

-When you come to our farm it is with the understanding that there are inherent risks from weather, insects, moving vehicles, uneven ground, wildlife and allergens that Chase's Produce cannot prevent you from encountering.

-Your children are welcome but must stay with you at all times.

-Do not allow children to run in the strawberry field.

-Please leave your pets at home.

-Please park in the market's parking lot. We do not allow cars to drive out to the strawberry fields. If you need assistance getting to and from the field with your berries, please let us know.

-Pick your own strawberries are sold by the pound. We provide picking containers for you to use or you can bring your own containers to pick in, be sure to let us know when you check in so we can weigh your container before you start picking.

-Go to the assigned row and gently move the plant's leaves around to find all of the ripe berries hidden underneath. Pick the reddest berries – saving the orange fruit to be picked in a day or two.

-Help keep our fields nice: Do not bring any food or drink into the field; except water bottles but remember to take them with you when you leave.

-Do not step on the strawberry plants or the blue or black hoses that we use for irrigation.
