Experience

Summer 2026

Planning Co-op ZoneCo • Cincinnati, OH

- Used GIS to extensively analyze existing building setbacks allowing for new standards that align existing conditions and reduce nonconformities.
- Created 2D and 3D graphics using accompanying standards that improve accessibility, efficiency, and consistency for future projects.
- Finalized adopted code by cleaning up formatting and references using Word.

Fall 2025

Planning Neighborhoods & Development Internship City of Dayton • Dayton, OH

- Built the first citywide GIS map and database of storage tanks containing potentially hazardous materials, combining city, state, and federal government records.
- Manually researched and entered over 2,200 scanned storage tank city records dating back to 1948.
- The database will help the health and safety of Daytonians by helping identify and expedite the removal of contaminated or leaking tanks and eliminating accidents due to a lack of awareness.

Spring 2025

Planning & Development Co-op City of Kettering • Dayton, OH

- Created site plans for three multi-acre underutilized sites in Kettering. Each plan was tailored to specific site goals with a general focus on adding additional density and creating a more connected community within the current zoning code.
- Rendered two multi-acre sites and several vacant residential lots using Twinmotion and SketchUp (Showing architectural detail and providing context).
- Created graphics for the Ohio CDBG conference and AAPI Heritage Month program.
- Inspected and cited tallgrass and weed property maintenance code violations.

2016-2023

Leadership & Community Service Scouts BSA Troop 996 • Alexandria, VA

- As Troop Youth Leader, coordinated the return to in-person meetings and events post-COVID.
- Planned, coordinated, and participated in several service projects.
- Successfully planned and executed Eagle Service Project to attain the Eagle rank.
