACILITY CONDITIONS OF THE BCYF'S POOLS TO ENSURE CITY SERVICES TO ALL RESIDENTS

WHEREAS: After multiple heat waves and an unprecedented lack of rainfall, Boston has experienced one of the warmest and driest summers on record. According to the U.S. Drought Monitor's weekly report, released on August 25, roughly 96 percent of the state experienced severe drought conditions at some point this summer. So far this year, there have been 24 days when the temperature was 90 or above, marking the sixth-highest number of days in one year at 90 and above in Boston; and

WHEREAS: The Boston Centers for Youth & Families (BCYF) manages 17 indoor pools, two outdoor pools, and three beaches in the City; and

WHEREAS: At the very start of the summer, only seven of the 19 pools were open, and the three beaches located at the Curley Community Center in South Boston were closed; and

WHEREAS: According to the Boston Centers for Youth & Families (BCYF), the nine pools closed due to facility issues and capital construction projects were the Curley Community Center in South Boston, the Mattapan Community Center Pool in Dorchester, the Paul Street Community Center Pool in East Boston, the Draper Pool in West Roxbury, the Blackstone Community Center Pool in the South End, Chougherty Pool in Charlestown, the Houghton Community Center Pool in Jamaica Plain, the Marshall and the Holland Community Center pools, both in Dorchester; and

WHEREAS: Only two of the seven opened pools were located in neighborhoods with an area median income lower than the city's average: the Mason Pool in Roslindale and the pool inside the Lundy-Holliston Community Center in Dorchester. In the South End and West Roxbury, no public pools were open at one point; and

WHEREAS: These closures were a disservice to residents, prohibiting several neighborhoods from city services like recreational swimming and aquatic lessons, especially in one of Boston's hottest and driest summers to date; and

WHEREAS: It is in the best interest of our residents to proactively address the current facility conditions of all indoor and outdoor pools to avoid sudden closures due to facility

WHEREAS: These closures were a disservice to residents, prohibiting several neighborhoods from city services like recreational swimming and aquatic lessons, especially in one of Boston's hottest and driest summers to date. **NOW, THEREFORE BE IT**

ORDERED: That the appropriate committee of the Boston City Council holds a hearing to address and brainstorm solutions for the lifeguard labor shortage affecting pools managed by the Boston Centers for Youth & Families (BCYF) in order to ensure equitable city services to all city residents. Representatives from the Boston Centers for Youth & Families, Workforce Development, members of the Community Centers, the BCYF Foundation, neighborhood organizations, and members of the public shall be invited to attend.

Filed in Council: September 21st, 2022

After multiple heat waves and an unprecedented lack of rainfall, Boston has experienced one of the warmest and driest summers on record. The Boston Centers for Youth & Families (BCYF) manages 17 indoor pools, two outdoor pools, and three beaches in the City. At the very start of the summer, only seven of the 19 pools were open, and the three beaches at the Curley Community Center in South Boston were closed. Several more pools were closed due to lifeguard staffing shortages. I believe it is in the best interest of our residents to proactively address the current facility conditions of all indoor and outdoor pools to avoid sudden closures due to facility issues, so preparations and renovations can be made for next summer.

Docket 0888: Order for a hearing to ensure that all incidents of bullying and violence are properly reported to ensure a safe environment for all students and staff in the Boston Public Schools.

I held our first hearing on Docket 0888 with Councilor Flaherty, the Chair of Public Safety. I called for this hearing because a recent audit of Boston Public Schools by the State Department of Elementary and Secondary Education reported that the Boston Public School system does not support the physical, social, and emotional well-being of all students and does not ensure a safe environment for all students.

That audit also found that the district's system for managing, responding to, and resolving issues is not responsive to parent and guardian concerns. This has led to some parents not believing that district schools prioritize all students' physical, social, and emotional well-being and safety. Acts of violence in BPS, including bullying and sexual assaults, are much to blame for such report.

Bullying is up 80% from the 2018/19 School Year

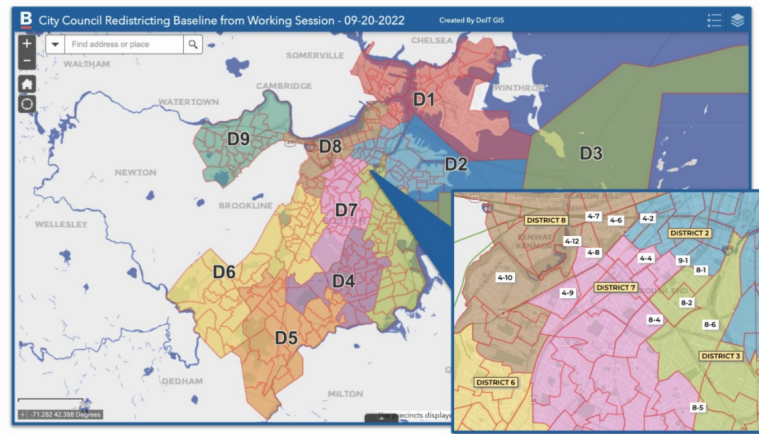

- 2018-2019: 243
- 2021-2022: 440

Sexual Assaults cases are up 67% from the 2018/19 School Year

- 2018-2019: 439
- 2021-2022: 744

We recessed our hearing because the chair and I wanted to have the Superintendent attend this hearing so we can have a clear outline of the plan BPS has for the current school year. The hearing has been rescheduled for October 18th.

Redistricting is Underway

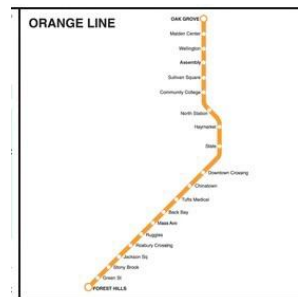

The City Council is in the process of drawing lines of districts from which our district councilors are elected in the City of Boston. The nine districts in the City are redrawn every ten years according to the latest census data. The goals of redistricting are to ensure that all nine of our districts reflect population changes and racial diversity. This process needs to be complete by the first week in November.

We must give credit when credit is due, and I would like to give a huge shout-out and thank you to the MBTA. After a 30-day shutdown, our MBTA workers were able to make five years of improvements, including replacing 3,500 feet of track, 14,000 feet of rails, 20 units of special track, 400 rail fasteners, 6 slow zone removals, and signal upgrades. Quite the work in only 30 days! Let's continue this hard work to provide a smooth, reliable T for our residents. Keep up the great work!

National Police Women Day

Happy National Police Women Day! Each year on September 12th, we celebrate the brave women who protect us and keep us safe. Did you know that only about 10% of those in the police force are women? I am grateful to those who protect Americans each day, and hopeful that female representation in law enforcement will grow each year. We celebrate you all this day, and everyday!
