This policy is provided free of charge by your home inspector as a part of your full home inspection.

Term:

MoldSafe protection is offered for a period of 90 days following the date of the inspection, or 22 days after closing, whichever comes later. All claims must be received by ISG within the term of the agreement. This agreement is not transferable to any other property outside of the one listed on your home inspection report.

Coverage: During the agreement term, the following conditions are covered:

New visible mold - During the course of your full home inspection and in your home inspection report, if there were no visible mold or moisture issues listed, this agreement only covers the remediation (removal) of visible mold on surfaces permanently installed in the subject property that was visually seen by the inspector at the time of inspection.

Covered Repairs:

This agreement covers only repairs as specified and excludes all others. Coverage is limited to \$2000 in aggregate. Only new visible mold growth that occurs after the date of the inspection is covered. This agreement does not cover repairs to components that need to be replaced but rather just covers remediation (removal) of visible mold on surfaces permanently installed in the property. Many surfaces can be treated and cleaned without such removal. This policy does not cover mold resulting from an insurable event including but not limited to floods, rain/water intrusion, or any other peril event. This is not a homeowner's insurance policy. This policy was delivered to the homeowner free of charge by their home inspector.

Exclusions: ISG will not be responsible for any of the following;

- b. Repairing anything that wasn't reported to ISG during the term of this agreement.

Any and all receipts and invoices must be delivered at time of claim submission to ensure credit for any covered expenditures. The policyholder is also responsible for any costs exceeding the coverage limitations of \$2000.
