MOREPEN

Established in the year 1984, Morepen Laboratories is a fast growing pharmaceutical company. Morepen has steadily grown from a single product company to a multi activity company with a global vision.

Morepen has resources of international standing; USFDA approved manufacturing facility for API at Masulkhana (Himachal Pradesh), adhering to the most stringent standards of quality excellence. In addition to this, state of the art finished dosage and API plants at Parwanoo and Baddi (Himachal Pradesh) have the latest cGMP guidelines, and their Quality Systems, Technical Product Information and Documentation processes etc., are in perfect line to meet the regulatory requirements of various countries.

Morepen has a progressive lineage of manufacturing high quality drugs and pharmaceutical formulations backed by a strong R & D. Apart from leveraging its traditional strength in APIs, the company is now concentrating on finished formulations in both regulated and non-regulated markets.

On the domestic front, the company has strived to emerge as a strong player in the healthcare segment.

Dr. Morepen was launched as an initiative to complement the Morepen Brand and has been successful in bringing about awareness to the masses.

To further its resolve of providing quality products at the most affordable prices, Morepen has moved into the Mass Healthcare Market with a wide range of products. Morepen hopes to reach out to the masses with a promise of quality and availability.
