

## Join the Turfgrass Producers of Maryland (TPM)

*Strengthening Maryland's Sod Industry — Together*

### Dear Maryland Sod Producer or Affiliate Partner,

Are you ready to connect with fellow turf professionals, stay ahead of industry trends, and have a stronger voice in shaping the future of Maryland's sod industry? Then now is the perfect time to join the Turfgrass Producers of Maryland (TPM) — the state's leading organization dedicated to supporting sod farms and turfgrass businesses.

**Why Join TPM?** We are a member-run organization focused on the success and sustainability of Maryland's sod industry. Our mission is simple:

*"To promote the general welfare of the sod industry in Maryland; to exchange knowledge on improving sod production, marketing, and installation; to encourage cooperation with related associations; and to advance education and professionalism among members."*

As a member, you'll gain access to an active community of sod producers and affiliates committed to sharing ideas, resources, and solutions to common challenges.

### Your Membership Benefits:

- Quarterly Meetings – Stay informed and connected.
- Industry Representation – TPM advocates for Maryland sod farms.
- Professional Networking – Build relationships with peers and suppliers.
- Education & Support – Learn from experts and peers.
- Scholarship Support – Help fund the Jim Claxton Scholarship.

### Special Membership Offer

We're inviting new members, returning members, and affiliate members to join now at a special introductory rate:

**\$250 for the first year — half the cost of a regular membership!**

### Join Today and Grow With Us

Don't miss this opportunity to strengthen your business, stay connected, and make a meaningful impact on the future of Maryland's sod industry. Join by February 1, 2026, to take advantage of the discounted first-year rate.

**Visit [turfproducersofmd.com](http://turfproducersofmd.com)** or contact us directly for assistance with your application.

*Together, we can ensure Maryland's turfgrass industry continues to grow — greener, stronger, and more connected than ever.*
