- Successful completion of a service learning project (10 Hours of Community Service)
- [Letter guaranteeing full-time employment](#) (Please attach a copy of the Letter)
- Military Enlistment - Verification needed from a Recruiter
- **Career Internship** - Internship – a highly-structured, sustained career preparation work experience in which students are placed at a workplace for a defined period to participate in and observe work within a given industry. Learning objectives are specified, and student performance is assessed. Students earn academic credit, giving the student a broad overview of the career area. The work experience is evaluated by the teachers and employers, with input from the student. (Please attach evidence)
- **Career Externship** - Externship – typically held for a short time period and often held during non-school hours, externships are used mainly to explore interests (as opposed to internships, which act as the bridge from student life to professional life: Career Awareness Project). (Please attach evidence)
